

# FOSTER YOUTH LCFF & LCAP

January, 2018

# What is LCFF & LCAP

- The State of California has changed the way it funds public education allowing school districts to better serve our high-needs students.
  - This new funding system is called the Local Control Funding Formula (LCFF) and the Local Control Accountability Plan (LCAP).
  - Plans (LCAPs) are created with stakeholder engagement.
- Local – that means all of us – putting more decision making where is most effective – at the local level
  - Equality – providing all students the same/equal access to learning; providing resources where they are needed.
  - LCFF provides the opportunity to outline and plan for the needs of students, including those with the most need (Low Income, Foster Youth, English Learners)

# Overview of the Law

- Foster youth have a right to remain in their school of origin if it is in their best interest, as determined by their ERH.
- Definition of School of Origin: A youth's school of origin may be:
  - *(1) the school the youth attended at the time they entered the foster care system;*
  - *(2) the school the youth most recently attended; or*
  - *(3) any school the youth attended in the preceding 15 months with which they have a connection (e.g., sports team, relationships with peers or teachers).*
- Feeder Patterns: If youth are transitioning between elementary and middle or middle and high school, then school of origin includes the next school within the school district's feeder pattern.

# LCFF Definition of Foster Youth

- Any child who is the subject of a juvenile dependency court (whether or not the child has been removed from his or her home);
- Any child who is the subject of a juvenile delinquency court petition and who has been removed from his or her home by the court and placed into foster care under a “suitable placement” order.
- This includes youth who have been placed in a foster home, relative home, or group home. It does not include youth who have been placed in a juvenile detention facility, such as a juvenile hall or camp
- Any youth age 18 to 21 who is under the transition jurisdiction of the juvenile court

# LEAs must:

- Develop, implement *Local Control and Accountability Plans* that accompany their LCFF.
- Engage in Stakeholder Engagement
- Produce plans that include thoughtful provision for Foster Youth:
  - *Goals/action steps*
  - *Describe the specific actions the LEA will take to achieve their goals*
  - *Identify the budget that accompanies the actions/services*

# COE Plans

- Must describe how the COE will coordinate services for foster children, including, but not limited to, all of the following:
  - *Working with the county child welfare agency to minimize changes in school placement.*
  - *Providing education-related information to the county child welfare agency to assist the county child welfare agency in the delivery of services to foster children, including, but not limited to, educational status and progress information that is required to be included in court reports.*
  - *Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services.*
  - *Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.*

### 2017-20 Plan Summary

#### THE STORY

Briefly describe the students and community and how the LEA serves them.

Marin's Community School is a county day program that serves 7th- through 12th-grade students from around the county, and operates in tandem with Phoenix Academy Charter School, Oracle Independent Study, and Loma Alta/Juvenile Hall. Our mission is to empower each other to follow our passions and lead purposeful lives. Students have been referred to our programs by the county probation department, the school attendance review boards, and local districts. Our students are mostly from under-served communities, and as a result, they need high levels of support and resources to enable them to have more opportunities for success. Some of our students stay for a short time - a semester or less - and some decide that our small, personalized setting is best for them and decide to stay. Over the next four years, our population of students will become intentionally heterogeneous as we attract families who are looking for a smaller and more personalized learning environment.

Our new academic model blends standards-based, integrated, project-based learning with mastery-based grading. Students develop content knowledge, and important academic and social-emotional skills to ensure success in whatever path they choose upon graduation. We engage students through helping them build mastery, autonomy, and purpose in

## FOSTER YOUTH

Going through the foster care system can make life a struggle for youth. Frequent placement changes can lead to poor educational and financial outcomes, and foster youth are often unprepared for emancipation, leading to high levels of homelessness, incarceration, and mental health problems in early adulthood.

In 2010, there were an estimated **408,425** U.S. children in foster care

27,854 of these youth were emancipated, or "aged out," of the foster care system, whether or not they were prepared to transition into adulthood

### POOR EDUCATION

More than one-third of foster youth have 5 or more school changes.

Youth with one fewer placement change per year are almost twice as likely to graduate high school before leaving care.

