

AGREEMENT  
By and Between  
Olean City School District  
and  
Connecting Communities in Action, Inc.

**WHEREAS**, the Olean City School District is a public school district organized and existing under and pursuant to the laws of the State of New York, with its principal place of business located at 410 West Sullivan Street, Olean, New York 14760; and

**WHEREAS**, Connecting Communities in Action, Inc. is a private, not-for-profit organization dedicated to providing opportunities to help vulnerable people achieve economic, physical, and emotional security, with its principal place of business located at 25 Jefferson Street, Salamanca, New York 14779; and

**WHEREAS**, Olean Community Schools is a program within the Olean City School District which brings educators, families, and community partners together to offer a range of opportunities, supports, and services to children, youth as well as their families and communities by providing expanded learning opportunities that are motivating and engaging during the school day, after school, and in the summer; offering essential health and social supports and services; and engaging families and communities as assets in the lives of their children and youth; and

**WHEREAS**, Connecting Communities in Action, Inc. has the experience and capacity to provide services to at-risk youth and families within the Olean City School District through Olean Community Schools; and

**WHEREAS**, the Parties hereto desire to enter into this Agreement to set forth the Parties' respective duties and obligations with respect to the provision of services to at-risk youth and families within the Olean City School District through Olean Community Schools.

**NOW THEREFORE**, the Parties hereby agree as follows:

1. TERM: This Agreement shall be in effect from July 1, 2022 through June 30, 2023.
2. SCHOOL-HOME-COMMUNITY LIAISON:
  - a. Connecting Communities in Action, Inc. shall employ a School-Home-Community Liaison, as described in the School-Home-Community Liaison Job Description (Attachment A) and is further described herein.
  - b. The School-Home-Community Liaison shall be responsible for:
    - 1) Meeting with groups of students and providing structured activities to help the students.
    - 2) Meeting with and developing individual goals for students and families.
    - 3) Increasing involvement in social activities or extra-curricular activities for students.
    - 4) Increasing parental involvement/engagement with school, students and community.
    - 5) Linking families and students to outside service providers and assisting

those programs.

- 6) Maintaining a log of activities including: number of people, time spent, outcomes and any follow-up activities.
  - c. Connecting Communities in Action, Inc. shall be responsible for the Liaison's salary, benefits, training and any technical assistance needed by the Liaison.
  - d. The School-Home-Community Liaison is not an employee of the Olean City School District and shall not be entitled to any compensation or benefits from the Olean City School District.
3. **FUNDING:** In exchange for the services provided, the Olean City School District shall pay fifty six thousand, nine hundred twenty dollars (\$56,920) to Connecting Communities in Action, Inc. Connecting Communities in Actions, Inc. shall submit a monthly voucher, along with the time records of the School-Home-Community Liaison for the prior month, to the Olean City School District. The Olean City School District shall submit payment to Connecting Communities in Action, Inc. within 30 days from receipt of the voucher and time records.
4. **RESOURCES:** The Olean City School District shall provide the following resources to the School-Home-Community Liaison:
  - a. Office space within Olean School District
  - b. Access to a computer and a printer
  - c. Access to the Internet/email and a District email address
  - d. Office supplies such as paper, pens, stapler, tape, paper clips, etc.
  - e. Other supplies which shall be reasonably requested from time to time in order to complete the Liaison's responsibilities as described herein and as described in Attachment A.
5. **OTHER PROGRAMS:** Connecting Communities in Actions, Inc. may also offer to Olean Community Schools other Community Action programs which Connecting Communities in Action, Inc. believes may benefit the Olean Community Schools program.
6. **MEETINGS:** The School-Home-Community Liaison shall meet with representatives of Olean Community Schools on a regular basis and no less than once per week to discuss the Liaison's caseload and the Parties' progress toward the objectives of providing services to at-risk youth and families within the Olean City School District and to confirm that all parties are satisfied with the implementation of the Agreement.
7. **CONFIDENTIALITY:** Because of the nature of the activities resulting from this Agreement, the Parties recognize and agree to comply with applicable State and Federal laws including, but not limited to, HIPPA, HITECH, FERPA, and Education Law 2d Data Privacy. By signing this agreement, Connecting Communities in Action, Inc. agrees to also sign the attached Data Privacy Agreement. The School-Home-Community Liaison will participate in the district's Data Privacy training module.
8. **INSURANCE:** Connecting Communities in Action, Inc. affirms that it currently maintains insurance coverage, including general liability insurance with limits per occurrence of at least \$1,000,000, and agrees to maintain this coverage or substantially the same coverage during the term of this Agreement.

