

Comprehensive School Safety Plan SB 187 Compliance Document

School Year 2020-2021

School: George Washington Elementary School
CDS Code: 19643376012025
District: Burbank Unified School District
Address: 2322 N. Lincoln Street
Burbank, CA 91504
Date of Adoption: October 30, 2019

COMPREHENSIVE SAFE SCHOOL PLAN

DATE: January 10, 2020

TO: Matt Hill, Ed.D., Superintendent

FROM: Brandi Young, Principal

George Washington Elementary School Comprehensive Safe School Plan For the 2020/2021 School Year

In compliance with California law, our School Site Council (or Safety Committee), in partnership with the local police and fire departments and other stakeholders, have engaged in a systematic planning process that included assessing factors known to impact school safety.

As a result of these assessments, we have set two reasonable goals for the upcoming school year intended to support a safe and orderly campus conducive to learning. Each of these goals are included in the report and are supported by defined objectives and time specific tasks for accountability.

The entire plan was shared in a public meeting at our school on January 9, 2020, and is now being submitted for Board review.

Senate Bill 187: Comprehensive School Safety Plan Purpose

Background

The development of a comprehensive school safety plan is mandated by California Education Codes 32280-32289 and guided by district policies. According to the education code, the School Site Council may delegate the writing of the plan to a School Safety Planning Committee. However, the committee must include the following members and must consult with a representative from a law enforcement agency in the writing and development of the plan:

- Principal or designee
- Teacher/BTA representative
- Parent Whose Child Attends the School
- Classified Employee/Burbank-CSEA representative

Upon completion of the plan, the public must be notified in writing of a meeting in order for the public to express an opinion on the plan. Please complete and submit the completed draft plan to the Superintendent or designee by December 15th of each year as the Board must review and approve each plan by March 1 each year. By July 1 each year, please include the four key elements of the plan into the School Accountability Report Card. The four elements include: *Personal Characteristics of Students and Staff, School's Physical Environment, School's Social Environment, and School's Culture.*

Notwithstanding the process described above, any portion of a comprehensive safety plan that includes tactical responses to criminal incidents that may result in death or serious bodily injury at the school site, including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code [32281](#). In developing such strategies, district administrators shall consult with law enforcement officials and with a representative of an employee bargaining unit if he/she chooses to participate.

When reviewing the tactical response plan, the Board may meet in closed session to confer with law enforcement officials, provided that any vote to approve the tactical response plan is announced in open session following the closed session.

Mission

The Burbank Unified School District recognizes that students and staff have the right to a safe and secure campus where they are free from physical and psychological harm. The Board is fully committed to maximizing school safety and to creating a positive learning environment that includes strategies for violence prevention and high expectations for student conduct, responsible behavior, and respect for others. Evidence-based strategies that establish schools as safe and caring places can include social emotional learning where impulse control, empathy, and interpersonal communication skills are taught with guided and independent practice scenarios. Schools that reframe how student with student, student with adult, and adult with adult interactions occur can ensure fairness, equity, and continuous improvement in both behavior and academic outcomes. BUSD continues to implement school-wide, group, and individual interventions like Positive Behavior Interventions and Supports (PBIS) and Second Step to help reframe policies, protocols, and practices at our schools.

Statement of Philosophy

The Burbank Unified School District desires to enhance student learning by providing an orderly, caring, and nurturing educational and social environment in which students and adults can feel safe and take pride in their school and their achievements. Modeling empathy, care, and respect, teaching interpersonal communication skills, engaging and empowering youth, and sincerely recognizing appropriate and expected behaviors in others are protective factors. Schools characterized by caring and respectful interpersonal relationships contribute to schools being caring, empathetic, safe and welcoming places to work, learn, and visit.

School Climate Components

Personal Characteristics of Students and Staff

George Washington Elementary School has 496 Transitional Kindergarten through 5th grade students. The school has two special education programs: deaf and hard of hearing and students with autism spectrum disorder. George Washington is a unique school, which has 140 English Language Learners and 62% of the student population are on the federal government's free and reduced lunch program. There are over 40 documented languages at George Washington. The three most common languages spoken by students and families are Spanish, Armenian and Arabic.

School's Physical Environment

George Washington Elementary School has 39 classrooms. The main building is two story as well as an additional building that is about 20 years old. Due to Measure S, the school now has 9 modular classrooms and a new restroom for boys, girls and staff. Washington Elementary has a one-level playground with a grass field for running physical activities. The school is 93 years old and backs up against the Los Angeles river, the I-5 Freeway, as well as the LA Metro system.

School's Social Environment

George Washington Elementary is accepts and embraces all students with learning challenges, multiple spoken languages, low socioeconomic status, as well as students with Gifted and Talented needs.

School's Culture

George Washington Elementary School's culture is very motivated to strive their best, hardworking, dedicated, passionate about learning, and enthusiastic about coming to school each day. Many of the teachers are considered veteran staff. In fact, over 50% of the staff have worked at Washington Elementary for 15 or more years.

DEFINITIONS

Action Plan – The plan prepared, containing the emergency response objectives of that SEMS level reflecting overall priorities and supporting activities for a designated period. The plan is shared with supporting agencies

Activate – Means, at a minimum, a designated official of the emergency response agency implements SEMS as appropriate to the scope of the emergency and the agency's role in response to the emergency.

Command Staff – Individuals with assignments and responsibilities under the Command function of the ICS organizational Structure. The Command Staff is composed of the Incident Commander (IC), Safety Officer, Public Information Officer, Agency Liaison Officer, and a Deputy Incident Commander. Assignments are activated as needed and in correlation with the severity of the incident, the IC can perform any or all of the Command Staff roles if the situation warrants.

Emergency Operations Center (EOC) – A location (established at the District Level) from which centralized emergency management can be performed.

Emergency Response Agency – Any organization responding to an emergency, or providing mutual aid support to such an organization, whether in the field, at the scene of an incident, or to an operations center.

Emergency Response Personnel – Personnel involved with an agency's response to an emergency.

General Staff – Individuals with assignments and responsibilities under the Operations, Planning/Intelligence, Logistics, or Finance/Administration functions of the ICS organizational Structure. The Command Staff is composed of the Operations Chief, Planning/Intelligence Chief, Logistics Chief, Finance/Administration Chief, and their subordinates. General Staff Chiefs and their subordinates are activated as needed and in correlation with the severity of the incident.

Incident – An occurrence or event, either human-caused or by natural phenomena, that requires action by emergency response personnel to prevent or minimize loss of life or damage to property and/or natural resources.

Incident Command Post (ICP) – When an emergency or crisis impacts a school, an Incident Command Post is established by the Command Staff. An ICP is always located at the field or school site level. It is a designated location where the Incident Commander and his/her emergency crisis team can gather to manage the incident, report information, track status of incident, and organize the response. Generally, an ICP is located in a multi-purpose room, gymnasium, parking lot, or on an athletic field.

Incident Command System (ICS) – The nationally used standardized on-scene emergency management concept specifically designed to allow its user(s) to adopt an integrated organizational structure equal to the complexity and demands of single or multiple incidents without being hindered by jurisdictional boundaries. ICS is the combination of facilities, equipment, personnel, procedures, and communication operating within a common organizational structure, with responsibility for the management of resources to effectively accomplish stated objectives pertinent to an incident.

Local Agency – Any city, city and county, county, county office of education, community college district, school district, or special district.

Local Emergency – The duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the territorial limits of a county, city and county, or city, caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, or other conditions, other than conditions resulting from a labor controversy, which are or are likely to be beyond the control of the services, personnel, equipment, and facilities of that political subdivision and require the combined forces of other political subdivisions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission.

Multi-agency or Interagency Coordination – The participation of agencies and disciplines involved at any level of the SEMS organization working together in a coordinated effort to facilitate decisions for overall emergency response activities, including the sharing of critical resources and the prioritization of incidents.

Mutual Aid – Voluntary aid and assistance by the provision of services and facilities, including but not limited to fire, police, medical and health, communication, transportation, and utilities. Mutual aid is intended to provide adequate resources, facilities, and other support to jurisdictions whenever their own resources prove to be inadequate to cope with a given situation.

Mutual Aid System – The system which allows for the progressive mobilization of resources to/from emergency response agencies, local governments, operational areas, regions, and the state with the intent of providing adequate resources to requesting agencies. The California mutual aid system includes several discipline specific mutual aid systems (e.g., fire and rescue, law enforcement, medical and public works) that are consistent with the Master Mutual Aid Agreement. All mutual aid systems and agreements shall be consistent with SEMS and the Master Mutual Aid Agreement.

Operational Area – An intermediate level of the state emergency services organization, consisting of a county and all political subdivisions within the county area.

School District – Any and all public school districts, regardless of kind or class, except a community college district. School district includes those districts defined in sections 80 through 87 of the Education Code.

State of Emergency – The duly proclaimed existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, drought, sudden and severe energy shortage, plant or animal infestation or disease, the Governor's warning of an earthquake or volcanic prediction, or an earthquake, or other conditions, other than conditions resulting from a labor controversy or conditions causing a "state of war emergency," which, by reason of their magnitude, are or are likely to be beyond the control of the services, personnel, equipment, and facilities of any single county, city and county, or city and require the combined forces of a mutual aid region or regions to combat, or with respect to regulated energy utilities, a sudden and severe energy shortage requires extraordinary measures beyond the authority vested in the California Public Utilities Commission.

State of War Emergency – The condition which exists immediately, with or without a proclamation thereof by the Governor, whenever this state or nation is attacked by an enemy of the United States, or upon receipt by the state of a warning from the federal government indicating that such an enemy attack is probable or imminent.

Components of the Comprehensive School Safety Plan (EC 32281)

George Washington Elementary School Safety Committee

The School Site Council may delegate the task of writing the Comprehensive School Safety Plan to a Safety Planning Committee as long as the committee is made up of the school principal/designee, a teacher/BTA representative, a parent of a child who attends the school, and a classified employee who represents the Burbank-CSEA and other members if desired.

Assessment of School Safety

As per BUSD AR 0450, an assessment of the current status of school crime at the school and at school-related functions may include but not be limited to, local crime reports, suspension/expulsion rates, and student/staff/parent/guardian surveys regarding their perception of safety. Additional data may include, office referrals, attendance rates / SARB data, local law enforcement juvenile crime data, property damage data or other related data.

Campus Crime

Assessed By: Yvonne Seta

Date Assigned: 10/3/2019

Date Due: 10/30/2019

This assessment calls for an accounting of the number of crimes that occurred on campus or at school related functions.

Number/type of crimes on campus from the previous school year to date.

Includes crimes that might not have been reported to police such as vandalism. DO NOT include crimes such as child abuse reports that were reported by the school but did not occur on the campus. Use simple terms for "type of crime" such as vandalism and theft. Some of this data may be accessed by running a query for suspensions and selecting vandalism and theft.

Number of Crimes: 6

Type(s) of Crime:

Vandalism, graffiti (ongoing school signs and gate) as well as gate in staff parking lot was knocked down by a truck)

Number/type of crimes occurring near campus impacting safe arrival/departure.

There may be times when there is a concerning crime or crime trend near your school. In this case, BPD will reach out to the principal. If there is ever a concern near campus you feel isn't being addressed, please contact BPD.

Number of Crimes: 32

Type(s) of Crime:

Assault, Motor Vehicle Theft, Drugs/Alcohol Violations, Vehicle Break In, Theft/Larceny, Fraud, & Burglary.

DESIRED CHANGE

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here. Keep in mind a desired change could include improving the method of gathering crime related data.

Traffic congestion on Lincoln Street is a major problem. Parents are impatient, don't follow rules, in a hurry and not aware of driving laws. The City and District Facilities have been quick to respond to graffiti removal requests. A Burbank Motor Officer frequently patrols the busy streets (Winona and Lincoln), but usually on request.

Evaluation of Previous Goals

"PEOPLE" RELATED GOAL/ACTION PLAN(S)

After assessing a specific factor known to impact campus safety, we identified an area of desired and reasonable change or improvement for the past school year.

Goal

People Goal: Based upon last year's assessments and goals, the Safety Committee asked the school to offer a parent night on Bullying with the school's At-Risk Interventionist as the guest speaker.

Action Plan(s)

How will it be accomplished

Task(s)

Washington offered a Parent Night focusing on Bullying.

Responsible Person(s)

By name and title

Brandi Young and Edith Chavez

When will it/they be accomplished?

Spring 2019

What is the status of this goal?

This goal was accomplished. The feedback and participation from parents was very positive.

"PLACE" RELATED GOAL/ACTION PLAN(S)

After assessing a specific factor known to impact campus safety, we identified an area of desired and reasonable change or improvement for the past school year.

Goal

Place Goal: The school received new phones in every room. There is a new way for teachers/staff to call an all-call, using the new phone system, in case of an intruder, suspicious visitor, or need for a lockdown.

Action Plan(s)

How will it be accomplished

Task(s)

Office staff will create the laminated tab to go on the telephone in every room.

Responsible Person(s)

By name and title

Yvonne Seta, Adriana Chavez, and Kaline Albarian.

When will it/they be accomplished?

Late Spring 2019

What is the status of this goal?

This goal was accomplished.

Existing Programs and Procedures

This assessment is an opportunity to take credit for the hard work and innovative programs already in place at your school. You may give a brief description of the program and include the estimated number of participants. Frequently, one of your goals for the upcoming year will be to boost attendance or participation in one or more of these programs.

Some things you might include:

COMMUNITY PARTNERSHIPS, AFTERSCHOOL PROGRAMS, SCHOOL CLUBS, PARENT ORGANIZATIONS, PEACE BUILDERS, DARE, SCHOOL GOVERNMENT, KINDNESS WEEK, MENTORING PROGRAMS, ANTI-BULLYING CAMPAIGN, VALET, VOLUNTEERS, COUNSELING PROGRAMS, COMPUTER/VOCATIONAL PROGRAMS, ARTS/SPORTS PROGRAMS, SAFETY COMMITTEE, SSC.

Program/Procedure	# Participating
School-wide RtI (Response to Intervention)	440
4th & 5th grade after school reading club	60
Safety Valet Drop Off Program	45
TK-1st grade comprehensive weekly music classes (30 minutes per week, taught by a credentialed teacher)	200
2nd-5th grade comprehensive weekly music classes, taught by a credentialed district music teacher	280
Washington Child Care (7:00 am to 6:00 pm)	28
Around the Bell (TK-5) & (7:00 am to 6:00 pm)	30
Boys and Girls Club (Buena Vista location)	30
LEAP (Autism program)	32
Deaf and Hard of Hearing Program	10
Weekly computer classes	496
Weekly library classes/sessions	496
After school Armenian language classes	15
Garri Dance - 6 weeks of dance instruction	496
Let's Draw with Nickelodeon	496
Patriots Booster Club	496
Student Council	20
Second Step	496
Makerspace Cart	496
1:1 devices for grades 3-5	200
Kindness Week	496
Autism Awareness Month	496
Peaceful Playground w/Laura Anderson (20 hours of instruction for students)	496

Program/Procedure	# Participating
Community Liaison (Spanish) and Community Liaison (Armenian)	250
School Site Council	10
English Learner Advisory Council	15
Transitional Kindergarten	50
Outdoor Science School to Thousand Pines	6
Clay instruction and on-site kiln	50
Nickelodeon Chalk Day	496
winter & spring concerts	496
Red Ribbon Week	496
Read Across America Week	496
Community Read In	496
Fun Friday with music on playground	496
Mindfulness	200
Burbank Family Services Agency	30
Positive Behavior Intervention and Supports (PBIS)	496

Existing Resources

Assessed By: Brandi Young

Date Assigned: 12/11/2019

Date Due: 12/11/2019

This assessment identifies readily available resources (both funding and person-power) you have to help you set and achieve realistic goals. You may want to conduct a parent or student survey to find out who involved with your campus has special skills such as construction, technology, first-aid, etc.

