

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Lincoln Unified School District
CDS Code: 39 68569 0000000
School Year: 2024-25
LEA contact information:
Kelly Dextraze
Superintendent
kdextraze@lUSD.net
209-953-8716

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Lincoln Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Lincoln Unified School District is \$135,079,397, of which \$110,464,653 is Local Control Funding Formula (LCFF), \$15,489,365 is other state funds, \$3,714,353 is local funds, and \$5,411,026 is federal funds. Of the \$110,464,653 in LCFF Funds, \$20,212,798 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Lincoln Unified School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Lincoln Unified School District plans to spend \$148,747,565 for the 2024-25 school year. Of that amount, \$114,690,638 is tied to actions/services in the LCAP and \$34,056,927 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Restricted expenditures for programs funded with federal and state dollars.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Lincoln Unified School District is projecting it will receive \$20,212,798 based on the enrollment of foster youth, English learner, and low-income students. Lincoln Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Lincoln Unified School District plans to spend \$32,535,127 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Lincoln Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Lincoln Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Lincoln Unified School District's LCAP budgeted \$20,629,284 for planned actions to increase or improve services for high needs students. Lincoln Unified School District actually spent \$21,576,959 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

1.1 Assessment: Teachers were provided access to benchmark assessments in ELA (Amplify and i-Ready) and Math for grades k-12. Release time was provided for teachers to perform data analysis to inform instruction.

1.2 Technology: All students had regular access to tablets or Chromebooks and mobile wifi devices were provided for students who do not have internet access at home. 100% of students were provided digital access tools.

1.3 Instructional Materials: Teachers and students were provided with instructional materials and resources in both digital and print formats necessary for the delivery of high-quality instruction aligned to standards. 100% of students had access to instructional materials.

1.4 NGSS Implementation: Professional learning was provided to support the implementation of NGSS standards newly adopted NGSS curriculum K-12, however due to the substitute shortage the sessions were held after school and teachers were offered to timesheet for attending outside of their work day. The professional learning sessions were very poorly attended and as a result, the science professional learning efforts were not far reaching.

1.5 Core Services: The District provided highly qualified staff and maintained facilities in good repair.

1.6 Instructional Time: Ongoing costs of minutes and days exceeding the minimum requirements were supported.

1.7 Credit Recovery: Digital course offerings were provided using Subject.com at Village Oaks High School, Lincoln High School and ILC to support high school students to stay on track to graduate. All students enrolled in credit recovery courses were under the guidance of certificated teachers.

1.8 Equitable Access: Policies and practices were reviewed via an in depth equity study performed by Orenda Education. The District has begun revision of policy (eg: increased graduation requirements) and procedure (eg: math placement) to ensure unduplicated and underperforming students have equitable access to premium educational programs and resources.

1.9 Additional Supplemental Services: The district maintained levels of staffing and contracted services to provide access to a broad course of study and to support student learning-services provided over the LCFF base and funded with supplemental funding.

Overall, while the district made significant efforts to implement actions to achieve its goal. Challenges such as low attendance at optional professional learning sessions posed obstacles. However, successes such as providing access to technology and instructional materials, as well as initiating policy revisions to promote equity, demonstrate progress toward the goal of providing high-quality education for all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were identified wherever the difference between the planned expenditure and the unaudited actual was \$50,000 or more. Using that metric, the material differences for the 2023-24 Goal 1 were as follows:

1.3 Instructional Materials - The number and cost of curriculum adoptions exceeded what we had anticipated.

1.5 Core Services - Raises for employees resulted in expenditures larger than anticipated.

1.6 Instructional Time - Raises for employees resulted in expenditures larger than anticipated.

1.7 Credit Recovery - There was both increased demand and increased cost per student for credit recovery options resulting in expenditures well above what we anticipated.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The assessment of implemented actions reveals a predominantly effective approach, as evidenced by associated metrics. Actions 1.1 through 1.4 aim at ensuring students' access to core instructional elements such as curriculum, materials, and technology. Notably, 96.7% of teachers were appropriately credentialed for their teaching assignments, while 100% of students had access to standards-aligned instructional materials and a diverse course of study. These metrics affirm the effectiveness of these actions.

Actions 1.5 through 1.8 target graduating students with requisite knowledge and skills for college and career readiness were all effective (A-G completers grew to 39.7%, CTE Completers grew to 7.6%, and simultaneous A-G & CTE Completers grew to 3.1%).

The district maintained levels of staffing and contracted services as described in Action 1.9 to provide access to a broad course of study and to support student learning-services provided over the LCFF base and funded with supplemental funding. The effort was effective in increasing student achievement from the baseline in both ELA and mathematics. Action 1.9 is continuing in the 2024-25 LCAP where it is Action 1.4.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures. We will restructure Goals one, two, three and four included in the 2023-24 LCAP into five goals in the 2024-25 LCAP and realign the metrics to existing and new actions.

Action 1.9 is continuing in the 2024-25 LCAP where it is Action 1.4.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Improve the achievement of all students including unduplicated students in reaching high academic standards and attaining proficiency in ELA and Mathematics.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

2.1 Intervention Services: Intervention services were provided at a minimal level in ELA (3 half-time teachers serving 3 sites).

2.2 Professional Development and Coaching – ELD: Professional learning was provided to support the implementation of the adopted ELA/ELD curriculum as well as to support the implementation of designated and integrated ELD. The professional learning sessions proved to be effective as evidenced in the reduction of LTELs.

2.3 Professional Development – Math: The District contracted with the Silicon Valley Math Initiative (SVMI) to support the development of instructional strategies aligned with the revised CA Math Framework and to ensure equitable access to math courses. 29 LUSD teachers completed the year-long Teacher's College of San Joaquin's Math Instruction Added Authorization program. Instructional support for math also included collaboration with the UOP College Corps program and College Corps Fellows were placed on 3 campuses to work with students in grades 5 and 6.

2.4 Summer Programs: Summer Programs were held and provided intervention to mitigate learning loss.

Overall, the district improved student achievement in ELA and Mathematics. Continued focus on addressing staffing shortages, enhancing professional development opportunities, and evaluating the effectiveness of interventions will be crucial for ongoing improvement in student achievement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were identified wherever the difference between the planned expenditure and the unaudited actual was \$50,000 or more. Using that metric, the material differences for the 2023-24 Goal 2 were as follows:

2.1 Intervention Services - Raises for employees resulted in expenditures larger than anticipated.

2.4 Summer Program - Actual expenditures are less than anticipated due to offset from one-time money and decreased demand for summer programs.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The assessment of implemented actions underscores various levels of effectiveness in addressing student needs and driving academic progress, as evidenced by the associated metrics.