9. **INDEMNIFICATION:** Connecting Communities in Action, Inc. agrees to indemnify and hold harmless Olean City School District, their agents and employees, against claims, damages, losses and expenses, including, but not limited to, attorney's fees arising out of, and resulting from, the acts or omissions of Connecting Communities in Action, Inc. The Olean City School District agrees to indemnify and hold harmless Connecting Communities in Actions, Inc., their agents and employees, against claims, damages, losses and expenses, including, but not limited to, attorney's fees arising out of, and resulting from, the acts or omissions of the Olean City School District.
10. **TERMINATION:** Any Party may terminate this Agreement upon 90-days written notice to the other Party via certified mail.
11. **MODIFICATION:** This Agreement may be modified or amended only by the written agreement of the Olean City School District and Connecting Communities in Action, Inc.
12. **ASSIGNMENT:** This Agreement shall not be assignable either in whole or in part by any Party without the express written consent of the other Party.
13. **SEVERABILITY:** Should any provision of this Agreement be declared or determined by any court to be illegal or invalid, the validity of the remaining provisions shall not be affected hereby thereby and the illegal or invalid provision shall be severed from this Agreement, provided severance of the invalid or illegal provision does not defeat the intent of the parties as reflected in this Agreement.
14. **APPLICABLE LAW:** This Agreement shall be governed by and interpreted in accordance with the laws of the State of New York. The Parties irrevocably consent to jurisdiction and venue of any action or proceeding brought to enforce any rights, duties or obligations under this Agreement in the Supreme Court of the State of New York, Cattaraugus County, or in the United States District Court for Western District.
15. **APPROVAL OF BOARD OF EDUCATION:** This Agreement is subject to the approval of the Olean City School District's Board of Education.

WE, the undersigned, have read, understand and agree to the terms of this Agreement as of the date(s) set forth below:

NEW YORK STATE MODEL DATA PRIVACY AGREEMENT  
FOR EDUCATIONAL AGENCIES

# Olean City School District

and

**Cattaraugus Community Action, Inc.**

This Data Privacy Agreement ("DPA") is by and between the Olean City School District ("EA"), an Educational Agency, and Cattaraugus Community Action, Inc. ("Contractor"), collectively, the "Parties".

## ARTICLE I: DEFINITIONS

As used in this DPA, the following terms shall have the following meanings:

1. **Breach:** The unauthorized acquisition, access, use, or disclosure of Personally Identifiable Information in a manner not permitted by State and federal laws, rules and regulations, or in a manner which compromises its security or privacy, or by or to a person not authorized to acquire, access, use, or receive it, or a Breach of Contractor's security that leads to the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to Personally Identifiable Information.
2. **Commercial or Marketing Purpose:** means the sale, use or disclosure of Personally Identifiable Information for purposes of receiving remuneration, whether directly or indirectly; the sale, use or disclosure of Personally Identifiable Information for advertising purposes; or the sale, use or disclosure of Personally Identifiable Information to develop, improve or market products or services to students.
3. **Disclose:** To permit access to, or the release, transfer, or other communication of personally identifiable information by any means, including oral, written or electronic, whether intended or unintended.
4. **Education Record:** An education record as defined in the Family Educational Rights and Privacy Act and its implementing regulations, 20 U.S.C. 1232g and 34 C.F.R. Part 99, respectively.
5. **Educational Agency:** As defined in Education Law 2-d, a school district, board of cooperative educational services, school, charter school, or the New York State Education Department.
6. **Eligible Student:** A student who is eighteen years of age or older.
7. **Encrypt or Encryption:** As defined in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Security Rule at 45 CFR 164.304, means the use of an algorithmic process to transform Personally Identifiable Information into an unusable, unreadable, or indecipherable

form in which there is a low probability of assigning meaning without use of a confidential process or key.

