INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Santa Rosa Independent School District

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Santa Rosa Independent School District, as of and for the year ended August 31, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Santa Rosa Independent School District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Santa Rosa Independent School District, as of August 31, 2012, and the respective changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 17, 2013, on our consideration of the Santa Rosa Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

(This page intentionally left blank.)

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 15 through 21 and 54 through 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Santa Rosa Independent School District's financial statements as a whole. The accompanying financial information listed as other supplementary information in the table of contents, are presented in accordance with requirements of the Texas Education Agency for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the financial statements. The other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The other supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of Santa Rosa I.S.D.'s annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year ended August 31, 2012. Please read it in conjunction with the District's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total combined net assets were $17,142,404 at August 31, 2012. Net assets increased by $1,398,182 from the prior year.
- The general fund reported a fund balance this year of $4,614,210.
- The District received a superior rating for the Financial Integrity Reporting System of Texas (FIRST) for 2012. This rating evaluates quality of performance in the management of the school district's financial resources.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts—*management's discussion and analysis* (this section), the *basic financial statements*, *and required supplementary information*.

The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in more detail than the government-wide statements.
- *The governmental funds* statements tell how *general government* services were financed in the *short-term* as well as what remains for future spending.
- *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

Figure A-1, Required Components of the District's Annual Financial Report

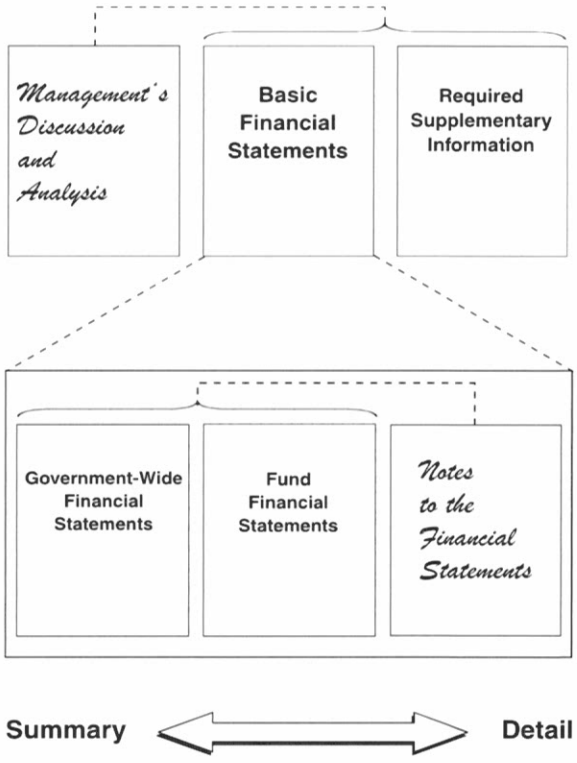

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Figure A-2. Major Features of the District's Government-wide and Fund Financial Statements

		Fund Statements		
Type of Statements	**Government-wide**	**Governmental Funds**	**Proprietary Funds**	**Fiduciary Funds**
Scope	Entire Agency's government (except fiduciary funds) and the Agency's component units	The activities of the district that are not proprietary or fiduciary	Activities the district operates similar to private businesses: self insurance	Instances in which the district is the trustee or agent for someone else's resources
Required financial statements	• Statement of net assets • Statement of activities	• Balance sheet • Statement of revenues, expenditures & changes in fund balances	• Statement of net assets • Statement of revenues, expenses and changes in fund net assets • Statement of cash flows	• Statement of fiduciary net assets • Statement of changes in fiduciary net assets
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long-term; the Agency's funds do not currently contain capital assets, although they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid	All revenues and expenses during year, regardless of when cash is received or paid

Government-wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the District's net assets and how they have changed. Net assets—the difference between the District's assets and liabilities—is one way to measure the District's financial health or *position*.

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the District, one needs to consider additional nonfinancial factors such as changes in the District's tax base.

The government-wide financial statements of the District include the *Governmental activities*. Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*—not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The Board of Trustees establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has the following kinds of funds:

Governmental funds—Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, that explain the relationship (or differences) between them.

Fiduciary funds—The District is the trustee, or *fiduciary*, for certain funds. It is also responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

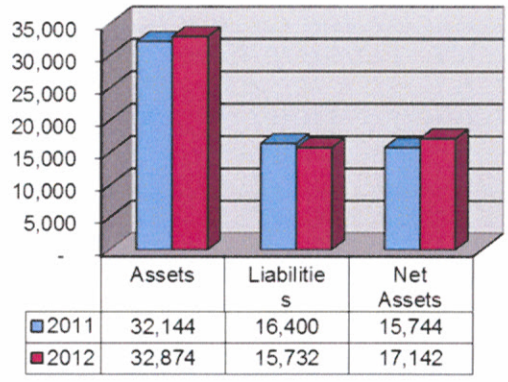

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's combined net assets were $17,142,404 as of August 31, 2012, an increase of 8.9%. (See Table A-1).

Table A-1
Santa Rosa Independent School District's Net Assets
(in thousands of dollars)

	Governmental Activities	
	2012	2011
Current & other assets	$ 5,734	$ 5,086
Capital assets	27,140	27,058
Total assets	**$ 32,874**	**$ 32,144**
Current liabilities	638	950
Long-term liabilities	15,094	15,450
Total liabilities	**15,732**	**16,400**
Net Assets:		
Invested in capital assets-	12,110	11,923
Restricted	313	347
Unrestricted	4,719	3,474
Total Net Assets	**$ 17,142**	**$ 15,744**

Figure A-3 Santa Rosa ISD Net Assets

Net assets may serve over time as a useful indicator of a government's financial position. In the case of Santa Rosa ISD, assets exceeded liabilities by $17,142,404 at the close of August 31, 2012.

A portion of the Santa Rosa ISD's net assets (71%) reflects the investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Santa Rosa ISD uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Santa Rosa ISD's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the net assets (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets ($4,719,110) may be used to meet the government's ongoing obligations to citizens and creditors.

Governmental Activities

- Property tax rates remained at 1.3722/$100; property taxable values decreased by 0.6 % from the prior year.
- The cost of all governmental activities this year was $13,999,303, a decrease of $292,758.
- Some of the cost was paid by those who directly benefited from the programs $134,766 or by grants and contributions $4,408,421.

