

NOVATO **UNIFIED** SCHOOL DISTRICT

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Novato Unified School District

CDS Code: 21654170000000

School Year: 2022-23

LEA contact information:

Jennifer Larson

Assistant Superintendent

jandrews@nUSD.org

415-493-4242

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Novato Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Novato Unified School District is \$105,060,579, of which \$78,871,136 is Local Control Funding Formula (LCFF), \$10,723,515 is other state funds, \$11,195,832 is local funds, and \$4,270,096 is federal funds. Of the \$78,871,136 in LCFF Funds, \$5,572,370 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Novato Unified School District plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Novato Unified School District plans to spend \$99,141,179 for the 2022-23 school year. Of that amount, \$99,141,179 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

There are no expenditures not included in the LCAP

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Novato Unified School District is projecting it will receive \$5,572,370 based on the enrollment of foster youth, English learner, and low-income students. Novato Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Novato Unified School District plans to spend \$5,572,370 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Novato Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Novato Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Novato Unified School District's LCAP budgeted \$5,357,708 for planned actions to increase or improve services for high needs students. Novato Unified School District actually spent \$4,058,480 for actions to increase or improve services for high needs students in 2021-22.

The total actual expenditures for actions and services to increase or improve services for high needs students in 2021-22 is less than the proposed budget for two reasons. First, one time funding allocated to support the needs of students returning to full in person learning offset the cost of professional development, intervention support, and personnel. Second, decreased enrollment impacted staffing. As such, several positions were not filled and duties were performed by current staff. There has been no impact on services for students. All actions were carried out as planned through alternative funds and resources.

NOVATO UNIFIED SCHOOL DISTRICT

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Novato Unified School District	Jan La Torre-Derby Superintendent	janderby@nUSD.org 415-493-4211

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

The annual and ongoing engagement of stakeholders is a key part of the NUSD planning process. All stakeholder groups individually and collectively worked to amplify the voices of the NUSD community and share the experiences of students, families, and staff. In designing the

ESSER III Expenditure Plan, the LCAP, LCP, and ELO stakeholder engagement input was utilized to both identify and prioritize action items and strategies. The following Stakeholder groups were involved in NUSD's goal setting, planning, and prioritization process:

NUSD Parent Advisory Committee (PAC): March 3, March 25, April 29, May 27, 2021 and February 17, March 3, March 31, April 18, 2022

NUSD Student Advisory Committee (SAC): March 3, April 29, 2021 and February 17, March 31, 2022

District English Language Advisory Committee (DELAC): April 15, 2021, January 6, 2022, April 14, 2022

School Site Council District Wide: March 18, 2021, March 31, 2022

District Leadership Team (DLT): May 6, 2021, August 5, 2021, September 2, 2021, April 14, 2022

Marin County SELPA: March 10, 2021 and May 12, 2021

NUSD School Board Meetings and Public Hearings: September 14, October 19, November 16, December 14, 2021

Stakeholder groups are critical in advocating on behalf of specific student groups and representing the needs and interests of students and families across the district. With a wide range of needs and limited resources. Throughout the LCAP, ELO, and LCP development process, input was collected from multiple teams of stakeholders, each with a different perspective and experience with the Novato Unified School District.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

Novato Unified School District does not receive Concentration Grant funds.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Stakeholder groups are critical in advocating on behalf of specific student groups and representing the needs and interests of students and families across the district. Throughout the LCAP, Expanded Learning Opportunities Grant, and Learning Continuity Plan, and ESSER development process, input was collected from multiple teams of stakeholders, each with a different perspective and experience with the Novato Unified School District. Feedback was gathered through the ongoing advisory committees in NUSD (DELAC, Parent Advisory Committee, Student Advisory Committee, School Site councils, PTA, and Special Education Committee). In addition, the plans for the use of one-time federal funds received to support recovery from the COVID-19 pandemic and distance learning were crafted through extensive research, and with the input of our Re-Entry Task Force. This team consisted of over 150 members of our school community, parents,

students, and staff and met repeatedly to inform NUSD's plans. Additionally, through our online Thoughtexchange platform, NUSD received feedback from 2,450 stakeholders who shared 3,450 thoughts. NUSD also hosted several FaceBook Live events about budget issues, re-entry guidance, recovery from remote learning, and the Virtual Learning Academy (Independent Study) options.

Expanded Learning Opportunities (ELO-CRRSA Act) Grant Priorities:

- Summer Learning Opportunities
- Remote Access to High Quality/Evidence Based Curriculum for Intervention
- Universal Screeners for Math and English Language Arts
- Expanded Intervention Services
- Increased Mental Wellness Supports
- Learning Hubs on school campuses to support students during remote learning

ELO PLAN:

file:///C:/Users/jandrews/Downloads/2021_Expanded_Learning_Opportunities_Grant_Plan_Novato_Unified_School_District_20220202.pdf

Elementary and Secondary School Emergency Relief (ESSER-CARES/CRRSA Act) Fund Priorities:

- Expanded Intervention Services
- Increased Mental Wellness Supports (Mental Health Counselors)
- Increased Yard Supervision to support students' transition back to in-person learning
- Focus on High Quality Data Collection and Decision Making
- Save and reliable attendance for all students (reliable school busses)
- Updated English Development materials to better meet the current needs of EL students
- Training on high quality ELD Instructional strategies (GLAD)

ESSER PLAN: file:///C:/Users/jandrews/Downloads/2021_ESSER_III_Expenditure_Plan_Novato_Unified_School_District_20220202.pdf

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Based on stakeholder engagement, the following priorities were determined for the Elementary and Secondary School Emergency Relief (ESSER III) Funds:

AREA 1: Strategies for Continuous and Safe In-Person Learning:

- Increased Yard Supervision: Expand the hours for yard supervisors to better serve the social emotional and behavioral needs of students as they reenter full time in-person learning
- Updated Busses: Replace outdated and unreliable busses to ensure students who need transportation have reliable and safe means for travel to and from school

Successes: NUSD has ordered updated busses to replace those that are unreliable.

Challenges: While NUSD has posted and marketed additional positions for increased yard supervision, there remains many unfilled openings.

AREA 2: Impact of Lost Instructional Time:

- Before and After School Academic Intervention/Tutoring: Based on the analysis and monitoring of formative assessment data, students will have access to before and/or after school intervention
- Expanded Learning Opportunities Specialists: Intervention specialists will be hired at every school to provide 1:1 and small group academic supports to accelerate learning during the school day
- Data Specialists: Data specialist will be hired at every school to conduct data cycles, monitor student progress, and coordinate intervention and support services
- ELD Materials: Purchase of updated ELD materials to serve the current needs of English Learners
- ELD Professional Development: GLAD training and implementation of new ELD materials training to support high quality integrated and designated English language development instruction

Successes: The Expanded Learning Opportunities Specialists and Data Specialists have been hired at every elementary school and some of the secondary schools. In the schools where they have been identified, significant student growth in achievement and social emotional wellness has been recorded through regularly implemented data cycles. NUSD plans to continue this practice and expand to all schools in the 2022-23 school year. ELD materials have been ordered and received for the elementary grades and is in the pilot process for secondary schools. GLAD training has been scheduled and 62 teachers are registered to participate.

Challenges: Before and after school academic intervention and tutoring has not been implemented district wide yet. As NUSD creates the Expanded Learning Opportunities Program plan, it is eager to build a program that provides coordinated services before school, after school, and during intersessions. As ELD materials arrive, NUSD is working with teachers and school administrators to plan and schedule meaningful professional development and implementation timelines.

AREA 3: Remaining Funds:

- Mental Health Counselors: Expand access to Mental Health Counselors by hiring one full time counselor at every school site
- NOVA Independent Study: In order to remove barriers to learning for students who are unable to return to in-person learning yet, NUSD is offering a virtual independent studies program.
- Other Supports as Needed: As NUSD monitors student academic progress and wellness in the 2021-22 school year, additional funds will be allocated to meeting the immediate needs of students.

Successes: As of January, 2022, NUSD's community partners who provide Mental Health Counselors have been able to schedule at least one counselor at each school every day. NOVA Independent Study has doubled in enrollment and is thriving. The staff is eager to use this year's

experiences and data to make improvements and fine tune their program for the 2022-23 school year.

Challenges: While NUSD is happy to have a mental health counselor on every campus everyday, in 2022-23 the goal is for each school to have a single, full time counselor. This consistency in service is important for students. It is also important for the counselor to become more integrated into the culture and climate of the school.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

The Novato Unified School District received fiscal resources for the 2021-22 school year. These funds were provided to support student's safe return to in person learning, continuity of services, expanded learning opportunities to respond to academic and social emotional needs due to remote and hybrid learning, and ESSER III. A plan for each of these funding sources was created based on stakeholder feedback and alignment with NUSD's 2021-22 LCAP. As required, each action item corresponds to one of the following LCAP goals. All mid year metrics and expenditures for the LCAP can be found on the attached document titled "NUSD LCAP Mid Year Update".

NUSD 2021-22 LCAP: chrome-extension://efaidnbmnnnibpcajpcglclefindmkaj/viewer.html?pdfurl=https%3A%2F%2F3b9svs2dfskd3fzwfu347pov-wpengine.netdna-ssl.com%2Fwp-content%2Fuploads%2F2021%2F10%2F2021-22-LCAP.pdf&clen=922079&chunk=true

NUSD LCAP Mid Year Update:

<https://docs.google.com/presentation/d/1T9rZbGdEDzDMKSN0GnYJSYvAsem3E3qo/edit?usp=sharing&oid=118065112433090931825&rtpof=true&sd=true>

BROAD GOAL 1 - Culture of Caring: Each school site will foster and maintain positive parent, student and community engagement to promote safe, inclusive, restorative and well-maintained campuses.

BROAD GOAL 2 - Culture of Competence: To support closing the achievement gap for English learners, Socioeconomically Disadvantaged Students, Students experiencing homelessness and Foster Youth in all areas, NUSD will leverage Multiple Tiered Systems of Supports (MTSS) to ensure coherence between student needs and system response.

BROAD GOAL 3 - Culture of Excellence: Through proficiency-based learning all students will demonstrate mastery of the desired learning outcomes, as NUSD ensures all students gain the skills, abilities, and knowledge necessary to be successful in college, career and civic life.

FOCUS GOAL 1 - High Quality Data Based Decision Making: NUSD will expand training and access for the use of DataMatters, the district's data management system in order to implement targeted, time bound data cycles to monitor and improve student outcomes.

FOCUS GOAL 2 - Expanded Learning Opportunities: NUSD will leverage the ELO funds to prioritize acceleration of learning and increase intervention supports for student's academic and social emotional growth throughout the 2021-2022 school year.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support

recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fq/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fq/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

NOVATO **UNIFIED** SCHOOL DISTRICT

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Novato Unified School District	Jennifer Larson Assistant Superintendent	jandrews@nUSD.org 415-493-4242

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Novato Unified School District serves a diverse community of approximately 7,419 students at thirteen schools. NUSD includes seven elementary schools, one K-8 school, two comprehensive middle schools, two comprehensive high schools, a continuation high school, an alternative education program, an early intervention program, and a K-8 charter school.

