

Welcome! We are excited to welcome you and your students as they transition to Derby High School. We want this transition to be as special and successful as possible. A ton of information will be given to you over the next few weeks, but this can serve as a tool to know who to contact at Derby High School.

Your student will meet and develop relationships with the high school staff in the first semester. It can be overwhelming. Some important points of contact are below. Please feel free to use these contacts until your case manager is assigned. You will receive a letter in the mail soon with your case manager assignment!

Person	Title	Email
