NOTICE TO PARENTS OF RIGHTS AND RESPONSIBILITIES

State law requires parents or guardians to be notified of their rights and responsibilities in certain matters related to their children's education.

1. Public Education: Section 5 of Article IX of the California State Constitution guarantees students a "free public education." Indeed, all educational activities conducted by public school districts, both extracurricular and curricular, must be free of charge to students participating in such activities. Therefore, no mandatory fees will be charged for participating, among others, in extracurricular activities such as theater, music, and athletic competitions. In addition, no fees will be charged for an activity, even if the district waived fees for students who cannot afford financially.

2. Interpretation/translation services:

1. The District will provide interpretation and/or translation services upon request from each school site. Contact the school your child attends to request interpretation and/or translation services.
2. A Spanish language translator is available at all District Board meetings and can be requested at the information desk located at the e-Cademy Professional Development Center.
3. If you would like to request interpretation and/or translation services in a language other than Spanish, please contact the school your child attends or the Director of Special Assessments and Programs for English Learners.

3. Visitors to the School: Parents/guardians and other patrons of the district are welcome and encouraged to visit the schools. Visitors to the schools must respect the learning environment and maintain proper behavior and decorum. (EC § 51512)

1. All visitors shall report to the office and "sign-in" to notify staff they are in the building or on school grounds.
2. The principal or designee shall provide a visible means of identification for all individuals who are not students or staff members while on school premises.
3. Visitors shall return to the office and "sign-out" before leaving the campus.

Disruption of the orderly process of the school is prohibited. In accordance with Penal Code § 626.7, the principal or his/her designee is authorized to deny access, ban or bar future access, remove or request the removal of any visitor whose behavior is disruptive to the educational/ working environment of the school.

Any visitor to the school who has been denied access or who has been asked to leave may appeal to the Director of Student Services.

4. Rights and Responsibilities: State and Federal laws require school districts to notify parents and guardians of minor pupils of parental rights. The following rights, responsibilities, and protections are provided. (When used in this notification, "parent" includes a parent, caregiver or legal guardian.) (EC § 48980.a) (EC § 48980.b)

- Rights of Students: to attend school unless removed under due process as specified in the Education Code; to attend school in a secure academic and social climate, free of fear

and violence; to enjoy the full benefit of their teacher's efforts, undiluted by the disruptive student; to have ready access to a designated teacher/advisor; to examine personal records upon reaching age sixteen (16); and to be fully informed of school rules and regulations.

- Responsibilities of the Students: to attend school and classes regularly and on time; to be prepared for class with appropriate materials and work; to know and obey school rules and regulations; to respect the rights of school personnel, fellow students, and the public in general; and to demonstrate pride in the appearance of school buildings and grounds.
- Rights of Parents/Guardians (CF 5020; EC §§ 51100-51102): to expect that their child will spend time at school in a safe, wholesome, stimulating atmosphere engaged in productive activity under the care and direction of a dedicated staff; to have assurance that school personnel will at no time preempt parental prerogative; to be informed of District policies, school rules, and regulations; and to review their child's record with a certificated staff member providing assistance.
- Responsibilities of Parents/Guardians (C.F.R. 5020): to visit school periodically to participate in conferences with teachers, counselors, or administrators regarding the academic and behavioral status of their child; to provide supportive action by making sure that their child has enough sleep, adequate nutrition, and appropriate clothing before coming to school; to maintain consistent and adequate control over their child, and to approve of reasonable control measures as applied by school personnel; to cooperate with the school in bringing about improvements designed to enhance the educational program offered to students; to provide the school with current information regarding legal address, phone, medical data, and other facts which may help the school serve their child; and to become familiar with District policies and school rules and regulations.
- Rights of Teachers: to expect and receive the attention, effort, and participation of the students attending their classes; to have parental and administrative backing when enforcing rules designed to provide an optimum learning climate; to teach with interruptions held to an absolute minimum regardless of the cause or source; and to enjoy the same level of respect and courteous treatment accorded members of the class individually and collectively.
- Rights of Administrators: to initiate such control measures as needed to establish and maintain an environment in which optimum learning and teaching conditions prevail; to make decisions on all issues confronting schools, primarily on the basis of what is best for the students; to hold students accountable for their conduct, and to take prompt and appropriate action toward those guilty of violations; and to expect that all school employees recognize and fulfill their roles and terms of campus control.
- Responsibilities of Administrators: to provide leadership that will establish, encourage, and promote good teaching and effective learning; to establish, publicize, and enforce school rules that facilitate effective learning and promote attitudes and habits of good citizenship among the students; to request assistance from the District's support services, and community agencies and resources in all cases indicating such action; and to make a determined effort to stay attuned to expressions of student, staff, parent/guardian, community concerns and to react with sensitivity toward them.

5. **Unexcused Absences:** An absence is recorded as unexcused if a student is absent for 30 minutes or more for a single period in one school day and the parent and/or guardian does not contact the school to clear the absence with an approved excuse within 3 days or 72 hours.
 - Truancy Letter – 3 Unexcused Absences
 - School Attendance Review Team (SART) – 5 Unexcused Absences
 - District Attendance Review Conference (DARC) – 10-15 Unexcused Absences
 - School Attendance Review Board (SARB) – 20 or More Unexcused Absences

6. **Excessive Absences:** Ten (10) or more excused absences by a student in any one school year will require the student’s parents to contact school administration and provide verification in order for further absences to be allowed as excused. Eighteen (18) or more excused absences accumulated during the school year will require the student’s parents to provide a script from a licensed medical practitioner and/or verification from the school health office. Otherwise, no further absences will be allowed as excused. (EC §48205) (Parent may request a Chronic Illness Verification Form from the school office.)

7. **School Attendance Review Board (SARB):** Excellent attendance is important to your child’s academic success. The Education Code requires that children between the ages of 6-18 attend school full-time. The District is committed to working with students and their families to ensure that poor attendance does not impact your child. (EC § 48263)

8. **Truant Students:** Any student subject to compulsory full-time education or to compulsory continuation education who is absent from school without valid excuse three (3) full days in one (1) school year, or tardy or absent for more than any thirty (30) minute period during the school day without a valid excuse on three (3) occasions in one (1) school year, or any combination thereof, is a truant and shall be reported to the attendance supervisor or to the Director of Student Services. (EC §48260(a)) If a student has a doctor or dental appointment during the school day, parents are asked to have their child attend before and after the appointment.

9. **Parent Notification of Truancy:** Upon a student’s initial classification as a truant, the school district shall notify the student’s parent/guardian, by first-class mail or other reasonable means, of the following: (EC §48260.5)
 1. That the student is truant;
 2. That the parent/guardian is obligated to compel the attendance of the student at school;
 3. That parents/guardians who fail to meet this obligation may be guilty of an infraction and subject to prosecution pursuant to Article 6 (commencing with Section § 48290) of Chap. 2 of Part 27;
 4. That Alternative Educational programs are available in the District;
 5. That the parent/guardian has the right to meet with appropriate school personnel to discuss solutions to the student’s truancy;
 6. That the student may be subject to prosecution under Section § 48264;
 7. That the student may be subject to suspension, restriction, or delay of the student’s

driving privilege pursuant to Section § 13202.7 of the Vehicle Code; and

8. That it is recommended that the parent/guardian accompany the student to school and attend classes with the student for one day.

10. **Absence for Religious Exercises and Instruction:** Pupils may be excused, with written permission from a parent or guardian, in order to participate in religious exercises or receive moral and religious instruction away from school property. Every pupil so excused must attend at least the minimum school day. No pupil shall be excused from school for such purpose on more than four days per school month. (EC § 46014)
11. **Comprehensive Sexual Health Education and HIV/AIDS Prevention Education:** A parent or guardian has the right to excuse their child from comprehensive sexual health education, human immunodeficiency virus “HIV” prevention education, and assessments related to that education. A parent or guardian who wishes to exercise this right must state their request in writing. (EC § 51938) A parent or guardian may inspect the written and audiovisual educational materials used in comprehensive sexual health education and HIV/AIDS and acquired immunodeficiency syndrome (“AIDS”) prevention education. Parents have a right to request that the District provide them with a copy of the California Healthy Youth Act. (EC § 51930 et. seq.)

Parents or guardians shall be notified in writing if the District plans to administer an anonymous, voluntary and confidential test, questionnaire, or survey containing age-appropriate questions about the pupils’ attitudes concerning or practices related to sex in grades 7 to 12 and given the opportunity to review the test, questionnaire, or survey. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey by stating their request in writing. (EC § 51938)

Every child’s parent will be notified prior to the commencement of any comprehensive sexual health education and HIV/AIDS prevention education instruction whether the instruction will be taught by District personnel or by outside consultants. If outside consultants or guest speakers are used, the notice shall include the date of the instruction, and the name of the organization or affiliation of each guest speaker will be identified. Parents have a right to request that the District provide them with a copy of Education Code sections 51933, 51934, and 51938. (EC § 51938) If arrangements for instruction by outside consultants or guest speakers are made after the beginning of the school year, the Superintendent or designee shall notify parents/guardians no less than 14 days before instruction is given. (EC § 51938)

12. **Excuse from Instruction in Health:** Upon written request of a parent or guardian, a pupil may be excused from any part of instruction in health which conflicts with the parent(s)’ or guardian(s)’ religious training or beliefs (including personal moral convictions). (EC § 51240)
13. **Administration of Medication:** Medication prescribed by a physician or ordered by a physician assistant for a child may be administered during the school day by the school nurse or other designated school personnel, or self-administered by the child if the

medication is prescription auto-injectable epinephrine or prescription inhaled asthma medication, but only if the parent consents in writing and provides detailed written instructions from a physician, or a physician assistant as specified by law. In order for a child to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the physician or physician assistant must also provide a written statement detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine or prescription inhaled asthma medication. Parents must also provide a release for the school nurse or designated school personnel to consult with the pupil's health care provider regarding questions that may arise with regard to the medication, and releasing the District and its personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering auto-injectable epinephrine or prescription inhaled asthma medication. The written statements specified in this section shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for administration changes. Forms for administering medication may be obtained from the school secretary. (EC §§ 49423, 49423.1, 49423.5, 49480)

