INDEPENDENT AUDITOR'S REPORT

Board of Education Jackson County School District No. 4 Phoenix-Talent, Oregon

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities and each major fund of the Jackson County School District No. 4, (the District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District, as of June 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in *Note 1* to the financial statements, in 2023 the District adopted new accounting guidance GASB Statement No. 96, *Subscription based Information Technology Arrangements*. Our opinion is not modified with respect to this note.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
 include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
 statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
 raise substantial doubt about the District's ability to continue as a going concern for a reasonable
 period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the general fund and major special revenue fund budgetary comparison information, certain other postemployment benefit schedules, and certain pension schedules as listed in the Table of Contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the management's discussion and analysis, certain pension schedules and certain other post-employment benefit schedule in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The general fund and major special revenue fund budgetary comparison information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the general fund and major special revenue fund budgetary comparison information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for the purpose of additional analysis, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

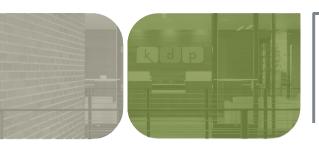

Other Reporting Required by *Oregon State Regulations*

In accordance with *Oregon State Regulations*, we have also issued our report dated December 21, 2023, on our consideration of the District's compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters, including the provisions of Oregon Revised Statutes (ORS) as specified in Oregon Administrative Rules 162-10-0000 through 162-10-0320 of *the Minimum Standards for Audits of Oregon Municipal Corporations*. The purpose of that report is to describe the scope of our testing necessary to address the required provisions of ORS, and not to provide an opinion on compliance with such provisions.

| Management's Discussion and Analysis

As management of Jackson County School District No. 4 (the District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2023. We encourage readers to consider the information presented here.

Financial Highlights

- In the government-wide statements, the total assets and deferred outflows of resources of the District exceeded its total liabilities and deferred inflows of resources at June 30, 2023 by \$9.42 million (net position).
- The District's total net position increased by \$1.09 million. In the prior year, the District's total net position had increased by \$5.86 million.
- The District's net investment in capital assets decreased by \$10 thousand. The District has a restricted net position of \$8.36 million.
- The District's total expenditures increased from the prior year, \$42.14 million to \$47.15 million. The \$5.01 million expenditure increase, is due primarily to a \$2.15 million increase in instruction and a \$2.11 million increase in the support services.
- District revenues increased from the prior year from \$48.08 to \$48.25 million.
- The District's capital assets decreased by \$837 thousand, due to current year depreciation of \$3.15 million and net additions totaling \$2.37 million.
- The District's total liabilities and deferred inflows decreased by \$3.44 million during the 2022-23 fiscal year due to a net decrease of \$793 thousand in long term PERS, post-employment benefits, and early retirement stipend liabilities and deferred inflows of resources, a decrease in current liabilities of \$440 thousand, and a \$2.2 million decrease in long-term liabilities.
- The District's governmental funds report combined ending fund balance of \$19.94 million which is a decrease of \$394 thousand in comparison with the prior year. Approximately \$6.70 million is available for spending at the District's discretion.
- The General Fund balance decreased by \$867 thousand. The decrease is due to a \$612 thousand increase in property taxes, a \$1.37 million increase in State School Fund and other federal and state revenues, and an increase of \$2.68 million in general expenditures. Total fund balance in the General Fund represented about 20.08 percent of total General Fund expenditures, down from 23.88 percent in the prior year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains supplementary information in addition to the basic financial statements.

Overview of the Financial Statements (continued)

Jackson County School District No. 4 (the District), Phoenix-Talent, Oregon, was organized under provisions of Oregon Statutes pursuant to ORS Chapter 332 for the purpose of operating elementary and secondary schools. The District is governed by a separately elected seven-member Board of Education (Board) who approves the administrative officials. The daily functioning of the District is under the supervision of the Superintendent. As required by generally accepted accounting principles, all activities of the District have been included in the basic financial statements.

Government-wide financial statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements include:

The Statement of Net Position presents information on all of the assets and liabilities of the District at year end. Net position is what remains after the liabilities have been paid or otherwise satisfied. Net position may be further separated into amounts restricted for specific purposes and unrestricted amounts. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the net position of the District changed over the year by tracking revenues, expenses and other transactions that increase or reduce net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

In the government-wide financial statements, the District's activities are shown in one category:

• Governmental activities. Most of the District's basic functions are shown here, such as regular and special education, child nutrition services, transportation, administration, and facilities acquisition and construction. These activities are primarily financed through property taxes, Oregon's State School Fund and other intergovernmental revenues.

The government-wide financial statements can be found on pages 1 and 2 of this report.

Fund financial statements

The *fund financial statements* provide more detailed information about the District's funds, focusing on its most significant or "major" funds – not the District as a whole. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the District funds are governmental funds.

The governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Overview of the Financial Statements (continued)

Fund financial statements (continued)

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances are reconciled to the government-wide Statements of Net Position and Activities, respectively.

The District maintains four individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General, Special Programs, Debt Service, and Capital Projects all of which are considered to be major funds. The District does not have any non-major governmental funds.

The basic governmental fund financial statements can be found on pages 3 to 6 of this report.

Notes to the basic financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 7 through 41 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* (RSI). This Management's Discussion and Analysis, is considered required supplementary information. RSI also includes displaying budgetary comparison schedules for the General Fund and all major Special Revenue funds, and certain pension and other postemployment benefits schedules. These RSI can be found on pages 42 to 47 of this report.

Government-wide Financial Analysis

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$9.42 million at June 30, 2023. At June 30, 2022, District assets and deferred outflows of resources were greater than liabilities and deferred inflows of resources by \$8.33 million.

Capital assets, which consist of the District's land, buildings, building improvements, vehicles, equipment, right-of-use equipment and construction in progress, represent about 73.49 percent of total assets and deferred outflows. The remaining assets consist mainly of cash and investments and represent 17.49 percent of total assets and deferred outflows. At June 30, 2022, capital assets represented approximately 72.74 percent of total assets and deferred outflows.

The District's largest liability (72.99 percent of total liabilities and deferred inflows) is for the repayment of long-term debt and obligations including general obligation, limited tax pension bonds, and deferred accrued interest. Pension and OPEB liabilities represent 18.27 percent of the District's total liabilities and deferred inflows. Current liabilities, representing about 5.88 percent of the District's total liabilities and deferred inflows, consist almost entirely of payables on accounts, salaries and benefits, and the current portion of long-term debt and accrued interest. In the prior year, the repayment of general obligation and limited tax pension bonds, and deferred accrued interest was also the District's largest liability (72.56 percent) while current liabilities represented about 6.10 percent of total liabilities and deferred inflows.

Government-wide Financial Analysis (continued)

Statement of Net Position (continued)

A large portion of the District's net position reflects its investment in capital assets (e.g. land, buildings, equipment, vehicles, right-of-use assets, and construction in progress) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to students and other District residents; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources (generally property taxes), since the capital assets themselves cannot be used to liquidate these liabilities.

	 Governmenta (in thou	(De	crease ecrease) From e 30, 2022	
Assets:	,	e 30, 2022		
Current assets	\$ 18,050	\$ 18,991	\$	(941)
Other assets	5,422	5,394		28
Capital assets	 85,974	 86,811		(837)
Total assets	 109,446	 111,196		(1,750)
Deferred outflows	 7,547	 8,145		(598)
Liabilities:				
Current liabilities	6,322	6,762		(440)
Other liabilities	19,651	15,694		3,957
Long-term liabilities	74,678	 76,882		(2,204)

Unrestricted	 (18,502)	 (19,162)		660
Total net position	\$ 9,423	\$ 8,335	\$	1,088

During the current fiscal year, the District's net position increased by \$1.09 million.

Government-wide Financial Analysis (continued)

Governmental activities

As previously stated, most District activities are governmental in nature, and during the current fiscal year, the District's net position increased by \$1.09 million. The key elements of the change in the District's net position for the year ended June 30, 2023 are as follows:

	Go	Increase (Decrease) From					
	June	30, 2023	June	e 30, 2022	June 30, 2022		
Revenues:							
Program revenues:							
Charges for services	\$	827	\$	510	\$	317	
Operating grants and contributions		14,112		14,547		(435)	
Capital grants and contributions		66		373		(307)	
General revenues:							
Property taxes		13,744		13,139		605	
Construction excise tax		192		366		(174)	
State school fund - general support		18,122		18,526		(404)	
Common school fund		299		271		28	
Federal forest fees		26		30		(4)	
Earnings on investments		729		140		589	
Other	-	125		108		17	
Total revenues		48,243		48,010		233	
Expenses:							
Instruction		22,819		20,665		2,154	
Support services		16,285		14,172		2,113	
Enterprise and community services		1,694		1,208		486	
Facilities acquisition and construction		17		36		(19)	
Unallocated depreciation		3,116		2,898		218	
Unallocated amortization		87		-		87	
Fees and interest on long-term debt		3,135		3,167		(32)	
Total expenses		47,154		42,146		5,008	
Change in net position	\$	1,088	\$	5,864	\$	(4,776)	

- General revenues increased by \$658 thousand in 2022-23 due primarily to a increase in property tax revenue and earnings on investments, and a decrease in state school funding.
- Total expenses increased by \$5.01 million due to increases in instruction, support services and enterprise and community expenditures.

Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds

The focus of the District's governmental funds is to provide information on relatively short-term cash flow and funding for future basic services. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year.

At June 30, 2023, the District's governmental funds reported combined ending fund balances of \$19.40 million, a decrease of \$394 thousand in comparison with the prior year. About \$6.70 million (33.59 percent) of the ending fund balance constitutes *unassigned ending fund balance*, which is available for spending at the District's discretion.

The General Fund is the chief operating fund of the District. As of June 30, 2023, the fund balance was \$6.70 million, down from \$7.57 million in the prior year. As a measure of the fund's liquidity, it may be useful to compare total fund balance to total fund expenditures. Fund balance represents 20.08 percent of total General Fund expenditures. The fund balance decreased by \$867 thousand during the current fiscal year.

The Special Revenue Fund accounts for the proceeds of specific revenue sources that are legally restricted to expenditure for specific purposes. As of June 30, 2023, the District has a total fund balance of \$8.10 million. In the prior year the total fund balance was \$7.55 million.

The Debt Service Fund has a total fund balance of \$272 thousand, all of which is reserved for the payment of debt service. The net decrease in fund balance during the current year was \$72 thousand.

The Capital Projects Fund has a total fund balance of \$4.86 million which is restricted for the purpose of upgrading the District's schools and athletic facilities. The net decrease in fund balance during the current year was \$9 thousand.

