Mr. Lucio Mendoza
Santa Rosa Independent School District
P O Box 368
Santa Rosa, Texas 78593

Dear Mr. Mendoza:

Enclosed is a revision to the Annual Financial Report, on pages 45 and 46, for the year ended August 31, 2008, for Santa Rosa Independent School District. Revisions were made to disclose the District's Pension Plan, as required by GASB 27 for the 2008 school year under audit.

We have reviewed and we are in agreement with the revision noted.

If you have any questions, please do not hesitate to contact us at (956) 423-3765.

Sincerely,

Quentin Anderson

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Santa Rosa Independent School District

We have audited the accompanying basic financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Santa Rosa Independent School District as of and for the year ended August 31, 2008, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Santa Rosa Independent School District as of August 31, 2008, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 11, 2008 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying Management's Discussion and Analysis, and the General Fund - Budgetary Comparison Schedule on pages 15 through 21 and 50 through 51 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Santa Rosa Independent School District's basic financial statements. The accompanying financial information listed as Other Schedules in the table of contents and the schedule of expenditures of federal awards are presented in accordance with requirements of the Texas Education Agency and for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and are not a required part of the basic financial statements. Such information except for that portion marked "Unaudited" on which we express no opinion, has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Santa Rosa I.S.D.'s annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended August 31, 2008. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net assets were $13,046,933 at August 31, 2008. Net assets decrease by $620,347 from the prior year.
- The general fund reported a fund balance this year of $1,152,055.
- The District received an above standard achievement rating for the Financial Integrity Reporting System of Texas (FIRST) for 2008. This rating rates quality performance in the management of school district's financial resources.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements, and required supplementary information.*

The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short term* as well as what remains for future spending.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1F, Required Components of the District's Annual Financial Report

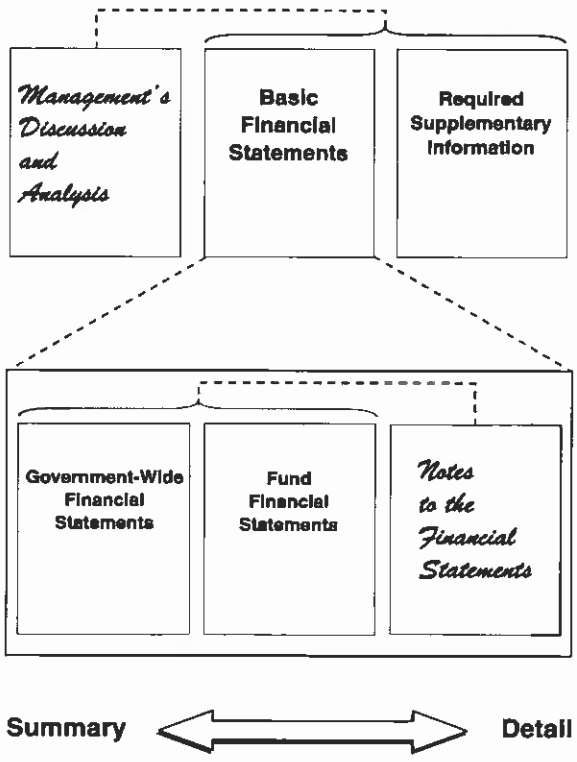

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-2. Major Features of the District's Government-wide and Fund Financial Statements

		Fund Statements		
Type of Statements	Government-wide	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire Agency's government (except fiduciary funds) and the Agency's component units	The activities of the district that are not proprietary or fiduciary	Activities the district operates similar to private businesses: self insurance	Instances in which the district is the trustee or agent for someone else's resources
Required financial statements	• Statement of net assets • Statement of activities	• Balance sheet • Statement of revenues, expenditures & changes in fund balances	• Statement of net assets • Statement of revenues, expenses and changes in fund net assets • Statement of cash flows	• Statement of fiduciary net assets • Statement of changes in fiduciary net assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the Agency's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Net assets—the difference between the District's assets and liabilities—is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in the District's tax base

The government-wide financial statements of the District include the *Governmental activities*. Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has the following kinds of funds:

Governmental funds—Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

- *Fiduciary funds*—The District is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

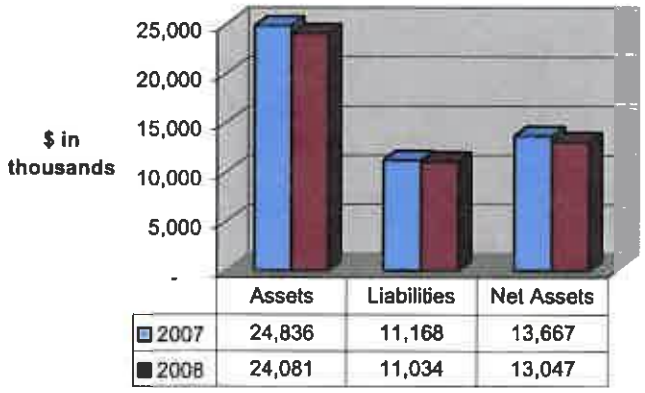

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's combined net assets were $13,046,933 as of August 31, 2008, a decrease of 4.8%. (See Table A-1).

Table A-1
Santa Rosa Independent School District's Net Assets
(in thousands of dollars)

	Governmental Activities	
	2008	2007
Current & other assets	$ 2,199	$ 3,692

Unrestricted	1,484	2,997
Total Net Assets	**$ 13,047**	**$ 13,667**

Figure A-1 Santa Rosa ISD Net Assets

Net assets may serve over time as a useful indicator of a government's financial position. In the case of Santa Rosa ISD, assets exceeded liabilities by $13,046,933 at the close of August 31, 2008.

