Second Incident: Parent/Guardian contact by the teacher and administrator, one day I.S.S. assignment

Bullying Prevention

Bullying is when one person repeatedly picks on or hurts another person either physically, verbally, or non-verbally. Cyberbullying includes but is not limited to sending or posting harmful or cruel texts or images using the internet or other digital communication devices. Everyone at ETMS should be treated equally, and feel safe, secure, and accepted regardless of (included but not limited to) color, race, ability, sexual orientation, religion, age, disability, and nationality.

School Pledge Against Bullying:

1. We will not bully others.
2. We will try to help students who are being bullied.
3. We will make it a point to include all students.
4. We will tell an adult when we see bullying behavior.
5. If I am being bullied, I will tell an adult.
6. Whether I am being a bully or see someone being bullied, if I don't report or stop the bullying, I am a part of the problem.

ADVISORY/HOMEROOM PROGRAM

Self-worth and a sense of belonging are very basic social and emotional needs of middle school students. The Advisory/Homeroom teacher program provides a setting that strives to meet these needs. This program emphasizes the human relationship skills required for positive interactions.

In Advisory/Homeroom, students have the opportunity to participate in activities designed to develop positive self-image, improve study skills, and better peer relationships; and learn cooperative participation and other skills needed to be successful. Advisory/Homeroom also provides a time for teachers, referred to as teacher/advisors, to be aware of the academic and social progress of their advisees and to interact with them individually. In addition to advisement activities, Advisory/Homeroom provides a time for student business, school elections, intramural activities and other special events.

Advisory/Homeroom Teacher Program Objectives:

1. To meet the social and emotional needs of students.

2. To encourage student-involvement to develop a sense of dignity and worth.
3. To become more aware of the developmental needs of each advisee.
4. To ease the transition from elementary school to high school.
5. To provide a three-way connection among parents/guardians, teachers, and students.

BISON TIME

Bison Time at East Trails addresses our students' needs and recognizes their successes. Bison Time allows students time to begin their homework, make-up test/projects, access computers/technologies for academic purposes, and access their teachers for questions, re-teaching, and help.

BIST

East Trails Middle School follows BIST (Behavior Intervention Support Team). BIST empowers educators and parents/guardians with the resources and understanding they need to partner with students. This further allows for the development of emotional awareness and positive coping skills so students can live safe, productive, and nonviolent lives both inside and outside of the classroom.

At East Trails Middle School, we teach students skills which enhance their ability to: Make positive choices even when angry/upset. Make good choices when others around them are not. Choose to do something asked of them even when they may not want to.

- Here are some terms students may see or hear: Safe Seat – opportunity to reflect within the classroom Buddy Room – opportunity to reflect in an alternative location. Think Sheet – A tool to guide students thought the reflection process. Processing – A time for a student and teacher to process their thoughts, voice their perspective, and create a plan of action for future success in the learning environment.
- What does BIST look like? When a student is disruptive (hurtful to and/or about another student or adult; and/or interferes with the learning of other students), the teacher will engage students in a caring manner without the use of anger.
- What does BIST sound like? When students are having a problem with their behavior, they may hear some of the following questions and statements from their teacher: “Are you okay? Can you do this even if you don’t want to? What was the problem? Why was it a problem? Who did it hurt? What can you do to take care of yourself and not be in trouble? What can you do next time this happens? It’s OK to have a problem, but it isn’t OK to stay stuck with it. Can you be OK even when others are not?”

CHECKING STUDENTS OUT

A photo ID is required to check students out of the building. A student will not be allowed to leave unless the person checking the student out is a parent/guardian or is on the emergency contact list. The school utilizes controlled access at the main entrance. Upon arriving to school, guests will press the button next to the door to be greeted and granted access. After entering the building, all guests are expected to check in at the front office.

COMMITMENT PROCESS

When a student develops a behavior or academic responsibility concern, the student and teacher will collaborate to work through a four-step "Commitment Process":

- Step 1: Student-teacher conference/possible movement of citizenship rating
- Step 2: Student commitment detention with the teacher before school (after normal bus/guardian arrival)/possible movement of citizenship rating
- Step 3: Student-teacher conference/ parent/guardian contact/possible movement of citizenship rating
- Step 4: Student-teacher conference/referral to Student Administration/possible movement of citizenship rating

If the student does not complete the commitment responsibilities in Steps 1-3, a one-hour, after-school detention will be assigned by Student Administration. Flagrant verbal and/or physical behaviors will result in immediate referral to Student Administration.

COUNSELING SERVICES

All students can access the services of our counseling department. Counselors' classroom lessons for seventh grade students focus on self-care, anti-bullying, and career development. For eighth grade students, counselors focus on suicide prevention and career development. Counselors are available to meet with students and parents/guardians to develop the four-year high school educational plan. Counselors will make every attempt to deal with the responsive needs of students. A counseling appointment can be made in the Counseling Office before and after school, during SOAR, and at other times that do not disrupt class. The counseling department is responsible for all standardized and individual testing programs at ETMS.

DETENTIONS

Students are assigned detentions through the office by the administration for failing to follow school rules and regulations. There are 1-hour (3:20-4:20 p.m.), 2-hour (3:20-5:20 p.m.), or 3-hour (3:20-6:20 p.m.) work sessions. See the Discipline Guide for the consequences of not attending a scheduled detention. Misconduct in after-school detention may result in assignment of I.S.S.

FINES

All Library Media Center fines are paid in the Media Center. Other fines are paid in the front office. All fines must be paid in order for students to receive a yearbook and their schedule for the following school year. If needed, contact your school administrator to set up a payment plan prior to the end of the school year.

FOOD DELIVERY

Students may choose to bring their own lunch to school. Outside food may be brought in by only a parent/guardian or emergency contact for only their student to consume. Students may pick up food that is dropped off, during their designated lunch time. No vendor deliveries will be allowed or transferred to students during the school day.

IN-SCHOOL-SUPPORT (I.S.S.)

I.S.S. is designed to provide a structured, supervised program to suspended students in lieu of an out-of-school

suspension. The intent of I.S.S. is to have a positive impact on the student's attitude toward behavior in school while continuing academic progress. Students are not allowed to participate in or attend any before or after school activities on the day of I.S.S.

LATE ARRIVAL TO SCHOOL

The school day begins at 8:20 a.m. Students who arrive after 8:20 a.m. must check in at the attendance window before going to class. Students who are late to school 8 or more times per semester may require intervention and/or disciplinary action. The school district provides transportation for students living within the ETMS attendance area. Students who choose not to use the bus transportation services will be excused only if the reason for tardiness falls within the excused absence guidelines.

LIBRARY MEDIA CENTER

The Media Center is open each school day from 8:05 a.m. to 3:30 p.m. A student may enter the library at any time during the school day with a pass from a teacher. The Media Center contains a wide variety of excellent reference and recreational reading materials. Students must use ID labels/cards to check out materials.

A student may check out 3 materials from the library. This includes books, audio books, and magazines. Items may be checked out for 4 weeks at a time. Additionally, the media center has e-book check out. The policies and procedures for e-book check out can be given to students by the librarian.

The Media Center sponsors a variety of activities throughout the school year ranging from book clubs, family literacy events, and reading incentives. Information on the

Media Center can be accessed on the school website under the Media Center link.

PARENT-TEACHER ASSOCIATION (PTA)

PTA seeks to create a climate of cooperation, acceptance, openness and concern between parents/guardians, students, and teachers. PTA assists the school by providing volunteer services and conducting educational programs designed to inform parents/guardians about school activities and the educational process.

PTA members will be available during schedule pick-up to share information, enroll parents/guardians as members, and recruit activity volunteers. PTA volunteer support is important to the success of many student activities throughout the year.

STUDENT COUNCIL

Students will apply each fall to serve on the Student Council. The council will consist of the elected officers and 7th and 8th grade representatives.

TRAIL TIME

Trail Time is the sustained silent reading program at ETMS. During TRAIL Time, students select and read school-appropriate material that is interesting to them. In addition to reading independently, students engage in activities that allow them to talk about the books they are reading. In order to provide students with easy access to appealing, high-interest materials, each teacher has a well-stocked classroom library. Students may also read materials from home, the ETMS library, or the public library.

ACADEMICS

ABSENCES

Follow this procedure when it becomes necessary to be absent from school:

1. The student's parent/guardian should notify the school attendance office by phone or email between 8:00 a.m. and 10:00 a.m. on the day of absence with the reason for non-attendance
2. If the school has not received information from a parent/guardian before 10:00 a.m. concerning the student's absence, the student's name will be listed on the absentee report as "undetermined."
3. If the school office is unable to contact the parent/guardian by the end of the day, the absence will be marked "unexcused" and will be recorded on the attendance record.
4. Students may not return to attend any after-school activity if they are not in attendance at least 4 clock hours or if they leave school ill during the day (without administrator approval).

