

### **Oriskany Alternative High School Program Receives \$1,000 Walmart Community Grant**

The Oriskany Alternative High School Program was recently named the recipient of a \$1,000 Community Grant from Walmart Supercenter #2093 in Utica.

The Walmart Community Grant Program, allows Walmart associates to support the needs of their communities by providing grants, ranging from \$250 to \$2,500, to local organizations.

“Funding received from the grant will be used to purchase technology for the Alternative High School classroom, and will allow our students to practice 21st century skills,” said Alternative High School teacher Mrs. Mazza. “This is another step for us toward becoming a Google Classroom.”

Teachers and students throughout Oriskany Jr.-Sr. High School and N.A. Walbran Elementary already utilize Google’s G Suite for Education to encourage innovation, collaboration and creativity. G Suite for Education extends student technology access through a set of cloud-based tools that are accessible on any device with an internet connection. By supplementing classroom instruction, the platform creates multiple potential uses for teaching, learning, and providing an intelligent workflow to the classroom.