Plant Maintenance & Operations	1,640	1,725	(4.93)%	1,608	1,688	(4.74)%

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, Santa Rosa ISD uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

General Fund

The fund balance of the Santa Rosa ISD's General Fund is $4,614,210 as of August 31, 2012. It increased by $1,207,239 during the current fiscal year; an increase of 35.4%.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of 2012, the District had invested $27,139,765 in a broad range of capital assets, including land, equipment, buildings, vehicles, and Construction in Progress. (See Table A-4.) This amount represents a net increase (including additions and deductions) of 0.3% over last year.

More detailed information about the District's capital assets is presented in the notes to the financial statements.

Table A-4
District's Capital Assets
(in thousands of dollars)

	Governmental Activities	
	2012	2011
Land	$305	$305
Buildings and improvements	31,558	31,076
Furniture & Equipment	3,072	2,591
Construction in Progress	-	36
Totals at historical cost	**34,935**	**34,008**
Total accumulated depreciation	7,795	6,950
Net capital assets	**$27,140**	**$27,058**

Long-Term Debt

At year-end the District had $13,102,984 in General Obligation Bonds as shown in Table A-5. Of this amount, $222,984 is due within the next year. The total long-term debt outstanding as of August 31, 2012 is $15,094,102. More detailed information about the District's debt is presented in the notes to the financial statements.

The District's current underlying credit rating is "AAA" by Fitch based on a guaranty provided by the Texas Permanent School Fund (PSF), whose bond guaranty program is rated "AAA" by Fitch.

Table A-5
District's Long-Term Debt
(In thousands of dollars)

General Obligation Bonds	Governmental Activities 2012	2011
Bonds – Series 2000	$ -	$ 110
Bonds – Series 2001	335	440
Bonds – Refunding Series 2007	8,583	8,604
Bonds – Series 2008	4,185	4,275
Total General Obligation Bonds	**13,103**	**13,429**
Capital Lease	$ 1,667	$ 1,644
Premium on issuance of Bonds	555	585
Accrued Interest on CAB Bonds	192	226
Deferred loss on bond refunding	(487)	(513)
Compensated Absences	64	79
Total Long-Term Debt	**$ 15,094**	**$ 15,450**

Fund Balances

GASB Statement 54 establishes a hierarchy for fund balance classifications and the constraints imposed on the uses of those resources. GASB 54 provides for two major types of fund balances, which are non-spendable and spendable.

Non-spendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. The District has inventories and prepaid insurance that are considered non-spendable.

The spendable fund balances include restricted, committed, assigned and unassigned based upon the hierarchy of spending constraints. ***Restricted:*** fund balances that are constrained by external parties, constitutional provisions or enabling legislation; ***committed:*** fund balances that contain self-imposed constraints of the government from its highest level of decision making authority (the board of trustees); ***assigned:*** fund balances that contained self-imposed constraints of the government to be used for a particular purpose; and ***unassigned:*** fund balance of the general fund that has not been constrained for any particular purpose.

As of August 31, 2012, the District's governmental funds reported ending fund balances of $4,703,687. The unassigned fund balance of $4,183,852 or 89% of this total amount is available for spending at the government's discretion. Of the current ending fund balances, the following categories are recorded and primary users noted in accordance with GASB No. 54.

- $125,115 is recorded as non-spendable for inventories and prepaid items;
- $394,720 is recorded as Restricted; $305,243 in food service, $29,039 in debt service, and 60,438 in capital projects
- $4,183,852 is the remaining fund balance and is recorded as Unassigned.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

- Appraised value used for the 2013 budget preparation is up $2,306,227 from 2012.
- General operating fund spending per student decreases in the 2013 budget from $10,180 to $10,126, a .53% decrease.
- The District's 2013 refined average daily attendance is expected to be 1,102; down .72% from last year.

These indicators were taken into account when adopting the general fund budget for 2013. Expenditures as budgeted are $11,842,932, an increase of 16.0% from 2011-2012 actual expenditures.

If these estimates are realized, the District's budgetary general fund balance is expected to remain the same due to enrollment changes being less than 1 percent and spending per student also being less than 1%.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Business Office at 232 East Jesus T. Avila Avenue, Santa Rosa, Texas 78593.

SANTA ROSA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET ASSETS
AUGUST 31, 2012

	Total Fund Balances - Governmental Funds	$	4,703,687
1	Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. The cost of these assets was $34,935,116 and the accumulated depreciation was $7,795,351. The net effect of including capital assets (net of depreciation) in the governmental activities is to increase net assets.		27,139,765
2	Long-term liabilities, including bonds and capital leases payable, are not due and payable in the current period and therefore are not reported in the funds.		(15,029,595)
3	Ohter long-term assets such as capitalized bond costs are not available to pay for current-period expenditures and are deferred in the funds.		228,488
4	Long-term liabilities, including payables for compensated absences, are not due and payable in the current period and therefore are not reported in the funds.		(64,507)
5	Propety taxes receivable unavailable to pay for current period expenditures are deferred in the funds.		164,566
19	**Net Assets of Governmental Activities**	$	17,142,404

The notes to the financial statements are an integral part of this statement.

SANTA ROSA INDEPENDENT SCHOOL DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED AUGUST 31, 2012

Total Net Change in Fund Balances - Governmental Funds	$	1,093,039
Current year capital outlays are expenditures in the fund financial statements, but they are increases in capital assets in the government-wide financial statements. The net effect of removing the 2012 capital assets is to increase net assets.		926,887
Depreciation is not recognized as an expense in the governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net assets.		(844,955)
Certain property tax revenues are deferred in the funds. This is the change in those amounts for the current period.		(121,719)
Repayment of bond principal is an expenditure in the funds but it is not an expense in the statement of activities.		423,165
Lease proceeds provide current financial resources to government funds, but issuing debt increases the long-term liabilities in the statement of net assets.		(119,872)
The accretion of interest on capital appreciation bonds is not reported in the funds.		(185,111)
Compensated absences are reported as amounts earned in the Statement of Net Assets but as the amount paid in the funds.		14,610
The accretion of interest on capital appreciation bonds is not reported in the funds. This is the payment of interest accretion on capital appreciation bonds during 2012.		219,355
Bond issuance costs and similar items are amortized in the Statement of Activities but not in the funds.		(7,217)
Change in Net Assets of Governmental Activities	$	1,398,182

The notes to the financial statements are an integral part of this statement.