Foster youth repeat a grade twice as often as their peers, and only 1.8% of foster youth will go on to complete a bachelor's degree, compared to 24% among the general population.

Unfortunately, poor education is just the beginning. Alumni of the foster care system face several troubling odds.

### FOSTER CARE: AGING OUT STATISTICS

# LCAP Process -

- Identify Stakeholders and partners
  - *COE*
  - *Probation*
  - *Juvenile Court*
  - *LCI*
  - *Community-based organization*
  
- California is the first state to include Foster Youth as student group in the accountability system (numerical significant student group 15+)

## **1: Identify your stakeholders and potential partners**

- .COE—Foster Youth Program**
- .County Welfare**
- .County Probation**
- .Juvenile Courts**
- .Parents/Guardians**
- .Community-based organizations**
- .Youth organizations**

## **2: Gather demographic data on foster youth**

- .How many foster youth in your district**
- .Disaggregate data by age—clusters?**
- .Look at data by school—clusters?**
- .Look at data by placement (living with parents, living in LCI, Group homes, etc..)**

### 3. Review FY Data by Priority/Metric:

- How are they doing in comparison to other student groups?
- Analyze
- Adjust

### 4. Consider additional metrics

- Are FY lagging?
- Additional Metrics
  - . Attendance
  - . Transfers-%change school due to placement
  - . Participation rates