A portion of the Santa Rosa ISD's net assets (88%) reflects the investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Santa Rosa ISD uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Santa Rosa ISD's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the net assets (.8%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets ($1,484,128) may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental Activities

- Property tax rates decreased from 1.4900/$100 to 1.2620/1$100 to comply with state mandates; however, Property taxable values increased by .6% from the prior year.
- The cost of all governmental activities this year was $13,687,568, an increase of $238,018.
- Some of the cost was paid by those who directly benefited from the programs ($108,679) or by grants and contributions ($3,843,880).

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, Santa Rosa ISD uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

General Fund

The fund balance of the Santa Rosa ISD's General Fund is $1,152,055 as of August 31, 2008. It decreased by $1,727,064 during the current fiscal year a decrease of 60%. The factors concerning the finances of this fund have already been addressed.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2008, the District had invested $21,881,551 in a broad range of capital assets, including land, equipment, buildings, vehicles, and Construction in Progress. (See Table A-4.) This amount represents a net increase (including additions and deductions) of 3.5 % over last year.

More detailed information about the District's capital assets is presented in the notes to the financial statements.

Table A-4
District's Capital Assets
(in thousands of dollars

	Governmental Activities	
	2008	2007
Land	$305	$305
Buildings and improvements	23,398	23,077
Furniture & Equipment	1,696	1,668
Construction In Progress	1,332	278
Totals at historical cost	**26,731**	25,328
Total accumulated depreciation	4,849	4,184
Net capital assets	**$21,882**	$21,144

Long-Term Debt

At year-end the District had $10,030,000 in General Obligation Bonds outstanding as shown in Table A-5. Of this amount, $400,000 is due within the next year. The total long-term debt outstanding as of August 31, 2008 is $10,298,111. More detailed information about the District's debt is presented in the notes to the financial statements.

Table A-5
District's Long-Term Debt
(In thousands of dollars)

General Obligation Bonds	Governmental Activities 2008	2007
Bonds – Series 1997	$ -	$ 3,055
Bonds – Series 2000	400	3,860
Bonds – Series 2001	710	3,645
Bonds – Refunding Series 2007	8,920	-
Total General Obligation Bonds	10,030	10,560
Loans Payable	-	-
Compensated Absences	268	128
Total Long-Term Debt	$ 10,298	$ 10,688

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2009 budget preparation is up $ .34 million or .5% from 2008.
- General operating fund spending per student increases in the 2009 budget from $9,110 to $9,116, a 0% increase.
- The District's 2009 refined average daily attendance is expected to be 1,110 down .2% from last year.

These indicators were taken into account when adopting the general fund budget for 2009. Expenditures as budgeted are $10,693,166 a increase of .3% from 2007-2008 actual expenditures. The District has eliminated an Early College for Higher Opportunities program. The program was in its first year of operation the 2007-2008 year. The 2009 budget will not have significant capital projects.

If these estimates are realized, the District's budgetary general fund balance is expected to decrease by the end of 2009.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Financial Services Department.

NOTE A – REPORTING ENTITY

This report includes the financial statements of the funds required to account for those activities, organizations and functions which are related to the Santa Rosa Independent School District (the District) and which are controlled by or dependent upon the District's governing body, the Board of Trustees. The Board of Trustees (the Board), includes seven eligible members elected at large by the qualified voters of the Santa Rosa Independent School District, the Board has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency (TEA) or to the State Board of Education are reserved for the Board, and TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board.

The District receives funding from local, state and federal government sources and must comply with the applicable requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by GASB Statement No. 14 *The Financial Reporting Entity* since Board members are elected by the public and have decision making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. There are no component units with the reporting entity. The District is a governmental entity exempt from federal income taxation under Internal Revenue Code Section 115. The District has no component units as defined by GASB Statement No. 39.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Santa Rosa Independent School District's (the "District") basic financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (the "Resource Guide"). The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles.

1. Basis of Presentation

Government-Wide Statements:

The government-wide financial statements consist of the statement of net assets and the statement of activities. These statements report information on all of the non-fiduciary activities of the District. The effect of the interfund activity has been removed from these statements. The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Program revenues include charges to customers and grants used for operational requirements. Governmental activities are supported by tax revenues, state aid, charges for services, investment earnings and intergovernmental revenues such as grants.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Financial Statements:

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that compromise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to, and accounted for the purpose of, carrying on specific activities in accordance with laws, regulations, or other appropriate requirements. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

General Fund. This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Capital Projects Fund. The capital projects fund of the District accounts for proceeds from long-term debt financing and revenues and expenditures related to authorized construction and related capital asset acquisitions.

ESEA Title I, Improving Basic Programs – Special Revenue Fund. Special Revenue Funds are the funds that account for state and federally financed programs or expenditures legally restricted for specified purposes or where unused balances are returned to the grantor at the close of specified project periods.

Other Governmental Funds

Additionally, the District reports the following fund type(s):

Other Special Revenue Funds. Special Revenue Funds are the funds that account for state and federally financed programs or expenditures legally restricted for specified purposes or where unused balances are returned to the grantor at the close of specified project periods.

Debt Service Fund. The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

Fiduciary Funds

Agency Funds. These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

2. *Basis of Accounting*

These financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. The basis of accounting recognizes revenues in the accounting period in which they become available and measurable. The District considers revenues as available if they are collected within the 60 days after year end. Revenues susceptible to accrual are property taxes, fiscal year state funding, and interest revenues. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures in to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

Unearned revenue is reported in the governmental funds when a potential revenue does not meet both the "measurable and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

3. *Budgets*

The official school budget was prepared for adoption for required Governmental Fund Types by August 20, 2006. The budget was formally adopted by the board of school trustees at a duly advertised public meeting prior to the expenditure of funds. The budget was amended by the board of school trustees throughout the year. Expenditures may not legally exceed budgeted appropriations at the function level.

