SENECA VALLEY – COLLEGE in HIGH SCHOOL COURSES (CHS)

Students that qualify and register for **2022-2023** Seneca Valley CHS courses, may have the opportunity to pursue college credit through Butler County Community College (BC3), Carlow University, La Roche University, Point Park University, Robert Morris University and/or the University of Pittsburgh (Pitt). Students make final decisions to pursue college credits with their **2022-2023 SV classroom teacher** through a required application process, meeting mandatory testing requirements for certain mathematics and writing courses, GPA, and/or grade level requirements as noted below. Students scheduled for 1.0 credit or 0.5 credit first semester CHS courses will have the first few weeks of the Fall semester to apply for credit and the same process will occur for 0.5 credit courses scheduled the Spring semester. Deadline dates and application procedures are strictly followed and communicated by classroom teachers.
*Fees for college credits vary per institution and are subject to change.

Courses requiring Qualifying Test Scores

Students pursuing the following courses will require qualifying test scores: College Writing (BC3) and Business Calculus (Pitt). Students can take advantage of early spring/summer testing date opportunities for the **2022-2023** school year. **Students not interested in pursuing college credit do not have to test for qualifying scores.** Contact your School Counselor/Guidance Department if you have any questions.

SV Course	***Butler County Community College Course Equivalent***	***BC3 Credits***	***Butler County Community College Pre-Requisite***
CHS Introduction to Philosophy • 0279 – traditional course	PHIL 201 - Introduction to Philosophy	3	Grades 10-12/SV sophomore GPA-3.25, junior GPA-3.0, senior GPA-2.75

Will my CHS credits transfer to another institution?

One way to research the answer is to start with a program such as ****Transferology. Transferology is a nationwide network designed to help students explore their college transfer options. Students can answer the question "Will my courses transfer?" by adding coursework, exams, and/or military learning experiences to see how many schools in the Transferology network have matching courses that may be awarded when they transfer. They can also find out what their options are for taking classes over the summer (or whenever) at another school to transfer back to their current school by using the "Find a Replacement Course" feature. You can first view Q's and A's about this website here: https://www.transferology.com/faq.htm.
Transferology: https://www.transferology.com/index.htm

*Approximate fees are subject to change according to individual institution.

**CHS Accounting 2 is available from either Robert Morris University or Carlow University for the 2022-2023 school year.

***RMU's Introduction to Special Education K-12 can be pursued in Advanced Experience Child Development w/Preschool in the elementary education context, or in the special education secondary student context with the Introduction to Special Education cyber blended course.

****This website is not inclusive of all colleges/universities. It is recommended to follow up with each individual institution for credit transfer policies.