General Fund Budgetary Highlights

Final budget to actual results

The most significant difference between estimated and actual General Fund revenue was the combined revenue received from Basic School Support and Intergovernmental. Total estimated revenues were \$21.96 million and total actual revenues were \$20.86 million with a difference of \$1.10 million.

Expenditures were lower than projected. Total estimated expenditures were \$34.65 million while actual expenditures were \$33.37 million.

Capital Asset and Debt Administration

Capital assets

The District's investment in capital assets includes land, construction in progress, buildings and improvements, vehicles and equipment and right-of-use assets. As of June 30, 2023, the District had invested \$85.97 million in capital assets, net of depreciation, as shown in the following table:

			Increase (Decrease)
	Governmen	From	
	June 30, 2023	June 30, 2022	June 30, 2022
Capital assets (net of depreciation or amortization):			
Land	\$ 2,159,752	\$ 2,159,752	\$ -
Construction in progress	231,803	245,347	(13,544)
Buildings and improvements	78,929,619	82,393,308	(3,463,689)
Vehicles and equipment	3,277,709	1,944,986	1,332,723
Right-of-use	42,276	67,988	(25,712)
Software	1,332,548		1,332,548
Total capital assets	\$ 85,973,707	\$ 86,811,381	\$ (837,674)

During the year, the District's investment in capital assets, net of depreciation, decreased by \$838 thousand. The District's current year depreciation expense was approximately \$3.17 million.

Additional information of the District's capital assets can be found in Note 1 and Note 4 of this report.

Long-term debt

At the end of the current fiscal year, the District had total bonded debt outstanding of \$69.33 million, consisting of general obligation debt net of unamortized premium/discount, compared to \$73.03 million in the prior year.

During the current year, the District's total debt decreased by \$3.73 million as a result of current year principal payments made.

State statutes limit the amount of general obligation debt a governmental entity may issue to 7.95 percent of its total assessed valuation. The current debt limitation for the District is in excess of the District's outstanding general obligation debt.

Additional information on the District's long-term debt can be found in Note 1 and Note 7 on of this report.

Economic Factors and Next Year's Budget

The District's operations are mainly funded by the State of Oregon's School Fund formula, and property taxes which in total represent about 68 percent of the District's total operating revenues. An additional 5.6 percent in revenues was provided by the House Bill 4026 grant funds awarded to the District to aid with the shortfall in funding caused by the loss in student enrollment after the Almeda fire devastation. The grant will end on June 30, 2025.

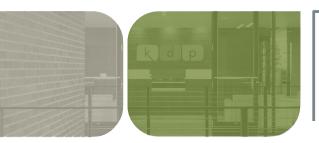

The District continues to experience a decrease in enrollment after the displacement of a portion of the student population due to the 2020 wild fires.

Student enrollment is expected to increase as housing becomes increasingly available for displaced families in the District's area.

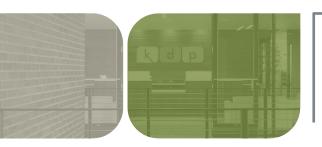

The District's Budget Committee and School Board considered all available factors while preparing the budget for the 2023-2024 fiscal year.

Requests for Information

This financial report is designed to present the user (citizens, taxpayers, investors, and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the District's Director of Accounting at 401 W. 4th Street, PO Box 698, Phoenix, Oregon 97535.

CHANGE IN NET POSITION

| Notes to Basic Financial Statements

Note 1 - Summary of Significant Accounting Policies

The financial statements of Jackson County School District No. 4 (the District), Oregon have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting standards. The more significant of the District's accounting policies are described below.

The Reporting Entity

Jackson County School District No. 4, Phoenix-Talent, Oregon, was organized under provisions of Oregon Statutes pursuant to ORS Chapter 332 for the purpose of operating elementary and secondary schools. The District is governed by a separately elected seven-member Board of Education (Board) who approves the administrative officials. The daily functioning of the District is under the supervision of the Superintendent. As required by generally accepted accounting principles, all activities of the District have been included in the basic financial statements.

The District qualifies as a primary government since it has a separately elected governing body, is a legally separate entity, and is fiscally independent. There are various governmental agencies and special service districts, which provide service within the District's boundaries. However, the District is not financially accountable for any of these entities, and therefore, none of them are considered component units or included in these basic financial statements.

The most significant of the District's accounting policies are described below.

Basis of Presentation

Government-wide Financial Statements. The Statement of Net Position and the Statement of Activities display information about the District. These statements include the governmental financial activities of the overall District. Eliminations have been made to minimize the double counting of internal activities. Governmental activities are financed primarily through property taxes, intergovernmental revenues, and charges for services.

The Statement of Activities presents a comparison between direct expenses and program revenues for each of its functions/programs. Direct expenses are those that are specifically associated with a function and, therefore, are clearly identifiable to that function. Eliminations have been made to minimize the double counting of internal activities in the Statement of Activities. Program revenues include: (1) charges to students or others for tuition, fees, rentals, materials, supplies or services provided, (2) operating grants and contributions, and (3) capital grants and contributions. Revenues that are not classified as program revenues, including property taxes and state support, are presented as general revenues.

Net Position is reported as restricted when constraints placed on net position use is either externally restricted, imposed by creditors (such as through grantors, contributors or laws) or through constitutional provisions or enabling resolutions.

Fund Financial Statements. The fund financial statements provide information about the District's funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All the District's funds are categorized as major funds.

Note 1 - Summary of Significant Accounting Policies (continued)

The District reports the following major governmental funds:

General Fund – The General Fund is the District's primary operating fund and accounts for all revenues and expenditures except those required to be accounted for in another fund.

Special Revenue Fund – The Special Revenue Fund accounts for revenues and expenditures of grants and contributions restricted for specific educational purposes. Principal revenue sources are federal and state grants and contributions.

Debt Service Fund – The Debt Service Fund provides for the payment of principal and interest on general obligation bonded debt. Principal revenue sources are property taxes.

Capital Project Fund – The Capital Project Fund accounts for activities related to the acquisition, construction, equipping and furnishing of facilities. Principal revenue sources are proceeds from the sale of bonds, interest earnings, and capital grant funds.

Measurement Focus and Basis of Accounting.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the District receives value without giving equal value in exchange, include property taxes, grants, entitlements and donations. On the accrual basis of accounting, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Under terms of grant agreements, the District funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, and there are both restricted and unrestricted net position available to finance the program, it is the District's policy to first apply cost-reimbursement grant resources to such programs and then general revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Property taxes and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and claims and judgments, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in the governmental funds and proceeds from general long-term debt and acquisitions under capital leases are reported as other financing sources.

Cash and Investments

The District's cash consists of cash on hand and demand deposits.

The District's investments, authorized under state statute, consist of the State of Oregon Treasurer's Local Government Investment Pool (LGIP). Changes in the fair value of investments are recorded as investment earnings.

Note 1 - Summary of Significant Accounting Policies (continued)

The LGIP is stated at cost which approximates fair value. Fair value of the LGIP is the same as the District's value in the pool shares. The Oregon State Treasury administers the LGIP. It is an open-ended no-load diversified portfolio offered to any agency, political subdivision or public corporation of the State that by law is made the custodian of, or has control of, any fund. The LGIP is commingled with the State's short-term funds. In seeking to best serve local governments of Oregon, the Oregon legislature established the Oregon Short-Term Fund Board. The purpose of the Board is to advise the Oregon State Treasury in the management and investment options of the LGIP. The investments are regulated by the Oregon Short Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895).

Property Taxes Receivable

Ad valorem property taxes are levied on all taxable property as of January 1 preceding the beginning of the fiscal year. Property taxes become a lien on July 1 for personal property and real property. Property taxes are levied on July 1. Collection dates are November 15, February 15, and May 15. Discounts are allowed if the amount due is received by November 15 or February 15. Taxes unpaid and outstanding on May 16 are considered delinquent.

Uncollected property taxes are recorded on the Statement of Net Position. Uncollected taxes are deemed to be substantially collectible or recoverable through liens; therefore, no allowance for uncollectible taxes has been established.

Accounts and Other Receivables

Accounts receivable and other receivables consist primarily of charges for services, claims for reimbursement of costs under various federal and state grant programs and refunds of prior year expenditures. Due to the nature of the receivables and the likelihood of collection, no provision for uncollectible receivables has been made.

Leases Receivable

Leases receivable are recorded when the lease is executed and discounted based on the implicit rate stated in the lease or the District's incremental borrowing rate. Due to the District's past collections experience, no allowance has been established.

Grants Receivable

Unreimbursed grant expenditures due from grantor agencies are reflected in the basic financial statements as receivables and revenues. Grant revenues are recorded at the time eligible expenditures are incurred. Grant monies received prior to the occurrence of qualifying expenditures are recorded as unearned revenue.

Inventories

Inventory consists of supplies held for use. In the government-wide financial statements, inventories are stated at cost using the first-in, first-out (FIFO) method. In the fund financial statements, inventory is reported using the purchase method where purchases are charged to expense when purchased.

A portion of the inventory consists of donated United States Department of Agriculture (USDA) commodities. Commodities are recorded as expenditures when consumed and are stated at their fair market value based on guidelines provided by the USDA.

Note 1 - Summary of Significant Accounting Policies (continued)

Prepaid Expenses

Prepaid expenses are payments to vendors in advance of services provided of assets received in both the government-wide and fund financial statements.

Capital Assets

Capital assets are recorded at original or estimated original cost. Donated capital assets are recorded at their estimated fair market value on the date donated. The District defines capital assets as assets with an initial cost of more than \$5,000 and an estimated life in excess of one year. Interest incurred during construction is not capitalized. Maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings and improvements – 20 to 50 years Equipment – 3 to 20 years Right-of-use assets – depends on life of the lease or subscription

Post-Employment Health Care Benefits

Substantially all of the District's employees are participants in the State of Oregon Public Employees Retirement System (OPERS) – Retirement Health Insurance Account (RHIA). Contributions to OPERS RHIA are made on a current basis as required by the plan and are charged as expenses.

Additionally, the District offers eligible employees, who elect early retirement, payment of group medical insurance premiums. The District also allows eligible retirees to purchase health insurance at the same rate as active employees. In the Government-wide financial statements, the District reports its liability for other post-employment benefits consistent with established generally accepted accounting principles and to reflect an actuarially determined liability for the present value of projected future benefits for retired and active employees. Such costs are recorded as expenses in the General Fund and funded as premiums become due.

Pension and Retirement Plans

Substantially all of the District's employees are participants in the State of Oregon Public Employees Retirement System (OPERS). Contributions to OPERS are made on a current basis as required by the plan and are charged as expenses/expenditures.

