Valedictorian & Salutatorian

By Chase Bukowski,
Opinion Editor, and
Lucy Burish,
Cub Reporter

John Burroughs High School has announced Niyanth Mahesh as the Valedictorian of the Class of 2023! Niyanth has a passion for engineering and is using that drive to fuel his academic success.

Niyanth's dedication to his studies is unparalleled. He spends his free time creating small projects that allow him to explore his interest in engineering and design.

Upon graduating from JBHS, he plans to attend the Georgia Institute of Technology to pursue a degree in Mechanical Engineering.

In addition to his academic pursuits, Niyanth is actively involved in various extracurricular activities. He is a member of the school's Varsity Tennis team, the Robotics team, and the Cycling Club, where he is the current president.

When asked about his course schedule, Niyanth described the classes he is taking in the following order, "I'm taking AP Computer Science, I'm an academic mentor for Algebra 1, and then I have AP Chemistry, AP Government, AP Spanish, TA for AP Physics, AP Physics C, and Tennis." He shared that his favorite course is AP Physics C, as he enjoys solving problems and finding solutions to challenging tasks.

Niyanth has also developed strong relationships with his teachers during his time at Burroughs. His favorite teacher is Ms. Carlton, as she teaches three of his eight classes.

Niyanth's dedication to his studies and extracurricular activities is commendable, given his busy schedule. Balancing both academics and extracurriculars requires excellent time management skills and a strong work ethic, which Niyanth has demonstrated throughout his time here.

As Niyanth's time at JBHS comes to a close, he is looking forward to pursuing his academic and professional goals. He is an exceptional student, and his hard work and dedication have paid off in being named the Valedictorian of the Class of 2023 at JBHS.

The faculty and staff at JBHS are proud of Niyanth's accomplishments and wish him the best of luck in his future endeavors!

Congratulations to our Senior class Salutatorian for the 2022-2023 school year: Sofie Hagen-Smith! She has been a Burroughs student for all four years of her high school career, and will graduate this spring at seventeen years old!

Sofie is well-rounded academically and very involved in extracurriculars. In addition to her demanding academic schedule filled with AP classes, Sofie also tutors 4th and 5th graders in math, and is an active participant and graphics manager for the Women in Stem Club. She is also a long term volunteer at the Discovery Cube Los Angeles, and gives civil engineering lessons to fifth graders through a program titled "We Love Building Green."

During her free time, Sofie plays 1st Flute and Piccolo in the Los Angeles Youth Orchestra. She is also an avid Girl Scout in our community, helping to organize and participate in numerous community service projects. Sofie is clearly immensely skilled at time management!

The second semester of Senior year is arguably the most challenging and crucial time period for high school students. From college decisions to senior activities to maintaining grades and a social life, many are struggling to keep up! Some advice that Sofie would give to Seniors during this chaotic and stressful time is to "keep up grades and do well on exams as graduation approaches!"

It is important to remember that all seniors are facing the same intense schedule. So, the small things such as drinking water, getting sleep, and finding ways to relax and enjoy yourself can truly make a difference in your mental health! We have such little time as graduation day draws nearer, so try your best to cherish this time. It only happens once, and you can't go back after it's over!

For college, Sofie plans to attend UCLA, majoring in Civil Engineering and minoring in Environmental Studies. She hopes to enter a career in "designing environmentally sustainable buildings and to design our cities in the future."

We wish her the best of luck going forward, and congratulate her as our Salutatorian at Burroughs for the class of 2023! Go Bears!

Year-End Roundup

By Molly Boyke
Editor-in-Chief

With our Spring Sports concluding their seasons and our performing arts programs holding their final shows, the last few months of the semester are the busiest time of the year. As the 2022-2023 school year draws to a close, let's look at what our Burroughs Bears are doing to finish the semester strong.

Though the semester may be ending, Spring Sports are in full swing! Girls' Softball has had an exceptional playoffs season so far! Their first game against Buena resulted in a 6-0 win for the Bears. Senior Player Stevie Dabaddie was on fire, not giving up a hit. Her team had her back, giving her 6 runs. The Bears were up against Chino High for the second round of playoffs. "We came out with lots of energy and our bats could not be stopped," said Junior player Eliza Torres of the game. They were able to put up 10 runs as a result.

They then won their Quarter Final over El Dorado High School 6-5 on Thursday, May 11th. Their next game results, the Semi-final round on May 13 against Fullerton High School, were not known at time of publication. "This game isn't going to be easy and we have to come out with the same energy and keep our strong defense and bats going," commented Junior player Eliza Torres on their upcoming game. At time of writing, the Bears haven't played the game yet, but are bound to play their best regardless of outcome.

During the Prelim tournament at the end of the main season, the Tennis Team's number one doubles team went on a winning streak that led them to the finals. Senior Tennis player Theo Pynchon commented, "We got to experiment with our roster more this season, and it worked out greatly in our favor. I feel like this year we were a more cohesive team than ever before, and I feel like this season in particular was extremely rewarding."

The Boys' Volleyball season ended in victory for the Bears as they finished 2nd in League. Four-year Varsity player Chris Lim said of the season, "We remained a dominant team in League, earning the right to compete against some of the best teams in the country."

Representing the Boys' Golf Team, Junior Adriel Abaoag competed in the CIF Southern Section Northern Division Individual Golf Tournament on May 10th, finishing in 7th place and moving on to the Individual Championships taking place May 18th. The Championship match has not yet happened at time of writing, but Adriel's performance is bound to be un-fore-gettable.

At the CIF SS Division 1 Finals held at Moorpark High School on May 6th, Burroughs Track and Field was front and center with their record-breaking marks. Sophomore Quiana Laughlin placed 8th in the High Jump and Long Jump sections. Her score in the High Jump is the third best mark in JBHS history, and her mark in the long jump is the second highest mark in JBHS history. She will be continuing to compete in the CIF Southern Section Master's Meet on May 13th.

The CIF SS Division 3 Swim Finals held at Riverside Community College on May 6th saw a record-breaking success for our Aquatics Bears. Junior Ryan Lee placed 6th in the 50 Freestyle and 100 Freestyle, with times of 21.67 seconds and 47.58 seconds respectively. As a result of his time in the 50 Freestyle, Ryan now holds five Burroughs Swim records. He stated, "I would like to thank my friends and coaches for such an amazing season. They made this season really fun and memorable."

The VMA won first place at their Nationals Competition in Boston, where the upper choirs spent a few days exploring the city and attending events. At the end of their plane ride home from Boston, Sound Sensations' impromptu public a capella performance was covered by ABC7 Eyewitness News, and multiple students were interviewed and filmed for the story.

At the Spring Concert, the Seniors in the VMA took the stage for the last time, reflecting on the time they spent together and celebrating their achievements. The VMA banquet was a resounding success for all choirs, as they reminisced about their performances while enjoying food and drink together.

As the semester ends, the IMA has been busier than ever! Students in the Concert Bands performed at California Adventure on April 27th, 2023, taking a day trip to the park after a successful recital. The Jazz Band won first place at their Westlake Competition on May 6th, 2023, receiving two superior marks and one excellent mark. Several members of the ensemble, such as saxophonists Alek Sanchez-Tellez and Chelsea Walker, were recognized for their solo performances.

At the band banquet, Seniors as well as underclassmen were honored with awards and viewed a slideshow of the year's events together over a meal. The band's final performance at their "From Page to Stage" concert filled the quad with music from the James Bond, Harry Potter, and Jurassic Park film franchises.

The Dance classes held their annual Spring Concert, where all the students in the Dance program "Danced the Night Away!" Dance 1 and 2, Dance Production, and Dance team wowed their family and friends with their complicated choreography. At the end of the performance, Seniors that had been dancing at JBHS during their time in high school thanked the Dance faculty for their support and said goodbye to the stage they called home.

Drama's Spring play *She Kills Monsters* saw many of our Juniors taking leading roles, preparing to run the program after the Seniors graduate. Seniors Kaylor Toronto and Micaela Bowers took on the roles of Associate Director and Producer respectively, ensuring that everything ran smoothly. Lead Willow Zboray excelled in their role as Tilly, bringing a level of authenticity to the role that the audience emphasized with.

The student-led production of *Twelve Angry Jurors* performed a scene at the annual Drama Banquet, where Drama students from all classes looked back on their productions.

Congratulations to all our Bears for finishing a great year off strong! It's been The Paw Print's pleasure to cover all of JBHS' achievements this year, and we can't wait to see what next year will bring!

Prom 2023, Beauty and the Beast

By Veronica Silva,
Cub Reporter
And Hattie Weinroth
Creative Director

This year ASB put a spin on the classic fairy tale Beauty and the Beast for the Class of 2023's Prom at The Odyssey restaurant in Granada Hills. The hilltop venue enchanted students with a breathtaking view of the San Fernando Valley.

At the entrance, students were greeted by beautiful koi ponds and water fountains adorned with flowers, just like a fairytale. Referencing the mythical rose in the story, red roses were a big part of the theming. The venue was divided into two sections for seating, where the tables were decorated with rose centerpieces. Gold gateways covered by red rose vines marked entrances in both sections.

One section was brightly lit, located near the beverage bar and the picture booth. The other was dimly lit and surrounded the dance floor.

The floor had lots of space for students to dance, and even had gigantic LED boxes for students to stand on! According to Senior Cameron Cisneros, "Prom was bussin" because there were spaces for dancing, to relax, and talk to friends. What caught the attention of many students was a cute "Once upon a Time" sign on a giant story book, making it the perfect picture location.

If students were tired of the loud music and crowds, the patio was available, decorated similarly to the iconic ballroom's balcony in the fairytale. The patio had a gazebo for more picture-taking and a karaoke booth for singing!

Throughout the night, students signed up to perform their favorite songs in front of all their friends. It proved to be a popular spot.

After taking a pictures and dancing, students lined up to grab a plate of food provided by The Odyssey kitchens. There were many options, including salads, chicken, rolls, and pasta.

The night was filled with many different looks, such as sparkles, beautiful mermaid-fitted dresses, and matching couples! A lot of dresses had floral accents to complement the theme.

Senior Ava Gorman was a fan of this year's styles. "It was lovely to see everyone look so put-together and dressed up, it added to the ambiance of the whole event," she stated.

After students voted during the night, the Prom Court announcements occurred at 9:15PM on the dance floor. The venue filled with applause as Prom Court members Brooke Bailey, Izzy Roderick, Marcus Manahan, Lindsey Mazarei, Rylee Stefanelli-Wilson, Cameron Osborne, Roman Yemetz, and Noni Bayarjavhlan accepted their sashes. This year's Prom Royalty, Kyle Angelheart and Molly Boyke, shared a dance to "Love on the Brain" by Rihanna surrounded by the cheering Senior Class. Truly an unforgettable experience!

The music was bumping on the dance floor, and featured nostalgic music by artists like Taylor Swift and HER, whose song "Best Part" played as couples took to the floor for the slow dances. Latin music stole the spotlight when many students came together to line dance to "El Caballo Dorado."

