

MRMHS Library's Acceptable Use Form

Dear Parents and Guardians:

At Monadnock Regional Middle High School, the Library is able to offer technology tools to help students with their school work. As the items are more expensive than the usual book, we ask that the student's parent or guardian acknowledge the replacement price for these items. Your student also needs to sign they understand they are responsible for taking care of the item and returning the item on time. In order to use these items, this form needs to be returned to Mrs. Charlefour (the School Librarian) for her to keep on file in the Library.