The student body consists of 42.3% White students, 40.9% Hispanic/Latino students, 7.1% multi-race students, 5.3% Asian students, 2.2% African American, 0.6% American Indian or Alaskan Native, and 0.9% Filipino. Of these students, 17% of the total student population English learners. While the majority of English language learners have Spanish as their initial language, NUSD currently serves students with 43 different home languages. Approximately 33% of NUSD students qualify for free or reduced lunch, 35% of which are English language learners.

Noting the steady increase in diversity and widening gap in student outcomes, the NUSD Board of Trustees adopted an Equity Imperative Statement in 2017. The Equity Imperative states the district's commitment to serve every student equitably and identify ways to ensure that student outcomes are not easily predicted by a student's race, ethnicity, income level, language proficiency or other factors that historically define student achievement. The LCAP provides a tool and process for the district to articulate clear goals, collect meaningful data, analyze progress, and adapt and refine as needed to decrease the opportunity and achievement gap experienced by historical underserved student groups. By removing barriers and increasing individualized support, NUSD's goal is to ensure that every door is open for every student as they graduate from high school. NUSD's Equity Imperative continues to serve as our North Star and guiding value.

NUSD is in the fourth year of a five year strategic plan to redefine and further clarify the expectations for student success in the 21st Century. To begin, the district convened a group of teacher leaders, administrators, and community partners to develop a graduate profile that outlines the critical skills that students need to acquire in addition to content knowledge in order to be college and career ready upon graduation. The team identified six key areas; Collaboration, Communication, Critical Thinking, Cultural Competence, Character, and Conscientious Learner. These 6Cs were adopted in 2018. Since then NUSD has refined the work to define what proficiency looks like for each C and essential content standard in every grade level.

With this common understanding and agreement in place, NUSD established the following vision, mission, and strategic plan focus goal:

NUSD's MISSION: Engage, inspire and empower all students, in a rapidly changing world, to realize their life goals.

NUSD's VISION: NUSD will provide an innovative and personalized learning experience for every student in a caring and supportive environment to develop the knowledge and skills necessary to be successful and productive citizens. NUSD will engage parents, teachers, and our community to actively support our students' growth and learning.

NUSD's STRATEGIC PLAN FOCUS GOAL: By 2023, all students will demonstrate standards-based proficiency of the Graduate Profile which includes the 6Cs and content based mastery.

As a way to build cohesion across the school district and identify intentional action steps, the leadership team came together to prioritize the goals and priorities that existed within each school, department, and specialized program. In looking for trends, redundancy, and actions that no longer aligned with the articulated mission, vision, and goal, consensus was found in three universal goals:

- Culture of Caring (Social Emotional Learning & Restorative Practices)
- Culture of Competence (Multi-Tiered Systems of Support)

- Culture of Excellence (Proficiency Based Education)

These goals were established in 2019 and will be the foundation for the 2021-24 LCAP.

NUSD continues to be proud of its high quality and innovative schools and programs. While each school offers a robust variety of programs and pathways to offer students a wide array of choices, several specialized programs draw significant participation and student success. These include:

Lynwood Dual Immersion Program: This TK-5 program began in 2018 with enrollment in TK, kindergarten, and first grade. Each year since, a new grade level has been added. The dual immersion program offers an excellent educational experience in an environment that cultivates foundational skills for bilingualism (Spanish-English), as well as bi-literacy and multiculturalism. The students start with a 90% Spanish and 10% English mix of instruction across the subject areas in TK/Kinder, incrementally achieve a 50/50 balance of instruction in Spanish and English by the time they leave 5th grade.

Marin School of the Arts (MSA): This specialized learning community within Novato High School offers talented and motivated students the opportunity for professional arts instruction and practice while fulfilling all requirements in math, science, language arts, physical education and other elective programs at Novato High School. The wide range of pathways in MSA include cinematic arts, dance, music, theater arts, visual arts, and creative writing.

STEM Marin: The STEM program is a small learning community on the San Marin High School campus that offers students who are passionate about science, technology, engineering, and math an opportunity to engage even more deeply. This program offers two pathways; Engineering and Biotechnology. Since its introduction in 2013, the STEM program continues to grow and serve a broader population of students.

Career Technical Education (CTE): Each of Novato's high schools offer CTE pathways. Over the past five years, NUSD's CTE program has grown from having a handful of isolated CTE course offerings to eight complete career pathways in six industry sectors. Each pathway offers an introductory, concentrator and completer course and every course is UC/CSU approved to meet A-G requirements. Additionally, three pathways are articulated with the community college. These pathways included:

- Biotechnology (San Marin High School)
- Cisco Academy (San Marin High School)
- Culinary Academy (Marin Oaks High School)
- Digital Arts and Design (Novato High School)
- Digital Arts and Photography (Novato High School)
- Medical Careers Pathway (Novato High School)
- Multimedia (San Marin and Novato High School)
- Product Design (Novato High School)

Hill Education Center (HEC): NUSD offers several alternative education options for students at the Hill Education Center. -

- Marin Oaks High School is a continuation high school serving Novato students who have struggled to find success in the traditional high school setting. In addition to the supportive and asset based general education programming at Marin Oaks, they offer the Culinary CTE pathway and the Bridges Program which offers students college and career experience while finishing high school. Marin Oaks has been recognized twice as a Model Continuation School in California.
- NOVA Independent Study. This program offers students a flexible, virtual self paced educational mode. Through regular meetings with their highly qualified teaching staff, each student has a personalized program and co-enrollment opportunities with the NUSD comprehensive high schools. This program serves students from kindergarten through 12th grade with daily live instruction, virtual learning and enrichment opportunities, and high quality remote curriculum. In the 2021-22 school year, nearly 181 NUSD's 7,419 students participated in the Independent Study Program. It has become clear that a virtual only learning environment is a viable option for some students.
- Novato's Adult Education Program

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

While the impacts of the pandemic continue to be a primary focus for student support, NUSD is proud of the many accomplishments in the past year. Based on a review of the California School Dashboard and local data, the follow have stood out as highlighted successes:

Teaching and Learning

- All students maintained enrollment in a broad course of study.
- Teachers were committed to using Proficiency Based Education (PBE) to refine the delivery of high quality instruction. Members of the Teacher Leadership Team (TLT) provided training and support to colleagues to further the implementation of the NUSD essential standards, proficiency scales, and refine strategies to support a system of instruction and assessment in which students' mastery of the skills and content is clear, transparent and measured to provide feedback on their progress to the next lesson, grade level, or graduation.
- After missing a year of state assessments in 2020, students participated in the CAASPP Smarter Balanced ELA/Math and English Language Proficiency Assessment of California (ELPAC) exam in 2021. Locally, NUSD students completed the Galileo benchmark exam three times during the school year to measure growth and progress towards proficiency.
- In each elementary school, the Data Specialist conducted six to eight week data cycles to monitor student achievement and provide 1:1 and small group interventions. Because these cycles were time bound, well defined, and regularly monitored, interventions were far more targeted and effective. Student progress exceeded each teams

expectations, leading to the recommendation to expand this process to the middle and high schools in 2022-23.

- Reclassification rates increased significantly from 77 students in 2021 to 127 in 2022.

College and Career Readiness

- The percentage of NUSD's students who met the UC/CSU (A-G) Entrance Requirements increased for all student groups.
- Enrollment in Career Technical Education (CTE) courses in the high schools increased 19% in over a year.
- High school students continued to participated in PSAT and AP tests.

Student Well-Being

To improve outcomes for our students, NUSD focused on strengthening social-emotional services and supports for the entire learning community. These actions lowered the number of expulsions, suspension rate, and SARB referrals.

- Mental Health Counseling - NUSD contracts the services of North Marin Community Services (NMCS) and Bay Area Community Resources (BACR) to provide counselors to campuses. Increased services for the 2021-22 school year resulted in increased capacity for students at each school to be served at their point of need, counseling

during times of crisis, and ongoing family support.

- North Bay Security personnel services continued to work with school sites, students and their families to minimize absenteeism and suspensions.
- Community Liaisons - NUSD's community liaisons serve as a link between schools and families to support the social-emotional needs of students and to further their academic success. Services increased at each school site resulting in an average of 125 contacts each week.
- Restorative Practices and Restorative Justice continued to be practiced at each school as an alternative to suspension and strategy to build a safe and inclusive school culture.
- The DESSA Social Emotional Learning screener was administered through 6th grade. This data guided schools in providing targeted whole school, small group, and 1:1 interventions to increase student's SEL competencies.

OR THIS FORMAT:

Culture of Caring

To improve outcomes for our students, NUSD focused on strengthening social-emotional services and supports for the entire learning community. These actions lowered the number of expulsions, suspension rate, and SARB referrals.

- Mental Health Counseling - NUSD contracts the services of North Marin Community Services (NMCS) and Bay Area Community Resources (BACR) to provide counselors to campuses. Increased services for the 2021-22 school year resulted in increased capacity for students at each school to be served at their point of need, counseling during times of crisis, and ongoing family support.
- North Bay Security personnel services continued to work with school sites, students and their families to minimize absenteeism and suspensions.

- Community Liaisons - NUSD's community liaisons serve as a link between schools and families to support the social-emotional needs of students and to further their academic success. Services increased at each school site resulting in an average of 125 contacts each week.
- Restorative Practices and Restorative Justice continued to be practiced at each school as an alternative to suspension and strategy to build a safe and inclusive school culture.
- The DESSA Social Emotional Learning screener was administered through 6th grade. This data guided schools in providing targeted whole school, small group, and 1:1 interventions to increase student's SEL competencies.

Culture of Competence

- Updated ELD core curriculum was adopted and teachers participated in professional development.
- Reclassification of English Learners increased from 77 students in 2021 to 127 in 2022.
- NUSD's MTSS Framework was created and consistent tier 1, 2, and 3 supports were identified.
- The percentage of NUSD's students who met the UC/CSU (A-G) Entrance Requirements increased for all student groups.
- Enrollment in Career Technical Education (CTE) courses in the high schools increased 19% in over a year.