Action 2.1, directed towards intervention services, demonstrated effectiveness, as seen in the increase in English Learner Progress Indicator (47.2% on the 2022 Dashboard to 48.32% on the 2023 Dashboard). Similarly, Action 2.2, focusing on professional development in English Language Development (ELD), also exhibited effectiveness. The baseline percentage of students identified as Long-Term English Learners

(LTEL) decreased (21% in 2019-20, decreasing to 13.7% in 2022-23). This indicates progress in addressing long-term language learning needs.

Action 2.3, centered on professional development in math, showed effectiveness, as observed in the baseline College Career Indicator (CCI) for English Learners (EL), which stood at 6.1% in 2020 and increased to 15.5% by the 2023 Dashboard. This indicates some improvement in college and career readiness among this student demographic but highlights room for further growth. In contrast,

Action 2.4, concerning summer programs, demonstrated effectiveness, as reflected in the baseline Percentage of English Learners making progress towards English language proficiency as measured by the ELPAC, which stood at 47.2% in 2022-23 and increased to 48.3% by the 2023 Dashboard. Additionally, the metric indicating the Percentage of Classrooms with access to Academic Standards and ELD Standards for English Learners remained consistently high, at 90% or above across all years.

The effectiveness of actions 2.1 through 2.4 are all evidenced through increases in CASPP ELA and Math scores from 2022 to 2023 and showed promising outcomes, particularly in summer programs and the MIAA professional development.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures. We will restructure Goals one, two, three and four included in the 2023-24 LCAP into five goals and realign the metrics to existing and new actions.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	All students will have a safe and supportive school culture, climate, and learning environment to promote academic achievement and physical and emotional health.

Measuring and Reporting Results

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

3.1 Counseling and Mental Health Services: The District maintained counselors at all schools and provided additional mental health services and social and emotional support for students. District counseling positions were not fully staffed until March, 2024. Although there was no district-wide Social Emotional Learning (SEL) curriculum disseminated, all sites facilitated SEL lessons using materials of their choice.

3.2 Behavioral Supports: The District provided minimal restorative practices and positive behavioral intervention professional learning but did build on staff capacity to promote diversity, equity and inclusion through work with Orenda Education.

3.3 Survey: The District administered the Youth Truth survey to students, families and staff in addition to the CA Healthy Kids Survey. Results were shared with educational partners.

3.4 Mentors: The District contracted with Brandon Leake to support mentoring opportunities for students. Village Oaks High School and Tully C. Knoles Elementary both contracted with FACES to provide targeted mentoring at their sites.

3.5 School Climate: District staff, including full-time Safety Officers, supported and contributed to creating safe and welcoming school environments.

Overall, while the district made efforts to create a safe and supportive school culture and climate, challenges such as staffing shortages for counselors and the need for more comprehensive behavioral supports may have impacted the effectiveness of implementation. However, successes such as maintaining counselors at all schools and administering surveys demonstrate progress towards the goal of promoting academic achievement and physical and emotional health for all students. Continued efforts to address challenges and build on successes will be essential for ongoing improvement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were identified wherever the difference between the planned expenditure and the unaudited actual was \$50,000 or more. Using that metric, the material differences for the 2023-24 Goal 3 were as follows:

3.1 Counseling and Mental Health Services - Raises for employees resulted in expenditures larger than anticipated.

3.2 Behavioral Supports - Costs were higher due to restructured staffing allocations.

3.5 School Climate - Raises for employees resulted in expenditures larger than anticipated.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Actions 3.1, 3.2, and 3.5 were effective in increasing student attendance (91.5% P2 in 2022 to 92% in 2023). Metrics such as the High School Dropout Rate (2.4% in 2022-23) and Expulsion Rate (0.6% in 2022-23) provide conclusive evidence regarding the impact of these supports.

Action 3.3 was effective. Both surveys were administered and results and feedback regarding engagement showed School Connectedness percents positive (CHKS) as follows: Grade 7 51%, Grade 9 50%, Grade 11 44%. More detailed questions on the Youthtruth Survey showed connectedness percent positives of 80% for elementary students, 36% for middle school students, and 48% for high school students. All results were shared back with educational partners via site-based presentations.

Action 3.4, which focuses on Mentors, demonstrates no effectiveness, as evidenced by the decline in School Connectedness and Safety metrics from the 2019-20 CHKS data (67%, 58%, and 47% for grades 7, 9, and 11) to the 2023-24 CHKS data (51%, 50%, and 44% for grades 7, 9, and 11). Conversely, Action 3.5, addressing School Climate, reveals effectiveness based on the increase in P2 attendance from 2022 to 2023 (91.5% to 92%).

While some actions, such as mentoring programs, show promise in enhancing student experiences and perceptions, others, like those related to school climate, require strategic interventions to address underlying issues and foster a supportive learning environment conducive to student success. Continued monitoring and adjustment of these initiatives will be crucial in achieving desired outcomes and improving overall student well-being.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures. We will restructure Goals one, two, three and four included in the 2023-24 LCAP into five goals and realign the metrics to existing and new actions.

Action 3.1 will carry forward to the 2024-25 LCAP as Action 3.4 and will be approached through the rigorous Guidance Alignment process that is part of our work with Orenda Education.

Action 3.4 will carry forward to the 2024-25 LCAP as Action 5.4 and will be updated to have mentors focus on the important role attendance plays in academic achievement.

Action 3.5 will move forward to the 2024-25 LCAP as Action 3.1 and will receive more emphasis from District and site level administration as part of our work with Orenda Education.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	Engage parents and community members as partners to work collaboratively to support and enhance student achievement.

Measuring and Reporting Results

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

- 4.1 Parent Engagement: All Lincoln schools provided site-based parent engagement opportunities to ensure the engagement of all families including parents of unduplicated students.
- 4.2 Parent Communication: All Lincoln schools and district staff used Parent Square for regular communication with families with a 98% reach rate.
- 4.3 Parent Educator: A Parent Educator was hired and worked with families to provide resources and support around school readiness and the importance of school attendance.

Overall, the district's efforts to engage parents and community members as partners appear promising, with initiatives such as site-based engagement opportunities, effective communication through Parent Square, and dedicated support from a Parent Educator. However, challenges such as reaching all families, particularly those facing barriers to engagement, and ensuring the effectiveness of engagement efforts may require ongoing attention and adjustment. Continued collaboration between schools, families, and community members will be essential for supporting student achievement and enhancing the overall educational experience.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were identified wherever the difference between the planned expenditure and the unaudited actual was \$50,000 or more. Using that metric, the material differences for the 2023-24 Goal 4 were as follows: There were no material differences.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The implemented actions aimed at enhancing parent engagement, communication, and educator involvement have shown overall effectiveness, as indicated by the provided metrics.

