Each aspect is divided into three strands:

- **Tuning into sounds** (auditory discrimination)
- **Listening and remembering sounds** (auditory memory and sequencing)
- **Talking about sounds** (developing vocabulary and language comprehension)

The seven aspects are designed to help children:

- Listen attentively
- Enlarge their vocabulary
- Speak confidently to adults and other children
- Discriminate phonemes
- Reproduce audibly the phonemes they hear, in order, all through the word
- Use sound-talk to segments words into phonemes