8. **NIST Cybersecurity Framework:** The U.S. Department of Commerce National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity Version 1.1.
9. **Parent:** A parent, legal guardian or person in parental relation to the Student.
10. **Personally Identifiable Information (PII):** Means personally identifiable information as defined in section 99.3 of Title 34 of the Code of Federal Regulations implementing the Family Educational Rights and Privacy Act, 20 U.S.C 1232g , and Teacher or Principal APPR Data, as defined below.
11. **Release:** Shall have the same meaning as Disclose.
12. **School:** Any public elementary or secondary school including a charter school, universal pre-kindergarten program authorized pursuant to Education Law § 3602-e, an approved provider of preschool special education, any other publicly funded pre-kindergarten program, a school serving children in a special act school district as defined in Education Law § 4001, an approved private school for the education of students with disabilities, a State-supported school subject to the provisions of Article 85 of the Education Law, or a State-operated school subject to the provisions of Articles 87 or 88 of the Education Law.
13. **Student:** Any person attending or seeking to enroll in an Educational Agency.
14. **Student Data:** Personally identifiable information as defined in section 99.3 of Title 34 of the Code of Federal Regulations implementing the Family Educational Rights and Privacy Act, 20 U.S.C 1232g.
15. **Subcontractor:** Contractor's non-employee agents, consultants and/or subcontractors engaged in the provision of services pursuant to the Service Agreement.
16. **Teacher or Principal APPR Data:** Personally Identifiable Information from the records of an Educational Agency relating to the annual professional performance reviews of classroom teachers or principals that is confidential and not subject to release under the provisions of Education Law §§ 3012-c and 3012-d.

## ARTICLE II: PRIVACY AND SECURITY OF PII

### 1. Compliance with Law.

In order for Contractor to provide certain services ("Services") to the EA pursuant to a contract dated [6/14/22] ("Service Agreement"); Contractor may receive PII regulated by several New York and federal laws and regulations, among them, the Family Educational Rights and Privacy Act ("FERPA") at 12 U.S.C. 1232g (34 CFR Part 99); Children's Online Privacy Protection Act ("COPPA") at 15 U.S.C. 6501-6502 (16 CFR Part 312); Protection of Pupil Rights Amendment ("PPRA") at 20 U.S.C. 1232h (34 CFR Part 98); the Individuals with Disabilities Education Act ("IDEA") at 20 U.S.C. 1400 et

seq. (34 CFR Part 300); New York Education Law Section 2-d; and the Commissioner of Education's Regulations at 8 NYCRR Part 121. The Parties enter this DPA to address the requirements of New York law. Contractor agrees to maintain the confidentiality and security of PII in accordance with applicable New York, federal and local laws, rules and regulations.

**2. Authorized Use.**

Contractor has no property or licensing rights or claims of ownership to PII, and Contractor must not use PII for any purpose other than to provide the Services set forth in the Service Agreement. Neither the Services provided nor the manner in which such Services are provided shall violate New York law.

**3. Data Security and Privacy Plan.**

Contractor shall adopt and maintain administrative, technical and physical safeguards, measures and controls to manage privacy and security risks and protect PII in a manner that complies with New York State, federal and local laws and regulations and the EA's policies. Education Law Section 2-d requires that Contractor provide the EA with a Data Privacy and Security Plan that outlines such safeguards, measures and controls including how the Contractor will implement all applicable state, federal and local data security and privacy requirements. Contractor's Data Security and Privacy Plan is attached to this DPA as Exhibit C.

