Dear CYHS parent/guardian :

It is my pleasure to welcome all new and returning families to another school year at Central York High School. The start of each school year provides us the opportunity to set new goals and establish routines of success that will serve students now and well into the future.

Central York School District's mission is to provide a high-quality academic experience within a supportive, valued, collaborative community that promotes students' personal growth and the pursuit of their passions and interests. The High School achieves this through offering a wide range of academic courses which maximize individual growth while developing a student's academic skill set. In addition to academics, we offer many co-curricular opportunities outside of the school day through athletics, clubs, JROTC, and performing arts programs. We encourage students to find their passion and become involved with something outside of the normal school day.

Central York is a great school with many fine traditions. We are committed to preserving a positive climate culture as we maintain high levels of academic achievement. This school year promises to be a continuation of growth and success for all students. Your continued involvement and support are always an essential component in the quality of our programs.

It is wonderful to work with our students and we do understand the trust you place in us by sending them to school every day. I do want to thank you in advance for your continuing cooperation as we work together in *Pursuing Excellence: All Panthers, Every Day. In All Ways.*

Best wishes,

Dave Czarnecki, Ed.D.
Principal

CENTRAL YORK HIGH SCHOOL COLLABORATION STATEMENT

The Central York High School administration, faculty, and staff believe a collaborative relationship with parents/guardians is one of the best ways to support learner achievement. Parents/guardians play a vital role in their child's educational experience. There is a direct correlation to success in life when a learner's family emphasizes the importance of working hard, studying, and doing well in school. Since we only have your child for seven hours a day, providing a consistent, supportive environment also helps with learning at home. While a collaborative relationship is our ultimate goal, we do know mistakes can and do occur. If the mistake is ours, we will do our best to communicate with you and will work together to solve the problem. Throughout this process, please continue to model a positive, respectful attitude and tone towards Central York High School administration, faculty, and staff to support a unified partnership working together for your child's success.

LEARNER – PARENT/GUARDIAN – SCHOOL COMMUNICATION

At Central York High School, we believe in the importance of the communication process with all stakeholders. We believe our process allows for the most efficient and effective way of handling most concerns. Our process begins at the learner/teacher level. We believe that high school learners need to begin to understand that if they are having difficulties in a particular class, they need to advocate for themselves by having consistent conversations with their teacher. If a learner would feel more comfortable having his/her counselor help facilitate this conversation, the learner should work with the counselor to assist in scheduling a meeting with the teacher. Additionally, parents/guardians should contact teachers directly when questions arise about a concern with their child's progress. When a learner or parent does not feel his/her concern has been addressed by a teacher, the next step of the process would be to involve the child's school counselor. Typically, the school counselor would set up a meeting with the teacher, parent, and learner so the concerns can be addressed. As appropriate, the learner's grade level administrator could be involved in this meeting. If a common understanding cannot be reached in the previous outlined steps, the learner's grade level administrator or another building administrator should be contacted. As always, in any professional setting, we strongly believe that any communication should be uniformly respectful and allow each party the opportunity to share his/her perspective.

Summary of Communication Process:

Learner, Teacher

Learner, Teacher, and Counselor - or - Learner, Teacher, Counselor, and Parent

Learner, Teacher, Counselor, Parent, and Grade Level

Administrator/Other Administrator

Skyward and Schoology continue to be the main resources as it relates to communication and academic progress. Learners and parents/guardians should consistently check both for grades, assignments, assessments, and other pertinent information.

ACTIVITY BUS

The Activity Bus is a wonderful resource and privilege provided by our school district to transport your son or daughter close to your area of residence. Central York High School will communicate a schedule of stops with the beginning of the year information.

FREE EDUCATION AND ATTENDANCE

All persons residing within the Central York School District between the ages of 6 and 21 are entitled to a free and full education in the public schools of the District. Parents and guardians of all children between the ages of 6 and 18 are required by the Compulsory Attendance Law to ensure that their children attend school. Students who have not graduated and are attending regularly may not be asked to leave school after they have reached 18 years of age if they are fulfilling their responsibilities as students. However, students who have reached the age of 18 years and who are not attending regularly may be referred to the School Board with a recommendation of permanent expulsion for non-attendance. A student may not be excluded from school or from extra-curricular activities because of being married or pregnant, unless it can be medically determined that the activity would be harmful to the health and welfare of the individual. Consistent with the Pennsylvania Human Relations Act (43 P.S. §§ 951-963), and all other non-discrimination statutes, no student shall be denied access to a free and full public education on account of race, color, age, creed, religion, sex, sexual orientation, ancestry, national origin, marital status, pregnancy, gender identity, or handicap/disability.

ATTENDANCE INFORMATION

Students may be excused from school in the event of illness, death in the immediate family, quarantine, or exceptional reasons determined to be urgent by the school authorities in accordance with school law. Please see Board Policy 204 for more information on what constitutes an excused absence.