Action 4.1, focusing on Parent Engagement, has demonstrated effectiveness, as evidenced by the increased percentage of families completing the Youth Truth Survey over the years (21% in 2021 to 23% in 2024). Similarly, Action 4.2, centered on Parent Communication, has proven effective, with the percentage of families with active accounts on Parent Square consistently remaining high at 98% to 99%. Action 4.3, which involves Parent Educator initiatives, has also shown effectiveness, contributing to positive responses across various domains in the Youth Truth Family Survey, such as Engagement, Relationships, Culture, Communication/Feedback, Resources, and School Safety.

The provided metrics reveal a consistent trend of improvement or maintenance in parent engagement and satisfaction levels across different school levels, including elementary, middle, and high school. These findings suggest that the implemented actions have successfully fostered a supportive and collaborative environment between parents and educators, ultimately contributing to enhanced student experiences and academic outcomes. Continued emphasis on these initiatives is vital to sustaining and further enhancing parental involvement and communication within the school community.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures. We will restructure Goals one, two, three and four included in the 2023-24 LCAP into five goals and realign the metrics to existing and new actions. Goal 6 is being added to specifically address the Equity Multiplier requirements.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
5	Reduce suspensions and improve academic achievement in ELA, Mathematics, and College and Career Readiness for Students with Disabilities.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of Grade 3-8, 11 Students with Disabilities meeting or exceeding standards on the CAASPP summative assessments in ELA	Grade 3 - 7.8% Grade 4 - 9.2% Grade 5 - 10.8% Grade 6 - 5.8% Grade 7- 8.6% Grade 8 - 4.5% Grade 11 - 9.2% 2021	New Measure established in 2021-22. Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

5.1 Special Education Program: The district provided an effective, high quality instructional program for students with special needs including access to a full continuum of services.

5.2 Program Specialists: The district program specialists provided IEP teams support to ensure compliance and access to the least restrictive environment for students with disabilities.

5.3 Professional Development - Inclusive Practices: The district provided teachers professional development focused on inclusive practices, access and equity for all students. However due to the substitute shortage the sessions were held after school and teachers were offered to timesheet for attending outside of their work day. The professional learning sessions were very poorly attended and as a result, the professional learning efforts were not far reaching.

5.4 Tiered Re-Engagement: A system of tiered re-engagement was developed and implemented to support and improve the attendance and engagement of students in grades 9-12. This action is proven effective as evidenced in the increase in reading and math achievement using i-Ready and the decrease in chronic absenteeism from year 2 to year 3.

5.5 Curriculum: A Targeted reading curriculum (SPIRE) for special education programs was adopted to support student progress towards goals and improve academic achievement.

Overall, while the district made efforts to reduce suspensions and improve academic achievement for students with disabilities, ensuring the effectiveness of support programs may have impacted implementation. However, successes such as providing a full continuum of services and adopting evidence-based curricula demonstrate progress towards the goal of supporting the success of students with disabilities. Continued monitoring and adjustment of implementation efforts will be essential for ongoing improvement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Material differences were identified wherever the difference between the planned expenditure and the unaudited actual was \$50,000 or more. Using that metric, the material differences for the 2023-24 Goal 5 were as follows:

5.1 Special Education Program - Due to changes at the county level, we took back multiple Special Education programs that were previously served by SJCOE. As a result, our Special Education Programs grew which was more costly than originally budgeted.

5.4 Tiered Re-engagement - Due to the increase in Special Education students in high-need programs, supports for our our Special Education programs grew and were more costly than originally budgeted.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The implemented actions within the Special Education domain have shown varied effectiveness, as indicated by the provided metrics.

Actions 5.1, 5.2, 5.3, and 5.4, focusing on the Special Education Program shows effectiveness in promoting a Least Restrictive Environment demonstrated by the increase in the percentage of Students with Disabilities spending 80% or more of their day in General Education (57.6% in 2022 rose to 61.3% in 2023.) 2023

Action 5.5 Curriculum: A Targeted reading curriculum (SPIRE) for special education programs was adopted to support student progress towards goals and improve academic achievement. The full adoption took place mid-year and was not in use for enough time to determine effectiveness.

Continued evaluation and targeted interventions are necessary to address areas of ineffectiveness and further enhance student success within the Special Education programs.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures.

LEAs are no longer required to have a goal for underperforming student groups. This goal is being removed and the actions will be incorporated into Action 2.5 in both the 2024-25 LCAP and the CIM plan.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Lincoln Unified School District	Kelly Dextraze Superintendent	kdextraze@lUSD.net 209-953-8716

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Lincoln Unified School District (LUSD) takes pride in its longstanding tradition of educational excellence. Situated in northwest Stockton, our commitment is unwavering in providing the highest standards of learning within a safe and welcoming environment. Our district serves an enrollment of 8,368 students in grades TK-12 across twelve schools, complemented by preschool programs serving 343 young students, and a specialized Young Adult Transition Program for those with special needs. Our educational offerings encompass a spectrum, including traditional TK-6 and TK-8 programs, rigorous middle school and secondary programs, an arts-focused school (Don Riggio School), and a comprehensive high school (Lincoln High School). Additional options include an alternative high school (Village Oaks), an independent learning program (ILC), and John McCandless Charter School. Village Oaks is identified as an Equity Multiplier school and is eligible to receive Equity Multiplier Funds.

The dedicated team at Lincoln Unified is composed of approximately 990 employees. Our student body mirrors the diversity of Stockton, with 53% Hispanic, 15.7% White, 11.3% African American, 9.7% Asian, and various other demographic components. Noteworthy statistics include a 64.2% socioeconomically disadvantaged rate, 12.6% English learners, and 12.1% receiving special education services. Furthermore, we cater to 350 students (4.2%) identified as homeless.

Our district mission is to provide a quality education through shared responsibility, fostering a safe and supportive environment for all students to meet the challenges of a global society.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Lincoln Unified School District's 2023 California School Dashboard reflects achievements across various categories. In English Language Arts, the district celebrates notable advancements, particularly among African American, Foster Youth, and students of two or more races, showcasing an encouraging upward trend. Lincoln High School had a remarkable 70% of students performing at or above standards, marking a complete recovery to pre-pandemic pass rates. In Mathematics, the district showed progress, with scores on the rise for Foster Youth, Homeless Youth, students of two or more races, Socioeconomically Disadvantaged students, and Asian students.

Chronic Absenteeism showed a promising decline, with the number of chronically absent students decreasing by 2.6%, indicative of enhanced student engagement and support systems. Moreover, Lincoln Unified School District excelled in supporting English Learners, evidenced by a surge in reclassification numbers and a significant 48.3% of students making progress towards English fluency. Notably, the graduation rate for English Learners also increased, reflecting the district's commitment to ensuring equitable opportunities for all students to thrive academically and beyond. These accomplishments underscore Lincoln Unified's dedication to fostering a dynamic and inclusive learning environment that empowers every student to reach their full potential.