We have provided some ideas but there are likely more to add. You should give a brief description of the resource and how it might be used. You don't want to set goals that are unattainable due to lack of available resources. Some things you might include are: GRANTS, COMMUNITY PARTNERSHIPS (i.e., Burbank Arts For All, Burbank Business Partners, Burbank Educational Foundation),, FUNDS FROM PTA OR BOOSTER CLUBS, PARENTS WITH SPECIALIZED SKILLS or CONNECTIONS, etc.

There is no money that PTA or Patriot Fundraising Committee can donate at this time to support our school safety goals.

(A) Child Abuse Reporting Procedures (EC 35294.2 [a] [2]; PC 11166)

BP 5141.4 <http://gamutonline.net/district/burbank/DisplayPolicy/1036810/5>

AR 5141.4 <http://gamutonline.net/district/burbank/DisplayPolicy/1036811/5>

On an annual basis all BUSD employees are required to complete a Mandated Reporting training.

Definition of Child Abuse: Any conduct, acts, or omissions that endanger a child's physical or emotional health and development. A child is under 18 years of age.

Types of child abuse:

- **Physical abuse – non-accidental act resulting in injury;** cutting twisting limbs, shaking, hitting, beating, burning, biting, or any other extreme physical mistreatment. (report to Burbank Police Department, BPD-see below for details)
- **Sexual abuse** - incest, any forced sexual activity, exposure to sexual stimulation not appropriate of the child's age, sexual exploitation of a minor. (report to BPD)
- **Neglect – negligent failure of a parent or caretaker to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury has occurred;** pattern of failure to provide for the child's emotional needs. (report to Department of Children & Family Services, DCFS 1-800-540-4000)
- **Emotional abuse** - constantly blaming or demeaning; excessive yelling or shaming; frequently interacts with child in hostile manner. (report to DCFS 1-800-540-4000)

NOTE: It is not up to the reporter to investigate or decide if the child's complaint is valid or not. All BUSD employees are mandated reporters, and must:

- Report suspected child abuse immediately
- Prior to calling, make sure to have all information needed to complete the written Suspected Child Abuse Report, (SCAR) http://ag.ca.gov/childabuse/pdf/ss_8572.pdf
- **Contact site administrator for assistance** > If the mandated reporter has any question – call DCFS- they will advise the mandated reporter.
 - If possible, make report in presence of site administrator or inform site administrator that you are making a report.
 - Site administrator can cover class so reporter can leave their classroom. DCFS handles only in-home abuse.
 - **Physical Abuse and Sexual Abuse – if child is in immediate physical danger** report to BPD. All schools call BPD (818) 238-3000.
 - Complete on-line SCAR found at http://ag.ca.gov/childabuse/pdf/ss_8572.pdf and hand deliver to officer (does not need to be in an envelope) or contact DCFS and complete on-line form, see next line below.
 - **Neglect and Emotional Abuse** – if child is not in immediate danger report to DCFS 1(800) 540-4000. They will give you a 19-digit number to be used to complete the on- line SCAR at <https://mandreptla.org/index.asp?OpenStatus=Return>
 - **Items below apply to all reports:**
 - In the field, Mandated Reporter Category, insert "Educator"
 - Once completed, print and sign the form
 - Send a copy of all SCAR's in a sealed envelope to the Director of Student Services
 - Student Services shall complete annual statistical report to the Los Angeles County Office of Education
 - Reporter may keep a copy but the document **must be kept confidential**.
 - **SHALL NOT** be placed in cum or with any other student records
 - Administrator may keep a separate secure file for child abuse reports

If you have ANY questions or problems with reporting, call Student Services (818) 729-4502.

California Penal Code 11174.3
"School Interview Law"

11174.3. (a) Whenever a representative of a government agency investigating suspected **child abuse** or neglect or the State Department of Social Services deems it necessary, a suspected victim of **child abuse** or neglect may be interviewed during **school** hours, on **school** premises, concerning a report of suspected **child abuse** or neglect that occurred within the **child's** home or out-of-home care facility. The **child** shall be afforded the option of being interviewed in private or selecting any adult who is a member of the staff of the **school**, including any certificated or classified employee or volunteer aide, to be present at the **interview**. A representative of the agency investigating suspected **child abuse** or neglect or the State Department of Social Services shall inform the **child** of that right prior to the **interview**. The purpose of the staff person's presence at the **interview** is to lend support to the **child** and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the **interview**. The member of the staff so present shall not discuss the facts or circumstances of the case with the **child**. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Section 11167.5. A representative of the **school** shall inform a member of the staff so selected by a **child** of the requirements of this section prior to the **interview**. A staff member selected by a **child** may decline the request to be present at the **interview**. If the staff person selected agrees to be present, the **interview** shall be held at a time during **school** hours when it does not involve an expense to the **school**. Failure to comply with the requirements of this section does not affect the admissibility of evidence in a criminal or civil proceeding.

Assessment Sheet for the Mandated Child Abuse Reporting Policy on Next Page.

Child Abuse Reporting Assessment

Assessed By (Name & Title): Howard Dounn, Parent

Date Assigned: 10/3/2019

Date Completed: 10/30/2019

This assessment is tied to the fact that child abuse, as well as all other forms of domestic violence, frequently manifests as violent behavior on campus. It is important that all staff members understand their responsibilities as mandated reporters and are sufficiently trained in recognizing and responding to the signs of abuse.

Current District policy/procedure reviewed?

Date

How? (Staff meeting? Pre-school meeting?)

Yes

Please email Mandated Child Abuse Reporting form to all faculty and staff members.

Date Sent:

Yes

Yes, each new school year, staff are given time to complete their assessment and requirements in order to be a Mandated Reporter.

Staff trained in procedure to comply with Penal Code Section 11174.3 regarding interviewing child abuse victims on campus?

http://leginfo.ca.gov/faces/codes_displaySection.xhtml?lawCode=PEN&sectionNum=11174.3

Yes

Area of Desired Change

Based on the above information have you determined the need to make any changes in staff notification or training?
If yes, briefly detail the desired change here.

No issues or challenges at this time.

SUSPECTED CHILD ABUSE REPORT

To Be Completed by **Mandated Child Abuse Reporters**
Pursuant to Penal Code Section 11166

Public Agency Use of School Buildings for Emergency Shelters

Procedures exist to allow the American Red Cross, Burbank Fire Department and Burbank Police Department to use the school buildings, ground, and equipment for mass care and welfare shelters during disasters or other emergencies.

Assessment Sheet for the Disaster/Earthquake Plan Policy on Next Page.

Disaster/Earthquake Plan Assessment

Assessed By (Name & Title):

Adriana Chavez, Spanish Community Liaison

Date Assigned:

10/3/2019

Date Completed:

10/30/2019

Your task is to review related policy specific to each assignment (Incident Commander, Medical, Search & Rescue) and make sure all required or recommended tools/supplies are in place and serviceable. This is a good annual project for parent volunteers.

Please include verification of who has access to your disaster bin/supplies, that there is a fresh water supply, and that all radios are functioning.

1. Do you have a procedure for reacting to an earthquake?

Do you regularly train DROP, COVER, and HOLD ON followed by an evacuation and setting up task stations?

Yes

2. Incident Command, Search & Rescue, Medical/First Aid

Were all of the required/recommended supplies in place and serviceable for each task?

Yes

If no, BRIEFLY add what was missing or unserviceable.

Have the members of each team (Incident Command, Search & Rescue, and Medical) received adequate training?

Yes

If no, BRIEFLY describe desired training.

3. Communications Plan

Do you have a plan for communicating with students/staff? Parents? District Administration? And have you tested it? (Ex. Remind 101, group text, email, all call, etc.)

Yes

If no, BRIEFLY describe plan for improvement.

4. ADA Compliance/Special Needs

Do you have a plan for accommodating students or staff with known special needs during a disaster? (Ex: moving someone in a wheelchair down the stairs, visual alerts for DHH students, etc.)

Yes

If no, BRIEFLY describe a plan for improvement.

Area of Desired Change

Briefly detail desired change here.

First Aid:

Medical team will need more easy break ice packs to treat the injured students.

Search and Rescue:

Search and Rescue teams need to speak clearly on the radio. All personnel need training on the proper use of radios. Search and rescue coordinators worked as a liaison to communicate with teams on what they need to do and they assisted on the pocket chart. Search and rescue team should only have one person reporting back once they finish their assignment.

Reunification:

Reunification gate needs to wait until all students have been accounted for at the command post and then begin releasing students. Reunification gate would like a different radio to communicate with runner coordinator so students can be picked up quicker. They would like to have 4 more binders with student's emergency cards so each person at the gate can look up student's quicker. Reunification gate would like to have a code to use in case the student being picked up is missing/deceased.

Command:

All staff members must check in at the command post (classified, certificated, agency). A list of classrooms and what each classroom is being used for needs to be clipped to the pocket chart. Classrooms that are used for childcare, music, speech, etc. should also have pink and green cards and turn them into the search and rescue table. Next drill people at the command post will train new people so everyone can get a chance to do a different job.

Attendance Table/Student Accounting

Table needs a sign to be clear and the table should be placed at the entrance of the grass field to make it easier for students to turn in attendance.

(C) School Suspension, Expulsion and Mandatory Expulsion Guidelines

These guidelines are from the Burbank Unified School District Board policies and Administrative Regulations.

Burbank USD BP 5144.1 Suspension and Expulsion /Due Process

BP 5144.1 <http://gamutonline.net/district/burbank/DisplayPolicy/1036812/5>

AR 5144.1 <http://gamutonline.net/district/burbank/DisplayPolicy/1036813/5>

Assessment Sheet for the Suspension/Expulsion Procedures and Policy on Next Page.

Suspension/Expulsion Assessment

Assessed By (Name & Title): Theresa M. Landin White, Teacher

Date Assigned: 10/3/2019

Date Due: 10/30/2019

This assessment is designed to assure your school is compliant with suspension and expulsion rules and that the rules are consistent with District averages. Your task is to read BUSD suspension & expulsion procedures and then obtain suspension/expulsion numbers from your school as well as other campuses. You DO NOT need to obtain students' names or other specific information regarding suspensions/expulsions.

The following data can be found on the Student Services Google drive, under Discipline. There is data on previous years and the current year.

Your school number of suspensions in the previous school year:

3

District average number of suspension for the previous school year:

Only from the same grade levels as your school - Elementary Schools / Middle Schools / High Schools

3.27

Reason for suspensions

Give a brief account of behavior(s) leading to suspensions, i.e. "Behavior," "Crime," etc.

behavior

What are the two most common Ed Code violations for suspensions?

I don't know as we deal with elementary students. Possibly the answer is battery; students being impulsive and fighting.

Your number of expulsions in the previous school year:

Same rule as suspensions

0

District average number of expulsions for the previous school year:

Same rule as suspensions

6

Reason for expulsions

Same rule as suspensions

N/A

Did you review suspensions/expulsions among subgroups? Homeless/foster/special ed, etc.?

yes

Desired Change

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

We are exactly average - We are below the two highest schools, which had 7 and 2 suspensions.

We should strive to help students learn self-control and modify behavior before they become extreme and result in suspensions. As always, suspensions only occur when a child is a safety risk to others or themselves and violates Education Codes. We had zero expulsions and zero suspensions, which is great! We should continue our Positive Behavior Intervention and Supports (PBIS) as well as Second Step lessons, while continuing to have our at-risk behavior interventionist (Ms. Chavez) work with classes and individual students to teach desired behaviors and have support for students.

(D) Procedures to Notify Teachers of Dangerous Pupils (EC 49079)

Please refer to the sample *Notifying Teachers of Dangerous Pupils* form as well as EC 49079.

49079.

(a) A school district shall inform the teacher of each pupil who has engaged in, or is reasonably suspected to have engaged in, any of the acts described in any of the subdivisions, except subdivision (h), of Section 48900 or in Section 48900.2, 48900.3, 48900.4, or 48900.7 that the pupil engaged in, or is reasonably suspected to have engaged in, those acts. The district shall provide the information to the teacher based upon any records that the district maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this section.

(b) A school district, or school district officer or employee, is not civilly or criminally liable for providing information under this section unless it is proven that the information was false and that the district or district officer or employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.

(c) An officer or employee of a school district who knowingly fails to provide information about a pupil who has engaged in, or who is reasonably suspected to have engaged in, the acts referred to in subdivision (a) is guilty of a misdemeanor, which is punishable by confinement in the county jail for a period not to exceed six months, or by a fine not to exceed one thousand dollars (\$1,000), or both.

(d) For the 1994–95 school year, the information provided shall be from the previous two school years. For the 1996–97 school year and each school year thereafter, the information provided shall be from the previous three school years.

(e) Any information received by a teacher pursuant to this section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

BURBANK UNIFIED SCHOOL DISTRICT

Confidential Memo

You are hereby also informed of your responsibility to hold this information in strict confidence. Discussion of this information outside of this process could result in a violation of Federal and State laws concerning the privacy rights to students. If you have specific questions or concerns you may discuss them with the principal or designee.

Suspension or Expulsion Notification

This is to inform you that _____ was _____ from school effective _____ through _____ for the following Education Code violation(s):

E.C. 48900	E.C. 48900.2
☒ (a1) Fighting	☐ (a2) Battery
☐ (b) Possessed dangerous object	☐ Sexual Harassment
☐ (c) Controlled substance/alcohol	E.C. 48900.3
☐ (d) Look-a-like controlled substance	☐ Hate Violence
☐ (e) Robbery/extortion	E.C. 48900.4
☐ (f) Vandalism/ damage to school property	☐ Severe and pervasive threats and intimidation
☐ (g) Theft	E.C. 48900.7
☐ (h) Tobacco	☐ Terrorist threats
☐ (i) Profanity/vulgar or obscene act	
☐ (j) Drug paraphernalia	E.C. 48915
☐ (k) Disruptive/defiant behavior	☐ (a1) Serious physical injury
☐ (l) Received stolen property	☐ (a2) Possession: knife, explosive, dangerous object
☐ (m) Imitation firearm	☐ (a3) Controlled substance
☐ (n) Sexual assault or battery	☐ (a4) Robbery or extortion
☐ (o) Harassed/threatened witness	☐ (a5) Assault/battery school employee
☐ (p) Sale of soma	
☐ (q) Hazing	E.C. 48915
☐ (r) Bullying	☐ (c1) Possessing, selling, furnishing firearm
☐ (s) A student may be suspended or expelled for acts which are enumerated in this section and related to school activity or attendance that occur at any time, including but not limited to any of the following: 1-While on school grounds; 2-While going to or coming from school; 3-During lunch period whether on or off campus; 4-During, or while going to or coming from a school sponsored activity.	☐ (c2) Brandishing a knife at another person
☐ (t) Aiding and abetting	☐ (c3) Selling a controlled substance
	☐ (c4) Committing or attempting sexual assault or battery
	☐ (c5) Possession of an explosive

If you have any questions regarding this suspension please contact me at **Extension -----**.

Per Education Code 49079, this information is given in confidence and should not be further disseminated by the teacher.

Administrator

Assessment Sheet for the Notification of Dangerous Students Policy on Next Page.

Procedures to Notify Teachers of Dangerous Pupils Assessment

This assessment to be conducted by Principal or Administrator Only!

