**Scouting report:** “Alivia is coming in off the bench and seeing a great deal of time. Alivia has forced turnovers and committed several steals. On the offensive side, Alivia has a fast dribble and an eye for seeing the court which helps her make some great passes,” said coach Francesca Cotrupe. “Meg has the ability to move the ball and get herself open for a quality shot. On defense with her quick feet, Meg has been a solid player who has an eye to cut off passes.

“Kaylee, who plays behind her senior sister, Ashley, is a hard-working rebounder. Kaylee has come up big in each of the games played so far with some strong rebounds and being a defensive force. Kaylee’s hard work ethic and strong style of play has helped improve her sister and the rest of the team.”