Culture of Excellence

- All students maintained enrollment in a broad course of study.
- Teachers were committed to using Proficiency Based Education (PBE) to refine the delivery of high quality instruction. Members of the Teacher Leadership Team (TLT) provided training and support to colleagues to further the implementation of the NUSD essential standards, proficiency scales, and refine strategies to support a system of instruction and assessment in which students' mastery of the skills and content is clear, transparent and measured to provide feedback on their progress to the next lesson, grade level, or graduation.
- After missing a year of state assessments in 2020, students participated in the CAASPP Smarter Balanced ELA/Math and English Language Proficiency Assessment of California (ELPAC) exam in 2021. Locally, NUSD students completed the Galileo benchmark exam three times during the school year to measure growth and progress towards proficiency.
- In each elementary school, the Data Specialist conducted six to eight week data cycles to monitor student achievement and provide 1:1 and small group interventions. Because these cycles were time bound, well defined, and regularly monitored, interventions were far more targeted and effective. Student progress exceeded each teams expectations, leading to the recommendation to expand this process to the middle and high schools in 2022-23.
- Reclassification rates increased significantly from 77 students in 2021 to 127 in 2022.

High Quality Data-Based Decision Making

- In each elementary school, the Data Specialist conducted six to eight week data cycles to monitor student achievement and provide 1:1 and small group interventions. Because these cycles were time bound, well defined, and regularly monitored, interventions were far more targeted and effective. Student progress exceeded each teams expectations, leading to the recommendation to expand this process to the middle and high schools in 2022-23.
- DFI lists were monitored every 6 weeks by school counselors, administrators, and instructional leadership teams
- DataMatters usage continued to increase in usage

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Based on the a review of Dashboard and local data, there are several areas of need within each goal in which significant improvement is necessary.

Culture of Caring

- Attendance was the most significant challenge in the 2021-22 school year dropping from 97% to 94% average attendance rate. Chronic absenteeism rose from 6.5% to 7.4%.

Culture of Competence

- English Language Development classes grew beyond desired capacity.
- Student Support and Data Specialists were only limited to elementary schools.

Culture of Excellence

English Language Arts proficiency dropped from 55.1% in 2019 to 49.75% in 2021 (no testing 2020).

Math proficiency dropped from 48.57% in 2019 to 37.64% in 2021 (no testing 2020).

Student Support and Data Specialists were only limited to elementary schools.

High Quality Data-Based Decision Making

- Student Support and Data Specialists were only limited to elementary schools.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

BROAD GOAL 1: CULTURE OF CARING

Each school site will foster and maintain positive parent, students, and community engagement to promote safe, inclusive, restorative, and well-maintained campuses.

State Priorities:

Priority 3: Parental Involvement (Engagement)

Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

Intended District Outcomes:

1. Expand delivery of tier 1 social-emotional learning, use of restorative practices, and foster a culture of inclusion and respect
2. Enhance access to mental health and wellness services
3. Increase communication and engagement with parents, guardians, and community members
4. Collect, analyze, and utilize accurate behavior data to make informed decisions and identify appropriate responses

BROAD GOAL 2: CULTURE OF COMPETENCE

NUSD will implement clearly articulated systems for behavior, academic, and social-emotional supports with fidelity within a multi-tiered system of supports (MTSS)

State Priorities:

Priority 7: Course Access (Conditions of Learning)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Intended District Outcomes:

1. Increased academic success
2. Decrease in disproportionate academic outcomes based on race, ethnicity, income level, language proficiency, or other factors that have been historic predictors
3. Increased attendance
4. Positive school climate
5. Decrease in Suspension and Expulsions
6. Decrease in disproportionate discipline records based on race, ethnicity, income level, language proficiency, or other factors that have been historic predictors

BROAD GOAL 3: CULTURE OF EXCELLENCE

Through proficiency-based education, all students will demonstrate mastery of the desired learning outcomes, as NUSD ensures all students gain the skills, abilities, and knowledge necessary to be successful in college, career, and civic life.

State Priorities:

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Intended District Outcomes:

1. Operationalize vertically aligned continuums of learning across TK-12 through the use of NUSD's essential standards and proficiency scales

2. Collect, analyze, and utilize accurate student achievement data to measure growth, make informed decisions, and identify appropriate responses

FOCUS GOAL 1: HIGH QUALITY DATA-BASED DECISION MAKING

NUSD will expand training and access for the use of Data Matters, the district's data management system in order to implement targeted, time bound data cycles to monitor and improve student outcomes.

FOCUS GOAL 2: EXPANDED LEARNING

NUSD will leverage the Extended Learning Opportunity Grant (ELO) funds to prioritize acceleration of learning and increase intervention supports for student's academic and social emotional growth throughout the 2022-2023 school year.

MAINTENANCE OF EFFORT GOAL 1

NUSD will maintain sufficient board adopted instructional materials, safe and clean facilities in good standing, appropriately credentialed and assigned teachers and administrators, provide students access to and enrollment in a broad course of study, transportation for eligible students, and other conditions necessary to support the effective implementation of actions across all LCAP goal.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A - NUSD is not eligible for support

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A - NUSD is not eligible for support

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A - NUSD is not eligible for support

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

The annual and ongoing engagement of stakeholders is a key part of the LCAP development process. It is important that the goals, actions, metrics, and expenditures within the LCAP are informed by the voices of students, families, staff, and community members. The stakeholder groups individually and collectively worked to amplify the voices of the NUSD community and share the experiences of students, families, and staff. In preparing for the LCAP stakeholder engagement process NUSD determined that the new goals and actions must clearly reflect the district's commitment to equity and include student voice. As such, the Student Advisory Committee continued to provide input and host a student voice panel for the Parent Advisory Committee (PAC). The inclusion of student voice has proven to be a pivotal component to the LCAP process to ensure that the student's lived experiences are central to the decision-making process. This year's student voice panel included elementary, middle, and high school students who represented our English language learners, foster youth, and low-income students. In addition, the District Leadership Team (DLT) and DELAC Committee played an active role in providing input for the LCAP. The meetings were held virtually or in-person to provide flexibility and an increased participation rate.

Meetings and Listening Sessions

Meetings were held either virtually or in-person. Spanish Interpretation was made available to participants and minutes were transcribed for all meetings. In addition to commenting during a meeting, participants were invited to submit written comments and questions to NUSD Education Services personnel. All stakeholder input was reviewed by NUSD staff to understand the priorities of the community to guide plans for the future.

Parent Advisory Committee (PAC)

Participants: Parents (including those who have children who participate in NUSD's Special Education Program, English Learner Program, and GATE Program) a student representative from every school, district-wide equity team site personnel, district administrative staff, community non-profit organizations

Meeting Dates: February 17, 2022, March 3, 2022, March 31, 2022 & April 28, 2022

District English Language Advisory Committee

Participants: DELAC members and NUSD central office staff

Meeting Date: April 14, 2022

School Site Council Districtwide

Participants: Members from each School Site Council, NUSD personnel and Youth Truth Representative

Meeting Date: Hamilton 3/25/22, Loma Verde 3/15/22, Lu Sutton 3/16/22, Lynwood 4/12/22, Olive 3/22/22, Pleasant Valley 4/19/22, Rancho 3/17/22, San Ramon, San Jose 3/16/22, Sinaloa 3/10/22, Novato High, San Marin High 3/11/22

District Leadership Team (DLT)

Participants: All School administrative personnel and Assistant Superintendent of Education Services

Date: During the 2021-22 school year, a Google Form was distributed to school administrators to provide input to use as a catalyst for ongoing discussions regarding LCAP goals and actions.

Marin County SELPA

Participants: Representatives from Marin County School District Special Education Community

Dates: June 2, 2022.

NUSD School Board Meeting/Public Hearing

Participants: Board of Trustees, Superintendent, NUSD personnel and general public

Date: June 14, 2022

A summary of the feedback provided by specific educational partners.

Stakeholder groups are critical in advocating on behalf of specific student groups and representing the needs and interests of students and families across the district. With a wide range of needs and limited resources, it is important that NUSD staff and Trustees understand the priorities of the community to guide LCAP plans. Throughout the LCAP development process, input was collected from seven teams of stakeholders, each with a different perspective and experience with the Novato Unified School District. Throughout the process, each group recommitted to the three priorities identified in 2021 and added one additional critical area for improvement:

Initial Priorities identified in 2021:

Increased access to mental health counseling and services: While NUSD has always offered mental health counseling through our partner organization (Bay Area Community Resources and North Marin Community Services), all stakeholders articulated that it was a priority to have a full time counselor present on every campus during school hours. Additionally, this staff member should be a well integrated and engaged member of the school community increasing their visibility and relationships with students.

Increased bilingual community liaison support: Similarly, NUSD has benefitted from having bilingual community liaisons included in our school communities, but not all schools have had the same access. Based on the feedback of students and especially Novato's bilingual and English learner community members, a recommendation has been identified to provide a full time community liaison at every school to increase community engagement, school to home connection, and an inclusive school culture.

Use of high quality data for decision making: Staff and stakeholders noted the inconsistency in data as they reviewed the 2019-20 LCAP and 2020-21 LCP. From year to year, metrics have changed and often the sources from which the data was gathered also shifted. In the 2021-24 LCAP, NUSD has committed to articulate clear metrics with a consistent data source referenced.

Additional Priority identified in 2022:

Restructure district-wide services to school-based services: Significant data surfaced to show the impact of having student support services designated by school site. When a support person has the ability to engage in the school's culture, be visible to students, parents and staff members regularly, and have a reliable schedule of service, the effectiveness of services on student achievement increased dramatically.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The Novato Unified School District remains committed to the three broad goals; Culture of Caring, Culture of Competence, and Culture of Excellence as well as Focus Goal 1: High-Quality Data Based Decision Making. In addition, Focus Goal 2: Expanded Learning Opportunities and Focus Goal 3: Maintenance of Effort will continue in the 2022-23 LCAP as the funding and action items will extend through next year. The Culture of Caring focuses on building school and district communities that prioritize relationships, wellness, and social emotional learning. The Culture of Excellence focuses on developing a system that clearly articulates consistent and rigorous standards-aligned courses of study and maintains high expectations for the success of every student. Finally, the Culture of Competence focuses on building a Multi Tiered System of Support to ensure that every student has access to the supports they need to be successful. The staff's commitment to these goals paved the way for the district's ability to move smoothly between remote learning, hybrid learning, and a full return to in person learning. Therefore the 2021-24 LCAP was designed with these three broad goals. Each of the action items proposed for each goal area has been shared, evaluated, and influenced by specific stakeholder input.

The most significant aspect of the LCAP that was influenced by the input from educational partners was the reallocation of funds to support the added priority of restructuring district-wide services to school-based services. These changes impacted the LCAP goals by:

Broad Goal 1: Culture of Caring

Action 3: Restorative Justice Teacher on Special Assignment - The employment of a Restorative Justice Teacher on Special Assignment (TOSA) for the 2021-2022 school year was discontinued. Through stakeholder engagement and input, it was determined that the most impactful services for students are through site-based staffing. As such, NUSD has reflected and restructured the service model to shift from district-wide implementation to site-based implementation. Beginning in the 2022-2023 school year, Restorative Practices and Restorative Justice will be integrated into each school's culture and staffing.