This year's Prom was a success, filled with lots of fun and memories: a tale as old as time that will never be forgotten.

Cartoonist: Molly Boyke

Prom Court

Molly Boyke - "I owe everything to my Molly Maniacs! Forever grateful for the support of all my wonderful friends. Sincerely, it was a dream come true: a Molly Miracle, if you will."

Kyle Angelheart - "It means that everyone in the school definitely likes me more than anyone else."

Izzy Rodriguez - "It's really cool that I got nominated, I'm happy to be a part of it with friends."

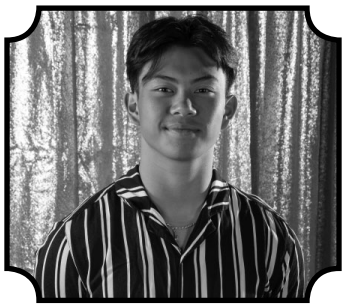

Rylee Stefanelli-Wilson - "It's funny but I'm grateful for it."

Roman Yemetz - ""I am very happy that I was elected as People's Representative on the Prom People's Court! Being your representative, I will fight for having great photos taken of myself I have no power! God bless our nation, and God bless all Burbankers. Long live the People!"

Cameron Osborne - "It's surprising, but cool nevertheless."

Marcus Manahan - "To be on Prom Court is pretty cool. When I told my parents, they were pretty excited, but I didn't think it was that deep. Apparently it's a pretty big thing, so I'm grateful for it, because it's fun to dress up and look very classy, so that's what I'm looking forward to as well."

Noni Bayarjavhlan - "I'm really grateful for this experience and I appreciate all the love and support from my friends. And I didn't really expect it, and I just really want to have a memorable experience, I don't mind if I win or not, I just want to have a good time and have other people have a good time too."

Lindsey Mazarei - "My favorite thing about getting on Prom Court was being able to experience it with my friends Marcus and Izzy. We got on Hoco Court all together, so it was so nice to see my friends up there with me."

Brooke Bailey - "Honestly, I went in with no intention of actually being nominated. I thought it would just be really fun because it's Senior year, it's the last year to do something, so I kinda just was like, 'oh yeah let's do it.' And then I actually was nominated so I think it's just super cool. I was so grateful. Thanks y'all, love you!

Senior Plans / Memories

Madelaine Abutin - "My plans for the future is to graduate as a BSN / RN and continuing school to get a Doctorate Degree in Dermatology." **Deanna Aceves** - "I plan on going to College and hopefully having my own business." **Jayden Addison** - "I plan to go to PCC and apply for jobs in the area but continue living in Burbank for now." / My favorite memory is playing dodgeball in 9th grade P.E. class with all the new friends I made." **Mari Akhvardyan** - " After high school I am going to ICE (culinary school) and I am also taking business classes. I would like to open and run my own restaurant." / "I liked going to my first pep-rally." **Joseph Alfaro** - "As a career, I'd like to go into the automotive industry because it is something I've been passionate about for a while." / "A favorite memory would have to be the sporting events because of the things students would do." **Ashley Alvarez** - "Get a major in business, architecture or fashion." / "All the people I met, the experiences, the good moments and projects." **Nathan Aminov** - "Plan to transfer to a 4-year in California, make new friends, and party hardy." **Zara Amrin** - "Going to CSUN for a BA is Biology. I plan on joining PreMed from there and becoming an EMT in preparation for medical school and doing other extracurriculars." / "Meeting my best friends." **Michael Anglade** - "My favorite memory from JBHS is probably just homecoming this year." **Kyle Angelheart** - "I plan to go to CSUN and study to become a Chemistry Teacher like Walter White. Hopefully I can use my skills from Econ to retire early and live in a mansion." / "I don't have a specific favorite memory, but I'll never forget all the time I spent laughing with my friends." **Nathan Antepara** - "U.S Military." / "Mr. Carman's Video Production class." **Sofie Atondo** - "Meeting so many different people. Getting out of my comfort zone and being social helped me create great bonds and amazing friendships." / "I plan on attending San Jose State University. I plan on pursuing a career in architecture or interior design." **Sophia Bagdasaryan** - "Hanging out with my friends at football games." / "Get my MD at UCSF in Dentistry." **Brooke Bailey** - "For College I have decided to do two years at a Community College at College of the Canyons. I am currently in a girl group named HONEY and we plan to take on the world in July." / "My favorite memory from JBHS would be the Hoco Game last year and all of the Hoco dances. Also going to New York and Boston for my Choir Nationals." **Jacob Ballesteros** - "College." **Alyssa Banuelos** - "After High School I plan to attend Community College and hopefully be accepted into a Flight Attendant Program I like." **Dillon Barnes** - "Planning on going into military reserves/real estate." / "Being on the football/volleyball team." **Chloe Barthelemy -** "My favorite memory of JBHS was the Burroughs on Broadway outdoor rehearsals. It was so much fun to goof off outside with my friends and sing." **Kaian Bates** - "I plan to go to UCI." / "My favorite memory was when I watched every Fast and Furious movie with my friends in one sitting." **Katie Baum -** "For college I will be attending university of Pittsburgh, double major in Political Science and Law, Criminal Justice, and Society. I'm also going to minor in Psych, and pick up a couple certificates along the way. After college I plan on going to law school for criminal defense. Eventually, I hope to run for office and go into politics." / "Surprisingly, Prom." **Noni Bayarjavhlan** - "I will be attending UCLA! I hope to become an optometrist and start my own clinic." / "My favorite memory was meeting Evie and others (See Nicole Mai's quote.)" **Nancy Baylor** - "I'm going to Indiana University to play D1 Water Polo. I plan to major in environmental science." / "My favorite memory was getting to spend time with the Water Polo team everyday throughout all four years." **Frank Beckett** - "After high school, I will be attending Glendale Community College for 2 years before transferring to a 4-year for my Bachelor's in Zoology. I will be running track and field in college, mainly 400m hurdles. I will also be studying electronic music production on the side, along with learning the piano." / "My favorite memory from JBHS was discovering my identity. Track and Field has motivated me to continue bettering myself. I also discovered my sexuality through the pandemic. High school has helped me learn that I want to make a difference in people's lives, and that my life is very fortunate." **Kris Belangue** - "My plans for the future are to work as an accountant and be a part of the real estate business." / "My favorite memory from JBHS was meeting new friends, my girlfriend, and get[ting] to know a lot of staff members along the years." **Valerie Beltran** - "My favorite memory from JBHS is spending time with my friends during lunch." / "My plan after high school is to attend community college. Hopefully after I will transfer to USC, but I am still trying to figure that out." **Michael Beno** - "To take over my family's business with my brother and get rich."/ "None to be honest. Maybe meeting friends." **Montana Benz -** "In the fall I will start my first year of college at the University of Hawaii at Manoa and will study business." / "I love the friends I was able to make!" **Dylan Berger** - I plan on going to PCC to get my general education done and then hopefully transfer to UCSD or BU to become a therapist or a psychologist in criminology." / "My favorite memory from JBHS is definitely just going out with my friends after football games and sports games." **Jarell Bijasa** - "I plan on attending electrician school." / "My favorite memory is playing baseball." **Matthew Biser** - "My favorite memory from JBHS was the Super Smash Bros. and Mario Kart tournament that Yearbook held." / "I plan on living in Boston for a few years and seeing where my life goes from there." **Max Blanton** - "I plan to go to community college next year, as it is cheaper than any other option." / "Meeting my best friends in 9th grade." **Kiana Bohrer** - "I hope I go to CalArts and get into the animation industry." / "Any time I spent with my friends." **Rain Bossendorfer** - "I am going to take a gap year to work full time and save up to live in an apartment with my brother. I will then go to PCC and get my hair certificate and become a hairdresser." / " Being in dance." **Louis Botor** - "I'm going to be studying prosthetics in College and plan to get my Master's Degree in that major. The job is high in demand and I hope to get right onto the field. I also might pick up a minor in Music Theory." **Molly Boyke** - "I'm attending Emerson College as a Journalism major! I can't wait to pursue editorial work, comedic writing, and media studies in the pigeon-filled city of Boston!" / "Nothing can beat the Molly Madness at Prom this year." **Lucy Burish -** "I plan to attend a four-year university majoring in Linguistics. I am currently deciding between Cal State Long beach and San Francisco State. I would love to study abroad in Spain or Italy!" **Dariga Burkhanova** - "I want to be a salmon farmer." / "Early release days." **K. Burpee** - "My time in Skills USA as a pastries and baking competitor." / "Become a culinary sensation." **Eden Butcher** - "I plan on going to PCC for my general education and to study psychology and then hopefully transferring to UC Berkeley, UCLA, or Pepperdine." / "My favorite memory from JBHS is the fun bus rides we take for our soccer games and swim meets. They were always filled with laughter and singing Taylor Swift songs." **Alyssa Calderon** - "My plans are going to college and majoring in criminology." / "One of my favorite memories at JBHS is cheering at the football games." **Bradlee Campa** - "Join Air Force then college. I want to be an airplane mechanic." / "Field trip to W.E.T." **Thomas Campbell** - "Major in cinematography, get my diploma, start looking for jobs, do some photography. Hope AI doesn't take my job. (Actually a problem)" / Filming with my digital media group $kate$saura$" **Nicholas Carmona** - "Tuna farmer." / "Lunch and recess." **Bronx Casey** - "My plan is to go to CSUN for film production, meet connections, and make a breakthrough in the entertainment business!" / "My favorite memory was probably the first football game of Burroughs in my Junior year." **Alex Christofi** - "I want to be a dropshipper." **Genevie Corea** - "My plans for college is to study at a two-year college and transfer my credits to a university to study health science." / "My favorite memory from JBHS was the football games. I enjoyed hanging out with my friends at all the games." **Chloe Conwi** - "Going to community college for two years and then transferring out after finishing my general ed. " / "Being on dance team." **Noah Creus** - "I want to be Ken Barnes' personal servant." / "My favorite memory was playing football every Friday night and seeing Ken Barnes in the bleachers wearing my jersey with #18." **Alethea Cruz** - "I plan to go to Pierce College to get my GED and transfer to a Nursing School to get my Bachelor's." / "My favorite memory from JBHS is the football games and the school spirit shown every spirit week." **Tati Cruz** - "I plan on going to a community collage and then transfer to a four year college to study either psychology, ASL, or cooking." / "The friends I made at JBHS." **Ryan P. Davila** - "I plan to attend PCC and earn an Associate's degree in radiology, possibly transferring to a four year afterward in pursuit of becoming an ultrasound or MRI technician." / "My favorite memory from JBHS was the field trip to Providence Hospital in which we explored the different ERA and sections." **Marcus De La Cruz** - "Going to community college and transferring to UCLA." / "Senior engineering field trip." **Minerva De La Rosa** - "I want to be an art therapist, meaning I want to help people through art." / "When I met Suzana, she changed my life, it was random but meant to be, and I thank God for her." **Kiran Desai** - "My plans for college and/or career is to attend Cal State Fullerton to study Mechanical Engineering and earn my Bachelor's of Science degree, in order to eventually secure a job as an animatronics engineer." / "My favorite memory from JBHS was always spending lunch with my friends, appreciating each other's company." **Dominic DeSimone** - "I'm majoring in Biology at UCLA with the hopes of becoming a doctor." / "My favorite memory from the JBHS was running on the track from Ms. Lucas at 7AM." **Timothy DeSimone** - "I'm attending Purdue University and I plan to one day become a physician." **Alexandra Diaz** - "My plan is to do Community for two years or less, than transfer to USC or Emerson College for broadcast communication studies. I hope to travel a lot while doing community college." / "My favorite memories will always be from the VMA at JBHS. Performing and making my best friends in choir is my favorite memory." **Owen Dixon** - "I want to go to college at Cal State Channel Islands and go live in NYC after." / "Being a part of the volleyball team." **Jaden Maynard-Doughlin** - "I will go to a community college then transfer to an art/animation school, I want to continue my art and animation journey." / "I would have to say my entire Sophomore year." **Riley Dowers** - "I am committed to Marymount Manhattan College with a Minor in Dance. I plan to continue my dance career in NYC!" / "My favorite memory from JBHS is show choir shows and competitions with Powerhouse and hanging with my girl Mrs. Hollingshed during AE." **Jaxson Dreyer** - "Join the NBA (I am five and a half feet tall.)" / "Getting expelled (I don't know how I'm still here.)" **Jonah DuFour** - "My plans for the future are not set in stone." / "My favorite memory is how I met one of my best friends." **Samantha Espinoza** - "I plan to study something along the lines of physiology and health sciences." /