14. **Students on Medication:** Parents are to notify the school nurse or other designated certificated school employee if their child is on a continuing medication regimen. This notification shall include the name of the medication being taken, the dosage, and the name of the supervising physician. With parental consent, the school nurse may confer with the physician regarding possible effects of the drug, including symptoms of adverse side effects, omission or overdose and counsel with school personnel as deemed appropriate. (EC § 49480)

15. **Immunizations:** The District shall exclude from school any pupil who has not been immunized properly, unless the pupil is exempted from the immunization requirement pursuant to Chapter 1 (commencing with section 120325) of part 2 of division 105 of the Health and Safety Code. The immunization exemption based on personal beliefs has been eliminated. (Health & Saf. Code, § 120325) A student who, prior to January 1, 2016, submitted a letter or affidavit on file at the District, stating beliefs opposed to immunization, is permitted to enroll in that institution until the student enrolls in the next grade span. Grade span means: 1) birth to preschool; 2) kindergarten and grades 1 through 6, inclusive, including transitional kindergarten; and 3) grades 7 through 12, inclusive. On or after July 1, 2016, the District shall exclude from school for the first time or deny admittance or deny advancement to any student to the 7th grade unless the student has been immunized for their age as required by law. (Health & Saf. Code, § 120335) A student may still be exempted from the immunization requirement based on medical condition or circumstances. A licensed physician or surgeon must transmit a completed medical exemption certification form from the California Department of Public Health directly to the local educational agency and the California Immunization Registry. The standardized medical exemption form shall be the only documentation of a medical exemption that shall be accepted by the District. (Health & Saf. Code, §§ 120370, 120372)

A parent or guardian may consent in writing for a physician, surgeon, or health care practitioner acting under the direction of a supervising physician and surgeon to administer

an immunizing agent to a pupil at school. The health care practitioner may administer immunizations for the prevention and control of diseases that present a current or potential outbreak as declared by a federal, state, or local public health officer. (EC §§ 48216, 48980(a), 49403; Health & Saf. Code, §§ 120325, 120335)

Students are advised to adhere to current immunization guidelines regarding full human papillomavirus (“HPV”) immunization before admission or advancement to the eighth-grade level. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. A fact sheet has been attached describing the benefits of an HPV vaccination. (Ed. Code, § 48980.4, Health & Safety Code, § 120336.)

16. **Physical Exams and Testing:** The District is required to conduct certain physical examinations and vision and hearing testing of students, unless the parent has a current written objection on file. However, the child may be sent home if they are believed to be suffering from a recognized contagious or infectious disease, and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist. (EC §§ 49451, 49452, 49452.5, 49455; Health & Saf. Code, § 124085) The District shall provide for scoliosis screening of every female student in grade 7 and every male student in grade 8. (EC § 49452.5)
17. **Confidential Medical Services:** For students in grades 7 through 12, the District may release a student for the purpose of obtaining confidential medical services without obtaining the consent of the student’s parent or guardian. (EC § 46010.1)
18. **Medical Coverage for Injuries:** Medical and hospital services for pupils injured at school or school-sponsored events, or while being transported, may be insured at parent’s expense. No pupil shall be compelled to accept such services without their consent or, if the pupil is a minor, without the consent of a parent or guardian. (EC § 49472)
19. **Accidental Injury Insurance:** The District does not provide medical and hospital services for students injured while participating in athletic activities. Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling Healthy Families at 1-866-294-4347. (EC §§ 32221.5, 49471)
20. **Mental Health Services:** The District shall notify pupils and parents or guardians no less than twice each school year of the steps to initiate access to available pupil mental health services on campus and/or in the community. (EC § 49428) The mental health services available include Mental Health Clinicians, Counselors, and School Psychologists at every school in Turlock USD. To initiate services, a parent or student may contact school administration, nurse, or counselor.

21. **Services for Students with Exceptional Needs or a Disability:** State and federal law require that a free and appropriate public education (FAPE) in the least restrictive environment be offered to qualified pupils with disabilities ages 3 through 21 years. Students classified as individuals with exceptional needs for whom a special education placement is unavailable or inappropriate may receive services in a private nonsectarian school. Please contact the local director of special education for specific information. (EC § 56040 et seq.) In addition, services are available for students who have a disability which interferes with their equal access to educational opportunities. (Section 504 of the Rehabilitation Act of 1973, 34 C.F.R. § 104.32) The District official listed below is responsible for handling requests for services under Section 504 and may be reached at the following address and telephone:

Gil Ogden
1574 Canal Drive, Turlock
studentservices@turlock.k12.ca.us

22. **No Academic Penalty for Excused Absence:** No pupil may have their grade reduced or lose academic credit for any absence or absences which are excused for the reasons specified below when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time. (EC §§ 48205, 48980(i))

A pupil shall be excused from school when the absence is:

- (a) Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.

Reporting Complaints

A student or parent/guardian who believes that the student has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to a teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Within one school day of receiving such a report, the principal or other school employee shall forward the report to the district's Title IX Coordinator. Any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report the observation to the principal or Title IX Coordinator. The report shall be made regardless of whether the alleged victim files a formal complaint or requests confidentiality.

When a report or complaint of sexual harassment involves off-campus conduct, the Title IX Coordinator shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX Coordinator determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the Title IX Coordinator shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with applicable district complaint procedures.

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be non-disciplinary, non-punitive, and designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal from School

A student shall not be disciplined for alleged sexual harassment under Title IX until the investigation has been completed. However, on an emergency basis, the district may remove a

student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

Name, address, telephone, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, diplomas and awards received, and most recent previous educational institution attended. (EC §§ 49060 et seq., 49073; 20 U.S.C. § 1232g; 34 C.F.R. § 99.7) In accordance with state and federal law, the District may also make available photographs, videos, and class rosters.

that directory information may be released. (EC § 49073(c); 20 U.S.C. § 1232g; 42 U.S.C. § 11434a(2))

30. Inspection of Student Records: State law requires that the District notify parents of the following rights which pertain to student records. (EC §§ 49063, 49069.7; 34 C.F.R. § 99.7)

- (a) A parent or guardian has the right to inspect and review student records relating directly to their child during school hours or obtain a copy of such records within five (5) business days of their request.
- (b) Any parent who wishes to review the types of student records and information contained therein may do so by contacting the principal at their child's school. The principal of each school is ultimately responsible for maintenance of student records.
- (c) A parent with legal custody has a right to challenge information contained in their child's records. Any determination to expunge a student's record is made after a review of said record(s) by site administrators and certificated staff. Following an inspection and review of student records, the parent may challenge the content of the student's record. The right to challenge becomes the sole right of the student when the student becomes eighteen (18) years of age.
- (d) A parent or guardian has the right to consent to disclosure of personally identifiable information contained in the student's educational records, except to the extent disclosure is authorized without consent.

A parent may file a written request with the Superintendent of the District to remove any information recorded in the written records concerning the child which is alleged to be:

- (i) Inaccurate.
- (ii) An unsubstantiated personal conclusion or inference.
- (iii) A conclusion or inference outside of the observer's area of competence.
- (iv) Not based on the personal observation of a named person with the time and place of the observation noted.

Within thirty (30) days, the Superintendent or designee shall meet with the parent/guardian and the certificated employee who recorded the information, if any, and if the person is still employed with the District and sustain or deny the allegations. If the allegations are sustained, the Superintendent shall order the correction, removal or destruction of the information. If the Superintendent denies the allegations, the parent may appeal the

decision to the Governing Board within thirty (30) days. The Board shall determine whether or not to sustain or deny the allegations. If the Board sustains the allegations, it shall order the Superintendent to immediately correct, remove or destroy the information from the written records of the student. (EC § 49070)

If the final decision of the Board is unfavorable to the parents, or if the parent accepts an unfavorable decision by the District Superintendent, the parent shall have the right to submit a written statement of objections to the information. This statement shall become a part of the student's school record until such time as the information objected to is removed.

Both the Superintendent and the Board have the option of appointing a hearing panel in accordance with Education Code sections 49070-49071 to assist in the decision making. The decision as to whether a hearing panel is to be used shall be made at the discretion of the Superintendent or the Board and not of the challenging party.

- (e) A Student Records Log is maintained for each student. The Student Records Log lists persons, agencies or organizations requesting and/or receiving information from the records and the legitimate interests therefor to the extent required by law. Student Records Logs are located at each school and are open to inspection by parents or guardians. (EC § 49064)
- (f) School officials and employees having a legitimate educational interest, as well as persons identified in Education Code sections 49076 and 49076.5 and in the Family Educational Rights and Privacy Act, may access student records without first obtaining parental consent. "School officials and employees" are persons employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and District-employed law enforcement personnel), a Board member, a person or company with whom the District has contracted to perform a special service (such as an attorney, auditor, medical consultant, or therapist), or a parent, student, foster family agency, short-term residential treatment staff, or caregiver whose access to student records is legally authorized. A "legitimate educational interest" is one held by a school official or employee whose duties and responsibilities create a reasonable need for access. (EC §§ 49063(d), 49076, 49076.5; 20 U.S.C. § 1232g)
- (g) Parents and guardians have the right to authorize the release of student records to themselves. Only parents and guardians with legal custody can authorize the release of student records to others.
- (h) Parents and guardians will be charged (10) cents per page for the reproduction of student records.
- (i) Parents have a right to file a complaint with the U.S. Department of Education for alleged violations of parent rights related to student records. (20 U.S.C. § 1232g(g))
- (j) Parents may obtain a copy of the District's complete student records policy by contacting the Superintendent.