ABSENCES - DEFINITION OF EXCUSED/UNEXCUSED

An absence will be listed as excused if the reason can be classified under one of the following categories:

1. Personal illness of the student verified by a parent/guardian.
2. Family illness or emergency that necessitates a student's presence at home.

3. Dental or medical appointments that cannot be obtained at a time other than during school hours. Dentist/Physician verification of the appointment must be given to the attendance secretary upon return to school.
4. Trips with parents/guardians, provided school officials are notified prior to the absence.
5. Unusual opportunities for educational experiences not available at other times, providing permission is received from the administration in advance.
6. Other reasons not listed may be considered excused if approved by administration prior to the absence (religious observances, visits to family member on active duty, other).

Students who are excused for an absence are permitted to make up all work and assignments missed while absent, but must do so within a time limit. The general rule is one school day for each day of absence. A student absent three days would thus have to complete all make-up work within three days after returning to school.

An absence shall be classified as unexcused when it cannot be classified under one of the six reasons listed above, or if no information is provided to the attendance office. Missing school for other reasons without first contacting school administration may also cause an absence to be listed as unexcused.

Students assigned O.S.S. are expected to make up homework, projects and tests. Students will receive full

credit for homework, projects, quizzes and tests accurately completed on time.

ABSENCES - MAKE-UP WORK

Students who are absent from school are responsible for contacting teachers and determining what assignments are to be made up and the time limit for having them completed. Students will be given one day for each day of absence to make up the work. Long-term projects that have been assigned more than five (5) school days in advance of the absence are due the day of return unless arrangements have been agreed upon by the teacher prior to the due date. Make-up tests will be scheduled at the discretion of the teacher.

When a student has been absent for two or more days, the parents/guardians may contact the school office before 10:00 a.m. to request assignments. Assignments may be picked up by the parents/guardians at the school office after 3:30 p.m. or may be sent home with another student. Assignments may be available electronically, so parents/guardians are encouraged to call before coming to pick up homework.

ABSENCES - PENALTY FOR NON-ATTENDANCE

Any time that students are absent from school without the permission of their parents/guardians or the school office, they will be considered truant and will face disciplinary action. Repeated truancy may result in referral to the Division of Family Services, the Jackson County Family Court, and/or the Lee's Summit Youth Court.

ADVANCED STUDIES COURSES

Advanced studies courses will parallel the content of the regular grade-level core curriculum with a more rigorous and in-depth focus on selected topics. These courses will prepare students for Advanced Studies courses at the high school level.

- Algebra I, French I, Spanish I, German I, and Chinese I will be weighted .5 on the middle school 4-point grading scale for the purpose of calculating Honor Roll and other academic awards. The weightedness received at the middle school will not be carried over to the high school.
- Algebra I, French I, Spanish I, German I, and Chinese I are high school level courses and will be posted to the student's high school transcript as a high school credit. Grades earned in these courses will be used in calculating a student's high school GPA.
- Algebra I students will be required to take an End of Course Exam.
- When a student drops an 8th grade modern language class or 8th grade Algebra I class (up to the last day of first semester), that student will receive an "NC" (no credit).

ALTERNATIVE METHODS OF INSTRUCTION (AMI)

Beginning in the 2020-21 school year, a new state law allows schools to create a state-approved alternative methods of instruction (AMI) plan to fulfill up to 5 days of time lost in the classroom due to events outside of the district's control including inclement weather, a utility outage, or an outbreak of a contagious disease where school would otherwise be cancelled. In the event of a

cancellation, the district may choose to hold instruction virtually.

Lee's Summit R-7 Schools remains committed to providing students instructional activities and connections to the learning environment during periods of school closures. We are fortunate to be a 1:1 district in which K-12 students have district-issued Chromebooks and R-7 staff have a platform in Schoology to reach students remotely. While virtual instruction cannot replace time in the classroom, Lee's Summit R-7 Schools believe it is critical that we stay connected to our students and continue to provide learning opportunities to the best of our ability. The district's technology department continues to work with families and staff if needs of connectivity and internet accessibility are not being met.

If the decision is made to hold school virtually:

- District communication will be sent to families announcing that school will take place virtually along with reminders regarding how to access instructional materials.
- Every teacher will use the Schoology platform to share lessons, assignments, and resources with students.
- Teachers will post assignments and learning opportunities each day by 10:00 a.m. Teachers will hold daily office hours to guide and assist students. Teachers will communicate with students via email, Google Meet, and Schoology by 10:00 a.m.
- Students are expected to access and complete assignments, meet deadlines, engage in the work and communicate with their teachers, peers or parents/guardians if they are needing assistance.
- Work must be completed in order for student attendance for the day(s) to be counted.

ASSESSMENTS

In order to achieve the purposes of the student assessment program, the district requires all enrolled students to participate in all applicable aspects of the assessment program.

ATTENDANCE POLICY

Regular attendance is an important student responsibility. Poor attendance is the greatest factor contributing to school failure.

The Compulsory Attendance Law, "Section [167.031](#), RSMo, states that any parent, guardian or other person having custody or control of a child between the ages of seven (7) and the compulsory attendance age for the district, must ensure that the child is enrolled in and regularly attends" school.

Unless a student is under a doctor's care, chronic absenteeism leaves the student susceptible to academic failure, and runs contrary to state law on compulsory school attendance. Our middle school attendance policies reflect those concerns.

The middle school building attendance team will consist of representatives of the administrative staff, counseling staff, and the School Resource Officer (SRO)

A day of absence is defined as three or more class periods, including Advisory/Homeroom.

1. When a student is absent five (5) days in any semester, a letter will be sent to the parent/guardian explaining the middle school attendance philosophy and subsequent attendance policy procedures. The building

attendance team representatives will be notified of the student's status.

2. When a student is absent ten (10) days in any semester, the building attendance team will coordinate contact with the parent(s)/guardian(s). This contact will determine what interventions are needed to help the student increase attendance.

3. When a student is absent fifteen (15) days in any semester, the building attendance team will determine if a school/parent/guardian conference with the building attendance team is warranted.

4. If, after a school/parent/guardian conference, attendance does not improve, the officer in charge of juvenile affairs will send the parent(s)/guardian(s) a letter emphasizing Missouri's compulsory attendance law, and will outline subsequent interventions available to the building attendance team, including referral to the Division of Family Services, the Jackson County Family Court, and/or the Lee's Summit Youth Court.

CITIZENSHIP

Citizenship is an important aspect of middle school development. Each teacher will provide citizenship feedback to parents/guardians on the quarterly report card. Teachers will assign each student a citizenship rating of S - satisfactory, N - needs improvement, or U - unsatisfactory. These ratings are not reflected in students' academic grades.

Satisfactory = Consistently meets individual classroom expectations

Needs Improvement = Inconsistently meets individual classroom expectations

Unsatisfactory = Seldom meets individual classroom expectations

FINAL EXAMS

All students will be required to take final exams on the days scheduled unless a parent/guardian makes a specific written request to the Principal. The exams will be given the last week of school.

GRADING SYSTEM

The following standardized grading scale is used:

A = 95-100 B- = 80-82 D+ = 67-69
 A- = 90-94 C+ = 77-79 D = 63-66
 B+ = 87-89 C = 73-76 D- = 60-62

The Scholarship Honor Roll requires a 3.00 GPA (B average).

REPORT CARDS & PROGRESS REPORTS

Progress report cards for all middle school students are provided week 6, week 9, and week 12 of every semester. Reports cards are issued electronically each semester.

STUDENT PROMOTION GUIDELINES

A student who receives 3 or more grading period Fs during the school year may be required to attend summer school or retained. See [Board Policy IKE](#). The final decision to promote a student will be made by a building team. Consideration will be given in second semester to students who demonstrate marked improvement in academic performance.

ATHLETICS & ACTIVITIES POLICIES

ACADEMIC & CITIZENSHIP ELIGIBILITY

Students have a fundamental responsibility to maintain their grades and be good school citizens. Academic grades, attendance, and student conduct will affect eligibility to participate in or attend activities or athletics.

Students are ineligible for interscholastic activities if:

- the student is failing two or more classes. Students will be ineligible for interscholastic activities during the quarter after receiving the grades.
- the student is not in attendance 4 consecutive hours, including the end of the school day, on the day of the activity a student may not leave school and be absent through the end of the school day and then return for an activity.
- on the day of the activity, the student is assigned In-School Suspension or Out-Of-School Suspension.
- the student does not abide by the activity's practice and late ride pickup policies.