Senior Plans / Memories

"My favorite memory would be going to football games and spending time with friends during the fall." **Anakin Estrada** - "I plan on going to CSUCI to become a nurse." / "My favorite memories were the Water Polo tournaments because in between long breaks of the matches, our team would go out and eat together." **Isabella Felix** - "My plans for college is I will be attending Washington State University for four years, I plan on majoring in psychology and hopefully become either a sports psychologist or school psychologist. " / "My favorite memory at JBHS was all of the football games. The crowd was always hyped and I enjoyed cheering at the games." **Jae Felix** - "Going to PCC for general ed then transferring to MSU." / "Hasn't come yet but graduation." **Ellen Fernandez-Rebozo** - "I plan on joining a professional dance team after high school such as (UMO) and competing on a national level." / "Anything involved with Dance team my past four years of high school." **Katie Figueroa** - " Become successful and start my dream job." / "Making it to the last year and graduating." **Hema Filippi** - "My plan for college is to attend and graduate from NYU with my Bachelor's degree in Criminology. I would like to have a career as a homicide detective, but if that doesn't work out, I would like to do something with wildlife studies." / "My favorite memory from JBHS was Senior ditch day." **Stefanie Fischer** - "Get a job in computer science." / "The classes." **Anna Fitzgerald** - "I plan on going to CSUN or UC Merced." / "My favorite memory from JBHS was joining the VMA my senior year." **Kelly Fitzgerald -** "I plan to attend CSUN starting in the fall of 2023! :)" / "My favorite memory from JBHS has been participating in the VMA. I made so many great friends in choir, and I am so happy to have been a part of this amazing program." **Olivier Fleury** - "I'll go to McGill and get a degree in material engineering." / "Building the ultimate bridge with my best friends in Engineering I." **Barbie Flores** - "I'm planning to go to community college and then transfer to a four-year school." / "The time my friend's airpods died during class [and her] music started playing out loud. It took her a minute or two to turn it down. I was laughing so hard." **Mariana Flores** - "I will be going to Houston Community College, later transferring to a University to get my degree in Kinesiology to become an Athletic Trainer." / "My favorite memory from JBHS would be the homecoming games for football. I liked seeing all my friends at the games and the themes they had." **Alessandro Flores-Espitia** - "I plan to attend PCC, then transfer to a university." / Each year had memories I will always remember, but most of all my short Freshman year." **Adira Fogelman** - "For college, I will be attending Cal Poly San Luis Obispo and majoring in Food Science. I hope to one day work in both research and product development of nutritious snacks and meals that keep public health as their priority." / "My favorite memory from JBHS was when I went to Ontario, California to compete in the SkillsUSA Culinary Arts Competition and earned fourth place!" **Nick Forrest** - "I will attend Northeastern." / "Winning Championship 2022 for JBHS Baseball." **Melissa Forsythe** - "Attend FACTS." / "I love my art class and being outside in our class garden." **Zachary Freck** - "Play baseball in college, major in Econ." / "Winning against Burbank a day before my Birthday." **Isabel Friedman** - "I plan to attend college in the fall at UC Santa Cruz." / "My favorite memory was revisiting my favorite spots from Freshman year and seeing how much I've changed." **Scott Freeman** - "Not sure what I'm gonna do yet but it's gonna be big." / "[I don't know,] but my favorite memory will be when I get my dream car, a neon yellow jeep." **Hovhannes Galstyan** - "LA Valley College." **Oscar Hudson Gara** - "Going to University of Wisconsin-Madison, and studying pre-med." / "Mr. Chambers taking my BeReal, yelling 'go home Freshmen' at Pep Rallies, and falling in love with Maxwell Purdy." **Robert Garayoa -** "My plans are to go into the welding and body shop career." / "My favorite memory is Prom." **Finn García** - "I am going to college at Skidmore College in Albany, New York, and plan to major in theatre. I'll be moving to the city after college, and I plan to live my fullest." / "My favorite JBHS memory was Junior year Homecoming. It was the first school dance I'd been to where I got to wear a suit and I was actually happy." **Owen Gersh** - "I will probably cook in the future."/ "I have enjoyed every 'first day of school' each year." **Angie Georgiev** - "I will be going to community college for a year and transferring to a UC school; hopefully either UCLA or UCSB!" / "My favorite memories are hanging out with my friends at lunch! A memory that is most special to me though is attending Homecoming with my boyfriend." **Ahmed Gharieb** - "Live in Alaska in a cabin alone." / "NAF field trips." **Liam Gilbert** - "I want to attend community college for a year and transfer to a university to study game art and design." / "My favorite memory from JBHS was meeting a bunch of new people, making new friends on the Minecraft server, starting the engineering academy, and others from the school during quarantine." **Geneva Gisella** - "I want to take a gap year to set up foundations such as getting a job and a car license and saving up for a place to move. In the future, I want to pursue something in the art field, specifically music." / "Having classes with friends and meeting new ones." **Kaitlyn Glaim** - "I've always wanted to do forensics, it's really interesting to investigate crimes and find out what happened." / "My favorite memory is laughing with my friends in the library." **Quinn Glenn** - "I plan to attend Colorado State University to major in Environmental Horticulture. But overall my favorite was working on costumes for the school play." **Béla Tanner** - "Major in marine bio in UCSC and minor in music." / "Mr. Madooglu's class, Portraits of Kindness, or the library." **Antonia Tarrolly** - "My plans are different than most. I plan to move to Scotland with just my dog and live there for, hopefully, a year. After that is tbd!" / "My favorite memory from JBHS was Junior year Honors English with Ms. Kaur. I loved coming in after lunch everyday and greeting Ms. Kaur and telling her about my day." **Alison Tellez** - "One of my plans for college is to open an online store and to be my own boss, I also plan to get a car. I've almost saved enough to buy my first car. (It might be a trashy car but it will be mine.)" / "My favorite memory from JBHS is when I was at my group and we were arguing about something very dumb. I will miss my "family" arguments with the boys." **Mia Terrano** - "To attend a four year university and pursue cheerleading and major in Marketing/Advertising." **David Thompson** - "I'm planning to go to LAVC then transfer to UCLA." / "My favorite memory would probably be my very first summer practice of cross country." **Cooper Tibayan** - "To be determined." / "Lunch." **Kane Timmons** - "I'm going to UC Merced for Computer Science but if I get off the waitlist for UC Santa Cruz, I'll go there instead. After college, I will use my degree to get a job as a programmer, preferably for video games." / "Meeting Ms. Kaur! :)" **Bryan Tipa** - "My plans for college are not fully ready, but I will be going to community college for two years most likely. My career plan will be to become a graphic artist, and potentially work on cool comics and other similar things." / "My favorite memory from JBHS was one from this year. It's nothing too special, but it means a lot to me. It's a few months back, where I began to talk with a good friend again, and strengthen our friendship, by just a little bit more." **Kiele Torrance** - "I am planning on going to CSUSM to become an art teacher. I plan on working for LAUSD while doing art for museums." / "My favorite memory from JBHS is when I get to go out with friends after school." **Anabelle Torres** - " I'm going to PCC for two years then transferring, hopefully to Seattle. I want to be a forensic psychologist but that might change." / "Going to lunch for the first time with my friends." **Maddie Torres** - "Going to PCC, I want to meet new people, be a therapist, and hopefully open up a studio for art therapy." / "Everything was good at the beginning and went downhill from there." **Jaylah Trejo** - "My plan is to go to New York for college." / "My favorite memory was the homecoming pep rally in 2019." **Carlos Tupua-Stiefel** - "Do undergrad at UCSB then apply to med school at UCLA." / "Winning Santa Barbara tournament for volleyball." **Andy Valdez** - "I plan to join the Army National Guard followed by the Air Force, and attend college to become a mechanical engineer." / "My favorite memory from JBHS was my friend Sam Zamorano giving me a cake for my birthday Freshman year." **Noah Valdez** - "Stage managing on Broadway in New York." / "Going to New York with all my friends for Tech Krew." **Yajaira Valencia** - "I'm going to California State University Northridge and get a degree in Art so I can find a job in the animation industry. My biggest dream is to be able to create my own cartoon show." / "Meeting different people and befriending them, I know we might not see each other again but I'm glad I met them." **Brooklyn VanGorder** - "I'm going to WSU and plan on eventually studying abroad." / "March 13, 2020 hearing we have two weeks off from school." **Michael Varela**- "Make a lot of money." / "Playing on the soccer team." **Amethyst Vazquez** - "I will be attending Chapman University to get my BA in Psychology, then hopefully pursue an MBA in Business Administration." / "My favorite memories of JBHS are the Drama shows. We come together as a cast to put on an incredible show and we become closer as friends." **Chelsey Velasco** - "I plan to attend PCC and transfer to a UC or CSU." / "My favorite memory in high school was virtually marrying Caitlyn Lugo." **Lino Veloso** - "I want to get into design, production, or possibly construction."/ "All are my favorite." **Zoe VerGow** - "I am going to college, though I don't know where yet as I am waiting to hear from waitlist schools. Before I hear back though, I am committing to Bennington College." / "My favorite memory from JBHS was coming to school extra early for the Senior Sunrise with my friends. One of my friends put gold on my head and we all hung out for the hour we had." **Aiden Vice** - "My plan is to attend four years (possibly two year then transfer) at Cal State Long Beach for Technical Theater." / "My favorite memory here has been getting to meet and collaborate with all the amazing people in Drama and VMA! Gonna miss y'all." **Leisy Vicente - "**My plans are to continue studying to become a nurse." / "I have a lot of beautiful memories at school so I couldn't decide." **Shayla Vigil** - "My plans for the future is to create a cat translator so I can speak to cats." / My favorite memory was when my 9th grade math teacher Mr. Ihara gave us the answers to a 300 point test." **Julius Villa** - "I will either go to Cal State LA or UCSC. Either way I will major in computer science." / "Homecoming 2022 was a lot of fun." **Tony Villanueva -** "Community college and transfer after two years; become a real estate agent and become part of an agency." / "Being a Freshman and hanging out with all my friends having all the time in the world to have fun." **Lili Walker** - "I plan to study writing literature, at Vassar!" / "Jazz band was my favorite memory especially Swing Night it was the best night of the year easily!" **Janessa Wareebor** - "I'm attending San Diego State University and majoring in Business -- hoping to have a career that pays a lot of money." / "Being a part of the JBHS Girls Volleyball Team and competing at a higher level. Also gaining friends from being a student athlete." **Hattie Weinroth -** "I plan to go to PCC then transfer to UCLA and major in Psychology. After that, I want to get my Master's and become a licensed therapist." / "My favorite memory is basically any time I spent with friends. I really appreciate the frienships I gained." **Daniel Wilke** - "I plan to go to LAVC and join the police program and become a police officer." / "My favorite memories from JBHS were hanging out with friends and messing around at lunch." **Madison Williams -** "My plans for college is to attend UCSC and study biology to become a dermatologist." / "Experiencing all the fun senior activities with my friends." **Allen Wilson-Parry** - "Two years of a CC then transferring to finish my two years at a four year college. Hopefully after I can make a living out of my hobbies and interests such as art and film." / "I'm not sure, maybe those times where I had nothing to do the whole school day or a Friday before going out for the rest of the day. I appreciate those times the most it seems." **Joseph Witrago** - "My plans are to work for a year then start college, go in for business, and start doing mechanic stuff." / "Going on the Soccer team and working for memories." **Levi Young** - "Attending Calvin University to study psychology, and I will use that degree to help anyone I can. And who knows I may want to run my own service/restaurant." / "I liked the part when they announced, "It's graduation time!" and everyone started cheering and they threw their caps all over the place." **Sebastian Zamora** - "I will be attending Morningside University where I will be playing baseball and studying nursing." / "My favorite memory was winning CIF with the baseball program my Junior year." **Savannah Zapata** - "I am going to community for 2 years then transferring to a university. " / "My favorite memory is meeting the friends I have now and all of the memories I have with them." **Andrew Zeytounian** - "Growing my business." / "Playing on the volleyball team." **Arianna Zubia** - "I plan to go to college and study psychology or criminology." / "My favorite JBHS memory is cheering at all the football games. It was nice to get connected with the students here and make a strong bond between the players and cheerleaders." **David Zurabyan** - "Attend FACTS." / "Planting and watering the garden and building the garden bed in Cabinet Tech with my friends." **Sam Zurabyan** - "Attend FACTS." / "I like to use the watering can in our class garden and I like Cabinet Tech."