- 31. Family Educational Rights and Privacy Act:** Parents have certain rights regarding student information and records which are guaranteed under federal law. A handout notifying parents of these rights is attached.
- 32. Student Discipline:** District and school rules pertaining to student discipline are available to parents or guardians of district students in the school office. (EC § 35291) Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours. (EC § 48900(r))
- 33. Dissection of Animals:** If a student has a moral objection to dissecting (or otherwise harming or destroying) animals, or any part of an animal, the pupil must notify the teacher regarding such objection, and the objection must be substantiated with a note from the pupil's parent or guardian. If the pupil chooses to refrain from participating in such a project or test, and if the teacher believes that an adequate alternative education project or test is possible, then the teacher may work with the pupil to develop and agree upon an alternate education project or test for the purpose of providing the pupil an alternate avenue for obtaining the knowledge, information or experience required by the course of study. No student shall be discriminated against based upon their decision to exercise their rights under this section. (EC §§ 32255-32255.6)
- 34. Temporary Disability:** A temporary disability which makes it impossible or inadvisable for a student to attend class may entitle the student to receive individualized instruction. It is the responsibility of the pupil's parent or guardian to notify the school district in which the pupil is deemed to reside of the pupil's need for individualized instruction.

Home Instruction: The district in which the student resides is to provide individual instruction if the student is receiving the instruction in their home. Individual instruction in a pupil's home pursuant to Education Code section 48206.3 shall commence no later than five working days after a school district has determined that the pupil shall receive this instruction.

Hospital or Health Facility Instruction: The school district in which the hospital or other residential health facility, excluding a state hospital, is located must provide individual instruction to a student with a temporary disability. Within five working days of receipt of the notification, the district must determine whether the pupil will be able to receive individual instruction, and, if so, when the individual instruction will begin. Individual instruction will commence no later than five working days after a positive determination has been rendered. A student with a temporary disability who is in a hospital or other residential health facility, other than a state hospital, which is located outside the student's school district of residence shall be deemed to comply with the residency requirements of the school district in which the hospital is located. A school district may continue to enroll a pupil with a temporary disability who is receiving individual instruction in a hospital or residential health facility to facilitate the timely reentry of the pupil in their prior school

after the hospitalization has ended, or in order to provide a partial week of instruction. On days in which the student is not receiving individual instruction in a hospital or other residential health facility, they may attend school in their district of residence if well enough to do so. A pupil receiving individual instruction who is well enough to return to a school shall be allowed to return to the school, including a charter school, that they attended immediately before receiving individual instruction, if returning during the same school year. (EC §§ 48206.3, 48207, 48207.3, 48207.5, 48208, 48980(b))

Pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom shall be treated in the same manner and under the same policies as any other temporary disabling condition. (EC § 221.51)

35. Student Residency: A student may be enrolled in the District if (1) the student’s parent, legal guardian or other person having control and charge of the student resides in the District (EC § 48200); (2) the District has approved Interdistrict attendance (Ed. Code, § 46600); (3) the student is placed in a regularly established children’s institution, licensed foster home, or family home; (4) the student is a foster child who remains in their school of origin pursuant to Education Code section 48853.5(f) and (g); (5) the student is emancipated and lives within the District; (6) the student lives in the home of an adult who has submitted a caregiver affidavit; (7) the student resides in a state hospital within the District; or (8) the student’s parent or legal guardian resides outside of the boundaries of the school district but is employed and lives with the student at the place of their employment within the school district boundaries for a minimum of three days during the school week. (EC § 48204) The law allows, but does not require, a district to accept a student for enrollment where at least one parent or legal guardian of the student is physically employed within the district’s boundaries for a minimum of 10 hours during the school week. (EC § 48204) A student also complies with the residency requirements for school attendance in a school district if they are a student whose parent is transferred or pending transfer to a military installation within the state while on active duty pursuant to an official military order. However, the parent must provide proof of residence in the school district within ten (10) days after the published arrival date provided on official documentation. (EC § 48204.3) A student also complies with the residency requirement if the student’s parent/guardians were residents of the state but departed California against their will if the student provides official documentation evidencing the departure of parent/guardians against their will; that the student moved outside of California as a result of their parent/guardians departing California against their will; and that the student lived and was enrolled in school in California immediately before moving outside of California. (EC § 48204.4)

36. Attendance Options: Students who attend schools other than those assigned by the District are referred to as “transfer students” throughout this notification. There is one process for choosing a school within the District which the parent lives (Intra-district transfer), and three separate processes for selecting schools in other districts (Inter-district transfer). (EC § 48980(h))

Attached is a copy of the District’s Policy on Inter-district and Intra-district Transfers.

37. Inter-district Attendance

The Board of Trustees recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the Inter-district attendance of students who are residents of the districts. (EC § 46600)

The agreement shall specify the terms and conditions under which Inter-district attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (EC § 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the Inter-district attendance agreement.

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an Inter-district transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600. (EC § 46600)

38. Intra-district Attendance

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. (EC § 35160.5)

The Board shall annually review this policy. (EC §§ 35160.5, 48980)

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area. (EC § 35160.5)

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student's attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous" (20 USC 7912; 5 CCR 11992)
2. Is a victim of a violent crime while on school grounds (20 USC 7912)
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1 (EC § 46600)

If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an Intradistrict transfer request for another district school. (EC § 46600)

4. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either: (EC § 35160.5)

- a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor

- b. A court order, including a temporary restraining order and injunction

5. Is a sibling of another student already attending that school

6. Has a parent/guardian whose primary place of employment is that school

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law and Board policy, applications for Intradistrict open enrollment shall be submitted between December 1 and February 1 (9-12) or March 1 (TK-6) of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space. (EC § 35160.5)

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's

capacity. (EC § 35160.5)

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students. (EC § 35160.5)

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. (EC § 46600)

Parents interested in Intra-district transfers should contact Student Services. The general requirements and limitations of each process are described as follows:

- (a) Choosing a School Within the District in Which Parent Lives: Education Code section 35160.5(b) limits choice within a school district as follows:
- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
 - In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer. However, a district may consider special circumstances that might be harmful or dangerous to a particular pupil in the current attendance area of the pupil, including physical threats of bodily harm or threats to the emotional stability of the pupil documented by a state or local agency, licensed or registered professional, or court order.
 - Each district must decide the number of openings at each school which can be filled by transfer students. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
 - A district is not required to provide transportation assistance to a student who transfers to another school in the district under these provisions.

- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.
 - Victims of Bullying: A school district of residence must approve an Intra-district transfer request for a victim of an act of bullying unless the requested school is at maximum capacity, in which case the district must accept an Intra-district transfer request for a different school within the district. A school district of residence may not prohibit the Inter-district transfer of a victim of an act of bullying if there is no available school for an Intra-district transfer and if the school district of proposed enrollment approves the transfer application. (EC § 46600)
 - A school district of proposed enrollment shall ensure that pupils admitted under this law are selected through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether a pupil should be enrolled based on academic or athletic performance, physical condition, English proficiency, family income, or any of the individual characteristics set forth in Education Code section 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status.
- (b) Choosing a School Outside the District in Which Parent Lives: Parents have two different options for choosing a school outside the district in which they live. The two options are:

39. “Allen Bill” Transfers (EC § 48204(b)): The law allows, but does not require, each school district to adopt a policy whereby the student may be considered a resident of the school district in which his/her parents (or legal guardian(s)) physically work for a minimum of 10 hours during the school week if that is different from the school district in which the student resides. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other “arbitrary” consideration. Other provisions of Education Code section 48204(b) include:

- Either the district in which the parent (or legal guardian) lives or the district in which the parent (or legal guardian) physically works may prohibit the student’s transfer if it is determined that there would be a negative impact on the district’s desegregation plan.
- The district in which the parent (or legal guardian) physically works may reject a transfer if it determines that the cost of educating the student would be more than the amount of state funds the district would receive for educating the student.

- There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student is encouraged to provide in writing to the parent the specific reasons for denying the transfer.

40. **Transferring a Student Convicted of a Felony/Misdemeanor:** Education Code section 48929 authorizes the governing board of a school district to transfer a student enrolled in the district who has been convicted of a violent felony as defined in Penal Code section 667.5 or misdemeanor listed in Penal Code section 29805 to another school within the district when the student and victim of the crime are enrolled in the same school. The governing board has adopted a policy regarding such transfers at a regular meeting pursuant to Education Code section 48929. The policy requires: 1) notice to be provided to the student and student's parent or guardian of the right to request to meet with the principal or designee of the school or District; and 2) that the school first attempt to resolve the conflict before transfer by using restorative justice, counseling, or other services. The policy also includes information regarding whether the transfer decision is subject to periodic review and the procedure used to conduct the review, and the process the board will use to consider and approve or disapprove the recommendation of the school principal or other school or school district designee to transfer the student.
41. **Sexual Harassment Policy:** Each student will receive a written copy of the district policy on sexual harassment. The purpose of this policy is to provide notification of the **prohibition** against sexual harassment as a form of sexual discrimination and to provide notification of available remedies. A copy of the District's policy on sexual harassment is attached. (EC §§ 231.5, 48980(f))
42. **Notice of Alternative Schools:** California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:
- (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
 - (b) Recognize that the best learning takes place when the student learns because of the student's desire to learn.
 - (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in their own time to follow their own interests. These interests may be conceived by the student totally and independently or may result in whole or in part from a presentation by the student's teachers of choices of learning projects.

- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for parent information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. (EC § 58501)

- 43. **Nutrition Program:** The State Department of Education has established a statewide program to provide nutritious meals and milk at school for pupils, and to provide free meals to the neediest children. In some instances, nominal cash payments may be required. (EC § 49510 et seq.)
- 44. **Leaving School Grounds:** Pursuant to section 44808.5 of the Education Code, the Governing Board has decided to NOT permit TUSD pupils to leave the school grounds during the lunch period. Section 44808.5 of the Education Code further states: "Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section." (EC § 44808.5)
- 45. **U.S. Department of Education Programs:** The following applies only to programs directly funded by the U.S. Department of Education:

All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation shall be available for inspection by the parents or guardians of the children.

No student shall be required, as part of any applicable U.S. Department of Education funded program, to submit to a survey, analysis, or evaluation that reveals information concerning:

- (a) political affiliations or beliefs of the student or student's parents;
- (b) mental and psychological problems of the student or their family;
- (c) sex behavior or attitudes;
- (d) illegal, anti-social, self-incriminating or demeaning behavior;
- (e) critical appraisals of other individuals with whom respondents have close family relationships;

- (f) legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- (g) religious practices, affiliations, or beliefs of the student or student's parent; or
- (h) income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program)

without the prior consent of the student (if the student is an adult or emancipated minor), or in the case of an unemancipated minor, without the prior written consent of the parent. (20 U.S.C. § 1232h)

46. Fingerprint Programs: With the written consent of the parent or guardian, kindergarten or newly enrolled students may be fingerprinted. The parent or guardian may revoke their consent in writing at any time. The fingerprint document may not be retained by the District but must be delivered to the parent or guardian. A fee shall be charged to the parent or guardian to reimburse the District for its actual cost. (EC §§ 32390, 48980(f))

47. Uniform Complaint Procedures:

Complaints Alleging Discrimination, Harassment, Intimidation, and Bullying:

State and federal law prohibit discrimination in education programs and activities. The District is primarily responsible for compliance with federal and state laws and regulations. (Cal. Code Regs., tit. 5, § 4620.)

(EC § 32261) State law requires school districts to afford all pupils equal rights and opportunities in education, regardless of their actual or perceived characteristics, such as disability (mental and physical), gender (includes gender identity, gender expression, and gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth), actual or potential parental, family, or marital status, pregnancy (including childbirth, false pregnancy, termination of pregnancy, or recovery therefrom), nationality (includes citizenship, country of origin and national origin), immigration status, race or ethnicity (includes ancestry, color, ethnic group identification and ethnic background), religion (includes all aspects of religious belief, observance and practice, including agnosticism and atheism), sexual orientation (heterosexuality, homosexuality or bisexuality), or association with a person or group with one or more of these actual or perceived characteristics. In addition to being the subject of a complaint, a pupil engaging in an act of bullying as defined by Education Code section 48900(r) may be suspended from school or recommended for expulsion.

The District's Uniform Complaint Procedures may be used in cases where individuals or a group have suffered discrimination, harassment, intimidation, or bullying. (Cal. Code Regs., tit. 5, §§ 4610, 4630, 4650; EC §§ 234 et seq., 48900(r))

Extensions will not be automatically granted, but may be granted for good cause. (Cal. Code Regs., tit. 5, § 4630(b))

Students, who are recommended for expulsion, may have their suspension extended. Prior to extending the suspension, school officials will conduct a meeting which the parents/guardians are invited to participate. At the meeting, the District will offer the student the option to enter into a non-adversarial stipulated expulsion agreement which waives the hearing and allows for the immediate implementation of an individualized rehabilitation plan. If a student is recommended for expulsion, the student and the student's parents/guardians are entitled to a hearing. Kirpan Guidelines: The Kirpan is an article of faith that plays a role in the Sikh religion that is similar to that of a Christian cross, a Jewish Star of David, or a Muslim hijab, with one crucial exception: it is not optional and shall be worn. The following are TUSD guidelines for Kirpan use:

- There should be no objection to the practice of wearing the Kirpan.
- The Kirpan should not be more than 2.5 inches in length (including both blade and handle) and the blade should not exceed 1.5 inches in length; the Kirpan should always be sewn into clothing or turban and worn out of sight.
- The Kirpan should never be unsheathed and should never be used as a weapon to threaten others. In either case the Kirpan would constitute an offensive weapon within the law. In the event of any such occurrences, the offender would be subject to the TUSD disciplinary procedures which may include police involvement.
- If anyone wearing any Kirpan is involved in a situation where it is felt they are compromising the safety and wellbeing of anyone else, or is very likely to do so, administration are to immediately request that they leave the classroom and accompany them to the administrative office where appropriate action will be decided and taken.
- During physical activities children will be expected to cover the Kirpan appropriately. The Kirpan, which should be under clothing, should be carried in a secure cushioned pocket/pouch so that it protects its wearer and others, is not visible, and other children have no access to it. (If a certain physical sport is being played the teacher can ask for the Kirpan to be locked away so it is not dropped)

Children may remove the Dastar (Turban) during physical activities if they wish, but should not be expected to do so. Parents should ensure that the child wears a Patka underneath and is able to retie the Turban independently

70. Health Screening and Evaluation Services: (H&SC §124085)

75. Type 2 Diabetes: (EC § 49452.7)

Pursuant to California Education Code Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010. The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, and California School Nurses Organization. Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more

common, especially for overweight teens. According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells. The pancreas makes insulin, a hormone that moves glucose from the blood to the cells. In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- Inactivity. Being inactive further reduces the body's ability to respond to insulin.
- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts

- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication. The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

- Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test. Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

76. **Accident of Illness:** First aid is administered in the event of minor injuries to pupils. Attempts will be made to locate a parent or guardian for a major illness or injury; therefore, it is critical that the emergency card information be kept as current as possible. If a parent, guardian, or emergency contact cannot be located, it may be necessary to call for emergency medical services for treatment or transportation at parent/guardian expense.
77. **Information for Use in Emergencies/Emergency Procedure Card:** For the protection of a pupil's health and welfare, the District requires that parents/guardians keep current information on file at the student's school of residence. Such information includes parents/guardian's home, work, and cell phone numbers and assumes responsibility for the child in the absence of the parent. As emergency information changes, parents/guardians should notify the school within 24 hours of the change and complete a new emergency form if necessary. (EC § 48908)
78. **Parent/Guardian Liability:** Parents or guardians are liable for any willful conduct of their minor children which results in injury to another pupil or to school District personnel, or for any willful cutting or defacing of any school property belonging to a school District or to a school District employee, or for any property belonging to their school District and loaned to the minor student and not returned. (EC § 48904)
79. **Liability When Pupil is Not on School Property:** No school District shall be responsible or in any way liable for the conduct or safety of any pupil when such pupil is not on school property unless the District has undertaken to provide transportation to and from school premises to a school-sponsored activity off the premise of such school and pupil is under immediate and direct supervision of an employee of the District. (EC § 44808)
80. **Sunscreen:** Each school site shall allow pupils the use of sunscreen during the school day without an authorized health care provider's note or prescription. Also, students shall be allowed to wear administrative approved sun protective clothing, including hats whenever they are outdoors during the school day. (EC § 35183.5)
81. **Oral Health Assessment Requirement:** Children entering public school for the first time (kindergarten or first grade) are required to have a dental check-up by May 31st of their first school year. The evaluation must be completed by a licensed dental professional. Oral health evaluations which occur within the 12 month period prior to school entry also meet this requirement. (EC § 49452.8)
82. **Health Screening Reporting:** The District shall report by January 15 of each year to the County Child Health and Disability Prevention Program, the department, and the Department of Education the following information (H. & S.C. 124100):
1. The total number of children enrolled in first grade;
 2. The number of children who have had a health screening examination, as evidenced by the certificate required by Section 124085; and
 3. The number of children whose parents/guardians have given written waiver pursuant to Section 124085 that they do not want their child to receive a health screening examination.

83. Medical: Medical and hospital services for pupils injured at school or school-sponsored events, or while being transported, may be insured at parent's expense. No pupil shall be compelled to accept such services without his or her consent or, if the pupil is a minor, without the consent of a parent or guardian. (EC § 49472)

84. Medical and Hospital Services Not Provided: The District does not provide medical and hospital services for students injured while participating in athletic activities. However, all members of school athletic teams must have accidental injury insurance that covers medical and hospital expenses. (EC §§ 32221.5, 49471)

85. Comprehensive Sexual Health Education and HIV/Aids Prevention Education: A parent or guardian has the right to excuse their child from comprehensive sexual health education and HIV prevention education. A parent or guardian who wishes to exercise this right must state their request in writing. (EC § 51938) A parent or guardian may inspect the written and audio visual and educational materials used in comprehensive sexual health education and HIV/AIDS prevention education. Parents have a right to request that the District provide them with a copy of the California Healthy Youth Act (EC section 51930 et. seq).

Parents or guardians shall be notified in writing if the District plans to administer an anonymous, voluntary and confidential test, questionnaire or survey containing age-appropriate questions about the pupils’ attitudes concerning or practices related to sex in grades 7 to 12 and given the opportunity to review the test, questionnaire or survey. A Parent or guardian has the right to excuse their child from the test, questionnaire, or survey by stating their request in writing. (EC § 51938)

Every child’s parent will be notified prior to the commencement of any comprehensive sexual health education and HIV/AIDS prevention education instruction as to the date of such instruction and whether the instruction will be taught by District personnel or by outside consultants. If outside consultants are used, the name of the organization of each guest speaker will be identified.

86. Guidelines on Live Head Lice Prevention and Control Procedures:

- Students with potential active head lice will be sent to the school health office to have a “confidential” head check. Siblings may also be checked. Parents will be contacted and advised on how to remove the head lice. Student may remain in school for the remainder of the school day and take bus home, if necessary.
- The next school day, student and parent shall check in with the schoolhealth provider. The child will then be screened for active head lice. If no active lice are found, the student shall return immediately to the classroom. However, if active lice are found, then the parent is given further instructions for removal. The child is sent home and parent/student are

required to meet with the school health provider the following morning.