1. The parent or guardian is requested to telephone the school by 9:00 a.m. or submit absence in Skyward when his/her child is absent, stating the nature and possible duration of the illness.
2. If an absence is not reported within **five (5) days**, it becomes an unexcused absence, and the work missed during the absence may not be able to be made up.
3. Students absent for five (5) or more consecutive days are required to provide a doctor's note. Failure to do so will result in the absences being marked as unexcused.
4. After ten (10) cumulative days of absence for illness, the school may require a physician's statement for any future absence. Written notice of this requirement is sent to the parent or guardian upon accumulating ten absences.
5. By law, when a child has a total of three (3) or more days of unlawful absences, a legal notice will be served on the parent or guardian as a warning of legal action the District must take when

the student is absent unlawfully for six (6) or more days. If the student incurs additional unexcused absences after issuance of the notice and a school attendance improvement plan conference was not previously held, district staff shall offer a time for this conference to occur. When additional unlawful absences amount to six (6) or more days, the parent and/or student will be referred to the District Magistrate for court action or to Children and Youth, depending on the age of the child.

6. College visitations are permitted. These absences should be entered in Skyward or by note provided by parent/guardian.
7. All students participating in school-sponsored activities, games, events or trips, regardless of the hour of completion or return, are expected to be at school.

Educational Trips

Central York School District has a policy regarding educational trips from school. Applications for approval can be obtained from the school office or District website. Forms should be submitted prior to the trip. Please see Board Policy 204 for more information on what constitutes an educational trip.

Flex Time

Flex Time runs each day from 2:01-2:46 and is designed to provide remediation, homework support, enrichment, and clubs for students. Peer tutoring is also available during this time period.

Illegal Absences

Students under the age of 18 are required by state law to attend school. Appropriate aspects of state law will be enforced, including fines, for students who do not attend school regularly. Students over the age of 18 and who are not attending regularly may be referred to the school board with recommendation of permanent expulsion for non-attendance. Teachers do not provide make-up work for unlawful absences. Failing grades will be given for all missed work. See policy 204, Attendance, for additional information about the consequences and proceeding for unlawful absences.

The following discipline action may be taken, but not be limited to, for all unexcused absences regardless of student age:

1st set of three illegal or unexcused absences

- letter will be sent home to parents/guardians, detention and loss of parking privileges.
- Detention, loss of parking privileges, letter to parents/guardians, administrative conference.
- ISS plus loss of parking privileges, administrative conference.
- ISS, plus principal's level hearing with parents/guardians, loss of parking privileges.

Senior Release

Central York High School seniors will have the opportunity to leave school at the end of fourth period each day, unless an alternative schedule (i.e. mandatory assemblies, CLC, FLEX) is provided by administration. Parent/Guardian consent must be provided for seniors to be eligible for this privilege.

1. Academics – in order to maintain senior release privileges, a student must be passing all credits and have a minimum GPA of 1.5. If the student does not meet this criteria, his/her release privileges could be suspended.
2. Those seniors who qualify and ride the bus, must sign up for FLEX activities each day in order to be accounted for until dismissal.
3. Seniors who drive must exit school and promptly leave campus at the end of period 4 (1:57).
4. A senior's teacher may suspend this privilege if classroom requirements are not being met (i.e. class grade, missing assignments, make up test/quizzes).
5. Seniors involved in an academic prep period intervention program must attend their intervention program during their assigned cycle days.
6. Seniors who are late to school and accumulate unexcused tardies and/or unexcused absences can be denied early release privileges.
7. Seniors must conduct themselves in an orderly, responsible manner at all times. Failure to abide to any of the school rules, policies, and regulations will result in the loss of privileges to the individual.

Tardiness

Arrival to first period after 7:45 a.m., and prior to block three (10:42 a.m.) will be considered tardiness to school. Arrival to school after the beginning of block three (10:42 a.m.) will be considered a half-day absence. In the event of a weather delay, or an Early Dismissal Day, the half-day absence point would occur at the time block three actually begins. Regardless of delayed opening, students arriving at their scheduled period one class after the late bell are tardy. Please refer to bell schedule at the front of the handbook.

A parent or guardian must submit a tardy via Skyward or written note stating the reason for the tardiness. If a student arrives without a written note, the tardiness will be unexcused. Students must sign in at the attendance office upon arrival to school. Tardiness may be excused for the following reasons: illness, medical or counseling appointments, a traffic accident in which the student was involved, bus delay, extreme weather conditions, or family emergency with documentation and verification from parent or guardian. Excessive (10 or more) excused tardiness to school will be evaluated by the administration, and may require a doctor's note for further occurrences.

The determination of excused or unexcused status will be at the discretion of the administration.

Appropriate disciplinary action may begin when five (5) unexcused tardies to school have accumulated.

BEFORE AND AFTER SCHOOL

1. No student should be in the building before 7:15 a.m. unless their bus arrives early or they have been issued an early pass at the request of a teacher or parents. Students participating in supervised school activities may be in the building before 7:15 a.m.
2. No student should be in the building after 2:46 p.m. unless requested by a teacher and/or participation in a supervised activity, which requires attendance after dismissal.
3. Any student who remains for after school detention must leave the school building upon detention dismissal or wait in the security vestibule for the activity bus. No student will be re-admitted into the building after detention is dismissed unless they are attending a school activity.

