

What's up Raider fans? Today we are going to be looking at SchoolCash Online. SchoolCash Online is our preferred method of payment for school fees, including everything from field trips to parking fees. You can get to SchoolCash Online by going to the website richmond-county.schoolcashionline.com or navigating to it from the richmond-county.k12.va.us website.

To navigate through our district website, you can click on the "Parents and Students" tab and then select SchoolCash Online from the drop down menu. Or if you are on the Rappahannock High school website, you can also select the "Parents and Students" tab and select SchoolCash Online from the drop down menu.

The SchoolCash Online page will give you more information about how it works and the link to SchoolCash Online and the registration link.

Now, I will take you through the process of registering for SchoolCash Online.

To register for SchoolCash Online you are going to click on the Register button in the middle of the page. From there you will need to fill in the required fields and click continue. You will then be sent a confirmation email. Follow the instructions in that email and then you can sign in.

Now that you have registered, you can sign in using your email address and password.

The first time you login it will take you to the Add student screen.

You will need to provide some information to add a student to your account. Richmond County Public Schools should already be filled in for the school district. If not, Type in Richmond County Public Schools and select it from the list.

Second, select the name of the school your student is enrolled in.

Next we will need to enter your student information. You can enter your student's ID number if you have it or you can enter their name and date of birth. The student's name needs to be entered exactly as it appears in powerschool. So if you have a double or hyphenated last name you will need to enter that information exactly as it appears in powerschool

Once you have that filled in, you will click on the "Confirm" Button at the bottom of the screen.

You should now see your student's information and a dialog box asking you to confirm that you are related to them. If all is correct, check the box beside I agree and fill in your relationship from the drop down menu. If the student is not correct, click the back button and re-enter your student's information. Click Continue to add your student to your account.

You should now see a confirmation of "Student Added Successfully" and more options. From here you can click the link to add another student, view Items for your students and to view your students.

You are now successfully registered for SchoolCash