Assessed By (Name & Title): Brandi Young, Principal

Date Assigned: 10/3/2019

Date Completed: 10/30/2019

Your task is to review Ed Code 49079 related to Notifying Teachers of Dangerous Pupils, as well as the sample form for this action, which is found on the previous pages.

How are teachers notified when students return from Community Day School?

n/a, but when student return from suspension or a mental-health facility(5850), we always hold a meeting with the stakeholders involved.

How is the student supported?

- Is counseling offered?
- Are there periodic check-ins?
- Is there academic counseling?

Counseling may be offered as well as frequent check-ins from the school psychologist and at-risk interventionist.

DESIRED CHANGE

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

None at this time.

BUSD REPORTING PROCEDURES FOR BULLYING, SEXUAL HARASSMENT, AND HATE-MOTIVATED BEHAVIOR

Nov. 2018

- When a report of bullying, sexual harassment, or hate-motivated behavior is received (verbal or written from student, staff, parent), fill out attached Incident Report
- Notify reporter in writing that report was received and will be investigated
- Keep a copy of report and email to principal (print and attach all emails and note in Aeries)

Per BP 5133.2, BP & AA 5145.7, and BP 5145.9

INCIDENT REPORT

Discrimination, Harassment & Bullying Assessment

Assessed By (Name & Title):

Chandra Collins, SPED Teacher

Date Assigned:

10/3/2019

Date Due:

10/30/2019

Your task is to review related BUSD and make sure all required training, forms, materials are up to date.

Was the current version of District policy reviewed?

If no, please provide a brief description why the policy was not reviewed.

Yes

Is your school compliant with required/recommended training?

If no, please describe desired change

Yes

Is your school compliant with required/recommended forms/materials?

If no, please describe in desired change

Yes

Desired Change

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

Recommendations and Suggestions for Continued Services/Support:

1. Continue open and continuous school to home communication between teachers, staff, and parents,
2. Continue the implementation of PBIS strategies across all school settings.
3. Provide on-going training to continued and new staff on PBIS strategies, especially the Yard Supervisors and other support staff (i.e. Cafeteria, Library, Computer, etc.).
4. Continue to explain and discuss the definition of and the types of bullying with students in each classroom, on-going and as necessary.
5. Continue to have the Interventionist teach Second Step lessons in each classroom, focusing on friendships, emotions, self-control, bullying, etc.
6. Continue to have the Interventionist teach small group lessons to students identified as in need/at-risk by teachers and other staff.
7. Continue to have the Interventionist address specific bullying issues that arise during the school day, especially on the playground.
8. Provide a Parent Education evening regarding PBIS strategies, our school's adoption of it, how it is implemented at Washington, and provide information specifically about bullying.
9. Develop and provide a PBIS page on the school's website and app.
10. Plan an annual in-service day for teachers and all staff before each school year begins focusing on PBIS and a bullying review.

Data collected, through a staff survey): 15

Instruction/guidance on how to handle bullying here at school: 12

Students have recieved lessons on what bullying is and how to deal with it: 8

Witnessed a student bullying another student: 6

Heard about a student bullying another student: 11

Talked to a student or students about bullying: 10

Disciplined a student for bullying behavior: 7

Talked to the principal about a student bullying another: 7

Contacted parents about a students' bullying behavior: 5

Knowledge of an Incident Report for Bullying: 9

Completed an Incident Report about Bullying: 2

Believe there is enough support staff (yard supervisors, aides, and at-risk interventionist) here at school to handle bullying issues: 4

Results from survey:

Our school's at-risk interventionist is doing an excellent job with the lessons she is teaching through Second Step.

The school needs to continue defining "bullying" to the students and parents because many of them think that a one time occurrence is bullying.

Even with teaching kids what bullying is, it's very difficult for them to understand what the difference is between being rude and someone being a bully.

Elementary needs more yard supervisors. Most problems begin on the playground during recess and lunch.

There is not enough physical support during recess and lunch.

We do an incredible job addressing bullying with the staff and resources we have on hand.

(F) School-wide Dress Code Relating to Gang-Related Apparel (EC 35183)

BP 5132 <http://gamutonline.net/district/burbank/DisplayPolicy/477708/5>

AR 5132 <http://gamutonline.net/district/burbank/DisplayPolicy/477709/5>

Assessment Sheet for the Dress Code Policy on Next Page.

Dress Code Assessment

Assessed By: Angie D'Mello, ELD Specialist

Date Assigned: 10/3/2019

Date Completed: 10/30/2019

Please read the Dress Code Policy, links are provided on the previous page. For this assessment we are primarily concerned with clothing that could incite hate or violence (rather than short shorts, etc.) This includes any expectations/requirements of staff, and also the displaying of BUSD ID on each staff member.

Did you review the policy?

Yes

If no, give a brief description why not.

Yes, all teachers were wearing their badges and were dressed appropriately. Most assistants were wearing their badges. Those that weren't left their badges in the classrooms where they work. All subs were wearing their badges. One parent volunteer had a sticker in her hand as she walked across the playground. Students were in uniform. Many students were wearing sweatshirts so it was difficult to tell if they were wearing uniform shirts, but they most likely were.

In Aeries, query the number of documented Dress Code violations for 2018-19.

How many violations were reported during the previous school year?

4

How do you handle situations where students are wearing clothing that might include hate speech or incite violence, etc.?

Washington has a Board approved uniform only dress code that is enforced.

How can you encourage students to wear clothing that promotes a positive school climate?

The Board approved uniform only policy supports a positive school climate.

How can you encourage staff to wear their BUSD ID at all times when on campus?

Reminders are in the weekly bulletins as well as the principal reminds during her all-calls to staff by using the Bogen system.

Area of Desired Change

Based on your research and reflection, do you have any recommendations regarding the school dress code?

Most students in grades 3-5 were wearing tennis shoes, however, at least 2 girls were wearing boots.

Boys in grades TK-2nd were all wearing tennis shoes. Girls wore a variety of boots (high and low), Ughs, and slip-ons (ballet flats) as well as tennis shoes.

All shoes had soles, however, the ballet flats may not be appropriate for P.E.

No students were wearing hats in class. Two students were wearing hats to protect their skin from the sun, while playing outside.

(G) Procedures for safe ingress and egress of pupils, parents, and school employees to and from school.

Safe Ingress/Egress Assessment

Assessed By: Brandi Young, Principal

Date Assigned: 10/3/2019

Date Due: 10/30/2019

This assessment addresses how students and staff enter and exit the school.

Best practice would be to minimize entry and exit points for the purpose of monitoring those points during high use times. It is recommended to use the **NCEF Campus Access Assessment Tool** for this task (www.ncef.org/pubs/accesscontrol.pdf), dividing the tool among two or more assessors. It is also suggested to have safety team members/volunteers use the **CSG Traffic Survey** for this assessment

How many open ingress/egress points to the school?

There are 4 open ingress/egress points to the school during arrival and dismissal times.

Are these access points easily monitored by one or more staff members?

Yes, a yard aide is placed at each of them.

Desired Change(s)

Based on the information from your assessment have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

Yes. We would like BUSD to consider hiring an additional staff member (full-time campus supervisor) to sit at a desk in the foyer to greet and raptor all visitors onto campus.

Traffic Safety Survey

For many campuses, “drop-off” and “pick-up” times can be an extremely dangerous convergence of cars and kids. This survey is designed to assess the scope of your school’s potential danger in order to more efficiently respond to the problem.

How this works: Volunteers print out to this form and count the number of traffic violations at your primary drop-off and pick-up points. The survey should last about a week, taking no more than 10 to 15 minutes in the morning and afternoon. It IS NOT the surveyor’s job to enforce laws or confront violators. You are just establishing some baseline numbers to consider in your safe school planning process. At the end of the week, add up the violations and divide by the number of days in the survey to establish drop-off and pick-up averages. Place those averages on the digital form that gets returned to the Principal.

Dates Surveyed 10/7/2019

Surveyor(s) Julie Lambert, TK Teacher

Double Parking	Drop-off Average	Pick-up Average
	7	
Driving on the Wrong Side of the Road	Drop-off Average	Pick-up Average
	1	
Cell Phone	Drop-off Average	Pick-up Average
	0	
Unsafe Pedestrian Crossing	Drop-off Average	Pick-up Average
	60	
Dropping Off/Picking Up While Blocking Traffic or Crosswalk	Drop-off Average	Pick-up Average
	4	
Parking Violations (Red Zone, Fire Hydrant)	Drop-off Average	Pick-up Average
	25	
Unsafe Speed	Drop-off Average	Pick-up Average
	4	
U-Turns	Drop-off Average	Pick-up Average
	7	

(H) A Safe and Orderly School Environment Conducive to Learning (EC 35294.2)

The policy, procedures, assessments, gaps identified, goals set and achieved, all contribute to the state's requirement for a safe and orderly school environment conducive to learning.

Self-Initiated Assessment

Assessed By:

Date Assigned:

Date Due:

Sometimes you will have a concern on your campus that impacts safety that is not covered under the Ed Code. In this instance you may use this evaluation form to do a self-initiated assessment.

What is being assessed?

Is there a policy for this?

Identify the gaps in this and recommend a desired change.

Desired Change

(I) School Discipline Rules and Consequences (EC 35291 and EC 35291.5)

Student Conduct Code: Reference BUSD AR 5144 Student Discipline and BP 5144 Student Discipline

Conduct Code Procedures Reference BUSD AR 5144 Student Discipline and BP 5144 Student Discipline

BP 5144 <http://gamutonline.net/district/burbank/DisplayPolicy/477739/>

AR 5144 <http://gamutonline.net/district/burbank/DisplayPolicy/477740/>

Assessment Sheet for the School Discipline Rules and Procedures on Next Page.

School Discipline Rules & Procedures Assessment

Assessed By (Name & Title): Rush Hamden, Parent

Date Assigned: 10/3/2019

Date Due: 10/30/2019

This assessment is designed to identify behavioral trends as well as to assure student are being treated fairly within disciplinary practices.

Were disciplinary policy and procedures reviewed?

Yes

If no, provide a brief explanation why.

Based on your review, is your school in compliance with disciplinary policy and procedures?

Yes

Consider any required training, reporting documents, etc. If no, describe in desired change.

Number of disciplinary office referrals in the previous school year:

Only the numbers. You should not ask for or get students names.

5-10

District average of disciplinary office referrals in the previous year:

As compared to the same grade level schools

10

After reviewing disciplinary data did you notice any trends or patterns?

Yes

Were any subgroups surprising?

No

Were disciplinary issues occurring in any particular areas or locations?

Yes

Are there any proactive strategies you could implement?

Yes

Desired Change

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

Continue to implement and practice new rules with Postivie Behavior Intervention and Supports (PBIS).

(J) Tactical Response to Criminal Incidents on Campus

BP 0450 Philosophy, Goals, Objectives and Comprehensive Plans

Any portion of a comprehensive safety plan that addresses tactical responses to criminal incidents... including steps to be taken to safeguard students and staff, secure the affected school premises, and apprehend the criminal perpetrator(s), shall be developed by district administrators in accordance with Education Code 32281. In developing such strategies, district administrators shall consult with law enforcement officials and with representative(s) of employee bargaining unit(s), if they choose to participate.

However, those portions of the comprehensive safety plan that include tactical responses to criminal incidents shall not be publicly disclosed.

The Superintendent or designee shall share the comprehensive safety plans and any updates to the plans with local law enforcement, the local fire department, and other first responder entities. (Education Code 32281)

Assessment Sheet for the Tactical Response Procedures on Next Page.

Tactical Procedure Assessment

Assessed By: Brandi Young, Principal, Dustin Rodriguez, Burbank Police Department SRO, & Burbank Fire Department

Date Assigned: 10/3/2019

Date Due: 10/30/2019

BUSD has worked with the Burbank Police Department and the Burbank Fire Department to develop recommended procedures in the event of an active criminal threat upon a school site or district administrative office or service center. Based on this partnership BUSD requires age-appropriate lockdown drills and encourages staff attendance at active threat training provided by Burbank PD.

BUSD recommends all employees attend the BPD active threat training at least once every two years.

Are your school faculty and staff meeting this expectation?

Yes

BUSD board policy recommends a minimum of two lockdown drills each school year.

Is your school site educating students and conducting appropriate lockdown drills?

Yes

Desired Change

Based on the assessment, do you have the need to make changes in procedure or protocol?

Continue practicing and explaining different drills to students, staff, and parent community.

Additional Safety Assessments

Visitors on Campus Policy and Procedures

Please read this policy:

Please read this policy: AR 1250 <http://gamutonline.net/district/burbank/DisplayPolicy/477240/>

Assessment Sheet for the Visitors on Campus Procedures on Next Page.

Visitors on Campus Assessment

Assessed By: Yvonne Seta, Office Manager/Classified

Date Assigned: 10/3/2019

Date Due: 10/30/2019

**Did you read the policy for handling visitors on campus?
If no, briefly explain why.**

Yes

Are the policies and procedures for registering visitors being followed at your school?

Yes

Are office personnel and/or campus supervisors informed of the policy and trained on the visitor procedure?

Yes

Desired Change

Is there a need to amend procedures or further train personnel?

We need a full-time campus supervisor to be in the entrance/foyer of the school.

Assessment Sheet for the Hate Crime Policy & Procedure on Next Page.

Hate Crime Reporting Procedures and Policies

Hate-Motivated Behavior

Hate-Motivated Behavior BP 5145.9 <http://gamutonline.net/district/burbank/DisplayPolicy/477757/5>

In order to create a safe learning environment for all students, the Board of Education desires to protect the right of every student to be free from hate-motivated behavior and will promote harmonious relationships among students so as to enable them to gain a true understanding of the civil rights and social responsibilities of people in society. The district prohibits discriminatory behavior or statements that degrade an individual on the basis of his/her actual or perceived race, ethnicity, culture, heritage, gender, sex, sexual orientation, physical/mental attributes, or religious beliefs or practices.

Assessment Sheet for the Hate Crime Policy & Procedure on Next Page.

BUSD REPORTING PROCEDURES FOR BULLYING, SEXUAL HARASSMENT, AND HATE-MOTIVATED BEHAVIOR

Nov. 2018

Per BP 5131.2, BP & AR 5145.7, and BP 5145.9

INCIDENT REPORT

Hate Crime Assessment

Assessed By: Rithy Lu, Parent

Date Assigned: 10/3/2019

Date Due: 10/30/20169

Your task is to review BUSD's policy on Hate Crimes and determine any trends. You are also asked to make sure all required training, forms, materials are up to date.

Number of hate crimes reported on campus from the previous year:

Just the number. You do not need to include names or circumstances

0

Compliant with required training?

If training is required in the policy, check to make sure all requirements are met. Training may be an area of desired change.

Yes

Compliant with any required forms/materials?

If forms or materials are required in the policy, make sure those forms and materials are in place.

Yes

Desired Change

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

Lockdown Policy and Procedure

Lockdown policy and procedure can be found here <http://gamutonline.net/district/burbank/DisplayPolicy/1145538/3>

Assessment Sheet for the Lockdown Policy & Procedure on Next Page.

Lockdown Assessment

Assessed By: Catherine Kelly, Parent

Date Assigned: 10/3/2019

Date Due: 10/30/2019

Your task is to review policy and procedure to lockdown a campus in case a dynamic event should happen. This could be anything from off-campus police activity to a medical emergency or an active threat on campus. Although the threat to students and staff may vary, the action to secure everyone behind locked doors as quickly as possible is the same.

<http://gamutonline.net/district/burbank/DisplayPolicy/1145538/3>

Does staff know how to activate a lockdown and who may initiate?

Yes

Does the whole staff know how to make a campus-wide announcement from their class/office phone?

