Early Childhood Family Education

You are your child's first and most important teacher. We want to support your family during these first years of your child's life! Our high-quality early childhood classes are for you and your young children — from birth to kindergarten age.

Choose the style of class that works best for you and your family!

Separating Classes

- Parents and children interact and explore activities together for part of the class. This provides an opportunity to spend uninterrupted time with your child exploring games, creative activities, books, science, dramatic play and more!
- Parents meet in a separate classroom with a licensed parent educator to share experiences and discuss topics related to child development and parenting techniques.
- While parents meet for parent discussion, children participate in age-appropriate activities with a licensed early childhood teacher. Children are provided experiences which encourage social, emotional, physical and cognitive development.

Non-Separating Classes

- Parents and children stay together in the classroom for the entire class.
- Parents remain in the same room with children and interact with them in learning and play activities.
- A licensed parent educator leads discussion on topics such as child growth and development, the transition to parenthood, and how children learn and play.
- Discussion, sharing, and support take place within sight and sound of playing children.

Drop In & Play Classes

- No fee or registration needed.
- Come when you can and join the fun!

Our Promise

Fees for ECFE classes are on a sliding fee scale according to family income.
No one will be turned away because of inability to pay for an ECFE class.

50 YEARS OF ECFE

Let's Celebrate!

It's the 50th year of Early Childhood Family Education (ECFE) in Minnesota! Let's celebrate this milestone and the positive impacts that Early Childhood programs have on our community. Since its inception in 1974, ECFE has been a cornerstone of parenting education programs, offering invaluable support to Minnesota families with children aged from birth to kindergarten entrance. ECFE encourages the healthy growth and development of young children, and empowers families and parents. Michelle Berscheid, MNAFEE Board of Directors Chair shared, "At its core, ECFE recognizes that parents are a child's first and most enduring teachers." CLASS DESCRIPTIONS

ECFE - Fall 2024

You and Me Baby (#001, #004)

For ages newborn - 8 months! Enjoy sensory activities, movement, and songs to support your child's brain development while also nurturing your parent-child relationship. Learn about parenting, child development, routines, and other topics of interest to the class participants. This is a non-separating class.

Incredible Infants (#002)

This class is especially for new babies (3 - 11 months) and parents. There will be music, sensory, and physical development activities to do with your baby! You will also meet other parents with new infants and discuss topics of interest to the group. This is a non-separating class.

Play and Learn for Infants (#003)

We'll explore all areas of development in this class, especially for children in their first year of life (and parents/caregivers). Each week, we will have activities to support a developmental area, such as physical, gross and fine motor, language, cognitive, social/emotional and more! We will participate in activities with our babies that support learning and growth in these areas and learn more about how parents and caregivers can support learning at home.

Toddlers (#101, #102, #103)

Explore the classroom, sing songs, read books, enjoy creative and messy projects and more during this class just for toddlers and parents! Connect with other parents on topics such as language acquisition, routines, nutrition, the importance of play, dealing with tantrums, and child development.

Sensory Studio (#104)

Join other parents and caregivers with their 6-18 month old children for a class that provides a variety of sensory activities. Each week, there will be experiences and ideas for activities that parents can learn about that support one of the 5 senses: sight, smell, hearing, touch, and taste. There will be messy and fun projects in this hands-on class!

Twos (#201, #202, #204)

You and your two-year-old will share time together enjoying painting, sensory activities, singing, playing with new toys and building creations! After circle time music and movement, the parent educator will lead discussions on topics such as sharing, independence, potty training, effective discipline techniques, self esteem, and more! These are separating classes.

Toddlers and Twos (#203)

This class is for older toddlers and two year olds (ages 16 – 35 months). Explore the classroom activities with your child and enjoy circle time with songs and books! Parents will meet for a discussion on a variety of topics relevant to this stage of growth and development. This is a separating class.

Grandparents Class (#401)

Enjoy special time with your grandchild exploring the early childhood classroom activities, followed by a discussion on grandparenting in today's world.

Adventures in Parenting Family Class (#402)

This class provides a discussion about common concerns, parenting ideas and strategies as we travel on this adventure with your family. You'll also have time to spend with your children engaging in activities in the early childhood classrooms!

Family Class (#403, #404)

Bring your family together for creative activities, time together, and fun! These separating classes also include parent discussions on a variety of topics.
