

MEDINA CENTRAL SCHOOL DISTRICT

Dear Parent/Guardian:

The district's School Health program supports your student's academic success by promoting health in the school setting. One way that we provide care for your student is by performing the health screenings as mandated by the State of New York.

A parent/guardian will be notified if there are any findings on the screening done at school that would cause concern or need medical follow-up. Please call the school's Health Office if you have any questions or concerns.