The following schools within Lincoln Unified received the lowest performance level on the noted indicators on the 2023 Dashboard along with the action(s) developed to improve performance:

- o Mathematics: Don Riggio, Village Oaks High School (Addressed through actions 2.1, 2.4, 4.2, 4.5)
- o Chronic Absenteeism: Colonial Heights, Don Riggio, Mable Barron (Addressed through action 3.2)
- o Suspension: Claudia Landeen, Colonial Heights, Sierra Middle School (Addressed through actions 3.1, 3.4)
- o English Learner Progress: Tully C. Knoles (Addressed through action 4.4)
- o College/Career Readiness: Village Oaks High School (Addressed through actions 6.1, 6.2, 6.3, 6.4)

The following state indicators had one or more student groups within Lincoln Unified receive the lowest performance level on the 2023 Dashboard. The action(s) developed to improve performance are noted:

- o Chronic Absenteeism: Foster Youth, Homeless Youth, African American students (Addressed through action 3.5)
- o English Language Arts: Homeless Youth, Students with Disabilities (Addressed through actions 2.1, 2.4, 4.2)
- o Mathematics: Students with Disabilities, African American students (Addressed through actions 4.2, 4.5)
- o College/Career Readiness: Students with Disabilities (Addressed through action 1.3)
- o Suspension: African American students, American Indian or Alaska Native students, Native Hawaiian or Pacific Islander students, Students who identify with two or more races (Addressed through actions 3.1, 3.4)

The following student groups within individual Lincoln Unified schools received the lowest performance level on one or more state indicators on the 2023 Dashboard:

- o Brookside: English Learners and Students with Disabilities
- o Claudia Landeen: African American, Asian, Hispanic, Students with Disabilities, and Socioeconomically Disadvantaged
- o Colonial Heights: African American, Asian, Hispanic, Two or More Races, Students with Disabilities, and White students

- o Don Riggio: African American, English Learners, Hispanic, Two or More Races, Socioeconomically Disadvantaged, Students with Disabilities, and White students
- o John R. Williams: African American, English Learners, Students with Disabilities, and White students
- o Lincoln Elementary: African American, Asian, Homeless, and Students with Disabilities
- o Lincoln High: African American, English Learners, Pacific Islander, Students with Disabilities, and student of Two or More Races
- o Mable Barron: African American, English Learners, Hispanic, Two or More Races, Socioeconomically Disadvantaged, and Students with Disabilities
- o Sierra Middle: African American, Asian, English Learners, Hispanic, Socioeconomically Disadvantaged, Students with Disabilities, and White students
- o Tully C. Knoles: African American, Asian, English Learners, Two or More Races, and Students With Disabilities
- o Village Oaks High: Socioeconomically Disadvantaged students

Lincoln Unified has identified actions that will address areas of low performance on the 2023 California School Dashboard:

Chronic Absenteeism: 3.2, 3.5

College/Career Readiness: 1.3, 6.1, 6.2, 6.3, 6.4

English Learner Progress: 4.4

Mathematics: 2.1, 2.4, 4.2, 4.5

Suspension: 3.1, 3.4

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Base on the 2023 Dashboard, Lincoln Unified is eligible for Differentiated Assistance based on the following:

- o African American students: Chronic Absenteeism (Addressed in Action 3.2), Suspension (Addressed through Actions 3.1 and 3.4)
- o Homeless Youth: ELA/Math; Chronic Absenteeism (Addressed in Action 3.5)
- o Students with Disabilities: ELA/Math; College/Career Indicator (Addressed in Actions 4.2, 4.5)

The following is a summary of the work Lincoln Unified is performing in partnership with the San Joaquin County Office of Education Continuous Improvement and Support Department:

- o District strategy meetings are held regularly to review data and perform root cause analyses.
- o Support provided by SJCOE includes Resources, tools, professional learning and technical assistance such as LCAP Guidance and Approval, role-alike Networks, Workshops, Student Programs and Events.
- o Regular meetings with representatives from SJCOE have included an overview of differentiated assistance, a review of Lincoln's current improvement efforts, and a discussion of next steps. SJCOE assists our district with each of the following: Identifying strengths & weaknesses in regard to state priorities; identifying pupil subgroups that are low performing or experiencing significant disparities from other pupil subgroups as identified on the California School Dashboard; Working collaboratively to secure assistance to improve performance in any areas of weakness identified by the school district; and Obtaining from the school district timely documentation demonstrating that it has completed the activities.

o The Theory of Action (see addendum) developed and underway as part of Lincoln's Compliance and Improvement Monitoring process efforts to improve outcomes for Special Education students are regularly analyzed, monitored and adjusted as necessary.

Through Action 2.4 the district will provide effective, high quality, grade level instructional program for students with special needs in addition to access to a full continuum of services.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

No Lincoln Unified Schools are eligible as CSI eligible at this time.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
TEACHERS, BARGAINING UNITS, AND OTHER SCHOOL PERSONNEL	Meetings: March 5, 3:45 PM March 7, 3:45 PM o Teachers, Staff, LUTA and CSEA Members o March 5: LHS Lecture Hall o March 7: LUSD Board Room
PRINCIPALS AND ADMINISTRATORS	Meeting: March 19, 4:00 PM o Principals/Administrators, Assistant Principals & Education Services o Cabinet, Education Services o Admin Alley, District Office

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The LCAP process unfolded through a series of informative meetings where participants delved into the intricacies of the Local Control and Accountability Plan. We worked to develop a process that is meaningful and inclusive, providing Spanish interpreters so that non English speakers could be engaged in the process. The sessions involved a comprehensive examination of both state and local data. The revisiting of past LCAP goals and actions allowed for a reflective analysis of progress made and areas for improvement. Following this, an engaging Q & A session took place. Subsequently, an input session provided participants with the opportunity to actively contribute their insights to help shape the development of new actions and goals for the upcoming plan.

The educational partner meetings received positive attendance and each meeting resulted in written feedback and dialogue about our LCAP. Educational Partner input was collected, documented, and shared at the following link: <https://shorturl.at/fhtRV> . A hard copy of input can be provided by calling (209) 953-8714. An analysis of the Educational Partner Feedback received (Addendum) from all educational partner was

conducted and recurring themes that emerged were documented (Addendum). The five overriding themes resulted in our new goals one through five. The aforementioned process was replicated specifically for Village Oaks High School (Equity Multiplier qualifier) and the theme and actions that emerged resulted in Goal 6 (See VOHS Addendum).