Additionally, the District offers eligible employees who elect early retirement a monthly stipend. Such costs are recorded as expense in the General Fund and funded as stipend benefits become due.

Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. There is no liability for unpaid accumulated sick leave since the District does not have a policy to pay any amounts when employees separate from service with the District. All unused vacation pay is accrued when earned in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignation and retirements.

Note 1 - Summary of Significant Accounting Policies (continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the District will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has two types of deferred outflows, both arise under the full accrual basis of accounting that qualifies for reporting in this category: deferred amounts related to pensions and deferred amounts related to other-postemployment benefits. These amounts are reported in the government-wide statement of net position.

The governmental funds report expense related to pension and other postemployment benefits contributions. These amounts are deferred and recognized as an outflow of resources in the period that is actuarially determined.

In addition to liabilities, the District will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition on net position that applies to a future period and so will not be recognized as an inflow of resources (of revenue) until that time. The District has various types of deferred inflows, one which arises only under the modified accrual basis of accounting (unavailable revenues), one that is related to lease receivables and is reported under modified and full accrual basis and two that are reported under the full accrual basis of accounting (deferred amounts related to pensions and deferred amounts related to other-postemployment benefits). Accordingly, unavailable revenue, is reported only in the governmental funds balance sheet, and deferred amounts related to pensions and other-postemployment benefits and deferred amounts related to leases, are reported in the government-wide statement of net position.

Leases

Leases are recognized in accordance with GASB Statement No. 87, Leases.

A lessor is required to recognize a lease receivable and a deferred inflow of resources. A lease receivable is recognized at the net present value of the leased asset at a borrowing rate either explicitly described in the agreement or implicitly determined by the District, and is reduced by principal payments received. The deferred inflow of resources is recognized in an amount equal to the sum of the lease receivable and any payments relating to a future period which were received prior to the lease commencement. These deferred inflow of resources are amortized equal to the amount of the annual payment.

A lessee is required to recognize a lease payable and an intangible right-to-use lease asset. A lease payable is recognized at the net present value of future lease payments and is adjusted over time by interest and payments. Future lease payments include fixed payments. The right-to-use asset is initially recorded at the amount of the lease liability plus prepayments less any lease incentives received prior to lease commencement and is subsequently amortized over the life of the lease.

In the government-wide financial statements, deferred inflows related to leases and any respective right-to-use assets are reported in the Statement of Net Position. In the governmental fund financial statements, the present value of lease payments is reported as other financing sources. Under modified accrual accounting, lease payments are considered capital outlay and proceeds of lease contracts, and thereafter are recorded as principal and interest payments.

The District has chosen not to implement GASB 87 for the budgetary basis of accounting. For both the budgetary basis of accounting and for leases that do not meet the criteria for valuation under GASB 87, the District will report inflows of cash for lesser leases and outflows of cash for lessee leases.

Note 1 - Summary of Significant Accounting Policies (continued)

Subscription-based IT Arrangements

The District leases various subscription-based IT arrangement (SBITA) assets requiring recognition. A right-to-use subscription asset is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract, with a noncancelable term greater than one year in an exchange or exchange-like transaction.

At the commencement of the subscription, the subscription liability is measured at the present value of payments expected to be made during the subscription liability term (less any lease incentives). The subscription liability is reduced by the principal portion of payments made. The right-to-use subscription asset is measured at the initial subscription liability amount payments made to the SBITA vendor before commencement of the subscription term, and capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. The right-to-use subscription asset is amortized on a straight-line basis over the course of the subscription term.

For financial statement prepared using the current financial resources measurement focus, and other financing source and capital outlay are reported in the year the subscription asset is initially recognized. The other financing source is report equal to the net present value of future subscription payments. Capital outlay is reported equal to the sum of the net present value of future subscription payments, payments made at the commencement of the subscription term, and capitalizable implementation costs, less any incentives received prior to the commencement of the subscription term. Subsequent governmental fund subscription payments are recorded as principal and interest payments.

Key Estimates and Judgments

Subscription-based IT arrangement accounting includes estimates and judgments for determining the (1) rate used to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The District uses the interest rate stated in the subscription contracts. When the interest rate is
 not provided or the implicit rate cannot be readily determined, the District uses its estimated
 incremental borrowing rate as the discount rate for the subscriptions.
- The lease term includes the noncancellable period of the subscription, the option renewal periods
 if government is reasonably expected to exercise, certain periods covered by options to extend or
 terminate to reflect how long the subscription is expected to be in effect, with terms and
 conditions varying by the type of underlying asset.
- Fixed and certain variable payments as well as certain other payments less subscription incentives are included in the measurement of the subscription liability and asset.

The District monitors changes in circumstances that would require a remeasurement or modification of its subscription liabilities. The District will remeasure the subscription liability if certain changes occur that are expected to significantly affect the amount of the subscription liability. The District will also update the discount rate as part of the remeasurement if there is a change in the subscription term and that change is expected to significantly affect the amount of the subscription liability.

The District has chosen not to implement GASB 96 for the budgetary basis of accounting. For both the budgetary basis of accounting and for SBITAs that do not meet the criteria for valuation under GASB 96, the District will report outflows of cash for subscription payments.

Note 1 - Summary of Significant Accounting Policies (continued)

Long-term Debt

In the government-wide financial statements, long-term debt is reported as a liability in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements bond premiums and discounts are recognized when incurred and not deferred. The face amount of the debt issued, premiums received on debt issuances, and discounts are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures when incurred.

Net Position/Fund Balance

In the government-wide financial statements, equity is classified as net position and displayed in three components:

Net investment in capital assets – consists of net capital assets reduced by outstanding balances of any related debt obligations and deferred inflows of resources attributable to the acquisition, construction, or improvement of those assets and increase by balances of deferred outflows of resources related to those assets.

Restricted net position – consists of net position with constraints placed on the use by either (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation. Restricted net position is reduced by liabilities and deferred inflows or resources related to the restricted assets.

Unrestricted net position (deficit) – consists of all other net position that does not meet the definition of the above two components and is available for general use by the District.

In the fund financial statements, governmental fund equity is classified in the following categories:

Non-Spendable – Includes items not immediately convertible to cash, such as prepaid items and inventory.

Restricted – Includes items that are restricted by external creditors, grantors or contributors, or restricted by legal constitutional provisions.

Committed – Includes items committed by the District's Board of Education, by formal board action.

Assigned – Includes items assigned for specific uses, authorized by the District's Superintendent and/or Director of Accounting.

Unassigned – This is the residual classification used for those balances not assigned to another category.

The District has approved the following order of spending regarding fund balance categories: restricted resources are spent first when both restricted and unrestricted (committed, assigned or unassigned) resources are available for expenditures. When unrestricted resources are spent, the order of spending is committed (if applicable), assigned (if applicable), and lastly unassigned fund balance.

Note 1 - Summary of Significant Accounting Policies (continued)

Interfund Transactions

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund financial statements are reported as other financing sources/uses.

Budget

A budget is prepared and legally adopted for each governmental fund type on the modified accrual basis of accounting. This budgetary basis of accounting is different than accounting principles generally accepted in the United States of America (GAAP). The major differences between the budgetary and GAAP basis of accounting are that capital outlay and other long-term assets, and debt principal and other long-term liabilities, are included as budgeted expenditures in the governmental fund types. The resolution authorizing appropriations for each fund sets the level by which expenditures cannot legally exceed appropriations.

Appropriations are established at the major function level (instruction, support services, enterprise and community services, facilities acquisition and construction, debt service, operating contingency and transfers) for each fund. The detail budget document, however, is required to contain more specific, detailed information for the aforementioned expenditure categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriation resolution.

Supplemental budgets less than 10% of a fund's original budget may be adopted by the Board at a regular meeting. A supplemental budget greater than 10% of a fund's original budget requires hearings before the public, publication in newspapers and approval by the Board. Original and supplemental budgets may be modified by the use of appropriation transfers within a fund between the levels of control (major function levels) with Board approval. The District did not exceed its authorized appropriations for the year ended June 30, 2023.

Use of Estimates

The preparation of basic financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Adoption of New GASB Pronouncements

During the fiscal year ended June 30, 2023, the District implemented the following GASB Pronouncements.

GASB Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. GASB Statement No. 91 will be effective for the District for the fiscal year ending June 30, 2023. There was no effect on the District's financial statements following implementation.

Note 1 - Summary of Significant Accounting Policies (continued)

GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs) Issued in March 2020. This Statement defines a SBITA, establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability, provides the capitalization criteria for outflows other than subscription payments, including the implementation costs of a SBITA, and requires note disclosures regarding a SBITA. The District did not restate prior periods and there were no material cumulative effect adjustments recorded to net position upon adoption.

Future GASB Pronouncements

The following GASB pronouncements have been issued, but are not effective as of June 30, 2023:

GASB issued Statement No. 100, Accounting Changes and Error Corrections. Issued in June 2022, the primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective in fiscal year 2024.

GASB Statement No. 101, *Compensated Absences*. Issued in June 2022, this Statement updates recognition and measurement guidelines for compensated absences and is effective for the District for the fiscal year ending June 30, 2025.

The District will implement new GASB pronouncements no later than the required effective date. The District is currently evaluating whether or not the above-listed new GASB pronouncements will have a significant impact on the District's financial statements.

Note 2 - Cash and Investments

Cash and investments are composed of the following at June 30, 2023:

Petty cash	\$	300
Deposits with financial institutions:		
Demand deposits	1,0	76,452
Investments	19,3	86,771
Total cash and investments	\$20,4	63,524
Cash and investments are shown on the basic financial statements as:		
Cash and investments	\$ 15,5	99,402
Restricted cash and investments for capital projects	4,8	64,122
Total cash and investments	\$ 20,4	63,524

Note 2 - Cash and Investments (continued)

Deposits. The Governmental Accounting Standards Boards has adopted accounting principles generally accepted in the United States of America (GAAP), which include standards to categorize deposits to give an indication of the level of custodial credit risk assumed by the District at June 30, 2023. If bank deposits at year end are not entirely insured or collateralized with securities held by the District or by its agent in the District's name, the District must disclose the custodial credit risk that exists. Deposits with financial institutions are comprised of bank demand deposits. For deposits in excess of federal depository insurance, Oregon Revised Statutes require depository institutions to be in compliance with ORS 295. For the fiscal year ended June 30, 2023, the carrying amounts of the District deposits in various financial institutions were \$1,076,452 and the bank balances were \$2,165,637. All deposits are held in the name of the District. Of the bank balance, \$1,888,110 is not covered by FDIC insurance. However, the balance is covered by the State of Oregon shared liability structure for participating bank depositories in Oregon, as identified by the State's Treasurer.

