# BUDGET MESSAGE

# **Chapel Hill - Carrboro City Schools 2015-16 Operating Budget Message**

The district began the 2015-16 budget cycle in a more financially stable position than the prior year, but we continue to have budgetary needs. State mandates and reductions, and cost increases continue to drive our budget requests. The total local budget increase for 2015-16 is \$2,432,678 or a 3.5% overall budget increase. The General Assembly approved the State budget at the end of September and the district's budget was adopted on October 1.

#### Local Revenues and Expenditure Changes and Recommendations

The State has estimated that our enrollment will decrease by 150 students this year. At the 2014-15 per pupil expenditure level, the projected decrease in revenue would have been \$536,650. An additional \$326,517 of revenue growth is estimated from the inflationary increase in the special district tax.

The County has approved a \$126.50 increase in the per pupil rate increasing it from \$3,571 to \$3,697.48 for 2015-16. The increase will provide the district with a revenue increase of \$1,187,331. The County also funded an additional 50 Charter students increasing the budgeted number from 117 to 167. The total number of funded students for 2015-16 is 12,239.

There will also be a required per pupil payment to Virtual Charter Schools next year of \$790. It is expected that some home-schooled students will participate in the Virtual Charter Schools next year. We do not have a good estimate of how many resident students will participate in Virtual Charter Schools at this time, but this payment will further erode the Local budget.

#### Mandated Cost Increases and Continuation of Current Services

The State's final budget provides a pay raise to increase the entry level teacher salary from \$33,000 to \$35,000. This would be a 6% pay raise for this salary level. The General Assembly also approved step increases for teachers scheduled to move to the next step level. Teachers receiving the step increases will receive pay raises ranging from 0% to 10.6%. It is estimated that 65% of teachers will not receive a salary increase.

Some principals will receive step increases, although most will not. Classified employees and central office administrators were not provided with a salary increase. A one-time \$750 bonus was approved for all State employees hired as of November 1, 2015. We estimate that it will cost just under \$1.1 million in local dollars to provide salary increases and bonuses for locally-paid staff. This is about \$100,000 less than we had estimated in our original budget.

This budget recommends that the estimated \$687,000 needed to provide the \$750 one-time bonus be paid from the Local fund balance. The financial statements for 2014-15 are not yet complete, but the Local unassigned fund balance is projected to be near 9%. The district received Medicaid reimbursements of over \$800,000 in 2014-15 which accounts for the majority of the increase in the fund balance. In addition, higher than usual turnover in certified staff positions

account for unspent salary and benefits budget. Using the fund balance for the one-time bonus allows the district use the recurring revenue increase to cover more of the recurring budget requests and will reduce the overall fund balance.

The final State budget increased the state retirement match rate from 15.21% to 15.32% and increased the health insurance match rate from \$5,378 to \$5,471 per employee. The district's cost increases have been adjusted from the original projections. Cost increases for the employer matching retirement (\$201,803) and health insurance payments (\$78,120) for locally paid employees are included at a combined cost of \$279,923. Funding to cover health insurance matching for temporary staffing, as required by the Affordable Care Act, is included in the amount of \$54,750.

A new request is included for an EC teacher assistant for Phoenix Academy (\$35,000). With the recent closing of Pace Academy, some of the former PACE students are currently enrolled in Phoenix Academy and require additional EC support.

A budget increase in the Charter School payment budget is needed in the amount of the revenue increase request - \$178,550. This requested amount is half of the original budget request. The current budget line is not adequate to pay for the projected number of Charter students.

There has been a cost increase of SRO contracts with the towns. Salary and benefit rate changes for the police officers drives up the cost of the contracts. Contracted services increases for the maintenance of facilities and the new tax law requiring the payment of taxes on some of those contracts are included in the \$100,000 request.

Total of the State/Federal mandates and the Continuation of Current Services total \$1,049,566.