**4. EA's Data Security and Privacy Policy**

State law and regulation requires the EA to adopt a data security and privacy policy that complies with Part 121 of the Regulations of the Commissioner of Education and aligns with the NIST Cyber Security Framework. Contractor shall comply with the EA's data security and privacy policy and other applicable policies.

**5. Right of Review and Audit.**

Upon request by the EA, Contractor shall provide the EA with copies of its policies and related procedures that pertain to the protection of PII. It may be made available in a form that does not violate Contractor's own information security policies, confidentiality obligations, and applicable laws. In addition, Contractor may be required to undergo an audit of its privacy and security safeguards, measures and controls as it pertains to alignment with the requirements of New York State laws and regulations, the EA's policies applicable to Contractor, and alignment with the NIST Cybersecurity Framework performed by an independent third party at Contractor's expense, and provide the audit report to the EA. Contractor may provide the EA with a recent industry standard independent audit report on Contractor's privacy and security practices as an alternative to undergoing an audit.

## **6. Contractor's Employees and Subcontractors.**

- (a) Contractor shall only disclose PII to Contractor's employees and subcontractors who need to know the PII in order to provide the Services and the disclosure of PII shall be limited to the extent necessary to provide such Services. Contractor shall ensure that all such employees and subcontractors comply with the terms of this DPA.
- (b) Contractor must ensure that each subcontractor performing functions pursuant to the Service Agreement where the subcontractor will receive or have access to PII is contractually bound by a written agreement that includes confidentiality and data security obligations equivalent to, consistent with, and no less protective than, those found in this DPA.
- (c) Contractor shall examine the data security and privacy measures of its subcontractors prior to utilizing the subcontractor. If at any point a subcontractor fails to materially comply with the requirements of this DPA, Contractor shall: notify the EA and remove such subcontractor's access to PII; and, as applicable, retrieve all PII received or stored by such subcontractor and/or ensure that PII has been securely deleted and destroyed in accordance with this DPA. In the event there is an incident in which the subcontractor compromises PII, Contractor shall follow the Data Breach reporting requirements set forth herein.
- (d) Contractor shall take full responsibility for the acts and omissions of its employees and subcontractors.
- (e) Contractor must not disclose PII to any other party unless such disclosure is required by statute, court order or subpoena, and the Contractor makes a reasonable effort to notify the EA of the court order or subpoena in advance of compliance but in any case, provides notice to the EA no later than the time the PII is disclosed, unless such disclosure to the EA is expressly prohibited by the statute, court order or subpoena.

## **7. Training.**

Contractor shall ensure that all its employees and Subcontractors who have access to PII have received or will receive training on the federal and state laws governing confidentiality of such data prior to receiving access.

## **8. Termination**

The obligations of this DPA shall continue and shall not terminate for as long as the Contractor or its sub-contractors retain PII or retain access to PII.

**9. Data Return and Destruction of Data.**

- (a) Protecting PII from unauthorized access and disclosure is of the utmost importance to the EA, and Contractor agrees that it is prohibited from retaining PII or continued access to PII or any copy, summary or extract of PII, on any storage medium (including, without limitation, in secure data centers and/or cloud-based facilities) whatsoever beyond the period of providing Services to the EA, unless such retention is either expressly authorized for a prescribed period by the Service Agreement or other written agreement between the Parties, or expressly requested by the EA for purposes of facilitating the transfer of PII to the EA or expressly required by law. As applicable, upon expiration or termination of the Service Agreement, Contractor shall transfer PII, in a format agreed to by the Parties to the EA.
- (b) If applicable, once the transfer of PII has been accomplished in accordance with the EA's written election to do so, Contractor agrees to return or destroy all PII when the purpose that necessitated its receipt by Contractor has been completed. Thereafter, with regard to all PII (including without limitation, all hard copies, archived copies, electronic versions, electronic imaging of hard copies) as well as any and all PII maintained on behalf of Contractor in a secure data center and/or cloud-based facilities that remain in the possession of Contractor or its Subcontractors, Contractor shall ensure that PII is securely deleted and/or destroyed in a manner that does not allow it to be retrieved or retrievable, read or reconstructed. Hard copy media must be shredded or destroyed such that PII cannot be read or otherwise reconstructed, and electronic media must be cleared, purged, or destroyed such that the PII cannot be retrieved. Only the destruction of paper PII, and not redaction, will satisfy the requirements for data destruction. Redaction is specifically excluded as a means of data destruction.
- (c) Contractor shall provide the EA with a written certification of the secure deletion and/or destruction of PII held by the Contractor or Subcontractors.
- (d) To the extent that Contractor and/or its subcontractors continue to be in possession of any de-identified data (i.e., data that has had all direct and indirect identifiers removed), they agree not to attempt to re-identify de-identified data and not to transfer de-identified data to any party.