4. *Cash and Cash Equivalents*

For the purposes of the statement of cash flows, investments are considered to be cash equivalents if they are highly liquid with maturity within three months or less.

5. *Investments*

Money market investments which are short-term, highly liquid debt instruments including commercial paper, bankers' acceptances and U.S. Treasury and agency obligations are reported at amortized cost. All other investments are reported at fair value.

6. *Inventory*

Inventory is valued at cost (average). The District accounts for gasoline by using the consumption method whereby expenditures are recognized only when inventory items are used. Maintenance supplies inventory is accounted for by using the purchase method whereby purchases of inventories are recognized as expenditures when the goods are received and the transaction is vouchered. Reported inventories are equally offset by a fund balance reserve which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Commodity inventory is offset by deferred revenue.

7. *Other Current Assets*

Other current assets are prepaid expenses that will benefit periods beyond August 31, 2008. The only prepaid expenses included are for unexpired insurance policy premiums paid by August 31, 2008, and which extend beyond that date. The reported prepaid insurance is equally offset by a fund balance reserve, which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

8. *Capital Assets*

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of $5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Assets Class	Estimated Useful Lives
Buildings & Improvements	25-50
Vehicles	8
Furniture and Equipment	5-10

9. *Interfund Activity*

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting a fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net assets.

10. *Long-term Obligations*

In government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. Premiums received and discounts incurred on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from debt proceeds, are reported as debt service requirements.

11. *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the use of management's estimates. Actual results could differ.

12. *Compensated Absences*

The District allows all employees to accumulate sick leave days to a maximum of 30 workdays. An amount equal to the daily rate of pay of a substitute shall be deducted.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

13. *Accounting System*

In accordance with the Resource Guide, the District has adopted and installed an accounting system which meets at least the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure prescribed by TEA in the Resource Guide. Mandatory codes are recorded in the order provided in that section.

14. *Data Control Codes*

Data Control Codes appear in the rows and above the columns of certain financial statements. The TEA requires the display of these codes in the financial statements filed with TEA in order to insure accuracy in building a State-wide database for policy development and funding plans.

15. *Encumbrance Accounting*

The District employs encumbrance accounting, whereby encumbrances for goods or purchased services are documented by purchase orders and contracts. An encumbrance represents a commitment of Board appropriation related to unperformed contracts for goods and services. The issuance of a purchase order or the signing of a contract creates an encumbrance but does not represent an expenditure for the period, only a commitment to expend resources. Appropriations lapse at August 31st and encumbrances outstanding at that time are either cancelled or appropriately provided for in the subsequent year's budget.

NOTE C - CASH AND INVESTMENTS

Investment Accounting Policy

The District is required by Government Code Chapter 2256, The Public Funds Investment Act (the "Act"), to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Act requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies, the District adhered to the requirements of the Act. Additionally, investment practices of the District were in accordance with local policies.

The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

NOTE C - CASH AND INVESTMENTS - Continued

The Act determines the types of investments, which are allowable for the District. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, the state of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The District policy authorizes all the State allowable investments.

The District's management believes that it has complied in all material respects with the requirements of the act and the District's investment policies.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Public Funds Investment Act, the District's investment policy, and Government Code Chapter 2257 "Collateral For Public Funds" contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. To be eligible to receive funds from and invest funds on behalf of an entity under this chapter, a public fund investment pool created to function as a money market mutual fund must mark its portfolio to market daily, and, to the extent reasonably possible, stabilize at a $1 net asset value. If the ratio of the market value of the portfolio divided by the book value of the portfolio is less than .0995 or greater than 1.005, portfolio holdings shall be sold as necessary to maintain the ratio between 0.995 and 1.005.

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash Deposits

At August 31, 2008, the District's carrying amount had a balance of $148,768 (cash, certificates of deposit, and interest-bearing savings accounts) and the bank balance was $411,128. The District's cash deposits at August 31, 2008 and during the year ended August 31, 2008 were entirely covered by FDIC insurance or by pledged collateral held in the District's name by a bank other then the pledging bank.

The District's cash deposits at August 31, 2008 are maintained primarily at First National Bank of Edinburg. The deposits were collateralized in accordance with Texas Law, and the Texas Education Agency maintains copies of all safekeeping receipts in the name of the District. Deposits were properly secured at all times.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

a. Name of Bank First National Bank of Edinburg, Texas.

b. Amount of bond and/or market value of securities pledged as of the date of the highest combined balance on deposit was $5,039,414.

c. Largest cash, savings and time deposit combined account balance amounted to $4,042,409 and occurred during the month of November 2007.

d. Total amount of FDIC coverage at the time of largest combined balance was $100,000.

NOTE C - CASH AND INVESTMENTS – Continued

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the specific investments and their maturity:

Description	CUSIP	Amount	Maturity	Days
TexPool	N/A	$1,144,465	N/A	Daily

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the District's investment policy and the Texas Public Fund Investment Act and the actual rating as of year end for each investment:

Description	Minimum Legal Rating	Amount	Rating	Percentage
TexPool	AAA	$1,144,465	AAA	100%

Concentration of Credit Risk

The Investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the Public Funds Investment Act. The above mentioned investments represents 100% of total District investments.

