

Board Dashboards

District Dashboards - Availability of Data

- In order to support greater transparency for the district and ensure information is available to the board, parents, and community partners, the division of Data, Research, Evaluation, and Assessment has created compliant (FERPA) dashboards that provide Key Performance Indicators (KPI) metrics to the board.
- These dashboards, once released to the board, will be released to the public on the district website.

Current Dashboards Available:

- Attendance Summary - YTD (where are we now and where we were at the same point in the year in the past)
- Graduation Rate (most recent graduation rate data from the state – 4yr grad rate)
- District Suspension Rate - YTD (where are we now and where we were at the same point in the year in the past)
- Completion of AP course and exams (Rate for the last full year available)

Current Dashboards Available:

- Promise eligibility (As of the last available GPA – recalculated at end of each semester)
- Promise Usage (Data from the Promise on usage – this is updated from the promise and will reflect the last semester's data)
- Algebra I by the end of 9th grade (student who finished 9th grade for a given year how many passed Alg. – this is a complete year measure and is available at the end of each year)