**10. Commercial or Marketing Use Prohibition.**

Contractor agrees that it will not sell PII or use or disclose PII for a Commercial or Marketing Purpose.

### 11. Encryption.

Contractor shall use industry standard security measures including encryption protocols that comply with New York law and regulations to preserve and protect PII. Contractor must encrypt PII at rest and in transit in accordance with applicable New York laws and regulations.

### 12. Breach.

- (a) Contractor shall promptly notify the EA of any Breach of PII without unreasonable delay no later than seven (7) business days after discovery of the Breach. Notifications required pursuant to this section must be in writing, given by personal delivery, e-mail transmission (if contact information is provided for the specific mode of delivery), or by registered or certified, and must to the extent available, include a description of the Breach which includes the date of the incident and the date of discovery; the types of PII affected and the number of records affected; a description of Contractor's investigation; and the contact information for representatives who can assist the EA. Notifications required by this section must be sent to the EA's District Superintendent or other head administrator with a copy to the Data Protection Office. Violations of the requirement to notify the EA shall be subject to a civil penalty pursuant to Education Law Section 2-d. The Breach of certain PII protected by Education Law Section 2-d may subject the Contractor to additional penalties.

- (b) Notifications required under this paragraph must be provided to the EA at the following address:

**Name:** *Marc Friends*

**Title:** *Technology Coordinator/District Privacy Officer*

**Address:** *410 West Sullivan Street*

**City, State, Zip:** *Olean, NY 14760*

**Email:** *DPO@oleanschools.org*

### 13. Cooperation with Investigations.

Contractor agrees that it will cooperate with the EA and law enforcement, where necessary, in any investigations into a Breach. Any costs incidental to the required cooperation or participation of the Contractor or its' Authorized Users, as related to such investigations, will be the sole responsibility of the Contractor if such Breach is attributable to Contractor or its Subcontractors.

#### **14. Notification to Individuals.**

Where a Breach of PII occurs that is attributable to Contractor, Contractor shall pay for or promptly reimburse the EA for the full cost of the EA's notification to Parents, Eligible Students, teachers, and/or principals, in accordance with Education Law Section 2-d and 8 NYCRR Part 121.

#### **15. Termination.**

The confidentiality and data security obligations of the Contractor under this DPA shall survive any termination of this DPA but shall terminate upon Contractor's certifying that it has destroyed all PII.

### **ARTICLE III: PARENT AND ELIGIBLE STUDENT PROVISIONS**

#### **1. Parent and Eligible Student Access.**

Education Law Section 2-d and FERPA provide Parents and Eligible Students the right to inspect and review their child's or the Eligible Student's Student Data stored or maintained by the EA. To the extent Student Data is held by Contractor pursuant to the Service Agreement, Contractor shall respond within thirty (30) calendar days to the EA's requests for access to Student Data so the EA can facilitate such review by a Parent or Eligible Student, and facilitate corrections, as necessary. If a Parent or Eligible Student contacts Contractor directly to review any of the Student Data held by Contractor pursuant to the Service Agreement, Contractor shall promptly notify the EA and refer the Parent or Eligible Student to the EA.