Public Funds Investment Pools

TexPool is a public funds investment pool created by the Texas Treasury Safekeeping Trust Company (Trust Company) to provide a safe environment for the placement of local government funds in authorized short-term, fully-collateralized investments, including direct obligations of, or obligations guaranteed by, the United States or State of Texas or their agencies; federally insured certificates of deposit issued by Texas banks or savings and loans; and fully collateralized direct repurchase agreements secured by United Stated Government agency securities and placed through a primary government securities dealer. The Trust Company was incorporated by the State Treasurer by authority of the Texas Legislature as a special purpose trust company with direct access to the services of the Federal Reserve Bank to manage, disburse, transfer, safekeep, and invest public funds and securities more efficiently and economically. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. TexPool operates in a manner consistent with the Security and Exchange Commission's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net assets to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. Accordingly, the District's investments in TexPool are stated at cost, which approximates fair value. TexPool is currently rated AAA by Standard and Poor's. This rating indicates excellent safety and a superior capacity to maintain principal value and limit exposure to loss.

NOTE C - CASH AND INVESTMENTS – Continued

The District's investment in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

NOTE D - PROPERTY TAX

Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period and those expected to be collected during a 60 day period after the close of the school fiscal year.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District's 2008 tax rate was $1.040 for maintenance and $0.222 for debt service per $100 assessed valuation. The 2008 assessed valuation was $60,091,791. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. At August 31, 2008 outstanding taxes in the general fund and debt service fund was $279,972 and $36,556 with a corresponding allowance for doubtful accounts of $27,997 and $3,656.

NOTE E - DUE TO AND FROM OTHER GOVERNMENTS AND AGENCIES

Amounts due to and from other governments and agencies are as follows:

	Due To	Due From
General Fund		
Texas Education Agency:		
Foundation Revenues	$ 37,700	$ -
Other Governmental Funds		
Texas Education Agency:		
ESEA Title I, Part A	-	87,605
ESEA Title I, Part C	-	318
Gear up Grant	-	29,729
State-Funded Optional Extended Year Program	-	794
Student Success Initiative	-	8,072
Reading First	-	25,243
ESEA Title II, Part A	-	6,789
Adult Education – English Literacy	6,714	5,051
State Funded Special Revenue Fund	-	2,500
ESEA Title III, Part A	-	2,185
First Generation College Student Pilot Project	-	53
Foundation Revenues	-	4,010
Texas Fitness Now Grant	-	1,479
Carl D. Perkins Basic Grant	-	4,926
U. S. Department of Agriculture:		
School Breakfast Program/National Lunch Program	-	23,131
Total due to/from other governments and agencies	$ 44,414	$201,885

NOTE F - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivable and payable balances at August 31, 2008 were:

Due to	Due From	
General Fund	General Fund	$ 120,605
General Fund	Non-Major Funds	478,867
		599,472
Non-major Funds	General Fund	113,521
General Fund	Other Major Funds	301,508
Non-major Funds	Other Major Funds	509
Non-major Funds	Other Non-major Funds	10,048
		$1,025,058

The remaining balances resulted from a routine lag between the dates that transactions such as year-end payroll accruals and worker's compensation adjustments payments between the funds are made.

All amounts are rescheduled to be repaid within one year.

There were transfers within the general fund for co-curricular activities.

NOTE G – CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2008, was as follows:

	September 1, 2007	Increase	Decrease	August 31, 2008
Governmental activities				
Capital assets not being depreciated				
Land	$ 305,271	$ -	$ -	$ 305,271
Construction in progress	278,170	1,202,852	148,816	1,332,206
Total capital assets not being depreciated	583,441	1,202,852	148,816	1,637,477

Less accumulated depreciation:				
Building and improvements	3,097,550	469,147	-	3,566,697
Furniture and equipment	1,086,501	222,790	26,385	1,282,906
Total accumulated depreciation	4,184,051	691,937	26,385	4,849,603
Total capital assets being depreciated, net	20,560,922	(316,848)	-	20,244,074
Governmental activities capital assets, net	$21,144,363	$ 886,004	$148,816	$21,881,551

NOTE G – CAPITAL ASSETS – Continued

Depreciation was charged to the following functions:

Government Activities:

11 – Instruction	$330,134
12 – Instructional Resources and Media Services	10,652
13 – Curriculum and Staff Development	8,264
21 – Instructional Leadership	16,138
23 – School Leadership	30,304
31 – Guidance, Counseling and Evaluation Services	19,719
32 – Social Work	-
33 – Health Services	8,350
34 – Student Transportation	8,424
35 – Food Services	42,568
36 – Cocurricular/Extracurricular Activities	40,367
41 – General Administration	42,321
51 – Plant Maintenance and Operations	116,729
52 – Security and Monitoring Services	7,876
53 – Data Processing Services	4,709
61 – Community Services	5,382
	$691,937

NOTE H - LONG-TERM OBLIGATIONS

Long–term obligations include bonds, loans, capital leases and compensated absences. Changes in long-term obligations for the year ended August 31, 2008 are as follows:

Governmental Activities	Beginning Balance 09/01/07	Increase	Decrease	Ending Balance 08/31/08	Due Within One Year
General Obligation Bonds					
Bond Series 1997	$ 3,015,000	$ -	$(3,015,000)	$ -	$ -
Bond Series 2000	3,860,000	-	(3,460,000)	400,000	90,000
Bond Series 2001	3,685,000	-	(2,975,000)	710,000	85,000
Refunding Bond Series 2007	-	9,154,998	(235,000)	8,919,998	225,000
Total general obligation bonds	10,560,000	9,154,998	(9,685,000)	10,029,998	400,000
Premium on issuance – Refunding Bond Series 2007	-	785,111	(130,209)	654,902	-
Accrued interest on CAB	-	55,256	-	55,256	-
Deferred amount on issuance – Refunding Bond Series 2007	-	(615,603)	25,650	(589,953)	-
Compensated absences	128,435	268,113	(128,435)	268,113	-
Total governmental activities	$10,688,435	$9,647,875	$(9,917,994)	$10,418,316	$ 400,000

