

AP US History Summer Reading Assignment

1. Read Chapters One and Two from Eric Foner's "Give Me Liberty" AP Version, 7th edition (also available through Amazon)
2. Study the timelines at the start of each chapter
3. Know the Key Terms at the end of each chapter.
4. Look over (you do not have to write out) the Short-Answer Questions. They provide a good self-assessment to determine if you understand the themes and concepts behind what you just read.
5. We will have a multiple-choice-question assessment on the two chapters on the second day of class and then move on to Chapter Three. Since we must complete the mandated College Board Curriculum by late April, this course moves exceedingly fast. Thus, it is crucial you complete the assigned readings and not fall behind.
