**Congratulations to the Class of 2022!**

With the end of the school year, we are celebrating and recognizing all the accomplishments, the determination and hard work put forth by our graduates across San Bernardino County.

We see the sacrifices you have made, the perseverance you have shown and the daily struggles you have overcome.

Here at County Schools, we celebrated a momentous occasion of our own as 156 graduating seniors walked across the stage at the historic California Theatre on June 10. This was our 7th graduating class from alternative education programs and schools operated by the San Bernardino County Superintendent of Schools.

SBCSS presented its first inaugural Alternative Education graduating class in 2016, and since then we have had more than 1,000 students graduate from our SBCSS Student

Services programs.

We are extremely proud of all our graduates across the county. Our educators have prepared them to become life-long learners, and I continue to be inspired by the exceptional resilience of our students.

To those who have mentored, supported and guided these graduates, your efforts are truly appreciated. It takes all of us, together, to transform lives through education.

Please [watch](#) this month's Inspiration video newsletter as we celebrate our graduates.

Sincerely,

Ted Alejandre  
County Superintendent of Schools

## Congratulations Graduates!

### **In the Spotlight**

The student speaker for the Class of 2022 during the SBCSS Graduation ceremony was Christopher Bustamante, from Bob Murphy County Community School.

He encouraged his graduating class to pursue paths that will make a positive impact in our region.