- Both students and parent are shall meet with the health provider the following morning after being sent home for active lice. If the student/parent fail to show up for the meeting, then they will be given an unexcused absence.
- After removal, it is essential to comb the child's hair daily with a metal nit comb for at least 2 weeks and re-removal may be necessary in 7-10 days if lice or nits are still present. The school will provide the family with a metal nit comb upon request.

87. Free and Reduced Price Meals: The District shall provide at least one nutritionally adequate meal each school day, free of charge or at a reduced price, for students whose families meet federal eligibility criteria. (EC §§ 49550, 49552)

88. Child Nutrition: The State Department of Education has established a statewide program to provide nutritious meals and milk at school for pupils, and to provide free meals to the neediest children. In some instances, nominal cash payments may be required. (EC § 49510 et seq.)

Child Nutrition has a computerized system that allows students to prepay an unspecified amount into his or her account at school or online payment system called MyNutrikids.com. Once these monies are entered into the system, there is no refund to the student without parental consent. This allows the student to make a purchase at any of our food venues without the use of cash. This system also allows the parent to monitor the student's purchases.

Child Nutrition has adopted a Real Fresh program which brings new lunch choices and products to students. The Real Fresh brand captures the essence of student preferences and requests that have been gathered from students. Our students show a strong awareness on the importance of nutrition, but they often struggle to make the appropriate choices. The Real Fresh brand offers a greater range of fresh choices that balance great taste and good health, while also helping students build a healthy lifestyle. The Real Fresh menu offers a complete meal option at a very affordable price. Food courts are located in the main dining room at the high schools. Vending machines selling healthy snacks and other lunch options are also available.

Students participating in the (National School Lunch Program) NSLP will be able to receive a free or reduced lunch for 30 days into the new school year or until a new application is completed, whichever is first. Applications are available in the Child

Nutrition Office, High School Activities Office, Administration Offices, and Counseling Offices and on the Child Nutrition website. Families must submit a new application by September 15th to remain on the lunch program for the new school year. Applications are accepted throughout the school year.

TUSD is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting healthy eating. TUSD adopted a "Wellness Policy" that supports healthy choices for all students. Food served to students apart from their lunch must be made and labeled by a certified retailer. Parents or food vendors must check into the office when delivering food during school hours; and sharing foods is prohibited during lunch times. All fundraisers during school hours must have prior administrative approval and meet the nutritional guidelines of the NSLP and the District Wellness Policy. TUSD encourages healthy choices for celebrations and class parties. For further information, please visit the Child Nutrition website at <http://cnd.turlock.k12.ca.us>.

California Assessment of Student Performance and Progress (CAASPP): The California Assessment of Student Performance and Progress (CAASPP) includes Smarter Balanced Summative assessments in English Language Arts and Math in grades 3-8 and 11 and California Alternative Assessments (CAA) in English Language Arts and Math in grades 3-8 and 11 for students with significant cognitive disabilities. The California Science Test (CAST) for science is required for all students grades 5, 8, and once in high school unless the student's IEP indicates administration of the CAA. Students in grades 3-8 and in high school may choose to take the optional standards-based test in Spanish (CSA) for reading/language arts. The CAASPP includes an assessment for students whose primary language is a language other than English upon enrollment in a California public school. A parent or guardian may make a written request to excuse their child from any or all parts of the assessments. (Ed. Code, §§ 52052, 60604, 60615, 60640: 5 C.C.R. § 852)

91. Pregnant and Parenting Pupils: Pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. "Pregnant or parenting pupil" means a pupil who gives or expects to give birth or a parenting pupil who has not given birth and who identifies as the parent of the infant.

A pregnant or parenting pupil is entitled to eight weeks of parental leave. This leave may be taken before the birth of the pupil's infant if there is a medical necessity and/or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. A pregnant or parenting pupil is entitled to additional leave if deemed medically necessary by the student's physician. (EC § 46015)

The person holding the student's educational rights (i.e. the pupil if over 18 or the parent if under 18) may notify the school of the student's intent to exercise this right. Leave may still be taken even if notice was not provided.

During the leave, the student's absences shall be deemed excused and the student shall not be required to complete academic work or other school requirements.

A pregnant or parenting pupil may return to the school and the course of study in which they were enrolled before taking parental leave. Upon return to school after taking parental leave, a pregnant or parenting pupil is entitled to opportunities to make up work missed during their leave, including, but not limited to, makeup work plans and reenrollment in courses.

A pregnant or parenting pupil may remain enrolled for a fifth year of instruction in the school in which the pupil was previously enrolled when it is necessary in order for the pupil to be able to complete state and any local graduation requirements, unless the local educational agency makes a finding that the pupil is reasonably able to complete its graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

A student who chooses not to return to the school in which they were enrolled before taking the leave is entitled to alternative education options offered by the local educational agency

to include educational programs, activities, and courses equal to those they would have been in if participating in the regular education program.

A student will not incur any academic penalties as a result of using the accommodations in this section. (EC § 46015)

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures in accordance with Title 5 of the California Code of Regulations.

92. Placement Waivers:

- Caregiver affidavits are available at the Office of Student Services with valid proof of residency and photo identification. (Section 6550 Division 11 of the California Family Code)
- Homeless student waivers are available at the Office of Student Services.
- Residency verifications are available at the Office of Student Services for those families that are doubling up at another residence. The homeowner or renter of the residence is required to present valid proof of residency and photo identification.

93. Transitional Kindergarten and Kindergarten Toilet Training Requirements: Toilet training is a process. We consider a child fully toilet trained when they are able to articulate the need to go to the bathroom (i.e. stop playing and go to the bathroom) and sit on the toilet without help. The child needs to be in cloth underwear, not diapers, pull-ups, or training pants and should be able wipe after using the toilet. We know occasionally special circumstances arise that require additional assistance, and we will certainly be there to help your child.

The first few weeks at school can be overwhelming for any child. Even children who have been trained for a long time suffer occasional lapses when they are engrossed in activities, are overtired, excited, or in new surroundings. We realize an occasional accident may occur.

PLEASE BE SURE YOUR CHILD HAS A COMPLETE SET OF EXTRA CLOTHES IN A GALLON ZIPLOC BAG AT SCHOOL INCLUDING UNDERWEAR, PANTS, SHIRT, AND SOCKS.

Of course, accidents happen, however, if a pattern starts to appear, then we recommend you continue working with your child at home. If this happens three weeks in a row or a pattern develops, it may be determined your child needs to spend time at home until he/she is fully toilet trained.

94. University of California or California State University Attendance: The school shall notify in writing the parent/guardian of each high school pupil who attends a special program on a University of California or California State University campus building, prior to the pupil's attendance on that campus. The notification is to state the student is considered a pupil of that campus, and the campus buildings are not considered to be held to the same standard as elementary or secondary schools. (EC §17288)

95. **Grade/Credit Cannot be Reduced:** Grade/Credit cannot be reduced due to excused absence if work or test has been completed. (EC §§ 48205; 48980[j])
96. **Notice of Non-Discrimination:** Statement of Non-Discrimination (Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, § 504 of the Rehabilitation Act of 1973)

The Turlock Unified School District is committed to providing a working and learning environment free from discrimination, harassment, intimidation and bullying. The District prohibits discrimination, harassment, intimidation and bullying based on the actual or perceived characteristics set forth in Penal Code § 422.5, EC § 220 and actual or perceived sex, sexual orientation, gender, gender identity, gender expression race or ethnicity, immigration status, ethnic group identification, ancestry, nationality, national origin, religion, color, mental or physical disability, age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, in any program or activity it conducts or to which it provides significant assistance. Discrimination is different treatment on the basis of a protected category in the context of an educational program or activity without a legitimate nondiscriminatory reason and interferes with or limits the individual's ability to participate in or benefit from the services, activities, or privileges provided by the District.

Harassment occurs when: (1) the target is subjected to unwelcome conduct related to a protected category ; (2) the harassment is both subjectively offensive to the target and would be offensive to a reasonable person of the same age and characteristics under the same circumstances; and (3) the harassment is sufficiently severe, pervasive, or persistent so as to interfere with or limit an individual's ability to participate in or benefit from the services, activities, or opportunities offered by the District.

Upon witnessing an act of discrimination, harassment, intimidation and/or bullying based on actual or perceived characteristics of a protected category (as enumerated above), school personnel are required to take immediate steps to intervene when it is safe to do so. Once a school or office has notice of discriminatory, harassing, intimidating or bullying conduct, whether carried out by employees, students, or third parties, it should take immediate and appropriate steps to investigate or otherwise determine what occurred and take prompt and effective steps reasonably calculated to end the conduct, eliminate a hostile environment, if one has been created and prevent the conduct from occurring again. These steps should be taken whether or not an individual makes a complaint or asks the school or office to take-action.

This nondiscrimination policy applies to all acts related to school activity, employment or school attendance within any school or office under the jurisdiction of the Superintendent of the Turlock Unified School District.

97. **Continued Education Options for Juvenile Court School Students:** A juvenile court school student, or the person holding the right to make educational decisions for the student, may voluntarily defer or decline issuance of their diploma until after the student is released from the juvenile detention facility, thereby allowing the student to take additional coursework at a local education agency. The county office of education will notify the student, the person holding to right to make educational decisions for the student, and the student’s social worker or probation officer of all of the following:
1. The student’s right to a diploma;
 2. How taking coursework and meeting other educational requirements will affect the student’s ability to gain admission to a post-secondary educational institution;
 3. Information about transfer opportunities available through the California Community Colleges; and
 4. The option to defer or decline the diploma and take additional coursework. (EC §§ 48645.3(a), 48645.7)

A complaint of noncompliance may be filed under the District’s Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations.