Yes, but they need a reminder. The office staff is making a label to stick on every school phone.

Are there any rooms or interior or exterior areas that do not receive P/A announcements through overhead or phone speakers? If so, is there a plan to communicate with them separately?

Room 1 and 14 have deaf staff members. The principal or office manager uses their cell phone and does talk/speak to text, in order for deaf community to be informed when all-call messages go out on the Bogen system.

Is there an internal communication plan to use during a lockdown?

school phones, the Bogen system, staff cell phones

Has the staff received adequate training in how to conduct a lockdown?

No

If no, briefly describe desired training in the "desired change" field.

Desired Change

1. Principal sent Safety Director and Director of Technology a device that can be purchased for the DHH classrooms, which is ADA compliant, where words/text move from left to right, as the Bogen system does a verbal all-call.

Chemical or Hazardous Material Exposure Procedures – Shelter in Place Procedures

In the event of a chemical, hazardous material, or biological attack it is highly unlikely that the dangerous materials will be detectable by sight, smell, or taste. The Principal or designee will notify classrooms and teachers in the event of such an emergency. Immediately after knowledge of exposure and a Shelter in Place procedure may be activated.

Assessment Sheet for the Hazardous Materials Policy on Next Page.

**Hazardous Materials Assessment
Procedures for Responding to a Release from
Properties or Thoroughfares Located within ¼ Mile of School**

Assessed By: Cherie Doomanis, Parent & Burbank Fire Department

Date Assigned: 10/3/2019

Date Due: 10/30/2019

This assessment provides an excellent opportunity to work the Fire Department, which is a newer requirement by the state. BFD will provide a list or map of nearby potential hazmat threats to your school.

Is there a business/thoroughfare posing a possible hazardous material concern with ¼ mile of the school?

Yes

If yes, list the business(s) / thoroughfares

Commercial area which includes a gasoline station (76).
Railroad tracks and trains.
Freeway (I5)
Flood Channel
Underground Pipeline (oil)
*See attached map.

Does your school have a "Shelter in Place" (SIP) plan?

Yes

Shelter in place is different than a lockdown plan. Please refer to the Shelter in Place Assessment sheet.

Does the school campus evacuation plan include these locations?

Yes

Each site should have an evacuation plan to two different off-campus sites. The path should avoid the businesses or thoroughfares that could be hazardous.

Desired Change

Based on the above information have you determined the need to create new procedure(s) or improve existing procedure(s)? If yes, briefly detail the desired change here.

No desired change.

Shelter in Place Policy and Procedure

Shelter in Place policy and procedure can be found here <http://gamutonline.net/district/burbank/DisplayPolicy/1145538/3>

Assessment Sheet for the Shelter in Place Policy & Procedure on Next Page.

Shelter in Place Assessment

Assessed By: Rush Hamden, Parent

Date Assigned: 10/3/2019

Date Due: 10/30/2019

Your task is to review policy and procedure to shelter in place in the event of an environmental, weather or wildlife related incident on or near campus.

<http://gamutonline.net/district/burbank/DisplayPolicy/1145538/3>

Does staff know how to activate a Shelter in Place and who may initiate?

Yes, all staff can use the school phones.

Does the whole staff know how to make a campus-wide announcement from their class/office phone?

They will be reminded and given a sticker to place on their phones.

Are there any rooms or interior or exterior areas that do not receive P/A announcements through overhead or phone speakers? If so, is there a plan to communicate with them separately?

No, although at gates, it's very difficult to hear announcements of any kind.

Is there an internal communication plan to use during a Shelter in Place?

Bogen system, school phones, & communication through district email.

Has the staff received adequate training in how to conduct a Shelter in Place?

Yes, the school just conducted one for the year. Students and staff were given an explanation for why a "Shelter in Place" drill would be conducted.

If no, briefly describe desired training in the "desired change" field.

Desired Change

Continue with annual school-wide drills.

Desired Change Log

Type in the assessment name and then copy and paste the desired change from the assessment into the related field. If more room is needed, use the same procedure in the following fields. You may use as many of these pages as necessary. If an assessment had “no change” you DO NOT have to put that on this log.

Assessment	Desired Change
Campus Crime	Traffic congestion on Lincoln Street is a major problem. Parents are impatient, don't follow rules, in a hurry and not aware of driving laws. The City and District Facilities have been quick to respond to graffiti removal requests. A Burbank Motor Officer frequently patrols the busy streets (Winona and Lincoln), but usually on request.
Procedures to Notify Teachers of Dangerous Pupils	None at this time.
Dress Code	Most students in grades 3-5 were wearing tennis shoes, however, at least 6 girls were wearing boots. Boys in grades TK-2nd were all wearing tennis shoes. Girls wore a variety of boots (high and low), Ughs, and slip-ons (ballet flats) as well as tennis shoes. All shoes had soles, however, the ballet flats may not be appropriate for P.E. No students were wearing hats in class or outside.
Child Abuse Reporting Procedures	none at this time
Disaster/Earthquake Plan	First Aid: Medical team wants trapped/injured students to be accompanied with a note of the injury they received to practice treating that injury. Medical team is missing injury tags to label the injured and deceased victims. Search and Rescue: Check-in table must be separate from map table. Radio etiquette - all personnel needs training on the proper use of radios. Search and Rescue needs only 1 team leader to check in at the S&R table. Search & Rescue needs one more master key ordered for an additional 6th rescue team. Search and Rescue believes 1 or more practice in the 2nd semester is necessary. Reunification: Teachers needs to be trained on the proper completion of the Student Request/Release Form. All teams recommend pencil pouches in the Release/Reunification binder. Command: More green/pink student cards need to be readily accessible at the command post. Special education students are on the general education rosters causing confusion for the teachers. All staff needs to receive an additional training on proper radio etiquette. Command post suggests a bland poster size, mater list in which they can easily log in missing students/staff and the location they were last seen.

	Medical team is missing injury tags to label injuries/deceased children and staff. Teachers need to have disaster drill information to their sub plans. Additional pink and green cards need to be passed out to the teachers and extras should remain in the emergency bin.
Anti-Discrimination/Harassment/Bullying Procedures	Recommendations: 1. Train/inform/have PD with teachers about definitions, examples, and ways to address bullying. Make sure staff know about District Incident Report. 2. Do same for all staff, including aides and yard supervisors. 3. Continue Second Step lessons with Interventionist and students. 4. Expand on student lessons in classes or hold assembly about bullying, perhaps per semester. 5. Educate parents on what bullying truly is. People goal idea: Educate parents on bullying; Parent Night Data collected, through a staff survey): Instruction/guidance on how to handle bullying here at school: 10 Students have received lessons on what bullying is and how to deal with it: 10 Witnessed a student bullying another student: 4 Heard about a student bullying another student: 11 Talked to a student or students about bullying: 10 Disciplined a student for bullying behavior: 8 Talked to the principal about a student bullying another: 7 Contacted parents about a students' bullying behavior: 6 Knowledge of an Incident Report for Bullying: 2 Completed an Incident Report about Bullying: 1 Believe there is enough support staff (yard supervisors, aides, and at risk interventionist) here at school to handle bullying issues: 5 Results from survey: More information is needed for students and parents about what "bullying" means. Parents need to be informed about the definition of bullying versus being rude or mean. The more yard supervisors we can have, the better. I believe Washington is understaffed when the students are outside during free play times. More direct instruction about bullying, perhaps even assemblies. Results from student survey: Do you know what bullying is?: 45 yes and 0 no Have you learned about bullying at school? 44 yes and 2 no Have you ever been bullied here at school?: 25 yes and 22 no Did you tell an adult at school?: 25 yes and 20 no Who did you tell? Yard Supervisor: 16; Teacher: 3; Principal: 2; Someone else: 13 Have you ever seen someone else get bullied?: 26 yes and 14 no Have you ever bullied someone at school?: 1 yes and 44 no

Hazardous Materials	not at this time
Procedures for Safe Ingress/Egress	Yes. We would like BUSD to consider hiring an additional staff member to sit at a desk in the foyer to greet and escort all visitors.
School Discipline Rules and Procedures	Have principal go over school discipline rules and procedures with staff each year.
Suspension/Expulsion Procedures	We are exactly average - We are below the highest 2 schools, which had 11 suspensions each. We should strive to help students learn self-control and modify behavior before they become extreme and result in suspensions. As always, suspensions only occur when a child is a safety risk to others or themselves. We had zero expulsions, which is great! We should continue our PeaceBuilder and Second Step plans while we continue to learn about PBIS and continue having our behavior interventionist (Ms. Chavez) working with classes and individual students to teach desired behaviors and have support for students.
Lockdown Procedures	computers, phones if available, and cellphones

People/Place Goal and Action

"PEOPLE" RELATED GOAL/ACTION PLAN(S)

After assessing a specific factor known to impact campus safety, we have identified an area of desired and reasonable change or improvement for the upcoming school year. The following is our plan to improve.

Goal

What is intended improvement? Use numbers or other expected indicators, if possible. For example, "We will have a 10% reduction in tardiness."

People Goal: Washington will place a Facilities Work Order for painting (yellow) to be done at the entrance and exit of the school parking lot. The walk way for pedestrians will also be clearly marked/painted for easy and safe access to and from the bike path. School will also ask Facilities to paint white arrows in the parking lot, indicating how traffic should ingress/egress to and from the school parking lot. The arrows will start at the right and move towards the left. This will help people/drivers know that they enter on the right and exit on the left.

Action Plan(s)

How will it be accomplished

Task(s)

Work orders and follow up by office staff and school administrator.

Responsible Person(s)

By name and title

Brandi Young and Yvonne Seta

When will it/they be accomplished?

Winter and Spring 2020

“PLACE” RELATED GOAL/ACTION PLAN(S)

Goal

What is intended improvement? Use numbers or other measurable indicators. For example, “We will have a 10% reduction in tardiness.”

Place Goal: The entrance/foyer to the school gives easy access to the entire campus, as people buzz in, and do not check in with the office. Office staff and principal will take turns being physically present in foyer during heavy traffic times.

Action Plan(s)

How will it be accomplished

Task(s)

The office staff will take turns standing and working in the entrance/foyer during heavily traffic times (ingress/egress and school-wide events).

Responsible Person(s)

By name and title

Yvonne Seta, Adriana Chavez, Kaline Albarian, Brandi Young, and office substitute.

When will it/they be accomplished?

Winter and Spring 2020

Invitation to Public Meeting

The school site council or safety committee shall notify, in writing, the following persons and entities of the public meeting:

1. The local mayor.
2. A representative of the local school employee organization.
3. A representative of each parent organization at the school, including the parent teacher association and parent teacher clubs.
4. A representative of each teacher organization at the school.
5. A representative of the school's student body government.
6. All persons who have indicated that they want to be notified.

The following is sample verbiage which may be customized and sent as an invitation to the above community stakeholders:

In compliance with California law, the School Site Council (or Safety Committee) of George Washington Elementary School, in partnership with the local police and fire departments and other stakeholders, have engaged in a systematic planning process that included assessing factors known to impact school safety.

Our Comprehensive Safe School Plan for 2020/21 will be shared in a public meeting at our school on 1/9/2020 , , .

You are invited to attend this meeting and hear how we are creating a safer community in Burbank, through ongoing safety assessments at our school.

Emergency Contact Numbers

Utilities, Responders and Communication Resources

Type	Vendor	Number	Comments
Law Enforcement /Fire / Paramedic	Burbank Police Dispatch	818-238-3000	
Public Utilities	Burbank Water and Power	818-238-3700	
	So Cal Gas	800-427-2200	
Local Hospitals	Providence St. Joseph Medical Center	818-843-5111	
Burbank USD	Main Number	818-729-4400

	Pasadena	626- 799-0841	
Fire Alarm	GMS Monitoring	888-467-1119	
Intrusion Alarm	Edgeworth Monitoring	800-318-9486	

George Washington Elementary School Incident Command System

Incident Command Team Responsibilities

School sites responding to an incident shall utilize the functions, principles, and components of the Incident Command System (ICS), per California Code of Regulations, Title 19, Division 2, Chapter 1, §2405.

Incident Command System Functions

The five functions of the ICS are Command, Operations, Planning/Intelligence, Logistics, and Finance/Administration. Individuals working under the Command function will be referred to as the Command Staff, while personnel assigned responsibilities under Operations, Planning/Intelligence, Logistics, or Finance/Administration will be referred to as the General Staff. Under SEMS, the ICS team can be expanded or reduced, depending on the situation and the immediate needs. An individual can execute more than one function.

1. The Command Function is responsible for the directing, ordering, and controlling of resources by virtue of explicit legal, agency, or delegated authority. The function is composed of the Incident Commander (IC), Safety Officer, Public Information Officer, Agency Liaison Officer, and a Deputy Incident Commander. The IC position must always be filled. The IC remains responsible for all five functions of the ICS structure, which have not been formally activated. In addition to the primary ICS functions, the IC is also responsible for the Safety Officer, Public Information Officer, and Agency Liaison Officer positions, unless otherwise delegated. Depending on the severity of the incident, the IC may also activate a Deputy IC for support.
2. The Operations Function is responsible for the coordinated tactical response of all field operations directly applicable to or in support of the mission(s) in accordance with the Incident Action Plan. This is the most complex and primary established function.
3. The Planning/Intelligence Function is responsible for the collection, evaluation, documentation, and use of information about the development of the incident, and the status of resources.
4. The Logistics Function is responsible for providing facilities, services, personnel, equipment, and materials in support of the incident.
5. The Finance/Administration Function is responsible for all financial and cost analysis aspects of the incident, and for any administrative aspects not handled by the other functions.

Incident Command System Principles

1. The system provides for the following kinds of operation: single jurisdictional responsibility/single agency involvement, single jurisdictional responsibility with multiple-agency involvement, and multiple-jurisdictional responsibility with multiple-agency involvement.
2. The system's organizational structure adapts to any emergency or incident to which emergency response agencies would be expected to respond.
3. The system shall be applicable and acceptable to all user agencies.
4. The system is readily adaptable to new technology.
5. The system expands in a rapid and logical manner from an initial response into a major incident and contracts just as rapidly as organizational needs of the situation decreases.
6. The system has basic common elements in organization, terminology and procedures.

Incident Command System Components

1. Common terminology is established in regards to common titles for organizational functions, resources, and facilities within ICS.
2. Modular organization is established by which the ICS organizational structure assignments are activated based upon the kind and size of the incident (top down command).
3. Unified Command.
4. Action plans identify objectives, determine strategies, identify tactical and support activities required, and establish an operational period time frame for completion.
5. The manageable span-of-control for any assigned Chief, Director, or Supervisor is established to be between 3-7 personnel

6. Pre-designated incident facilities are identified (Incident Command Post, Student evacuation site, offsite evacuation site, First Aid Station, Emergency Supplies location, Communication Center, etc.). The determination of the kinds and locations of facilities to be used will be based upon the requirements of the incident.
7. Comprehensive Resource management is established to identify, group, assign, and track resources.
8. Integrated Communication is managed through the use of a common communication plan and an incident-based communication center established for the use of tactical and support resources assigned to the incident.

UNIFIED COMMAND

Unified Command is a structure used during incidents consisting of Incident Commanders from various jurisdictions or agencies operating together to form a single command structure. It allows all agencies with geographical, legal or functional responsibility to manage an incident by establishing a common set of objectives, strategies, and a consolidated Incident Action Plan. Under a Unified Command system, a single Operations Chief is assigned. The Operations Chief position is filled by the most qualified and experienced person available.