NOTE A – REPORTING ENTITY

This report includes the financial statements of the funds required to account for those activities, organizations and functions which are related to the Santa Rosa Independent School District (the District) and which are controlled by or dependent upon the District's governing body, the Board of Trustees. The Board of Trustees (the Board), includes seven eligible members elected at large by the qualified voters of the Santa Rosa Independent School District, the Board has the exclusive power and duty to govern and oversee the management of the public schools of the District; all powers and duties not specifically delegated by statute to the Texas Education Agency (TEA) or to the State Board of Education are reserved for the Board, and TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board.

The District receives funding from local, state and federal government sources and must comply with the applicable requirements of these funding source entities. However, the District is not included in any other governmental "reporting entity" as defined by GASB Statement No. 14 *The Financial Reporting Entity* since Board members are elected by the public and have decision making authority, the power to designate management, the responsibility to significantly influence operations and primary accountability for fiscal matters. The District is a governmental entity exempt from federal income taxation under Internal Revenue Code Section 115. The District has no component units as defined by GASB Statement No. 39.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Santa Rosa Independent School District's (the "District") basic financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide (the "Resource Guide"). The Governmental Accounting Standards Board (GASB) is the accepted standards setting body for establishing governmental accounting and financial reporting principles.

1. Basis of Presentation

Government-Wide Statements:

The government-wide financial statements consist of the statement of net assets and the statement of activities. These statements report information on all of the non-fiduciary activities of the District. The effect of the interfund activity has been removed from these statements. The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Program revenues include charges to customers and grants used for operational requirements. Governmental activities are supported by tax revenues, state aid, charges for services, investment earnings and intergovernmental revenues such as grants.

Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Fund Financial Statements:

The accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that compromise its assets, liabilities, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to, and accounted for the purpose of, carrying on specific activities in accordance with laws, regulations, or other appropriate requirements. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

General Fund. This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Capital Projects Fund. The capital projects fund of the District accounts for proceeds from long-term debt financing and revenues and expenditures related to authorized construction and related capital asset acquisitions.

Other Governmental Funds

Additionally, the District reports the following fund type(s):

Special Revenue Funds. Special Revenue Funds are the funds that account for state and federally financed programs or expenditures legally restricted for specified purposes or where unused balances are returned to the grantor at the close of specified project periods.

Debt Service Fund. The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.

Fiduciary Funds

Scholarship Private-Purpose Trust Fund. The Scholarship Private-Purpose Trust Fund is used to account for resources held in trust to be used by various other third parties to award scholarships to former students of the District.

Agency Funds. These funds are used to report student activity funds and other resources held in a purely custodial capacity (assets equal liabilities). Agency funds typically involve only the receipt, temporary investment, and remittance of fiduciary resources to individuals, private organizations, or other governments.

These government-wide and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

2. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they become available and measurable. The District considers revenues as available if they are collected within the 60 days after year end. Revenues susceptible to accrual are property taxes, fiscal year state funding, and interest revenues. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

Deferred revenue is reported in the governmental funds when a potential revenue does not meet both the "measurable and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

3. *Budgets*

The official school budget was prepared for adoption for required Governmental Fund Types by August 31, 2011. The budget was formally adopted by the board of school trustees at a duly advertised public meeting prior to the expenditure of funds. The budget was amended by the board of school trustees throughout the year. Expenditures may not legally exceed budgeted appropriations at the function level.

4. *Cash and Cash Equivalents*

For the purposes of the statement of cash flows, investments are considered to be cash equivalents if they are highly liquid and have a maturity within three months or less.

5. *Investments*

Money market investments which are short-term, highly liquid debt instruments including commercial paper, bankers' acceptances and U. S. Treasury and agency obligations are reported at amortized cost which approximates fair value.

6. *Inventory*

Inventory is valued at cost (average). The District accounts for the food inventory by using the purchase method whereby purchases of inventories are recognized as expenditures when the goods are received. The District accounts for school supply and maintenance inventory by the consumption method whereby expenditures are recognized when the inventory items are used. Reported inventories are equally offset by non-spendable fund balance which indicates that they do not constitute "available spendable resources" even though they are a component of net current assets. Commodity inventory is offset by unearned revenue.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

7. *Deferred Expenditures*

Deferred expenditures are prepaid expenses that will benefit periods beyond August 31, 2012. Deferred expenditures include prepaid expenses for unexpired insurance policy premiums paid by August 31, 2012 and which extend beyond that date, and deferred amounts related to payments made for debt service which have not matured as of August 31, 2012. The reported deferred expenditures is equally offset by a fund balance reserve, which indicates that do not constitute "available spendable resources" even though they are a component of net current assets.

8. *Capital Assets*

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of $5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

Assets Class	Estimated Useful Lives
Buildings & Improvements	25-50
Vehicles	8
Furniture and Equipment	5-10

9. *Interfund Activity*

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund, and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net assets.

10. *Long-term Obligations*

In government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. Premiums received and discounts incurred on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from debt proceeds, are reported as debt service requirements.

11. *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires the use of management's estimates. Actual results could differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

12. *Compensated Absences*

Each employee shall earn state personal leave at the rate of one-half workday for each 18 workdays of employment, up to the statutory maximum of five workdays annually and is cumulative. The local leave policy is that all employees shall earn four workdays of local convenience leave per school year; two days shall be earned at the same rate as state personal leave and may be taken at the employee's discretion and are non-cumulative.

13. *Accounting System*

In accordance with the Resource Guide, the District has adopted and installed an accounting system which meets at least the minimum requirements prescribed by the State Board of Education and approved by the State Auditor. Specifically, the District's accounting system uses codes and the code structure prescribed by TEA in the Resource Guide. Mandatory codes are recorded in the order provided in that section.

14. *Data Control Codes*

Data Control Codes appear in the rows and above the columns of certain financial statements. The TEA requires the display of these codes in the financial statements filed with TEA in order to insure accuracy in building a State-wide database for policy development and funding plans.

15. *Fund Balance Reporting*

The District has adopted GASB Statement No. 54. GASB Statement No. 54 provides for two major types of fund balances, which are nonspendable and spendable. Nonspendable fund balances are balances that cannot be spent because they are not expected to be converted to cash or they are legally or contractually required to remain intact. Examples of this classification are prepaid items and inventories. The District has prepaid items and inventories that are considered nonspendable.

In addition to the nonspendable fund balance, GASB Statement No. 54 has provided a hierarchy of spendable fund balances, based on a hierarchy of spending constraints.

- **Restricted**: fund balances that are constrained by external parties, constitutional provisions, or enabling legislation.