CHANGE OF ADDRESS

Any time you move within our District we will need to verify that you are still a resident of our school District. You will need to fill out the proof of residency form and submit supporting documents. Contact the guidance office prior to your move to obtain this form.

CHANGE OF EMERGENCY CONTACT INFORMATION

Any updates or changes to the Emergency Contact information should be handled with the guidance office or submitted through Skyward.

DETENTION

Detention is from 3:00 pm to 4:15 pm Monday thru Thursday. Students assigned to detention will be given twenty-four (24) hours notice to provide their own transportation, or they may ride the activity bus Monday through Thursday. Failure to attend detention as scheduled may result in additional detentions or suspension.

GRADING

Students will receive a percentage as a grade on their report card for the marking period grade, final exam, final course grade, and marking period and semester GPA. Cumulative weighted and unweighted GPAs will be converted to the 4.0 grading scale and reported on students official transcript. This process is conducted to ensure grades are reported in a manner consistent with, and familiar to college/universities for the admissions process. The cumulative percentage for the course must be at least 65% to earn credit for the course. Any cumulative percentage below a 65% is failing.

Academic Misconduct

Practicing academic honesty is an expectation of all Central York High School students. All students are expected to maintain the highest levels of academic integrity.

Definitions:

Cheating: using or attempting to use unauthorized assistance, materials, or study aids in examinations or other academic work, this includes using technological assistance to complete assignments or assessments without permission from the teacher.

Plagiarism: using the ideas, data, or language of another, or using technological assistance such as Artificial Intelligence without specific or proper acknowledgement.

Facilitating academic dishonesty: knowingly helping or attempting to help another violate any portion of this code.

Consequence: All incidents that violate the academic dishonesty code will result in the following:

1. The teacher will notify the student’s parents by phone, and if unable to contact by phone, will notify by email.
2. The teacher will discuss the offense with the student and provide expectations for future assignments/assessments.
3. **For the first offense:** The student will be required to repeat the assignment with maximum grade possible to earn of a 70% and grade level administrator notified.
4. **For subsequent offenses:** The student’s actions may result in a zero for the assignment and disciplinary consequences may be assigned.

NOTE: Any academic misconduct involving technology or the internet will also trigger the above consequences, as well as consequences under the Acceptable Use Policy (AUP). Please refer to Board Policy 815 for the AUP.

Course Weights

- Honors Courses..... 1.1 weighting
- AP Courses..... 1.2 weighting
- College in the HS..... 1.2 weighting
- Dual Enrollment1.2 weighting

Dual Enrollment courses will be accepted for credit, will be included in the GPA, and will appear on the high school transcript.

Final Grade Calculation (Semester Course)

Any student who does not have a scheduled final exam, is not required

to attend school on this date. This absence or tardiness from school must be entered in Skyward for it to be excused.

Marking Period 1 = 40%
Marking Period 2 = 40%
Final Exam = 20%

Seniors who qualify are eligible to take less than eight (8) credits. This is accounted for in their final grade calculations. If you have any questions, please see your counselor.

Graduation and Promotion

Should you have any questions regarding requirements for promotion, mid-year graduation or end-of-year graduation, you are urged to consult your counselor and refer to requirements as outlined in the Course Selection Guide and Policy 217.

Honor Roll Determination

A student makes the honor roll or distinguished honor roll based on the marking period weighted GPA.

Honor Roll

3.0 marking period GPA and no grades below a 70%

Distinguished Honor Roll-

3.467 marking period GPA and no grades below an 80%

Interim Progress Reports

Interim Progress/grade Reports are available through Skyward.

Late Work Policy

- Teachers shall set due dates and deadlines for all marked work that will part of the student's grade.
- If major projects or major assignments are handed in late, the work may be penalized. The penalty shall not exceed 10% per day. Major projects/assignments are defined as those activities that include benchmarks or stages of development.
- Teachers may exempt students from penalties.
- Care should be taken to ensure that penalties (if needed) do not distort achievement or motivation.
- Any penalty for daily work (out of class assignments or homework) is at the individual teacher's discretion.

Make-Up Work

It is the responsibility of the student to contact their teachers the day they return(s) from an absence about his/her make-up work. The policy for make-up work is as follows:

- The student has the number of days to submit missed work equivalent to their absence. For example: If a student was absent

on Monday, the work missed would be due on Wednesday, giving the student one (1) school day to submit assignments.

Marking Period Grades:

Semester Courses

As a safety feature for student success, a student cannot earn less than a 50% during the first marking period of each semester. A student will receive the grade (percent) that they earn during the second marking period of each semester regardless of grade (percentage earned.)

Wrap Courses:

Courses that meet all year long, every other day will have the 50% floor during the first and second marking periods. A student will receive the grade (percent) that they earn during the third and fourth marking period regardless of grade (percentage) earned.