The use of a Unified Command is a valuable tool to help ensure a coordinated multi-agency response. A Unified Command assures agencies do not lose their individual responsibility, authority, or accountability. When appropriate, a Unified Incident Command System will be established in conjunction with the school's Incident Commander and responding agencies' Incident Commander(s) to form a unified team in which Incident Commanders within the Unified Command make joint decisions, speak as one voice, integrate general staff, and develop a single Incident Action Plan.

Unified Command is an important component of the required ICS, per California Code of Regulations, Title 19, Division 2, Chapter 1, §2405 (a)(3)(C-D) .

Advantages of using Unified Command

1. One set of objectives and strategies are developed for the entire incident.
2. All agencies with responsibility for the incident have an understanding and are fully aware of joint priorities and restrictions.
3. Duplicative efforts are reduced or eliminated, thereby reducing cost, frustration, and potential conflict.

Command Staff Responsibilities

Incident Commander:

- Direct the overall emergency response and make final decisions
- Activate School Emergency Plan and Incident Command System
- Establish and set up an Incident Command Post
- Establish, set up, and manage a Communication Center
- Initiate Common Communication Plan & maintain communication with District Level EOC to provide district with site specific status report
- Develop Incident Action Plan which identifies objectives, determines strategies, identifies tactical and support activities required, and established an operational period time for completion.
- Set plan priorities and control actions undertaken by staff
- Ensure all available master keys are brought to the Command Post
- Ensure student emergency cards are taken to Command Post during an evacuation
- Determine which special assignments require substitute or additional personnel and assign from those available at the field.
- Initiate student release procedures (when it is safe to do so)
- Release teachers as appropriate during demobilization using the Staff Release Order Plan (found in the Demobilization section of this plan).
- Declare end of emergency—initiate recovery if appropriate
- Remain in charge of your campus until redirected/released by superintendent of schools or relieved by fire or law enforcement incident commander
- Ensure staff and students are properly instructed and trained in assignments and emergency procedures

Deputy Incident Commander:

- Assist the Incident Commander by initiating response strategies, response team coordination, and communication

Safety Officer:

- Assess emergency or threat and impact to students, staff, school property and surrounding community
- Monitor safety conditions of incident
- Assures the health and safety of students and staff

Public Information Officer:

- Coordinate communication with the district for the public, stakeholders, and news media
- Supervise telephones and monitor radio emergency broadcasts

Agency Liaison Officer:

- Notify appropriate governmental agencies if necessary
- Serve as point of contact for representatives of other involved local agencies, organizations, or private sector parties to provide input on policies, resource availability, and other incident related matters

General Staff Responsibilities: Function Chiefs

Operations Chief:

- Manage on-scene tactical operations to accomplish corrective action and the objectives established by the IC's action plan
- Supervise and direct activities of all personnel assigned under the Operations Function
- Report to the Incident Commander
- Coordinate Search and Rescue
- Coordinate Medical First Aid
- Coordinate Evacuation Area
- Coordinate Campus Security
- In conjunction with the Evacuation Area Director and the Search & Rescue Director, account for staff and student attendance and identify all missing individuals using the compiled attendance reports & search and rescue team findings.
- Relay reported missing students to Search & Rescue Teams
- Make sure teams have the necessary supplies to perform tasks
- Reassign staff as needed
- Schedule breaks and back-ups for staff

Planning/Intelligence Chief:

- Collect all information pertinent to documenting the incident
- Analyze information for potential impacts or changes
- Document and update status reports
- Manage and update status boards
- Disseminate incident related information to the Incident Commander
- Prepare necessary written reports

Logistics Chief:

- Meet service and support needs of the incident by managing and distributing general emergency supplies, equipment, food, first aid supplies, volunteers, etc.
- Open Emergency Supplies container
- Delegate help for setting up the Incident Command Post (if needed)
- Delegate help for setting up any necessary emergency stations
- Sign in volunteers and assign to various sections needing assistance
- Determine whether additional equipment, supplies or personnel need to be requested from the District EOC
- Make arrangements for transport of supplies and lodging of personnel
- Report to the Incident Commander

Finance/Administration Chief:

- Analyze all financial and cost analysis related to the incident
- Document all expenses related to emergency

- Document all personnel time as pertinent to emergency (number of hours with description of activities performed)
- Report to the Incident Commander

General Staff Responsibilities: Search & Rescue

Search & Rescue Director:

- Report to Operations Chief
- Supervise, organize, and direct Search and Rescue Teams
- Maintain communication with Search and Rescue Teams
- Consult with Operations Chief regarding any known missing persons obtained from the attendance reports submitted by Teachers
- Act as a check-in point for reporting missing Staff or Students
- Keep records on Search & Rescue Team incident reports

Search & Rescue Team(s):

- Report to Search & Rescue Director
- Search assigned areas following search & rescue procedures
- Complete a directed sweep of designated campus areas for missing, trapped, or injured staff and students if the situation safely permits
- Complete maps and mark doors
- Identify the location of trapped/injured persons
- Assist injured persons to the Medical First Aid station

General Staff Responsibilities: Medical First Aid

Medical First Aid Director:

- Report to Operations Chief
- Supervise, organize, and direct Medical First Aid & Morgue Teams
- Initiate Triage/Medical First Aid area set up
- Triage injured persons
- Maintain an updated list of students with allergies, in need of daily medication, or special medical needs

Medical First Aid Team(s):

- Reports to Medical First Aid Director
- Set up Triage/Medical First Aid area
- Retrieve Medical First Aid supplies from Logistics Emergency Supplies Team
- Provide first aid to injured persons

Morgue Team:

- Reports to Medical First Aid Director
- Set up Morgue Area location
- Move deceased to morgue area
- If possible, identify and cover deceased

General Staff Responsibilities: Evacuation Area Supervision & Release (this is currently under review)

Evacuation Area Director:

- Reports to Operations Chief
- Supervise, organize, and direct the Parent Check-in Gate Team, Student Check-out Team, Student Release Team & Staff Buddy Assignments
- Manage and coordinate Evacuation Area supervision
- Collect attendance reports from all Teachers at the Evacuation Area
- Immediately communicate with the Operations Chief and Search & Rescue Director any reported missing students or staff
- Evacuate with an extra set of student schedules (properly grouped alphabetically)
- Bring emergency release forms (may be stamps, stickers, or documents depending on the site)

Parent Check-in Team(s):

- Organize and control the parent check-in area

- Receive parents at the check-in station where they will indicate which student(s) they are to pick up.
- Ensure students are only being released to adults listed on emergency cards
- Organize and control student release by calling student names over the portable speaker system or sending runners to retrieve the student.

Student Check-out Team(s):

- Go to your assigned alphabetical grouping area and help check-out students
- Check the emergency release authorization card to be sure that the student is authorized to leave with whoever is there to pick him/her up.
- Students who are 18 may sign themselves out.
- ~~18-year-old students may sign out their younger siblings.~~
- Any adult named on their emergency cards must sign out students who do not fit into the above categories.

Authorized Student Release Gate Team(s):

- Verify students have properly checked out before allowing them to exit.
- Students without proper proof of Check-out must be redirected back to the Student check-out station.

Staff Buddy Assignments (Teachers):

- Reports to Evacuation Area Director
- Engage in Staff Buddy Assignments (check-in with Buddy)
- If buddy is incapacitated, inherit responsibility of their students
- Evacuate and escort students to assemble in the designated Evacuation Area (if required by incident)
- Complete an attendance report for both classrooms (take roll of students and note missing students, staff buddies, or other staff)
- Submit the attendance report to the Evacuation Area Director adjacent to the Incident Command Post.
- Submit any observed room damage to the Evacuation Area Director
- Supervise classroom students at Evacuation Area, help manage the evacuation area, or report to IC Post for additional tasks, if needed.
- Provide reassurance and support to students

General Staff Responsibilities: Campus Security

Campus Security Director:

- Reports collected data to Operations Chief
- Supervise, organize, and direct the Security Team and Utilities Team
- Conduct or Initiate a property damage assessment

Security Team(s):

- Reports to Campus Security Director
- Maintain a safe and secure campus environment
- Secure and manage gates
- After search & rescue missions are complete, lock or control access into buildings
- Place yellow caution tape around areas deemed unsafe

Utilities Team:

- Reports to Campus Security Director
- Carry out process of evaluating and shutting off utilities (water, gas, electric) if needed
- Determine presence of fire or other hazard – resolve with help of volunteers if able to do so
- Assess damage to buildings and communicate findings to the Campus Security Director

General Staff Responsibilities: Emergency Supplies

Emergency Supplies Team (Logistics):

- Reports to Logistics Chief
- Open Emergency Supplies container and gather necessary supplies/equipment for distribution
- Set up microphone on stand at Parent Check In.

General Staff Responsibilities: Unassigned Staff

Unassigned Staff:

- Staff lacking an established Assignment must report to the Incident Command Post for further instruction

Emergency Preparedness

Methods for Reporting Emergencies

For the purpose of reporting emergencies, in case of a fire, emergency, or disaster, the following reporting methods may be used:

1. School Alarm System
2. Public Address System
3. Staff Two-way Radios
4. Telephones (emergency telephone numbers are posted adjacent to phones)

Alarm System

The school alarm system provides warning for necessary emergency action. Temporal tone signals and Voice Announcement alarms are capable of being perceived above ambient noise. The set fire alarm is distinctive and recognizable as a signal to evacuate. The standard audible emergency evacuation signal established consists of repetitive 4.0 second cycles (0.5 second "on," 0.5 second "off," 0.5 second "on," 0.5 second "off," 0.5 second "on," 1.5 seconds "off"). Recorded Voice Announcement alarms such as, "Evacuate the Building", "Shelter in Place" or "This is a Lockdown" may be activated

Alarm System Maintenance & Testing Requirements

1. Alarm systems are maintained in operating condition.
2. Alarm systems are tested at least annually for reliability by properly trained persons in the designed operation.
3. Alarm system power supplies are maintained or replaced as often as is necessary.
4. Fire alarm signal will be sounded not less than once every calendar month (Education Code, Section 32001).

Staff Training Requirements (this is currently under review)

To ensure the school and its staff are prepared to implement the School Emergency Plan and take action during an incident the training requirements in this section are met. Staff receives the appropriate level of SEMS training; Level of training will depend on staff member's potential assignment during an emergency response. All assigned Officers, Chiefs, Directors, and staff members are trained before implementing the program.

NIMS/SEMS Training Requirements:

1. The California State Emergency Management System (SEMS) unifies all elements of California's emergency management community into a single integrated system with standardized key elements. SEMS training is provided to maintain personnel's minimum training competencies with the SEMS "Approved Course of Instruction (ACI)" as the basis for their training programs.
2. Staff SEMS training and performance is maintained and demonstrated by the:
 - o Completion of level-appropriate SEMS training
 - o Execution of drills that incorporate performance objectives into exercises
3. The National Incident Management System (NIMS) enables all government, private-sector, and nongovernmental organizations to work together during domestic incidents. As mandated by the Post-Katrina Emergency Reform Act of 2006, NIMS training is offered through the Federal Emergency Management Agency (FEMA) and ready.gov

Emergency Plan Training Requirements:

1. The school shall designate and train a sufficient number of persons to assist in the safe and orderly emergency evacuation of employees, students, and visitors.
2. The school shall advise employees of his/her responsibility under the plan when the plan is developed and whenever responsibilities or actions under the plan have changed.
3. Employer shall review with employees those parts of the plan which will be of aid in the event of an emergency. This includes, but is not limited to:
 - o Individual assignments and responsibilities
 - o Emergency procedures
 - o Location of emergency equipment & supplies
 - o Location and operation of manually activated alarm systems
 - o Location and operation of communication equipment

Practice Drills

To ensure staff and students are knowledgeable and prepared to implement the School Emergency Plan the following required practice drills are conducted as indicated throughout each school year.

Earthquake Practice Drills:

1. Practice of Drop, Cover and Hold On procedures are held twice per year in elementary and in secondary schools and at the Horace Mann Childcare Center and the Burbank Adult School.
2. During the drill each pupil and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by one arm, and the back to the windows. With the other hand, hold on to the furniture leg.
3. Drills are conducted following the established Earthquake Procedures of this plan.

Fire & Evacuation Practice Drills:

1. Fire alarm signal must be sounded not less than once every calendar month (whether a drill takes place or not).
2. Fire drills are established and conducted at least once every month at the elementary level, Monterey High School, and Horace Mann and twice per semester at the secondary level and Burbank Adult School.
3. During the drill each pupil and staff member implements and practices the established Evacuation Procedures of this plan.

Lockdown Drill:

1. At the elementary and secondary levels, at least one drill each semester must be conducted.
2. All students and staff shall quickly get into a lockable room. Lock the doors, turn out the lights and cover windows.
3. Silence cell phones and people. Do not peek. Remain calm and wait for information.

Shelter in Place Drill:

1. Shelter in Place is in response to a chemical, biological or radiological contamination, also a severe weather or wildlife event, or excessive smoke from a fire.
2. Shelter in Place drill shall be conducted at all schools at least once each year.
3. Drill should take place when most students and staff are out of their regular classroom.
4. Drill will be announced over the public address system, through radio communication, text or email.
5. All students, staff, volunteers and visitors shall immediately proceed to move inside the buildings to safe areas.
6. All doors and windows must be closed.
7. In the event of an airborne contaminant, an effort should be made to adjust all thermostats to temporarily turn off the air conditioner.

Staff Release Order Determination

After an incident, staff members will be released from their emergency response duties according to this established release order.

Staff Release Order Plan:

1. Hold staff meeting and determine the release order
 - Determine this during the first staff meeting using the “Staff Release Determination Form.”
 - The principal will keep the release order list in the Demobilization Procedures section of the emergency plan
 - List will be updated annually.

EMERGENCY RESPONSE PROCEDURES

In order to best prepare for the unexpected, the procedures established in this section have been developed for the safety of our students and staff.

Reporting an Incident

Typically, incidents involving a school will come to the attention of a faculty or staff member by observation or telephone notification. Emergency phone numbers will be posted adjacent to telephones, at employee notice boards, and/or at relevant conspicuous locations. The individual discovering or receiving information regarding an incident will do the following:

1. Notify the local emergency responders. The number is 911.
2. In case of a fire, activate fire pull alarm.
3. To activate the Incident Command System, notify the Incident Commander (Principal) and provide them the following information:
 - Your name
 - Nature of incident
 - Location of incident
 - Severity of injuries or property damage
 - Call back telephone number
4. The Incident Commander/Command Staff will sound the necessary alarms or voice announcements and notify the district EOC.
5. Take action to protect students, faculty, staff, and property. Immediate actions may include:
 - Moving people away
 - Isolating and securing the area
 - Providing assistance as needed to students and personnel
 - Directing public safety responders to the scene

Common Communication Plan Procedures

When emergencies occur, communication is critical to ensure appropriate parties are notified regarding the extent of the incident and what needs to be done. Below are systems and methods as to how emergency communication may be conducted:

Communication hardware and systems available:

1. Telephones/Cell phones
2. Public address system
3. Two-way radios
4. Blackboard Call & Email Program
5. E-mail
6. Runners

The following individuals will have two-way radios:

1. Incident Commander
2. Operations Chief
3. Search & Rescue Team leaders
4. Custodians
5. First Aid Station
6. Evacuation Area Director

Communication Center Set-up Procedures:

1. Pre-designated Communication Center location is subject to change, and may be dependent upon incident.
2. Communication Center location should be established within close proximity of the Incident Command Post.
3. The Command Staff will be responsible for setting up and operating the Communication Center during an incident.
4. The Command Staff will be responsible for contacting the District EOC and emergency responders (if necessary).