- **Committed**: fund balances that contain self-imposed constraints of the government from its highest level of decision making authority. The responsibility to commit funds rests with the Board of Trustees. Committed amounts cannot be used for any other purpose unless the governing board changes or lifts the constraint taking the same formal action that imposed the constraint originally.

- **Assigned**: fund balances that contain self-imposed constraints of the government to be used for a particular purpose. The responsibility to assign funds rests with the Superintendent or the Assistant Superintendent for Business Services.

- **Unassigned**: fund balance of the general fund that is not constrained for any particular purpose.

When an expenditure is incurred for a purpose for which both restricted and unrestricted fund balance is available, The District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds.

NOTE C - DEPOSITS AND INVESTMENTS

Investment Accounting Policy

The District is required by Government Code Chapter 2256, The Public Funds Investment Act (the "Act"), to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Act requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies. The District's management believes that it has complied in all material respects with the requirements of the act and the District's investment policies.

The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

The Act determines the types of investments, which are allowable for the District. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. agencies, the state of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The District policy authorizes all the State allowable investments.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Public Funds Investment Act, the District's investment policy, and Government Code Chapter 2257 "Collateral For Public Funds" contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments. To be eligible to receive funds from and invest funds on behalf of an entity under this chapter, a public fund investment pool created to function as a money market mutual fund must mark its portfolio to market daily, and, to the extent reasonably possible, stabilize at a $1 net asset value. If the ratio of the market value of the portfolio divided by the book value of the portfolio is less than 0.995 or greater than 1.005, portfolio holdings shall be sold as necessary to maintain the ratio between 0.995 and 1.005.

NOTE C - DEPOSITS AND INVESTMENTS – Continued

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

Cash Deposits

At August 31, 2012, the District's carrying amount had a balance of $940,008 (cash, certificates of deposit, and interest-bearing savings accounts) and the bank balance was $1,490,294. In addition to these cash and cash equivalents, the District maintains $3,777,869 in a government investment pool. The District's cash deposits at August 31, 2012 and during the year ended August 31, 2012 were entirely covered by FDIC insurance or by pledged collateral held in the District's name by a bank other than the pledging bank.

The District's cash deposits at August 31, 2012 are maintained primarily at First National Bank of Edinburg. These deposits were entirely covered by FDIC insurance held by the District's agent bank. The deposits were collateralized in accordance with Texas Law, and the Texas Education Agency maintains copies of all safekeeping receipts in the name of the District. Deposits were properly secured at all times.

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

a. Name of Bank First National Bank of Edinburg, Texas.
b. Amount of bond and/or market value of securities pledged as of the date of the highest combined balance on deposit was $ -0- .
c. Largest cash, savings and time deposit combined account balance amounted to $2,906,232 and occurred during the month of August 2012.
d. Total amount of FDIC coverage at the time of largest combined balance was $2,906,232.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations. Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the specific investments and their maturity:

Description	CUSIP	Amount	Maturity	Days
TexPool	N/A	$3,777,869	N/A	Daily

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

NOTE C - DEPOSITS AND INVESTMENTS – Continued

Presented below is the minimum rating required by the District's investment policy and the Texas Public Fund Investment Act and the actual rating as of year end for each investment:

Description	Minimum Legal Rating	Amount	Rating	Percentage
TexPool	AAA	$3,777,869	AAA	100%

Concentration of Credit Risk

The Investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the Public Funds Investment Act. The above mentioned investments represents 100% of total District investments.

Public Funds Investment Pools

TexPool is a public funds investment pool created by the Texas Treasury Safekeeping Trust Company (Trust Company) to provide a safe environment for the placement of local government funds in authorized short-term, fully-collateralized investments, including direct obligations of, or obligations guaranteed by, the United States or State of Texas or their agencies; federally insured certificates of deposit issued by Texas banks or savings and loans; and fully collateralized direct repurchase agreements secured by United Stated Government agency securities and placed through a primary government securities dealer. The Trust Company was incorporated by the State Treasurer by authority of the Texas Legislature as a special purpose trust company with direct access to the services of the Federal Reserve Bank to manage, disburse, transfer, safekeep, and invest public funds and securities more efficiently and economically. The State Comptroller of Public Accounts exercises oversight responsibility over TexPool. Oversight includes the ability to significantly influence operations, designation of management, and accountability for fiscal matters. TexPool operates in a manner consistent with the Security and Exchange Commission's Rule 2a7 of the Investment Company Act of 1940. TexPool uses amortized cost rather than market value to report net assets to compute share prices. The fair value of the position in TexPool is the same as the value of TexPool shares. Accordingly, the District's investments in TexPool are stated at cost, which approximates fair value. TexPool is currently rated AAA by Standard and Poor's. This rating indicates excellent safety and a superior capacity to maintain principal value and limit exposure to loss.

The District's investment in Pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

NOTE D - PROPERTY TAX

Property taxes are levied by October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period and those expected to be collected during a 60 day period after the close of the school fiscal year. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District's 2011 tax rate was $1.170 for maintenance and $0.202 for debt service per $100 assessed valuation.

NOTE D - PROPERTY TAX – Continued

The 2011 assessed valuation was $69,371,420. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. At August 31, 2012 outstanding taxes in the general fund and debt service fund was $258,520 and $48,830 with a corresponding allowance for doubtful accounts of $103,737 and $19,041.

NOTE E - DUE TO AND FROM OTHER GOVERNMENTS AND AGENCIES

Amounts due to and from other governments and agencies are as follows:

	Due From
General Fund	
Texas Education Agency:	
Foundation Revenues	$323,620
U. S. Department of Agriculture:	
School Breakfast Program/National Lunch Program	21,440
Other Governmental Funds	
Texas Education Agency:	
ESEA Title I, Part A	29,656
ESEA Title I, Part C	1,408
Gear up Grant	35,882
Title I, SIP Academy Grant	82,350
Student Success Initiative	6,195
ESEA Title II, Part A	13,478
Adult Education – English Literacy	10,695
Total due to/from other governments and agencies	$524,724

NOTE F - INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund receivable and payable balances at August 31, 2012 were:

Due to	Due From	
General Fund	Funds within the general fund	$ 89,263
General Fund	Nonmajor governmental funds	153,629
General Fund	Capital Projects Fund	6,603
Nonmajor governmental funds	General Fund	2,295
	Totals	$ 251,790

The remaining balances resulted from a routine lag between the dates that transactions such as year-end payroll accruals and worker's compensation adjustments payments between the funds are made. All amounts are rescheduled to be repaid within one year.

