

Florence 1 Schools Acceptable Use Policy for Employees

Overview

Employees in Florence 1 Schools have access to a variety of digital devices, communication systems, the Internet, other digital resources, and new technologies as they become available to support and extend the students' learning experiences. All digital resources are a vital and essential part of the operation for Florence 1 Schools. The use of any digital device or any digital resource is a privilege, not a right. Employees must sign an Acceptable Use Policy agreement form annually and must follow all guidelines stated in the agreement. The district unconditionally reserves the right for authorized personnel to review files and communications and monitor online activities. The district reserves the right to remove a user account or to disconnect any user to prevent unauthorized activity. Failure to follow the guidelines could result in disciplinary action that could include dismissal.