Report Cards

Report cards will be available every nine (9) weeks through Skyward and available to the student during their CLC period at the end of each marking period/semester.

Weighted Marking Period Average

To determine the marking period average, take the sum of the weighted course percentage multiplied by the course credit and divide the result by the total number of credits.

Example:

Algebra II – 82% - 1 credit = 2.700
 Honors English II – 96% - 1 credit = 4.106
 Drafting/CAD – 93% - 1 credit = 3.533
 AP Art History – 72% - 1 credit = 2.040

Calculate: $2.7 + 4.106 + 3.533 + 2.040 = 12.379$

Calculate: $12.379/4 = 3.095$

GPA = 3.095 (for a combination of regular, un-weighted classes and weighted classes)

HOMELESS STUDENTS (McKinney-Vento Homeless Assistance - Policy #251)

Central York School District recognizes its obligation to ensure that homeless children and youths have access to the same educational

programs and services provided to other District students. The District Homeless Liaison along with school staff shall identify homeless children and youths within the District, encourage their enrollment, and eliminate existing barriers to their attendance and education, in compliance with federal and state law and regulations. Policies, procedures and administrative regulations that create barriers for enrollment, attendance, transportation and success in school for homeless children and youths, may be waived. Homeless children and youths are defined as individuals lacking a fixed, regular and adequate nighttime residence, which includes the following conditions: sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; living in emergency or transitional shelters; or are abandoned in hospitals; having a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and migratory children. Resident families are encouraged to contact their school counselor, building principal, or District Homeless Liaison (Assistant Superintendent of Schools - 717-846-6789, ext. 1202) to discuss their situation. Families new to the District should speak with their building Registration staff during their registration appointment. Refer to policy 251 for additional information.

Instructional Media Center and Learning HUB

Students are expected to work quietly and to respect the rights of others. A student who is disruptive will be denied access to the HUB. All students must present a pass from a teacher. It is the student's responsibility to sign the appropriate attendance sheet at the front desk. Students may borrow an unlimited number of materials. Books are checked out for three (3) weeks, magazines for two (2) weeks, videotapes and DVD's for one (1) week and some reference and audiovisuals, overnight. Books may be renewed one (1) time. The HUB charges ten cents per day for overdue books and magazines, and fifty cents a day for overnight material. **Students MUST have the school issued ID Card to check out any materials.**

Library Collection

The Central York School District recognizes a parent's right to support the selection of library materials for their student. Policy 109.1, library resources, outlines procedures for parents to follow if they wish to provide guidance for their individual student in regard to the checking out of school library resources. Parents wishing to exercise this option, should consult Board policy 109.1 on the District website, or contact their child's building administrator or librarian to obtain appropriate form.

LOCKERS

Lockers are the property of the Central York School District and students are specifically advised that they should have no expectation of privacy with respect to their use of such lockers which are subject to random, periodic and/or sweeping inspections and searches (including the use of certified scent dogs) by administration. **Students need to provide their own locks, and the school is not responsible for lost or stolen items.**

MEDICATION PROCEDURES

Medications (including over-the-counter medicines and homeopathic remedies) should be given at home if at all possible. If it is absolutely necessary for medications to be given during the school day, the parent/guardian must first provide: (1) written parent consent using the Medication Order Form obtained from the school nurse or District website, and (2) a written order of the prescribing physician. No medication will be administered unless both documents are provided. Medication orders and parental consents must be renewed at the beginning of each school year. All medication shall be brought to the nurse's office or school office by the parent/guardian or responsible adult in the original pharmacy-labeled container. Unlabeled bottles will not be accepted. Safety & Security in Central York School District

Central York School District considers the safety and security of our students, faculty and staff to be of the utmost importance. We strive to create a learning environment that protects the health and safety of **ALL** of our students and employees. The following information details several of the District-wide safety and security measures in place to help safeguard our school community.

Plan & Procedures for Emergency Situations

- The District has a detailed Emergency Plan that is shared with all administrators, faculty and staff. The Emergency Plan includes specific protocols for safeguarding students, faculty and staff during a crisis. This plan is reviewed routinely with local and regional law enforcement agencies to ensure we are following proper protocol and best practices in emergency response.
- The District has a Crisis Response Team designated in each school building. This team includes faculty, staff and administrators who are trained in responding to school emergencies.
- The District has in place protocols for external and internal lockdown situations and has trained its administrators, Crisis Response Teams and faculty and staff in how to respond during each situation to best ensure the safety and security of our students and employees.

Practice of Procedures for Emergency Situations

- The District Administration regularly reviews the Emergency Response Plan with building administrators, who in turn review the plan with their faculty & staff on an annual basis.
- The District conducts intruder drills, in cooperation with local law enforcement officials, in each school on an annual basis.