Effective July 1, 2008, House Bill 2901 created a shared liability structure for participating bank depositories in Oregon. Barring any exceptions, a qualifying bank depository is required to pledge collateral valued at least 10% of their quarter-end public fund deposits if they are well capitalized, 25% of the quarter-end public fund deposits if they are adequately capitalized, or 110% of the quarter-end public fund deposits if they are undercapitalized or assigned to pledge 110% by the Office of State Treasurer. In the event of a bank failure, the entire pool of collateral pledged by all qualified Oregon public bank depositories is available to repay the deposits of public funds of governmental entities.

Custodial Credit Risk. Custodial credit risk for deposits is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk.

Investments. The District has invested funds in the State Treasurer's Oregon Short-term Fund Local Government Investment Pool during fiscal year 2023. The Oregon Short-Term Fund is the local government investment pool for local governments and was established by the State Treasurer. It was created to meet the financial and administrative responsibilities of federal arbitrage regulations. The investments are regulated by the Oregon Short-Term Fund Board and approved by the Oregon Investment Council (ORS 294.805 to 294.895). Local Government Investment Pool (LGIP) is an external investment pool managed by the State Treasurer's office, which allow governments within the state to pool their funds for investment purposes. The amounts invested in the pool are not classified by risk categories because they are not evidenced by securities that exist in physical or book entry form as defined by GASB statement No. 40. LGIP is not rated.

In addition, the Oregon State Treasury LGIP distributes investment income on an amortized cost basis and participants' equity in the pool is determined by the amount of participant deposits, adjusted for withdrawals and distributed income. Accordingly, the adjustment to fair value would not represent an expendable increase in the District's cash position.

Investments in the Oregon State Treasury LGIP are made under the provisions of ORS 194.180. These funds are held in the District's name and are not subject to collateralization requirements or ORS 295.015. Investments are stated at amortized cost, which approximated fair value.

State of Oregon statutes restrict the types of investments in which the District may invest. Authorized investments include obligations of the United States Government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, bankers' acceptances, time certificates of deposit, certain commercial paper, and the State of Oregon Treasurer's Local Government Investment Pool. At June 30, 2023, and for the year then ended, the District was in compliance with the aforementioned State of Oregon statutes.

Note 2 - Cash and Investments (continued)

Credit Risk. State statutes authorize the District to invest primarily in general obligations of the U.S. government and its agencies, certain bonded obligations of Oregon municipalities, bank repurchase agreements, banker's acceptances, certain commercial papers, and the State Treasurer's Investment Pool, among others. The District has no formal investment policy that further restricts its investment choices.

Concentration of Credit Risk. The District is required to provide information about the concentration of credit risk associated with its investments in one issuer that represents 5 percent or more of the total investments, excluding investments in external investment pools or those issued and explicitly guaranteed by the U.S. Government. All the District's investments are in an external investment pool.

Interest Rate Risk. The District has no formal investment policy that explicitly limits investment maturities as a means of managing its exposure to fair value loss arising from increasing interest rates.

At June 30, 2023, the District had the following investments and maturities:

Investment Type	Maturity	Percentage of Portfolio	Fair Value
Local Government Investment Pool	1 day	100%	\$ 19,386,771
			\$ 19,386,771

Disclosures about Fair Value of Assets. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 - Unadjusted inputs using quoted prices in active markets for identical investments.

Level 2 - Other significant observable inputs other than level 1 prices, including, but are not limited to, quoted prices for similar investments, inputs other than quoted prices that are observable for investments (such as interest rates, prepayment speeds, credit risk, etc.) or other market corroborated inputs.

Level 3 - Significant inputs based on the best information available in the circumstances, to the extent observable inputs are not available.

Investments Measured at Fair Value:	Totals at June 30, 2023	Lev	el One	Leve	l Two	Level	Three	Amortized Cost Measurement Not Measured at Fair Value
Local Government Investment Pool	\$ 19,386,771 \$ 19,386,771	\$		\$	<u>-</u>	\$	<u>-</u>	\$ 19,386,771 \$ 19,386,771

Note 3 - Receivables

Receivables are comprised of the following at June 30, 2023:

	F	Property			
	Taxes			Grants	 Total
General Fund Special Revenue Fund Debt Service Fund	\$	459,383 - 151,255	\$	289,855 1,458,804 -	\$ 749,238 1,458,804 151,255
	\$	610,638	_\$	1,748,659	\$ 2,359,297

Note 4 - Capital Assets

The changes in capital assets for the year ended June 30, 2023, are as follows:

	Balance July 1, 2022	Additions	Transfers/ Deletions	Balance June 30, 2023
Capital assets not being depreciated or amortized: Land Construction-in-progress	\$ 2,159,752 245,347	\$ - 128,402	\$ - (141,946)	\$ 2,159,752 231,803
Total capital assets not being depreciated or amortized	2,405,099	128,402	(141,946)	2,391,555
Capital assets being depreciated or amortized:				
Building and improvements	98,563,124	579,710	(1,511,504)	97,631,330
Equipment/fixtures/vehicles Intangible assets:	8,455,596	267,419	1,618,957	10,341,972
Right-of-use	101,981	10,141	_	112,122
Software	-	1,384,193		1,384,193
Total capital assets being depreciated or amortized	107,120,701	2,241,463	107,453	109,469,617
Less accumulated depreciation or amortization:

Equipment/fixtures/vehicles	(6,510,610)	(366,737)	(186,916)	(7,064,263)
Intangible assets:	(=,= :=,= :=)	(000,101)	(100,010)	(1,001,007)
Right-of-use	(33,993)	(35,853)	_	(69,846)
Software		(51,645)		(51,645)
Total accumulated depreciation or amortization	(22,714,419)	(3,203,714)	30,668	(25,887,465)
Total capital assets, net:				
Land	2,159,752	-	_	2,159,752
Construction-in-progress	245,347	128,402	(141,946)	231,803
Building and improvements	82,393,308	(2,169,769)	(1,293,920)	78,929,619
Equipment/fixtures/vehicles	1,944,986	(99,318)	1,432,041	3,277,709
Intangible assets:				
Right-of-use	67,988	(25,712)	-	42,276
Software		1,332,548		1,332,548
Total	\$ 86,811,381	\$ (833,849)	\$ (3,825)	\$ 85,973,707

Unallocated depreciation and amortization expense for the year ended June 30, 2023 totaled \$3,203,714.

Note 4 - Capital Assets (continued)

Right-of-use Assets. A lease is defined as a contract that conveys control of the right of use of another entity's nonfinancial asset as specified in a contract for a period of time in an exchange or exchange-like transaction. The District is party to a variety of lease contracts as lessee for which this right-of-use (ROU) has been recognized as an asset on the balance sheet. Further information on these transactions can be found in Note 6.

A SBITA is a contract that conveys control of the right to use another party's (a SBITA vendor's) IT software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

Note 5 - Unavailable/Unearned Revenues

Governmental funds report deferred inflows of resources in connection with receivables that are not considered to be available to liquidate liabilities of the current period. Amounts received in advance of the period in which services are performed are recorded as unearned revenue. At June 30, 2023, the various components of unavailable and unearned revenue included in the governmental funds' Balance Sheet consist of the following:

	Unavailable		Unearned		Total	
General Fund						
Property taxes	\$	347,641	\$	-	\$	347,641
Deferred inflow - leases		-		136,933		136,933
Special Revenue Fund						
Grants		-		303,220		303,220
Debt Service Fund						
Property taxes		113,665		-		113,665
Total unavailable and unearned revenue	\$	461,306	\$	440,153	\$	901,459

Note 6 - Leases and Subscription-Based Information Technology Arrangements (SBITA)

The District is involved in leasing arrangements with both lessor and lessee positions. In accordance with GASB Statement No. 87 Leases, newly acquired leases during the current fiscal year were analyzed and classified as either qualified or non-qualified leases, for both lessor and lessee positions, and lease receivables and payables were recognized accordingly.

The District is also the lessee under multiple non-cancelable lease agreements related to software licenses. With the implementation of GASB Statement No. 96, effective the fiscal year ended June 30, 2023, all existing and newly acquired subscriptions during the current fiscal year were analyzed and classified as either qualified or non-qualified SBITA's. With this implementation, a subscription payable is recognized.

Lessor Leases Receivable. The District has entered into a lease agreement as the lessor for a building used as garage space. Implied interest rate on the lease is 3.30%. Annual payments on the lease are \$48,000 and end June 30, 2026. During the year ended June 30, 2023 the District recognized rent revenue of \$42,714 and interest revenue of \$5,286.

Note 6 – Leases and Subscription-Based Information Technology Arrangements (SBITA) (continued)

Lease receivable at June 30, 2023 consisted of the following:

	June 30, 2022		Additions		Reductions		June 30, 2023	
Leases receivable	\$	179,647	\$	_	\$	(42,714)	\$	136,933

Future annual leases receivable for the year ended June 30, 2023 are as follows:

Year Ending June 30,	Principal		Interest		 Total		
2024	\$	44,145	\$	3,855	\$ 48,000		
2025		45,624		2,376	48,000		
2026		47,164		836	 48,000		
	\$	136,933	\$	7,067	\$ 144,000		

Lessee Leases Payable. In June 2019 and August 2022, the District entered into two lease agreements for office equipment expiring on June 30, 2024 and August 2027, respectively. Each lease includes 60 fixed monthly installments of \$2,971 and \$182, respectively, and includes no conditional or variable payment obligations. During the year ended June 30, 2023, lease principal and interest payments for \$35,730 and \$1,927 were made, respectively.

Lease payable at June 30, 2023 consisted of the following:

	June 30, 2022		A	dditions	Re	ductions	June 30, 2023		
Equipment	\$	69,101	\$	10,141	\$	(35,727)	\$	43,515	

Future maturities of the leases payable are as follows:

Year Ending June 30,	P	rincipal	<u>lr</u>	nterest	Total		
2024	\$	37,081	\$	756	\$	37,836	
2025		2,021		162		2,183	
2026		2,084		100		2,183	
2027		2,148		36		2,183	
2028		182		-		182	
	\$	43,515	\$	1,053	\$	44,568	

Note 6 – Leases and Subscription-Based Information Technology Arrangements (SBITA) (continued)

Lease Payments Not Included in Liability. The District leases office equipment through two leases with the terms expiring June 30, 2024 and August 29, 2027. Lease terms include variable payments based on usage that are not included in the measurement of lease liability. During the fiscal year ended June 30, 2023, variable payments not included in the lease liability were \$40,061. Terms of this agreement contains no residual value guarantees.