#### Priority Related Expansion Requests

Careful review and consideration of the district wide priority budget requests was performed to arrive at the \$860,589 of expansion budget requests. We also reallocated funding and have recommended the use of additional fund balance when possible. Our primary focus was around the priorities identified at the Board Planning Conference and our Strategic Plan, specifically:

#### Board Priority: Professional Development Needs

*Project ADVANCE: Planning and implementation support*: Goal 4 of the district's strategic plan focuses on the professional development needs identified by teachers in our district. Specifically, the strategies are:

- 4.1 Create a model for career and financial advancement based on instructional excellence and professional growth
- 4.3 Create new systems and practices and/or adjust current systems and practices that will sustain effective professional development and proven research based practices

Over the past three years, teachers and administrators have been working to develop a new model for professional growth, leadership, compensation and career advancement. Our ADVANCE model has been created and shared with the General Assembly for possible pilot consideration. This is an enormous undertaking and will require a significant investment of time and resources to move from our model to implementation. We are not recommending any additional funding for 2015-16 as we reallocated funding used during the model development process towards implementation.

Learning Focused/Understanding by Design (UBD) training: Goal 1 of our strategic plan focuses on instructional excellence focused on thinking and problem solving in every classroom. One of the goal's primary strategies is to develop a research-based curriculum template from which all written curricula will be aligned. UBD is the preferred method for developing our curriculum as it focuses on helping teachers identify learning goals, helps teachers create meaningful assessments to measure student progress, and most importantly, helps teachers develop meaningful and engaging lessons designed to make students think and problem solve. Another Goal 1 strategy focuses on developing common expectations of all our professionals. Lesson planning is an expectation that we have for all of our teachers. Administrators, teachers, and instructional coaches are being trained on effective lesson plan development. They are being trained on the high yield strategies that when implemented, will increase student achievement, and on a monitoring system that will ensure implementation and accountability. In total, we are recommending \$150,000 for these priority professional development offerings. We need to continue to invest in our teachers and leaders by providing them with the tools and skills they need successfully elevate student achievement.

#### Board Priority: Curriculum Development and Support

Unit Lesson Design and Unit Lesson Purchases: This request also supports Goal 1 of our strategic plan. Teachers and students deserve a well-articulated and defined curriculum. Without a well-defined curriculum, effective lesson planning occurs less frequently and student learning expectations can vary among teachers and across schools. With the foundational training and continued training in UBD (described above), some of our teachers have begun to develop unit lessons and common-formative assessments. Developing excellent unit lessons takes time, collaboration, and focus. While these activities can sometimes be scheduled during teacher work days or at common planning times, we need to move at a quicker pace. We are requesting funding to provide release time or summer stipends for teachers to dedicate concentrated blocks of time to the initiative. We may also purchase some exemplary units to complement what our teachers create. We are recommending the use of \$30,000 of additional fund balance for unit lessons. All fund balance recommendations are summarized later in this document.

#### Board Priority: Supports for Students and Equity

Equal Opportunity Schools (EOS) Support: Our ongoing work and Goal 2 of our strategic plan has focused on the elimination of the achievement gap. One of the strategies, Strategy 2.3 seeks to create support systems and opportunities for typically under-enrolled segments of the student population to advance to Honors and AP level classes. Two of our three comprehensive high

schools (ECHHS and CHS) began this work with a grant 2 years ago. We have seen increased enrollment and increased success in minority student participation in AP courses at these schools, however, we need to sustain the work. We have recently received a new grant from the Public School Foundation to provide stipends for counselors and teachers to advise and support minority students who are taking or are interested in taking an advanced level course for the first time. We will also begin to support this effort at Chapel Hill High School with the remaining EOS grant funding.

Change Middle School ISS positions to become Positive Behavior and Student Support Specialist: We have reallocated at-risk funding to support students at the middle school level. We previously reported data that demonstrates minority students are disproportionately disciplined and suspended. We are changing the In-school Suspension (ISS) position at the middle school level to be a Positive Behavior and Student Support Specialist. This position would still be responsible for ISS, but an important focus will be to keep kids out of ISS or from being suspended from school. The position is aimed at creating a positive behavior culture at the school and helping kids recover after a mistake. This position would work closely with classroom teachers, school administration, counselors, social workers, and other student services professionals.