Ongoing, Proactive Security Measures

- ALL exterior doors to ALL District buildings are kept locked.
- Any visitor to any District school or building must be identified and admitted by a designated staff member. **NOTE: Visitor will be asked to produce current PHOTO ID before being admitted to the building.** If you have any questions about acceptable forms of PHOTO ID, please contact your school's building principal for more information. See Policy 907, school visitors, for additional information.
- All classroom and interior doors in our schools have the ability to be locked in case of an intruder or internal emergency that necessitates a lockdown.

- In 2018, the General Assembly passed Act 44 mandating the establishment and use of the “Safe2Say Something” (S2SS) anonymous reporting system by every Pennsylvania School entity by January 14, 2019. S2SS is a life-saving and changing school safety program that teaches students, educators, and administrators how: (1) to recognize the signs and signals of individuals who may be at risk of hurting themselves or others and (2) to anonymously report this information through the S2SS app, website, or 24/7 Crisis Center Hotline
- Central York School District has been using S2SS since January 2019, and has trained all students grades 7-12 on the availability of the system, in accordance with the PA mandate. The system is available for tip reporting for parents/guardians of ANY Central York School District student. It also replaces the “Panther Hotline,” which was formerly available via our automated attendant through our main District number. To submit a tip, parents/guardians or students may download and use the Safe2Say App (available for free in the iTunes App Store), submit a tip via the website, www.Safe2SayPA.org , or call directly, 1-844-723-2729.
- In 2021, Pennsylvania law required school administrators to establish a Threat Assessment Team (TAT), which may include but not limited to administration, school counselor, school social worker, school nurse, and school psychologist. Under Act 18...”Each school entity shall establish at least one (1) team... for the assessment of an intervention with students whose behavior may indicate a threat to the safety of the student, other students, school employees, school facilities, the community, or others.” The TAT is also responsible for assessing and responding to reports fo students exhibiting self-harm or suicide risk factors or warning signs as provided under section 1526 of the PA. school code, 24 PS sec. 15-1526. Refer to policy 236.1 for additional information.

STANDARDS FOR STUDENT PARTICIPATION IN CO-CURRICULAR ACTIVITIES IN THE CENTRAL YORK SCHOOL DISTRICT

All students in the Central York School District are encouraged to participate in co-curricular activities. Through participation, a student has an opportunity to develop skills, build positive relationships and gain a sense of self-satisfaction, accomplishment and pride. **That participation is a privilege and demands responsibility on the part of the student.**

Philosophy Statement:

In recognition of the importance of the total development of the student, the secondary schools of the Central York School District shall, to the extent possible, provide a comprehensive program of co-curricular activities. The success of the co-curricular activities program depends upon each individual in the program developing his or her potential to the fullest and accepting responsibility to the group as a

whole. To this end, participants in the co-curricular program shall be held to these standards of conduct.

Definition of Participant:

A participant is a student who has met all eligibility requirements for the co-curricular activity established by the Central York School District, the Pennsylvania Interscholastic Athletic Association (PIAA), or the York Area Interscholastic Athletic Association (YAIAA); agrees to participate under the terms and conditions set forth by these standards; and has provided the required verifications. The building principal shall make the final determination of student eligibility.

Period of Eligibility

The regulations set forth in these standards will be in effect from the first date that the participant becomes involved with the activity and continuing through the last day of the activity. In the case of athletic teams and activities, which are seasonal, the period will normally extend from the first to the last day of that specific activity. During the period of application, these rules will apply on a twenty-four (24) hour, seven (7) day a week basis. In activities, which are both curricular and co-curricular, i.e. band, chorus, the suspension will be from the co-curricular program only.

Procedure for the Enforcement of the Standards:

The participant or parent will be provided with substantial evidence regarding alleged violations before a penalty is imposed. Following the imposition of any penalty, the participant or parent may initiate an appeal to the building principal.

I. Standards

As a student participating in any co-curricular activity in the Central York School District, I agree to abide by the following rules of habit and conduct. I will:

A. Treat opponents, Officials, Coaches, Directors, Advisors, Judges, other participants and spectators with respect. I recognize that I represent Central York School District and must behave accordingly.

B. Refrain from the use of all alcohol, nicotine, or controlled substances in any form, other than those as prescribed by a physician.

C. Strive to maintain the highest academic average that I am capable of in all my courses in school.

D. Be responsible for all uniforms or parts of uniforms and any equipment that has been assigned to me. Failure to return the same at the end of the co-curricular season/activity means that I will not be allowed to participate in other co-curricular activities until the articles are paid for or returned. Failure to return the same by the end of the

school year will result in year-end report cards or diplomas being held until the articles are paid for or returned.

II. Academic Eligibility

A. To be eligible for participation in a co-curricular activity, a student must pursue a full-time curriculum and must be passing a minimum of 75% of his or her credits.* (In most cases, this means that a student cannot be failing more than 1 class.)

* A semester course in the block schedule is equal to two traditional credits under PIAA policy. Eligibility shall be determined on a weekly basis. Students who do not meet this academic requirement on a weekly basis will be placed on probation.