The District also has a lease agreement for student transportation services which includes an allocation of buses to provide the service with a term expiring June 30, 2026. Lease terms include only variable payments based on frequency and usage that are not included in the measurement of lease liability. Variable payments are based on usage based on stated hourly rates. During the fiscal year ended June 30, 2023, there were variable payments of \$1,957,146. This amount consists of payments to the vendor during the fiscal year of \$1,909,146 (which was reduced by the amount of \$48,000 for barn rental). Terms of this agreement contains no residual value guarantees.

Subscription Payable. The District has entered into 19 non-cancellable lease agreements related to software licenses. The agreements are qualified as subscription based information technology agreements under GASB Statement No. 96 covering a period of March 1, 2017 through August 27, 2030. The agreements include extensions expected to be exercised. Payments made for the current year totaled \$1,369,681, with an interest rate 3.98%.

As of June 30, 2023, the Statement of Net Position includes the following amounts relating to SBITA:

	June 30, 20		ne 30, 2022 Additions		Reductions		June 30, 2023	
Right-of-use IT subscription assets Accumulated amortization	\$	-	\$	1,384,193 (51,645)	\$	-	\$	1,384,193 (51,645)
Accumulated amortization	-			(31,043)		<u>-</u> _		(31,043)
	\$	-	\$	1,332,548	\$	-	\$	1,332,548

Unallocated amortization expense for the year ended June 30, 2023 totaled \$51,645.

	June 30, 2022		Ac	dditions	Red	ductions	June 30, 2023	
Subscription liability	\$		\$	18,954	\$	(3,771)	\$	15,183

The future principal and interest subscription liability payments are as follows:

Year Ending June 30,	P	rincipal	 nterest	Total		
2024	\$	3,924	\$ 518	\$	4,442	
2025		4,083	359		4,442	
2026		4,248	194		4,442	
2027		2,928	 34		2,962	
Total	\$	15,183	\$ 1,105	\$	16,288	

Note 7 - Long-Term Debt

General Obligation Bonds - Series 2018

On March 20, 2018, the District issued \$48,101,046 General Obligation Bonds, Series 2018A (Tax-Exempt Deferred Interest Bonds) and \$19,895,000 General Obligation Bonds, Series 2018B (Tax-Exempt Current Interest Bonds), collectively the "Bonds". The Bonds have interest rates ranging between 1.77% and 5.00%. They were issued at a premium of \$3,276,768 and incurred issuance costs of \$454,291. The \$70,818,523 proceeds from the sale of the Bonds will be used to finance capital costs (Project) and to pay the costs of issuance of the Bonds. Specifics on the Project include: 1) improving safety, security, and learning environments at all schools, 2) increasing accessibility for people with disabilities at all schools, 3) construction of new classrooms and educational facilities and major renovations to Career Technical Education buildings, academic buildings and athletic facilities at Phoenix High School, 4) seismic upgrades at all schools, 5) addressing future growth of the District, and 6) modernizing all schools, including improvements for heating, ventilation, energy efficiency and lighting.

In an event of default, the owners of fifty-one (51%) percent or more of the principal amount of bonds then outstanding may take whatever action may appear necessary or desirable to enforce or protect any of the rights of the owners of bonds, either at law or in equity or in bankruptcy or otherwise, whether for the specific enforcement of any covenant or agreement contained in the resolution or the bonds or in aid of the exercise of any power granted in the resolution or in the bonds or for the enforcement of any other legal or equitable right vested in the owners of bonds by the resolution or the bonds or by law.

Future maturities on the general obligation bonds are as follows:

Year Ending June 30,	Principal	Interest	Total	Interest Rate
2024	\$ 2,306,770	\$ 1,329,680	\$ 3,636,450	2.570%
2025	2,301,137	1,440,313	3,741,450	2.780%
2026	2,281,017	1,565,433	3,846,450	3.000%
2027	3,050,000	931,450	3,981,450	4.000%
2028	3,280,000	809,450	4,089,450	4.000%
2029-2033	16,937,527	4,313,222	21,250,749	4.000% - 5.000%
2034-2038	10,810,568	12,009,432	22,820,000	4.060% - 4.210%
2039-2043	9,822,959	16,627,041	26,450,000	4.240% - 4.350%
2044-2048	9,013,706	21,646,295	30,660,001	4.360% - 4.400%
Total	\$ 59,803,684	\$ 60,672,316	\$ 120,476,000	

Note 7 - Long-Term Debt (continued)

Pension Obligation Bond - Series 2004

In February of 2004, the District participated in a pooled issuance of Series 2004 limited tax pension obligations. Certain Oregon school districts and education service districts issued limited tax obligations (Pension Obligation), the proceeds of which were used to finance a portion of the estimated unfunded actuarial liability of each issuer with the Oregon Public Employees Retirement System (PERS). The full faith and credit of the District was pledged for the punctual payment of the principal of and interest on its Pension Obligation, and debt service on the Pension Obligation is not subject to annual appropriation. The Pension Obligation is further secured by an Intercept Agreement under which an amount equal to the debt service on each issuer's Pension Obligation will be diverted from State Education Revenues.

On February 6, 2004, the District entered into an agreement to participate in the Oregon School Board Association Limited Tax Pension Bonds. Bonds were issued in the amount of \$14,895,000, bearing an interest rate of 3.25% to 5.53%, payable semiannually on June 30 and December 30 of each year until maturity in 2028. The 2004 Obligations are subject to prepayment as further described in the official statement. The agreement contains a provision that in an event of default, the Trustee may exercise any remedy available at law or in equity; however, the payments are not subject to acceleration.

Future maturities on the pension obligation bonds are as follows:

Year Ending June 30,	Principal	Interest	Total	Interest Rate
2024	\$ 1,355,000	\$ 403,544	\$ 1,758,544	5.528%
2025	1,515,000	328,640	1,843,640	5.528%
2026	1,685,000	244,890	1,929,890	5.528%
2027	1,875,000	151,744	2,026,744	5.528%
2028	870,000	48,094	918,094	5.528%
Total	\$ 7,300,000	\$ 1,176,912	\$ 8,476,912	

The changes in unmatured bond principal for the year ended June 30, 2023, are as follows:

	Original Issue	Outstanding July 1, 2022	Issued	Matured and Redeemed	Outstanding June 30, 2023	Due in One Year
General Obligation Bonds 2018 Series	\$ 67,996,046	\$ 62,097,482	\$ -	\$ (2,293,798)	\$ 59,803,684	\$ 2,306,770
Total General Obligation	67,996,046	62,097,482		(2,293,798)	59,803,684	2,306,770
Pension Obligation Bond 2004 Series	14,895,000	8,505,000		(1,205,000)	7,300,000	1,355,000
Total Pension Obligation	14,895,000	8,505,000		(1,205,000)	7,300,000	1,355,000
Total Long Term Debt	\$ 82,891,046	70,602,482		(3,498,798)	67,103,684	3,661,770
Unamortized Premium/(Discount)		2,424,417		(198,237)	2,226,180	190,915
		\$ 73,026,899	\$ -	\$ (3,697,035)	\$ 69,329,864	\$ 3,852,685

Interest paid on the above debt was \$1,702,808 and interest expense for the year ended June 30, 2023 is \$3,170,066. The District had no direct borrowing or direct placement debt at June 30, 2023.

Note 8 - Permanently Restricted Net Position/Fund Balance

During the year ended June 30, 2009 the Fletcher Fish Memorial Scholarship fund (Scholarship fund) was established. The original \$612,555 contribution is permanently restricted by the donor. Only the income earned from the original contribution shall be used to award scholarships to Phoenix High School graduates attending post-secondary educational institutions and shall be awarded based on academic accomplishments and financial need. Two scholarships may be awarded annually. At June 30, 2023 the balance of the Scholarship Fund is \$631,529. The Scholarship Fund is currently invested in the Local Government Investment Pool.

Note 9 - Post-Employment Health Care Benefits (OPEB)

The District has two separate other post-employment benefits (OPEB) plans. The District provides a single employer defined benefit health care plan to staff that were hired before July 1, 2003 and the District contributes to the State of Oregon's PERS cost-sharing multiple employer defined benefit plan.

Single-Employer Defined Benefit Health Care Plan (Medical Subsidy).

Plan Description. The District maintains a single-employer defined benefit OPEB plan that provides explicit and implicit post-employment healthcare benefits to eligible retirees and their spouses and dependents.

For implicit medical benefits, the District's post-retirement healthcare plan was established in accordance with Oregon Revised Statutes (ORS) 243.303, which requires that all eligible retirees and their spouses and dependents are allowed to continue receiving medical coverage, at their cost, until Medicare eligibility. The active premium rate (whether paid by the District or by the retiree) still applies. However, in some cases the premium itself does not represent the full cost of covering these retirees (since they are older than the active population, retirees can be expected to generate higher medical claims and therefore higher premiums for the active population). Their requirement to make available to retirees (at the retirees' own cost) access in to the healthcare plan has an implicit cost to the District.

Generally, for explicit medical benefits, the program covers all who meet Oregon PERS retirement eligibility by receiving benefits from Oregon PERS. For Tier 1 or Tier 2 members they may retire earlier of age 55, or any age with 30 years of service. OPSRP members must be age 55 or older with five years of service. The program covers Administrative, Classified and Confidential staff that have been employed prior to July 1, 2003. Additionally, eligible Administrative staff must have at least 15 years of experience, Classified staff must have at least 20 years of continuous service, and Confidential staff must have at least 10 years of continuous experience. An eligible employee qualifies for paid health care coverage currently being received by active employees. Qualified spouses, domestic partners, and children may qualify for coverage. The coverage is paid for eight years or until Medicare eligibility, whichever comes first. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

For fiscal year ended June 30, 2023, District contributions for Administrative and Confidential retirees are capped at \$2,179 per month, and for Classified retirees, are capped at \$1,586 per month. These caps are expected to inflate in future years.

Funding Policy. The benefits from the single-employer defined benefit OPEB plan are paid by the District based on bargaining agreement language and contributions by employees are also required. The plan is not accounted for in a pension trust fund; therefore, designated funds are not legally restricted to pay future benefits. The benefits from the healthcare plan established in accordance with ORS 243.303 are paid by the retired employees on a self-pay basis and the required contribution is based on projected pay-as-you go financing requirements. There is no obligation on the part of the District to fund these benefits in advance. The District did not establish an irrevocable trust (or equivalent arrangement) to account for the plan. The amount paid by the District for the benefit for the year ended June 30, 2023 was \$61,959.