Action 5: Newcomer Counselor - Similar to the Restorative Justice TOSA, Newcomer Counselors provided district-wide services. This position was discontinued in the 2021-2022 school year and a pilot implementation of increased services through English Learner Specialists at each school was explored. While this was a well-received experience and students were more consistently served through site-based staffing, far more support is needed in the future. As such, NUSD will expand the role of English Learner Specialist for the 2022-2023 school year (see Action 11).

Action 8: Hire Bilingual Teachers - While a small contribution to NUSD's goal of hiring and retaining bilingual teachers has always been made from the LCFF supplemental funds, it is acknowledged that this action item requires more substantial contribution and should be held by the Human Resources Department. Alternative funding has been allocated to ensure this vital action is continued.

Action 9: Contribution to Free and Reduced Meal Program - This action item is no longer necessary as the funding model for the Free and Reduced Meal Program has changed in response to the pandemic. NUSD's contribution of approximately \$40,000 each year was discontinued beginning in 2021-2020.

Action 10: Supporting MTSS - While NUSD is fully committed to continuing the development of a highly functioning Multi Tiered System of Support (MTSS), this substantial expense has been shifted to an alternate funding source for the 2022-23 school year. This will allow the funds to be reallocated to direct services to students.

Broad Goal 2: Culture of Competence

Action 5: English Language Development Professional Development - NUSD was allocated an abundance of one time funding for professional development and supporting staff in meeting the academic and social emotional needs of English Language Learners. This action item will continue and expand in then 2022-2023 school year using alternate funding sources.

Action 16: Using reallocated funds, a Student Support Specialist will be employed at each school to provide the following services:

- English Language Development small group instruction
- ELPAC Assessment preparation
- Math Intervention
- Reading Intervention
- Social Emotional small group instruction

Broad Goal 3: Culture of Excellence

Action 4: Instruction & Learning Teacher on Special Assignment - The position was eliminated in the 2021-22 school year as a part of NUSD's Education Services Department restructuring. The job responsibilities were assumed by the Coordinator of MTSS and the Assistant Superintendent of Education Services.

Action 5: Teacher Leader Team (TLT) - As this initiative has continued to grow in numbers and increase in effectiveness, NUSD has been awarded a grant to support and broaden the project. As such the funding source for TLT will shift for 2022-23.

Focus Goal 1: High Quality Data Driven Decision Making

Action 1: Data Matters Program Manager - All goals were met by the DM Program Manager by October 2021. This position was eliminated and maintenance of the platform will continue through the IT Department.

Action 4: Data Specialist - Using reallocated funds, the Data Specialist team will be expanded to have include one specialist at each school. These teachers on Special Assignment are dedicated to building the capacity and impact of high-quality data on student achievement through:

- Monitoring EL student progress
- Coordinating 6-week Data Cycles
- Facilitating data based Professional Learning Communities in grade level and/or department teams

- Leading whole staff professional development about accessing data, analyzing data, using data to inform instruction, and high-quality strategies for instructional differentiation

Goals and Actions

Goal

Goal #	Description
1	BROAD GOAL 1 - Culture of Caring: Each school site will foster and maintain positive parent, student and community engagement to promote safe, inclusive, restorative and well-maintained campuses.

An explanation of why the LEA has developed this goal.

The social emotional wellness of students as they navigated the transition between multiple learning environments was a priority for all staff during the 2020-21 school year. The increased partnership and engagement with each student's home environment shed a light on the need for a consistent definition, access, and delivery of social emotional learning, mental health counseling, and wellness supports. The most notable evidence and observations show that learning can not be achieved at high levels unless a foundation of trust, respect, inclusion, and caring has been well established in the school community. Looking at the rates of absenteeism, suspension, and expulsion along side the feedback received through stakeholder engagement and NUSD's Youth Truth Survey, it is clear that prioritizing a strong Culture of Caring must continue. For this reason the first broad goal for 2021-24 will be the Culture of Caring.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 3 - Parent Involvement Increased Usage of Community Liaison 1. Number of contacts 2. Frequency of Services Provided	This is a new action item and goal area. Data from 2021-22 will provide a baseline.	Between 100 to 150 interactions per community liaison monthly			To be determined after baseline is established in 2021-22.
Priority 5 - Pupil Engagement Increased positive response to NUSD Youth Truth Survey	Elementary- Questions to be added on the survey in 2021-2022 school year	Elementary February 2022 2.26 18th percentile (1-3 scale) February 2021 2.15			Elementary- Q2: 25th percentile Q4: 25th percentile Middle School- Q2: 35th percentile

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
<p>Mental Health Questions #2 and #4.</p> <p>QUESTION 2. When I'm feeling upset, stressed, or having problems...my school has programs or services that help me.</p> <p>QUESTION 4. When I'm feeling upset, stressed or having problems...there is an adult from school who I can talk to about it.</p>	<p>Middle School- Q2: 3.04 (30th percentile) Q4: 2.85 (3rd percentile)</p> <p>High School- Q2: 3.01 (26th percentile) Q4: 2.92 (13th percentile)</p>	<p>Middle School Q2 3.06 24th percentile Q4 2.94 10th percentile</p> <p>High School Q2 3.18 48th percentile Q4 3.05 29th percentile</p>			<p>Q4: 10th percentile</p> <p>High School- Q2: 30th percentile Q4: 20th percentile</p>
<p>Priority 6 -School Climate Suspension Rate</p> <p>California School Dashboard State Indicator</p> <p>Percentage of K-12 students who have been suspended at least once in a given school year. Note: Students who are suspended multiple times are only counted once</p>	<p>2019-20 Dashboard All Students 3%</p> <p>Racial Ethnic Groups African American 8.9% (declined) American Indian/Native Alaskan 0%(maintained) Asian 0.9%(maintained) Filipino 2.6% (maintained) Hispanic/Latino 3.5% (declined) Native Hawaiian/Pacific</p>	<p>2021 State Indicator NOT reported on Dashboard Alternative Data Source: CDE Data Quest Report 2020-21 Suspension Rate</p> <p>All Students 0.3%</p> <p>Racial Ethnic Groups African American 1.7% American Indian/Native Alaskan 1.8% Asian 0.3%</p>			<p>Suspension rates will decrease by a minimum of 1% in each student group.</p>

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	<p>Islander 8.7% (declined) White 2.6% (maintained) Two or more races.5% (declined)</p> <p>English Learners 3.3% (maintained) Socioeconomically Disadvantaged 4% (declined) Foster Youth 3.4% (declined) Homeless Youth 5.8% (increased) Students with Disabilities 5.8% (declined)</p>	<p>Filipino 0.0% Hispanic/Latino 0.2% Native Hawaiian/Pacific Islander 0.0% White 0.3% Two or more races 1.0%</p> <p>English Learners 0.4% Socioeconomically Disadvantaged 0.5% Foster Youth 0.0% Homeless Youth 0.6% Students with Disabilities 1.3%</p>

1.7	ACTION 7: Translation Support	<p>2022-2023 Continue</p> <p>To ensure meaningful communication with limited English-speaking families competent translation and interpretation services are available at all NUSD schools and the district central office.</p> <p>Supports include:</p> <ul style="list-style-type: none"> • Translation of site and district communications. • Availability of NUSD webpage to be viewed in a multitude of languages. • Interpretation by NUSD personnel and service contractors at public meetings, school events, in-person conferences, and phone calls. • Contracted multi-lingual services of Language Line on-demand over the phone or virtually services for interpretation. 	\$40,000.00	Yes
1.8	ACTION 8: Hire Bilingual Teachers	<p>2022-2023 Modify</p> <p>NUSD's Equity Imperative declares that every student have the support, encouragement, and assistance they need to succeed in school. To address the need to better serve the English learner student population and their families, NUSD continually seeks to hire bilingual teachers. Throughout the school year, NUSD Human Resources personnel attend recruiting fairs including those who promote diversity within and outside of California. NUSD is also a member of the California Association for Bilingual Education (CABE), which has a job corner to advertise positions. This action financially supports actions to hire bilingual staff.</p>		
1.9	ACTION 9: Contribution to Free	Discontinued 2021-2022		

Action #	Title	Description	Total Funds	Contributing
	and Reduced Meal Program/FANS	Contribution to Free and Reduced Meal Program (FRMP) to provide meals at no cost for students who are eligible for reduced price meals		
1.10	ACTION 10: Supporting MTSS	<p>2022-2023 Modify</p> <p>School psychologists are uniquely posed to provide support to schools and district staff as they implement MTSS. NUSD Psychologists are responsible for providing both direct and indirect support to students, families, and staff members in order to ensure high quality programming for students especially those with unique needs.</p> <p>Duties include, but not be limited to:</p> <ul style="list-style-type: none"> • Assist in the implementation of assessment recommendations for students as needed • Provide consultation and advice to administrators and teachers regarding intervention supports for struggling students • Coordinate, communicate and seek consultation with community agencies as appropriate. • Assist family with collaboration with school to implement interventions • Consultation around social emotional and behavioral systems and structures with Ed. Services Department 		
1.11				

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Over the course of the 2021-22 school year, five substantive differences were made to NUSD's planned actions.

Action 3: Restorative Justice Teacher on Special Assignment - The employment of a Restorative Justice Teacher on Special Assignment (TOSA) for the 2021-2022 school year was discontinued. Through stakeholder engagement and input, it was determined that the most impactful services for students are through site based staffing. As such, NUSD has reflected and restructured the service model to shift from district-wide implementation to site based implementation. Beginning in the 2022-2023 school year, Restorative Practices and Restorative Justice will be integrated into each school's culture and staffing.

Action 5: Newcomer Counselor - Similar to the Restorative Justice TOSA, Newcomer Counselors provided district-wide services. This position was discontinued in the 2021-2022 school year and a pilot implementation of increased services through English Learner Specialists at each school was explored. While this was a well received experience and student's were more consistently served through site-based staffing, far more support is needed in the future. As such, NUSD will expand the role of English Learner Specialist for the 2022-2023 school year (see Goal 2, Action 17).

Action 8: Hire Bilingual Teachers - While a small contribution to NUSD's goal of hiring and retaining bilingual teachers has always been made from the LCFF supplemental funds, it is acknowledged that this action item requires more substantial contribution and should be held by the Human Resources Department. Alternative funding has been allocated to ensure this vital action is continued.

Action 9: Contribution to Free and Reduced Meal Program - This action item is no longer necessary as the funding model for the Free and Reduced Meal Program has changed in response to the pandemic. NUSD's contribution of approximately \$40,000 each year was discontinued beginning in 2021-2020.

Action 10: Supporting MTSS - While NUSD is fully committed to continuing the development of a highly functioning Multi Tiered System of Support (MTSS), this substantial expense will be shifted to an alternate funding source in the 2022-23 school year. With the allocation of significant one time funds, LCFF supplemental funds are no longer needed to support this action item.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were minimal differences between the budgeted expenditures and the estimated actual expenditures for the action items that remain in Goal 1 Culture of Caring.

