Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Important note for 2019-20: Due to the cancellation of statewide assessments as a result of the COVID-19 pandemic, student growth percentile were not calculated and will not be reported for the 2019-20 school year.