When student grades are reported and reviewed each Monday, if it is determined that a student is not passing 75% of current credits, he or she will be ineligible from that Monday through Sunday of the next week for a total of seven (7) days. EXAMPLE: On Monday - student is reported ineligible. On Monday, the student begins the 7-day ineligibility period. During the period of ineligibility, the student will be permitted to practice but may not participate in athletic contests or public performances. Students involved in activities that do not have public performances may not participate in that activity for the ineligible period (i.e. Student Council, etc.) Upon regaining eligibility, it will be at the discretion of the Coach/Director/Advisor as to when the athlete/student may participate in contests/activities.

B. Seniors who qualify to take less than eight (8) credits must take and pass a minimum of four (4) credits per year to be eligible to participate in co-curricular activities, per PIAA regulations.

Example 1- A student can select four credits (4) credits for the year. If he/she chooses to take 3 classes in the fall, and one (1) class in the spring, he/she will need to pass all classes each semester.

Example 2 – A student can select four credits for the year. If a student takes 2 classes in the fall and 2 classes in the spring, they will need to pass all classes each semester.

Please see the Athletic Director if you have any additional questions

C. A student will be removed from the remainder of any co-curricular activity for the remainder of that season/length of the activity, if the student is on the weekly ineligibility list three (3) times during the season/length of the activity or is on the semester ineligibility list and on the weekly ineligibility list once during the season/length of the activity.

D. If at the end of a nine-week marking period the student has not **passed at least 75% of his or her credits**, the student will be placed on probation for fifteen (15) school days. **The probation period will begin on the day the eligibility list is published.** During the 15-day probation, the student will be permitted to practice but not participate in athletic contests.

Students involved in non-athletic activities will be permitted to practice but not perform in public performances. Upon regaining eligibility, it will be at the discretion of the Director/Advisor if the student may participate in the remainder of the activity. In the event the activity does not have public performances, the student will not be permitted to participate in the activity for the probation period.

E. At the end of the school year, the student's final credits earned for the year rather than the credits earned during the last grading period will determine a student's eligibility at the beginning of the subsequent school year. A student who fails to earn seven (7) credits from the previous school year will be permitted to practice, but will not be able to compete or participate in public performances during the first fifteen (15) school days of the subsequent school year. A student who fails to earn seven (7) credits for the year, but attends summer school and corrects deficiencies, could be eligible, pending administrative review. (When applicable, Section D supersedes Section C above).

F. A grade of "incomplete" at a marking period, which results from a student's extended excused absence from school, may be remedied in accordance with school rules. When 75% of the student's class load is at a passing level, the student will be fully reinstated.

III. Attendance Requirements

Students who participate in co-curricular activities will be expected to maintain regular school attendance.

A. To be eligible to participate in a contest/practice/public performance/activity on any given day, the student must report to school by 10:30 a.m. A student arriving after 10:30 a.m. because of an illness or other reason, may be permitted to participate with proper documentation in Skyward and/or written note from parent/guardian.

IV. Rules and Regulations

The following guidelines have been formulated concerning the conduct of students involved in all co-curricular activities.

A. The use or distribution of alcoholic beverages or controlled substances including anabolic steroids not prescribed for a valid medical purpose by a physician is prohibited.

ACTION: Immediate removal from any Co-Curricular Activity for the remainder of that season or year's activity.

B. The use or possession of tobacco products, as defined in Board Policy 222:

Subsequent Violation(s): Removal from any co-curricular activity.

C. Stealing of equipment or personal items is prohibited:

ACTION: Removal from any co-curricular activity for the remainder of that season or year's activity, and restitution for items.

D. Suspension from school (In-School and Out-of-School Suspensions)

ACTION: Students are not permitted to participate in any co-curricular activity nor be a spectator at school-sponsored events on the days of suspensions, ending at midnight of the last day of suspension. In addition, when returning from ISS/OSS the following guidelines are in place upon students returning to practice:

- 1st ISS/OSS offense – Athlete will miss the first event upon return to team after suspension. If a student receives a 2nd OSS they will be removed from the team.
- 2nd ISS offense – Athlete will miss the next two (2) events upon return to the team after suspension.
- 3rd ISS offense – Athlete will be removed from team.
- 10 Day suspension – Athlete will miss next two (2) events upon return to team after suspension and return to play will be at Coach's discretion.

E. Any behavior unbecoming of a Central York student is justification for disciplinary action at the discretion of Coaches/Directors/Advisors or school administration, and will be considered a violation of these standards. Examples, but not limited to: Violence and acts of violence, lying, cheating, profanity, unsportsmanlike conduct, disrespect, or any inappropriate behaviors in the school setting. Coaches/Directors/Advisors will administer appropriate disciplinary action and confer with the Athletic Director and/or school administration concerning student misbehavior.

F. PIAA and YAIAA rules stipulate that if an athlete is disqualified from an event due to unsportsmanlike conduct, he or she will also be suspended from the next interscholastic contest. Likewise, inappropriate behavior at an event for other activities covered under this document may result in a similar suspension.