Sports & Activities - Memories

Football

Lana Arana - "The victories. Even with the losses, on the way back from away games no one really blamed each other and we formed a bond."
Dillon Barnes - "My favorite memory was definitely the whole year. I wish I had joined sooner."
Noah Creus - "The locker room after winning a game."
Jarrod Dilig - "Getting in trouble with my teammates and just messing around in the locker room."
Shawn Feroze - "Beating Arcadia because it was our Senior Night."
Ricky Garcia - "To my brothers not born with my blood, just know y'all will always be my family."
Robert Huynh - "My favorite memory is after the Arcadia game when we won and we all celebrated in the locker room together. It made it even better that it was our Senior Night."
Collis Lurie - "After winning the game, celebrating with my teammates [in] the locker room and going out to eat."
Marcus Manahan - "One of my favorite memories of Football was walking off the field after we won a home game or something like that, and being able to come into the locker room and hang out with the guys. It's a memory that I'll always love because I really miss it, and I just wish I could go back and relive it. I can't, but it's still a good memory. To all the Seniors graduating next year: Enjoy your time that you have here, live it to your fullest potential, and have fun."
Jair Melendez - "The pre-ceremony, so like huddling and things like that."
Cash Mimis - "The locker room before a Burbank game."
James Nguyen - "For me personally, playing on Senior Night would be the highlight of my football career but, overall as a team, I would say the team dinners which helped us bond together and also probably making it to the playoffs."
Brian Noguchi - "My favorite memories from the football season this year were after all the games, especially the ones we won, we would just all celebrate in the locker room, and then the team and the cheerleaders would go out to eat and have a fun time."
Rony Preza - "Ability is what you're capable of doing. Motivation determines what you do. Attitude determines how well you do it."
Reznor Reeves - "My favorite memory was definitely the Arcadia game on our Senior Night. It was the best game we've ever had, we all played really well, and it was our last great win together, besides the game after that. It was just the most exciting night that we've had all season. I think we all know, as teammates, that it was a great season, and I have no regrets for playing football."
Jett Puglisi - "The bus rides were a vibe, there was always something funny happening in the locker room, and I loved 7 on 7 just running routes and talking with the guys."
Stone Slothour - "Making the playoffs two times in a row because it showed that the program has been improving to the point where we have consistently made it to the playoffs."
Anthony Solis-Torrico - "I'd have to say being able to go to practice everyday and spend time with people who I got close with and learned to trust is my favorite part. My highlight of all four years is during [the] Burbank game when I made a tackle in the last minutes of the game. Hearing the announcer call my name and seeing all my family and friends cheering for me in the stands, even though we lost, it'll always stick with me seeing all these people cheer for me."

Tennis

Boys

Kaian Bates - "Squeeze The Day!"
Vivek Bhakta - "It's been a wonderful experience working with new Freshmen and training them, as well as playing Tennis with all the kids I've been playing with all four years of high school. Being my last year I'm sad, but it's also been one of the best years, so I'm really grateful for that."
Michael Fraser - "It was fun! I wish it were longer."
Steven Hoang - "Results aren't the most important things in life it's the memories you make along the way that matter."
Sean Konkle - "When I started as a Freshman, I was still pretty new to Tennis, but over the last four years it has been some of the most fun I've ever had! We had so many funny moments and I made lifelong friends."
Theo Pynchon - "This is my last year on the Tennis Team, so I want to end it strong with some solid wins and just have fun overall."

Girls

Roxanne Igoe - "I loved everyone on the team and since I was newish everyone was super welcoming and supportive. Even when we lost we still had a great time and enjoyed each others company."
Lindsey Mazarei - "My last year in Tennis was an absolute blast. I served as Varsity Captain and #1 doubles with my amazing partner Abby. We had so much fun at each game and it was so memorable to be able to lead my team all season!"
Leila Munoz - "My favorite memory is traveling to away games and braiding each other's hair on the bus rides."
Elane Elza Shane - "My time in Tennis was so fun! I got to meet some of my closest friends and as lead singles player, I got to compete with fellow high schoolers just as passionate about tennis as me."

Cheer

Alyssa Calderon - "My favorite memory definitely has to be football season! I always enjoyed the bus rides with my team, having a great time playing music, laughing, and just having a good time before the games! We all share a special bond with one another and have a beautiful friendship."
Valeria Calderon - "Football season in general was so much fun, but especially [the] Junior year Homecoming game. The adrenaline from the crowd was really exciting and that was the best football season."
Bella Felix - "My favorite memory has got to be the competitions. Cheer competitions have events going on with dancing and we get to see other teams perform. It's nice to get together with other teams and just have fun together. Especially the bus ride on our way to comps is always such a blast. We love to play music and just be able to talk without worrying about the competition."
Emma Jacinto - "My favorite memory from Cheer was winning World Class Cheer this year with my team!"
Maddy Quirarte - "My favorite memory is meeting all of my friends on the team and I know these relationships will last, they are like my second family."
Raquel Rodriguez - "I think my favorite memory from being on the Cheer team was all the friendships I have made and connections with the girls on the team."
Mia Terrano - "I think my favorite memory from Cheer has to be Football season and walking on Senior Night."
Madison Williams - "My favorite memory from Cheer has to be going to Starbucks every day before practice and hanging out with my friends."
Arianna Zubia - "My favorite memory from being on Cheer would have to be Football season and going to dinners after games. It brought Cheer and Football closer, we always had good laughs, and made memories that we will carry with us forever."

Volleyball

Boys

Dillon Barnes - "My favorite Volleyball memory was going undefeated last year and winning the Chatsworth Tournament Gold Division. The Burroughs Volleyball program is more than just a sports team, it's truly a family who wants the best for each other and loves to compete. Everyone is constantly trying to evolve and get 2% better every day."

Owen Dixon - "My favorite memory on the Volleyball team is all of the tournaments and relationships we build with each other along the season. I would describe it as being challenging but fun, especially if you want to be there not just for yourself, but for the team."

Mark Hopkins - "My favorite memory was last year when we won the Santa Barbara Tournament and beat Mira Costa and Corona Del Mar. Another thing I enjoy is being here for my brothers on this team. I am always here for them and they are always here for me and we have each others' backs. Being a part of this program is like becoming a part of a new family. Everyone supporting each other and being there for each other when things get rough. Starting as a Sophomore with only a couple months of experience, I felt like I was in good hands with the upperclassmen. Now I'm a Senior and I want to pass on the same experience to our underclassmen on the team."

Chris Lim - "My favorite memory in the program is getting to watch the underclassmen learn and grow to love the sport in the same way I have. The best part of being a Senior on the team is being able to watch these younger guys play and know that the program is in good hands when we leave. There are no words to encapsulate what it means to be a part of this program other than "brotherhood." There's no experience like Burroughs Volleyball and no one could ever understand unless they joined the family. Three years ago, the Seniors before me took fourteen-year-old me in as a brother and now I get to do the same for these guys."

Carlos Tupua - "My favorite memory on the Volleyball team was beating Valley Christian during second round of CIF playoffs last year the day of Prom. They rejected our request to move the game earlier, so we had to beat them and get the game over with. My experience playing at Burroughs was remarkable. I do not regret anything from it. In the moment, the mentality was to just win as many games as possible and to work as hard as we could. The memories were made unconsciously because we did everything we committed ourselves to do."

Andy Zeytounian - "My favorite memory was last year when our Varsity team won the Santa Barbara Tournament of Champions. We battled teams who were nationally ranked high and we beat them all. Burroughs Volleyball is in its own league when it comes to teamwork and cohesiveness. I enjoy putting as much effort into the sport as I can, knowing that my team is here to put their effort in and back me up. All of this brings the fun into the sport, and that's why I play it."