An explanation of how effective the specific actions were in making progress toward the goal.

Five of the ten action items identified to support NUSD's Culture of Caring were effective in making progress towards the goal. Each of these items will continue as planned or expanded to increased services and progress even further.

Action 1: Community Liaisons - Increased Community Liaison allocation led to an average of 125 interactions per month for every Community Liaison.

Action 2: Mental Health Services - Increased mental health services at each school site allowed for more individual and small group therapy and respond to the expanded demand for support after the pandemic.

Action 4: Intervention Specialist (North Bay Security) - While attendance and chronic absenteeism continues to be an area for growth, NBS increased home visits and supported students, staff, and families in the transition back to full in person learning.

Action 6: Restorative Justice Specialist - As the only school based Restorative Justice Specialist, this role continues to prove impactful in improving school culture through weekly whole-school restorative practices, decreasing suspensions, and awareness and focus on student wellness.

Action 7: Translation Support - With the rapidly improving quality and readily available translation tools available, NUSD continues to increase translation services both in quantity and range of languages.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes to the planned goals, metrics and desired outcomes for Goal 1 Culture of Caring. There are, however, several changes to the actions. As noted above, significant efforts have been made to offer school based services rather than district-wide. Data and stakeholder input clearly shows an increased impact on student outcomes when staff and services are embedded in the culture of the school and designed to meet the needs of each individual school community. With this in mind, restorative practices will be supported more deeply at each school and the two district-wide Newcomer Counselors will be replaced with school based English Learner Specialists (see Goal 2, Action17).

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	BROAD GOAL 2 - Culture of Competence: To support closing the achievement gap for English learners, Socioeconomically Disadvantaged Students, Students experiencing homelessness and Foster Youth in all areas, NUSD will leverage Multiple Tiered Systems of Supports (MTSS) to ensure coherence between student needs and system response.

An explanation of why the LEA has developed this goal.

Having established a shared understanding of Tier one instruction and curriculum for both the Culture of Caring (Social Emotional Learning Competencies) and the Culture of Excellence (NUSD Essential Standards), NUSD recognizes the need for a structure for how and when to provide supports and interventions to meet each individual student's needs, or a Culture of Competence. Based on all metrics, historically underserved students continue to grow and succeed at lower rates. With the adoption of consistent, clearly defined expectations for students proficiency, NUSD is engaged district-wide in developing a robust Mutli-Tiered System of Support (MTSS) to better serve its students in their social emotional (Caring) and academic (Excellence) goals. Never before has the importance of individualized learning been more apparent. The integration of online models of delivering curriculum, communicating, providing support, and building community has completely transformed education. While the students and staff returned to campus safely and with great enthusiasm, the level of innovation and creativity that exists because of the technology integration during the pandemic will continue to benefit all aspects of learning. In order to keep a focus on personalizing instruction, the second broad goal for 2021-24 will be the Culture of Competence.

2.1	ACTION 1: MTSS Coordinator	<p>2022-2023 Continue</p> <p>A Multi-Tiered System of Supports (MTSS) is a systemic, continuous improvement framework in which data-based problem solving and decision-making is practiced across all levels of the educational system for supporting students. The MTSS coordinator for Novato Unified School District supports the Multi-Tiered System of Supports that has a strong focus on serving the needs of economically disadvantaged, English learners, foster youth, and homeless students.</p> <p>The MTSS Coordinator supports students, families, school sites the district central office in the following ways:</p> <ul style="list-style-type: none"> • Provides training, consultation, and support to administrators, teachers, and school-based leadership teams to facilitate implementation of a Multi-Tiered System of Supports (MTSS) at the district and school levels. • Coordinates MTSS staff development activities for school-based and district personnel. • Collaborates with school community liaisons to utilize available resources to address concerns and meet the needs of students and families. • Overseas District English Language Advisory Committee (DELAC). • Ensures compliance and adherence to district procedures, state guidelines, and federal regulations for English learners, foster youth, and homeless programs. 	\$167,987.00	Yes
2.2	ACTION 2: AVID Sections	<p>2022-2023 Continue</p> <p>Advancement Via Individual Determination (AVID) is an in-school academic support program for grades seven through twelve. The purpose of the program is to prepare students for college admission, especially underrepresented students who will be the first in their families to attend college. NUSD's AVID program is designed as an</p>	\$355,224.00	Yes

Action #	Title	Description	Total Funds	Contributing
		elective course for 7th-12th-grade students at both comprehensive high schools and all three middle schools. All high school AVID courses are A- G approved which supports students to meet A-G eligibility requirements upon graduation. NUSD's AVID program has measurable success, and data shows that the program is effectively closing the achievement gap for AVID elective students. NUSD AVID instructors are trained to use AVID strategies and attend ongoing professional development to enhance instructional skills. NUSD provides each secondary school with class sections to ensure that low-income, English learners and students of color have the opportunity to enroll in the AVID program during or after the school day.		
2.3	ACTION 3: English Learner Teacher on Special Assignment (TOSA)	<p>2022-2023 Continue</p> <p>The NUSD EL TOSA promotes and supports the success of English learners districtwide. The TOSA 's primary goal is to monitor the progress of English Learners to ensure appropriate placement and academic success, assist in identifying professional development needs and act in an advisory capacity to staff and parents regarding state and federal guidelines concerning English learner education. This is a multifunded position.</p> <p>EL TOSA Essential Duties Include:</p> <ul style="list-style-type: none"> • Support Implementation of Designated and Integrated ELD at all schools. Both integrated and designated ELD are provided to English learners. Integrated ELD is provided to ELs throughout the school day and across all subjects by all teachers who have ELs in their classrooms. Designated ELD is provided to ELs by skilled teachers during a protected time during the regular school day. • Communicates information and research data to schools to build capacity in staff to access, interpret and act effectively on data to inform instruction and refine programming decisions for English learners. 	\$63,323.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> Provides professional development and instructional coaching to support teachers in maximizing English learner students' language acquisition and academic success. Collaborates with school administrators regarding necessary testing for identified students, EL reclassification process, and monitoring academic progress of reclassified students for four years following their reclassification. Assists with the development and implementation of a district-wide EL Master Plan. 		
2.4	ACTION 4: Expanded EL Classes (MS/High/Alternative)	<p>2022-2023 Continue</p> <p>The purpose of English Language Development (ELD) is to actively engage students in learning language structures and vocabulary. ELD lessons can be related to academic content, however, the core purpose of ELD is language acquisition. Smaller English Language Development (ELD) classes support English learners in developing language skills.</p>	\$466,231.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

In Goal 2, Culture of Competence, there was only one substantive difference to the original action items. There are, however, three additional action items for 2022-23.

Changes to Original Actions:

ACTION 5: English Language Development Professional Development - NUSD was allocated an abundance of one time funding for professional development and supporting staff in meeting the academic and social emotional needs of English Language Learners. This action item will continue and expand in then 2022-2023 school year using alternate funding sources.

Additions for 2022-23:

ACTION 16: Student Support Specialist-Teacher on Special Assignment to provide direct intervention services for students at each school.

Services include:

- English Language Development small group instruction
- Math Intervention
- Reading Intervention
- Social Emotional small group instruction

ACTION 17: English Language Development Specialists - Teacher on Special Assignment to provide direct support services for English Learner students at each school. Services include:

- Oversee intake process for newcomers and communicate information with school personnel.
- Monitor academic progress and manage necessary supports
- Provide guidance to newcomer and EL students and their families
- Communicate to parents services provided to newcomer and EL students
- Provide support and preparation for the ELPAC assessment and reclassification process
- Data Entry and Analysis

ACTION 18: ELPAC Assessment Examiners - Specialized staff responsible for consistent, high quality administration of the ELPAC Assessment. Responsibilities include:

- Attend regular ELPAC Training and Practice Sessions
- Administer the ELPAC Assessment
- Score the ELPAC Assessment
- Coordinate Assessment Administration with District Office and School Staff

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were minimal differences between the budgeted expenditures and the estimated actual expenditures.

An explanation of how effective the specific actions were in making progress toward the goal.

Action 1: MTSS Coordinator - NUSD's MTSS Framework was created and consistent tier 1, 2, and 3 supports were identified.

Action 2: AVID Sections - AVID sections were maintained at each secondary school.

Action 3: English Learner Teacher on Special Assignment (TOSA) - The EL TOSA led the pilot and adoption process for updated ELD core curriculum to be approved in June 2022. In addition, support was provided to help schools increase reclassification of English Learners from 77 students in 2021 to 127 in 2022.

Action 4: Expanded EL Classes (MS/High/Alternative) - Providing additional sections of ELD at each secondary school is vital to keep class sizes to an average of 15 students. We exceeded this number in 2022 and will be adding more sections next year to better meet the need of newcomer students enrolling after the beginning of the school year.

Action 5: English Language Development Professional Development - ELD training, collaboration, and professional development continue to be priorities. 2021-22 focused on the implementation of new curriculum and materials. 2022-23 will focus on high quality instructional strategies and differentiation for integrated and designated ELD.

Action 6: Intervention Software (APEX) - 997 high school students were enrolled in an APEX course in the 2021-22 school year. These enrollments include tutorials, credit recovery, original credit for courses not offered in NUSD, and supplemental instructional materials. In addition, over 200 students are enrolled in APEX for 2022 summer credit recovery.

Action 7: Extended Learning Camp University - This program continues to serve approximately 140 level 1 and level 2 English Language Learners each year.

Action 8: Hamilton Elementary School LCFF Supplemental Allocation - By being able to offer before and after school intervention and support at various grade levels, students were able to get access to the help they needed in ELA and Math. Through the use of these practice, improvement in student academic progress has been shown in Galileo, Running Records and formative in class assessments.

Action 9: Loma Verde Elementary School LCFF Supplemental Allocation - With the LCFF funding Loma Verde has been able to better support our targeted EL students in ELA. Providing teachers with the access to professional development time to allow them develop a plan of action, there is a more concerted use of Universal Access time in the classroom. By looking at the data (ESGI/Galileo/Running Records) the impact of TK-1st small grouped intervention support led to tremendous growth. This action has also allowed Loma Verde to provide support for newcomer students and an opportunity to work directly with EL students who are approaching English proficiency.

Action 10: Lu Sutton Elementary School LCFF Supplemental Allocation - Due to this funding, Lu Sutton was able to support a larger number of English Learners who were approaching English proficiency. In addition, they were able to support students who were struggling academically to meet standards by providing targeted reading intervention before and during school. Students also benefited from the Social Emotional Support Specialist on campus. The long term impact of this position has led to a decreased number of students who needed extra

SEL support on campus (according to DESSA surveys). After only one year of implementation, the number of students who are being identified as having a social emotional “need” has dropped to 5%.