NOTE H - LONG-TERM OBLIGATIONS - Continued

General Obligation Bonds:

On October 15, 1997, the District issued $4,035,000 in Unlimited Tax School Building Bonds, Series 1997. The purpose of the bond issuance was to construct and equip a new elementary school and to pay the related issuance costs. The bonds mature or are subject to mandatory redemption prior to maturity, on August 15 in each of the years and in the amounts shown on the Official Bond Statement. Interest on the $4,035,000 accrued from October 15, 1997, and is payable February 15 and August 15 of each year commencing August 15, 1998. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 4.60% - 6.60%. Principal and interest on the bonds is payable to Texas State Bank (Paying Agent/Registrar) in McAllen, Texas. All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas.	$ -
On December 4, 2000, the District issued $4,330,000 in Unlimited Tax School Building Bonds, Series 2000. The purpose of the bond issuance is to construct various school building facilities in the District and the purchase of the necessary sites for that purpose. The bonds mature or are subject to mandatory redemption prior to maturity on August 15th in each of the years and in the amounts shown on the Official Bond Statement. Interest on the $4,330,000 accrued from December 4, 2000, and is payable February 15th and August 15th of each year commencing August 15, 2001. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 5.25% - 7.00%. Principal and interest on the bonds is payable to Texas State Bank (Paying Agent/Registrar) in McAllen, Texas. All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas.	400,000

NOTE H - LONG-TERM OBLIGATIONS – Continued

On September 27, 2001, the District issued $4,100,000 in Unlimited Tax School Building Bonds, Series 2001. The purpose of the bond issuance was to construct and equip a new elementary school and to pay the related issuance costs. The bonds mature or are subject to mandatory redemption prior to maturity, on August 15 in each of the years and in the amounts shown on the Official Bond Statement. Interest on the $4,100,000 accrued from September 27, 2001, and is payable February 15 and August 15 of each year commencing August 15, 2002. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 4.30% - 5.80%. Principal and interest on the bonds is payable to Texas State Bank (Paying Agent/Registrar) in McAllen, Texas. All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas.	$ 710,000
In December 2007, the District issued $7,340,000 in current interest serial bonds with a 4% interest rate, $1,685,000 in current interest term bonds with interest rates ranging from 4.125% to 4.250% and $129,998 in capital appreciation bonds to advance refund $9,154,998 outstanding of Unlimited Tax School Building Bonds, Series 1997, 2000 and 2001 (*"refunded bonds"*) with interest rates of 4.3% to 7%. The current interest serial bonds mature in the years 2008 through 2027 in installments ranging from $235,000 to $660,000. The current interest term bonds of $955,000 and $730,000,000 mature on August 15, 2029 and August 15, 2031, respectively. The capital appreciation bonds mature in the years 2010 to 2013 in installments ranging from $230,000 to $355,000. The net proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds and to pay the costs of issuance of the bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds, has been removed from the long-term debt account.	8,919,998
Total general obligation bonds	$10,029,998

NOTE H - LONG-TERM OBLIGATIONS – Continued

Debt service requirements on long-term debt at August 31, 2008 are as follows:

Year Ending August 31,	Bonds Payable Principal	Interest	Total Requirement
2009	$ 400,000	$ 744,569	$ 1,144,569
2010	242,045	897,294	1,139,339
2011	234,324	913,145	1,147,469
2012	235,645	922,226	1,157,871
2013	127,984	844,634	972,618
2014-2018	2,550,000	1,873,844	4,423,844
2019-2023	2,850,000	1,021,694	3,871,694
2024-2028	2,175,000	525,894	2,700,894
2029-2031	1,215,000	91,619	1,306,619
	$10,029,998	$7,834,919	$17,864,917

There are a number of limitations and restrictions contained in the general obligation bond indentures. Management has indicated that the District is in compliance with all significant limitations and restrictions at August 31, 2008.

On December 1, 2007, the Santa Rosa Independent School District issued Unlimited Tax Refunding Bonds, Series 2007 in the amount of $9,154,998 consisting of Current Interest Serial Bonds (CIBs), Current Interest Term Bonds (Term Bonds) and Capital Appreciation Bonds (CABs). The Bonds were issued only as fully registered bonds in the denominations of $5,000 principal amounts with respect to CIBS and maturity values with respect to Term Bonds, or any integral multiple thereof (an "Authorized Denomination"), within a stated maturity of like interest rate.

The proceeds of the Bonds were used to refund the $9,154,998 outstanding of the Unlimited Tax School Building Bonds, Series 1997, 2000, and 2001 and to pay for the cost of issuing the Bonds. The refunded amount consisted of Bonds with maturities ranging from 2009 through 2031.

The Series 2007 bonds carried an initial principal amount of $9,154,998, plus accrued interest of $26,290 plus premium on CABs of $778,949 and original issue premium of $6,162 on CIBs resulting in gross proceed of $9,966,399. The gross proceeds were reduced by the total underwriter's discount of $66,885, cost of issuance of $102,623, and $26,290 deposited into District's debt service fund resulting in net proceeds of $9,770,601. The net proceeds were used to purchase state and local government securities (SLGS) for the escrow fund held by the trustee bank under the new formal agreement established by the underwriters and bond counsel for the District. These securities will provide for the retirement of the old bond issues as they become due. The advance refunding met the requirements of an in-substance debt defeasance and thus, the $9,155,000 of Series 1997, 2000, and 2001 Bonds were removed from the books even though the balance of $9,155,000 remains outstanding at August 31, 2008.