The summary of Lincoln Unified Educational Partner feedback (see Addendum) drove the development of the new goals for the 2024-25 LCAP. Each of the overriding themes and needs expressed by partners are represented in goals and/or actions. Likewise, summary of Village Oaks High School feedback (see Addendum) drove the development of the Equity Multiplier goal (Goal 6) for the 2024-25 LCAP. The the overriding themes and needs expressed by VOHS partners are represented in goals and/or actions.

After consulting Educational Partners and review of 3-year data and metrics, Lincoln Unified has determined the best course of action is to restructure the goals and actions for the 2024-25 LCAP to address priorities and organize like efforts, actions, and expenditures.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Provide all students with access to broad and challenging curriculum to ensure all students graduate college/career ready.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

<p>The District has collaborated with consultants and educational partners in order to identify a graduate success profile. Students and parents have expressed the need for coherent, aligned curriculum and additional feedback and communication regarding student progress toward mastery of standards that will be address through our focus on the development of district-aligned, guaranteed and viable curriculum implementation. To achieve this goal the District will develop and implement a highly coherent instructional system informed by best practices. This system will provide students with:</p> <ul style="list-style-type: none">• Knowledge and skills to be college, career and civic life ready that are clearly defined in a Learner Profile that includes milestones at critical junctures.• Access to guaranteed and viable curriculum for each course and grade level that is standards-based and utilizes a diverse range of instructional resources including both on-line and print materials.• Information using a coherent system that includes assessments in all content areas that provides teachers with multiple opportunities to measure, monitor, and provide feedback on student mastery of learning. <p>Our school district recognized the importance of ensuring student success in college, career, and civic life. Responding to feedback from students and parents, we acknowledged the necessity for a coherent, aligned curriculum and enhanced communication on student progress towards mastering standards. To address these needs, we are prioritizing the development and implementation of a district-aligned, guaranteed, and viable curriculum. By integrating best practices, we aim to establish a highly coherent instructional system. This system will furnish students with clearly defined knowledge and skills outlined in a Learner Profile, ensuring their readiness for future endeavors. Additionally, it will offer access to standards-based curriculum for each course and grade level, encompassing a diverse array of instructional resources. Through a coherent assessment system across all content areas, teachers will have ample opportunities to gauge, monitor, and provide feedback on student learning, fostering continuous growth and achievement. All actions are designed to promote and improve academic achievement.</p> <p>The metrics and actions described below will be implemented to provide access and promote student achievement with high expectations for</p>

all.

Measuring and Reporting Results

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Instructional Materials	Teachers and students will be provided with instructional materials and resources both digital and print formats necessary for the delivery of high quality instruction aligned to standards. (Metrics: SARC, Williams, Local Reflection Tool)	\$1,500,000.00	No
1.2	Technology	All students will have regular access to tablets or Chromebooks and mobile wifi devices will be provided for students who do not have internet access at home. (Metrics: CAASPP ELA, CAASPP Math)	\$1,700,000.00	Yes
1.3	Credit Recovery	Digital course offerings to support high school students to stay on track to graduate on time and College/Career ready. (Metrics: CCI)	\$1,750,000.00	Yes
1.4	Additional Supplemental Services	The District will maintain current levels of staffing and contracted services to provide access to a broad course of study and to support student learning-services provided over the LCFF base and funded with supplemental funding. (Metric: CAASPP ELA, CAASPP Math)	\$9,260,000.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Accelerate student learning with high expectations for all to increase student achievement for all student groups	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The District has identified targeted support for all students who need acceleration especially Foster Youth, Socio-Economically Disadvantaged students, English Learners, and students with disabilities.

Feedback from educational partners reflected common trends regarding differentiated supports to students. Educational partners shared students would benefit from additional support, at their point of need, to accelerate student learning. The District also heard from advisory groups the importance of providing educators with support to ensure students are making progress in their reading growth and development. Another trend that surfaced was ample opportunities within and beyond the instructional day for:

- Opportunities to practice literacy and numeracy skills with the support of educators
- Enrichment opportunities for students who need it the most
- Social-emotional supports
- Tailored and differentiated instruction based on the needs of our learners

Our district has recognized the importance of providing targeted support to students who require acceleration, particularly focusing on those with disabilities and homeless students. This decision stems from feedback obtained from educational partners, which highlighted the need for differentiated support tailored to students' individual needs to enhance their learning trajectory. Advisory groups emphasized the significance of equipping educators with the necessary resources and support to facilitate students' progress in reading growth and development. Identified trends underscored the importance of offering ample opportunities within and beyond the instructional day for practicing literacy and numeracy skills, providing enrichment opportunities, delivering social-emotional supports, and delivering tailored and differentiated instruction to meet the diverse needs of our learners. By addressing these specific areas of support, our district aims to ensure equitable access to quality education and promote the success of all students.

The metrics and actions described below will be implemented to accelerate student learning with high expectations for all.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Assessment	Teachers will be provided access to benchmark assessments to monitor student progress and adjust instruction accordingly to improve academic performance. (Metrics: CAASPP ELA, CAASPP Math)	\$1,060,000.00	Yes
2.2	Summer Programs	Summer Programs will be implemented to provide academic intervention and improve academic performance. (Metrics: CAASPP ELA, CAASPP Math)	\$1,000,000.00	Yes
2.3	Curriculum Alignment	Districtwide curriculum alignment will take place in both ELA and Math to ensure all students, including English Learners, receive aligned, high rigor and grade level instruction. (Metrics: CAASPP ELA, CAASPP Math)	\$1,800,000.00	Yes

2.4	Special Education Program	The district will provide effective, high quality, grade level instructional program for students with special needs in addition to access to a full continuum of services. Exposure to grade-level standards results in increased academic achievement. (Metrics: CAASPP ELA, CAASPP Math, Amplify, i-Ready ELA, i-Ready Math)	\$16,872,972.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Cultivate safe, engaging, and inclusive classrooms, schools and District to support the whole child.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

<p>The goal of cultivating safe, inclusive, and restorative classrooms, schools, and district, while supporting the whole child, stems from our commitment to providing an educational environment where every student can thrive. We believe that by fostering safety and inclusivity, we create a foundation for optimal learning experiences. Restorative practices not only address conflicts but also promote a sense of community and accountability. Additionally, supporting the whole child means recognizing and nurturing their academic, social, emotional, and physical well-being, ensuring that each student can reach their full potential in a holistic and empowering educational setting.</p> <p>The actions outlined support the goal of cultivating safe, engaging, and inclusive classrooms, schools, and District while supporting the whole child in several ways. District staff support in creating safe and welcoming environments, administering surveys for feedback, providing parent engagement opportunities, and implementing SEL curriculum and mental health services all contribute to fostering a positive environment for students. Students in positive environments are less likely to exhibit behaviors that result in suspension and/or expulsions. Additionally, maintaining counselors, improving attendance and engagement, and offering professional development on inclusive practices ensure that all students receive the support they need for holistic development and academic success.</p> <p>The metrics and actions described below will be implemented to promote safe, engaging, and inclusive classrooms, schools and District to support the whole child.</p>