NOTE G – DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivables at August 31, 2012, were as follows:

	Property Taxes	Other Governments	Due From Other Funds	Other Receivables	Total Receivables
Governmental Activities:					
General Fund	$258,520	$345,060	$ 249,495	$ 8,006	$ 861,081
Nonmajor Governmental Funds	48,830	179,664	2,295	-	230,789
Total Governmental Activities	$307,350	$524,724	$ 251,790	$ 8,006	$1,091,870
Amounts not scheduled for collection during the subsequent year	$ -	$ -	$ -	$ -	$ -

Payables at August 31, 2012, were as follows:

	Accounts Payable	Salaries and Benefits	Due to Other Funds	Total Payables
Governmental Activities:				
General Fund	$ 81,035	$219,713	$ 91,558	$392,306
Capital Projects Fund	303,907	-	6,603	310,510
Nonmajor Governmental Funds	3,823	26,035	153,629	183,487
Total Governmental Activities	$388,765	$245,748	$ 251,790	$886,303
Amounts not scheduled for collection during the subsequent year	$ -	$ -	$ -	$ -

NOTE H – CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2012, was as follows:

	September 1, 2011	Increase	Transfers	August 31, 2012
Governmental activities				
Capital assets not being depreciated				
Land	$ 305,271	$ -	$ -	$ 305,271
Construction in progress	35,962	83,910	(119,872)	-

Total governmental activities	$15,449,818	$347,262	$(702,978)	$15,094,102	$ 515,869

General Obligation Bonds:

On December 4, 2000, the District issued $4,330,000 in Unlimited Tax School Building Bonds, Series 2000. The purpose of the bond issuance is to construct various school building facilities in the District and the purchase of the necessary sites for that purpose. The bonds mature or are subject to mandatory redemption prior to maturity on August 15th in each of the years and in the amounts shown on the Official Bond Statement. Interest on the $4,330,000 accrued from December 4, 2000, and is payable February 15th and August 15th of each year commencing August 15, 2001. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 5.25% - 7.00%. Principal and interest on the bonds is payable to Texas State Bank (Paying Agent/Registrar) in McAllen, Texas. All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas. The District made final payment on the bonds on August 1, 2012. $ -

NOTE I - LONG-TERM OBLIGATIONS – Continued

On September 27, 2001, the District issued $4,100,000 in Unlimited Tax School Building Bonds, Series 2001. The purpose of the bond issuance was to construct and equip a new elementary school and to pay the related issuance costs. The bonds mature or are subject to mandatory redemption prior to maturity, on August 15 in each of the years and in the amounts shown on the Official Bond Statement. Interest on the $4,100,000 accrued from September 27, 2001, and is payable February 15 and August 15 of each year commencing August 15, 2002. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 4.30% - 5.80%. Principal and interest on the bonds is payable to U. S. National Bank Association (Paying Agent/Registrar). All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas.	$ 335,000
In December 2007, the District issued $7,340,000 in current interest serial bonds with a 4% interest rate, $1,685,000 in current interest term bonds with interest rates ranging from 4.125% to 4.250% and $129,998 in capital appreciation bonds to advance refund $9,154,998 outstanding of Unlimited Tax School Building Bonds, Series 1997, 2000 and 2001 (*"refunded bonds"*) with interest rates of 4.3% to 7%. The current interest serial bonds mature in the years 2008 through 2027 in installments ranging from $235,000 to $660,000. The current interest term bonds of $955,000 and $730,000 mature on August 15, 2029 and August 15, 2031, respectively. The capital appreciation bonds mature in the years 2010 to 2013 in installments ranging from $230,000 to $355,000. The net proceeds were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the refunded bonds and to pay the costs of issuance of the bonds. As a result, the refunded bonds are considered to be defeased and the liability for those bonds, has been removed from the long-term debt account.	8,582,984
On September 1, 2008, the District issued $4,545,000 in Unlimited Tax School Building Bonds, Series 2008. The purpose of the bond issuance was to remodel and equip the old high school and to pay the related issuance costs. The bonds mature or are subject to mandatory redemption prior to maturity, on August 15 in each of the years and in the amounts shown in the Official Bond Statement. Interest on the $4,545,000 accrued from September 1, 2008, and is payable February 15 and August 15 of each year commencing February 15, 2009. Furthermore, interest is calculated on the basis of a 360-day year consisting of twelve 30-day months and the interest rate ranges from 3.125% - 5.250%. Principal and interest on the bonds is payable to Regions Bank (Paying Agent/Registrar). All taxable property within the District is subject to a continuing direct annual ad valorem tax levied by the District, without legal limit as to rate or amount, sufficient to provide for the payment of principal and interest on all bonds. Additionally, the payment of the bonds is guaranteed by the Permanent School Fund of Texas.	4,185,000
Total general obligation bonds	$13,102,984

NOTE I - LONG-TERM OBLIGATIONS – Continued

Capital Leases:

During the year ended August 31, 2011, the District entered into two capital leases for an energy management system with TAC Americas, Inc. (TAC). The capital leases are payable in 30 semi-annual installment payments. The lease is secured by the components of the energy management system (primarily air conditioning units and fluorescent lights) and matures in September 1, 2024. TAC has guaranteed that the annual payments over the 15 year life of the contracts will be funded by energy costs reductions. If the energy cost savings do not equal the payment, TAC will fund the difference. $1,557,990

During the year ended August 31, 2012, the District entered into a capital lease for an energy conservation system with Government Capital Corporation. The capital lease is payable in 20 semi-annual installment payments. The lease is secured by the components of the energy management system (primarily air conditioning units and fluorescent lights) and matures on March 1, 2021. 108,719

Total $1,666,709

Debt service requirements on long-term debt at August 31, 2012 are as follows:

Year Ending	Bonds Payable		Capital Lease		Total
August 31,	Principal	Interest	Principal	Interest	Requirement
2013	$ 222,984	$ 888,881	$ 101,149	$ 95,984	$ 1,308,998
2014	560,000	543,946	107,141	89,992	1,301,079
2015	585,000	521,828	113,489	83,644	1,303,961
2016	615,000	498,113	120,213	76,920	1,310,246
2017	640,000	473,906	127,336	69,797	1,311,039
2018-2022	3,625,000	1,967,594	700,193	231,605	6,524,392

USDA – Donated Commodities	10.565	35,582
Indirect Costs	Various	99,754
SHARS	-	177,521
		$997,845

NOTE M - CONTINGENT LIABILITIES

The District participates in a number of grant programs funded by State and Federal Agencies. These programs are subject to compliance audits by the grantor agencies or their representatives.

