| |

The University of Pittsburgh Cancer Institute is working hard to advance the science of cancer prevention, detection and treatment, incorporating the latest clinical trials into each patient's care. Our support plays a vital role in advancing their research which enhances patient care.

Each and every gift is truly appreciated.

Our Grand Total for 2018 is \$21,206.75

It is our sincere desire to help **STOMP** out cancer and we deeply appreciate having these businesses and all of YOU as part of our team!