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	Provide quality leadership, teaching, and learning to ensure a premium education for all students to maximize students' academic achievement.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

<p>Quality leadership fosters a supportive and inclusive environment, empowering both educators and students to thrive. Effective teaching practices not only impart knowledge but also cultivate critical thinking, creativity, and problem-solving skills essential for lifelong learning. Prioritizing high-quality learning experiences ensures that students receive the necessary tools and resources to reach their full potential academically, socially, and emotionally, preparing them to become engaged and productive members of society. Thus, this goal reflects the district's commitment to excellence and equity in education, aiming to nurture well-rounded individuals capable of contributing positively to their communities and beyond. Research shows that appropriately credentialed teachers who reflect the student populations they serve are a critical component of student achievement. In addition, quality professional learning is critical to maintain high-level teaching, leading, and counseling.</p> <p>The metrics and actions described below will be implemented to provide quality leadership, teaching, and learning to maximize student achievement.</p>

Goals and Actions

Goal

Goal #	Description	Type of Goal
5	Include families and community and create learning environments worthy of our students to ensure students want to attend and feel safe at school.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 3: Parental Involvement (Engagement) Priority 5: Pupil Engagement (Engagement)

An explanation of why the LEA has developed this goal.

<p>By actively involving families and the broader community in the educational process, the district acknowledges the crucial role they play in students' overall development. Engaging families in their children's education promotes a sense of belonging and reinforces the importance of partnership between home and school. Additionally, by integrating community resources and expertise, the district can enrich learning experiences and provide students with real-world connections, making their education more relevant and meaningful. By striving to create learning environments that are worthy of its students, the district commits to providing spaces that inspire curiosity, creativity, and critical thinking, ensuring that every student has the opportunity to reach their full potential and thrive academically, socially, and emotionally.</p> <p>The metrics and actions described below will be implemented to create learning environments where students feel safe and want to attend school.</p>

Action #	Title	Description	Total Funds	Contributing
5.1	Parent Communication	All schools and district staff will use Parent Square for regular communication with families to build a strong home to school connection in support of students. (Metric: YouthTruth data, ParentSquare usage)	\$50,000.00	No
5.2	Parent Educator	A Parent Educator will work with the families of young children, providing resources and support around school readiness and focusing on the importance of school attendance in TK and Kindergarten. (Metrics: Chronic Absenteeism Rate)	\$60,000.00	Yes

5.3	Behavioral Supports	Prioritize restorative practices and positive behavioral intervention supports by building on staff capacity to promote diversity, equity and inclusion. (Metrics: Chronic Absenteeism Rate)	\$1,805,100.00	Yes
5.4	Mentors	District staff will contract with providers to support mentoring opportunities for students. Mentors will reinforce the importance of coming to school regularly and prioritizing academics. (Metrics: Chronic Absenteeism Rate)	\$300,000.00	Yes
5.5	Safe Campuses in Good Repair	The district will ensure that all sites remain safe and in good repair. (Metrics: FIT Report, Safety Plans)	\$75,000.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
6	By graduation 2027, Village Oaks High School will increase the percentage of graduating students meeting California School Dashboard criteria for College and/or Career readiness to at least 15%. To support the goal, there will be emphasis on targeting socioeconomically disadvantaged students in the area of mathematics.	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Whatever a student's decision - four-year college, community college, trade school, military or directly into a career - having a strong academic background defined by a college and career preparatory program and grade-level academic proficiency makes success much more likely. Many students who attend Village Oaks high school graduate just a few courses short of meeting the UC A-G requirements. It is the goal to increase that number through academic support with VOHS based coursework and San Joaquin Delta College's Dual Enrollment program. In addition, CTE offerings can be increased and students supported to complete pathways and graduate ready for either further education or the workforce.

Lincoln Unified School District chose to prioritize the goal of increasing college and career readiness at Village Oaks High School (VOHS) for several reasons. Feedback from all educational partners expressed concern that VOHS students were primarily focused on credit recovery rather than preparation for life after high school. This indicated a need to shift the school's focus towards ensuring students are adequately prepared for post-secondary education and careers.

The goal specifically targets increasing the percentage of graduating students meeting California School Dashboard criteria for College/Career readiness. The decision to prioritize mathematics is based on data indicating that performance on the CAASPP Math exam is a primary obstacle preventing students from meeting state requirements. By focusing attention on mathematics, the goal seeks to address the specific academic area where students may be falling short and provide targeted support to improve their outcomes. In addition, VOHS students need support with ELA and increased CTE and Dual Enrollment opportunities. Overall, this goal aligns with the broader mission of ensuring that all VOHS students are adequately prepared for success beyond high school, whether in college or in their chosen career paths.

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable

Actions

Action #	Title	Description	Total Funds	Contributing
6.1	Dual Enrollment	Supports will be put in place to enable Village Oaks students to navigate registration and course completion through the Dual Enrollment program at San Joaquin Delta College. (Metric: VOHS CCI)	\$20,171.00	No

6.2	Counseling and Mentorship	VOHS will provide students with counseling and mentorship resources to support students with academic achievement. (Metrics: VOHS ELA CAASPP, VOHS Math CAASPP)	\$115,667.00	No
6.3	CTE	VOHS will develop and implement CTE opportunities. (Metric: VOHS CTE Completion Rates)	\$32,231.00	No
6.4	Math Support	Extra math support will be provided for VOHS students. (Metrics: VOHS CAASPP Math, VOHS A-G Rate)	\$45,611.00	No

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	Action: Technology Need: Unduplicated student groups are in need of technology to learn and achieve academically.	Providing technology access to unduplicated student groups, who are often in need of technology services, is crucial for ensuring educational equity to participate fully in digital learning environments. This access helps bridge the achievement gap, supports English learners and homeless students in keeping pace with their	CAASPP ELA (4A) & CAASPP Math (4A): We will monitor progress on both the CAASPP ELA and CAASPP Math assessments and the district reading assessment for our low-