Internal Communication during an Incident:

1. Maintain an open telephone line for communication. Limit classroom telephone use to emergencies only.
2. The site's public address system may be used for communication and announcements.
3. Internal two-way radio communication will be available on the site's designated Channel. Radios are available in the main office.
4. During a lockdown, communication will take place via cell phone, telephone & radio.
5. During a lockdown with an immediate threat from an armed individual, cell phones will be silenced.
6. Runners may be used as an alternate communication option.

External Communication during an Incident:

1. Communication between the Command Staff, District EOC, and local emergency responders will take place via telephone or two-way radios.
2. Incident Command Staff will use channel 1 when communicating with the District EOC via two-way radio.
3. The Command Staff will process incident information through the superintendent or designated District EOC personnel in order to notify persons outside of the school of an existing emergency and the immediate action to be taken, if any.
4. All staff members are asked to refer inquiries and visitors to the Command Staff.

During an incident, families will be contacted through the InTouchK12 system and/or mobile app for information on school closure, student release, assembly areas, etc.

Site Specific Emergency Procedure

Types of Emergencies & Specific Procedures

Aircraft Crash

In the event of an explosion or crash, the blast will be the initial signal of the emergency. If early warning is available, the Principal will notify the classrooms. Immediately after an explosion or crash the following procedures shall be followed:

1. If possible, **DUCK AND COVER** under a desk or table. Move away from windows, doors, and shelves.
2. Following an explosion or crash, notify administration or if administrator is not available, obtain outside line, then phone "911".
3. The alarm bell will sound, and students and staff will evacuate or stay in the buildings, depending on the circumstances. Teachers will escort their students to the designated assembly area and take attendance. Teachers may be asked to report any attendance discrepancies to the administration, depending on the nature of explosion.
4. Do not reenter any building or classroom, until authorized by the Principal, or designee and the fire department.

Bomb Threat/ Threat of violence

Immediately after receiving a bomb threat the following procedures shall be followed:

1. If a bomb threat is called to the school, make every attempt to keep the caller on the phone as long as possible to gain information. Try to determine the sex and age of the caller. Try to have the caller tell you the exact location of the bomb and the time of threatened detonation.
2. The Command Staff will immediately notify the District EOC, who has the immediate responsibility to notify the Police Department.
3. The Police Department may not send units to the school at this point, but will automatically notify the Fire Department to stand by.
4. If the location of the suspicious object is not known, **STUDENTS WILL REMAIN IN THE CLASSROOMS**. Teachers should move students to the center of the room. If possible, have the students stay low and take cover under a sturdy object (desk).
5. The Principal, in conjunction with law enforcement, will make the decision to evacuate the buildings.
6. **SWEEP TEAM:** Staff will be asked to volunteer for the Sweep Team. Sweep Team members will report to the Incident Command Post.
 - a. Sweep Team members will be paired up and assigned a region of the campus to search.
 - b. Principal will coordinate with police to supervise Sweep Teams.
 - c. Upon completion of sweep of assigned areas, sweep team should report back to Incident Command Post to report "all clear" of their area.
7. Students and staff will return to the buildings only when they have been cleared by law enforcement and the Principal or designee has authorized the reoccupation and return to class upon hearing the **ALL CLEAR** bell, which is one long, continuous ring.

Campus Security Procedures

Campus Security & Utilities Teams will assign a Team Leader and report all activity and incident information to the Campus Security Director. The Campus Security Director will report to the Operations Chief. During an incident the following procedures will be followed:

Campus Security Procedures

1. Visually assess campus for fires & damage.
2. Open **designated gates** for parent ingress and egress as appropriate to the emergency.
3. Keep log of activity and assessments.
4. Maintain communication with the Campus Security Director regarding additional need for personnel to fight a fire or resolve other hazards if possible.
5. Determine the need for personnel to guard buildings or use yellow caution tape to rope off access.
6. Unlock and secure the designated exit for use by Emergency Responders and their vehicles.

7. Survey building for structural damage and report damaged areas.

Utilities Team Shutoff Procedures

1. The District EOC will deploy Maintenance & Operations teams to the school site during an emergency. All technicians are familiar with each site and its utility shut offs. In addition, the Day and Night Custodians at each site have been instructed in who to report to, where the shut off locations are, and where to find the tools.
2. If needed, shut off the necessary Utilities. See map for specific locations.
 - Gas: Can be turned off at each meter using the crescent wrench provided at each site to turn the valve into the shut off position.
 - Electrical: Electric service can be shut off at the disconnect switch at each main panel.
 - Water: Water can be shut off at the main valves using the 2-inch square water key provided at each site.
 - Alarms: Can be temporarily disabled by calling Kathy Yaeger in Facilities, at ext. 45502, before each drill.
 - Fire Alarm Monitoring - GMS Fire Alarm Monitoring – 888.467.1119
 - Intrusion Alarm Monitoring - Edgeworth Monitoring LLC – 800.318.9486

***The shut off tools are kept on-site in the Emergency Bin Containers. In addition, each of the Maintenance & Operations work trucks are equipped with these tools.**

Site Specific Emergency Campus Security Procedures

Bin code (earthquake bin): 2460

Demobilization & Post-emergency Procedures

Demobilization Procedures:

1. Be sure staff members understand that as a government employee they are required to stay on campus and provide assistance for up to 72 hours if they are needed. Emphasize the need to make arrangements with their families in case this occurs.
2. After completing assignments, staff members are required to check-in with their superior or the Incident Command Staff to await a second assignment or approved dismissal.
3. Staff members will be released according to the established Staff Release List.
4. Develop an after action report for any emergency response due to a declared local emergency for which the governor proclaims a state of emergency, and submit it to the District EOC. The report shall include a review of the response actions taken, application of SEMS, suggested modifications to SEMS, necessary modifications to plans and procedures, identified training needs, and recovery activities to date.
5. The District EOC will then review and submit the after action report to the Office of Emergency Services (OES) within 90 days of the close of the incident period.
6. Conduct a post-incident performance debriefing meeting to discuss incident response actions and determine areas of improvement.

Earthquake

Prior to Earthquake

1. Please discuss all our emergency procedures with students as soon as possible.
2. Maintain evacuation backpack, bucket and clipboard in a visible & easily accessible location adjacent to the evacuation exit.
3. Know your evacuation route and ensure evacuation maps are posted at exit(s).
4. Participate in practice drills and maintain knowledge of emergency procedures.
5. Ensure tall furnishings are secured to the walls to prevent them from falling on individuals and potentially obstructing exits or walk paths.
6. Do not store unsecured heavy items above 72 inches.
7. Maintain exits free from obstructions.

During an Earthquake

1. The teacher or other staff member will shout the command, "Drop!"
2. The students are to "Drop, Cover and Hold."
3. If inside the school building students and school employees shall:
 - Get under equipment (desks, tables, etc.) where available.
 - Drop to your knees with your back to the windows and your knees together.
 - Clasp both hands firmly around the legs of a table or a desk; if this equipment is not available clasp your hands firmly behind your neck.
 - Remain in this position until a staff member says the emergency is over.
 - Once the shaking has stopped, initiate an evacuation.
4. If students and staff are outside of the school building during an Earthquake:
 - Move away from building, overhead electrical wires and stay away from objects that might fall during an Earthquake.
 - Drop to your knees and clasp your hands firmly behind your neck to protect your head.
 - Wait for shocks to subside.

After an Earthquake

1. Evaluate the classroom situation.
2. If safe, have students line up outside of the classroom.
3. **Leave the lights as they were prior to the earthquake.** Do not turn them on or off, especially in rooms where natural gas lines exist.
4. Leave doors opened and unlocked so that the search & rescue teams can check rooms for missing students.
5. Triage and stabilize students (30 seconds maximum per student) who are unable to follow your directions or have severe/life threatening injuries (Airway, Bleeding and Shock). **REMAIN WITH INJURED STUDENT IF IT IS SAFE TO DO SO.**
6. Escort the students including mobile injured students (by the safest route) to the Evacuation Area. Be careful not to aggravate any injuries. Take mobile injured students to the Medical First Aid Area.
7. Evacuate with your emergency evacuation backpack, bucket and clipboard.
8. Complete an attendance report (take roll when you arrive in the Evacuation Area). Report any missing persons, injured persons left behind, individuals taken to First Aid, and room damage to the Evacuation Area Director.
9. Supervise students at the Evacuation Area or report to the Incident Command Post as designated for your assigned job responsibility.

Explosion or Risk of Explosion

In the event of an explosion or crash, the blast will be the initial signal of the emergency. If early warning is available, the Principal will notify the classrooms. Immediately after an explosion or crash the following procedures shall be followed:

1. If possible, **DUCK AND COVER** under a desk or table. Move away from windows, doors, and shelves.
2. Following an explosion or crash, notify administration or if administrator is not available, obtain outside line, then phone "911".
3. The alarm bell will sound, and students and staff will evacuate or stay in the buildings, depending on the circumstances. Teachers will escort their students to their designated location and take attendance. Teachers may be asked to report any attendance discrepancies to the administration, depending on the nature of explosion.
4. Do not reenter any building or classroom, until authorized by the Principal, or designee and the fire department.

Fire on School Grounds

Each classroom and facility on the campus has a functioning fire extinguisher and a manual pull switch to activate the fire alarm. In addition, evacuation routes are clearly posted by the exits in each classroom. For the protection of all occupants of the building, in case of a fire or disaster, the following evacuation procedures have been established:

1. The set alarm is distinctive and recognizable as a **signal to evacuate**. The evacuation alarm signal established can include "A possible fire has been reported in the building, please exit the building."
2. Order a verbal evacuation if the fire alarm does not sound.
3. **Call 911.**
4. Notify the Superintendent.
5. Stay calm and remain SILENT. If teachers and students are talking, directions and other information cannot be heard.
6. Everyone should **clear the building immediately**. WALK - Do not run.
7. Teachers will supervise egress from the classrooms into the designated Evacuation Areas according to the Emergency Evacuation Routes marked on the maps posted in every classroom and office.
8. If heavy smoke is present, crawl or stay near the floor for breathable air.
9. In case of FIRE ONLY, close the doors upon evacuating.
10. **Teachers will take their roll books and emergency bags** to the evacuation site, **take roll**, and complete an attendance report. Teachers will submit report and identify any missing student(s), Staff Buddies, or other Staff to the Evacuation Area Director.
11. If an emergency evacuation occurs when you are in the corridors, join the nearest class in leaving the building and then report to your designated Evacuation Area.
12. If an exit is barricaded, then the next nearest exit should be used.
13. The Utilities Team shall assist by shutting off gas valves, electricity, etc., or other if necessary for evacuating, putting out the fire, etc.
14. The Command Staff will take the student emergency forms to the Evacuation Area.
15. Notify students and staff if and when it is safe to return to the school site and/or building under the direction of the Fire Department and in consultation with the Superintendent or designee.
16. If it is unsafe to return to the building, students will be supervised and release procedures will be initiated.

Flooding

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate school grounds or buildings. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station. In the event of a flood, the following guidelines should be followed as much as possible:

Incident Commander

1. Determine if evacuation is required.
2. Notify District Superintendent or District Office of intent to evacuate, the location of the safe evacuation site and the route to be taken to that site.
3. Instruct on the means of which students will be evacuated to a safer location. Other guidelines should be kept in mind if students are going to be transported by buses or cars.
4. Post a notice on the office door stating where the school has relocated and inform the District Office.
5. Monitor local radio and television stations for flood information.
6. Notify District Superintendent of school status and action taken.
7. Delegate a search team if students or staff have been determined to be missing.
8. Do not allow staff and students to return to the building until proper authorities have determined that it is safe to do so.

General Staff:

1. If warranted, evacuate students using evacuation plan.
2. Stay calm and remain SILENT. If teachers and students are talking, directions and other information cannot be heard.
3. Teachers will supervise egress from the classrooms into the designated Evacuation Area according to the established Emergency Evacuation Routes marked on the maps posted in every classroom and office.
4. Teachers will take their roll books to the evacuation site, take roll, and complete an attendance report.
5. Teachers will submit report and identify any missing student(s), Staff Buddies, or other Staff to the Evacuation Area Director.
6. If students or staff have been determined to be missing, a search & rescue team will conduct their duties.
7. Follow the Student Request and Release Procedures if school dismissal is warranted by the District Office.

Students and staff will be notified if and when it is safe to return to the school site and/or building under the direction of emergency responders and in consultation with the Superintendent or designee. Do not return to school building until it has been inspected and determined safe by property authorities.

High Heat & Heat Illness Procedures

AR 3514.11

The Board of Education is aware of research the health hazards of smog/smoke/weather extremes. It is intent of the Board to protect the general welfare of parents/guardians, staff and students regarding the health hazards of smog, smoke, and weather extremes.

The Superintendent or designee shall develop administrative regulations for the proper implementation of the policy with the recommendations of the Southern California Air Quality Management District and recognized public safety organizations.

Policy BURBANK UNIFIED SCHOOL DISTRICT

adopted: January 18, 2007 Burbank, California

BP 3514.11

Unhealthy Air Episodes

1. Notification

a. The Pupil Services Department office will receive notification of the air quality index from the Air Quality Management District (A.Q.M.D.). Designated district employees will receive the information daily pertaining to Air Quality Index (AQI) readings and predictions for the day.

b. If a smog episode is predicted, the Pupil Services/Health Services will notify each school site and Directors of Maintenance/Operations, Grounds, and Special Education to prepare for modified activities. Each school and department head will be notified again when an episode has ended.

c. Upon receipt of notification that an unhealthy air episode has been declared, each principal/designee shall be responsible for notifying all students and staff members present that an episode has been declared. Directors of Maintenance/Operations, and Grounds shall be responsible for notifying department employees of the declared episode.

d. School Principal or designee and Special Education Director/designee shall notify transportation companies.

e. Once a smog/smoke episode has been declared, the procedures required by these regulations shall remain in effect until notification has been received that the episode has ended or until sunset, whichever occurs first.

2. Health Advisories

a. Sensitive (AQI 101-150)

(1) Sensitive people: includes students with asthma, other respiratory problems or heart disease, students with notes from physicians, and students who are complaining about the effects of unhealthy air.

(2) Students designated with sensitivity to unhealthy air may participate in an activity/event while self-limiting their participation

b. Unhealthy (AQI 151-200)

(1) Everyone, including healthy adults and children, should avoid prolonged periods of vigorous outdoor exercise (not to exceed 10 minutes). Short bursts of physical activity that do not increase the rate and depth of respiration for extended periods of time may be acceptable.

(2) Less vigorous activities that may be continued for extended time periods.

c. Stage 1 Smog Alert - Very Unhealthy (AQI 201-274)

(1) Any student with respiratory or heart problems, or whose physician has so requested, should be exempt from and physical activity during this stage and should remain indoors where possible. This includes students who are complaining about the effects of unhealthy air.

(2) The intent of this directive is to allow the continuance of a modified physical education and recreation program during the first stage while avoiding strenuous exercise, which might injurious to a student's health.

(3) In determining whether a proposed activity can be conducted during declared smog alert, supervising personnel shall examine each proposed activity to determine its potential for unmistakably increasing the respiration rate for an extended period. The intensity of an activity may be the deciding factor as to whether it shall be included in, or excluded from, the program of the day.

(4) League regulations governing interscholastic competition will be honored. It is the responsibility of the home school principal to cancel an outdoor athletic event if a prediction is made by the S.C.A.Q.M.D. at least one hour prior to the scheduled event. The intent of this regulation is to provide enough lead-time on cancellation to stop officials and visiting teams from unnecessary travel and to minimize confusion, which will always accompany a cancellation. This is based on the assumption that any Stage 1 alert that might develop without a prediction would be at a minimal level.

d. Stage 2 Smog Alert (AQI 275-299)

(1) All unnecessary physical activity will be avoided. Scheduled non-physical activities such as board games, video games, arts and crafts, and slow walking. Every effort should be made to keep students indoors.