- a proper attitude is not maintained toward the sponsor or coach.
- the student does not exhibit good sportsmanship.
- suspension from activities for student misconduct is determined by building administrators.

Academic grades, citizenship grades, attendance, and student conduct may affect eligibility to participate in or attend clubs, activities, or programs outside of the classroom.

MSHSAA Activity/Athletic programs are defined as:

Athletics

Basketball
 Cross Country
 Football
 Track & Field
 Volleyball
 Wrestling

Activities

Academic Team
 Cheerleading

ACTIVITIES PHILOSOPHY STATEMENT

We believe interscholastic activities are an important facet of the total school program for middle level students, and are a vital part of the individual's total educational experience.

We believe the emphasis in all co-curricular activities should be on participation, skill development, and fun. Our duty as coaches and sponsors is to create a supportive teaching environment that stresses physical conditioning, basic athletic skills, sportsmanship, team work, responsibility, and healthy competition.

We believe student participation in the activities program is a privilege which carries with it responsibilities to family, team, school, community, and self. This participation represents a year-round commitment.

ACTIVITY/ATHLETIC PARTICIPATION FEES – MIDDLE SCHOOL

The R-7 athletic/activity program goal reflects that student activities and athletics are an integral part of the total secondary educational program because they provide experiences that will help students to acquire additional knowledge and skills, plus they help students gain the attributes of good citizenship.

Students wishing to participate in any MSHSAA sponsored activity/sport will be charged \$25 for yearly participation. A maximum participation fee of \$50/family will be charged for participating in activities/sports. Please consult the building assistant principal/activities director for any questions or concerns regarding the participation fee.

The following guidelines will assist with implementation for the collection of fees:

1. The student will not be allowed to participate in an activity/contest until the fee is paid in full.
2. If students are cut from a team but has already paid the fee, they will be reimbursed upon request.
3. If a student quits or is suspended from a team or performing group after the first scheduled event, no refund will be granted.
4. If students are injured during or after the first scheduled game so that they can no longer compete, the fee will not be refunded.
5. Other extenuating circumstances, such as a student transferring to another district prior to the first activity or season or a student being placed on homebound, may be considered by the building administrator for reimbursement.
6. Students qualifying for the free lunch program will be exempt from the activity participation fee. Students qualifying for the reduced lunch program will pay 50% of the participation fee. Student/parent/guardian should contact the building principal to verify their free or reduced lunch status. Each case will be evaluated independently.
7. Activity fees will be collected at registration or through the school office.

CARE OF EQUIPMENT

Any equipment lost or stolen must be paid for by the student in whose name it was issued.

Following these guidelines will reduce the chance of lost or stolen equipment:

1. Do not exchange or loan to another teammate any of the equipment checked out to the student. If exchange is warranted, clear it on with the coach.
2. Except when students are in visual contact, they should keep locker lockers closed and LOCKED at

all times. School and personal equipment and belongings should be locked up at all times.

3. Any loss of equipment should be reported immediately to the head coach, rather than waiting until the end of the season.
4. Any protective equipment that does not fit properly or that has any defective parts should be reported to a coach immediately. Do not wear the equipment until the necessary adjustments have been made. This is for students' protection.
5. It is against MSHSAA regulations to sell or rent any equipment to individuals. The R-7 athletic departments strictly adhere to this regulation. Therefore, any equipment seen out of the school environment does not belong to individuals. Please report any such violation to a coach or the athletic administrator.

MISSOURI STATE HIGH SCHOOL ACTIVITIES ASSOCIATION (MSHSAA)

Mission Statement of the MSHSAA

"The MSHSAA promotes the value of participation, sportsmanship, team play, and personal excellence to develop citizens who make positive contributions to their community and support the democratic principles of our state and nation."

MSHSAA ACTIVITIES COMMITMENT - MIDDLE SCHOOL

Each student who chooses to take part in the activities program must make this commitment. Parents/Guardians must also support their student's commitment. The coach/sponsor will have a commitment contract for students to sign.

Prior to participating in any practice or tryout sessions for any activity or interscholastic sport, each athlete must:

1. Complete the MSHSAA Participation Certificate, including:
 - a. Student signature and birthdate.
 - b. Parent/Guardian permission signature.
 - c. Proof of basic athletic insurance coverage.
 - d. Parent/Guardian permission authorizing emergency treatment.
 - e. Proof a physical examination by a registered physician. It must be signed and dated by the registered physician. The physical exam is valid for 730 days from the date of the exam, unless otherwise indicated by the physician.
2. This MSHSAA Participation Certificate must be on file in the office of the building athletic director.
3. Return/submit the signed R-7 Middle School Activities Commitment Form to school personnel. As a student-athlete participating voluntarily in interscholastic activities/athletics:
4. Students will abide by the school's student code of conduct as outlined in the school's student handbook, the coaches' team rules and the rules of the MSHSAA.
5. Students will conduct themselves according to established academic, citizenship, and sportsmanship expectations at all times.
6. Students will be responsible for all athletic equipment issued to them throughout the season, will return such equipment at the end of the season, and will pay the current replacement cost for any of the equipment not accounted for at the end of the season.
7. Students will not use or be in possession of tobacco, alcohol, or narcotics. If they do use or possess any of these substances, they will be subject to school and team disciplinary actions. This is a year-round commitment.
8. Students acknowledge that they have been properly advised, cautioned and warned by administrative and/or coaching personnel of the school district that they are exposing themselves to the risk of injury. It is still their desire to participate in sports and to do so with full knowledge and understanding of the risk of injury.
9. Students agree to allow their picture, as part of an activity group, to be posted on schools' social media and website. They also agree to allow their name and sports-related information to be included in game programs.
10. Students, along with their parents/guardians, certify that they have read and understand all of the school district athletic policies in the school's student handbook. In order to remain eligible for participation, students must comply with all requirements.
11. Parent/Guardians of a student/athlete will support the positive participation of students in the athletic/activities program, promote their academic and citizenship efforts, and provide a

role model consistent with the expectations of the R-7 Middle School Sportsmanship Code.

MSHSAA ACTIVITIES PRACTICE POLICY

Student-participants are expected to attend all practices on time on the days they attend school, unless agreement has been reached by the coach/sponsor and parents/guardians no later than the day previous to the scheduled practice session.

Infraction Consequences:

- 1st Infraction: Partial participation in the next scheduled contest/event.
- 2nd Infraction: No participation in the next scheduled contest/event.
- 3rd Infraction: Dismissal from the activity group or team.

MSHSAA ATHLETIC ELIGIBILITY TRANSFER POLICY

All 8th grade students who are interested in playing sports at LSHS, LSNHS, or LSWHS next year need to be aware of the transfer policy of the Missouri State High School Activities Association (MSHSAA).

238.3 TRANSFER OF ENROLLMENT REQUIREMENTS - The following standards are for the purpose of assuring fairness to all students:

2a. Upon promotion from the 8th grade or the highest grade of a middle school administered as a separate unit within a school system, a student may be eligible only at the public high school located in the public geographical attendance district in which the student's parents/guardians reside or any nonpublic high school located in the nonpublic geographical attendance district as specified in By-Law 238.1-b, in which the student's parents/guardians reside.

Any student who chooses to attend a school other than those specified in By-Law 238.3 2a above shall be eligible only at the sub-varsity level in all sports for 365 days from the date of promotion from the 8th grade or the highest grade of a middle school administered as a separate unit within a school system.

MSHSAA BASIC GUIDELINES FOR PARTICIPATION

1. Students are allowed to make their own activity participation selections. It is the R-7 policy that students facing a conflict between two R-7 sponsored activities will be given a choice of which to attend. Certain school activities (to be determined by building administrators) will have priority. Students are not to be penalized by the activity not attended.
2. Lee's Summit middle school policy requires students ride the bus to all school activities and returning from all out-of-district school activities. Departing from this policy releases the Lee's Summit School District from all liability for any adverse results that may occur. A parent/guardian may make a request to transport the student by directly contacting the coach/sponsor to seek permission. An R-7 Activity Travel Release form must be completed specifying who is being transported and signed by the appropriate parent/guardian.
3. If it is necessary to be absent from practice, the student is expected to obtain permission from the head coach prior to the scheduled practice. Unexcused absences will result in disciplinary

action from the coach under the activities practice policy.