Audits of all of these programs for the year ended August 31, 2012 have not been conducted. Accordingly, the District's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District is a party to various legal actions, none of which is believed by administration to have a material effect on the financial condition of the District. Accordingly, no provision for losses has been recorded in the accompanying combined financial statements for such contingencies.

NOTE N - DEFINED BENEFIT PENSION PLAN

Plan description. Santa Rosa Independent School District contributes to the Teacher Retirement System of Texas (TRS), a cost-sharing multiple employer defined benefit pension plan. TRS administers retirement and disability annuities, and death and survivor benefits to employees and beneficiaries of employees of the public school systems of Texas. It operates primarily under the provisions of the Texas Constitution, Article XVI, Sec. 67, and Texas Government Code, Title 8, Subtitle C. TRS also administers proportional retirement benefits and service credit transfer under Texas Government Code, Title 8, Chapters 803 and 805, respectively. The Texas State legislature has the authority to establish and amend benefit provisions of the pension plan and may, under certain circumstances, grant special authority to the TRS Board of Trustees. TRS issues a publicly available financial report that includes financial statements and required supplementary information for the defined benefit pension plan. That report may be obtained by writing to the TRS Communications Department, 1000 Red River Street, Austin, Texas 78701, by calling the TRS Communications Department at 1-800-223-8778, or by downloading the report from the TRS Internet website, www.trs.state.tx.us, under the TRS Publications heading.

Funding Policy. Contribution requirements are not actuarially determined but are established and amended by the Texas state legislature. The state funding policy is as follows: (1) The state constitution requires the legislature to establish a member contribution rate of not less than 6.0% of the member's annual compensation and a state contribution rate of not less than 6.0% and not more than 10% of the aggregate annual compensation of all members of the system. (2) A state statute prohibits benefit improvements or contribution reductions if, as a result of a particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. State law provides for a member contribution rate of 6.4% for fiscal year 2012, 2011 and 2010, and state contribution rate of 6.644% for fiscal year 2011 and 6.58% for fiscal years 2010 and 2009. In certain instances, the reporting District is required to make all or a portion of the state's 6.644% contribution, limited to 6.4% for the period of September through December 2009 and increased to 6.644% for the period of January through August 2011.

State contributions to TRS made on behalf of the Santa Rosa Independent School District's employees for the years ended August 31, 2012, 2011 and 2010 were $355,534, $380,995, and $352,509, respectively. The Santa Rosa Independent School District paid additional state contributions for the years ended August 31, 2012, 2011 and 2010 in the amount of $29,434, $32,699, and $34,045, respectively, on the portion of the employees' salaries that exceeded the statutory minimum.

NOTE O - POSTEMPLOYMENT HEALTH BENEFITS FOR PUBLIC SCHOOL EMPLOYEES

Plan Description. The Teacher Retirement System of Texas (TRS) administers the Texas Public School Retired Employees Group Insurance Plan (TRS-Care), a cost-sharing multiple-employer defined benefit OPEB plan, in accordance with Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish basic and optional group coverage for participants.

The TRS-Care program is currently funded on a pay-as-you-go basis and is subject to changes based on available funding. The Texas Legislature determines the funding of benefits and has no continuing obligation to provide benefits beyond each fiscal year. Currently, the benefits of TRS-Care are financed through a combination of retiree premiums and percentage of payroll contributions from active employees, school districts and the State of Texas.

NOTE O - POSTEMPLOYMENT HEALTH BENEFITS FOR PUBLIC SCHOOL EMPLOYEES – Cont.

Benefit Provisions and Service Requirements. Retirees can receive a free basic level of coverage and optional coverage is also available. All dependent coverage is optional. Basic coverage is a comprehensive major medical group health insurance plan. Generally, TRS public school retirees with more than 10 years of service and their dependents are eligible for this insurance coverage.

Funding Policy. Funding for the free basic coverage is provided by the program based upon public school district payroll. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.0% and 0.65% of public school payroll, respectively, with school districts contributing a percentage of payroll set at .55% for fiscal years 2012, 2011 and 2010. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. Funding for optional coverage is provided by those participants selecting the optional coverage.

NOTE P - SCHOOL DISTRICT RETIREE HEALTH PLAN

Plan Description. The District contributes to the Texas Public School Retired Employees Group Insurance Program (TRS-Care), a cost-sharing multiple-employer defined benefit postemployment health care plan administered by the Texas Retirement System of Texas. TRS-Care Retired Plan provides health care coverage for certain persons (and their dependents) who retired under the Teacher Retirement System of Texas. The statutory authority for the program is Texas Insurance Code, Chapter 1575. Section 1575.052 grants the TRS Board of Trustees the authority to establish and amend basic and optional group insurance coverage for participants. The TRS issues a publicly available financial report that includes financial statements and required supplementary information for TRS-Care.

That report may be obtained by visiting the TRS Web site at www.trs.state.tx.us, by writing to the Communications Department of the Teacher Retirement System of Texas at 1000 Red River Street, Austin, Texas 78701, or by calling 1-800-223-8778.

Funding Policy. Contribution requirements are not actuarially determined but are legally established each biennium by the Texas Legislature. Texas Insurance Code, Sections 1575.202, 203, and 204 establish state, active employee, and public school contributions, respectively. The State of Texas and active public school employee contribution rates were 1.0% and 0.65% of public school payroll, respectively, with school districts contributing a percentage of payroll set at 0.55% for fiscal years 2012, 2011 and 2010. Per Texas Insurance Code, Chapter 1575, the public school contribution may not be less than 0.25% or greater than 0.75% of the salary of each active employee of the public school. For the years ended August 31, 2012, 2011, and 2010, the State's contributions to TRS-Care were $17,532, $21,136 and $13,433, respectively, the active member contributions were $46,571, $47,054 and $48,245, respectively, and the school district's contributions were $39,405, $39,815 and $40,823, respectively, which equaled the required contributions each year.

NOTE P - SCHOOL DISTRICT RETIREE HEALTH PLAN - Continued

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care receives retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended August 31, 2012, 2011, and 2010, the subsidy payments received by TRS-Care on behalf of the District were $18,532, $16,271 and $17,334, respectively.