Counseling Program and Mental Health Review: Goal 3 includes a strategy that calls for external program review for one major program area each year. Due to budget limitations last year, we delayed our Guidance and Mental Health program review. It remains a priority to review this program area and make recommendations for improvements to support all students. It is recommended to use \$50,000 of additional fund balance to fund this program review as summarized later in the document.

#### Board Priority: Advocating for our Employees

Teacher and School Employee Wage and Salary Increases and Support for Human Resources and Teacher Recruitment: The Great Recession and state funding decisions for public education have negatively impacted our ability to recruit and retain staff. Employees have endured years of frozen salaries and reduced benefits while the cost of living continues to rise. Last year, the General Assembly authorized a sizeable wage increase for less experienced teachers, but provided very little to many of our teachers, administrators, and classified employees. This year's budget provides a 6% to 10.6% increases for teachers at certain experience levels. The \$401,343 included in our budget will provide the required increases for the locally-paid certified staff and continue to sustain the held-harmless raises (3%) to locally paid teachers from 2014-15.

Funding is requested to address inequities with administrator (\$250,000) and classified employee pay, along with a goal to ensure all employees receive a rate of pay equivalent to the county's living wage rate (\$236,500). Finally we are seeking financial support for our Human Resources department (\$45,000; mid-year hire) in recruiting efforts, employee relations matters, and general operational needs.

#### Board Priority: Technology Support

2 Technicians for the Technology Department: We must continue to invest in and support digital learning and technology in our schools, as it is essential for our students to receive a 21<sup>st</sup> century education. Our technology investment needs technical support to ensure it is ready and working when students and teachers are engaged in instruction. Currently our district supports nearly 10,000 devices in 23 separate facilities with 10 technicians (a ratio of 1 technician for nearly 1,000 devices). This is well above best practice (DPI recommends 1 technician for every 400 devices). As a result, our technology facilitators (certified teachers whose primary role is to help infuse technology into the classroom and support digital learning initiatives) are troubleshooting technology issues and making technology repairs as opposed to the work they were hired to do. Our original request was to provide four additional, but the final budget can only support two additional technology technicians.

The great majority of our expansion request (\$752,818) focused on aforementioned identified priorities. We are also recommending some additional expansion requests (\$107,771) that we feel are needed for the district to support district efficiencies, safety, and for services, materials, and equipment that have been underfunded. These additional requests are:

•	Science kit contractual increase	\$19,087
•	Accounts Payable technician/position upgrades-midyear	\$30,000
•	Nurse Coordinator from 10 to 11 months	\$ 5,300
•	Testing services materials and supplies	\$14,300
•	Arts Coordinator position from .3 to .5 FTE	\$15,084
•	School Reading Partners	\$24,000

Detailed justifications for most of the expansion requests were included in budget documents presented during the Board's Planning Conference. The increase in the Arts Coordinator position has been added to address the need for additional services from the position. Also added is the School Reading Partners funding request. School Reading Partners is a well-organized initiative that brings trained volunteers into our schools to assist in growing the literacy skills of our elementary students. This program was managed by a contractor last year, and we are seeking funds to continue its success.

#### Fund Balance

This year's undesignated fund balance indicates that the Board can continue to assign \$1 million to balance the 2015-16 budget and pay for the \$868,000 needed for the one-time \$750 bonus (\$687,000) and other one-time expenditures (\$181,000) that were identified as Board priorities. Other expenditures recommended to be covered from fund balance are listed below:

•	Math curriculum materials	\$ 69,000
•	Unit design/Unit purchases	\$ 30,000
	Epinephrine auto injectors	\$ 6,000
•	Arts Education instrument repairs, replacements, etc.	\$ 20,000
•	UNC Hospital School Literacy Materials	\$ 6,000
•	Counseling Program and Mental Health Reviews	\$ 50,000

The unassigned fund balance will still remain higher than the 5.5% fund balance target recommended by the County Commissioners after the one-time uses.