Girls

Deanna Aceves - "My favorite memory was making Burroughs vs Burbank shirts together. I would say that my experience on the Volleyball team has been amazing. I have made many memories and friends while being on the team. My coaches are some of the best and have always encouraged me to be the best me, both on and off the court. I'll miss it for sure after high school."

Kara Aldana-Pere - "My favorite memory was our trip to Santa Barbara."

Aixees Acevedo - "Volleyball for me over the years has been a really great experience, filled with so many memories. I learned a lot from my coaches, not just about volleyball, but about life. My teammates are all great people and I'm glad I had the opportunity to play with them. Just being on the team was really fun and I'm so grateful for everything the program has done for me."

Destiny Helligar - "My favorite memory was our three-day tournament in Redondo."

Elizabeth Johnson - "My favorite memory was the bus rides."

Vanessa Lopez - "My favorite memory was Senior Night. Being on the Volleyball team for four years taught me how to be a team player, and allowed me to grow and feel a part of something. It was one of my favorite experiences of high school."

Caitlyn Lugo - "Playing Volleyball for the past four years has been an unforgettable journey that I wouldn't trade for anything. From the highs to the lows, it has been a crazy roller coaster ride that I've enjoyed every moment of. Every day, I looked forward to hitting the court with my teammates, and it's been a privilege to watch each one of us grow as individual players. Our victories on the court, our shared experiences in overcoming challenges together, and the guidance of our amazing Coach Real, have all been highlights of my time on the team. But what I'll cherish most are the memories we have made as a team. They will always have a special place in my heart."

Jessica Real - "My experience with the Volleyball program for the past four years has been memorable: not only did I get to play a sport that I love, I made a bunch of new friends. It was fun not only playing, but competing against Burbank, and getting the chance to go to the playoffs. I made a lot of memories and am grateful to be a part of the Volleyball program!"

Janessa Wareebor - "My favorite memory was winning against Burbank High School. My four years of being a part of the JBHS Girls Volleyball program has been great because of how easy it is to get along with everyone. It's a very welcoming community and we do a lot of things that connect us off the court so we are able to play great as a team on the court. Even though some days are hard like the 5AM practices in the summer, it's all worth it because it displays our dedication to a sport we all love so much. The girls are always great, and it's [an] amazing experience."

Iliana Wiley - "I really enjoyed being part of the Volleyball team and gaining new skills. It was a hard journey that took a lot of dedication and discipline, but I'm glad that I was able to play all four years of high school. With the Volleyball team, I was able to make great memories and compete in the sport that I loved. It's sad to say goodbye, but I'm happy to see what's next."

Softball

Stevie Dabaddie - "My favorite Softball memory would be going to In-N-Out after every Playoff Game!"

Lilly Lewis - "My favorite memory was riding the bus with the whole team for playoffs last season and stopping at In-N-Out after all our away games. It was really good for team bonding, and it was just a lot of fun."

Rachel Little - "My favorite memory was after a really hot day at practice, our coach brought out buckets of water balloons. He threw them to us and let us hit them, and then we had a big water balloon fight amongst ourselves. We dumped the buckets of water on him at the end and it was a really good moment for us to be able to have fun and bond like that."

Laurel Piper - "My favorite Softball memory is from last year. It was the third Burbank vs. Burroughs game at McCambridge, which is their home field. They had won one game and we had won the other game, so this was the tie-breaking game. We ended up winning, of course. Our coach gave us a small five-minute talk and then pulled out our speaker and he started dancing for us. It felt like everybody was watching and it was so funny!!"

Swim and Water Polo

Boys

JP Medrano - "Having fun with friends, and doing what I love."
Rodrigo Ramirez - "This year in one of my first Swim meets, all the events were full and I [set] up for the 500 meter swim and did a lot better than I expected, I was very proud of it."
Ryan Rolando - "My favorite memory is pigging out after a meet and eating as much food as I can afford. I once ate an entire large pizza by myself!"
Harrison Zekowski - "One of the best feelings in the world as far as being in the Aquatics program was being a younger guy and playing up with Varsity when I was a Freshman. Having the ability to see talent, to see progression, to see commitment throughout what many like to cling to as a crucial part of their life has been one of the most inspiring things I've ever witnessed. For advice for incoming players, I'd probably say three things. Number one, I say it a lot, it's kind of become my mantra recently: everything has value. Number two, how you do anything is how you do everything. And number three, how you commit yourself to what you love doing is everything you will get out of it. If you wake up and say 'hey, I want to be an astronaut,' then hey, that's great, but are you going to keep that dream on the pillow, or are you going to go out everyday and grind for it. If you commit yourself, give 110% effort where other people might only be giving 80-100%, then you will see your dreams come true. If you want it bad enough, if you crave it everyday, if you're starving for it, if you cling on to that dream long enough, it will become a reality. Go Class of 2023, go JBHS Water Polo, and thank you so much to Coaches Jake and Martin. I owe it to both of you, gentlemen."

Girls

Nancy Baylor - "Winning CIF for Swim my Junior year!"
Mindy Hernandez - "I like watching people dive and belly flop, and laughing with my friends."

Soccer

Boys

Mani Hooshivar - "I learned that it's not always about the destination, but more about the journey. It's not more about going to the games but showing up to the practices consistently and having the perseverance and work ethic to play soccer every day."
Daniel Paraño - "My favorite part about my Senior season was getting hyped up on the bus on our way to away games."
Andy Rodas - "My favorite memory of the season was our 3-2 comeback against Muir."
Luca Tarca - "I loved playing soccer because of playing with the soccer balls. They all came in different varieties and sizes."
Michael Varela - "The bus rides and going to other schools."
Tony Villanueva - "My favorite memory was beating Brentwood to go the Semifinals. It was a must-win game and everyone being focused and helping each other achieve our goal was very enjoyable."
Joseph Witrago Hernandez - "The overall experience was pretty fun. I've been playing since my Freshman year, so I made a lot of friends. My favorite experience was all of the games against Burbank; it's fun knowing everyone has your back. The Soccer team's like a family."

Girls

Eden Butcher - "My past four years playing soccer at Burroughs has been truly delightful! I got to play the sport I love with people I love!"
Samantha Espinoza - "I guess the thing that I valued most about being on the team for all four years is the relationships that I built with this core group of girls and the ability to watch each other grow throughout high school."
Layla Hoyo - "Overall, my favorite memories through the years were playing against our biggest competitors like CV and Arcadia. The Girls' Soccer program was an overall amazing experience, and it guided me to being disciplined and meeting my best friends."
Natalia Jimenez - "During my four years on the Girls Soccer team, I feel that I was able to grow a lot, not only as a player, but as a person too. I'm grateful for the many friendships that I was able to make throughout the years."
Nicole Jimenez - "I think my favorite memory from this year was playing Hoover and being tied 0-0 the whole game until the last five minutes when my coach put me into forward and I scored the game winning goal. It was awesome."
Mackenzie Khoury - "I loved having a sister-like bond with all the girls and I'm proud of them!"
Jazleigh Lone-Pineda - "Personally, I loved playing for our high school team. Joining the high school team introduced me to my longtime best friends, and I couldn't be more grateful. Playing all these games and the bus rides with all your friends is something I would do again."
Julia Narmore - "My soccer experience has been the highlight of my high school life. I've been on the team all four years and every year is so much fun! I love working with my teammates because it's so much fun to watch us progress through the years. We have always been in the running for the league title, which makes me so happy because this keeps us motivated to work hard. We haven't even graduated yet, and I already miss playing with everyone and hanging out with my teammates during practice."
Kelani Roy - "My favorite memory was the very last game of my four years with the team. The game was highly emotional and fought hard, so when the final whistle blew everyone broke down. My fellow Captain and I broke down in each other arms and it will forever be a moment I will remember."
Sofia Samuelson - "My favorite memory of my past four years in the Soccer program have for sure been meeting my two best friends my Freshman year. I am still to this day very close to them and I owe those relationships to the Soccer program."
Rylee Stefanelli Wilson - "I guess my favorite memory was being able to work as a team during our final games."
Kiele Torrance - "I've enjoyed my time playing for JBHS and getting together with people who equally have a love for the game, forming strong bonds with other players and the coaches, and making unforgettable memories."

Baseball

Jarell Bijisa - "My favorite memory was hitting a walk off against St. Francis and being a part of winning the CIF Championship last year!"
Roberto Castaneda - "My favorite Baseball moment was hitting a walk off home run!!"
Nick Forrest - "Pitching a shutout away against Tustin in the Semi-finals to bring us to the Championship last year!"
Zack Freck - "My favorite memory was beating Burbank and securing a spot in Playoffs."
Steve Suarez - "My favorite memory is being able to spend time with my teammates day in and day out for these past four years."
Sebastian Zamora - "Hitting a home run in the State Quarterfinal game!"

Cross Country / Track and Field

Lana Arana - "My favorite moment or memory this year was the bonds I've made and continue to have, meeting new people/friends at other schools through competing in Shot Put who have impressed me in ways I can not explain, and the motivation I've found through Shot Put."

Frank Beckett (T+F and Cross Country) - "My favorite memory this year was figuring myself out, making connections, and building myself up through Track."

Vivi Cannon (T+F and Cross Country) - "My favorite memory from Track this season was racing the mile at Arcadia High and placing second. My favorite memory from Cross Country was racing a personal best for the 3-mile at Arcadia Park the day before my birthday."

Mickey Dighero - "My favorite memory was definitely at the first meet when Phoenix [Elkin] took a wrong approach for the high jump and took off at two feet instead of one foot and dove over the bar and the judge started yelling at him."

Jarrod Dilig - "My favorite memory from Track was practicing with my friends and practicing my sprints and jumps"

Nick Gonzalez - "My favorite memory [from] Track this year [was] when I got first place in the hurdles race due to all the work I put in."

Darius Howland - "My favorite memory was being able to run my last year of Track with my girlfriend while being able to experience one last go with her by my side, and running for our team together."

Robert Huynh - "My favorite memory was our track meet against Glendale, when me and Cash [Mimis] both placed for the first time in the Discus Throw."

Roxy Igoe - "My favorite memories are when I'm in the middle of racing and I'm exhausted but then I hear my teammates cheer me on and it empowers me to push even harder and finish knowing I put it all out on the track."

Ella Isaac - "My favorite memory from Track and Field this year was at my third meet at Arcadia. It was freezing cold and raining and I just finished all my events. It was close to the end of the meet when my friend and I decided to sprint across the street to get some boba before the bus arrived to take us back to school."

Jacob Johnson - "My favorite memory from Track this year was meeting new people and new friends and trying something new."

Otelia Lighthill - "My favorite memory from Senior year Track season so far was our dual-meet against Castaic, which was the first time I tied the school discus record. It was super cold and windy but everyone still performed great and I remember having so much fun with my friends from the team."

