

WHAT DO YOU DO WITH A CHANCE?

POST-READING ACTIVITIES

*Can you think of a **CHANCE** that you were given, but you didn't know whether or not to take it?

*This story is by the same author and illustrator as What Do You Do With a Problem? Using both stories, **COMPARE** (How are they the **SAME**?) and **CONTRAST** (How are they **DIFFERENT**?), using the **VENN Diagram** below.

Write down things that are unique and different to each book in the outer circles.

Write down things that are the same in the center where the two circles overlap.
