Rockwall ISD Student Dashboard and Log-In

What is my Rockwall ISD Dashboard?

In Rockwall, we have set up a dashboard for students that provides quick and simple access to all of our instructional programs, including Seesaw and Canvas.

Once students log into their Rockwall ISD account, they can access the dashboard and click any of the icons to open that program.

What is my Rockwall ISD Username and Password?

Your username looks like an email address. It is your Skyward Username and @stu.rockwallisd.org.

Your Skyward username is:
5 letters of last name + 3 letters of first name + 000 (typically)

Less than 5 letters in your last name? Add an underscore _ for each of the remaining letters.
Tom King log-in:
KING_TOM000@stu.rockwallisd.org
 (not case sensitive)

If you aren't sure about your password, any of your teachers should be able to help you with that!

How do I access my dashboard?

Once your are logged onto your Rockwall ISD account in a Chrome browser, your homepage is your Google Dashboard.

On a Chromebook, when you log-in with your Rockwall ISD account, you will just open the Chrome browser to access your dashboard.

If you are using a PC or a Mac, you will need to open a Chrome browser and log in. (Instructions for Logging into a Chrome Browser)

You can always get to your dashboard by clicking the home icon ⌂ or navigating to this URL: https://workspace.google.com/dashboard