Action 11: Lynwood Elementary School LCFF Supplemental Allocation - All allocated funds were used to support English learners in making progress towards proficiency through the employment of an ELD support staff member.

Action 12: Olive Elementary School LCFF Supplemental Allocation - The Reading Intervention teacher funded through this allocation served 41 students throughout the year. 10 of these students were exited from Reading Intervention, because they showed enough growth to only need classroom support.

Action 13: Pleasant Valley Elementary School LCFF Supplemental Allocation - The ELD reading intervention teacher funded through this allocation serviced 27 students throughout the school year with two students exiting. Students showed growth in sight word recognition, Fountas and Pinnell reading levels, writing, and there has also been a significant increase in verbal and academic language from our ELL students. With kindergarteners, many students showed dramatic increase in their letter and sound cognition.

Action 14: Rancho Elementary School LCFF Supplemental Allocation - The Reading intervention programs and support personnel contributed to increased scores in Galileo ELA. 11% of ELD students improved from not meeting standards to nearly meeting standards, and 4% of students increased from not meeting standards to meeting standards

Action 15: San Ramon Elementary School LCFF Supplemental Allocation - TBD

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

NUSD continues to make progress in the development and implementation of an effective, consistent Multi Tiered System of Support to ensure each student has what they need to be successful. The goal to decrease the achievement gap through increased, targeted, and data driven intervention and personalized instruction will continue in 2022-2023. Therefore, to changes have been made to the goal, metrics, or desired outcomes. There are three significant additions to the actions for the coming year:

1. The addition of a Student Support Specialist on each school site. 50% of this teacher on special assignment's job responsibilities will include (but not limited to) providing the following intervention for students:

- English Language Development small group instruction
- ELPAC Assessment preparation
- Math Intervention
- Reading Intervention
- Social Emotional small group instruction

2. The addition of an English Language Development Specialists on each school site. Based on enrollment of English learners, FTE will be allocated to provide the following services:

- Oversee intake process for newcomers and communicate information with school personnel
- Monitor academic progress and manage necessary supports
- Provide guidance to newcomer and EL students and their families

- Communicate to parents services provided to newcomer and EL students
- Provide support and preparation for the ELPAC assessment and reclassification process
- Data Entry and Analysis

3. NUSD piloted the use of specialized ELPAC Assessment Examiners in 2021-22. This addition not only decreased anxiety and inconsistencies for students, but increased the rate of reclassification. As such, it has been added as an ongoing service to include:

- Attend regular ELPAC Training and Practice Sessions
- Administer the ELPAC Assessment
- Score the ELPAC Assessment
- Coordinate Assessment Administration with District Office and School Staff

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	BROAD GOAL 3 - Culture of Excellence: Through proficiency-based learning all students will demonstrate mastery of the desired learning outcomes, as NUSD ensures all students gain the skills, abilities, and knowledge necessary to be successful in college, career and civic life.

An explanation of why the LEA has developed this goal.

In 2019, NUSD adopted Essential Standards for every grade level and content area and began the process of writing a proficiency scale for each identified standard. These scales define proficiency and list the lower level skills that must be acquired to meet grade level success. In the 2020-21 school year, teachers committed to ensuring that all essentials were taught and measured, and in doing so, refined the proficiency scales. The learning gleaned from this process helped the staff see the benefits of having shared priorities and a continuum of learning from TK-12th grade that they can rely on. This not only supported student learning by limiting learning loss and maintaining high academic expectation throughout and beyond the pandemic, but also significantly increased teacher collaboration and consistency in instructional goals. The development and roll out of district-wide Proficiency Based Education will continue to be a focus in the 2021-24 LCAP and will expand to include the shift to standards based grading. Since the introduction of Proficiency Based Education, NUSD has observed increases in student academic achievement. Teachers, students, and families now have a shared understanding of what is expected and how to reach each goal. As such, teachers can focus on key learning, adjust instruction as needed, and more effectively individualize supports and interventions. Therefore, the third broad goal for 2021-24 will be to continue steps to further expand and refine NUSD's Culture of Excellence.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	ACTION 1: Expanded Guidance Counselors	<p>2022-2023 Continue</p> <p>Guidance counselors provide social and academic support to students at all our high schools. They are a critical piece of the school experience for every student. The state of California requires a maximum student to counselor ratio of 1:622, whereas NUSD maintains a significantly lower student to counselor ratio of 1:350. The lower counselor-to-student ratio improves student outcomes and</p>	\$289,190.00	Yes

Action #	Title	Description	Total Funds	Contributing
		decreases the recurrence of student disciplinary problems. These outcomes are greater for low income and students of color.		
3.2	ACTION 2: College Readiness Exams - PSAT	<p>2022-2023 Continue</p> <p>The PSAT is a good way for a student to become familiar with the content, format, and test-taking process of the SAT, Scores can reveal which SAT content areas a student may not be particularly strong in, regardless of grades in related classes. To ensure that underrepresented students have the opportunity to take the PSAT without the burden of struggling to meet the financial obligation to take it LCFF Supplemental funds are allocated for low-income students.</p>	\$8,700.00	Yes
3.3	ACTION 3: College Advance Placement (AP) Tests	<p>2022-2023 Continue</p> <p>NUSD asserts the need to reduce racial disparities and give underrepresented student groups the opportunity to learn, grow, and succeed in the classroom and beyond. The AP program seeks to provide high school students the opportunity to be ready and able to thrive on enrollment in college. Students who do not realize their AP potential miss out on many important advantages. Funds are allocated to pay the exam fee for underrepresented demographic high school student groups.</p>	\$15,000.00	Yes
3.4	ACTION 4: Instruction & Learning Teacher on Special Assignment	<p>2022-23 Discontinue</p> <p>The Teacher on Special Assignment (TOSA) for Instruction and Learning is committed to the development of a well-designed and clearly communicated teacher development process for driving measurable learning to help close the achievement gap.</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>The TOSA supports district personnel in the following ways:</p> <ul style="list-style-type: none"> Assists teachers in using evidence-based instructional and learning strategies and differentiated instructional strategies in planning, delivering and assessing lessons and individual student success. Collaborates with teachers and specialists in planning for specific student learning outcomes and uses data and information to determine the student's current knowledge and skill level, support individualized student learning goals, and assess student progress. Provides training in the use of technology for planning, progress reporting, designing classroom instruction and required record-keeping activities. Provides professional development in best practices in student engagement and curriculum development with an emphasis on establishing classroom environments that are accessible and provide multiple representations of content for students with diverse backgrounds and abilities. 		
3.5	ACTION 5: Teacher Leader Team (TLT)	<p>2022-2023 Modify</p> <p>The NUSD Teacher Leadership Team consists of 60 teachers representing all thirteen schools in NUSD across all grade levels and content areas including SPED, World Languages, Visual and Performing Arts, and Physical Education/ Health.</p> <p>The mission of TLT is through decentralized leadership, optimism, honesty, and a focus on students, we will model, deliver, and design a proactive, realistic, and research- based approach to establishing a</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>high quality, scalable, and sustainable model of Proficiency Based Education in NUSD by the 2023 school year.</p> <p>The Teacher Leadership Team continues to immerse themselves in the research of Proficiency Based Education (PBE) and their own leadership training. Our partnership with Marzano Research provides multiple learning opportunities focused on standards-based grading, how to use proficiency scales to support student learning, and how to determine the difference between a scale and a rubric. In addition to Proficiency Based Education training, Marzano Resources also continues to train Teacher Leadership Team in facilitating collaborative teams and adult learners. This supports the TLT members to effectively serve as leaders within their individual school communities and model the shifts in their classrooms.</p> <p>NUSD Teacher Leadership Team plans and facilitates NUSD's professional learning, implements components of PBE in their classrooms, and expands the use of technology integration. TLT leads their individual school team as well as their grade level or content teams in the transition to PBE. TLT members provide afternoon teacher-led trainings on a variety of topics. Their colleagues consistently rate the professional development highly and they continue to inspire other teachers to immerse in the work.</p> <p>Proficiency Based Education provides clarity of what proficiency in each standard is for our English Learners, Homeless and Foster Youth, and Socioeconomically Disadvantaged students. The proficiency scales have scaffolds outlined to support these students. The Teacher Leadership Team looks at student data to look at how various student groups perform and meet proficiency and then determine ways to meet the needs of our at-risk students.</p>		
3.6	ACTION 6: Two PD Days for Teachers Districtwide	2022-2023 Discontinue		

Action #	Title	Description	Total Funds	Contributing
		<p>A fundamental building block for the implementation of the Proficiency Based Education, Trauma-Informed Instruction, and Multiple Tier Systems of Support in ensuring cohesive training throughout the District. The District will provide quality Professional Development for all staff for two full days in 2020-21 to provide structured and unstructured opportunities for teachers to build knowledge and capacity related to closing the achievement gap.</p> <p>These trainings will focus on cultivating classroom strategies to improve children's resilience, confidence, and persistence by providing classroom consistency, daily structures, clear expectations, and reliable warmth and love. Additionally, training based on Proficiency Based Education focused on skill mastery and Multiple Tiered Systems of Support will be offered to enhance and advance district efforts to close the achievement gap for at-risk students with a focus on the needs of Economically Disadvantaged, English Language Learners, Foster, and Homeless youth.</p>		
3.7	ACTION 7: AVID Contract/Summer Teacher Institute	<p>2022-2023 Continue</p> <p>Contracting services to support the Advancement Via Individual Determination (AVID) program at NUSD helps teachers shift from delivering content to facilitating learning, resulting in an inquiry-based, student-centered classroom. These elements are at the core of the program's approach to closing the opportunity gap. Summer professional development opportunities provide teachers to enhance program delivery and work together to create a stronger program for students.</p>	\$32,000.00	Yes
3.8	ACTION 8: Career Technical Education	2022-2023 Continue		No

Action #	Title	Description	Total Funds	Contributing
		All NUSD students have access to participate in one of eight Career Technical Education Pathways across all three high schools. These programs offer industry aligned courses of study and work experience that are designed to meet college and career readiness requirements. Each pathway is complete, offering an introduction, concentrator, and completer course that are A-G approved and taught by CTE credentialed NUSD teachers.		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There were two substantive differences in the planned and actual implementation of the action items in Goal 3, Culture of Excellence.

ACTION 4: Instruction & Learning Teacher on Special Assignment - The position was eliminated in the 2021-22 school year as a part of NUSD's Education Services Department restructuring. The job responsibilities were assumed by the Coordinator of MTSS and the Assistant Superintendent of Education Services.

ACTION 5: Teacher Leader Team (TLT) - As this initiative has continued to grow in numbers and increase in effectiveness, NUSD has been awarded a grant to support and broaden the project. As such the funding source for TLT will shift for 2022-23.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were minimal differences between the budgeted expenditures and the estimated actual expenditures.