#### **Budget Reductions**

We are recommending a total of \$230,476 in budget reductions. The loss of longevity pay to instructional staff, as determined by the General Assembly, accounts for the majority of the reduction total. The local supplement match for the anticipated loss of five teaching positions from the enrollment decline will save the district \$24,326. Fewer students will also reduce the per student local operating budget allocations to schools by \$6,150.

#### **Other Information**

The district will reallocate \$25,000 from the utility budget to provide an operating budget for the Sustainability Program. State at-risk funds have been reallocated to provide the Bridge Program with an additional FTE of staffing to make the program full time and state at-risk carryover funding is supporting interventionists at the elementary and high school level for 2015-16 to better support students.

The State and Federal budgets are recommended to be adopted at the level of the planning allotments presented previously. The State's initial allotment was sent on September 28<sup>th</sup>. The adjustments to the planning allotment will be presented to the Board as a budget adjustment in the September financial report. The major change was a reduction to the teacher assistants' budget in the amount of \$306,161 due to a change in the funding allotment. The NCSBA had projected the reduction of \$30,000.

The district released the hold on 22 teacher assistant vacancies. The change in the funding formula for teacher assistants by the General Assembly reduced the district's teacher assistant funding by \$306,000. Available budget in the utility budget, due to cost savings, will also be available to cover the cost of the teacher assistants this year. If utility savings continue we will plan on making a permanent reallocation. If not, the district will need to address teacher assistant funding in the next budget cycle.

The Capital, Child Nutrition, and Community Schools budgets remain the same as originally proposed. The Fund 6 – Trust and Agency budget represents the ending cash balance in the fund that carried over from the prior fiscal year. Fund 8 represents the carryover budget balances in the Head Start and NC PreK Grants from prior year.

Chapel Hill – Carrboro City Schools continues to be well supported by the community and the Orange County Commissioners. We are extremely thankful. Through several years of significant budget reductions and fiscal uncertainties we continue to be strong in our commitment to provide a quality education for our students.

Sincerely,

Thomas A. Forcella Superintendent

#### **Budget Assumptions**

- 1. Appropriation is based on the State's projected enrollment of 12,203.
- 2. The County increased the per pupil appropriation from \$3571 to \$3697.50.
- 3. The projected 2015-2016 district tax one cent valuation amount is \$1,060,189. The special district tax rate remains at \$.2084.
- 4. Charter student funding increased by 50 students from 117 to 167.
- 5. Assumes the County will continue the Fair Funding allocation of \$494,000 to each district.
- 6. Carol Woods contribution of \$30,000 is included in the miscellaneous revenue projection for 2015-16.
- 7. Uses \$1,500,000 of Local fund balance to balance the 2015-2016 budget.
- 8. Alcohol and Beverage Commission grant in the amount of \$45,300 is expected in 2015-16.

Notes												

### Notes:

- 1) Middle School #5 opening date is based on Nov. 15, 2014 enrollment SAPFO projections.
- 2) Middle School projections have been adjusted to account for 104 capacity increase at Culbreth MS as a result of the Science Classroom that opened in December 2014.
- 3) Nov. 15, 2014 SAPFO projections indicate the need for Elementary School #12 in 2023-24. Instead of building a new school, capacity would be increased in existing elementary schools.

### FUNDED CAPITAL for Facilities (exc. Technology) Devoted to Other Schools

235,010,241	TOTAL CAPITAL
4,442,000	Article 46 Sales Tax
16,403,000	Pay As You Go

### Note

Based on current data, if elementary school capacities are increased by 555 as indicated above, the need for Elementary School #12 is estimated to be defered until 2032-33

Note: Fund balances for 2010 and before are not comparable to 2011 (and after) fund balances due to the implementation of GASB 54 for the year ended June 30, 2011. The standard replaces the previous reserved and unreserved fund balance categories with the following five fund balance classifications: nonspendable, restricted, committed, assigned, and unassigned fund balance.