4. Students must be in attendance during the school day for a minimum of four consecutive hours, including the end of the school day, to participate in any activity scheduled for that day. A student may not leave school and be absent through the end of the school day and then return for an activity. Exceptions are granted with administrative approval only.
5. In the event of truancy by or suspension of students, they will not be eligible for participation until they have fulfilled the disciplinary requirements established by the administration.
6. In the event that students are assigned an after-school detention period as the result of a discipline problem, they are not allowed to use the excuse of "I have practice, so I can't stay." Classroom and school discipline obligations always come first.
7. The possession or use of alcohol, tobacco, or non-prescription drugs or misuse of prescription drugs are known to be detrimental to the individuals as well as the team they represent. If a student should choose to use, possess, or distribute alcohol, tobacco, or non-prescription drugs or misuse prescription drugs, disciplinary action that may affect student eligibility will be taken consistent with R-7 policy.

MSHSAA INTERSCHOLASTIC TEAM ELIGIBILITY REQUIREMENTS

The MSHSAA requires student participants to provide information that will be documented on the MSHSAA Participation Certificate. The following information is required before a student may participate in activities designated at the school as interscholastic sports. To satisfy each of these requirements, parents/guardians must create a Final Forms account (see Athletics website) where parents/guardians and students will complete and sign all required forms:

1. Parent/Guardian Permission Form
2. Pre-Participation History Form
3. MSHSAA Concussion Materials
4. Activity/Athletic Commitment Form
5. Student Agreement
6. Completed Physical Exam Form

Parental/Guardian Permission

A student shall furnish a statement, signed by the student's parents/guardians, which grants permission for the student to participate in interscholastic athletics.

Insurance

Students shall not be permitted to participate in interscholastic athletics until the school has verification that they have basic athletic insurance coverage.

Authorization of Treatment

A student shall not be permitted to participate in interscholastic athletics until the student's parents/guardians give written authorization for emergency treatment.

Pre-Participation History

This MSHSAA required form is to be completed by parents/guardians and provided to the physician prior to the physical examination. This form will then be submitted/uploaded to the student's Privity account.

Physical Exams

The school shall require of students participating in athletics a certificate of an issued physical signed and authorized by a physician, advanced nurse practitioner in written

collaborative practice with a physician, or a certified physician's assistant in collaboration with a sponsoring physician stating that the individual is physically able to participate in athletic practices and contests of their school. Students shall not be permitted to practice or compete for a school until a complete, signed certificate is on file at the school. The medical certificate is valid for two years (730 days) from the date of issue for the purpose of this rule. Students may obtain a MSHSAA approved physical form from the school website or obtain one from Student Administration.

MSHSAA NON-SCHOOL COMPETITION

The athlete may compete in organized non-school sponsored athletic competition under the following conditions:

(Note: The following restrictions shall apply only to sports in which MSHSAA member schools compete interscholastically.) During the sport season students represent their school by competing in an interscholastic athletic contest:

- A. They shall neither practice nor compete as members of a non-school team or as individual participants in organized non-school competition in that same sport.
 1. Definition of school sports season - a school sports season shall be defined as the period beginning with the date of the school's first practice with any part of a sports squad held on or after the first allowable practice date for the MSHSAA sport season and ending with the school's last contest, including district and state tournament contests, in that sport. EXCEPTION - For fall sports, the official school sports season shall begin as of the Tuesday following Labor Day or as of the date of the school's first practice with any part of a sports squad held on a school day, whichever occurs later.
 2. Definition of organized non-school competition - Athletic competition shall be considered "organized" if any of the following conditions exist: Competition is scheduled and publicized in advance, official score is kept, individual or team standings are maintained, official timer or game officials are used, admission is charged, teams are regularly formed or team rosters are predetermined, squad members are dressed in team uniforms or a team is privately or commercially sponsored. Further, competition which is either directly or indirectly sponsored, promoted or administered by an individual, organization, or any other agency shall be considered organized.
 3. A student who joins a school sports squad for the first time must have abided by these restrictions beginning with the first day of the current season of the sport concerned.
- B. They may practice or compete as members of a non-school team or as individual participants in organized non-school competition in a different sport than the school sport in season under the following conditions:
 1. No school time is missed to compete, practice for, or travel to the site of such non-school

competition unless the absence is approved in advance by the school administrator.

2. Students shall not practice for or compete in the non-school competition on the same date they practice or compete for the school team without approval of the school administrator.

MSHSAA PROTECT ELIGIBILITY

Lee's Summit R-7 middle schools are members of MSHSAA, a voluntary, nonprofit, educational association of middle, junior, and senior high schools established for the purpose of working cooperatively in adopting standards for supervising and regulating interscholastic activities and contests.

One of the primary functions of the MSHSAA is to establish eligibility standards that must be met by all students to attain the privilege of representing their school in interscholastic activities.

Eligibility is a privilege to be granted to a student by the school which allows that student to participate in interscholastic activities. Eligibility is not a student's right by law. Precedent setting legal cases have determined that eligibility is a privilege to be granted only if the student meets all standards adopted by the school.

MSHSAA SPORTSMANSHIP

The Lee's Summit R-7 School District is a member of the Greater Kansas City Suburban Conference and the MSHSAA. As members of these groups we adhere to policies established for the display of good sportsmanship by athletes, students, fans, parents/guardians, and patrons. Member schools enforce sportsmanship rules for their own school, players, and spectators. Violation of rules can result in the following consequences: written reprimand, probation, suspension, ejection, or permanent removal from events. Consequences are in force for players, coaches, students, fans, parents/guardians, and patrons.

All school discipline policies and rules apply to Lee's Summit R-7 students at school activities whether they are held on school property or away from school.

Sportsmanship Code – Middle School

For Players, Coaches, and Fans:

1. Maintain pride in self and school.
2. Strive to keep high standards of conduct.
3. Cheering is always encouraged for one's own team.
4. Positive signs may be displayed for one's own team.
5. Treat opposing team players, coaches, and fans with respect.
6. No noise makers.
7. No continuous standing unless spirit sections are designated.
8. Abide by the decisions of officials.
9. Accept victory or defeat graciously.

*Student fans not able to abide by the Sportsmanship Code and/or school guidelines may be removed from current and/or future contests.

MSHSAA VISITORS TO SCHOOL PROPERTY/EVENTS

The Board encourages district patrons to exhibit good sportsmanship, citizenship, ethics, and integrity at all district events. The district will work with the Missouri State High School Activities Association (MSHSAA) and other organizations to promote good behavior by the patrons at athletic and other events.

Provisions

1. Disruptive individuals must leave school grounds. Any individual who disrupts or threatens to disrupt school or office operations, threatens the health or safety of students or staff, willfully causes property damage, uses loud and/or offensive language that could provoke a violent reaction or who has otherwise established a continued pattern of unauthorized entry on school district property will be directed to leave school district property promptly by the school's principal or other chief administrative officer. The Board and administration will not tolerate any person or persons whose presence disturbs classes or school activities or hinders the instructional process. If such persons will not leave the school premises upon request, the superintendent, building principal or designee may contact the proper legal authorities, file a report or sign a complaint on behalf of the district.
2. Directions to staff in dealing with abusive individuals.

If any member of the public uses obscenities or speaks in a loud, insulting and/or demeaning manner, the administrator or employee to whom the remarks are directed will calmly and politely warn the speaker to communicate in a civil manner. If the abusive individual does not stop the behavior, the district employee will verbally notify the abusing individual that the meeting, conference or telephone conversation is terminated; if the meeting or conference is on district premises, the employee shall direct the abusive individual to leave promptly.

3. Provide policy and report incident. When a staff member determines that a member of the public is in the process of violating the provisions of the policy, the staff member should provide a written copy of this policy to the individual at the time of occurrence, if feasible. The staff member will then immediately notify a supervisor and provide a written report of the incident or contact local law enforcement, if necessary. In any case in which a school principal or the superintendent or designee believes that any repeat violations of this policy may occur, a letter should be sent to the individual who has violated the policy, enclosing a copy of the policy and setting forth any restrictions on the individual's access to district facilities that may be reasonable under the circumstances ([R-7 Board Policy KK](#)).

PARENTS/GUARDIANS/COACH/SPONSOR COMMUNICATIONS

Parents/Guardians/Coach Relationship

Both parenting and coaching are extremely difficult vocations. By establishing mutual understanding, everyone is better able to accept the actions of the other and provide greater benefit to students. When students become involved in a program, parents/guardians have the right to understand what expectations are placed on students. This begins with clear communication from the coach. Coaches and parents/guardians are expected to encourage and praise students in their attempt to improve themselves as students, athletes, and citizens. Parents/Guardians can facilitate this by gaining an understanding and appreciation of all aspects of the sport/activity and the expectations placed on students.

Communication Coaches/Sponsors Expect from Parents/Guardians

1. Concerns expressed directly to the coach/sponsor.
2. Notification of any schedule conflicts well in advance.
3. Specific concern in regard to a coach's/sponsor's philosophy and/or expectations.