As a result of the advance refunding, the District reduced its total debt service requirements by $756,833, which resulted in an economic gain (difference between the present value of the debt service payments and the old and new debt) of $455,736.

NOTE I - REVENUES FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Capital Projects	Other Governmental Fund	Total Governmental Fund
Property taxes	$652,172	$ -	$127,326	$ 779,498
Food sales	70,908	-	976	71,884
Investment income	73,716	1,297	18,890	93,903
Penalties, interest and other tax-related income	68,152	-	8,639	76,791
Co-curricular student activities	36,796	-	-	36,796
Other	2,298	-	1,973	4,271
	$904,042	$ 1,297	$157,804	$1,063,143

NOTE J - UNEARNED REVENUE

	Unavailable	Unearned	Total
SRISD taxes	$276,577	$ -	$276,577
Food Service receipts	-	11,291	11,291
	$276,577	$ 11,291	$287,868

Deferred property taxes will be recognized as revenue in the fiscal year that they become available.

Deferred revenues in the Special Revenue Funds represent revenues received in excess of expenditures incurred for those federal and state financial assistance programs for which the project period has not yet ended and commodities received but not used by year end.

NOTE K - GENERAL FUND FEDERAL SOURCE REVENUES

Programs or Source	CFDA Number	Amount
School Breakfast Program	10.553	$208,308
National School Lunch Program	10.555	433,063
USDA – Donated Commodities	10.565	30,477
		$671,848

NOTE L - CONTINGENT LIABILITIES

The District participates in a number of grant programs funded by State and Federal Agencies. These programs are subject to compliance audits by the grantor agencies or their representatives.

Audits of all of these programs for the year ended August 31, 2008 have not been conducted. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District is a party to various legal actions, none of which is believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

NOTE M - PENSION PLAN OBLIGATIONS

Plan Description. The District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. TRS also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapters 803 and 805, respectively. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701, by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS Internet website, www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. State law provides for fiscal years 2006, 2007 and 2008 a state contribution rate of 6.0% and a member contribution rate of 6.4%. In certain instances the reporting district is required to make all or a portion of the state's 6.0% contribution. Contribution requirements are not actuarially determined but are legally established each biennium pursuant to the following state funding policy: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10.0% of the aggregate annual compensation of all members of the system during that fiscal year. (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State contributions to TRS made on behalf of the District's employees for the years ended August 31, 2006, 2007 and 2008 were $407,711, $423,982 and $430,305, respectively. The District paid additional state contributions for the years ended August 31, 2006, 2007 and 2008 in the amount of $55,020, $34,004 and $30,565 respectively, on the portion of the employees' salaries that exceeded the statutory minimum.

NOTE N - RETIREE HEALTH CARE PLAN

Plan Description. The District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Teacher Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care. That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us, by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling 1-800-223-8778.

Funding Policy. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.0% and 0.65% of public school payroll, respectively, with school districts contributing a percentage of payroll set at 0.55% for fiscal years 2008, 2007 and 2006. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. For the years ended August 31, 2008, 2007, and 2006, the State's contributions to TRS-Care were $15,844, $13,845, and $10,681, respectively, the active member contributions were $267,322, $252,533, and $247,131, respectively, and the school district's contributions were $442,416, $414,505, and $304,634, respectively, which equaled the required contributions each year.

NOTE O - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2008, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year. In addition, there were no settlements exceeding insurance for each of the past three fiscal years.

Health Coverage

Effective September 1, 2003, the District entered into a health insurance contract with TRS-Active Care. These plans are fully-funded, pure premium plans for which the District pays premiums of $150.00, respectively per month per employee to the plan, and the employees, at their opinion, may authorize payroll withholdings to pay premiums for dependents. Terms of coverage and premium costs are included in the contractual provisions.

The determination of such claims and expenses and the appropriateness of the related liability is continually reviewed and updated. It is reasonably possible that the accrued estimated liability for self-insured claims may need to be revised in the near term.

Workers' Compensation Insurance

During the year ended August 31, 2008, the District met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund ("the Fund"). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Workers Compensation Program is authorized by Chapter 504, Texas Labor Code. All districts participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

NOTE O - RISK MANAGEMENT - Continued

The District participates in the Fund's reimbursable aggregate deductible program. As such, the District is responsible for a certain amount of claims liability as outlined on the District's Contribution and Coverage Summary document. After the District's deductible has been met, the Fund is responsible for additional claims.

The Fund and its members are protected against higher than expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of $1.5 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully funds those reserves. As of August 31, 2007, the Fund carries a discounted reserve of $76,073,881 for future development on reported claims and claims that have been incurred but not yet reported. For the year ended August 31, 2008, member districts will have no additional liability beyond their contractual obligations for payment of contributions and reimbursable aggregate deductibles.

The Fund engages the services of Independent auditors to conduct an independent financial audit after the close of each plan year on August 31st and is approved by the Fund's Board of Trustees in February the following year. The Fund's audited financial statements as of August 31, 2007, are available at the TASB offices and have been filed with the Texas State Board of Insurance in Austin.

NOTE P - JOINT VENTURE - SHARED SERVICE ARRANGEMENTS

The District participates in several shared service arrangements with the Regional Service Center ("Region One"). Those programs provided through the shared services include the Teacher and Principal Training through the ESEA Title II, Part A. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, Region One Education Service Center, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to Santa Rosa Independent School District. The fiscal agent manager is responsible for all financial activities of the shared services arrangement.

