

# Week 5 of Summer Fun

## Grade 5

Enjoy these optional learning activities this week!

### ELA

#### Activity Description

- Summer Movie Night

#### Directions

- Pop some popcorn and improve your child's literacy. Watching movies together and talking about the characters and the plot can help your child learn to analyze the elements of a story. It's even better if you choose a movie based on a book your child read this year. How were the characters, setting, and plot of the movie different from the book? How did this change the story? For inspiration, check out our list of 5th grade books so great they made a movie.

#### Link (if needed)

- [5th Grade Books So Great They Made a Movie](#)

### Math

#### Activity Description

- Plotting Ordered Pairs on a Coordinate Grid to Create Hidden Animal Pictures

#### Directions

- Plot the given ordered pairs on the coordinate grid to create a hidden animal picture. For an added challenge, try to draw the second half of the animal face using symmetry.

#### Link

- [Ordered Pairs](#)

### Social Studies

#### Students Create Their Own Countries With this Geography Design Project

#### Directions

- For this geography design project, your child will set out on a trip around the world. Suddenly they have come across a new country that has never been put on a map or acknowledged before! Each explorer is given a special Earth Expedition booklet to record their findings from their voyage.

#### Link (if needed)

- [Create Your Own Country](#)

### Science

#### Activity Description- Worms are Wonderful

#### Directions

- Watch this [Worm video](#) to learn about earthworms:

Now try your hand at building your own "Worm Farm in a Jar."

- Follow the directions here and have fun making your own ["Worm Farm in a Jar"](#)

## Special Area