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all achieving below the overall population.</p> <p>Districtwide Math scores show an overall ELA proficiency of (27.64%). SED students (23%), EL students (10%), and FY (10%) are all achieving below the overall population.</p> <p>Scope: LEA-wide</p>	<p>peers, and prepares all students for a technology-driven world.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall achievement in ELA and Math for all students.</p>	<p>income students , English Learners, and Foster Youth, and for all students.</p>
1.3	<p>Action: Credit Recovery</p> <p>Need: Overall, 39.3% of Lincoln Unified students are graduating College and Career Ready. SED - students (31.8%) and EL students (15.5%) are currently less prepared.</p> <p>Scope: Schoolwide</p>	<p>Offering online credit recovery courses for students at both of our high schools and Independent Learning Center is essential for enabling students who have failed courses to catch up and graduate on time, which helps prevent dropouts and supports their long-term educational and career prospects. Data shows that unduplicated student groups are less prepared to graduate college and career ready when compared to all students. Credit Recovery courses provide a flexible, accessible way for students to master important material they previously struggled with, ensuring they meet academic standards and are prepared for future success.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall College and Career Readiness for all students.</p>	<p>College & Career Indicator (8): We will monitor the rate of students graduating on-time and college and career ready with the goal of increasing the rate over time. High school students will have their transcripts monitored regularly and provided with credit recovery options at the earliest possible opportunity.</p>
1.4	<p>Action: Additional Supplemental Services</p>	<p>Maintaining current levels of staffing and contracted services is crucial for ensuring unduplicated student groups have access to</p>	<p>CAASPP ELA (4A) & CAASPP Math (4A):</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Need: Unduplicated students need access to supplemental instructional materials, academic supports, and internet access both at school and at home. Students who are performing lower than the overall population may need supplemental.</p> <p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all achieving below the overall population.</p> <p>Districtwide Math scores show an overall ELA proficiency of 27.64%. SED students (23%), EL students (10%), and FY (10%) are all achieving below the overall population.</p> <p>Scope: LEA-wide</p>	<p>additional supports and comprehensive services, which are essential for a well-rounded education. Utilizing supplemental funding through the Local Control Funding Formula enables the district to provide these enhanced learning opportunities and support systems, thereby addressing diverse student needs and promoting equitable educational outcomes.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall achievement in ELA and Math for all students.</p>	<p>We will monitor progress on both the CAASPP ELA and CAASPP Math assessments and the district reading assessment for our low-income students , English Learners, and Foster Youth, and for all students.</p>
2.1	<p>Action: Assessment</p> <p>Need: Unduplicated students need regular assessment to monitor academic achievement and determine which supports best serve the students.</p> <p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all achieving below the overall population.</p>	<p>Obtaining assessment tools to monitor and analyze student achievement in ELA and Math will allow teachers to identify students' strengths and areas needing improvement. The information will help educators adjust instruction to meet students' individual learning needs. This targeted approach will help ensure that all students LEA-wide receive the support they need to achieve academic success, promoting overall educational effectiveness and equity.</p>	<p>CAASPP ELA (4A) & CAASPP Math (4A): We will monitor progress on both the CAASPP ELA and CAASPP Math assessments and the district reading assessment for our low-income students , English Learners, and Foster Youth, and for all students.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Districtwide Math scores show an overall ELA proficiency of (27.64%). SED students (23%), EL students (10%), and FY (10%) are all schieving below the overall population.</p> <p>Scope: LEA-wide</p>		
2.2	<p>Action: Summer Programs</p> <p>Need: Unduplicated students need regular additional instruction outside of the school year to accelerate achievement and close gaps.</p> <p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all schieving below the overall population.</p> <p>Districtwide Math scores show an overall ELA proficiency of (27.64%). SED students (23%), EL students (10%), and FY (10%) are all schieving below the overall population.</p> <p>Scope: LEA-wide</p>	<p>Providing summer learning options for unduplicated students is crucial for preventing learning loss and helping them catch up to grade level standards. These programs offer targeted instruction and support during a period when regular classes are not in session, ensuring that students can address gaps in their knowledge and return to school better prepared for success.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall achievement in ELA and Math for all students.</p>	<p>CAASPP ELA (4A) & CAASPP Math (4A): We will monitor progress on both the CAASPP ELA and CAASPP Math assessments and the district reading assessment for our low-income students , English Learners, and Foster Youth, and for all students.</p>
2.3	<p>Action: Curriculum Alignment</p> <p>Need:</p>	<p>Districtwide curriculum alignment in English Language Arts and Math ensures that unduplicated students receive high-quality, and rigorous instruction across schools. This alignment promotes equity by standardizing educational</p>	<p>CAASPP ELA (4A) & CAASPP Math (4A): We will monitor progress on both the CAASPP ELA and CAASPP Math</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Unduplicated student groups are in need of curriculum with a common floor to be taught at grade level standards, learn and achieve academically.</p> <p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all achieving below the overall population.</p> <p>Districtwide Math scores show an overall ELA proficiency of 27.64%. SED students (23%), EL students (10%), and FY (10%) are all achieving below the overall population.</p> <p>Scope: LEA-wide</p>	<p>expectations and resources, helping all students achieve grade-level standards and succeed academically regardless of their background or school.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall achievement in ELA and Math for all students.</p>	<p>assessments and the district reading assessment for our low-income students , English Learners, and Foster Youth, and for all students.</p>
3.1	<p>Action: School Climate</p> <p>Need: Unduplicated students need extra support to provide safe and supportive environments that result in less disciplinary actions.</p> <p>The overall percent of students suspended at least once during the academic year was 6.8%. FY (11.5%) and SED students (7.9%) were suspended at a higher rate than the overall population.</p> <p>The overall percent of students expelled at least once during the academic year was 0.6%. FY (1.6%) and SED students (0.7%)</p>	<p>Unduplicated students need extra support to provide safe and supportive environments that result in less disciplinary actions. Providing staff such as Safety Officers, campus supervisors, and other support personnel is essential for creating safe and welcoming school environments, which are fundamental for effective learning. These staff members help prevent and address safety issues, support positive behavior, and foster a sense of security and belonging among students, contributing to an overall positive school climate.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing suspension and expulsion rates for all students.</p>	<p>Suspension (6A) & Expulsion Rates (6B): We will monitor both the Suspension and Expulsion Rates quarterly to inform our efforts regarding student safety and positive behavior support.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>were expelled at a higher rate than the overall population.</p> <p>Scope: LEA-wide</p>		
3.4	<p>Action: Counseling and Mental Health Services</p> <p>Need: Unduplicated students require extra supports to ensure they get to school regularly.</p> <p>The overall Chronic Absenteeism Rate (the percentage of k-12 students identified as absent from school for 10% or more of the total number of days) for LUSD was 34.3%. Both FY (47.4%) and SED students (39%) were chronically absent at higher rates than the overall.</p> <p>Scope: LEA-wide</p>	<p>Unduplicated students require extra supports to ensure they get to school regularly. Maintaining counselors and providing additional mental health services and social-emotional support are crucial for addressing the holistic needs of students, fostering their well-being, and improving their academic and personal outcomes. Implementing Social Emotional Learning (SEL) curriculum further enhances this by teaching students essential skills for managing emotions, building positive relationships, and making responsible decisions, all of which contribute to creating safe, welcoming, and engaging school environments where students feel motivated and supported.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing chronic absenteeism rates for all students.</p>	<p>Chronic Absenteeism Rate (5B): We will monitor progress in increasing the attendance rate of our low-income and foster youth as well as all students.</p>
3.5	<p>Action: Tiered Re-Engagement</p> <p>Need: Unduplicated students require extra supports to ensure they get to school regularly.</p> <p>The overall Chronic Absenteeism Rate (the percentage of k-12 students identified as absent from school for 10% or more of the</p>	<p>Unduplicated students require extra supports to ensure they get to school regularly. Implementing a system of support to improve student attendance and engagement is crucial for ensuring consistent participation in learning, which directly impacts academic achievement and long-term success. Such a system helps identify and address barriers to attendance, provides targeted interventions, and fosters a supportive school environment, ultimately</p>	<p>Chronic Absenteeism Rate (5B): We will monitor progress in increasing the attendance rate of our low-income and foster youth as well as all students.</p>