Parents/Guardians and coaches should help students learn that success is achieved through the development of skills and should make student-athletes feel good about themselves, regardless of the outcome of any contest. As students become involved in the programs in the R-7 Schools, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way parents/guardians or students wish. If parents/guardians have a concern, they should take time to talk with coaches in an appropriate manner, including proper time and place, being sure to follow the designated chain of command.

Communications The Parent/Guardian Should Expect from the Student's Coach/Sponsor

1. Philosophy of the coach/sponsor.
2. Expectations the coach has for the student.
3. Location and times of all practices, contests, and events.
4. Team requirements, i.e. fees, special equipment, off-season conditioning.
5. Procedure should the student be injured during participation.
6. Discipline that results in the denial of the student's participation.

Appropriate Concerns to Discuss with Coaches/Sponsors

1. The treatment of the student mentally and physically.
2. Ways to help the student improve.
3. Concerns about the student's behavior.
4. Concerns about the student's participation.

Sometimes it is very difficult to accept when students are not playing as much as parents/guardians may have hoped. Coaches/sponsors are professionals. They make judgment decisions based on what they believe to be best for all students involved. As seen from the list above, certain things can be and should be discussed with the student's coach/sponsor. Other things must be left to the discretion of the coach/sponsor:

Issues Not Appropriate to Discuss with Coaches/Sponsors

1. Playing time.
2. Team strategy.
3. Play calling.
4. Other student's participation.

There are situations that may require a conference between the coach/sponsor and the parent/guardian. These are encouraged. It is important that both parties involved have a clear understanding of the other's position. Everyone involved is expected to be respectful, to recognize and show appreciation for the other's role, and to reinforce the school's Student Activity/Athletic Code of Conduct and policies and procedures as outlined in this handbook. When these conferences are necessary, the following procedures

should be followed to help promote a resolution to the issue of concern.

If Parents/Guardians Have a Concern to Discuss with a Coach/Sponsor, the Following Procedure Should Be Followed:

1. Call to set up an appointment with the coach/sponsor.
2. Please do not attempt to confront a coach/sponsor before, during, or after a contest or practice. These can be emotional times for both the parent/guardian and the coach/sponsor. Meetings of this nature usually do not promote resolution.

What Can a Parent/Guardian Do if the Meeting with the Coach/Sponsor Did Not Provide a Satisfactory Resolution?

Call and set up an appointment with the Activities Director to discuss the situation.

STUDENT RESPONSIBILITIES

Students are in school to secure the best education they are capable of achieving. Deciding to take advantage of the privilege of participating in the athletics/activities program plays a significant part in students' total educational development. With this decision comes certain responsibilities including:

1. Striving to achieve sound citizenship and desirable social traits, including emotional control, honesty and integrity, responsibility, dependability, cooperation and respect for others and their abilities.
2. Maintaining academic and citizenship eligibility, according to standards established by MSHSAA and the R-7 Schools.
3. Learning the spirit of teamwork.
4. Acquiring the habits of hard work and perseverance.
5. Learning to attain physical fitness through good health habits.
6. Desiring to excel to the limits of their potential.
7. Showing respect for both authority and property.

Students should be mindful that as a member of a team or other activity group, their personal conduct reflects on them, their teammates, their school's student body, and the Lee's Summit community.

Students are encouraged to take advantage of as many programs as their time and talent will permit. We do not encourage specialization in one sport or activity. Students are encouraged to experience a variety of sports and school activities. Naturally, due to conflicts in seasons, practice times, and schedules, students will have to make choices.

TOBACCO-FREE ENVIRONMENT

Middle school facilities and grounds (inside and outside) are a tobacco-free environment. There is to be no smoking/vaping inside the building or outside on any school or athletic grounds.

GENERAL INFORMATION

ASBESTOS

The district shall survey and assess the exposure of friable asbestos in all buildings. This report shall be filed with appropriate state agencies and will be available for public review in the superintendent's office. The district shall take all steps necessary to comply with the Asbestos Hazard Emergency Response Act, as described in regulations of the Environmental Protection Agency (EPA).

ASSEMBLIES

Students are expected to follow these rules:

1. Sit with assigned class or Advisory/Homeroom group in its designated section. Do not change seats without the permission of the teacher.
2. Be courteous and enter the seating areas quietly. Never run or shove other students.
3. Do not talk or make any unnecessary disturbance while the program is in progress.
4. Applaud politely. Avoid excessive applause. "Forced" applause ceases to be a courtesy and becomes rudeness. Be careful not to applaud before an act or musical number is completed. Whistling, verbal remarks, and foot stomping will not be tolerated during assembly programs.
5. When leaving the assembly, follow the directions of the person in charge. Do not rise or start to leave before being excused.
6. No gum, food, or drinks are allowed in assemblies.
7. Any student being sent out of an assembly for inappropriate behavior will be referred to Student Administration, and may lose the right to attend the next assembly and/or be subject to additional discipline.

COMMUNITY & FAMILY INVOLVEMENT

- Build effective partnership with families and community organizations.
- Present opportunities for students to serve and learn within the community.
- Work with families to provide a high quality educational experience for all students.

DIRECTORY INFORMATION – NOTICE OF RELEASE

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed without the consent of a parent/guardian or a student who is 18 years of age. The district will designate the types of information included in directory information and release this information without first obtaining consent from a parent/guardian or a student who is 18 years of age unless they notify the district in writing as directed. Parents/Guardians and students who are 18 years of age will be notified annually of the information the district has designated as directory information and the process for notifying the district if they do not want the information released.

Even if parents/guardians or students who are 18 years of age notify the district in writing that they do not want directory information disclosed, the district may still disclose

the information if required or allowed to do so by law. For example, the district may require students to disclose their names, identifiers or district e-mail addresses in classes in which they are enrolled, or students may be required to wear, publicly display or disclose a student identification card or badge that exhibits information that is designated as directory information.

The school district designates the following items as directory information.

General Directory Information –

The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications, or to any person without first obtaining written consent from a parent/guardian or eligible student:

Student's name; date of birth; parents'/guardians' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification or other unique personal identifier used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in district-sponsored or district-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the district; schools or school districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information –

In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to: parent/guardian groups or booster clubs that are recognized by the Board and are created solely to work with the district, its staff, students, and parents/guardians and to raise funds for district activities; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services: The student's address, telephone number and e-mail address and the parents'/guardians' addresses and telephone numbers.

Law Enforcement Access

The district may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in federal law. If the district reports a crime committed by a student with a disability as defined in the Individuals with Disabilities Education Act (IDEA), the district will transmit copies of the special education and disciplinary records to the authorities to whom the district reported the crime as allowed by law. Law enforcement officials also have access to directory information and may obtain access to student education

records in emergency situations as allowed by law. Otherwise, law enforcement officials must obtain a subpoena or consent from the parent/guardian or eligible student before a student's education records will be disclosed.

Children's Division Access

The district may disclose education records to representatives of the CD when reporting child abuse and neglect in accordance with law. Once the CD obtains custody of a student, CD representatives may also have access to education records in accordance with law. CD representatives may also have access to directory information and may obtain access to student education records in emergency situations, as allowed by law.

Military and Higher Education Access

The district will disclose the names, addresses, and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent/guardian, or a secondary school student who is at least 18, submits a written request, the district will not release the information. Parents/Guardians, or a secondary school student who is at least 18, must notify the Registrar in writing at the middle school, within ten days of receiving this handbook.

DRUG RESISTANCE EDUCATION

The Lee's Summit School District in conjunction with the Lee's Summit Police Department, will present a drug abuse educational program to all Lee's Summit Elementary and Middle Schools. The program focuses on the pressures that influence students to experiment with drugs.

A police officer will teach in the 7th grade Health class for a ten-week unit. The instruction will cover the following topics: how to say "no" to peers, building self-esteem, assertive ways of saying "no" to drugs, alternatives to drug use, conflict resolution, and ways to reduce violence.

It is believed that education is the key to preventing the misuse and abuse of drugs.

ELECTRONIC DEVICES/CELL PHONES

The possession and use of electronic devices (E-devices) is a privilege, not a right. The school may revoke the privilege of possessing and using E-devices at any time at its sole discretion. E-devices include devices used to communicate, receive, send, store, record, or listen to voice, text, digital, audio, video, photo, electronic, or internet/cyberspace data images and/or information. The school is not responsible for lost or stolen E-devices or any damage to the E-device, its programs, or its contents.

Students' personal E-devices must be turned completely off and secured in the student's locker during the school day. E-devices may not be used in the hallways, restrooms, or other common areas. E-devices shall not be used to connect to district electronic equipment or district electronic networks at any time.