An explanation of how effective the specific actions were in making progress toward the goal.

ACTION 1: Expanded Guidance Counselors - NUSD continues to maintains a significantly lower student to counselor ratio of 1:350. In returning to in person learning, the counselors committed to monitored DFI lists every 6 weeks in partnership with administrators and instructional leadership teams.

ACTION 2: College Readiness Exams (PSAT) - The administration of the PTSA resumed this year and was given during the school day to ensure access.

ACTION 3: College Advance Placement (AP) Tests - All students in NUSD are encouraged to participate in the AP test at the conclusion of their AP course. This funding ensures that the cost of the test is not a barrier and all students have access.

ACTION 7: AVID Contract/Summer Teacher Institute - AVID continues to be a critical program to support student in college and career readiness. All secondary schools have and will maintain a minimum of one section for every grade level in their school.

ACTION 8: Career Technical Education - Each of Novato's high schools offer CTE pathways. Each pathway offers an introductory, concentrator and completer course and every course is UC/CSU approved to meet A-G requirements. These pathways provide an opportunity for students to tackle their core curriculum while engaging in a small learning community of like minded peers.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes have been made to Goal 3: Culture of Excellence in terms of metrics and desired outcomes. There are, however, three significant changes to the actions for the coming year:

ACTION 4: Instruction & Learning Teacher on Special Assignment - This position will be eliminated for the 2022-23 school year. These funds will be reallocated to provide direct support to students.

ACTION 5: Teacher Leader Team (TLT) - The TLT will continue as planned, but will be removed as an action item funded through LCFF supplemental funds. These funds will be reallocated to provide direct support to students.

ACTION 6: Two PD Days for Teachers Districtwide - The funding for these professional development days will be shifted to an alternate funding source beginning in the 2022-23 school year. These funds will be reallocated to provide direct support to students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	FOCUS GOAL 1 - High Quality Data Based Decision Making: NUSD will expand training and access for the use of DataMatters, the district's data management system in order to implement targeted, time bound data cycles to monitor and improve student outcomes.

An explanation of why the LEA has developed this goal.

Without high quality and easily accessible data, NUSD can't be effective in meeting the three broad goals of increasing the social emotional and academic learning of every student. One of the greatest takeaways from the analysis of previous progress towards meeting our annual goals, stakeholder input, and reflection on NUSD's stagnant gap in opportunity and achievement has been the inconsistency in data. From year to year, metrics have changed and often the sources from which the data was gathered also shifted. Similar to district-wide data collection and analysis, school-wide and even individual student data is unpredictable or insufficient to make well informed instructional decisions. In the 2021-24 LCAP, clear metrics will be articulated with a consistent data source referenced. Beyond that, all schools will integrate ongoing data cycles to monitor student data. In order to do so effectively, teachers and administrators need easy access to the data. Data Matters, NUSD's data management system, will continue to be updated and expanded training will be facilitated at every school. A focus goal for the 2022-23 LCAP will be the use of high quality data to make all decisions.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Frequency of Data Cycles Implemented in Each School	This is a new goal and baseline data will be established in the 2021-22 school year.	Total number of data cycles completed by all teachers at a school: Hamilton 52 Loma Verde 30 Lu Sutton 58 Lynwood 18 Olive 20 Pleasant Valley 54 Rancho 28			Each school will increase the frequency of data cycles by 5%.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		San Ramon 26 Middle and high schools formal cycles begin 2022-23			
Data Matters Platform Usage 1. Frequency of staff log ins 2. Number of teachers accessing the platform	20 staff average logins per day 128 school staff members and 21 district office staff members have accessed the platform	NUSD personnel using Data Matters: District Office Administrators 91% Site Administrators 82% Teachers 35%			There will be a 50% increase in average daily logins. Every certificated staff member will have accessed the platform.

Number of Different Assessment Administered ELA <ul style="list-style-type: none"> • TK-9 • K-14 Math <ul style="list-style-type: none"> • TK-6 • K-14 			Every TK and K student will be given all assessments in ELA and Math.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	ACTION 1: Data Matters Program Manager	<p>2022-2023 Discontinue</p> <p>Will expand and optimize the user experience of Data Matters and create a standard-based grade book. The program manager will create new functions within Data Matters to make analyzing and understanding data in one platform. It will continue to be expanded with new reports and functions on a daily basis.</p> <p>Current reports to date:</p> <ul style="list-style-type: none"> • English Learner Dashboard • Student Profiles • A-G Progress reports • Attendance Dashboard • Behavior Dashboard • Subject Area Dashboards • Managing and tracking local assessments (Running Records, MARS,...) • Enrolment counts for the upcoming school year • CAASPP group files exports • Create and export custom data reports • Students Goals • Reclassification Form • Annual parent notification letter • Annual progress monitoring report • Student Info form <p>Some plan updates:</p> <ul style="list-style-type: none"> • Develop Grade book • Design an SPSA report to maximize data for goals setting • Intervention tracking • Students logs to track the types of services students are receiving. • Make improvements to have Data Matters reflect CALPADS standards 		

Action #	Title	Description	Total Funds	Contributing
4.2	ACTION 2: Assessment/Accountability Software	<p>2022-2023 Continue</p> <p>Collecting student data is important. It helps teachers to drive instruction, to pull small groups for instruction, and report growth. Educational Software for Guiding Instruction (ESGI), is a teacher-led one-on-one assessment for TK, K and 1st grade students that provides student performance ELA and Math data.</p>	\$9,000.00	Yes
4.3	ACTION 3: Data Management Professional Development	<p>2022-2023 Discontinue</p> <ul style="list-style-type: none"> • Support teachers in learning how to best engage with DM • Support teachers if how to access the most relevant data for their needs • Support teachers if how to use data to inform instruction • Support school administrator in how to use DM to inform goal setting • Train IT staff in providing ongoing DM support • Elicit and collect feedback about DM continuous improvement • Facilitate the changes that result from continuous improvement feedback • Collect key guide in determining the design, aesthetic, and functionality of the guidebook • Implementation of DM grade book • Develop the capacity of NUSD's IT team to support all components of DM • Provide monthly DM PD to support teachers in becoming self-reliant in data reports 		
4.4	ACTION 4: Data Specialists	<p>2022-2023 Add</p> <p>Teacher on Special Assignment at each school site dedicated to building the capacity and impact of high quality data.</p>	\$750,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Responsibilities include: <ul style="list-style-type: none"> Monitoring EL student progress Coordinating 6 week Data Cycles Facilitating data based Professional Learning Communities in grade level and/or department teams Leading whole staff professional development about accessing data, analyzing data, using data to inform instruction, and high quality strategies for instructional differentiation 		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There was one substantive difference in the planned and actual implementation of the action items in Goal 4 (Focus Goal 1), High Quality Data Based Decision Making.

ACTION 1: Data Matters Program Manager - All goals were met by the DM Program Manager by October 2021. This position was eliminated and maintenance of the platform will continue through the IT Department.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material difference between the budgeted expenditures and estimated actual expenditures was the salary of Data Matters Program Manager that was unused between November 2021 and July 2022.

An explanation of how effective the specific actions were in making progress toward the goal.

ACTION 1: Data Matters Program Manager - This action exceeded all goals by completing the project far ahead of schedule. This allowed DataMatters to be more broadly used by district and school staff beginning in the fall of 2021.

ACTION 2: Assessment/Accountability Software - ESGI usage has not only expanded to 1st grade but allowed the intervention in lower grades to be monitored by standard. This assessment was administered three times (beginning of year, middle of year, and end of year).

ACTION 3: Data Management Professional Development - Professional development for DataMatters was provided in person and virtually. These trainings included whole staff, small group, 1:1 and through digital tutorials.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes to the planned goals, metrics and desired outcomes for Goal 4 (Focus Goal 1), High Quality Data Based Decision Making, but there are three changes to the actions. In alignment to the commitment to offer school based rather than district-wide services, the following shifts have been made:

ACTION 1: Data Matters Program Manager - Having discontinued this position in 2021, the funds will be reallocated to provide direct support to students.

ACTION 3: Data Management Professional Development - DataMatters and data-based professional development will continue in 2022-23 though alternate funding sources. These funds will be reallocated to provide direct support to students.

ACTION 4: Data Specialists - NUSD began employing Data Specialists at the elementary schools in 2020 though a grand funded pilot. The impact on student achievement and outcomes has been tremendous. Beginning in 2022-23 this role will be expanded to the middle and high school campuses. These teachers on Special Assignment at each school site dedicate 50% of there time to building the capacity and impact of high quality data to close the opportunity gap for English learners, foster youth, and low income students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
5	FOCUS GOAL 2 - Expanded Learning Opportunities: NUSD will leverage the ELO funds to prioritize acceleration of learning and increase intervention supports for student's academic and social emotional growth throughout the 2021-2022 school year.

An explanation of why the LEA has developed this goal.

The COVID relief package that the California legislature approved to support public schools includes \$4.6 billion for Expanded Learning Opportunities (ELO) Grants. These funds can be used to support extending instructional learning time, accelerating progress to close learning gaps, integrated pupil supports, community learning hubs, supports for credit deficient pupils, additional academic services, and training for school staff. In March of 2021, CDE published a template for the required Expanded Learning Opportunities Grant Plan to be completed by LEAs as a condition for receiving the grant. The plan was adopted by the local governing board at a public meeting on or before June 1, 2021. All grant funds must be expended by September 30, 2024

From the onset of the COVID-19, shelter-in-place mandates, and students learning remotely from home, NUSD staff and Board of Trustees knew that conditions would improve and students would eventually return to school. Planning for returning to school and learning recovery started long before all students returned to campus. When Governor Newsom signed AB 86 on March 5, 2021, NUSD was able to solidify actions to support those students who had been adversely affected by the COVID-19 pandemic and extend the additional supports for accelerated learning and intervention into the 2021-22 school year. The purpose of Goal #5 is to focus on building capacity for recovery from COVID-19 for students and staff using these specific grant funds.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of students served in Summer 2021 Programs	Camp U AIM High Summer Math Bridge ESY PBL Credit Recovery	Summer 2021 130 Camp U 100 AIM High 101 Summer Math Bridge 50 ESY			For the 2021-2022 school year: There will be an increase of 2% enrollment in each summer program.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		40 PBL Credit Recovery Total 421 Students			
Number of students engaged with Imagine Learning	3,230 students engaged with Imagine Learning	2021-2022 2,994 students used Imagine Language			For 2021-2022 school year: There will be an increase of 10% engagement among students.
Number of students served in Learning Hubs	135 students were served in learning hubs.	N/A - No learning hubs for 2021-22			For the 2021-2022 school year there will not be the same need for learning hubs due to a full return to school.
Number of high school students who recover credits during 2021-22	150 students will recover credits during the 2021-22 school year.	366 students recovered credits during the 2021-22 school year.			For the 2021-2022 school year: There will be a decrease in the need for recovering credits by 3%.
Galileo Assessment Data	End of Year results: Language 22% Exceeded 29% Met 28% Nearly Met 20% Not Met Mathematics 17% Exceeded	End of Year results: Language 23% Exceeded 28% Met 24% Nearly Met 25% Not Met Mathematics 18% Exceeded			For the 2021-2022 school year: There will be positive increase in scores towards meeting standard and a decrease in nearly met and not meeting standards.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	25% Met 30% Nearly Met 28% Not Met	20% Met 24% Nearly Met 37% Not Met			
ELPAC Assessment Administration Satisfaction Survey Rates	This is a new goal and baseline data will be established in the 2021-22 school year.	100% of survey participants found ELPAC examiners to be very helpful and want test examiners to administer Initial and Summative ELPAC for 2022-23.			
DataMatters Grading Platform Completed and Operational	This is a new goal and baseline data will be established in the 2021-22 school year.	2021-22 Did not change to grading platform			New metric - baseline to be determined.
Number of TLT PD Sessions offered	42 Sessions offered	2021-22 15 sessions			The number of TLT PD sessions offered will be maintained at 40-50 sessions offered each year.