Presented below are the revenues and expenditures attributable to the District's participation.

Revenues		
5929	Federal revenue distributed by TEA	$108,028
	Total revenue	$108,028
Expenditures		
6100	Payroll costs	$ 23,745
6200	Purchased and contracted services	52,700
6300	Supplies and materials	2,922
6400	Miscellaneous operating expenses	28,661
	Total expenditures	$108,028

NOTE Q - COMPLIANCE AND ACCOUNTABILITY

a. Finance-Related Legal and Contractual Provision

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

NOTE Q - COMPLIANCE AND ACCOUNTABILITY - Continued

School districts in Texas must comply with constitutional provisions, statutory laws, public policy established by common law, Title 19 of the Texas Administrative Code, and with regulations of the Texas Education Agency.

Instances were noted in which expenditures exceeded budgeted amounts at the functional level as detailed in the General Fund – Budgetary comparison Schedule (Exhibit G-1) for the following fund:

Function Code		Budget	Actual	Variances
General Fund:				
12	Instructional Resources and Media Services	$ 174,937	$ 176,241	$ (1,304)
23	School Leadership	525,493	548,956	(23,463)
34	Student (Pupil) Transportation	108,220	153,187	(44,967)
51	Plant Maintenance and Operations	2,067,950	2,116,365	(48,415)
Debt Service Fund:				
71	Principal on Long-term Debt	295,000	530,000	(235,000)
73	Bond Issuance Cost and Fees	3,000	165,552	(162,552)

b. Deficit Fund Balance or Fund Net Assets of Individual Funds

Following are funds having deficit fund balances or fund net assets at year end, if any, along with remarks which address such deficits:

Fund Name	Amount	Remarks
Capital Projects	$(115,541)	Transfer will be required from general fund

NOTE R - PRIOR PERIOD ADJUSTMENT

The District posted a prior period adjustment of $5,907 for vending machine collections made by the District on behalf of Student Activities in the prior year. The District recorded the collections as revenue in the prior year. The net effect on net assets is $5,907 as reflected on the Statement of Activities.

Stewardship, compliance, and accountability

Budgetary information

The Board adopts an "appropriated budget" on a basis consistent with GAAP for the general fund and debt service fund. At a minimum, the District is required to present the original and the final amended budgets for revenues and expenditures compared to actual revenues and expenditures for these two funds.

The following procedures are followed in establishing the budgetary data reflected in the general purpose financial statements:

- Prior to August 20 for a fiscal year start date of September 1, the District prepares a budget based on the modified zero-based budgeting concept for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.

- After one or more budget workshops with the Board, a meeting is called for the purpose of adopting the proposed budget. At least ten days but not more than 30 days public notice of the meeting is required.

- Prior to August 31st for a fiscal year start date of September 1, the Board legally adopts the budget for the general fund and debt service fund.

- After the budget for the above listed funds is approved, any amendment that causes an increase or decrease in a fund or functional spending category or total revenue or other resources object category requires Board approval prior to the fact. These amendments are presented to the Board at its regular monthly meeting and are reflected in the official minutes. Because the District has a policy of careful budgetary control, several budgetary amendments were necessary throughout the year.

- Expenditure budgets are controlled at the expenditure functional and object level by the appropriate administrator. Transfers may be authorized within functional and organizational categories that do not affect the total functional and organizational appropriation. All budget appropriations lapse at year-end.

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in order to reserve that portion of the applicable appropriation, is used in all governmental funds. Encumbrances outstanding at year-end are commitments that do not constitute expenditures or liabilities. Since appropriations lapse at the end of each year, outstanding encumbrances are appropriately provided for in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments.

FEDERAL AWARD SECTION

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Santa Rosa Independent School District

We have audited the basic financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Santa Rosa Independent School District (the "District") as of and for the year ended August 31, 2008, and have issued our report thereon dated December 11, 2008. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the District's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the District's financial statements that is more than inconsequential will not be prevented or detected by the District's internal control. We consider the deficiency described in the accompanying schedule of findings and questioned costs as 08-3 to be a significant deficiency in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items 08-1 and 08-2.

We also noted certain matters that we reported to management of the District in a separate letter dated December 11, 2008.

Santa Rosa Independent School District's response to the findings identified in our audit is described in the accompanying corrective action plan. We did not audit the Santa Rosa Independent School District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the audit committee, management, the Board of Trustees, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Trustees
Santa Rosa Independent School District

Compliance

We have audited the compliance of Santa Rosa Independent School District (the "District") with the types of compliance requirements described in the *U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended August 31, 2008. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the District's management. Our responsibility is to express an opinion on the District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the District's compliance with those requirements.

In our opinion, Santa Rosa Independent School District complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended August 31, 2008.

Internal Control Over Compliance

The management of the District is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the District's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but, not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by any entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the audit committee, management, the Board of Trustees, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED AUGUST 31, 2008

Section I - Summary of Auditors' Results

Financial Statements

Type of auditors' report issued:	Unqualified	
Internal control over financial reporting:		
• Material weakness(es) identified?	_____ yes	__X__ no
• Significant deficiencies identified that are not considered to be material weaknesses?	__X__ yes	_____ no
Noncompliance material to financial statements noted?	_____ yes	__X__ no

Federal Awards

Internal control over major programs:		
• Material weakness(es) identified?	_____ yes	__X__ no
• Significant deficiencies identified that are not considered to be material weakness(es)?	_____ yes	__X__ no
Type of auditors' report issued on compliance for major programs:	Unqualified	
Any audit findings disclosed that are required to be reported in accordance with Section 510(a) of Circular A-133?	_____ yes	__X__ no