### Appendix B

### NC State Department of Public Instruction Allotment General Information FY 2015-16

### State Fund Allotment Formulas

The State of North Carolina allots funds to public schools on the following basis:

### Classroom Teachers

See Allotment Policy Manual, pages 43-49.

Dollars associated with these positions are based on each LEA's average teacher salary including benefits, rather than the statewide average teacher salary. This is a position allotment and you must stay within the positions, rather than the dollars, allotted. This calculation is necessary to determine your LEA's allotment per ADM for charter schools.

### Instructional Support Personnel

1 position per 218.55 ADM.

Dollars associated with these positions are based on each LEA's average instruction support salary including benefits, rather than the statewide average salary. This is a position allotment and you must stay within the positions, rather than the dollars allotted. This calculation is necessary in order to determine your LEA's allotment per ADM for charter schools.

### At-Risk Student Services

Each LEA receives the dollar equivalent of one resource officer (\$37,838) per high school. Of the remaining funds, 50% is distributed based on ADM (\$90.67 per ADM) and 50% is distributed based on number of poor children, per the Federal Title I Low Income poverty data (\$338.36 per poor child). Each LEA receives a minimum of the dollar equivalent of two teachers and two instructional support personnel (\$235,472). The new formula is fully implemented and the hold harmless no longer applies.

### Central Office Administration

Increase by LEA FY 13-14 Initial Allotment is .25%.

### Classroom Materials/Instructional Supplies/Equipment

\$28.38 per ADM plus \$2.69 per 8<sup>th</sup> and 9<sup>th</sup> grade ADM for PSAT funding...

### Driver Education

\$191.92 per 9th grade ADM, includes private, charter, and federal schools.

### Children with Special Needs

\$3,768.11 per funded headcount. Child count is comprised of the lesser of the December 1 handicapped headcount or 12.5% of the alloted ADM

Noninstructional Support (Clerical support, custodians and teacher substitute pay)
Distributed based on ADM (\$235.93 per ADM). \$6,000 per Textbook Commission member for Clerical Assistants.

### School Building Administration

<u>Principals:</u> 1 per school with at least 100 ADM or at least 7 state paid teachers. <u>Assistant Principals:</u> One month per 98.53 in ADM

### School Technology

No longer funded.

### Staff Development

No longer funded.

### Teacher Assistants

\$971.75 per K-3 ADM

### **Textbooks**

\$14.26 per ADM in grades K-12.

### **Transportation**

Based on an efficiency rated formula and local operating plans.

### Vocational Education Months of Employment (MOEs)

Base of 50 MOEs per LEA with remainder distributed based on 8-12 ADM. -Hold harmless for merging LEAs. {Page 12 of the Allotment Policy Manual}

Dollars associated with these months are based on each LEA's average vocational education teacher salary including benefits, rather than the statewide average salary. This is a month of employment allotment and you must stay within the months, rather than the dollars, allotted. This calculation is necessary to determine your LEA's allotment per ADM for charter schools.

### Vocational Education - Program Support

Base of \$10,000 per LEA with remainder distributed based on 8-12 ADM (\$33.85)

### Federal Fund Allotment Formulas

### Drug Free Schools and Communities

Funding for alcohol and other drug abuse prevention programs. 91% of total funds are distributed based on (1) 70% based on LEA and private school ADM and (2) 30% based on LEAs with the greatest need for additional funds.

### IASA Title 1 - Reading

One of the largest federal grant for CHCCS is for the reading recovery program in the elementary schools. It provides funding to supplement and provide special help to educationally deprived children from low income families. Estimated funding projected by Washington.

### IDEA Title VI-B Handicapped

Base Payment-Each LEA shall receive a base amount equal to a proportional share of 75% of the FY 1999-00 IDEA Title VI-B grant as calculated using the December 1998 headcount.

IDEA Title VI-B Preschool Handicapped

Base Payment-Each LEA shall receive a base amount equal to a proportional share of 75% of the FY 1997-98 IDEA Title VI-B Preschool Grant as calculated using the December 1996 headcount.

