## Application for Transportation

In keeping with the regulations of the State Education Department, the school district provides transportation to those children from that school district between school and child care centers. The regulation authorizing such transportation requires that the parent or legal guardian of the child requiring transportation must submit a written application to the Board of Education prior to April 1<sup>st</sup> of the given school year in order to receive transportation for the following school year.

Any child moving into the district after such date desiring transportation must submit a written request to the Board of Education requesting such transportation.