(2) In the event that an unpredicted Stage 2 alert is declared, the interscholastic competition and physical exercise shall cease immediately.

e. Stage 3 Smog Alert (AQI 300 or above)

All schools will be closed if notification is received by 11 a.m. on the day prior to the anticipated Stage 3.

Heat/Humidity

1. Outdoor activities by students and staff shall be modified to prevent heat stroke/heat exhaustion during hot weather.

2. When temperatures are 80 to 94 degrees Fahrenheit, the following precautions shall be taken for students involved in outdoor exercise and/or events:

a. Provide adequate time (at least 10 minutes per hour) for water breaks, rest and cooling for every half hour of physical activity.

b. Staff should review the Confidential Health Concerns notification provided by Health Service for those students who may be at risk.

c. During period of moderate to high humidity, avoid prolonged vigorous activity.

3. When temperatures are above 94 degrees Fahrenheit, the following precautions should be taken:

- a. Follow items 2a and 2b above.
- b. All vigorous outdoor activity may be suspended.
- c. Limit outdoor activities to short periods of time.
- d. Watch carefully all athletes/students and especially those with health concerns.
- e. Limit athletic practices to short, non-vigorous work-outs.

Cold Weather

1. During periods of cold weather, school staff shall determine the availability of outdoor activity for students based on:

- a. Wind factor
- b. Student history of cold-related illness such as circulatory impairment, diabetes, etc.

2. The following precaution shall be taken to avoid cold-related illness:

- a. Vary activity level according to the temperatures.
- b. Avoid prolonged periods of outdoor exposure, especially during less vigorous activity.

Site Modifications

1. In addition to district regulations, each school shall establish guidelines to be used in implementation of the policy at the site. The principal/designee shall appoint a school site team to:

- a. Assess the physical site, including the availability of shady areas, amount of grass, blacktop and accessibility of drinking fountains.
 - b. Define and identify sensitive students at the site, using the Confidential Health Concerns notification provide by health services.
- Consider also:

Students with notes from physicians regarding activity restrictions relative to unhealthy air and/or temperature.

- c. Develop a plan to quickly notify these identified students when necessary.
- d. Identify indoor areas for student activity and establish a plan for supervision.
- e. Develop a list of suggested outdoor and indoor activities related to specific unhealthy air episodes, temperature extremes, and weather conditions considering school population, equipment and space available.
- f. Consider modification of class schedules to allow physical education classes to be conducted in the morning.
- g. Identify resources for student curriculum regarding effects of unhealthy air, temperature extreme, and preventative measures.
- h. Develop a site plan based on the above considerations, with review by student Services/Health Service staff.
- i. Communicate the school site plan to the Chief Facilities and Development Superintendent/designee for review.

j. Communicate the school site plan to students, parents/guardians, and staff.

Regulation BURBANK UNIFIED SCHOOL DISTRICT

approved: January 18, 2007 Burbank, California

Heat Illnesses: Symptoms, Causes, and Immediate Treatment

The three major forms of heat illnesses are heat cramps, heat exhaustion, and heat stroke. If a student shows any of the heat illness symptoms listed, first aid procedures are to be initiated immediately.

Heat Illness	Symptoms	Causes	Immediate Treatment
Sunburn	• Redness, pain, and/or swelling of skin • Blisters • Fever & headaches	• Exposure to high heat and ultraviolet radiation from the sun	• Leave water blisters intact to speed healing and avoid infection • If blisters break, apply dry sterile dressing • Refer serious cases to a physician
Dehydration	• Dry mouth • Thirst • Headache • Dizziness • Muscle cramps • Excessive fatigue • Decreased performance	• Lack of hydration	• Move student athlete to cool environment • Initiate oral rehydration • Maintain hydration throughout • If student fails oral rehydration (due to excessive nausea or vomiting) transport to medical facility for intravenous fluids
Heat Cramps	• Heat cramps are muscle pains or spasms, usually in the abdomen, arms, or legs that might occur in association with strenuous activity • Frequently occur sometime later after strenuous activity, or when relaxing	• Caused by heavy sweating during strenuous activity • Sweating depletes the body's salt and fluids. • Low salt levels in the muscles can cause painful cramps	• Stop all activity and sit in a cool place • Drink water, clear juice, or a sports beverage • Avoid drinking alcohol, soda, caffeine and sugar drinks • Avoid strenuous activity for a few hours after the cramps subside
Heat Exhaustion	• Heavy sweating • Paleness • Muscle cramps • Tiredness/weakness • Dizziness • Headache • Nausea or vomiting • Fainting • Cool & moist skin • Fast & weak pulse rate • Fast & shallow breathing	• Heat exhaustion can develop after several days of exposure to high temperatures • Inadequate or unbalanced replacement of fluids • Exercising in a hot environment	• Move out of the sun and seek a cool air-conditioned environment • Rest • Take a cool shower, bath, or sponge bath • Remove restrictive clothing, equipment, and helmets • Drink water, clear juice, or a sports beverage • If nausea occurs, discontinue drinking water and seek immediate medical attention
Heat Stroke	• Rectal body	• Body Temperature	• If heat stroke is suspected, CALL 911

Heat Illness	Symptoms	Causes	Immediate Treatment
	temperature of 104°F or higher • Red, hot, and dry or moist skin • Rapid, strong pulse • Throbbing headache • Dizziness • Nausea • Confusion • Unconsciousness	rises rapidly • Sweat process fails • Body is unable to cool down	IMMEDIATELY • Move to shade/cool environment • Remove restrictive clothing, equipment, and helmets • Rapidly cool the ill person (immerse in cool water, cool shower, spray or sponge with cool water, apply ice bags at the neck, armpit, and groin area) • Monitor temperature and continue cooling until temperature drops to 101-102°F • Remove person from water to prevent overcooling • Provide sips of water • If emergency personnel are delayed, call the emergency room for further instructions • Ill person should be transported to the hospital for observation even after all field treatment has been successful

Lockdown Procedures

A lockdown will be initiated for one or more of the following situations: a major incident in the community or on campus or information from the police department. This may include situations such as rioting, a hostage situation, or a weapon or threat on campus. For the protection of all occupants of the building, in case of a lockdown, the following procedures have been established:

1. A lockdown may be initiated by an announcement over the PA, the announcement from the lockdown button, radio communication, text or email. Gunfire or other commotion may indicate the need to immediately lockdown.
2. Lock the doors, turn off lights, close the blinds, and stay out of sight. **Do not open a door after a lockdown initiation under any circumstances.**
3. Take cover within the room and consider preparing to go on the offensive.
4. Notify police, call 911. Advise police if you know the location, description or identity of the threat, or if you need medical direction for a victim.
5. Students, staff, or visitors found outside of classrooms during a lockdown initiation are to find the nearest shelter available. They are to remain under the supervision of the staff member in this location until it has been determined it is safe to leave.
6. Ignore all other bells. If a fire bell sounds during a lockdown, you are to remain in your room or secured location until advised what to do via E-mail, text, telephone, or public address system. Do not automatically evacuate until you receive specific instructions.
7. Notify Superintendent or designated District EOC, if possible.
8. Do not attempt to restrain a student who runs outside.
9. If possible, silently take roll and account for students and staff. Notify Command Staff (via E-mail, text, or phone) of any missing persons or persons who were swept in from the outside.
10. Communication during the lockdown will take place via text or E-mail. Continue to monitor your texts or e-mail. Once the school is secured, a text or e-mail will be sent giving information relative to the situation. For extended lockdowns, regular texts or E-mails will be sent to staff members by the principal or designee to provide updates or to let you know that there is no updated information at this time. NOTE: When dialing 911, the school's black digital Cisco phones inform Burbank police dispatch of your exact building and room location.
11. Until specific directions are given, students should not use cell phones to place calls, send texts, or access the internet or social media. All cell phones must be silenced. If the lockdown lasts for an extended period of time, directions will be given to teachers by e-mail, text, or phone as to how cell phones or other communication devices may be used by students.

12. The door to your room may be opened by administration or emergency responders to put in students/visitors who are caught out in the hallways during the lock down.
13. The lockdown will be lifted when judged to be safe by the police department, district personnel, or the Incident Commander. At that time, a school wide announcement will be made, or authorized personnel will go door-to-door, with a master key, and notify each classroom individually.

PLEASE NOTE: Lockdowns may last for several hours. Using the lockdown buckets, create relief stations for your students and yourself using the emergency buckets.

Site Specific Lockdown Procedure

Staff need to bring out safety backpacks and buckets during all drills.

Medical First Aid Procedures

All Medical First Aid & Morgue Teams will assign a Team Leader and report all activity and incident information to the Medical First Aid Director. The Medical First Aid Director will report to the Operations Chief. During an incident the following First Aid & Morgue procedures will be followed:

Medical First Aid & Morgue Procedures

1. Retrieve Medical First Aid supplies from the emergency supplies container.
2. Set up Medical First Aid and Morgue areas. The Morgue area should be in as private an area as possible and as far from human activity as possible.
3. As victims arrive conduct proper triage procedures.
 - Sort victims according to injury severity (Immediate, delayed, deceased) and tag all victims with a chief complaint using a triage tag or duct tape.
 - List on the tag or tape: Category, time & victim number. If possible, identify individual.
4. Place victims in separate and distinct treatment areas, laying victims head to toe (one row per First Aid Team member).
5. If an individual must be moved, prepare victim for transport (cover all open wounds, splint fractures, and make patient comfortable).
6. Monitor victims' condition(s) and recheck periodically to evaluate if condition has changed. "Treat as you go...from head to toe."
7. Keep log of information and destinations of patients.
8. Maintain cleanliness throughout area!

Return-to-Play Considerations

When staff members are determining whether or not students should return to play after exhibiting signs of or diagnosed heat illness, the following considerations must be made during the assessment.

Dehydration:

- If degree of dehydration, as assessed by the supervising staff or coach, is minor and the student is symptom-free (see symptoms list), continued participation may be deemed as acceptable.
- If there is any concern for continuation of symptoms after oral rehydration on the field the student should be held out from continued participation.

Heat Cramps:

- Student should refrain from physical activity until resolution of symptoms.
- When symptoms have resolved, student should be assessed to determine if he/she can perform at the level needed for successful participation.
- If the episode was acute or severe, the student's diet, rehydration practices, electrolyte consumption, fitness status, level of acclimatization, and use of dietary supplements should be reviewed and modified to reduce the risk of recurrence.

Heat Exhaustion:

- Student should be symptom-free and fully hydrated.
- Avoid intense practice in heat for one day to ensure recovery from fatigue and dehydration.
- Physician clearance is recommended to rule-out possible underlying condition(s) that may predispose the student athlete for further problems.

Heat Stroke:

- Student should be symptom-free and fully hydrated.
- Medical clearance from student's physician is strongly recommended.
- To avoid recurrence, be sure to rule out any underlying condition or illness that predisposed the athlete to the heat illness.
- Avoid intense practice in heat for one day to ensure recovery from fatigue and dehydration.
- Correct any acclimatization and fitness level problems before player returns to full intensity training in heat.

Search & Rescue Procedures

All Search & Rescue Teams will assign a Team Leader and report all activity and incident information to the Search & Rescue Director. The Search and Rescue Director will report to the Operations Chief. During an incident the following Search & Rescue procedures will be followed:

1. After you have taken your class to the designated assembly area, take attendance.
2. Team up with other members of your S&R team. If any of your team members do not arrive, please notify someone at the S&R Team Command Post. You may be assigned another partner.
3. If you are a team leader, get a walkie-talkie and a master key from the Sweep Team Command Post.
4. Retrieve a backpack with your supplies.
5. You will be given a map of your assigned rooms to search based on intel that a person was last seen in that room.
6. Enter room only if directed or if you see or hear something requiring investigation, and then, only if it seems safe. Make a slash (\) on the door to indicate that you entered.
7. If you find any casualty, administer lifesaving first aid only. Locate a person in the area with a walkie-talkie and call for a stretcher if necessary.
8. After searching a classroom and conducting any necessary rescues, make another slash (/) to create an X upon exiting the room. Write the date and time in the upper quadrant of the X, your SR Team # in the left quadrant, any hazards discovered in the right quadrant, and number of remaining live or dead victims in the lower quadrant of the X.
9. Upon conclusion of your search, return to the Incident Command Post.

Important: While conducting a rescue, use radios for emergency contact only, such as, reporting an injured team member, requesting additional assistance to rescue victims, or reporting severe room damage and aborting the rescue.

Site Specific Search and Rescue Procedure

Search & Rescue Marking System for Rooms

Enter room only if directed or if the team sees or hears something requiring investigation, and then only if it seems safe to enter. Make one slash if entering room and the other when exiting (or moving on to next room). Have paper, tape and Sharpies in S&R kit unless you just want to write on the door. Fill in as much info as possible, but if time is limited, try to at least get the time & date on there.

Other hazards might be wires down, broken glass, flooding.

Shelter in Place

Shelter in place will be initiated when there is a need for personal protection within buildings on a school campus or within a district building. Shelter may be necessary during one or more of the following situations: an incident involving an airborne contaminant from a hazardous material exposure, outdoor environment contamination, a chemical or biological spill, severe weather, a wildlife event or smoke from a local fire. For the protection of all occupants of the building the following procedures have been established:

1. A public address announcement will initiate Shelter-in-Place. For example, "*Shelter in Place, a hazardous chemical leak has been reported in the neighborhood surrounding our school.*"
2. During an incident involving a hazardous material exposure or outdoor environment contamination the Command Staff or Campus Security Director should **immediately shut off fans and/or HVAC systems** to prevent indoor contamination. Some systems automatically provide for exchange of inside air with outside air. These systems, in particular, need to be turned off, sealed, or disabled. (*Shutting down HVAC may require shutting down entire electrical system.)
3. If necessary, notify emergency responders, call 911. Advise emergency responders if you know the location of the threat or if you need medical direction for a victim.
4. Notify Superintendent or designated District EOC.
5. Immediately close doors, close windows, seal air vents, and stay inside. Do not go outdoors unless otherwise instructed. Consider precutting plastic sheeting (heavier than food wrap) to seal windows, doors, and air vents. Each piece should be several inches larger than the space you want to cover so that it lies flat against the wall. Label each piece with the location of where it fits.
6. Students, staff, or visitors found outside of classrooms during a Shelter-in-Place initiation are to find the nearest shelter available. They are to remain under the supervision of the staff member in this location until it has been determined it is safe to leave.
7. Avoid Shelter-in-Place in a room with mechanical equipment like ventilation blowers or pipes, because this equipment may not be able to be sealed from the outdoors. Gyms and auditoriums may not be able to be sealed.
8. Take roll and account for students and staff. Notify Command Staff (via email or telephone) of any missing persons or persons who were swept in from the outside. Report anyone in need of medical attention.
9. Communication during Shelter-in-Place will take place via email, P/A and/or telephone. Continue to monitor your email, information relative to the situation will be distributed. For extended Shelter-in-Place situations, regular emails will be sent to staff members by the principal or designee to provide updates or to let you know that there is no updated information at this time. NOTE: Communication with substitutes will take place via telephone. Please limit classroom telephone use to emergencies only.
10. Listen for further instructions until you are told all is safe or to evacuate. Local officials may call for evacuation in specific areas at greatest risk in your community.

Structured Reunification of Students with Parents/Guardians

Depending upon the emergency response circumstances, family reunification with children may occur offsite.