Students using E-devices in the classroom without the consent of the teacher will be subject to disciplinary action ranging from detention to suspension. Disruptions of classrooms, school activities, or detentions caused by cell phones and/or other E-devices will result in an office referral and disciplinary action.

Students must remove headphones/earbuds upon arriving at school. They may only be worn during class time if explicitly permitted by the teacher.

No camera or video-capable electronic device may be used in the locker room or restrooms at any time. Students violating the E-device policy may subject their electronic

device to possible confiscation and search by administration in accordance with the law.

During an emergency situation, it is recommended that all two-way communication devices only be used for emergency communication as instructed by District Administration and/or Emergency Responders. Silencing such devices is also suggested as to not hinder emergency communications that are occurring.

Publishing or sharing images or recordings of inappropriate conduct (i.e. fighting, harassment) taken in the school environment is not acceptable and subject to disciplinary action up to 10 days O.S.S.

EMERGENCY DRILLS

Each classroom has a diagram of the evacuation route for fire and tornado drills in addition to intruder, earthquake, and health emergency drills. Students are expected to follow the directions given by the staff and administration, moving quickly and quietly to assigned areas during regular drills.

Every student and staff member must recognize the safety factor and seriousness of these drills. Failure to act at the proper moment could mean the difference between life and death. Cooperation and mature action is needed at all times.

FIELD TRIPS

1. The decision of whether a student may participate will be made by the sponsor/coach. Students assigned to I.S.S. may not attend field trips.
2. Written permission from parent/guardian is required. The deadline will be determined by the sponsor/coach.
3. It will be the responsibility of the student to make up all missed work.

HOMELESS STUDENTS' PROGRAMS

The Lee's Summit R-7 School District Board of Education recognizes that homelessness alone should not be sufficient reason to separate students from the mainstream school environment. Therefore, the district, in accordance with state and federal law and the Missouri state plan for education of the homeless, will give special attention to ensure that homeless students in the school district have access to a free and appropriate public education. Parents/Guardians should contact 816-986-1039 for questions.

IDENTIFICATION CARDS

ID cards are issued at the beginning of the school year after school pictures have been taken. There is a \$3.00 charge to have the ID card replaced.

LATE RIDE PICK-UP POLICY

To ensure the safety of students and to also encourage responsibility, students need to be picked up immediately after the end of school activities. The beginning and ending times of all after-school mixers/dances are in the school calendar, publicized extensively during school announcements, and read to students in advisory through school bulletins.

Students who are here for more than 20 minutes after the end of an activity may not be permitted to attend the next after-school event.

LATE-START DAYS - ONE HOUR

On late-start days, buses will run one hour later than normal with all classes beginning one hour later. Teachers will report to work at their regular time and will work together to evaluate students' learning needs and develop strategies to meet these needs.

Late-starts will occur every Friday unless otherwise noted. Check the district calendar.

LIBRARY MEDIA CENTER - STUDENT REGULATIONS

The Library Media Center (LMC) is an integral part of the evolving school curriculum – a curriculum designed to stimulate, encourage, and develop the learning of each student. Since each student's learning style is unique, a large collection of print, digital, and audio-visual material is available via the LMC to improve reading, researching, listening, and viewing skills. The materials and services encompass all subject areas, ability levels, and the varied recreational interests of students and staff.

Copy machines and printers are available as a way to take home printed copies of information difficult to circulate.

LMC uses student numbers to check out materials.

LOCKERS

A hall locker with a built-in combination lock is available for each student to store school materials, clothing, and other personal items that are necessary to have at school. Lockers are not safes and should not be treated as such. Items of extraordinary value should not be left in lockers.

1. School lockers and storage lockers are the property of the school district and are provided for the convenience of students, and as such, are subject to periodic inspection without notice. The lockers may be searched by school administrators who have a reasonable suspicion that the lockers contain drugs, alcohol, tobacco products, paraphernalia, material of a disruptive nature, stolen property, weapons, or other items posing a danger to the health or safety of students and staff. Students or student property may be searched based on reasonable suspicion of a violation of district rules, policy, or local or state law. Reasonable suspicion must be based on facts known to the administration, credible information provided or reasonable inference drawn from such facts or information.
Consistent with the community's expectation that school officials sustain a safe school environment conducive to learning, the Lee's Summit R-7 schools will cooperate with the law enforcement agencies in conducting periodic unannounced searches of lockers.
2. Students are responsible for upkeep of their locker. Report any damage or locker abuse to the office.
3. All locker combinations have been changed during the summer for student security.
4. Always keep the locker locked. Do not reveal the combination to any other student.
5. No changes will be made in locker assignments after school begins without administrative approval. Students must use only their assigned locker.
6. Locker cleanup will be conducted during Advisory/Homeroom on a regular basis throughout the year.

7. Food/drink should not be stored in lockers overnight.

NOTICE OF NON-DISCRIMINATION

The Lee's Summit R-7 School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. The district strictly prohibits discrimination and harassment against employees, students, or others on the basis of race, color, religion, sex, gender identity, sexual orientation, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The Lee's Summit R-7 School District is an equal opportunity employer.

PARENT/GUARDIAN DELIVERIES

Students will need to check the office between classes to pick up items parents/guardians have delivered as we do not call them out of class to pick up deliveries.

PHYSICAL EDUCATION

Medical Excuses - PE

Students are expected to participate in all activities unless they are specifically excused by a qualified doctor. A formal written medical excuse specifying the nature of the medical condition, the types of activities the student may participate in, and the duration of that restriction must be presented to the Health Room. Students not able to perform the more strenuous activities will be assigned other types of class activities. No grades are given for a course from which the student is excused for medical reasons over an extended period of time.

Clothing - PE

Students enrolled in physical education are required to wear appropriate, active attire for class. A general-purpose athletic shoe, which does not have a black sole or does not mark the floor, is preferred. For student safety, no watches, other jewelry, or gum is allowed.

PUBLIC NOTICE

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, children who live outside the district but are attending a private school within the district, highly mobile children, such as migrant and homeless children, children who are wards of the state, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade.

The Lee's Summit R-7 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Lee's Summit R-7 School District assures that it will provide information and referral services necessary to assist the state in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Lee's Summit R-7 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents/Guardians have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Lee's Summit R-7 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed anytime Monday - Friday from 8:00 a.m. - 4:00 p.m. at the Stansberry Leadership Center, located at 301 NE Tudor Road, Lee's Summit, Missouri. This notice will be provided in native languages as appropriate.

RETURNED CHECKS

The District utilizes a recovery service, Re\$ubmitit, to attempt collection of a returned check, when applicable. Re\$ubmitit will re-present the check two times to your bank, plus any applicable fees permitted by state law. The Lee's Summit School District will charge a \$25.00 fee if the check remains uncollectible.

SCHEDULE CHANGE POLICY

1. Conditions under which a course change will be considered:
 - A. Before the first meeting of a first semester class, a second semester class, or a year-long class, administrators, counselors, and teachers will consider a course change only under these conditions:
 1. The student no longer wants the class, or the parent/guardian requests the change.
 2. The student does not meet the prerequisites as shown in the course description.
 - B. Conditions under which a student may receive a course change within 10 days of a semester must follow both these guidelines:
 1. Students may change within the first week of a semester if they do not meet course prerequisites.
 2. Students may change if they agree to make up work missed. (One day for make-up will be allowed for each day missed.)
 - C. Students who change out of a year-long class at semester must meet the following guidelines:
 1. The student must request the change before the first semester ends.
 2. The teacher, parent/guardian, and student must confer and agree.

2. Conditions under which a change of teacher will be considered must follow specific guidelines: (Such changes are not often needed if the student, parent/guardian, and teacher work together to solve the problem.)
 - A. The teacher, parent/guardian, and student must conference about the problem.
 - B. After working on the problem for at least two weeks, the teacher and the student must decide if they can work together.
 - C. The parents/guardian and the teacher should send the counselor a written statement that they have tried to resolve the problem but that a change is needed.
 - D. If an agreeable solution is not reached, an administrator will review the case.
 - E. Students will be transferred to another section of the subject if their transfer does not cause class imbalance. If another section is not available, students must get approval from the administration for another solution.

STUDENT ACCIDENT INSURANCE

The R-7 School District does not have accident insurance for students, as the cost of providing it would be prohibitive. However, a nominally priced insurance plan for individuals is available through the district. Please contact Student Administration for more information.

STUDENT RECORDS

Provisions and Guidelines

- Education records shall be retained according to the guidelines set forth in the Missouri Public Schools Records Manual.
- Teacher and staff comments on student records will be confined to matters related to student performance.
- It is the responsibility of the principal and the professional staff of the school to see that such records are kept in the proper manner and are utilized in accordance with the law.