100. **Physical Fitness Test:** The physical fitness test (PFT) for students in California schools is the FITNESSGRAM. The main goal of the test is to help students in starting life-long habits of regular physical activity. District students in grades 5, 7, and 9 will take the fitness test. The District shall report aggregate results of its physical fitness testing in annual school accountability report card (SARC).

101. **PE Instructional Minutes:** The adopted course of study for grades 1 through 6 and instruction in grades 1 through 8 in an elementary school includes physical education for not less than 200 minutes each ten school days, exclusive of recesses and the lunch period. (EC §§ 51210, 51223)

A complaint of noncompliance may be filed under the District’s Uniform Complaint Procedures pursuant to Title 5 of the California Code of Regulations.

102. **Limited English Proficient:** Parents of Limited English Proficient students will receive a separate letter of notification within 30 days of the start of school about the student’s English language proficiency and placement. (EC § 440) (20 USC 7012.a.8.a)

- 103. Foster Care:** Turlock Unified School District grants foster parents the same educational rights and responsibilities as birth parents for the entire foster parent-foster child relationship. Foster parents may request assessment, enroll the student; request an IEP, review and sign an IEP, as if they were the birth parent. Upon exhibiting proper documentation to school staff, foster parents will be able to perform these duties. No surrogate parent is needed in these cases. (EC § 56055) (a1)

The deciding court can exclude the foster parent from performing these duties. It will be up to the foster parent to inform the District that the exclusion applies and prevents them from executing these responsibilities. Otherwise, the District staff shall assume that the foster parent is able to comply with this provision. A surrogate parent may be needed if the parental rights have been terminated and there is no one else to act in the student's educational behalf. (EC § 56055) (b)

- 104. Opportunities for Family Involvement:** Parents/guardians may choose to participate in various parent/school advisory committees such as; School Site Council (SSC), English Learner Advisory Committee (ELAC), and District English Learner Advisory Committee (DELAC), and Parent Teacher Association (PTA). Contact your child's school for additional opportunities

- 105. English Language Proficiency Assessments for California (ELPAC):** State and Federal laws require all school Districts in California to give a state test to students in grades TK-12 whose home language is not English. Its purpose is to see how well each child is doing each year in learning to listen, speak, read, and write in English. The ELPAC is based on state adopted standards in English Language Development. Based upon the results, students are provided with an instructional program that develops proficiency in English and success in the core curriculum.

- 106. Primary Prevention Program:** Parents/Guardians shall be given notice of, and may refuse to have their children participate in, a primary prevention program. (W.I.C. § 18976.5)

- 107. Promotion/Retention/Acceleration:** As early as possible in the school year, students will be identified for promotion, retention, or acceleration. If a student is considered for retention or acceleration, then a Student Study Team meeting will be held at the school site and objective multiple assessment measures will be used to support team decisions. (EC § 48070-48070.5; 49063; 49067; 37252.2-37252.8; B.P. 5123)

- 108. Students in Danger of Failing a Course:** Parents or guardians shall be notified in advance of each marking whenever it becomes evident to the teacher that the student is in danger of failing a course. (EC § 49067)

- 109. Extra-Curricular and Co-Curricular Activities-Eligibility Requirements:** The grade point average used to determine eligibility shall be based on grades of the last previous grading period during which the student attended class at least a majority of the time. (EC § 35160.5)

A student loses his/her eligibility or has it restored the 1st Friday after the end of each grading period. For fall eligibility, students who complete courses taken during the summer (grade replacement) may have his/her eligibility restored upon successful completion.

- 110. Extra-Curricular Code of Conduct:** Students are not required to participate in extracurricular activities; the choice to participate in these activities is a privilege. Students are required to follow the Extra-Curricular Code of Conduct to remain eligible to participate. Extra-curricular activities include but are not limited to the following: student body officers, athletics, cheerleading, and other activities that re outside the regular school day and not a requirement of a course of instruction.

Parent and student are required to attend annual tobacco, alcohol and drug prevention training (Peak Performance or approved alternative TAD prevention training) prior to extra-curricular participation. Students who choose to participate in extracurricular activities are expected to conduct themselves in a civil manner that reflects fundamental character traits of respect, responsibility, fairness, caring and citizenship. In addition to the behavioral standards and disciplinary consequences applicable to all students in the District, each student desiring to participate in an extra-curricular activity must comply with the following Extra-Curricular Code of Conduct. (This includes all forms of bullying, harassment and discrimination that have a link to school students or school activities. Students shall never use, possess, or sell tobacco products or tobacco paraphernalia at any time; never use, possess, or sell alcohol or illegal drugs as defined in Education Code Section § 48900 and Safety Code Section § 11007 at any time and to disassociate from those who use, posses, or sell them; shall not use human growth hormone and/or anabolic steroids without the written prescription of a fully licensed physician (as recognized by the AMA) to treat a medical condition.

- 111. (2) Second Offense – Suspension from extra-curricular participation for no less than 10 days of school from the first date of disciplinary action. 137. Earned Income Tax Credit Information Act Communication: Below is the specific language that LEAs must include when notifying households about the EITC. This language is in *RTC* Section 19854:

Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

There are many options for notifying households about the EITC which may include in-person, electronic, mail, flyers, or by phone.

For additional information, refer to the IRS EITC web page at <https://www.irs.gov/credits-deductions/individuals/earned-income-tax-credit> or the California EITC Web page at <https://www.ftb.ca.gov/individuals/faq/net/900.shtml>

- Follow the safest, most direct route, avoid unnecessary stops.
- Travel caravan style if more than one vehicle is used for the trip.
- In the event of an accident, notify the Turlock Police Department and request that the Principal be contacted by them, in addition to normal procedures.
-

140. Community-Wide Spread Disaster Response: In the case of a community-wide emergency during school hours declared by local, state, or federal officials, all students will be required to remain at school or another safe site under the supervision of District personnel.

- If students are on their way to school they should proceed to school.
- No student will be dismissed from school unless a parent or another person designated by the parent comes for the student. Your student will be at the school unless evacuation is required.
- No student will be allowed to leave with another person, even a relative or baby-sitter, unless that person is listed on the student's emergency card from the school office.
- Students on buses will remain in the custody of the bus driver and will, if possible, be delivered to the nearest school site if an earthquake or other emergency strikes while the student is being transported.
- All parents or designated persons who come for a student must sign in at the school office or at a designated Student Release Area before the student will be released.

141. Disaster Preparedness: Emergencies happen unexpectedly at any time during the day or night. Confusion that may exist at that time can be reduced by carefully planning what must be done before, during, and after the emergency.

In the case of an emergency during school hours declared by the superintendent, all students will be required to remain at school or another safe site under the supervision of District personnel.

- Students will remain at school until the regular dismissal time and released then only if it is considered safe.
- Students will remain at school until released to the parents or another person designated by the parent listed on the student's emergency card in our files.

Parents should prepare their children for an emergency:

- by being aware of the emergency procedure instructions given to their children at school;
- by keeping their child's emergency data card on file at the school and updated at all times;
- by establishing the safest and most direct route to and from school by arranging for a neighbor or friend to care for their child if the parents leave home for the day.

142. Megan's Law: Information about registered sex offenders in California can be found on the California Department of Justice's Internet website, <http://meganslaw.ca.ga.gov/>. The website also provides information on how to protect yourself and your family, facts about sex offenders, frequently asked questions, and sex offender registration requirements in California. (P.C. § 290)

143. Child Abuse Reporting Guidelines and Procedures: The following information will assist parents and guardians in determining whether or not child abuse has occurred and, if so, how to file a complaint of child abuse with local law enforcement. This information has been taken from the California Child Abuse and Neglect Reporting Act

in the California Penal Code and from sections of the California Education Code.

Child Abuse Can Be Any of the Following

- A physical injury which is inflicted on a child by another person other than by accidental means.
- The sexual abuse, assault, or exploitation of a child, such as:
- The negligent treatment or maltreatment of a child by a person responsible for the child's welfare under circumstances indicating harm or threatened harm to the child's health or welfare, whether the harm or threatened harm is from acts or omissions on the part of the responsible person;
- The willful infliction upon a child of any cruel or inhumane corporal punishment or any injury resulting in a traumatic condition; or
- The willful harming or injuring of a child or endangering of the person or the health of a child where the person responsible for the child's welfare is a licensee, administrator, or employee of any facility licensed to care for children or an administrator or employee of a public or private school or other institution or agency.

Child Abuse Does *Not* Include:

- A mutual fight between minors;
- An injury that is caused by the actions of a peace officer using reasonable and necessary force within the scope of his or her employment; or
- An injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:
 - To stop a disturbance threatening physical injury to people or damage to property;
 - For purposes of self-defense;
 - To obtain possession of weapons or other dangerous objects within control of a pupil; or
 - To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

How to File a Complaint of Child Abuse Committed at a School Site

Parents and guardians of pupils have the right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. To file a complaint, the parent or guardian must file a formal report with an appropriate local law enforcement agency.

An appropriate law enforcement agency may be one of the following:

- A Police or Sheriff's Department (not including a school district police department or school security department)
- A County Probation Department if designated by the county to receive child abuse reports, or
- A County Welfare Dept./County Child Protective Services.

The complaint may be filed over the telephone, in person, or in writing. A complaint may also be filed at the same time with your school district or county office of education. School districts and county offices of education, however, do not investigate child abuse allegations.

The local law enforcement agency is required to investigate all complaints.

In addition, if the child is disabled and enrolled in special education, a separate

complaint may be filed by the parent or guardian with the California Department of Education (CDE) according to Title 5 of the California Code of Regulations Section § 4650(a)(vii)(c). The CDE does not, however, investigate allegations of child abuse but rather investigates the conditions that may involve immediate physical danger or threaten the health, safety, or welfare of the child or children or which may result in denial of a free and appropriate public education.