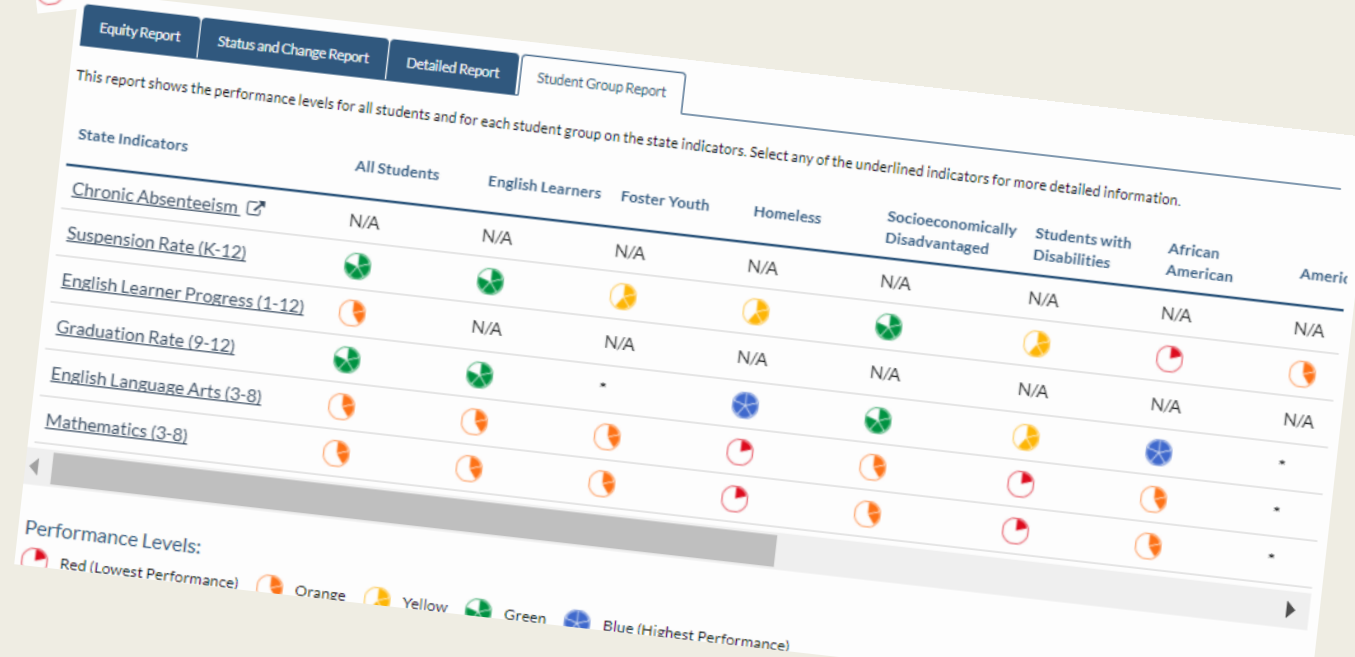

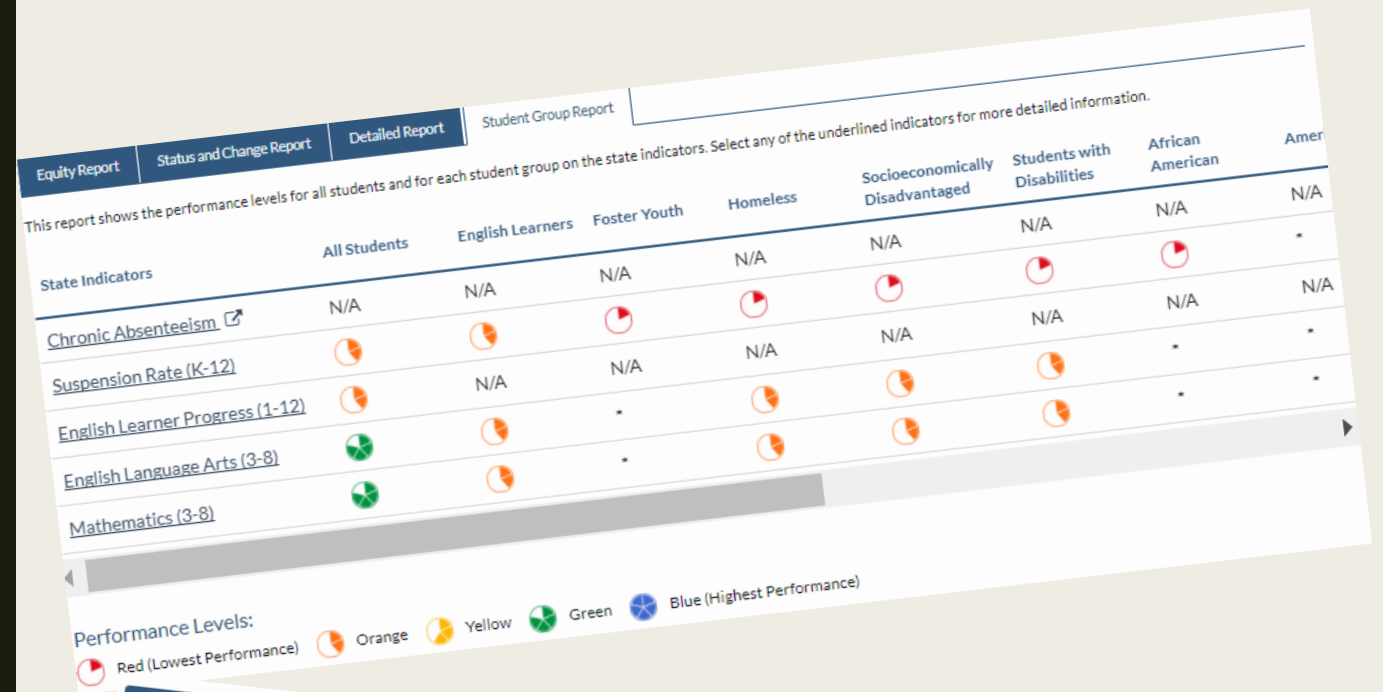

# 8 State Priorities

<p><b>PRIORITY 1:</b> <i>Basic</i></p>	<p>Degree to which teachers are appropriately assigned and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials and school facilities are maintained in good repair.</p> <ul style="list-style-type: none"> <li>• Appropriate teacher assignment (e.g. HQT report, SARC)**</li> <li>• Sufficient instructional materials (e.g. Board IM Resolution, SARC)</li> <li>• Facilities in good repair (e.g. SARC)</li> </ul>

## 5. Review existing goals and actions

- Do any existing match the identified need?
- Are there sufficient staff to implement
- Is there funding?
- Is there a clear timeline?
- Are there any additional action steps needed?

# Document, Document, Document

## 6. Add/Revise FY goals/actions

- Add action to support goals to include FY
- Increase/create MOUs with partners
- Training and support for staff
