## Positive Behavioral Interventions & Supports (PBIS) Annual Summary

**2023-2024**

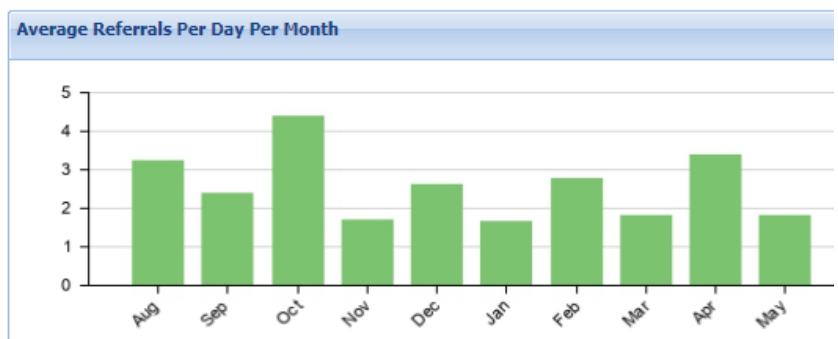

### How are we implementing PBIS at our school in Tier I?

PBIS is being introduced with Kick-Off Lessons focused on PREP at the start of both the school year and the second semester. PREP posters are displayed in every classroom, and teachers regularly reference them. Throughout the campus, administrators, teachers, and support staff recognize students for being Prepared, Respectful, Engaged, and Proud. PREP points are awarded using 5 Star Manager, and students can use these points at our PBIS student store. Golden Tickets are being distributed to students when staff see them exhibiting our core values. Brag Tags are used to recognize positive character traits and academic success.

### What is our Office Discipline Referral rate?

Our average referrals per day each month indicate that our Tier I supports are working to address the number of referrals being made. As we approach the end of the year, our daily average has declined to less than two referrals per day.

### How is our attendance?

Last Year: 93.75%

This Year: 93.21%

We have a self-sustaining Saturday School program that addresses chronically truant students, while assisting with their grade improvement.

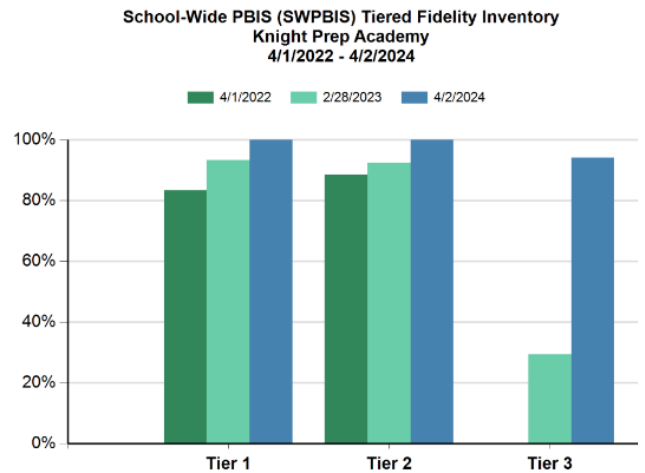

## How effective are our Tier II Interventions?

We provide interventions for students needing additional support with Check In/Check-Out, small groups, and Homework Hub with AVID Tutors. Additionally, both a Certificated Teacher and Resource Aid were available to students. Our intention is to continue the implementation of small groups for social skills with our counselor.

Date Completed	Tier 1	Tier 2	Tier 3
4/1/2022	83%	88%	NA
2/28/2023	93%	92%	29%
4/2/2024	100%	100%	94%

## How are we implementing all Tiers of PBIS at our school?

The graphs show improvement from year to year with the implementation of Tiered Supports, as well as evaluation of those supports. Community feedback continues to be an area of focus for our site.

## Our Action Plan for 2024-2025:

1. Expand previous lesson plans so each grade level has a unique set of lessons to teach our core values and provide them to teachers with a schedule of when to teach them.
2. SWIS data, D/F rates, and data central data shared at staff meetings at least monthly.
3. Establishing a Student Support Center that will be available to students a minimum of 3 out of 7 periods daily.