STUDENT CONDUCT

Acceptable Use Policy

All students and their parents/guardians must read, sign and agree to and abide by the District's Acceptable Use Policy (Policy 815) before

using school-issued electronic devices (such as laptops, iPads, netbooks or other mobile devices) to perform classroom or school work and/or access the Internet through any of the District-maintained networks. Please note: The Acceptable Use Policy also governs student use of personal electronic devices to access the District-maintained networks from those devices during school hours. A student who violates the Acceptable Use Policy may lose computer/network privileges and may incur disciplinary consequences.

Behavior Management

The Public School Code of Pennsylvania gives every teacher, assistant principal and principal the right to exercise the same authority as to the conduct and behavior of students in the school during the time they are in attendance, including the time required in going to and from their homes, as parents, guardians and persons in parental relations may exercise over them. The use of corporal punishment for the purpose of controlling or modifying student behavior is forbidden. For the purpose of this provision, corporal punishment is defined as any physical contact, which would be intended to inflict pain and cause physical injury to a student, and would include paddling and spanking. When a student is at risk of self-injury or injuring others or of damaging property, and when other behavioral deterrents have failed school personnel may employ the use of physical restraint. Behavior management techniques, strategies, and procedures will be used to the extent necessary to ensure that schools are not disrupted by inappropriate student behavior.

Building Rules of Conduct

1. Any student absent from school may not attend or participate in any school function the day of their absence without administrative approval.
2. After arriving at school, either by school bus or private transportation, students must remain on school property until dismissed. Failure to do so will be considered an unlawful absence and may result in appropriate disciplinary action.

Bullying, Cyberbullying, Intimidation, or Extortion

The school will not tolerate actions by students, which could fall under the classification of bullying, intimidation, or extortion. These acts often

lead to greater violence. Not only do they harm the intended victims, but they also affect the climate of the schools and the opportunities for all students to learn and achieve in school. Students must be taught that the individual rights of other students will be safeguarded. Bullying may be physical, verbal, emotional, sexual in nature, or occurring via the Internet through cyber bullying. Please refer to Policy 249 for additional information.

Bus Conduct

Proper student conduct on school buses is essential to the health and safety of all students. Persistent misbehavior on the part of any pupil will result in the revocation of the privilege to ride the school bus. Should a student lose the privilege, it becomes the responsibility of the parent or guardian to provide transportation.

The driver of the bus has the authority to direct students with regard to bus behavior and to assign seats where appropriate. Behavior infractions will be reported to the appropriate administrator. In the event that behavior is such that it is, in the judgment of the driver, unsafe to proceed, the driver can stop the bus in a safe area and request assistance from the police and/or the appropriate school administrator. No playground balls, skateboards or sports equipment (non-school team) will be allowed on school buses.

12. The office must approve a note from each parent explaining the specific details of the bus request.

12. Respect the rights of staff, students, administrators, and all others who are involved in the educational process.
13. Interact with students and staff in a respectful manner.
14. Refrain from using language which is plainly lewd, vulgar, or profane or which causes or is reasonably predicted to cause substantial disruption to the school environment.

Weapons

Students are not permitted to have weapons or other hazardous equipment or material in their possession in school, on school property, or at school sponsored activities. Act 26 of 1995 defined weapons to include, but not be limited to, "any knife, cutting instrument, cutting tool, nunchaku, firearm, shotgun, rifle, and any other tool, instrument, or implement capable of inflicting serious bodily injury." Violations of this prohibition are a serious matter and carry a mandatory consideration of expulsion from school for a period of a full year and an automatic report to appropriate law enforcement agencies.

The term weapon also shall include objects which have the appearance or characteristics of a weapon as defined above, or objects which are intended and capable of producing bodily injury, including fireworks or explosive devices. The Central York School District considers violations of this prohibition to be a serious matter. The student will be referred to the Board of School Directors for possible expulsion from school.

When the District receives a student who transfers from a public or private school during a suspension or expulsion period for an offense involving a weapon, the District will enforce the suspension or expulsion determined by the sending school.

Weapons capable of firing a bullet, ball or projectile shall not be used in instructional and co-curricular programs, stage props in dramatic productions, or student athletic contests. If the display of a weapon is part of an authorized project or class, the principal may authorize the display after assuring that the weapon has been made inoperative and necessary safety procedures are in place. All exceptions under this policy must be approved in advance of the actual event. Exhibits and displays of this type will not, under any circumstances, be permitted to

be transported on the District's transportation system. Please refer to policy 218 for additional information.

STUDENT DISCIPLINE

Contact with Law Enforcement Agencies

The Board of School Directors has established a policy with regard to contact with law enforcement agencies involving discipline as a result of activities occurring on school property or at a school event. Police assistance will be requested when a trespasser fails to respond to a request to leave the premises, when any person is creating a disturbance and fails to respond to requests to cease and desist, or when any action threatens the health, safety, or welfare of any person. The police will also be contacted when any person other than police officers are in possession of a dangerous weapon. Police will also be contacted for identification of substances and assistance in the investigation of all violations of the Dangerous Drugs, Device, and Cosmetics Act or drugs, which fall under the "look alike" category. Police may also be contacted for cases of verbal or physical assault or violation of local, state, or federal law depending on the seriousness of the incident. Victims of violations of local, state and federal law may choose to file charges under these statutes independent of school disciplinary actions. The school is often asked why they do not file charges in a student disciplinary incident. While the school has broad discretion in student discipline matters, the school does not have jurisdiction to file charges in most incidents. The police and/or the District Attorney make that decision after a report by the school.