#### **2. Bill of Rights for Data Privacy and Security.**

As required by Education Law Section 2-d, the Parents Bill of Rights for Data Privacy and Security and the supplemental information for the Service Agreement are included as Exhibit A and Exhibit B, respectively, and incorporated into this DPA. Contractor shall complete and sign Exhibit B and append it to this DPA. Pursuant to Education Law Section 2-d, the EA is required to post the completed Exhibit B on its website.

### **ARTICLE IV: MISCELLANEOUS**

#### **1. Priority of Agreements and Precedence.**

In the event of a conflict between and among the terms and conditions of this DPA, including all Exhibits attached hereto and incorporated herein and the Service Agreement, the terms and conditions of this DPA shall govern and prevail, shall survive the termination of the Service Agreement in the manner set forth herein, and shall supersede all prior communications, representations, or agreements, oral or written, by the Parties relating thereto.

## 2. Execution.

This DPA may be executed in one or more counterparts, all of which shall be considered one and the same document, as if all parties had executed a single original document, and may be executed utilizing an electronic signature and/ or electronic transmittal, and each signature thereto shall be and constitute an original signature, as if all parties had executed a single original document.

## 3. Cyber Insurance.

If the Vendor will be communicating with the District electronically and/or collecting any sensitive staff or student data, the Vendor must have coverage applicable to first- and third-party claims including but not limited to data compromise expenses and liability, forensic review costs, legal review costs, data restoration and re-creation costs, public relations costs, extortion costs, network security liability, identity recovery costs, regulatory fines and penalties, and credit monitoring costs. Coverage limits shall be no less than:

|                       |             |
|-----------------------|-------------|
| Each Occurrence/Claim | \$1,000,000 |
| Aggregate             | \$1,000,000 |

| EDUCATIONAL AGENCY                                                                                        | CONTRACTOR                                                                              |

| Technology Coordinator/District Privacy Officer                                                           | CEO                                                                                     |
| Date: 07-25-2022                                                                                          | Date: 6.14.22                                                                           |

## EXHIBIT A - Education Law §2-d Bill of Rights for Data Privacy and Security

Parents (including legal guardians or persons in parental relationships) and Eligible Students (students 18 years and older) can expect the following:

1. A student's personally identifiable information (PII) cannot be sold or released for any Commercial or Marketing purpose. PII, as defined by Education Law § 2-d and the Family Educational Rights and Privacy Act ("FERPA"), includes direct identifiers such as a student's name or identification number, parent's name, or address; and indirect identifiers such as a student's date of birth, which when linked to or combined with other information can be used to distinguish or trace a student's identity. Please see FERPA's regulations at 34 CFR 99.3 for a more complete definition.
2. The right to inspect and review the complete contents of the student's education record stored or maintained by an educational agency. This right may not apply to Parents of an Eligible Student.
3. State and federal laws such as Education Law § 2-d; the Commissioner of Education's Regulations at 8 NYCRR Part 121, FERPA at 12 U.S.C. 1232g (34 CFR Part 99); Children's Online Privacy Protection Act ("COPPA") at 15 U.S.C. 6501-6502 (16 CFR Part 312); Protection of Pupil Rights Amendment ("PPRA") at 20 U.S.C. 1232h (34 CFR Part 98); and the Individuals with Disabilities Education Act ("IDEA") at 20 U.S.C. 1400 et seq. (34 CFR Part 300); protect the confidentiality of a student's identifiable information.
4. Safeguards associated with industry standards and best practices including, but not limited to, encryption, firewalls and password protection must be in place when student PII is stored or transferred.
5. A complete list of all student data elements collected by NYSED is available at [www.nysed.gov/data-privacy-security/student-data-inventory](http://www.nysed.gov/data-privacy-security/student-data-inventory) and by writing to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234.
6. The right to have complaints about possible breaches and unauthorized disclosures of PII addressed. (i) Complaints should be submitted to the EA at: <https://www.oleanschools.org/Page/8316>, by email to [DPO@oleanschools.org](mailto:DPO@oleanschools.org). (ii) Complaints may also be submitted to the NYS Education Department at [www.nysed.gov/data-privacy-security/report-improper-disclosure](http://www.nysed.gov/data-privacy-security/report-improper-disclosure), by mail to: Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234; by email to [privacy@nysed.gov](mailto:privacy@nysed.gov); or by telephone at 518-474-0937.
7. To be notified in accordance with applicable laws and regulations if a breach or unauthorized release of PII occurs.
8. Educational agency workers that handle PII will receive training on applicable state and federal laws, policies, and safeguards associated with industry standards and best practices that protect PII.
9. Educational agency contracts with vendors that receive PII will address statutory and regulatory data privacy and security requirements.