Note 9 - Post-Employment Health Care Benefits (OPEB) (continued)

Single-Employer Defined Benefit Health Care Plan (Medical Subsidy) (continued)

Employees Covered by Benefit Terms. The explicit benefit for the single-employer defined benefit OPEB plan was ceased to all employees hired subsequent to July 1, 2003. As a result, the total plan members receiving the explicit benefit will decrease over time. At June 30, 2023, the following employees were covered by the explicit benefit terms:

Inactive participants	16
Active participants	324
	340

Total OPEB Liability. The District's total OPEB liability of \$1,929,930 was measured as of June 30, 2023, and was determined by an actuarial valuation date as of July 1, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Input	Assumption
Actuarial Cost Method	Early age normal, level percent of salary
Interest Rate Utilized for Discounting	3.75% per year, based on all years discounted at municipal bond rate
General Inflation	2.50% per year
Payroll Growth	3.50% per year
Salary Merit Scale	Total payroll increase is overall payroll growth plus merit
Annual Premium Increase Rate	Between 4.00% and 6.00% annually
Mortality Rates	PUB 2010 Employee Tables for Teachers, sex distinct, projected generationally
Turnover Rates	As developed for the valuation of benefits under Oregon PERS, depending on years of service
Disability Rates	As developed for the valuation of benefits under Oregon PERS, age dependent
Retirement Rates	As developed for the valuation of benefits under Oregon PERS
Plan Enrollment	Current and future retirees are assumed to remain enrolled in the plans in which currently enrolled if any
Marital Status	70% of future retirees electing coverage are assumed to cover a spouse as well
Coverage of Eiligible Children	No impact of dependent children on the implicity subsidy is assumed

Changes in the Total OPEB Liability

Total OPEB Liability at June 30, 2022	\$ 2,053,424
Changes for the year:	
Service cost	105,817
Interest	73,061
Difference between expected and actual experience	(50,842)
Changes of assumptions or other input	(107,961)
Benefit payments	 (143,569)
Total OPEB Liability at June 30, 2023	\$ 1,929,930

Note 9 - Post-Employment Health Care Benefits (OPEB) (continued)

Single-Employer Defined Benefit Health Care Plan (Medical Subsidy) (continued)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate:

			Currer	nt Discount Rate		
	1% De	1% Decrease (2.75%)		(3.75%)	1% Increase (4.75%)	
Total OPEB Liability	\$	2,048,483	\$	1,929,930	\$	1,817,904

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates:

	1% Decrease 3.00%, Graded Up to 5.00%,		ent Trend Rate , Graded Up to	1% Increase 5.00%, Graded Up to 7.00%,			
	then Back Down to 3.50%		%, then Back wn to 4.50%	then Back Down to 5.50%			
Total OPEB Liability	\$ 1,751,333	\$	1,929,930	\$	2,138,251		

OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources. For the year ended June 30, 2023, the District recognized a reduction in OPEB expense of \$31,153, and reported the following deferred outflows of resources and deferred inflows of resources related to the single employer defined benefit health care plan:

	Deferred Outflows		Deferred Inflows	
	of	of Resources		Resources
Difference between expected and actual experience	\$	20,118	\$	52,849
Changes of assumptions or other input		108,734		644,203
Total	\$	128,852	\$	697,052

Amounts reported as deferred outflows and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended	Deferred Outflows/		
June 30,	(Inflow	s) of Resources	
	•	(, ,	
2024	\$	(147,725)	
2025		(147,725)	
2026		(147,719)	
2027		(50,341)	
2028		(52,003)	
Thereafter		(22,687)	
Total	\$	(568,200)	

Note 9 - Post-Employment Health Care Benefits (OPEB) (continued)

Single-Employer Defined Benefit Health Care Plan (Medical Subsidy) (continued)

Changes in Assumptions and Methods Since Prior Valuation

- Premium increase rates were modified to better reflect anticipated experience and current Oregon law.
- General inflation and payroll growth assumptions were increased to better reflect anticipated experience.
- Demographic assumptions were revised to match (as closely as possible) those developed in the most recent experience study for Oregon PERS.

Retirement Health Insurance Account (RHIA)

Plan Description. As a member of Oregon Public Employees Retirement System (OPERS), the District contributes to the Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer OPEB plan administered by OPERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. Oregon Revised Statute (ORS) 238.420 established this trust fund. Authority to establish and amend the benefit provisions of RHIA resides with the Oregon Legislature. The plan was closed to new entrants hired on or after August 29, 2003.

OPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO box 23700, Tigard, OR 97281-3700.

Funding Policy. Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 dollars or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the Retirement Health Insurance Account established by the employer, and any monthly cost in excess of \$60 dollars shall be paid by the eligible retired member in the manner provided in ORS 238.410.

To be eligible to receive this monthly payment toward the premium costs, the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she (1) is receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Participating employers are contractually required to contribute to RHIA at a rate assessed each year by OPERS. The contribution rates in effect for the fiscal year ended June 30, 2022 for the OPEB program were: Tier1/Tier 2 - 0.05%, and OPSRP general service - 0.00%. The District contributed \$2,440 for the year ended June 30, 2023.

Pension Plan Annual Comprehensive Financial Report (ACFR)

Oregon PERS produces an independently audited ACFR which can be found at:

https://www.oregon.gov/pers/Documents/Financials/CAFR/2022-Annual-Comprehensive-Financial-Report.pdf

Note 9 - Post-Employment Health Care Benefits (OPEB) (continued)

Retirement Health Insurance Account (RHIA) (continued)

Actuarial Valuation. The actuarial methods and assumptions used for RHIA is identical to the actuarial valuation details related to the OPERS Plan disclosed in *Note 11 Pension and Retirement Plans*. (Excluding the healthcare cost trend rate and a retiree healthcare participation assumption of 27.5% for healthy retirees and 15.0% for disabled retirees has been used). The actuarial methods and assumptions details are the Actuarial Methods and Assumptions, Discount Rate, Assumed Asset Allocation, and the Investment Rate of Return.

OPEB Liabilities/Assets, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2023, the District reported \$465,290 for its proportionate share of the net OPEB asset. The net RHIA OPEB asset was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2020. The District's proportion of the net RHIA OPEB asset was based on a projection of the District's long-term share of contributions to the RHIA OPEB plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022 (measurement date), the District's proportion was approximately 0.13093216 percent.

For the year ended June 30, 2023, the District recognized a reduction of OPEB expense of \$71,555. The reduction of OPEB expense was generated during the measurement period primarily as a result of more than anticipated investment returns at the OPERS level. The \$71,555 was treated as a reduction of payroll related expense in the Statement of Activities and allocted to Instruction, Supporting Services, and Community Services using allocation percentages of 66%, 33% and 1%, respectively.

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to RHIA OPEB from the following sources:

	ed Outflows esources	 rred Inflows Resources
Difference between expected and actual experience	\$ -	\$ 12,609
Changes of assumptions	3,643	15,509
Net difference between projected and actual earning on investments	-	35,484
Changes in proportionate share	51,302	42,086
Differences between employer contributions and employers proportionate		
share of system contributions	-	-
Contributions subsequent to measurement date	2,440	
Total	\$ 57,385	\$ 105,688

\$2,440 reported as deferred outflows of resources related to RHIA OPEB resulting from District contributions subsequent to the measurement date will be recognized by the District as an increase to the net RHIA OPEB asset in the year ended June 30, 2024.

Note 9 - Post-Employment Health Care Benefits (OPEB) (continued)

Retirement Health Insurance Account (RHIA) (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources (prior to post-measurement date contributions) related to RHIA OPEB will be recognized in OPEB expense as follows:

		Deferred		
Year Ended	Outfl	ows/(Inflows)		
June 30,	of	Resources		
2024	\$	(4,086)		
2025		(35,630)		
2026	(22,392			
2027		11,365		
Total	\$	(50,743)		

Sensitivity for the District's Proportionate Share of the Net RHIA OPEB Asset to Changes in Discount Rate. The following presents the District's proportionate share of the net OPEB asset calculated using the discount rate of 6.90 percent, as well as what the District's proportionate share of the net RHIA OPEB asset would be if it were calculated using a discount rate that is 1-percentage point lower (5.90 percent) or 1-percentage point higher (7.90 percent) than the current rate:

	1% Decrease		Current Discount		1% Increase	
	(5.90%)		Rate (6.90%)		(7.90%)	
Defined Benefit OPEB Liability/(Asset)	\$	(419,357)	\$	(465,290)	\$	(504,665)

The RHIA OPEB is unaffected by healthcare cost trends due to the benefit being limited to \$60 monthly payments toward Medicare companion insurance premiums.

Changes in Assumptions. A summary of key changes implemented since the December 31, 2020 valuation are noted below. Additional detail and list of changes can be found in the 2020 Experience Study for the System, which can be found at:

https://www.oregon.gov/pers/Documents/Financials/Actuarial/2022/Actuarial-Valuation-Results.pdf

Assumption Changes

 There were no changes to actuarial assumptions since the December 31, 2020 actuarial valuation.

Actuarial Methods

• There were no changes to actuarial methods since the December 31, 2020 actuarial valuation.

Plan Changes

• There were no changes to plan provisions valued since the December 31, 2020 actuarial valuation. The provisions of Senate Bill 111 and House Bill 2906, both enacted in June 2021, were reflected in the December 31, 2020 actuarial valuation.

Note 10 - Pension and Retirement Plans

Tax Sheltered Annuity Plan

The District offers its employees a tax deferred annuity program established pursuant to Section 403(b) of the Internal Revenue Code (the Code), and deferred compensation program pursuant to Section 457 of the Internal Revenue Code. Contributions are made through salary reductions from participating employees up to the amounts specified in the Code. The District provides no matching component for employee contributions.

Early Retirement Stipend Pension Plan

Plan Description. The District maintains a single-employer defined benefit pension early retirement supplemental plan for eligible Administrative, Classified, Confidential and Licensed employees of the District (not administered through a trust). For retirement eligibility the retiree must be receiving benefits from Oregon PERS. For Tier 1 or Tier 2 members they may retire earlier of age 55, or any age with 30 years of service. OPSRP members must be age 55 or older with five years of service. The program covers Administrative, Classified and Confidential staff that were employed by the District prior to July 1, 2003, and Licensed staff prior to June 20, 2003. Additionally, eligible Administrative staff must have at least 15 years of experience, Classified staff at least 20 years of continuous experience, Confidential staff at least 10 years of continuous experience and Licensed staff 15 years of full-time experience with the District, or at least 10 years of full-time experience and be on Step 15 of the Licensed salary schedule. Upon reaching age 55 (and having the required number of years of experience prior to the specified eligibility date), an employee may elect early retirement. A stipend in lieu of medical insurance from the District is available for Administrative and Confidential staff equal to the medical premium, Classified may elect a \$100 stipend in lieu of insurance benefit, and Licensed staff may elect to receive 2.65% of base Licensed salary per month, which is allowed to inflate post-retirement. The stipend is paid for eight years or until the retiree is eligible for full Social Security Benefits, whichever comes first. There are no survivor benefits.