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The timeline to spend this one time funding has been extended through 2024. Therefore, this focus goal will remain active until the funding has been fully expended. No substantive have been made to the planned or actual actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There is no material differences to be reported at this time between the budgeted expenditures and estimated actual expenditures. NUSD is on target to expend the allocated funds as intended by 2024.

An explanation of how effective the specific actions were in making progress toward the goal.

NUSD's goal continues to be to leverage the ELO funds to prioritize acceleration of learning and increase intervention supports for student's academic and social emotional growth through the following actions:

1. Extended Instructional Learning Time in Summer programs - completed in 2021 and extended to 2022. NUSD anticipates serving 760 students in the 2022 summer programs.
2. Accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports
 - a. Imagine Language and Learning, Math and Reading supplemental software - Utilized to serve over 3000 students in 2021. Renewed for 2022-23.
 - b. Supplemental curriculum for Special Education - Postponed to 2022-23.
 - c. Special Education personnel (1.0 FTE NHS/MSA) - Implemented in 2021-22 and allowed an additional 11 students to enroll in NUSD.
 - d. Expanded learning supports for the elementary science program - Elementary science curriculum piloted and adopted in 2021-22. Full implementation and training coordinated for 2022-23.
3. Integrated student supports to address other barriers to learning

- a. Psych interns-Implemented in 2021-22 and anticipated to continue in 2022-23.
 - b. ELO support for elementary sites .05 FTE each - Implemented in 2021-22 and provided small group and 1:1 intervention on every elementary school site. The responsibilities of this role has been added as on ongoing position in Goal 2: Culture of Competence and will be renamed Student Support Specialist.
 - c. Custodians for additional cleaning -
 - d. Extended hours for paraprofessionals to be trained - Extended hours have been offered and approved to increase training for paraprofessionals. NUSD continues to seek paraeducators to fill vacant positions.
 - e. Night custodians for elementary sites 2.0 FTE -
4. Community learning hubs that provide students with access to technology, high-speed internet, and other academic supports - Completed
5. Supports for credit deficient students to complete graduation or grade promotion requirements and to increase or improve students' college eligibility (0.8 FTE to support APEX credit recovery class) - Completed
6. Additional academic services for students
- a. Additional support (1 psych and 1 OT) to support Special Education program assessment - Completed
 - b. Galileo Assessment (universal screener) - Administered to all 1st-12th grade students three times throughout the 2021-22 school year to monitor academic progress in ELA and Math. Results determined intervention and guided instruction. Renewed for 2022-23.
 - c. Centralized Team of ELPAC Examiners - Implemented in 2021-22 as a pilot. The impact of a highly trained assessment examiner to provide a consistent and comfortable testing experience significantly improved the ELPAC assessment process. This role has been added as on ongoing action in Goal 2: Culture of Competence.
 - d. Create or Adopt Grading System Platform - PBE aligned grading platforms were piloted in 2021-22 by elementary, middle, and high school teachers. A recommendation for implementation will be determined in 2022-23.
 - e. Data Specialist at every school - Implemented in 2021-22 at each elementary school. This action resulted in significant academic and social emotional growth and will be expanded to include middle and high schools. This role has been added as on ongoing action in Goal 4 (Focus Goal 1), High Quality Data Based Decision Making.
 - f. Site EL Coordinator stipend to support fortifying infrastructure: Implemented in 2021-22 and has been added as on ongoing action in Goal 2: Culture of Competence.
7. Training for school staff on strategies to engage students and families in addressing students' social-emotional health and academic needs
- a. Goal book Toolkit for Special Education personnel to support IEP's - Postponed to 2022-23
 - b. Teacher Leader Team (TLT) stipend to complete PBE and deliver high-quality professional development - Implemented as planned and projected to continue in 2022-23.
 - c. ELD support - Ongoing

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

No changes have been made to the planned goal, metrics, desired outcomes, or actions. While several actions have been postponed for next year, the timeline supports NUSD in taking the necessary time to ensure funds are spent effectively.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
6	Maintenance of Effort Goal: NUSD will maintain sufficient board adopted instructional materials, safe and clean facilities in good standing, appropriately credentialed and assigned teachers and administrators, provide students access to and enrollment in a broad course of study, transportation for eligible students, and other conditions necessary to support the effective implementation of actions across all LCAP goals.

An explanation of why the LEA has developed this goal.

To reaffirm the importance for students to be provided the conditions of learning necessary to reach the range of other goals set in this LCAP and beyond.

Measuring and Reporting Results

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Student academic achievement and input from the learning community gave voice to the actions to support increased or improved services for unduplicated students. The actions listed below were identified through multiple stakeholder engagement meetings, student voice groups, and staff recommendations as the most high leverage strategies to improve outcomes for high-need students. While many of these actions are provided school-wide or even district-wide, each has a clear objective to increase the success and outcomes for foster youth, English learners, and low income students and reduce achievement and opportunity gaps evidenced in NUSD's student data. The school district is committed to serve every student equitably and has identified the following actions as ways to ensure that student outcomes are not easily predicted by a student's race, ethnicity, income level, language proficiency or other factors that historically define student achievement.

Goal #1: The actions in goal one have been identified to meet the gap in data pertaining to community engagement, school culture, and social emotional wellness. In order to better meet the needs of each school's English language learners, foster youth, and low income students and families, additional staffing has been hired to serve as liaisons between school, home, and community partners/resources. These staff members are not only experts in communication, service providers, and outreach, but are bilingual. To increase engagement, the actions in goal 1 ensure that all students and families whose primary language is other than English have access to translation and interpretation services. Finally, goal 1 supports all low-income students in having access to healthy meals during the school day.

Action 1 Community Liaisons
Action 2 Mental Health Services
Action 3 Restorative Justice TOSA
Action 4 Intervention Specialist
Action 5 Newcomer Counselor
Action 6 Restorative Justice Specialist
Action 7 Translation Support
Action 8 Hire Bilingual Teachers
Action 9 Contribution to Free/Reduced Meal Program
Action 10 Supporting MTSS

Goal #2: The actions listed below are principally directed to serve English language learners, low-income students, and foster youth by offering a variety of intervention and expanded learning opportunities. Knowing that many of NUSD's unduplicated students need additional supports to close the opportunity and achievement gaps evident in the data, each action was identified because it has proven to result in substantial growth and impact, is evidence based, and allows for individualized learning plans to meet students where they are at in their educational journey.

Action 1 MTSS Coordinator
Action 2 AVID Sections
Action 3 EL TOSA
Action 4 Expanded EL Classes
Action 5 ELD PD
Action 6 Intervention Software APEX
Action 7 Elementary School LCFF Supplemental Allocation - You will need to be sure to indicate how these are principally directed and most effective -
Action 8 Extended Learning - Camp U

Goal #3: NUSD maintains consistently high expectations for all students. As such, it is critical that every student has access to rigorous course work, college and career planning and preparation, and high quality instruction. Data shows that English language learners, low-income students, and foster youth are underrepresented in AP courses, Career Technical Education (CTE) pathways, and CSU/UC A-G completion rates. Each of the action items in goal 3 are designed to increase enrollment and success in these areas.

Action 1 Expanded Academic Guidance Counselors

Action 2 College Readiness - PSAT

Action 3 College Advance Placement (AP) Tests

Action 4 Instruction and Learning TOSA

Action 5 Teacher Leader Team (TLT)

Action 6 Two PD Days for Teachers Districtwide

Action 7 AVID Contract and Summer Institute

Action 8 Career Technical Education

Goal #4: In order to monitor progress of English language learners, foster youth, and low-income students and analyze achievement and engagement as compared to the entire school population, teachers administrators, and support staff need immediate access to accurate, up to date, and relevant data. For this reason, the actions in goal 4 are focused on designing and maintaining a district-wide database that is customized to produce reports that measure the goals established in the annual LCAP.

Action 1 Data Matters Program Manager

Action 2 Assessment/Accountability Software

Action 3 Data Management Professional Development

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Overall, services for Foster Youth, English Learners, and low-income students are being increased or improved by a minimum of 9.66% through a range of actions that include focusing only on one or more unduplicated student group, actions that are funded by multiple resources with one or more components focused on the needs of unduplicated students, and actions that are funded only/primarily by LCFF

Supplemental and implemented broadly, with the expectation that implementation is principally benefiting unduplicated students. One significant service is the expanded staffing to meet the individual needs of foster youth, English Learners, and low-income students. NUSD currently employs a total of 359.2 certificated Full Time Employees (FTE). 30.8 FTE is funded through LCFF Supplemental to increase and improved services got foster youth, English Learners, and low-income students. This represents an increase to NUSD's staffing of 8.6%. These staffing increases include:

- 13.0 FTE Mental Health Counselors (Goal 1, Action 2)
- 1.0 FTE Restorative Justice TOSA (Goal 1, Action 3)
- 1.0 FTE Intervention Specialist (Goal 1, Action 4)
- 1.0 FTE Newcomer Counselor (Goal 1, Action 5)
- 1.0 FTE Restorative Justice Specialist (Goal 1, Action 6)

- 1.0 FTE MTSS Coordinator (Goal 2, Action 1)
- 3.2 FTE AVID Sections (Goal 2, Action 2)
- 1.0 FTE EL TOSA (Goal 2, Action 3)
- 4.2 FTE Expanded EL Classes (Goal 2, Action 4)

- 2.4 FTE Expanded Academic Guidance Counselors (Goal 3, Action 1)
- 1.0 FTE Instruction and Learning TOSA (Goal 3, Action 4)

- 1.0 FTE Data Matters Program Manager (Goal 4, Action 1)

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of certificated staff providing direct services to students

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