| CONTRACTOR     |                                                                                      |
|----------------|--------------------------------------------------------------------------------------|
| [Signature]    |  |
| [Printed Name] | Tina Zerbian                                                                         |
| [Title]        | CEO                                                                                  |
| Date:          | 6.14.22                                                                              |

## EXHIBIT B

### BILL OF RIGHTS FOR DATA PRIVACY AND SECURITY - SUPPLEMENTAL INFORMATION FOR CONTRACTS THAT UTILIZE PERSONALLY IDENTIFIABLE INFORMATION

Pursuant to Education Law § 2-d and Section 121.3 of the Commissioner's Regulations, the Educational Agency (EA) is required to post information to its website about its contracts with third-party contractors that will receive Personally Identifiable Information (PII).

|                                                                                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                |

## EXHIBIT C - CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

### CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

|   |                                                                                                                                                                                                                                                            |                            |
|---|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|
| 1 | Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.                                                                                                                                   |                            |
| 2 | Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.                                                                                                                                      |                            |
| 3 | Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.                                                       |                            |
| 4 | Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.                                                                                     |                            |
| 5 | Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA. |                            |
| 6 | Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.                                                                                                                         |                            |
| 7 | Describe your secure destruction practices and how certification will be provided to the EA.                                                                                                                                                               |                            |
| 8 | Outline how your data security and privacy program/practices align with the EA's applicable policies.                                                                                                                                                      |                            |
| 9 | Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1 using the Framework chart below.                                                                                                                      | PLEASE USE TEMPLATE BELOW. |

## EXHIBIT C.1 – NIST CSF TABLE

The table below will aid the review of a Contractor's Data Privacy and Security Plan. Contractors should complete the Contractor Response sections in the table below to describe how their policies and practices align with each category in the Data Privacy and Security Plan template. To complete these 23 sections, a Contractor may: (i) Demonstrate alignment using the National Cybersecurity Review (NCSR) Maturity Scale of 1-7 ; (ii) Use a narrative to explain alignment (may reference its applicable policies ); and/or (iii) Explain why a certain category may not apply to the transaction contemplated. Further informational references for each category can be found on the NIST website at <https://www.nist.gov/cyberframework/new-framework>. Please use additional pages if needed.

| Function         | Category                                                                                                                                                                                                                                                                                 | Contractor Response |
|------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| IDENTIFY<br>(ID) | <b>Asset Management (ID.AM):</b> The data, personnel, devices, systems, and facilities that enable the organization to achieve business purposes are identified and managed consistent with their relative importance to organizational objectives and the organization's risk strategy. |                     |
|                  | <b>Business Environment (ID.BE):</b> The organization's mission, objectives, stakeholders, and activities are understood and prioritized; this information is used to inform cybersecurity roles, responsibilities, and risk management decisions.                                       |                     |
|                  | <b>Governance (ID.GV):</b> The policies, procedures, and processes to manage and monitor the organization's regulatory, legal, risk, environmental, and operational requirements are understood and inform the management of cybersecurity risk.                                         |                     |
|                  | <b>Risk Assessment (ID.RA):</b> The organization understands the cybersecurity risk to organizational operations (including mission, functions, image, or reputation), organizational assets, and individuals.                                                                           |                     |
|                  | <b>Risk Management Strategy (ID.RM):</b> The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support operational risk decisions.                                                                                                    |                     |
|                  | <b>Supply Chain Risk Management (ID.SC):</b> The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support risk decisions associated with managing supply chain risk. The organization has established and implemented the            |                     |