	<p>total number of days) for LUSD was 34.3%. Both FY (47.4%) and SED students (39%) were chronically absent at higher rates than the overall.</p> <p>Scope: LEA-wide</p>	<p>promoting better educational outcomes and reducing chronic absenteeism.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing chronic absenteeism rates for all students.</p>	
4.2	<p>Action: Instructional Time</p> <p>Need: Unduplicated students need access to supplemental instructional time.</p> <p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. SED students (35%), EL students (11%), and FY (19 %) are all achieving below the overall population.</p> <p>Districtwide Math scores show an overall ELA proficiency of (27.64%). SED students (23%), EL students (10%), and FY (10%) are all achieving below the overall population.</p> <p>Scope: LEA-wide</p>	<p>Unduplicated students need access to supplemental instructional time. Supporting ongoing costs for extending instructional time beyond the minimum requirements is important for providing students with additional learning opportunities that can enhance their academic achievement. Extra minutes and days allow for deeper exploration of subjects, more personalized instruction, and increased time for remediation and enrichment activities, all of which contribute to better educational outcomes and preparedness for future challenges.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in increasing overall achievement in ELA and Math for all students.</p>	<p>CAASPP ELA (4A) & CAASPP Math (4A): We will monitor progress on both the CAASPP ELA and CAASPP Math assessments and the district reading assessment for our low-income students , English Learners, and Foster Youth, and for all students.</p>

Supporting a Parent Educator is crucial for engaging families of young children in their early education, ensuring</p>	<p>Chronic Absenteeism Rate (5B): We will monitor progress in increasing the attendance rate of our low-</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>understand the importance of coming to school and supports getting their students to school.</p> <p>The overall Chronic Absenteeism Rate (the percentage of k-12 students identified as absent from school for 10% or more of the total number of days) for LUSD was 34.3%. Both FY (47.4%) and SED students (39%) were chronically absent at higher rates than the overall.</p> <p>Scope: LEA-wide</p>	<p>they are equipped with the resources and knowledge necessary for school readiness. By emphasizing the importance of regular attendance in TK and Kindergarten, the Parent Educator helps establish strong attendance habits and foundational skills, setting the stage for long-term academic success.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing chronic absenteeism rates for all students.</p>	<p>income and foster youth as well as all students.</p>
5.3	<p>Action: Behavioral Supports</p> <p>Need: Unduplicated students need additional supports to encourage coming to school regularly and staying engaged throughout each school day.</p> <p>The overall Chronic Absenteeism Rate (the percentage of k-12 students identified as absent from school for 10% or more of the total number of days) for LUSD was 34.3%. Both FY (47.4%) and SED students (39%) were chronically absent at higher rates than the overall.</p> <p>Scope:</p>	<p>Unduplicated students need additional supports to encourage coming to school regularly and staying engaged throughout each school day. Prioritizing restorative practices and positive behavioral intervention supports is essential for fostering a school culture that prioritizes empathy, understanding, and inclusion. By building staff capacity in these areas, the school district promotes diversity, equity, and inclusion, creating an environment where all students feel respected, supported, and empowered to thrive academically and socially.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing chronic absenteeism rates for all students.</p>	<p>Chronic Absenteeism Rate (5B): We will monitor progress in increasing the attendance rate of our low-income and foster youth as well as all students.</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
5.4	<p>Action: Mentors</p> <p>Need: Unduplicated students need mentors to encourage coming to school regularly and staying engaged throughout each school day.</p> <p>The overall Chronic Absenteeism Rate (the percentage of k-12 students identified as absent from school for 10% or more of the total number of days) for LUSD was 34.3%. Both FY (47.4%) and SED students (39%) were chronically absent at higher rates than the overall.</p> <p>Scope: LEA-wide</p>	<p>Unduplicated students need mentors to encourage coming to school regularly and staying engaged throughout each school day. Contracting with providers to support mentoring opportunities for students is vital for offering additional guidance and support outside of the classroom. Mentors can serve as positive role models who reinforce the significance of regular school attendance and academic achievement, offering personalized encouragement and guidance to help students navigate challenges and stay motivated in their educational journey.</p> <p>This action is being provided on an LEA-wide basis to maximize the impact in decreasing chronic absenteeism rates for all students.</p>	<p>Chronic Absenteeism Rate (5B): We will monitor progress in increasing the attendance rate of our low-income and foster youth as well as all students.</p>

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
4.4	<p>Action: Professional Development and Coaching - English Language Development</p> <p>Need:</p>	<p>Providing teachers and school administrators with professional development and coaching for the implementation of designated and integrated English Language Development (ELD) is crucial for improving English Learners' academic</p>	<p>English Proficiency: We will monitor progress in increasing our EL students' ELPAC scores and through feedback from</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>Districtwide ELA scores show an overall ELA proficiency of 44.71%. EL students are scoring well below that with an 11% proficiency rate.</p> <p>Districtwide Math scores show an overall math proficiency of 27.64%. EL students are scoring well below that with a 10% proficiency rate.</p> <p>The percent of English Learners making progress towards English language proficiency (48.3%) is below the district goal of 53%.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	achievement. This targeted training ensures that educators are equipped with effective strategies to support language acquisition and integrate ELD practices into all subject areas, thereby enhancing the overall learning experience and outcomes for English Learners.	ELD teachers, parents, and families.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Additional counselors at all school sites with concentration greater than 55%. Action 3.4 addresses the this addition.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1:25	1:25
Staff-to-student ratio of certificated staff providing direct services to students	1:33	1:20

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

- **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);

- **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.*

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.

- Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
- Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
- Indicate the school year to which the baseline data applies.
- The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and

- Professional development for teachers.
- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic

Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