The Early Retiree Reinsurance Program (ERRP) is a provision of the Patient Protection and Affordable Care Act (PPACA) and provides reimbursement to plan sponsors for a portion of the cost of providing health benefits to retirees between the ages of 55-64 and their covered dependents regardless of age. This temporary program is available to help employers continue to provide coverage to early retirees. TRS has been certified for this program and has received funds from the ERRP program. For the year ended August 31, 2012, the subsidy payments received by TRS on behalf of the District were $ 17,526.

NOTE Q - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2012, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year. In addition, there were no settlements exceeding insurance for each of the past three fiscal years.

Health Coverage

Effective September 1, 2003, the District entered into a health insurance contract with TRS-Active Care. These plans are fully-funded, pure premium plans for which the District pays premiums of $225, respectively per month per employee to the plan, and the employees, at their option, may authorize payroll withholdings to pay premiums for dependents. Terms of coverage and premium costs are included in the contractual provisions.

The determination of such claims and expenses and the appropriateness of the related liability is continually reviewed and updated. It is reasonably possible that the accrued estimated liability for self-insured claims may need to be revised in the near term.

Workers' Compensation Insurance

During the year ended August 31, 2012, the District met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund ("the Fund"). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Workers Compensation Program is authorized by Chapter 504, Texas Labor Code. All districts participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

The District participates in the Fund's reimbursable aggregate deductible program. As such, the District is responsible for a certain amount of claims liability as outlined on the District's Contribution and Coverage Summary document. After the District's deductible has been met, the Fund is responsible for additional claims.

NOTE Q - RISK MANAGEMENT – Continued

The Fund and its members are protected against higher than expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of $1.5 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully funds those reserves. As of August 31, 2011, the Fund carries a discounted reserve of $72,540,560 for future development on reported claims and claims that have been incurred but not yet reported. For the year ended August 31, 2011, member districts will have no additional liability beyond their contractual obligations for payment of contributions and reimbursable aggregate deductibles.

The Fund engages the services of Independent auditors to conduct an independent financial audit after the close of each plan year on August 31st and is approved by the Fund's Board of Trustees in February the following year. The Fund's audited financial statements as of August 31, 2011, are available at the TASB offices and have been filed with the Texas State Board of Insurance in Austin.

NOTE R - JOINT VENTURE - SHARED SERVICE ARRANGEMENTS

The District participates in a shared service arrangement with the Regional Service Center ("Region One"). Those programs provided through the shared services include the Teacher and Principal Training through the ESEA Title II, Part A. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, Region One Education Service Center, nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to Santa Rosa Independent School District. The fiscal agent manager is responsible for all financial activities of the shared services arrangement.

Presented below are the revenues and expenditures attributable to the District's participation.

Revenues		
5929	Federal revenue distributed by TEA	$80,306
	Total revenue	$80,306
Expenditures		
6100	Payroll costs	$19,606
6200	Purchased and contracted services	25,782
6300	Supplies and materials	6,906
6400	Miscellaneous operating expenses	28,012
	Total expenditures	$80,306

NOTE S - COMPLIANCE AND ACCOUNTABILITY

a. Finance-Related Legal and Contractual Provision

In accordance with GASB Statement No. 38, "Certain Financial Statement Note Disclosures," violations of finance related legal and contractual provisions, if any, are reported below, along with actions taken to address such violations:

School districts in Texas must comply with constitutional provisions, statutory laws, public policy established by common law, Title 19 of the Texas Administrative Code, and with regulations of the Texas Education Agency.

There were no instances noted in which expenditures exceeded budgeted amounts at the functional level as detailed in the General Fund – Budgetary comparison Schedule (Exhibit G-1).

NOTE T – FUND BALANCES

The District has classified its fund balances according to GASB Statement No. 54, with the following hierarchy:

Nonspendable: The District has inventories of $880, prepaid insurance of $25,669, and other deferred charges related to debt service of $98,566, totaling $125,115.

Spendable: The District has classified spendable fund balances as *Restricted, Committed, Assigned* and *Unassigned* and considered each to have been spent when expenditures are incurred.

Restricted for Food Service, Federal and State Programs, Debt Service and Capital Projects – Federal laws, Texas statutes and local ordinances require that certain revenues be specifically designed for the purposes of food service, federal and state programs, debt service, and capital projects. The funds have been included in the restricted category of fund balance.

Unassigned – the unassigned fund balance has no constraints.

	General Fund	Other Governmental Funds: Capital Projects	Other Governmental Funds: Other Funds	Total Governmental Funds
Fund balances				
Nonspendable

Stewardship, compliance, and accountability

Budgetary information

The Board adopts an "appropriated budget" on a basis consistent with GAAP for the general fund and debt service fund. At a minimum, the District is required to present the original and the final amended budgets for revenues and expenditures compared to actual revenues and expenditures for these two funds.

The following procedures are followed in establishing the budgetary data reflected in the general purpose financial statements:

- Prior to August 20 for a fiscal year start date of September 1, the District prepares a budget based on the modified zero-based budgeting concept for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.

- After one or more budget workshops with the Board, a meeting is called for the purpose of adopting the proposed budget. At least ten days but not more than 30 days public notice of the meeting is required.

- Prior to August 31st for a fiscal year start date of September 1, the Board legally adopts the budget for the general fund and debt service fund.

- After the budget for the above listed funds is approved, any amendment that causes an increase or decrease in a fund or functional spending category or total revenue or other resources object category requires Board approval prior to the fact. These amendments are presented to the Board at its regular monthly meeting and are reflected in the official minutes. Because the District has a policy of careful budgetary control, several budgetary amendments were necessary throughout the year.

- Expenditure budgets are controlled at the expenditure functional and object level by the appropriate administrator. Transfers may be authorized within functional and organizational categories that do not affect the total functional and organizational appropriation. All budget appropriations lapse at year-end.

Encumbrance accounting, under which purchase orders, contracts and other commitments are recorded in order to reserve that portion of the applicable appropriation, is used in all governmental funds. Encumbrances outstanding at year-end are commitments that do not constitute expenditures or liabilities. Since appropriations lapse at the end of each year, outstanding encumbrances are appropriately provided for in the subsequent fiscal year's budget to provide for the liquidation of the prior commitments.

There were no instances in which expenditures exceeded budgeted amounts at the functional level as detailed in the General Fund – Budgetary comparison Schedule (Exhibit G-1).

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Santa Rosa Independent School District

Members of the Board:

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Santa Rosa Independent School District, as of and for the year ended August 31, 2012, which collectively comprise Santa Rosa Independent School District's basic financial statements and have issued our report thereon dated January 17, 2013.We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Santa Rosa Independent School District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Santa Rosa Independent School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Santa Rosa Independent School District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Santa Rosa Independent School District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined previously.