Review of Education Records by Parents/Guardians or Eligible Students

- Education records shall be open for inspection by parents/guardians of a student or an eligible student. Both parents/guardians have access to their child's school records until and unless a court orders otherwise. Therefore, a copy of any applicable court order that restricts any parent's/guardians access to the student's education records must be filed with the school principal in order to certify to the district that a parent's/guardian's access rights are limited or denied pursuant to the court's directions.
- Parents/Guardians or eligible students should submit to the student's school principal a written request which identifies as precisely as possible the record or records they wish to inspect. The principal (or appropriate school official) will make the needed arrangements for access as promptly as possible and notify the parent/guardian or eligible student of the time and place where the records may be inspected. Access must be given in 45 days or less from the date of receipt of the request. When a record contains information about students other than a parent's/guardian's child or the eligible student, the parent or eligible

student may not inspect and review the portion of the record which pertains to other students.

- If parents/guardians or eligible students believe the education records related to the student contain information that is inaccurate, misleading or in violation of the student's privacy, they may ask the district to amend the record by following the appeals procedures outlined in Section G of this regulation.

Transfer of Education Records

- The district will respond to a request for records from another school district enrolling a student within five (5) business days of receiving the request. However, if the student's record has been marked pursuant to notification by the highway patrol that the student has been classified as a missing child, the record shall not be forwarded to the requesting district and the district will notify the missing persons unit of the highway patrol of the record request.
- Upon notification that a student has transferred to any other school district, the district will forward any written notification the district has received from a juvenile officer, sheriff, chief of police, or other appropriate law enforcement authority that a petition has been filed in juvenile court alleging that the student has committed an offense, and the notification of disposition of such case, to the superintendent of the new school district in which the student has enrolled.

Annual Notification of Rights to Parents/Guardians and Students

- The district shall annually notify parents/guardians of students currently in attendance, or eligible students in attendance of their rights under the Family Educational Rights and Privacy Act (FERPA) and FERPA regulation by publication in the student handbook(s) or by distributing notification to the parents/guardians or eligible students at the beginning of the school year.
- Parents/Guardians and/or students may request that the district not use a student's social security number at the time of enrollment.

Release of Education Records

Disclosure of information from a student's education records will be made only with the written consent of the parent/guardian or eligible student, subject to the following exceptions:

The district may disclose education record information without consent when the disclosure is:

- To school officials who have a legitimate educational interest in the records.
- To officials of another school, upon request, in which a student seeks or intends to enroll.
- To authorized representatives of state and local educational authorities.
- To law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released.
- To accrediting organizations to carry out their accrediting functions.
- To parents/guardians of a dependent student, as defined in section 152 of the Internal Revenue code of 1954.
- To parents/guardians of a child who is not an eligible student, or to the child.

- To comply with a judicial order or a lawfully issued subpoena.
- In connection with a student's request for or receipt of financial aid to determine the eligibility amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.
- To the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the United States Department of Education or an official or employee of the Department of Education acting for the Secretary under a delegation of authority, or state and local education authorities in connection with an audit or evaluation of federal or state supported education programs or for the enforcement of or compliance with federal legal requirements relating to these programs.
- To appropriate parties in a health or safety emergency.
- To other persons authorized to receive education records pursuant to FERPA.

The school district will maintain a record of all requests for and/or disclosures of information from a student's education records. The record will indicate the name of the party making the request, any additional party to whom the information may be redisclosed, and the legitimate interest the party had in requesting or obtaining the information. The record may be reviewed by the parents/guardians or eligible student. This paragraph does not apply if the request was from or the disclosure was to the parent/guardian or eligible student, school officials within the district who have a legitimate educational interest in the student's education records, a party with written consent from the parent/guardian or eligible student, a party seeking "Directory Information," or a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or other issuing agency has ordered that the existence or the contents of the subpoena or the information furnished in response to the subpoena not be disclosed.

Appeals Procedures

Parents/Guardians or eligible students have the right to ask to have education records corrected that they believe are inaccurate, misleading, or in violation of their privacy rights. Parents/Guardians or eligible students interested in the appeals procedure can reference [Board policy JO](#).

Destruction of Records

Generally, special education records containing personally identifiable information will be destroyed three years from the date the student was last served by the district. If parents/guardians want a copy of their student's special education record, they should contact the registrar or attendance secretary at the building that the child last attended. A child's permanent record, including the student's name, contact information, birth record, grades, class rank, standardized test scores, and grade level completed, will be retained by the district.

SURVEYS AND COLLECTION OF STUDENT INFORMATION

The Protection of Pupil Rights Amendment (PPRA) affords parents/guardians certain rights regarding our conduct of survey, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Inspection

Any parent/guardian may inspect, upon request, any instructional material used as part of the educational curriculum and all instructional materials, including teachers' manuals, films, tapes or other supplementary material, that will be used in connection with any survey, analysis or evaluation as part of any applicable program. Further, a parent/guardian may inspect, upon request, a survey created by a third party before the survey is administered or distributed by a school to a student. The term "instructional material" does not include academic tests or academic assessments.

In general, the district will not collect, disclose or use personal student information for the purpose of marketing or selling that information or otherwise providing the information to others for that purpose. In the rare case where the district may collect information from students for the purpose of marketing or selling that information, parents/guardians may inspect any instrument used before the instrument is administered or distributed to a student, upon request and in accordance with Board policy.

Consent Required

In accordance with law, no student, as part of any program wholly or partially funded by the U.S. Department of Education, shall be required to submit to a survey, analysis or evaluation (hereafter referred to as "protected information survey") that reveals any of the following information without written consent of a parent/guardian:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sex behavior or attitudes.
4. Illegal, antisocial, self-incriminating or demeaning behavior.
5. Critical appraisals of other individuals with whom respondents have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers.
7. Religious practices, affiliations or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program.

Notice and Opportunity to Opt Out

In accordance with law, parents/guardians will receive prior notice and an opportunity to opt a student out of:

1. Any other protected information survey, as defined above, regardless of the funding source.
2. Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and not necessary to protect the immediate health and safety of a student, or any physical exam or screening permitted or required under state law, except for hearing, vision or scoliosis screenings.
3. Activities involving the collection, disclosure or use of personal information obtained from students for marketing, selling or otherwise distributing information to others.

The district will directly notify parents/guardians at the beginning of the school year of the specific or approximate dates during the school year when the above-listed activities will occur or are expected to be scheduled.

Notification of Policy and Privacy

In accordance with law, parents/guardians will be directly notified of this policy at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.

The district will take measures to protect the identification and privacy of the students participating in a protected information survey, regardless of the source of funding. These measures may include limiting access to the completed surveys and the survey results as allowed by law. All student educational records will be protected in accordance with law and [Board policy JO](#). The provisions of this policy applicable to parents/guardians will transfer to a student who is 18 years old or emancipated.

Parents/Guardians who believe their rights have been violated may file a complaint with: Family Policy Compliance Office. US Department of Education. 400 Maryland Ave., SW Washington, D.C. 20202-5920

TARDY POLICY

1. Students are tardy to class if they are not in their assigned classrooms when the bell rings.
2. Students must be in possession of their agendas or a digital hall pass throughout the school day. All tardies will be recorded in PowerSchool.
3. If a student is late to school, it will be noted in PowerSchool.

TELEPHONE MESSAGES

Office phones are available for use by students when deemed necessary with permission from a teacher for school-related business. It is the policy of administration to limit relaying phone messages to students during academic time. **Students may not use cell phones during the school day.**

TEXTBOOKS

All textbooks, workbooks, and basic instructional materials are issued by the school on a loan basis and are to be returned at the end of the school year in good condition with allowance for normal wear. Any book, equipment, or material loaned to a student that is not properly returned will be charged to the student at replacement or repair cost.

VISITORS

School visitors are required to report to the front office upon entering the school building. The school staff will help visitors with their requests. **Facility and instructional requirements do not allow student visitors to attend classes or activities at the middle school.** Only students enrolled at the middle school may attend after-school activities such as the school mixers and dances. Trespassing on school property is punishable by law in the State of Missouri.

POLICIES CONCERNING ORDER & DISCIPLINE

The law provides teachers with considerable authority over the control and education of the child, once the parent/guardian sends the child to the public schools. **The authority of the teacher is given by law and is not delegated by the parent/guardian.** Authority is granted to the teacher by the state as an essential part of teacher responsibility. **The teacher stands in place of the parent/guardian when the child is under the teacher's supervision and care.**

BULLYING

In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes reasonable students to fear for their physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or property damage; oral, written, or electronic communication, including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts.