Lindsey Mazarei - "My favorite memory from my Senior year of Track was the Burbank Backwards Invitational. It was one of our first meets and I had so much fun with my friends and teammates! I placed first in all of my events and it was one of my favorite meets of the year."

Jair Melendez - "My favorite memory from my Senior year of Track season was watching my teammates race."

Cash Mimis - "My favorite memory of Track season was when me and my friend Robert [Huynh] placed on disk during the Glendale track meet."

James Nguyen - "My favorite memory from Track [was] joining the pole vault and jumping for the first time. This was my first year on Track and I'm having a good experience [with] the people on the team."

Joseph Olesco - "I would say my favorite memory in Track and Field from Senior year are the meets since they were exciting and fun to do. It was especially nice seeing many people support and cheer for the team during the meets, giving everyone the energy to win."

Sergio Pena - "Hanging out with my friends and getting to know people was the best experience I had in Track."

Danny Pompa - "My favorite memory was when I was given the role of being a Captain for our team and our 4x100 team being one of the best in our league!"

Anthony Quinonez - "My favorite memory from Track was when Coach Peebles was hyping himself up to pick up eight hurdles at once."

David Thompson (T+F and Cross Country) - "My favorite memory was a couple meets ago when I got to sit out but I still got to be a part of the meet."

Kiele Torrance - "My favorite memory is my first meet, I just joined the week prior and I was nervous, and I lined up to race, and my best friend, who was from the other school (I didn't know she was there) started cheering me on. I ended up winning with no prior experience."

Dilan Webster - "My favorite memory from Track this year was Senior Night and taking pictures with my other Senior teammates."

Golf

Boys

Emilio Huerta - "You don't have to be the best, you have to be better."

Girls

Maleia Gould - "Golf has been one of my best high school experiences, I met so many amazing people in Golf, and it taught me so many life skills that I'll carry with me for the rest of my life."

Annika Lingad - "I have enjoyed every moment I have been on the Golf Team because of all my teammates. Every win and every loss they are always there for each other, which has made being Captain this year so much fun. They also push me to improve my skills, which helped me qualify for CIF this year."

Dance

Chloe Belle - "I would say my favorite memory from Dance Team is definitely the moment we found out that we got in the gala for WCE Nationals, which is basically the final round. And if someone has already said that, another one would be [that] being in small hip-hop for all two years I have been on the team [has] been the best experience of my dancing career. And I wouldn't change anything about those two memories :)"

Nyah Broadway - "My favorite memory of Dance Team is definitely competition season because it brings everyone closer than ever."

Ellen Fernandez - "My favorite memory from Dance Team is when we won first place Freshman year at the comps."

Astrid Garcia - "I have lots of favorite memories from team but I'd say this year it has been all the moments in our competition dressing rooms where we have just sang different songs while getting closer with each other and our coaches as well."

Chelsea Gomez - "I would say my favorite memory of Dance Team was definitely the competitions we competed at. They were a great experience and no matter the outcome, I would always leave with a feeling of accomplishment. They would always be so much fun and a great time to bond with the team. I'm so sad we just had our last competition. As stressful as they were, I'm going to miss every moment. I'm happy I got to share it with the rest of Dance Team."

Leyla Inchaurregui - "My favorite memory on Dance Team, it would have to be going to WCE Nationals because in the past Dance Team has never done Nationals with this competition, and it was just a surreal experience to be in an arena competing and to make it to the finals."

Brynn Merson - "My favorite memory would either be Hip Hop Explosion or our first competition."

Makenzie Nuss - "My favorite memory from Dance Team is going to practice, especially small practice. We always have a lot of fun and sometimes we play games. One of my favorite days was when we just played a bunch of games like 'Try Not to Laugh' or 'Vroom Vroom Skrrt' [sic] because we were all too tired to do anything else."

Basketball

Boys

Tyrrell Burrell - "I didn't have a great season. There were a lot of problems I was dealing with, which was very unfortunate but it was all a stepping stone for me to overcome and learn from. My goal now is just to learn from this and do better in the future. I guess the Burbank vs. Burroughs game was a good way to end off the season and my high school career."

Samuel Horning - "My basketball experience as a whole was amazing. All my coaches and teammates made my experience a hundred times better. My favorite memory this season was our last game. All the emotions that were a part of that one game were movie-like. The connection I had with my team was so special. It was my favorite team throughout my years on Varsity."

Elden Jackson - "My JBHS Boys Basketball experience, I would say, was a roller coaster. My Freshman year was probably the most normal year I had. We were able to play all of our games without any interruptions. When it came to Sophomore year, it was a struggle because of the social distancing we had to do but we were able to finish that year off with everyone and finish in the second round of playoffs. Senior year was the best year for me. We got to play every school in our League without any interruptions like COVID or outside sources trying to stop us from playing. This team was honestly my favorite team I've had at Burroughs. Our chemistry together was like we've all known each other for years when it was only just a few months. I'd say my most favorite memory from my JBHS Basketball experience would be my senior night. The Seniors and I played against Burbank for our last time together. The pictures with my family and friends were very fun and the crowd's energy just made the game even better. We were able to beat them in the end which just topped off that night."

Girls

Kylie Indefenzo - "There were many ups and downs during my four years as a player of the Girls' Basketball team at JBHS. Overall, I had a good time, and I'm grateful I had the chance to play. I have a few memories from my time playing basketball at Burroughs. I loved playing with so many different people and meeting new people. Because of my teammates, my Sophomore year was really enjoyable for me, but unfortunately, the season was cut short due to COVID. But from this past season, I'd have to say that competing with my team and pulling through as a group to accomplish the goals we set for ourselves was one of my favorites."

Rachel Little - "My experience in the Basketball program had its ups and downs. I was always fighting for a spot and trying my best. My teammates made my time in the program amazing though. They are my best friends. My favorite memory I made in Basketball was practicing at Maxam Park with the team during COVID my Sophomore year. I got really close with the team this year and we had a lot of fun before, during, and after these practices. I was still working on fitting into the team and these practices helped me feel like I found my place. We also had a really good season that year, making it to the CIF Semifinals and first round of State Playoffs for the second year in a row. It was really cool to be a part of."

Ivana Razov - "My experience at the basketball program here at JBHS was very good. Not only did I learn lots of basketball skills, I also learned how to become a motivated and hard working person. I learned the value of hard work and determination in order to accomplish my goals. I also learned how to work as a team and become a leader. I made good relationships with my coaches and team. I enjoyed being in Basketball because of this good relationship I had with them. Overall, my experience in the Basketball program here at JBHS was positive. One of my favorite memories from Basketball was making it to the Semifinals in the playoffs two years in a row. I felt that all my hard work during the season had paid off and it was overall just a good experience."

Izzy Roderick - "My overall experience with the Burroughs Girls Basketball program was filled with many emotions, good and bad. From the get go, I felt very welcomed by my teammates and coaches, allowing me to form some amazing bonds. All four years all the girls have been great, and I have made bonds with some people I refer to as my best friends. I was able to experience a playoff appearance all of my four years, having better luck my first two years making it to Semifinals both of those two years. Also, all of my four years we came second in League. Overall, my experience was a great experience and I'm very grateful. All the good times in this program have been part of my favorite memories, from going to Palm Springs and SLO Freshman year, to taking [Valentina Morales] to Baked Bear and doing team bonding, swimming, or even just going to eat with the girls. I have enjoyed all the time spent here."

SkillsUSA

Deanna Aceves - "My favorite memory from Skills [was when] after baking all of the bread for my competition, everyone in my class [had] a good time eating bread."

Cindy Avila - "I really enjoyed filming our competition submission! Filming for GMJB on a regular day can be chaotic. But for Skills, we were limited to a group of four and the environment was much more calm and intimate."

Matthew Biser - "I'd say my favorite part of the trip itself was hanging out with the people from school. I know it's cliche but I had a blast being out and about with my friends."

K. Burpee - "My favorite memory from Skills was practicing piper rosettes with my friends and having fun."

Bradlee Campa - "Meeting the other people I competed against."

Kiran Desai - "Probably the time we successfully completed a time trial."

Olivier Fleury - "My favorite memory was practicing the tunnel navigation challenge with my team's urban search and rescue robot Steve. I drove using the camera view along with the attached flashlight for improved visibility. This was loads of fun and I hope to make more cool and helpful robots in the future!'

Adira Fogelman - "My favorite memory as a member of the SkillsUSA chapter at JBHS was attending the state competition in Ontario California. I competed in the Culinary Arts competition and earned fourth place. It was a wonderful learning experience and a great opportunity to show off my techniques and knowledge."

Owen Gersh - "Competing next to new friends during the competition was very fun and unexpected. At one point I accidentally burned my potatoes, but it was okay because I could laugh it off with my competitors."

Keilani Pak - "I was in SkillsUSA twice, once my Sophomore year and now my Senior year. My favorite memory would probably have to be the first time that I did SkillsUSA and got first place in the Regional Photography competition. My Photo teacher Mrs. Clark called me and congratulated me! It's a special moment that I'll never forget."

Salvador Pirozzi - "When I had my birthday at Rainforest Cafe."

Maxwell Purdy - "Getting together a group of talented people, using their best skills and collaborating to make a professional show."

Sophia Squillacote - "I think my favorite part of being in Skills was that it broadened my horizons within my craft - I had to learn and perfect certain routes and techniques to my cabinet that I'd never used before, it was fun as a challenge and put more skills under my belt."

Jacob Santoro - "Doing all the measurements for all the projects."

Vocal Music Association

Jayden Addison - "My favorite memory is when Men@Work went to our competition in suits and I was one of the only ones not wearing one."

Mari Akhvardyan - "My favorite VMA memory would have to be from my first year of high school. I had joined Choir late into the year so I missed all of the bonding stuff. So I was very nervous because everyone had already met everyone and they were like one big family. But even though I was new, everyone welcomed me with open arms and because of that one experience I knew that Choir was what I wanted to do in high school."

Brooke Bailey - "My favorite memory would be going undefeated last year and winning my first Nationals competition in New York. The entire experience was surreal and I'm so grateful for what the VMA has brought into my life."

Chloe Barthelemy - "During my solo at our Nationals competition, there was such an audience applause before my solo's finale that I had to take a pause. The pause was so long, and I had time to observe people's faces in the audience and how happy our performance made them. That really touched me. It made me realize that people love to watch what we do just as much as we love performing."

Micaela Bowers - "My favorite memory in Mads was when we watched the video of our BOB set together for the first time. Everyone was cheering so loudly for each other that we couldn't even hear ourselves on the video! It was wonderful to see the support and love on and off stage, and I knew the rest of the year would get even better from there. I'm so grateful that I was able to be part of this amazing group for my Senior year!"

Michelle Carpenter - "When we saw *Hadestown* during the Boston trip and at the end the both of the choirs that were there started singing the finale. Also when Decis took first at Hart."