If the complaint of child abuse is "substantiated" or confirmed by the local law enforcement agency, meaning that the report of child abuse or neglect, as determined by the law enforcement investigator who conducted the investigation, is, based upon the evidence, more likely to have occurred than not, then a report of the investigation will be transmitted by the law enforcement agency to the governing board of the local school district or County Office of Education. A confirmed report of child abuse or neglect received by a governing board of a school district or County Office of Education will be subject to the provisions of California Education Code section § 44031, which gives school employees certain rights regarding personnel information and records.

In addition, a confirmed report shall be forwarded by the law enforcement agency that investigated the complaint to the California Department of Justice according to California Penal Code Section 11169 and notice will be provided to the alleged child abuser that he or she has been reported to the Child Abuse Central Index, as maintained by the Department of Justice.

- 144. Course Assignments:** The District is prohibited from assigning a student enrolled in any of grades 9 through 12 to any course period without educational content for more than one week in any semester, except under specified conditions. Under no circumstances will the District assign a student enrolled in any of grades 9 through 12 to a course period without educational content because there are not sufficient curricular course offerings for the student to take during the relevant period of the designated school day. (EC § 51228.1) The District is prohibited from assigning a student enrolled in grades 9 through 12 to a course that the student has previously completed and received a grade determined by the District to be sufficient to satisfy the requirements and prerequisites for admission to the California public post-secondary schools and the minimum high school graduation requirements, except under specified conditions. Under no circumstances will the District assign a student enrolled in any of grades 9 through 12 to a course the student has previously completed and received a sufficient grade, as specified, because there are not sufficient curricular course offerings for the student to take during the relevant period of the designated school day. (EC § 51228.2)

These sections do not apply to students in alternative schools, community day schools, continuation high schools or an opportunity school. The District may continue to authorize dual enrollment in community college, to run evening high school programs, and to offer independent study, work experience education, and other specified courses.

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures and Title 5 of the California Code of Regulations. (EC § 51228.3)

- 145. Regional Occupational Centers and Programs/County Offices of Education Programs/Adult Education Programs:** A regional occupational center or program, county office of education program, or adult education program must meet specified

requirements for certification by the Superintendent of Public Instruction in order to provide an employment training program for adults or to authorize an education program beyond secondary education that leads to a degree or certificate. (EC § 52334.7)

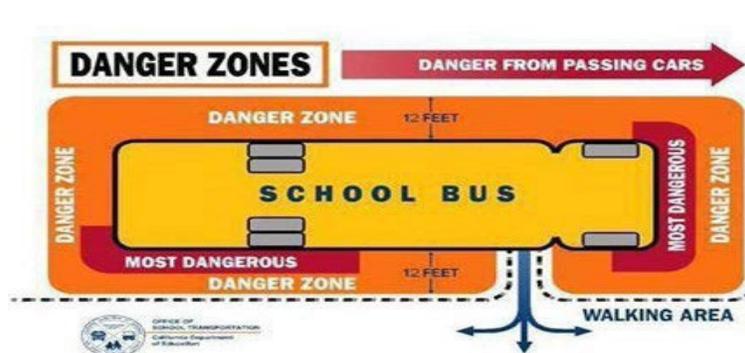

A complaint alleging that a local agency violated federal or state laws or regulations governing adult education programs under Education Code section 52501 or regional occupational centers and programs may be filed under the District's Uniform Complaint Procedures and Title 5 of the California Code of Regulations. A complaint alleging that a county office of education violated federal or state laws or regulations governing the county office's participation in any student financial assistance program authorized by Title IV may also be filed under the Uniform Complaint Procedures and Title 5 of the California Code of Regulations.

- 146. Immigrant Student Protections:** Education Code sections 200, 220 and 234.1 have been amended to include “immigration status” in the list of categories of persons that are guaranteed equal rights and opportunities in the educational institutions of the state and are protected against discrimination, harassment, intimidation, and bullying. Education Code section 234.7 was added in 2018 to protect immigrant pupils and pupils with immigrant family members. The new law requires that schools provide “know your rights” information to parents/guardians related to education rights for immigrant students and students with immigrant family members. Schools must advise parents of their children’s rights to a free public education regardless of immigration status or religious beliefs.
- 147. Pupil Fees:** A pupil enrolled in a public school will not be required to pay a pupil fee for participation in an educational activity. (EC § 49011)
- (a) The following requirements apply to prohibited pupil fees:
- (i) All supplies, materials, and equipment needed to participate in educational activities must be provided to pupils free of charge.
 - (ii) A fee waiver policy shall not make a pupil fee permissible.
 - (iii) The District and its schools shall not establish a two-tier educational system by requiring a minimal educational standard and also offering a second, higher educational standard that pupils may only obtain through payment of a fee or purchase of additional supplies that the school district or school does not provide.
 - (iv) The District and its schools shall not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a pupil or a pupil’s parents or guardians, and the District and its schools shall not remove course credit or privileges related to educational activities, or otherwise discriminate against a pupil, because the pupil or the pupil’s parents or guardians did not or will not provide money or donations of goods or services to the District or school.
- (b) Solicitation of voluntary donations of funds or property and voluntary participation in fundraising activities are not prohibited. The District and its schools are not prohibited from providing pupils prizes or other recognition for voluntarily

participating in fundraising activities. (EC § 49010 et seq.)

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures and Title 5 of the California Code of Regulations. (EC § 49013)

- 148. School Bus Danger Zone:** The Turlock Unified School District Transportation Department is highly concerned about the safety of our students. We encourage all parents to remind their students about safety and the dangers that can be encountered by entering the **Danger Zone**, which is the area around and within twelve feet of the bus. Students need to follow the directions of t of the bus driver and to stay away from the danger zone areas. Students exiting the bus should remain in the clear view of the bus driver after they exit.

- 149. Passenger Safety for Bus Riders:** (EC § 39831.5)

Notification of Rights Under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

In addition, the Student Aid Commission may have access to the grade point average (GPA) of all district students in grade 12 and, when required, verification of high school graduation or its equivalent of all students who graduated in the prior academic year, for use in the Cal Grant postsecondary financial aid program. However, such information shall not be submitted when a student, or their parent or guardian if the student is under 18 years of age, “opts out” or is permitted by the rules of the Student Aid Commission to provide test scores in lieu of their GPA. (Ed. Code, §§ 69432.9, 69432.92) No later than January 1 each year, the Superintendent or designee shall notify each student in grade 11, and the student’s parents/guardians if the student is under 18 years of age, that the student’s GPA will be forwarded to the Student Aid Commission by October 1 unless the student opts out within a period of time specified in the notice, which shall not be less than 30 days. (Ed. Code, § 69432.9)

Upon request, the School discloses education records, without prior consent, to officials of another school district in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

TUSD BOARD POLICY 5145.7: SEXUAL HARASSMENT

The Board of Trustees is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 - Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 - Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence?
2. A clear message that students do not have to endure sexual harassment under any circumstance.
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained.
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the way the sexual harassment complaint will be received, investigated, or resolved.
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the

complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students

6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made

7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues.

8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation.

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

“KNOW YOUR EDUCATIONAL RIGHTS” IMMIGRATION ENFORCEMENT FROM THE CALIFORNIA ATTORNEY GENERAL

Your Child Has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the student’s parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public-school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student’s parent or guardian to demonstrate proof of child’s age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student “directory information.” If they do, then each year, your child’s school district must provide parents/guardians with written notice of the school’s directory information policy, and let you know of your option to refuse release of your child’s information in the directory.

Family Safety Plans If You Are Detained or Deported

- You have the option to provide your child’s school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver’s Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right for parents of minor students to:

- A. Consent before students are required to submit a survey that concerns one or more of the following protected areas (“protected information survey”) if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):
 - 1. Political affiliations or beliefs of the student or student’s parent;
 - 2. Mental or psychological problems of the student or student’s family;
 - 3. Sex behavior or attitudes;
 - 4. Illegal, anti-social, self-incriminating, or demeaning behavior;
 - 5. Critical appraisals of others with whom respondents have close family relationships;
 - 6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
 - 7. Religious practices, affiliations, or beliefs of the student or parents; or
 - 8. Income, other than as required by law to determine program eligibility.

- B. Receive notice and an opportunity to opt a student out of:
 - 1. Any other protected information survey, regardless of funding;
 - 2. Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screening, or any physical exam or screening permitted or required under State law; and
 - 3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

- C. Inspect, upon request and before administration or use:
 - 1. Protected information surveys of students;
 - 2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - 3. Instructional material used as part of the education curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

TUSD has developed policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. TUSD will directly notify parents of these policies

at least annually at the start of each school year and after any substantive changes. TUSD will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt their child out of participation of the specific activity or survey. TUSD will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys. The following is a list of the specific activities and surveys covered under this requirement:

1. Collection, disclosure, or use of personal information for marketing, sales or other distribution.
2. Administration of any unprotected information survey not funded in whole or in part by the Department of Education.
3. Any non-emergency, invasive physical examination or screening as described above.

College Admission Requirements and Higher Education Information

Each school year, a school district shall provide the parent of students in grades 9 through 12 with a written explanation of the requirements for admission to the California State University (“CSU”) and the University of California (“UC”) systems. (Ed. Code, § 51229)

To qualify for admission to the UC or CSU systems, high school students must meet the “Subject Requirements,” otherwise known as the “a-g” requirements. To learn more about college admission requirements, please visit the UC (www.universityofcalifornia.edu) or CSU (www.calstate.edu) websites or your student’s counseling office.

For a list of District courses that have been certified by the University of California as satisfying the requirements for admission to the UC and CSU systems, please see below and refer to: <https://doorways.ucop.edu/list>.

Career Technical Education (CTE): CTE may be offered by the District as career and workforce preparation for high school students, preparation for advanced training, and the upgrading of existing skills. CTE provides high school students who are 16 years of age or older with valuable career and technical education so students can: (1) enter the workforce with skills and competencies to be successful; (2) pursue advanced training in postsecondary educational institutions; or (3) upgrade existing skills and knowledge. A CTE course may also satisfy a graduation requirement and a subject matter requirement for admission to the UC and CSU.