Funding Policy. The benefits from this program are fully paid by the District and, consequently, no contributions by employees are required. The District funds this benefit as it comes due and the amount paid by the District for the benefit for the year ended June 30, 2023 was \$360,489. There are no assets accumulated in a trust.

Employees Covered by Benefit Terms. At June 30, 2023, the following employees were covered by the stipend benefit terms:

Inactive participants	21
Active participants_	16
_	37

Total Stipend Pension Liability. The District's total stipend pension liability of \$1,839,491 was measured as of June 30, 2023, and was determined by an actuarial valuation date as of July 1, 2022.

Note 10 - Pension and Retirement Plans (continued)

Early Retirement Stipend Pension Plan (continued)

Actuarial Assumptions and Other Inputs. The total stipend pension liability in the actuarial valuation was determined using identical assumptions and inputs related to the District's single-employer defined benefit health care plan that is disclosed in *Note 9 Post-Employment Health Care Benefit (OPEB)* and are applied to all periods included in the measurement.

Changes in the Total Stipend Pension Liability

Total Stipend Pension Liability at June 30, 2022	\$ 1,825,884
Changes for the year:	
Service cost	38,084
Interest	59,787
Differences between expected and actual experience	267,964
Changes of assumptions or other input	(40,716)
Benefit payments	(311,512)
Total Stipend Pension Liability at June 30, 2023	\$ 1,839,491

Sensitivity of the Total Stipend Pension Liability to Changes in the Discount Rate. The following presents the total stipend pension liability of the District, as well as, what the District's total pension stipend liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate:

	1	% Decrease (2.75%)	Current Discount Rate (3.75%)			
Total Stipend Pension Liability	\$	1,904,841	\$	1,839,491	\$	1,775,813

Stipend Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources. For the year ended June 30, 2023, the District recognized a reduction of stipend pension expense of \$78.594.

	Defer	red Outflows	Deferred Inflows		
	of Resources		of Resources		
Difference between expected and actual experience Changes of assumptions or other input	\$	133,982	\$	49,836	
Total	\$	133,982	\$	49,836	

Amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) o Resources			
2024	\$	84,146		
Total	\$	84,146		

Note 10 - Pension and Retirement Plans (continued)

Changes in Assumptions and Methods Since Prior Valuation

The changes in assumptions and methods are identical to those disclosed in *Note 9 Post-Employment Health Care Benefits (OPEB)* related to the District's single-employer defined benefit health care plan.

OPERS Plan

Plan Description. Employees are provided pensions as participants under one or more plans currently available through Oregon Public Employees Retirement System (OPERS), a cost-sharing multiple-employer defined benefit plan in accordance with Oregon Revised Statutes Chapter 238, Chapter 238A, and Internal Revenue Service Code Section 401(a).

There are currently two programs within OPERS, with eligibility determined by the date of employment. Those employed prior to August 29, 2003 are OPERS Program members, and benefits are provided on whether a member qualifies for Tier One or Tier Two described below. Those employed on or after August 29, 2003 are Oregon Public Service Retirement Plan (OPSRP) Program members. OPSRP is a hybrid retirement plan with two components: 1) the Pension Program (defined benefit, established and maintained as a tax-qualified governmental defined benefit plan), and 2) the Individual Account Program (IAP) defined contribution; established and maintained as a tax-qualified governmental defined contribution plan.

The 1995 Legislature enacted Chapter 654, Section 3, Oregon Laws 1995, which has been codified into ORS 238.435. This legislation created a second tier of benefits for those who established membership on or after January 1, 1996. The second tier does not have the Tier One assumed earnings rate guarantee and has a higher normal retirement age of 60, compared to age 58 for Tier One.

The 2003 Legislature enacted House Bill 2021, codified as ORS 238A, which created the Oregon Public Service Retirement Plan (OPSRP). OPSRP consists of the Pension Program and the Individual Account Program. Membership includes public employees hired on or after August 29, 2003.

Beginning January 1, 2004, PERS active Tier One and Tier Two members became members of the IAP of OPSRP. PERS members retain their existing Regular and or Variable (if applicable) accounts, but member contributions are now deposited into the member's IAP account. Accounts are credited with earnings and losses net of administrative expenses. OPSRP is part of PERS and is administered by the Board. The PERS Board is directed to adopt any rules necessary to administer OPSRP, and such rules are to be considered part of the plan for IRS purposes.

Tier 1/Tier 2 Retirement Benefit (Chapter 238)

Pension Benefits. The PERS retirement allowance is payable monthly for life. Members may select from 13 retirement benefit options that are actuarially equivalent to the base benefit. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage (2.0 percent for Police and Fire employees, 1.67 percent for General Service employees) is multiplied by the number of years of service and the final average salary. Benefits may also be calculated under a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results. Monthly payments must be a minimum of \$200 per month or the member will receive a lump-sum payment of the actuarial equivalent of benefits to which he or she is entitled.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

Under Senate Bill 1049, passed during 2019 legislative session, the salary included in the determination of final average salary will be limited for all members beginning in 2021. The limit will be equal to \$210,582 in 2022, and it is indexed with inflation every year.

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each of five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer (age 45 for Police and Fire members). General Service employees may retire after reaching age 55. Police and Fire members are eligible after reaching age 50. Tier One General Service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Police and Fire member benefits are reduced if retirement occurs prior to age 55 with fewer than 25 years of service. Tier Two members are eligible for full benefits at age 60. The plans are closed to new members hired on or after August 29, 2003.

Death Benefits. Upon the death of a nonretired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- Member was employed by an OPERS employer at the time of death,
- Member died within 120 days after termination of OPERS-covered employment,
- Member died as a result of injury sustained while employed in an OPERS-covered job, or
- Member was on an official leave of absence from an OPERS-covered job at the time of death.

Disability Benefits. A member with 10 or more years of creditable service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member (including PERS judge members) for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 (55 for Police and Fire members) when determining the monthly benefit.

Benefit Changes After Retirement. Members may choose to continue participation in their variable account after retiring and may experience annual benefit fluctuations due to changes in the market value of the underlying global equity investments of that account.

Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes (COLA). The COLA is capped at 2.0 percent.

OPSRP Pension Program (Chapter 238A)

Pension Benefits. This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

Police and Fire – 1.8 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for a Police and Fire member is age 60 or age 53 with 25 years of retirement credit. To be classified as a Police and Fire member, the individual must have been employed continuously as a Police and Fire member for at least five years immediately preceding retirement.

General Service – 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for General Service members is age 65, or age 58 with 30 years of retirement credit.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

Under Senate Bill 1049, passed during 2019 legislative session, the salary included in the determination of final average salary will be limited for all members beginning in 2022. The limit will be equal to \$210,582 in 2022, and it is indexed with inflation every year.

A member of the pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

Death Benefits. Upon the death of a nonretired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse receives for life 50 percent of the pension that would otherwise have been paid to the deceased member. The surviving spouse or other person may elect to delay payment of the death benefit, but payment must commence no later than December 31 of the calendar year in which the member would have reached 70 ½ years.

Disability Benefits. A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes After Retirement. Under ORS 238A.210, monthly benefits are adjusted annually through cost-of-living adjustment (COLA). The COLA is capped at 2.0%.

Contributions

PERS' funding policy provides for periodic member and employer contributions at rates established by the Board, subject to limits set in statute. The rates established for member and employer contributions were approved based on the recommendations of the System's third-party actuary.

Member Contributions. Beginning January 1, 2004, all the member contributions, except for contributions by judge members, were place in the IAP. Prior to that date, all member contributions were credited to the Defined Benefit Pension Plan. Member contributions are set by statute at 6.0 or 7.0 percent of salary and are remitted by participating employers.

Employer Contributions. PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. This funding policy applies to the PERS Defined Benefit Plan and OPEB plans.

Employer contributions during the period July 1, 2021 through June 30, 2023, were based on the December 31, 2019 actuarial valuation, which became effective July 1, 2021. For the period July 1, 2022 through June 30, 2023, net employer contribution rates were 13.33% for Tier 1/Tier 2 employees and 10.22% for OPSRP General Employees and 14.58% for OPSRP Police and Fire Employees. Employer contributions for the year ended June 30, 2023 were \$2,017,791.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

Pension Plan Annual Comprehensive Financial Report (ACFR)

PERS prepares their financial statements in accordance with generally accepted accounting principles in the United States of America as set forth in GASB pronouncements that apply to governmental accounting for fiduciary funds and enterprise funds. The accrual basis of accounting is used for all funds. Revenues are recognized when due, pursuant to legal (or statutory) requirements. Benefits and withdrawals are recognized when they are currently due and payable in accordance with the terms of the plan. Investments are recognized at fair value, the amount that could be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Oregon PERS produces an independently audited ACFR which can be found at:

https://www.oregon.gov/pers/Documents/Financials/CAFR/2022-Annual-Comprehensive-Financial-Report.pdf

Actuarial Valuation. The employer contribution rates effective July 1, 2021 through June 30, 2023, were set using the entry age normal actuarial cost method. Under this cost method, each active member's entry age present value of projected benefits is allocated over the member's service from the member's date of entry until their assumed date of exit, taking into consideration expected future compensation increases.

Actuarial Methods and Assumptions

Valuation date December 31, 2020 Measurement date June 30, 2022

Experience Study 2020, published July 20, 2021

Actuarial cost method Entry age normal Actuarial assumptions:

Inflation rate 2.40 percent Long-term expected rate of return 6.90 percent Discount rate 6.90 percent

Projected salary increases 3.40 percent Cost of living adjustments (COLA) Blend of 2.00% COLA and graded COLA

as described in the valuation.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of projected benefits and assumptions about the probability of events far into the future. Actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. Experience studies are performed as of December 31 of even numbered years. The methods and assumptions shown below are based on the 2020 Experience Study which reviewed experience for the four-year period ending on December 31, 2020.

Discount Rate. The discount rate used to measure the total pension liability was 6.90 percent for the Defined Benefit Pension Plan. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the contractually required rates, as actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments for the Defined Benefit Pension Plan was applied to all periods of projected benefit payments to determine the total pension liability.

Assumed Asset Allocation.