Kyle Daou - "Me and Olivia doing a dance duet to the song 'Movies' in Pop Show, because I was able to dance with my best friend Olivia one last time."

Alexandra Diaz - "My favorite memory has to be the feeling before we perform. Everyone is so supportive and sharing the same excited/nervous feelings! Also being President this year I have learned so much about open mindedness and love. To lead Sound Sensations has been my ultimate honor and I'm forever grateful for the opportunities and memories that came with it."

Riley Dowers - "My favorite memory from the VMA is probably boot camp with Powerhouse this last year, the vibes were just amazing and it tied all my years in the VMA together, so happy:)"

Nickolai "Staas" Ellis - "I would have to say my favorite memory was 2023 Boston Nationals Trip and getting to dance Sunday night away and just have the time of my life. Also winning both NYC HOA 2022 Nationals and Boston Eastern Show Choir Nations."

Anna Fitzgerald - "Probably Camp Pali. I've never had an experience like that before and it was really fun to stay over-night with a bunch of my friends."

Kelly Fitzgerald - "Pop Show rehearsals, I liked feeling like I was getting better each time."

Linoyuh Goldenberg - "My favorite memory was probably singing 'Desperado' on the airplane."

Olivia Goldstein - "My favorite memory was doing 'Movies' in Pop Show with Kyle."

Samantha Gonzales - "Though I only have a few, my favorite memory from Choir happened to also be the most intense and the one I remember the most (besides all of Boston, that trip will remain engraved in my mind and heart for forever). It was when we [Powerhouse] were told about what exactly our competition set was at Camp Pali. The feelings I had are unlike anything I had ever felt before, and it only intensified rapidly, dramatically the more I listened. By the time we were done listening to the story behind the story, not only was I in tears, but I was also in a mix of the new feelings and a state of euphoria I've only experienced one other time in my life. Though this year was an interesting one, to say the least, the story, the set, the performing, the learning and growing, the experience of witnessing and becoming true art is what led me back to my passion after spending a long, long time away from it. Thank you for helping me find my way back. Thank you, truly, for having me."

Ava Gorman - "My favorite Choir memory is winning Nationals this year in Boston and everyone jumping up and down with all the happiness and screaming at the top of our lungs. It was such a beautiful and proud moment for all of us and I will never forget it!"

Brody Gosch - "I have so many wonderful Choir memories, but the ones that stands out to me is the time I spent with Mrs. DeMore, Mary Rago, Laura, Ashley, Shannon, Dom, our guest choreographers, Dan, Papa J, TK, and all of the mamas. We had so much fun together, from learning Dominese, to stealing his jokes, from celebrating Dan Days, to losing sleep over comps, rehearsals, and music showcases, from performing amazing BOBs, Pop Shows, and original competition sets to being part of the most talented and supportive family I could ask for. I will always cherish these four years in the VMA."

Aria Gunn - "My favorite memory of the VMA is probably when we performed in Boston on our nationals trip! We got first place and best musicianship and showmanship! It just felt like a perfect performance. Everything felt so worth it."

Lucas Holt - "My favorite memory from Choir this year came from the final day of Camp Pali, when every choir got to perform in front of each other to show what they had learned in their Burroughs on Broadway sets. What amazed me was the level of commitment and energy put into every choir's performance. Even though the year had just begun, you could see how much every person loved what they were doing, which is what led to BOB being the extraordinary show that it was."

Sofia Mari Joaquin - "I think that my favorite memory of the VMA would have to be when Powerhouse won all of the title awards but still got second due to time penalty. We were all so incredibly proud of that second place award."

Sorsha Khitikian - "My favorite memory from the last four years was when we performed our competition set in Boston. [One,] it was my birthday, which was super hectic and crazy, [two,] we had been waiting for this competition for a really long time, and the energy Powerhouse had was amazing. The audience was completely packed, people were sitting in the aisles to watch us perform, which I'm pretty sure is a fire hazard, but seeing that many people, all of whom were screaming in your face with cheers, was overwhelming in the best way. Every second of that performance was laced with an appreciation for the work we did as a choir and for the story we're telling. I'll never forget when the lights went down, and the applause refused to end."

Otelia Lighthill - "My favorite memory would be winning Nationals both in New York last year and Boston this year!"

Betel Merida-Flores - "My favorite memory would probably be the competitions."

Sophie Pollono - "My favorite memory from the VMA was my entrance into BOB. My character, Eurydice, entered after all the characters from the audience so I got to watch the beginning of the show from the seats and see the amazing hard work and talent and then pop out of the audience and walk through a path to the stage. It was such a fun, special experience. The energy in the theatre for *Hadestown* was so charged and special, I felt so connected to the audience."

Renae Porter - "I would have to say one of my favorite memories of the VMA was last year at Pali when it started to rain while we were outside dancing."

Nayan Ramakrishnan, Vice President - "My favorite memories in the VMA were both Nationals trips to New York and Boston!"

Mae Roth - "My favorite memory is silly as a mouse at Nationals this year."

Alexa Ruiz - "I would say my favorite memory of being in the VMA is the little moments that we take for granted. Learning new music or dances, setting up the risers for rehearsal, or getting a dinner break during tech week and laughing with my best friends while

Vocal Music Association

also being super exhausted. All of the moments that take place while we're working hard to prepare the pieces we perform are always the best and they are what make me love this program so much."

Alina Smith-France - "I would say my favorite memory from the VMA is when we won Grand Champions in Boston. I remember all of us holding each other tight after giving it our all on stage and I remember just cheering so loud with everyone. So, yeah, that was pretty incredible."

Danny Schwadron - "Hanging out in the hotel during the NYC and Boston trips."

Elena Spickler - "The Muses were stressed about our number for a show. It was a complex arrangement but we weren't given a lot of time to work on it because we had gotten it late and we had other carols to learn, so we ended up practicing almost every day of tech week. The thirteen of us ran it before a rehearsal and sang everything perfectly and I was like, 'GUYS WE DID IT!' and they all ran up to me laughing and screaming in a big group hug."

Maria-Elena Stefani - "My favorite memory of being in the VMA was my Junior year BOB. The dances were so fun and getting to perform outside was so fun."

Antonia Tarrolly - "My favorite memory would have to [be from] when we went to Nationals in Boston this year. We were anticipating it to be like any other year, but the moment the curtains whipped open and we could see the audience, so much adrenaline started flowing. I had never seen so many people in one place. There were no open seats, and the aisles were filled with people sitting in the empty space. It was an incredible feeling to know that we had so much support, even on the opposite side of the country."

Kaylor Toronto, President - "The buddy group games at the end of Prep Week were some of my favorite Senior year memories. We had been spending hours every day rehearsing Burroughs On Broadway, and it was a breath of fresh air to get to unwind with some classic team competitions. A little bit of Jeopardy, tug of war, knockout, and Family Feud really helped me get to know all the new faces, and I was just so pumped for the rest of the year. Seeing everyone perform later at Pali and Keystone just made me realize how grateful I was—and still am—to be a part of such a talented and dedicated community like JBHS show choir!"

Aiden Vice - "Performing with Men@Work. The energy with that group is always the best and the crowd is always the loudest!

Owen Williams - "My favorite memory from Choir were the two Nationals trips I got to go on. I loved getting to explore two new cities that I'd never been to with all of my friends. Also, winning first place at both competitions in both years in Boston and New York City was really fun."

Savannah Zapata - "[I loved] Boston and the memories I got to make with all my friends."

G.M.J.B.

Cindy Avila - "My favorite memory is every morning before filming the show. All of us get together and we always have nice conversations. I have gotten really close with everybody and I really like the class. I love my classmates and we always have fun and joke around a lot. It is a comfortable and safe environment."

Kaian Bates - "I enjoyed making the intros. I make all the intros for the show, and the first one I made wasn't very good, but slowly as I kept doing it over and over again, I got better, and I enjoy doing it."

Matthew Biser - "That's hard. My favorite memory from GMJB was at the very beginning of the year. We didn't have any studio at all—we didn't have any setup—so me and three of my other friends came in the week before the end of summer and set everything up. We spent a good like four hours just setting everything up—all of the cameras and wires—and just doing that with that little group that I am really close with was just really fun."

Bronx Casey - "My favorite memory was when I, along with two of my classmates, did a 'man on the street' interview asking upperclassmen what tips they had for Freshmen."

Ava Gorman - "My favorite memory from GMJB this year was making new friends and learning the skills that come with the course. Admittedly, I was hesitant to join but I was pleasantly surprised. Mrs. Meschkat as a teacher is professional, and she knows how to get things done. I feel more prepared to go into the world because of what I learned in her class!"

Leyla Inchaurregui - "My favorite memory from GMJB would have to be working on a story for Hispanic Heritage Month in which I highlighted Bad Bunny. It was my first time editing and putting together a video and it made me feel very proud for accomplishing that."

Max Purdy - "My favorite memory in GMJB happened while anchoring on a very simple, 4-minute episode of our show. While preparing to record the show, my Co-anchor and I were telling jokes, and I got into a giggly mood. Because of this, we had to record the segment nearly six times because I kept breaking down laughing in the middle of announcements."

Luke Quacquarini - "I would just say getting the opportunity to use professional equipment and software. Also, I gained a pretty good understanding of career paths within media."

Aidan Robertson - "My favorite memory is pretty much every day when I get a hold of the show and edit it during first period, and I am able to put it up there. I feel really proud about it because I just can get it done and I am the last guy who gets to see it before it gets out to everybody."

Veronica Silva - "My favorite memory from GMJB was anchoring with Cindy one time and we both couldn't stop laughing, so we had to re-record the thing multiple times."

Cooper Tibayan - "My favorite memory during my time at GMJB was filming around the school. Including as many people as I could and seeing the disparity within my fellow students' opinions was a unique and interesting experience."