CAFETERIA EXPECTATIONS

1. No cutting in line or saving seats. Students must go to the serving area via the service entrance. Do not enter by the cashier exits while they are in use.
2. Students need to have money and student number ready when reaching the cashier.
3. A tray must be used for ALL items taken to the cashier's desk. Leave food in its serving container until it is paid for.
4. Take trays, silverware, and dishes to the tray conveyer/trash can when finished. Return to the table and wait for the supervisor to dismiss the tables.
5. Remain seated. Do not wander from table to table. Students must get permission from the lunch supervisor to leave the commons.
6. Students who waste food at the condiment table will be charged for those items.
7. No food or drink may be taken out of the cafeteria. Students should not purchase any food they cannot eat during their lunch shift.
8. Students may choose to bring their own lunch to school. However, students may not always have access to microwaves. Outside food brought in for more than one specific student will not be allowed due to food allergy and food safety concerns.
9. Only visitors approved by a parent/guardian will be allowed to eat lunch with an individual student in a designated location. The visitor must check in at the front office.

Students will be expected to conduct themselves properly while using the cafeteria. Throwing of any object, not sitting in assigned area, or creating a disruption may result in a conference with the lunch room supervisor, cafeteria cleanup, and/or a possible referral to Student Administration. Use of another student's lunch number will be considered stealing.

CLASSROOM EXPECTATIONS

Students should:

1. **Be in their seats and ready to begin class when the bell rings.** Follow the expected classroom procedures/activity.
2. **Come to class prepared.** Students need to bring paper, pencil, plan book, and Chromebook to class DAILY. Other materials (assignments, colored pencils, supplemental readings) should be brought as needed and required.
3. **Participate in all class activities.** Involvement and participation in class activities will lead to understanding and achievement. Stay alert to what is happening in the classroom. This requires full attention and effort. Do not hinder their own learning and/or the learning of others by talking, being off-task on the Chromebook, sleeping, or working on assignments from other classes.
4. **Be courteous, considerate and respectful to others.** Students should be sensitive to others. This means using good manners; not talking when someone else is; not interrupting; paying attention to a speaker; not harassing others; keeping hands and feet to themselves; refraining from making rude/distracting remarks, noises, or comments. Good manners also dictate that personal grooming (combing hair, applying make-up) be done in private (not the classroom).
5. **Help keep the room in order.** Learning takes place in a safe, orderly, clean environment. Students should dispose of trash properly, help keep desks, walls and floors clean, and properly care for classroom furniture and equipment. Students should not write on classroom furniture or tamper with equipment. Students should leave coats, blankets, and book bags in their lockers. Gum chewing is only allowed with permission of the teacher.
6. **Use the student planbook/agenda effectively.**
 - a. Complete an entry for each class every day.
 - b. Check the student planbook/agenda before leaving school so that necessary materials can be taken home.
 - c. Check the student planbook/agenda at home each evening to be sure that all assignments have been completed.
 - d. Each student will receive a free planbook/agenda at the beginning of the school year. **Students must carry the planbook/agenda or a digital hall pass at all times.** If the student planner is lost, a replacement fee will be charged. **The planbook/agenda must be kept intact through the school year.**

Even when cyberbullying does not involve district property, activities or technology resources, the district will impose consequences and discipline for those who engage in cyberbullying if there is a sufficient nexus to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the district is otherwise allowed by law to address the behavior.

Hazing may include those actions that subject a student to extreme mental stress including, but not limited to, sleep deprivation, physical confinement, forced conduct that could result in extreme embarrassment or criminal activity, or other stress-inducing activities. Hazing may also include, but is not limited to: acts of physical brutality; whipping; beating; branding; exposing to the elements; forcing inhalation or consumption of any food, liquor, drug, tobacco product, or other substance; or any other forced physical activity that could adversely affect the physical health or safety of an individual.

Hazing can occur even when all students involved are willing participants. Hazing does not occur when a student is required to audition or tryout for an organization when the criteria are reasonable, approved by the district, and legitimately related to the purpose of the organization.

PROHIBITION AGAINST DISCRIMINATION, HARASSMENT, & RETALIATION

Anti-Discrimination Law Compliance

The Lee's Summit R-7 School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities, and facilities. The district strictly prohibits discrimination and harassment against employees, students or others on the basis of race, color, religion, sex, gender identity, sexual orientation, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The Lee's Summit R-7 School District is an equal opportunity employer.

Marital, maternal, or paternal status shall not affect the rights and privileges of district students to receive an education. Those students are eligible to participate in all activities and receive all honors the same as any other students enrolled in the school district.

Collateral Prohibitions

As part of this obligation, the Board is also prohibited from, and declares a policy against:

- Retaliatory actions based on making complaints of prohibited discrimination or participation in an investigation, formal proceeding, or informal resolution concerning prohibited discrimination;
- Aiding, abetting, inciting, compelling, or coercing discrimination; and,

- Discrimination against any person because of such person's association with a person protected from discrimination due to one or more of the above-stated characteristics.

Compliance Officer Appointment

To ensure that these obligations are met, the Board designates the following individual to act as the district's nondiscrimination laws compliance officer, who shall also be the appointee for all laws specifically mandating such an appointment, and who shall have the duty of keeping the superintendent informed of the state of compliance with this policy district-wide:

SAFE SCHOOLS LAW

Missouri "Safe Schools" statutes provide the following safeguards for the local school district. The act establishes the crime of "**assault while on school property**" if the person:

1. Knowingly causes physical injury to another person; or
2. With criminal negligence, causes physical injury to another person by means of a deadly weapon; or
3. Recklessly engages in conduct which creates a grave risk or serious physical injury to another person; and the act occurred on school or school district property, or in a vehicle at the time of service to the district, or arose as part of a school district sponsored activity. Assault while on school property is a class D felony.

Additionally, school administrators are required to report crimes to the proper authorities. When a student allegedly commits crimes, the incident must immediately be reported to the police and the school superintendent.

A school board is authorized to remove immediately, through suspension or expulsion, a student upon finding by a principal, superintendent, or the Board that the student poses a threat of harm to self or others, based upon the child's prior conduct.

No school board is permitted to re-admit or enroll a student suspended or expelled for having committed certain felonies.

School officials have a duty to maintain a proper educational environment that is conducive to learning. Consistent with the community's expectation that school officials sustain a safe school environment, the Lee's Summit R-7 schools will cooperate with the appropriate law enforcement agencies conducting periodic, unannounced searches of lockers and vehicles.

SUSPENSION POLICY

Response to serious and/or chronic discipline infractions at the Lee's Summit middle schools will be made within the progressive discipline policy framework, and consequently may involve out-of-school suspension (O.S.S.).

During the term of an out-of-school suspension, the student may not be on school grounds before, during or after regular school hours. Students who are suspended or expelled for any reason are prohibited from attending or taking part in any district-sponsored activity, regardless of location, or any activity that occurs on district property. Students who violate this provision will be required to leave the activity and may face further discipline, including an additional period of suspension or expulsion.

Students will be given one day for each day of absences to make up the work, Long-Term projects that have been assigned more than five (5) school days in advance of the absence are due the day of return unless arrangements have been agreed upon by the teacher prior to the due date. Make-up tests will be scheduled directly with each teacher.

WEAPONS

Weapons including guns, knives, mace, or any items designed to inflict injury to others and are customarily used for attack or defense against another person are prohibited on school grounds. Violation of the policy will result in suspension and possible referral to the Superintendent for additional suspension or expulsion. Weapon look-alikes will be held to the same standards.

TECHNOLOGY

Connect2Learn Chromebook Guidelines outline the qualifications for K-12 students in the Lee's Summit R-7 School District to use district-owned Chromebooks. Students and parents/guardians must review and sign the Connect2Learn Student/Parent/Guardian Agreement. The borrowed device remains the property of the district and is subject to monitoring and search. Students receive devices upon signing the agreement, with orientation provided for new students. Devices must be returned at the end of each school year unless otherwise specified by administration. If a Chromebook is not returned, the student may be charged the full replacement cost, and legal actions may be taken. Loss, damage, or theft must be reported promptly, and students are responsible for repair costs if negligence is determined. The agreement outlines terms, usage expectations, costs, and procedures for loaner Chromebooks and repair/replacement incidents.

Special accommodations and restricted access may be granted based on parental/guardian request or administrator discretion. Students are responsible for proper handling, care, and usage of Chromebooks, with guidelines for home network usage, content filtering, digital citizenship, and printing. Technology responsibilities, acceptable use rules, online safety, and violations enforcement are outlined. Google Workspace for Education is utilized with compliance to relevant laws.