Identification of major programs:

CFDA Number(s)	*Name of Federal Program or Cluster*
84.357	Reading First
10.553, 10.555 and 10.559	Child Nutrition Cluster

Dollar threshold used to distinguish between Type A and Type B programs:	$300,000	
Auditee qualified as low-risk auditee?	__X__ yes	_____ no

Section II - Financial Statement Findings

PROGRAM DESCRIPTION	DESCRIPTION
Schedule Reference Number: (08-1)	**Allocated State Program Revenues**
General	
Condition Found:	The District failed to expend at least 85% of its allocation for Gifted and Talented and Career and Technical (Program Code 21 and 22, respectively) programs during the 2007-2008 year.
Criteria:	For programs financed under the Foundation School Program Act, the District must expend at least 85% of its allocation as mandated by the Act.
Questioned Costs/Basis:	Gifted and Talented (Program Code 21) - $9,909. Career and Technical (Program Code 22) - $128,160. Questioned costs represent the amount under 85% which the District failed to expend.
Context:	The questioned costs represent the total amount under spent for the program listed.
Effect:	Failure by the District to utilize these funds for the purposes for which they are designated could result in downward adjustments to the District's entitlements in future years' program(s).
Recommendation:	The District should review amounts budgeted for these entitlements to ensure that appropriate consideration is given to the utilization of these funds for the purpose for which they are designated. The District should also review coding of expenditures to insure that all costs associated with the program are properly accounted.

Section II - Financial Statement Findings

PROGRAM DESCRIPTION	DESCRIPTION
Schedule Reference Number: (08-2)	**Expenditures in Excess of Budget Appropriations**
General	
Condition Found:	As indicated in the notes to the District's financial statements, we noted instances in which the District's budget had been exceeded on a functional level.
Criteria:	State law requires budget amendments to be made prior to exceeding a major functional category.
Questioned Costs/Basis:	Not applicable
Context:	We noted a negative variance in six functional expenditure categories.
Effect:	The District incurs expenditures that are not budgeted in advance by the Board of Trustees.
Recommendation:	Budget versus actual comparisons should be made on a monthly basis, and control over expenditures should include a review of available budget amounts prior to approval of purchase orders for the expenditure of funds.
Schedule Reference Number: (08-3)	**Internal Control – Payroll Accrual**
Condition Found:	We noted the year end payroll accrual was overstated at year end.
Criteria:	The year end payroll accrual should be reviewed on a timely basis for accuracy in amount.
Questioned Costs/Basis:	Not applicable.
Context:	Not applicable.
Effect:	The District subsequently drew down an excess amount from two federal programs.
Recommendation:	The District should review internal control policies and procedures to ensure the year end payroll accrual is reviewed on a timely basis for accuracy in amount. Future grant reimbursement requests need to be reduced to consider the effect of the erroneous accrual.
Total all questioned costs	$138,069

SANTA ROSA INDEPENDENT SCHOOL DISTRICT

SCHEDULE OF STATUS OF PRIOR FINDINGS
YEAR ENDED AUGUST 31, 2008

PROGRAM DESCRIPTION	STATUS OF PRIOR YEAR'S FINDING/COMPLIANCE
Schedule Reference Number: (07-1)	**State Compliance – Bidding** No additional instances were noted in the current year.
Schedule Reference Number: (07-2)	**Internal Control – Payroll Liability Accounts** No additional instances were noted in the current year.
Schedule Reference Number: (07-3)	**Expenditures in Excess of Budget Appropriations** Additional corrective action is needed as noted in the current year findings.
Schedule Reference Number: (07-4)	**Campus Improvement Plans** No additional instances were noted in the current year.
Schedule Reference Number: (07-5)	**Food Service Program Expenditures** No additional instances were noted in the current year.

SANTA ROSA INDEPENDENT SCHOOL DISTRICT

CORRECTIVE ACTION PLAN
YEAR ENDED AUGUST 31, 2008

PROGRAM DESCRIPTION	CORRECTIVE ACTION PLAN
Schedule Reference Number: (08-1)	**Allocated State Program Revenues**
General	
Corrective Action Plan:	The expenditures in the Gifted and Talented and Career and Technical were expended. Expenditures for salaries and other associated costs related to those programs were not reported in sufficient detail to allow the Business Office to determine the proper program coding during the transaction recording process. Procedures will be reviewed with campus staff to ensure that all information is submitted in sufficient detail for proper program coding.
Schedule Reference Number: (08-2)	**Expenditures in Excess of Budget Appropriations**
General	
Corrective Action Plan:	The District will monitor the budget throughout the fiscal year to ensure that amendments are made when needed.
Schedule Reference Number: (08-3)	**Internal Control – Payroll Accrual**
General	
Corrective Action Plan:	The District will update its procedures to ensure that estimates are compared against prior year estimates for reasonableness.
Contact Person:	Lucio Mendoza, Business Manager
Implementation Time Frame:	Within the next fiscal year

The accompanying notes are an integral part of this schedule.

Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Santa Rosa Independent School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

SANTA ROSA INDEPENDENT SCHOOL DISTRICT

SCHEDULE OF REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS
AS OF AUGUST 31, 2008

Data Control Codes		Responses
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning default on bonded indebtedness obligations?	No
SF4	Did the district receive a clean audit? - Was there an unqualified opinion in the Annual Financial Report?	Yes
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls?	No
SF9	Was there any disclosure in the Annual Financial Report of material noncompliance?	No
SF10	What was the total accumulated accretion on capital appreciation bonds included in the government-wide financial statements at fiscal year-end?	$ 55,256
