Identification

When the screening assessment has been completed, if the data obtained is from an approved identification instrument and the score meets cut-off scores specified in department of education guidance, the identification decision is made and student's educational needs are determined. Identification scores remain in effect for the remainder of the student's K-12 school experience.

When the screening assessment has been completed, if the data is from an approved screening instrument or from an identification instrument on which the student is within a district-specified range below the identification score, re-assessment for possible identification occurs.

Out of District Scores

The district accepts scores, completed within the preceding 24 months on assessment instruments approved for use by the Ohio Department of Education, provided by other schools and/or trained personnel outside the school district.

Transfer

The district ensures that any child transferring into the district will be assessed within 90 days of the transfer at the request of the parent. Parents shall contact the building principal.

Appeal Procedure

- Screening procedure or assessment instrument (which results in identification);
- The scheduling of children for assessment; • The placement of a student in any program; and