1. Upon arrival parents check in at a Request Gate, show identification, verify emergency contact, and request their child for pick up.
2. Staff direct families to the Reunion Gate while additional staff call for or collect the children to reunite with families at the Reunion Gate.

Reunification Gate is located on Winona.

Suicide Prevention

BUSD BP 5141.52

The Board of Education recognizes that suicide is a leading cause of death among youth and that school personnel who regularly interact with students are often in a position to recognize the warning signs of suicide and to offer appropriate referral and/or assistance. To attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop measures and strategies for suicide prevention, intervention, and postvention.

In developing measures and strategies for use by the district, the Superintendent or designee may consult with school health professionals, school counselors, school psychologists, school social workers, administrators, other staff, parents/guardians, students, local health agencies, mental health professionals, and community organizations.

(cf. [1020](#) - Youth Services)

(cf. [1220](#) - Citizen Advisory Committees)

(cf. [1400](#) - Relations Between Other Governmental Agencies and the Schools)

Such measures and strategies shall include, but are not limited to:

1. Staff development on suicide awareness and prevention for teachers, school counselors, and other district employees who interact with students in the secondary grades

(cf. [4131](#) - Staff Development)

(cf. [4231](#) - Staff Development)

(cf. [4331](#) - Staff Development)

2. Instruction to students in problem-solving and coping skills to promote students' mental, emotional, and social health and well-being, as well as instruction in recognizing and appropriately responding to warning signs of suicidal intent in others

(cf. [6142.8](#) - Comprehensive Health Education)

3. Methods for promoting a positive school climate that enhances students' feelings of connectedness with the school and that is characterized by caring staff and harmonious interrelationships among students

(cf. [5131](#) - Conduct)

(cf. [5131.2](#) - Bullying)

(cf. [5137](#) - Positive School Climate)

(cf. [5145.3](#) - Nondiscrimination/Harassment)

(cf. [5145.7](#) - Sexual Harassment)

(cf. [5145.9](#) - Hate-Motivated Behavior)

4. The provision of information to parents/guardians regarding risk factors and warning signs of suicide, the severity of the youth suicide problem, the district's suicide prevention curriculum, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis

5. Encouragement for students to notify appropriate school personnel or other adults when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions

6. Crisis intervention procedures for addressing suicide threats or attempts

7. Counseling and other postvention strategies for helping students, staff, and others cope in the aftermath of a student's suicide

As appropriate, these measures and strategies shall specifically address the needs of students who are at high risk of suicide, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance use disorders; students who are experiencing homelessness or who are in out-of-home settings such as foster care; and students who are lesbian, gay, bisexual, transgender, or questioning youth. (Education Code [215](#))

Policy BURBANK UNIFIED SCHOOL DISTRICT

adopted: January 18, 2018 Burbank, California

BUSD AR 5141.52

Staff Development

Suicide prevention training shall be provided to teachers, counselors, and other district employees who interact with students at the secondary level. The training shall be offered under the direction of the district Director of Wellness in cooperation with one or more community mental health agencies and applicable staff.

(cf. [4131](#) - Staff Development)

(cf. [4231](#) - Staff Development)

(cf. [4331](#) - Staff Development)

Training materials shall include research-based approaches to addressing youth suicide, how to identify appropriate mental health resources at the school site and within the community, and when and how to refer youth and their families to resources and services. Training materials may be provided virtually for self-review. (Education Code [215](#))

Staff development shall include research and information related to the following topics:

1. The higher risk of suicide among certain groups, including, but not limited to, students who are bereaved by suicide; students with disabilities, mental illness, or substance abuse disorders; students who are experiencing homelessness or who are in out-of-home

settings such as foster care; students experiencing harassment, trauma, or violence; and students who are lesbian, gay, bisexual, transgender, or questioning youth

2. Individual risk factors such as previous suicide attempt(s) or self-harm, history of depression or mental illness, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, trauma, family instability, impulsivity, and other factors

(cf. [5131.6](#) - Alcohol and Other Drugs)

3. Warning signs that may indicate depression, emotional distress, or suicidal intentions, such as changes in students' personality or behavior and verbalizations of hopelessness or suicidal intent

4. Protective factors that may help to decrease a person's suicide risk, such as personal/social skill development including interpersonal communication skills, problem-solving skills, and accessing resources; resiliency building skills such as goal-setting, problem-solving, and coping skills; access to mental health care, and positive connections to family, peers, school, and community

5. Instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health

6. School and community resources and services, including resources and services that meet the specific needs of high-risk groups

(cf. [5141.6](#) - School Health Services)

(cf. [6164.2](#) - Guidance/Counseling Services)

7. District procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide

Instruction

The district's comprehensive health education program shall promote the healthy physical, mental, emotional, and social development of students and shall be aligned with the state content standards and curriculum framework. Suicide prevention instruction shall be incorporated into the health education curriculum at appropriate secondary grades and shall be designed to help students:

1. Recognize signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can spark feelings of hopelessness, helplessness, or worthlessness leading to self-harm including suicide

2. Personal/social skill development including decision making, coping, goal setting, interpersonal communication, analyzing influences, and managing personal health choices leading to resiliency and self-efficacy

3. Destigmatize substance abuse, trauma, mental illness, mental disorders, and self-harm including suicide

4. Identify trained and trusted adults at school or within the community as well as crisis intervention resources where youth can get help for themselves or suicidal peers

(cf. [1020](#) - Youth Services)

(cf. [5131.6](#) - Alcohol and Other Drugs)

(cf. [5141.6](#) - School Health Services)

(cf. [6142.8](#) - Comprehensive Health Education)

(cf. [6164.2](#) - Guidance/Counseling Services)

Intervention

Students shall be encouraged and empowered to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of self-harm, including suicide, or when they suspect or have knowledge of another student's self-harm or suicidal intentions.

Every statement regarding suicidal intent shall be taken seriously. Whenever a staff member suspects or has knowledge of a student's suicidal intentions based on the student's verbalizations or act of self-harm, he/she shall promptly notify the principal and school counselor, nurse, or other designated qualified personnel.

Although any personal information that a student discloses to a school counselor shall generally not be revealed, released, referenced, or discussed with third parties, the counselor may report to the principal or student's parents/guardians when he/she has reasonable cause to believe that disclosure is necessary to avert a clear and present danger to the health, safety, or welfare of the student. In addition, the counselor may disclose information of a personal nature to psychotherapists, other health care providers, or the school nurse for the sole purpose of referring the student for treatment. (Education Code [49602](#))

(cf. [5141](#) - Health Care and Emergencies)

A school employee shall act only within the authorization and scope of his/her credential or license. An employee is not authorized to diagnose or treat mental illness unless he/she is specifically licensed and employed to do so. (Education Code [215](#))

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall receive training that includes identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

(cf. 5138 - Conflict Resolution/Peer Mediation)

When a suicide attempt or threat is reported, the principal or designee shall ensure student safety by taking the following actions:

1. Immediately securing medical treatment and/or mental health services as necessary
2. Notifying law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
3. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene
4. Removing other students from the immediate area as soon as possible

(cf. [0450](#) - Comprehensive Safety Plan)

(cf. [5141](#) - Health Care and Emergencies)

The principal or designee shall document the incident in writing, including the steps that the school took in response to the suicide attempt or threat.

(cf. [5125](#) - Student Records)

The Superintendent or designee shall follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed. If the parent/guardian does not access treatment for the student, the Superintendent or designee may meet with the parent/guardian to identify barriers to treatment and assist the family in providing follow-up care for the student. If follow-up care is still not provided, the Superintendent or designee shall consider whether he/she is required, pursuant to laws for mandated reporters of child neglect, to refer the matter to the local child protective services agency.

(cf. [5141.4](#) - Child Abuse Prevention and Reporting)

For any student returning to school after a mental health crisis, the principal or designee and/or school counselor may meet with the parents/guardians and, if appropriate, with the student to discuss re-entry and appropriate next steps to ensure the student's readiness for return to school.

Postvention

In the event that a student dies by suicide, the Superintendent or designee shall communicate with the student's parents/guardians to offer condolences, assistance, and resources. In accordance with the laws governing confidentiality of student record information, the Superintendent or designee shall consult with the parents/guardians regarding facts that may be divulged to other students, parents/guardians, and staff.

The Superintendent or designee shall implement procedures to address students' and staff's grief and to minimize the risk of imitative suicide or suicide contagion. He/she shall provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors, school psychologists, or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Any response to media inquiries shall be handled by the district-designated spokesperson who shall not divulge confidential information. The district's response shall not sensationalize suicide and shall focus on the district's postvention plan and available resources.

(cf. [1112](#) - Media Relations)

After any suicide or attempted suicide by a student, the Superintendent or designee shall provide an opportunity for all staff who responded to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

Regulation BURBANK UNIFIED SCHOOL DISTRICT

approved: January 18, 2018 Burbank, California

Preventing Youth Suicide

Warning Signs of Suicide

- Direct threats of suicide such as "I am going to kill myself".
- Indirect threats of suicide such as "I wish I could fall asleep and never wake up."
- Seeking out ways to die or kill oneself.
- Talking about feeling trapped or in unbearable pain.
- Displaying mood swings, showing rage or talking about seeking revenge.
- Prior indicated risk of suicidal or prior suicidal behavior.
- Suicidal posts, plans, notes, or messages.
- Deliberate self-injury such as running into traffic, jumping from heights, or cutting/scratching/markings the body.
- Unusual changes in behavior, appearance, feelings, or actions.

The more of these signs, the greater the risk.

NASP, 2015 and National Suicide Prevention Lifeline, 2018

What to Do if Warning Signs Exist

- Try to remain calm.
- Provide constant supervision, do not leave the person alone.
- Remove any firearms, alcohol, drugs, or sharp objects that could contribute to a suicide attempt.
- Ask: "Are you thinking about suicide?"
- Listen and focus on concern for the person in non-judgmental tones and words.
- Seek immediate support from your pediatrician, community mental health provider, local police mental health team, or hospital. You may also phone **1-800-273-8255** 24/7 for immediate support.

NASP, 2015 and National Suicide Prevention Lifeline, 2018

Suicidal Risk Factors

Individual level: history of depression and other mental illnesses, hopelessness, substance abuse, certain health conditions, previous suicide attempt, violence, victimization and perpetration, and genetic and biological determinants.

Relationship level: high conflict or violent relationships, sense of isolation and lack of social support, family/loved one's history of suicide, stress at work, school, or with finances.

Community level: inadequate social or community connections, barriers to or lack of health care.

Social level: availability of lethal means of suicide, unsafe media portrayals of suicide, stigma associated with help-seeking and mental illness.

CDC, 2017

Suicidal Protective Factors

- Implement "Safe Storage Practices" including locking drugs/medicines, guns/weapons, sharp objects.
- Teach, model, and reinforce resiliency skills such as coping strategies, conflict resolution, critical thinking, and emotional expression skills.
- Participate in parent/child relationship-building programs that enhance positive parent/child interactions and improve child's behavioral, social, and emotional skills and abilities.
- Work with professionals to help the person at risk create a safety plan.
- When talking, blogging, commenting, social networking about suicide, include stories of hope, resiliency, and coping skills as well as the warning signs and links to treatment, services, and helplines.

CDC, 2017

**SITE GUIDANCE FOR SUPPORTING STUDENTS IN CRISIS***

If direct or indirect information is received that a student may have suicidal ideations or be in danger of self-harm, please follow these guidelines.

***IF THIS IS AN EMERGENCY: DIAL 911**

1. Do not leave the student unattended.
2. Immediately notify the site administrator/designee.
3. Site administrator/designee phones Family Service Agency of Burbank (FSA) at: **818-845-7671** to determine if the student is supported by FSA since FSA may be able to provide counseling support. FSA contacts parents and updates site administrator/designee that same day.
4. If the student is not supported by FSA, seek support from BUSD school psychologist.
5. If BUSD school psychologist is unavailable, contact the BUSD School Psychology office and ask for immediate site support at: **818-729-4449**.
6. If BUSD school psychologists are unavailable or if additional support is needed for a student crisis assessment, contact Burbank Police Dispatch at: **818-238-3000** and ask for the Burbank PD Mental Health Evaluation Team (MHET). Provide details as requested by Burbank PD.
7. Notify parents once school psychologist, FSA, or BPD-MHET assessment has been made.
8. If the student is transported to a medical facility by Burbank PD, the school administrator/designee E-mails a notification of a "5585 transport by Burbank PD" along with: **the student's ID#, the BPD Report #, whether parents were at school or will meet at the hospital to:**
 - ✓ JohnParamo, Director of Secondary Education if a secondary school student
 - ✓ Stacy Cashman, Director of Student Services or
 - ✓ Peter Knapik, Director of Elementary Education if an elementary school student
 - ✓ Kimberley Clark at District Office
9. In AERIES, Administrator notes: "School Removal 5585" under the GUIDANCE tab in the DISCIPLINE screen.
10. Administrator engages school nurse, school psychologist, and at secondary schools the school counselor for support plan for student upon return to school.

10/23/19

***IF THIS IS AN EMERGENCY: DIAL 911**

DOCUMENTATION & RECORDKEEPING

In this section, compliance with SEMS shall be documented in areas of planning (development, revisions, reviews), training, exercises (drills), and performance (activities performed during emergency where SEMS was implemented) per California Code of Regulations, Title 19, Division 2, Chapter 1, §2443 (b).

Planning Recordkeeping

Planning records of the emergency plan and procedures pursuant to the SEMS regulation will be maintained as documentation of compliance. Planning may include the development, revisions, or changes made to the plan or its procedures.

Exercises Recordkeeping

Documentation of SEMS emergency plan and procedures exercises performed throughout the year will be maintained as records of compliance. Exercises may include mandated drills and participation in the great shakeout drill.

Training Recordkeeping

SEMS training provided for identified emergency response personnel is documented and records are maintained within the program or integrated with the school's training documentation system. Training records for employees holding an emergency response role should be maintained for the duration of his/her employment.

The following training records will be maintained:

1. Name of the training course
2. Name of instructor
3. Location of training
4. Date of training
5. Documentation of the school's SEMS training program (including copies of the training materials used, such as, instructor syllabus, lesson plans, exercises, and tests)

Performance Recordkeeping

Performance records of the actions and activities executed during an incident according to the established emergency plan and procedures pursuant to the SEMS regulation will be maintained as documentation of compliance. Performance includes all activities performed during the emergency where SEMS was used or implemented.

Certification of Assurances

Burbank Unified School District Comprehensive School Safety Plan Senate Bill 187 Certification of Assurances

George Washington Elementary School in Burbank Unified School District, has a safe campus with an environment that is conducive to learning.

The attached Comprehensive School Safety Plan (CSSP) is in compliance with the provisions required for Senate Bill 187, Chapter 73. This plan has met the following requirements:

1. The attached CSSP contains the required components required by Education Code 32280-32289.
2. The School Site Council includes the following representatives: Principal and/or Assistant Principal, BTA certificated employee, BUSD-CSEA classified employee, and parent representatives.
3. The School Site Council consulted with law enforcement and fire agencies when writing this plan. (NEMS)
4. The School Site Council conducted a public hearing on the plan in order for the public to express an opinion on the plan.
5. The School Site Council adopted the recommended CSSP.
6. A copy of the CSSP has been provided to the Superintendent or designee.
7. The Board of Education adopted the original plan on . It has been updated this year on .
8. Information in the plan will be disseminated to all teachers, parents, and students.
9. School Site Council Meeting Date: 10/30/2019
10. Board of Education Meeting Date:

Principal

BTA Member

Parent Representative

School Site Council Representative

CSEA Member