To learn more about CTE, please visit www.cde.ca.gov/ci/ct. To learn more about the District’s career technical education classes, please visit the District’s website. <https://www.turlock.k12.ca.us/cte>.

Students are encouraged to meet with school counselors to help them choose courses at their school that will meet college admission requirements or to enroll in career technical education courses, or both. Please contact: Career Technical Education (209) 667-0612 Option 8.

Investing and considering appropriate investment options for future college or university education is important. (Ed. Code, § 48980(d)) Any questions regarding investment options should be directed to a financial advisor.

CHILD ABUSE REPORTING GUIDELINES AND PROCEDURES

The following information will assist parents and guardians in determining whether or not child abuse has occurred and, if so, how to file a complaint of child abuse with local law enforcement. This information has been taken from the California Child Abuse and Neglect Reporting Act in the California Penal Code and from sections of the California Education Code.

Child Abuse Can Be Any of the Following:

1. A physical injury which is inflicted on a child by another person other than by accidental means.
2. The sexual abuse, assault, or exploitation of a child, such as:
 - a. The negligent treatment or maltreatment of a child by a person responsible for the child's welfare under circumstances indicating harm or threatened harm to the child's health or welfare, whether the harm or threatened harm is from acts or omissions on the part of the responsible person;
 - b. The willful infliction upon a child of any cruel or inhumane corporal punishment or any injury resulting in a traumatic condition; or
 - c. The willful harming or injuring of a child or endangering of the person or the health of a child where the person responsible for the child's welfare is a licensee, administrator, or employee of any facility licensed to care for children or an administrator or employee of a public or private school or other institution or agency.

Child Abuse Does *Not* Include:

1. A mutual fight between minors;
2. An injury that is caused by the actions of a peace officer using reasonable and necessary force within the scope of their employment; or
3. An injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:
 - a. To stop a disturbance threatening physical injury to people or damage to property;
 - b. For purposes of self-defense;
 - c. To obtain possession of weapons or other dangerous objects within control of a pupil; or
 - d. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

How to File a Complaint of Child Abuse Committed at a School Site

Parents and guardians of pupils have the right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. To file a complaint, the parent or guardian must file a formal report with an appropriate local law enforcement agency. An appropriate law enforcement agency may be one of the following:

1. A Police or Sheriff's Department (not including a school district police department or school security department)
2. A County Probation Department if designated by the county to receive child abuse reports, or
3. A County Welfare Department/County Child Protective Services.

The complaint may be filed over the telephone, in person, or in writing. A complaint may also be filed at the same time with your school district or county office of education. School districts and county offices of education, however, do not investigate child abuse allegations.

The local law enforcement agency is required to investigate all complaints.

In addition, if the child is disabled and enrolled in special education, a separate complaint may be filed by the parent or guardian with the California Department of Education (CDE) according to Title 5 of the California Code of Regulations section 4650(a)(7)(C). The CDE does not, however, investigate allegations of child abuse but rather investigates the conditions that may involve immediate physical danger or threaten the health, safety, or welfare of the child or children or which may result in denial of a free and appropriate public education.

If the complaint of child abuse is "substantiated" or confirmed by the local law enforcement agency, meaning that the report of child abuse or neglect, as determined by the law enforcement investigator who conducted the investigation, is, based upon the evidence, more likely to have occurred than not, then a report of the investigation will be transmitted by the law enforcement agency to the governing board of the local school district or County Office of Education. A confirmed report of child abuse or neglect received by a governing board of a school district or County Office of Education will be subject to the provisions of California Education Code section 44031, which gives school employees certain rights regarding personnel information and records.

In addition, a confirmed report shall be forwarded by the law enforcement agency that investigated the complaint to the California Department of Justice according to California Penal Code section 11169 and notice will be provided to the alleged child abuser that they have been reported to the Child Abuse Central Index, as maintained by the Department of Justice.

This guidance is mandatory only to the extent that it cites a specific statutory and/or regulatory requirement. Any portion of this guidance that is not supported by a specific statutory and/or regulatory requirement is not prescriptive pursuant to California Education Code section 33308.5.

Regulation 5116.1: Intra-district Open Enrollment

St.itus: ADOPTED

Original Adopted Date: 09/06/2016 | Last Revised Date: 02/18/2020 | Last Reviewed Date: 02/18/2020

Transfers for Victims of a Violent Criminal Offense

Within a reasonable amount of time, not to exceed 14 calendar days, after it has been determined that a student has been the victim of a violent criminal offense while on school grounds, the student's parents/guardians shall be offered an option to transfer their child to an eligible school identified by the Superintendent or designee. In making the determination that a student has been a victim of a violent criminal offense, the Superintendent or designee shall consider the specific circumstances of the incident and consult with local law enforcement as appropriate. Examples of violent criminal offenses include, but are not limited to, attempted murder, battery with serious bodily injury, assault with a deadly weapon, rape, sexual battery, robbery, extortion, or hate crimes.

The Superintendent or designee shall consider the needs and preferences of the affected student and parent/guardian in making the offer. If the parent/guardian elects to transfer the student, the transfer shall be completed as soon as practicable.

Transfers from a "Persistently Dangerous" School

Upon receipt of notification from the California Department of Education (CDE) that a district school has been designated as "persistently dangerous," intradistrict transfers shall be granted as follows:

1. Within 10 days of receipt of the notification from CDE, the Superintendent or designee shall provide parents/guardians of students attending the school with notice of the school's designation. Along with this notification, or at least 14 calendar days before the start of the school year, the Superintendent or designee shall provide a list of other district schools to which any student of the school that is designated as persistently dangerous may transfer.
2. Parents/guardians who desire to transfer their child out of the school shall provide a written response to the Superintendent or designee and shall rank-order their preferences from among all schools identified by the Superintendent or designee as eligible to receive transfer students.
3. The Superintendent or designee shall consider the needs and preferences of students and parents/guardians before making an assignment but is not obligated to accept the parent/guardian's preference if the assignment is not feasible due to space constraints or other considerations. The Superintendent or designee shall notify the parents/guardians of the assigned school.
4. For students whose parents/guardians accept the offer, the transfer shall be made as quickly as possible. If the parents/guardians decline the assigned school, the student may remain in the current school.

The transfer shall remain in effect as long as the student's school of origin is identified as "persistently dangerous." The Superintendent or designee may choose to make the transfer permanent based on the educational needs of the student, parent/guardian preferences, and other factors affecting the student's ability to succeed if returned to the school of origin.

The Superintendent or designee shall cooperate with neighboring districts to develop an interdistrict transfer program in the event that space is not available in a district school.

Other Intradistrict Open Enrollment

Except for transfers for victims of a violent crime and from a "persistently dangerous school," the following procedures shall apply to intradistrict open enrollment:

1. The Superintendent or designee shall identify those schools which may have space available for additional students. A list of those schools and open enrollment applications shall be available at each school site, the district office, and on the district's web site.
2. After the enrollment priorities have been applied in accordance with Board policy, if there are more requests for a particular school than there are spaces available, a random drawing shall be held from the applicant pool. A waiting list shall be established to indicate the order in which applicants may be accepted if openings occur

during the year. Late applicants shall not be added to the waiting list for the current year but shall instead wait for a subsequent lottery.

3. The Superintendent or designee shall provide written notification to applicants as to whether their applications have been approved, denied, or placed on a waiting list. If the application is denied, the reasons for denial shall be stated.
4. Approved applicants must confirm their enrollment within 10 school days.

Any student who is granted a transfer out of a school that had been identified by CDE for comprehensive support and improvement shall be allowed to remain in the school of enrollment until completing the highest grade offered at that school. (20 USC 6311)

A student granted intradistrict enrollment under other circumstances shall not be required to reapply for readmission but may be subject to displacement due to excessive enrollment.

Any complaints regarding the open enrollment process shall be submitted in accordance with the applicable complaint procedure.

Notifications

Notifications shall be sent to parents/guardians at the beginning of each school year describing all current statutory attendance options and local attendance options available in the district. Such notification shall include: (Education Code 35160.5, 48980)

1. All options for meeting residency requirements for school attendance
2. Program options offered within local attendance areas
3. A description of any special program options available on both an interdistrict and intradistrict basis
4. A description of the procedure for application for alternative attendance areas or programs and the appeals process available, if any, when a change of attendance is denied
5. A district application form for requesting a change of attendance
6. The explanation of attendance options under California law as provided by CDE

Regulation 5117: Inter-district Attendance

Status: ADOPTED

Original Adopted Date: 04/16/2019 | Last Revised Date: 02/18/2020 | Last Reviewed Date: 02/18/2020

Inter-district Attendance Agreements and Permits

In accordance with an agreement between the Board of Trustees and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 – Inter-district Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year.
2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence.
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision.
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request.
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded.

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence. (Education Code 46600)

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active-duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the childcare needs of the student, only as long as the student's childcare provider remains within district boundaries
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel
3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance.

4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school attended as a junior, even if the student's family moved out of the district during the junior year
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district
8. When the student will be living out of the district for one year or less
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence
10. When there is valid interest in a particular educational program not offered in the district of residence
11. To provide a change in school environment for reasons of personal and social adjustment
12. Parents or guardians are employed within the district's attendance area

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than **14** calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial. (Education Code 46600.2)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade **11 or 12** in the subsequent school year. (Education Code 46600)

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.
2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

Firearm Safety

The purpose of this memorandum is to inform and to remind parents and legal guardians of all students in the Turlock USD of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) their home. **These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.**

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others.¹
 - **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm.²
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.³
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.⁴
- **Note:** Your county or city may have additional restrictions regarding the safe storage of firearms.

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.