| Function        | Category                                                                                                                                                                                                                                                                                                                   | Contractor Response |
|-----------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
|                 | processes to identify, assess and manage supply chain risks.                                                                                                                                                                                                                                                               |                     |
| PROTECT<br>(PR) | <b>Identity Management, Authentication and Access Control (PR.AC):</b> Access to physical and logical assets and associated facilities is limited to authorized users, processes, and devices, and is managed consistent with the assessed risk of unauthorized access to authorized activities and transactions.          |                     |
|                 | <b>Awareness and Training (PR.AT):</b> The organization's personnel and partners are provided cybersecurity awareness education and are trained to perform their cybersecurity-related duties and responsibilities consistent with related policies, procedures, and agreements.                                           |                     |
|                 | <b>Data Security (PR.DS):</b> Information and records (data) are managed consistent with the organization's risk strategy to protect the confidentiality, integrity, and availability of information.                                                                                                                      |                     |
|                 | <b>Information Protection Processes and Procedures (PR.IP):</b> Security policies (that address purpose, scope, roles, responsibilities, management commitment, and coordination among organizational entities), processes, and procedures are maintained and used to manage protection of information systems and assets. |                     |
|                 | <b>Maintenance (PR.MA):</b> Maintenance and repairs of industrial control and information system components are performed consistent with policies and procedures.                                                                                                                                                         |                     |
|                 | <b>Protective Technology (PR.PT):</b> Technical security solutions are managed to ensure the security and resilience of systems and assets, consistent with related policies, procedures, and agreements.                                                                                                                  |                     |
| DETECT<br>(DE)  | <b>Anomalies and Events (DE.AE):</b> Anomalous activity is detected and the potential impact of events is understood.                                                                                                                                                                                                      |                     |
|                 | <b>Security Continuous Monitoring (DE.CM):</b> The information system and assets are monitored to identify cybersecurity events and verify the effectiveness of protective measures.                                                                                                                                       |                     |
|                 | <b>Detection Processes (DE.DP):</b> Detection processes and procedures are maintained and tested to ensure awareness of anomalous events.                                                                                                                                                                                  |                     |

| Function        | Category                                                                                                                                                                                                                           | Contractor Response |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------|
| RESPOND<br>(RS) | <b>Response Planning (RS.RP):</b> Response processes and procedures are executed and maintained, to ensure response to detected cybersecurity incidents.                                                                           |                     |
|                 | <b>Communications (RS.CO):</b> Response activities are coordinated with internal and external stakeholders (e.g. external support from law enforcement agencies).                                                                  |                     |
|                 | <b>Analysis (RS.AN):</b> Analysis is conducted to ensure effective response and support recovery activities.                                                                                                                       |                     |
|                 | <b>Mitigation (RS.MI):</b> Activities are performed to prevent expansion of an event, mitigate its effects, and resolve the incident.                                                                                              |                     |
|                 | <b>Improvements (RS.IM):</b> Organizational response activities are improved by incorporating lessons learned from current and previous detection/response activities.                                                             |                     |
| RECOVER<br>(RC) | <b>Recovery Planning (RC.RP):</b> Recovery processes and procedures are executed and maintained to ensure restoration of systems or assets affected by cybersecurity incidents.                                                    |                     |
|                 | <b>Improvements (RC.IM):</b> Recovery planning and processes are improved by incorporating lessons learned into future activities.                                                                                                 |                     |
|                 | <b>Communications (RC.CO):</b> Restoration activities are coordinated with internal and external parties (e.g. coordinating centers, Internet Service Providers, owners of attacking systems, victims, other CSIRTs, and vendors). |                     |