### Vocational Education - Program Improvement

Seventy percent (70%) of available funds are allotted based on the child population in poverty ages 5-17 (\$48.08 per count). Thirty percent (30%) of available funds are allotted based on the age 5-17 population (\$3.89 per count).

### IASA Title VI (formerly Chapter 2) Elementary and Secondary School Improvement Amendment of 1988

Funding to help implement innovative education programs. 60% of funding is based on ADM (\$3.71 per ADM), including private schools. 40% of funding is based on the December 1997 free lunch count (\$8.22 per count).

### APPENDIX C REVENUE SOURCES GLOSSARY

ABC Revenue Local fund revenue given to the school district by the Orange

County Alcoholic Beverage Control (ABC) Board. Funds are used to support programs of drug and alcohol abuse education.

Appropriated Fund Balance A portion of the Local Fund Balance that is appropriated to be

used to balance the budget. The Fund Balance is credited by the collection of prior years revenues that exceeded budgeted revenues and the under spending of prior years budgets. School Board policy dictates that Fund Balance that is in excess of 5.5%

of the budget can be appropriated.

Community Schools A new Fund that was formerly part of the Local Budget.

Revenue is made up of after-school and summer camp and enrichment program fees charged to the participants of those

programs.

County Appropriation Local Fund revenue appropriated by the Orange County

Commissioners on a per pupil basis. The source of the revenue is county property taxes. Amount is determined by July 1 of

each year and paid in twelve equal payments.

Federal Appropriations Federal Fund revenue received from the North Carolina

Department of Instruction. Monies are held in the State Fund checking account and funded as needed by the State Treasurer.

Federal Reimbursements to

the Child Nutrition Fund

Child Nutrition Fund revenues and donated commodities received from the Federal Government. The National School Lunch Act provides a per meal reimbursement on the sale of meals to students. It also provides reimbursement for free and reduced lunches for students whose family income falls below

certain income levels.

Fines and Forfeitures Local Fund revenue received from Orange County. The sources

of the revenue are the fines and forfeitures assessed by the

Orange County Courts.

Indirect Cost Local Fund revenue received from federal grants for overhead

expenses. Indirect costs are charged to the federal grants received through the State Department of Public Instruction as

well as the Headstart and Outreach programs.

Interest Earned on Local Fund revenue earned by investing available monies in Investments interests bearing checking accounts and certificates of deposit. Miscellaneous Revenue Local Fund revenues that are small and miscellaneous in nature. Prior Year Special District Local Fund revenue received from Orange County for Special Tax District Taxes taxed in the prior year but collected in the current year. Facility Rentals Revenue received from groups and individuals that rent school district property. Sale of Meals Child Nutrition Fund revenues received from the sale of meals to students and adults, and the sale of supplemental foods. Meal rates are approved by the School Board each Fall for Elementary, Middle and High School students and adults. Special District Tax Local Fund revenue received from Orange County. A Special District Property Tax is charged to property within the school district at a rate set by the Orange County Commissioners. Revenue is received as collected. State Appropriations State Fund revenue received from the North Carolina Department of Instruction. Monies are held in the State Fund checking account and funded as needed to the school district by the State Treasurer. State Textbooks State account used to order state approved textbooks. Allocated on a per pupil basis as counted on the tenth day of school each fall. Tuition - Pre-School Local Fund revenue received from tuition charged for the prekindergarten blended classes program. Tuition - Regular School Local Fund revenue received from parents of students who

Tuition - Summer School

attend the CHCCS but live outside the district. The tuition rate is set each year to match the county and district tax revenues.

Local Fund revenue received from parents of students who attend the High School Summer School Enrichment programs.

### Appendix D Operating Budget Description and Explanation of Line Items

### Instructional (5000)

5110 Regular Curricular Services:

Cost of activities that provide students in grades K-12 with learning experience to prepare them for activities as workers, citizens, and family members. They include cost of those individuals responsible for providing school curriculum development and coordination as well as lead teachers for regular instructional services. (Not included are those programs designed to improve or overcome physical, mental, social and/or emotional impediments to learning.
