ENRICHMENT DESCRIPTIONS

Science/Chemistry Club

Students in this club benefit from hands-on activities, exploration and exceptional teaching. These are children we envision one day saving the world in some way, so we stretch beyond basic learning to draw out their talents and encourage them to pursue their questions. Your child will be delighted and amazed at their leaps of understanding!

Sports

Soccer, Baseball, Basketball, and Tennis...Our balanced and creative approach to coaching will have a positive impact on your child that goes far beyond the playing field. Our high-energy classes are carefully designed to enhance your child's overall growth and well-being. The result? Children with strong physical skills, who are well-balanced and confident. And, we do all this while your child has the time of their life!

Arts and Crafts/ DIY Projects

We have lots of ways for your children to have fun and explore their creativity ... all without high tech gadgets - YAY! From oil pastel bubble drawings to melted crayon rock crafts, we have something for kids of all ages.