Act 26 of 1995 of Pennsylvania Legislatures provided additional requirements for reporting and required the development of a Memorandum of Understanding (MOU) between the District and the police departments of jurisdiction. "A copy of this Memorandum is on file with each school's main office and available for review by parents and guardians by request."

Exclusions From School

The Board of School Directors has defined the types of offenses, which could lead to exclusion from school. These offenses may take the form of suspension or expulsion and include, but are not limited to, the following:

- Disrespect/Insubordination or defying school staff
- Forgery of any documents, including attendance
- Destruction or willful defacing of school property
- Hazardous or unauthorized use of vehicles
- Use, possession or distribution of dangerous drugs or drug related paraphernalia as defined in the "Dangerous Drugs, Device and Cosmetics Act"
- Use, possession, or distribution of "look-alike" drugs defined as a non controlled substance that has a stimulant or depressant effect on humans and substantially resembles a

controlled substance in appearance

- Behavior or items brought to school that are reasonably foreseeable to cause a substantial disruption to the school environment.
- Off-campus speech, which could include social media posts, that threatens, incites violence against the school or school community.

The preceding list is not intended to be exhaustive of the types of offenses that can lead to exclusion from school.

Suspension is exclusion from school for a period of one (1) to ten (10) consecutive school days. The principal or assistant principal in charge of the school may give suspensions. No student shall be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Every effort and means will be

utilized in an attempt to notify parents of the student on the day the suspension is imposed. The parents will also be notified in writing with a copy forwarded to the superintendent's office.

When the suspension exceeds three (3) school days, the student and the parents will be given the opportunity for an informal hearing (via phone conversation or face to face meeting) before an administrator. The purpose of this informal hearing is to enable the student and the parent to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended. The informal hearing is intended to encourage the student's parents to meet with an administrator to discuss ways to avoid future offenses.

Expulsions

Expulsion is exclusion from school imposed by the board of school directors for a period exceeding ten (10) consecutive school days, and may be permanent expulsion from the school rolls. All expulsions require a prior formal hearing before the board of school directors or a duly authorized committee of the board or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire school board is required to expel a student. The formal hearing will be scheduled during the first ten (10) days of the suspension. If it is impossible to schedule a hearing during this ten (10) day period, the student will be returned to school pending the hearing, unless it can be shown that the student's presence would constitute a threat to the health, safety, morals, or welfare of others. See Policy 233, suspension and expulsion, for additional information.

Students who are less than 18 years of age are subject to the Compulsory School Attendance Laws even though expelled. The initial responsibility for providing the education rests with the student's parent or guardian through placement in another school or through tutoring or through an alternate educational program approved by the District superintendent.

If the parents or guardians are unable to provide the required education, they must within 30 days submit to the District superintendent written evidence outlining the attempts, which have been made, and the reasons for non-compliance. If 30 days pass without the District receiving satisfactory evidence that the required education is being provided, the district superintendent will contact the parent. If these efforts are not productive, the District has the option to provide some alternate educational program or take action in accordance with Chapter 63 of The Juvenile Act (42 PA. C.S. 6301-6308).

Searches

School authorities may search a student's locker or desk and seize any illegal or inappropriate materials. Students are specifically advised that they should have no expectation of privacy with respect to their use of such lockers which are subject to random, periodic, and/or sweeping inspections and searches (including the use of certified scent dogs). Such materials may be used as evidence against the student in

disciplinary proceedings. Prior to an individual locker search, the student shall be notified and given an opportunity to be present; however, where school authorities have a reasonable suspicion that the locker contains materials which pose a threat to the health, welfare, and safety of students in the school, student lockers can be searched at any time without a prior warning.

If a student is reasonably suspected of possessing illegal materials on his or her person, the student shall be referred to the principal or assistant principal. The administrator will confront the student privately with the accusations and then will conduct a search of the student and their belongings. If the student resists or uses force, the police may be called for assistance. Possession of illegal or inappropriate material in an automobile on school property will result in, but not be limited to, suspension of parking privileges.

If it is reasonably suspected that a student has illegal material in his or her automobile on school property, it will be searched by administration. In addition, school personnel will immediately call the police and advise them of the circumstances which led to their belief of the possession of illegal materials. Parking lots are subject to random, periodic, and/or sweeping searches by certified scent dogs. Refer to Policy 226 for additional information.

The student and his or her parents/guardians shall be required to appear before the superintendent of schools to work out a plan to correct the inappropriate behavior. Failure to appear after proper notice by certified mail or courier delivery will result in a referral to a formal hearing before the board of school directors.