Asset Class	Target Allocation
Cash	0.00%
Debt securities	20.00%
Public equity	30.00%
Private equity	20.00%
Real estate	12.50%
Real Assets	7.50%
Diversifying Strategies	7.50%
Risk parity	2.50%
Total	100.00%

Investment Rate of Return. To develop an analytical basis for the selection of the long-term expected rate of return assumption, in June 2021 the PERS Board reviewed long-term assumptions developed by both Milliman's capital market assumptions team and the Oregon Investment Council's (OIC) investment advisors. Each asset class assumption is based on a consistent set of underlying assumptions, and includes adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

The table below shows Milliman's assumptions for each of the asset classes in which the plan was invested at the time based on the OIC long-term target asset allocation. The OIC's description of each asset was used to map the target allocation to the asset classes shown below:

		20-year Annnualized
Asset Class	Target Allocation	Geometric Mean
Global Equity	30.62%	5.85%
Private equities	25.50%	7.71%
Core fixed income	23.75%	2.73%
Real estate	12.25%	5.66%
Master limited partnerships	0.75%	5.71%
Infrastructure	1.50%	6.26%
Commodities	0.63%	3.10%
Hedge fund of funds - multistrategy	1.25%	5.11%
Hedge fund equity - hedge	0.63%	5.31%
Hedge fund - macro	5.62%	5.06%
US cash	-2.50% *	1.76%
Total	100.00%	
Assumed inflation - mean		2.40%

^{*}Negative allocation to cash represents levered exposure from allocation to Risk Parity strategy.

Pension Liabilities/Assets, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At June 30, 2023, the District reported \$15,881,426 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2022 (measurement date), the District's proportion was approximately 0.10371878 percent.

For the year ended June 30, 2023, the District recognized an increase in pension expense of \$141. The \$141 was treated as a increase of payroll related expense in the Statement of Actvities and allocated to Instruction, Support Services and Community Services using allocation percentages of 66%, 33%, and 1%, respectively.

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 ed Outflows of lesources	Deferred Inflows of Resources	
Difference between expected and actual experience	\$ 770,915	\$	99,039
Changes of assumptions	2,491,882		22,766
Net difference between projected and actual earning on investments	-		2,839,292
Changes in proportionate share	1,255,420		997,858
Differences between employer contributions and employers proportionate			
share of system contributions	690,727		1,971,484
Contributions subsequent to measurement date	2,017,791		
Total	\$ 7,226,735	\$	5,930,439

\$2,017,791 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a decrease to the net pension liability in the year ended June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources (prior to post-measurment date contributions) related to pensions will be recognized in pension expense or expense reduction as follows:

Year Ended June 30,	Deferred Outflows/(Inflows) o			
		1163001063		
2024	\$	(170,226)		
2025		(418,244)		
2026		(1,233,263)		
2027		1,194,155		
2028		(93,918)		
Total	\$	(721,495)		

Sensitivity for the District's Proportionate Share of the Net Pension Liability to Changes in Discount Rate.

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.90 percent, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (5.90 percent) or 1-percentage point higher (7.90 percent) than the current rate:

	1% Decrease		Current Discount		1% Increase	
	(5.90%)		Rate (6.90%)		(7.90%)	
Defined Benefit Pension Plan Liability/(Asset)	\$	28,164,336	\$	15,881,426	\$	5,601,198

Note 10 - Pension and Retirement Plans (continued)

OPERS Plan (continued)

Changes in Assumptions. The changes in assumptions used for PERS are identical to the changes in assumptions related to the OPERS RHIA disclosed in *Note 9 Post-Employment Health Care Benefits (OPEB)*.

Defined Contribution Plan – Individual Account Program (IAP)

Benefit Terms. The IAP is an individual account-based program under the PERS tax-qualified governmental plan as defined under ORS 238A.400. An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies. The accounts fall under Internal Revenue Code Section 401(a).

Upon retirement, a member of the IAP may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5, 10, 15, 20-year period or an anticipated life span option. When chosen, the distribution option must result in a \$200 minimum distribution amount, or the frequency of the installments will be adjusted to reach that minimum.

Death Benefits. Upon the death of a nonretired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Member Contributions. Starting July 1, 2020, Senate Bill 1049 required a portion of member contributions to their IAP accounts to be redirected to the Defined Benefit fund. If the member earns more than \$2,500 per month (increased to \$3,333 per month in 2022) 0.75 percent (if OPSRP member) or 2.5 percent (if Tier One/Tier Two member) of the member's contributions that were previously contributed to the member's IAP now fund the new Employee Pension Stability Accounts (EPSA). The EPSA accounts will be used to fund the cost of future pension benefits without changing those benefits, which means reduced contributions to the member's IAP account. Members may elect to make voluntary IAP contributions equal to the amount redirected.

EPSA redirect is only triggered when the member's gross pay in a month exceeds the monthly salary threshold, tied to the annual Consumer Price Index (All Urban Consumers, West Region).

During 2023, the District, as an employee benefit, paid the employees portion of the contribution. Employer contributions for the year ended June 30, 2023 were \$1,036,683, of which \$888,419 was deposited into the individual members' accounts.

Note 11 - Restricted Net Position

The District's classified restricted net position for the year ended June 30, 2023 is as follows:

Food service	\$	655,671
Debt service	,	385,671
Capital projects		5,196,954
Student body funds		532,308
OPEB related (RHIA)		465,290
Fire relief		82,696
Grants		408,587
Scholarships		18,974
Nonspendable scholarships		612,555
Total restricted net position	\$	8,358,706

Note 12 - Interfund Transactions

Interfund transfers during the year ended June 30, 2023, were as follows:

	Tra	insfers In	Trar	nsfers Out
Special Revenue Fund Capital Projects Fund	\$	92,508	\$	- 92,508
Total Transfers	\$	92,508	\$	92,508

During the 2022-23 fiscal year, the Board of Directors approved transfers out from the General Fund. The Special Revenue Fund received the transfer to PERS to be deposited into the existing side-account at a later date to lower the District's unfunded pension liability.

Note 13 - Contingencies

Amounts received or receivable from grantor agencies are subject to compliance audits by grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District, in the regular course of business, may be named as a defendant in various lawsuits. The likely outcome of these lawsuits, if any, is not presently determinable.

Note 14 - Current Vulnerability Due to Certain Concentrations

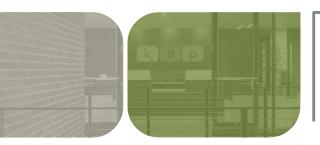

The District's operations are concentrated within Jackson County. In addition, substantially all the District's revenues for continuing operations are from federal, state, and local government agencies. In the normal course of operations, the District receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

Note 15 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters for which the District carries commercial insurance. Worker's compensation insurance is also provided through a commercial carrier. There has been no significant reduction in insurance coverage from the prior year and the District has not been required to pay any settlements in excess of insurance coverage during the past five fiscal years ending June 30, 2023.

Note 16 - Tax Abatements

At June 30, 2023, Jackson County provides tax abatements through various State of Oregon programs. For the fiscal year ended June 30, 2023, Phoenix Talent School District's abated property taxes totaled \$112,968 under these programs.

SUPPLEMENTAL INFORMATION

School District Business Managers and Auditors:

This page is a required part of your annual audited financial statements. Please make sure it is included. Part A is needed for computing Oregon's full allocation for ESSA, Title I & other Federal Funds for Education.

A. Energy Bill for Heating - All Funds:

Please enter your expenditures for electricity, heating fuel, and water & sewage for these Functions & Objects.

	Objects 325 & 326 & * 327
Function 2540	\$580,259
Function 2550	\$0

B. Replacement of Equipment – General Fund:

Include all General Fund expenditures in object 542, except for the following exclusions:

Exclude these functions:

\$8,995

- 1113 Elementary Co-curricular Activities
- 1122 Middle School Co-curricular Activities
- High School Co-curricular Activities
- 1140 Pre-Kindergarten
- 1300 Continuing Education
- 1400 Summer School
- 2550 Pupil Transportation
- 3100 Food Service
- 3300 Community Services
- 4150 Construction

^{*}Object code 327 (water and sewage) has been added to Part A to be included in the Function 2540 and 2550 totals.

INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATIONS

To the Board of Education Jackson County School District No. 4 Phoenix-Talent, Oregon

We have audited the basic financial statements of the Jackson County School District No. 4, (the District) as of and for the year ended June 30, 2023, and have issued our report thereon dated December 21, 2023. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, including the provisions of *Oregon Revised Statutes (ORS)* as specified in Oregon Administrative Rules 162-010-0000 through 162-010-0320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent we considered necessary to address the required comments and disclosures but were not limited to the following:

- Deposit of public funds with financial institutions under ORS Chapter 295.
- Indebtedness limitations, restrictions and repayment.
- Budgets legally required under ORS Chapter 294.
- Insurance and fidelity under bonds in force or required by law.
- Programs funded from outside sources.
- Authorized investment of surplus funds (ORS Chapter 294).
- Public contracts and purchasing under ORS Chapters 279A, 279B, 279C.
- State school fund factors and calculation.

In connection with our testing, nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administration Rules 162-010-0000 through 162-010-0320 of the *Minimum Standards for Audits of Oregon Municipal Corporations*.

OAR 162-010-0230 Internal Control

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Restriction on Use

This report is intended solely for the information and use of the District's Board of Education, management of the District and the Oregon Secretary of State and is not intended to be and should not be used by anyone other than these parties.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Education
Jackson County School District No. 4
Phoenix-Talent, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Jackson County School District No. 4 (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated December 21, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education Jackson County School District No. 4 Phoenix-Talent, Oregon

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Jackson County School District No. 4's (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the District's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the District's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

JACKSON COUNTY SCHOOL DISTRICT NO. 4 NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS Year Ended June 30, 2023

NOTE A - BASIS OF PRESENTATION:

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the District under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position and changes in fund balance of the District.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE C - INDIRECT COST RATE:

The District has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE D - FOOD DISTRIBUTION:

Non-monetary assistance is reported in the Schedule at fair market value of the commodities received and disbursed. For the year ended June 30, 2023, the District received food commodities totaling \$110,134.

NOTE E - SUBRECIPIENTS:

There were no awards passed through to subrecipients.

NOTE F - SCHOOLS AND ROADS - GRANTS TO STATES:

The District includes Schools and Roads – Grants to States in the schedule due to requirements of the Oregon Department of Education. These expenditures are not subject to the Uniform Guidance audit due to treatment based on guidance provided by both the Oregon Department of Education and United States Department of Agriculture.

JACKSON COUNTY SCHOOL DISTRICT NO. 4 SCHEDULE OF FINDINGS AND QUESTIONED COSTS Year Ended June 30, 2023

SECTION I – SUMMARY OF AUDITOR'S RESULTS
