Use of FCPS Facilities / Property

- ❖ The School Board believes that the grounds and facilities of this District should be made available for community purposes provided such use does not infringe on the original and necessary purpose of the property or interfere with the educational program of the schools. School property, facilities and equipment are intended primarily for school educational purposes and for the benefit of students. School facilities are available for community use as long as all conditions are met. If the facility is available for use, you will then be instructed to complete and submit the required forms.
- ❖ Flagler County School Board Policy 320 governs the leasing and use of school facilities and property by other organizations under certain defined conditions and with proper procedures, supervision and documentation. The Board will permit the use of District grounds and facilities when such permission has been requested using the Facilitron portal and approved by the superintendent.
- ❖ Users shall abide by all District procedures and rules regarding the use of District grounds and facilities as set forth on pages 4-5. The users shall be liable for any damage incurred. Under no circumstances shall school grounds or facilities be used to raise funds for political purposes. By submitting your request, you are agreeing to the District Terms and Conditions outlined on page 10.

General Rules and Regulations for Use of Facilities

If the School needs the facility for a school event or if the school is closed, the user will not be charged. Users will be notified of the inability to accommodate the event date in advance.
- ❖ This priority includes "extended day" services, before and after school activities, i.e. games and practices for team sports, school-sponsored club activities, band and chorus practices, programs and other school-sponsored extracurricular activities. Availability at times other than those when the facility is in use by Flagler County Public School students or staff is determined by the school's Principal.
- ❖ Users are required to relinquish their permission to use a facility for a district event. Users approved for a specific facility may not be "bumped" by another external user wishing to use the same facility on a specific date or time. Use of Facility reserves the right to move a smaller group from a large specialty room to a smaller room in order to accommodate a larger group.

- ◆ Inspection of the facility before and after the event.
- ◆ If, as a result of unforeseen circumstances, a school or any other center related to the district needs to use the facilities on the date/time the user is scheduled to use the property/facility, then the user will be required to reschedule or cancel the use of the facility. The user will not be charged in such instances. Dates of insurance coverage may need to be adjusted to be sure coverage is in force on the new date(s).
- ◆ It is the responsibility of the user to report any and all problems observed prior to the use in writing to the Use of Facility Specialist. The Facility Specialist will bring the issue to the attention of the principal/assistant principal. Email UOF@flaglerschools.com

If Flagler County School Board staff observes damage, it will be reported to the principal and the Use of Facility Specialist. The necessary repairs will be made and billed to the user.
- ◆ A user may be denied use of any property, facility or equipment when the user or the proposed use fails to comply with School Board Policy 320 or where a user's prior use of school facilities has been unsatisfactory.
- ◆ The School Board may terminate the use of any School Board property, facilities or equipment whenever the user fails to comply with any conditions for use.
- ◆ If you are tax-exempt, you must provide your tax-exempt certificate.
- ◆ Users are responsible for after-hours and/or weekend Custodial fees. There is also a fee for Technology, Theater Staff, Plant Services and Food Services. See fee schedule for fees when needed.