(This page intentionally left blank.)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Santa Rosa Independent School District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Santa Rosa Independent School District in a separate letter dated January 17, 2013.

This report is intended solely for the information and use of management, the audit committee and the Board of Trustees, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Trustees
Santa Rosa Independent School District

Members of the Board:

Compliance

We have audited Santa Rosa Independent School District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Santa Rosa Independent School District's major federal programs for the year ended August 31, 2012. Santa Rosa Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Santa Rosa Independent School District's management. Our responsibility is to express an opinion on Santa Rosa Independent School District's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Santa Rosa Independent School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Santa Rosa Independent School District's compliance with those requirements.

In our opinion, Santa Rosa Independent School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2012.

Internal Control Over Compliance

Management of Santa Rosa Independent School District is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Santa Rosa Independent School District's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Santa Rosa Independent School District's internal control over compliance.

(This page intentionally left blank.)

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Santa Rosa Independent School District's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit Santa Rosa Independent School District's response and, accordingly, we express no opinion on the response.

The purpose of this report is solely to describe the scope of our testing of compliance with the types of compliance requirements applicable to each of Santa Rosa Independent School District's major programs and our testing of internal control over compliance and the results of our testing, and to provide an opinion on Santa Rosa Independent School District's compliance but not to provide an opinion on the effectiveness of Santa Rosa Independent School District's internal control over compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Santa Rosa Independent School District's compliance with requirements applicable to each major program and its internal control over compliance. Accordingly, this report is not suitable for any other purpose.

SANTA ROSA INDEPENDENT SCHOOL DISTRICT
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
YEAR ENDED AUGUST 31, 2012

NOTE A - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Santa Rosa Independent School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of State, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the general purpose financial statements.

NOTE B - PROGRAM REPORTING

SHARS and $99,754 of indirect cost are accounted for in the general fund. The National School Lunch Program, School Breakfast Program Commodity Supplemental Food Program, and Summer Feeding Program are accounted for in the General Fund. Expenditures are not specifically attributable to these revenues and are shown on this schedule in an amount equal to revenue for balancing purposes only.

Reconciliation

Amount of federal revenues Exhibit C-3	$4,181,482
Less amounts not considered to be federal awards, excluded on the Schedule of Expenditures of Federal Awards:	
School Health and Related Service Program (SHARS)	177,521
Indirect costs	99,754
Total expenditures of federal awards, per the Schedule of Expenditures of Federal Awards (Exhibit K-1)	$3,904,207

EXHIBIT K-3

SANTA ROSA INDEPENDENT SCHOOL DISTRICT
SCHEDULE OF REQUIRED RESPONSES TO SELECTED SCHOOL FIRST INDICATORS
AS OF AUGUST 31, 2012

Data Control Codes		Responses
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning default on bonded indebtedness obligations?	No
SF4	Did the District receive a clean audit? Was there an unqualified opinion in the annual Financial Report?	Yes
SF5	Did the Annual Financial Report disclose any instance of material weaknesses in internal controls?	No
SF9	Was there any disclosures in the Annual Financial Report of material noncompliance?	No
SF10	What was the total accumulated accretion on capital appreciation bonds included in the government-wide financial statements at fiscal year-end?	$191,736

To the Board of Trustees and Management
Santa Rosa Independent School District

In planning and performing our audit of the financial statements of the Santa Rosa Independent School District for the year ended August 31, 2012, we considered the District's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

During our audit, we became aware of certain matters that are opportunities for strengthening internal controls and operating efficiency. The memorandum that accompanies this letter summarizes our comments and suggestions regarding those matters. This letter does not affect our report, dated January 17, 2013, on the financial statements of the Santa Rosa Independent School District.

We will review the status of these comments during our next audit engagement. We have already discussed these comments and suggestions with various District personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This report is intended solely for the information and use of the audit committee, management, the Texas Education Agency, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

COMMENTS AND OBSERVATIONS

We have the following additional comments and observations that came to our attention during the performance of our audit procedures.

Indirect Cost rates – Title I Part A

In reviewing indirect costs for Title I, Part A reimbursements, it was noted that the indirect cost rate being applied in the District's calculation of indirect cost was incorrect. TEA set a rate of 2.35% for Santa Rosa Independent School District effective from July 1, 2011 through June 30, 2012. The reimbursement report reviewed for September 2011 calculated indirect costs at a rate of 3.52%. In this case, the difference between the allowable indirect cost and the amount reimbursed was immaterial, and the District also rectified the problem during the year. In addition, total indirect costs reimbursed under the programs did not exceed what would have been allowable in the absence of this issue, so there is no resulting questioned cost. However, using an incorrect indirect cost rate at all increases the risk that the District may incur questioned indirect cost reimbursements. We recommend that the District actively monitor and be pro-active about using the correct indirect cost rate.

Documentation of Objectives – Migrant Education

Out of a sample of twenty five expenditures charged to Migrant Education, there were two exceptions where written documentation of migrant objectives was not produced and one exception where the stated objective on the purchase requisition appears to have been questionably met. Migrant expenditures should be adequately documented in order to justify the charge to the migrant grant fund.

While it was ultimately determined that these costs were allowable for the program, and are allowable under federal guidelines, we recommend that the District thoroughly document migrant program objectives for all purchases. This may include attaching the listing of names of migrant students who might benefit from the expense to the purchase order or requisition request, as well as documenting how the intended objective was met when the expense is actually incurred. By doing this, the district is decreasing its risk of noncompliance with grant requirements or incurring questioned costs.

Pay Rate Authorization Forms

In a sample of forty items, one exception was noted where the authorized pay rate form was not updated to reflect a reduced days of service for the employee, causing the paycheck amount to not match the authorized rate form. In addition, three authorized rate forms were noted to not have obtained the required signatures. Current District policy requires two authorized signatures on each pay rate authorization. We recommend that the District implement monitoring and oversight policies to assure that all pay rates have the proper authorization obtained and documented prior to issuing payroll.

Journal Entries

We noted ten exceptions out of forty items tested where a journal entry made to the accounting system did not have a documented review or authorization other than the individual preparing the entry. We believe that the initials of the approving or reviewing person, other than the preparer, on the related documents should be used as evidence of review and approval. This documentation provides added support for the validity and accuracy of each journal entry, and would help prevent unauthorized or incorrect journal entries from being made.
