

MEDINA CENTRAL SCHOOL DISTRICT

NEW YORK

***COMMUNICATING INTERNAL CONTROL
RELATED MATTERS IDENTIFIED IN AN AUDIT***

For Year Ended June 30, 2022

MENGEL METZGER BARR & CO. LLP

Certified Public Accountants

October 4, 2022

To the Board of Education
Medina Central School District, New York

In planning and performing our audit of the financial statements of Medina Central School District as of and for the year ended June 30, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered Medina Central School District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Medina Central School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Medina Central School District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, as discussed below, we identified certain matters involving the internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 4, 2022 on the financial statements of the District. We will review the status of these comments during our next audit engagement. Our comments and recommendations, all of which have been discussed with appropriate members of management, are intended to improve the internal control or result in other operating efficiencies. Our comments are summarized as follows:

Current Year Deficiency in Internal Control:

School Lunch Fund –

As indicated in the financial statements, the School Lunch Fund had an operating loss of \$45,433.

We recommend the District review the School Lunch Fund and review cost containment and revenue enhancement measures to assist in maintaining financial integrity of the program.

Other Item:

The following item is not considered to be deficiency in internal control; however, we consider it an other item which we would like to communicate to you as follows:

Cyber Risk Management –

The AICPA Center for Audit Quality recently issued a cyber security risk management document discussing cyber threats that face both public and private entities. The District’s IT personnel routinely assesses cyber risk as part of their normal operating procedures. The District should continue to document their cyber risk assessment process in writing which should include the risk assessment process, the frequency of the risk assessment, how findings are to be communicated to the appropriate level of management, and how the process will be monitored.

Prior Year Recommendations:

We are pleased to report the following prior year recommendations have been implemented to our satisfaction:

1. School lunch claims for state and federal reimbursement were reconciled to student rosters.
2. Purchases orders were properly utilized for reviewed disbursements.

* * *

We believe that the implementation of these recommendations will provide Medina Central School District with a stronger system of internal control while also making its operations more efficient. We will be happy to discuss the details of these recommendations with you at your convenience.

This communication is intended solely for the information and use of management, the Board, audit committee, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

We wish to express our appreciation to the business office staff for all the courtesies extended to us during the course of our examination.