Yearbook

Vivek Bhakta, Designer - "My favorite memory in Yearbook was playing hide-and-go-seek in pitch black, and one of the members had photo fluid poured on him from a trash can. Also, hating Ryan."
Matthew Biser, Editor-in-Chief - "The time that Chris Kirk climbed on top of a door and sat on top of it."
Meghan Cavanaugh, Photographer - "The Halloween photo shoot at the abandoned zoo [where] we got to explore and take Halloween-themed pictures."
Ryan Davila, Chronology Section Editor - "Last semester we did a class activity where the Yearbook staff made rap song parodies. It was very funny."
Jacob Johnson, Designer - "My favorite memory in Yearbook this year was being in a class with my little brother. It was also cool seeing all of the other Seniors I've been with become the leaders of the group."
Christopher Kirk, Photographer - "Going to all the events and stuff is fun. It's cool seeing all the diversity within the school and [being able to] capture it and put it into the yearbook."
Finn García, Writer - "My favorite memory is probably meeting Maya. I'm a Senior and she's a Freshman, but Yearbook made it so it didn't matter."
Derek Lang, Classes Section Editor - "My favorite memory is winning all the section competition with undisputed victories, also I loved the experiences and great times I had with my peers!!"
June Lopez, Photographer - "The time Ms. Clark asked us to go to the basement under the school, and we were messing around. We found scooters down there and rode them. It was a fun memory and I had never been down there before. It was nice to see the hidden treasures of Burroughs."
Julian Melendez, Photographer - "Going to all of the events for free. Also Mario Kart tournaments. And the food."
Vivian Morse, Writer - "My favorite part of being in Yearbook is when the pages are finished and we celebrate by hanging out together and look at the work we have accomplished."
Armando Ramirez, Photographer - "I can't specifically give one exact memory but I had the most fun taking pictures at sporting events with the other photogs. I had a lot of fun getting to know them personally and am very thankful for the Yearbook class itself."
Bella Reinoso, Writer - "My favorite memory is from this year when we were taking our section photos, and I got my section to choose South Park for our theme. It was funny to see everyone dressed up in their South Park outfits."
Jamyle Rodriguez, Designer - "My favorite memory in Yearbook was when my very first mock spread was chosen to be put into the yearbook. I felt very proud of myself and I knew my artistic talent would pay off. People consider me a valid creative."
Savannah Stotts, Head Writer - "My favorite memory from Yearbook as a Senior was essentially every time we end up congregating in the back corner and everyone just talks."
Dmitri Voyevodin, Head Designer - "My favorite memory was cleaning up photo fluid in a dark room."
Keilani Pak, Head Photographer - "My favorite memories are 'informational photography meetings' with my photographers or playing hide-and-seek in the dark room."
Serena Raymond, Sports & Clubs Section Editor - "I think my favorite memory is from the beginning of the year when we [did] a charcuterie board contest. Since we are the sports and clubs section, we made a football shaped charcuterie board with cheese and pepperoni."

Tech Crew

Samantha Aquino - "Setting up my Junior year's Powerhouse set because I felt like we all bonded while working together and one of my favorite sets to be a part of."
Alyssa Banuelos - "I enjoyed painting sets during build days because I like art."
Jason Cano - "Hanging out with Braydon and being the rizzler."
Remi Nalbantian - "Learning about lighting design and being able to continue it professionally. Also getting to work with my best friends."
Alyssa Calderon - "The bus rides to and from competitions because that's when we bond and celebrate our work."
Axel Flores - "My favorite show during the year was Music Showcase because of working so close together and getting to bond with everyone."
Gavin Francoeur - "During Hamlet when I hooked up my PS4 backstage and played Madden during rehearsals."
Elden Jackson - "When we won Heart of America's Best Tech award during my Junior year's Nationals trip in New York."
Nathaniel Moore - "Going to dinner at Bob's to celebrate our Burroughs on Broadway show and getting to hang out with everyone a part of it."
Leila Munoz - "I loved working on Pop Show: Unplugged 2023 because I got to work in a different theater, explore the space, and learn about all their different equipment."
Sebastian Reyes-Quinonez - "I will always remember the rush of setting up for competitions under our time limit."
Jordan Salas - "Working Holiday Spectacular because everyone was wearing their penguin onesies and I got to work alongside my friends that I would call family."
Noah Valdez - "Meeting new people, making friends, and having the opportunity to do what I love. I found my passion for stage management."
Aiden Vice - "When the truck driver left, every Choir, Tech, and Band student came together to help load the truck at 2AM during our National's trip in Boston."

A.S.B.

Vivi Cannon, Legislative Secretary - "I really enjoy being spirited with my friends."
Ever Huerta, ASB President - "I love ASB so much, it's played a huge role in my life. It's been so fun [working] on all the events like Pep Rally Spirit Weeks and Blood Drives. This year as President [has] given me the opportunity to connect with other students and see [what] an amazing school we are!"
Chris Lim, Athletics Commissioner - "My favorite thing about ASB is that it's a welcoming environment and we all work together! My favorite memory is setting up the gym for Pep Rallies."
Marcus Manahan, Senior Treasurer - "My favorite memory was the Homecoming rally game. I liked setting up on the field early in the morning. Everyone was tired, but we still were all enjoying each other's company!"
Lindsey Mazarei, Senior President - "My favorite memory was the spring luncheon last year, we had fun blasting music and playing games. Even while cleaning up, we still worked together and it showed the spirit of ASB."
Brynn Merson, PR Commissioner - "I loved the fall rallies in ASB. We got to go to school early, get secret gifts for each other, and stay late for the football games."
Gissel Nolasco, Events Commissioner - "I love ASB because we plan Spirit Week days and I like seeing peers participate in school spirit around school!"
Daniella Olshansky, Community Commissioner - "My favorite memory is setting up for the Burroughs-Burbank game."
Miranda Sanchez, Senior Vice President - "My favorite memory was the Homecoming setup. We played music and had ASB bonding moments. It might have been a little chaotic, but it was really enjoyable."
Natalie Shaby, Student Faculty Commissioner - "My favorite memory is setting up for Rallies!"
Mia Terrano, ASB Vice President - "Bears 4 life!"
Iliana Wiley, Student Outreach Commissioner - "[I loved] setting up for Homecoming the night before."

Plays and Musicals

Brooke Bailey - "Opening night and knowing the real Joanne, Tracy Thomas, was in the audience and I was playing that role. Even though it was a lot more stressful, it was super fun and exciting knowing she was in the audience."

Chloe Barthelemy - "One of my favorite memories has to be working on 'Over The Moon' with Ms. Meberg. We kept bouncing crazy ideas off of each other! The most fun and iconic moves ended up being the first concepts we came up with; for example, the mid-song backbend. Overall, the mooing and laughing I heard on opening night has to be my most treasured moment."

Micaela Bowers - "I'll always remember the amazing creative energy of the first few weeks of discussion, brainstorming, and planning for Hamlet. We would spend class time working on different elements of the show and making sure that our adaptation achieved our vision and message. Everyone was so invested in the production from the very start —- it truly felt like our show, and I was so proud to see how wonderfully it turned out!"

Kyle Daou - "I loved running the JBHS Drama Tik Tok account and laughing and making funny Tik Toks with my friends -- especially Amelia Cucuzza, Chloe Barthelemy, and Sophie Pollono. I enjoyed my line "my lord" and joking around by calling Emerson Riley that title."

Kiran Desai - "My favorite aspect of Hamlet was getting the opportunity to collaborate and work with my fellow cast members of the show. It was an honor witnessing the incredible talent of my peers, and I was inspired by the commitment and passion they displayed for each role portrayed."

Riley Dowers - "My favorite memory from Rent was getting to dress up as a cow and doing the Instagram takeover."

Anna Fitzgerald - "My favorite part of Rent was the whole rehearsal process."

Kelly Fitzgerald - "When we all Moo'd towards the audience!"

Finn García - "My favorite memory from Rent was performing in 'La Vie Bohème' on the second night of the show and absolutely acing my solo. The solo I had was a dream role for me, and it fully sunk in when I walked off stage at the end of the number. My favorite memory of Hamlet was standing backstage on opening night and listening to our director talk about the importance and need for LGBTQ+ presence in theatre. It's a smaller moment but it's one I haven't forgotten as a trans theatre performer with my whole future ahead of me."

Brody Gosch - "That one time during 'Seasons of Love' when Owen Williams sang too early."

Hekate Guerra-Caram - "My favorite moments were 'La Vie Bohème' or 'Over the Moon.'"

Lucas Holt - "My favorite memory of Rent was the first music rehearsal in the choir room. Even though we were weeks away from our first performance, everyone was singing full out. It was such a thrill to watch the characters come to life without costumes or a stage. Just a big group of friends singing the well known songs from Rent! My favorite memories from Hamlet were in the time spent backstage or in the greenroom. Hamlet's cast was one of the most energetic and enthusiastic groups of people that I have had the honor to put on a show with. We would spend our time offstage, singing songs and playing games, while simultaneously trying to learn the Shakespearean language!"

Sorsha Khitikian - "My favorite memory from Rent was the bonding I had with my friends. Because of the very long rehearsal schedule, there was a lot of down time where I could connect with people I was already close with and some new Freshmen I don't see every day. I really enjoyed the hangout times that we had on and off stage. My favorite Hamlet memory is when I would say my page long monologue. I played the player king, and my large scene was me acting out what Hamlet (played by Kaylor Toronto) thought of his dad. There's this great moment where I turn from the audience and directly pronounce King Claudius (played by Amethyst Vasquez) as an enemy. I would stare her down every night, and we both would try not to laugh as we're challenging each other. I looked forward to that moment every show."

Colin O'Briant - "She Kills Monsters was really a wonderful experience for everyone involved, and it was an amazing experience to be involved in something like that in my last year of high school. Being in another show really helped me see the sense of community that the Drama program has, so it was a really wonderful experience for everyone."

Sophie Pollono - "My favorite memory was the sitzprobe because we got to celebrate the amazing music of Rent! Also my first successful run through of my song "Out Tonight" during tech week -- I was so proud that I was brave enough to do something out of my comfort zone."

Max Purdy - "My favorite part of being involved with Hamlet was the rehearsal process. My character (Laertes) had very broad and complex relationships with the characters he interacted with, and it was amazing to see how us actors would break off and focus on our own process, then show up to rehearsal every day, each day a little closer to the character we were playing and a little further from our natural selves."

Charley Ramos - "My favorite memory was during the dress rehearsal of Hamlet. I was helping Amethyst with a quick change that we had four lines to do, and her mic wasn't muted, so everyone heard her say, 'QUICK CHANGE! QUICK CHANGE! QUICK CHANGE! GO!' It was chaotic, and we didn't find out until Mae came out and told us."

Serena Raymond - "Some of my favorite memories from Hamlet are those where everyone showed how proud they were of each other. Sometimes I would walk off-stage and into the wings or the green room and find a cast-mate I had just finished a scene with and we'd whisper-shout at each other about our performances and bounce around! It was really an all around positive production where everyone was there for each other, and I'm proud to have had a part in it."

Mae Roth - "For Rent, I loved the moment when the cast first sang the opening number with everyone and the band onstage. Everyone LOVED watching 'Over The Moon' onstage and off and it was my favorite scene of the show! The final moments of the show with the whole cast onstage were also really special. For Hamlet, I really loved getting the end of the show up on its feet. It was really cool seeing the stage combat be put up onstage and the show has such an emotional and powerful last scene!"

Danny Schwadron - "I think my favorite memory of Hamlet is when Amethyst Vazquez kept calling my character "Voldenman." His name is Voltemand, and I finally asked her about it, thinking it was a character choice. She really didn't know she was pronouncing it wrong."

Andre Suarez - "One of my favorite things during the Hamlet process was watching everyone practice. Many lines were difficult and seeing people smile and laugh even after struggling was quite nice to say the least. I enjoyed [seeing] how a little failure [didn't] affect us from pulling through."

Kaylor Toronto - "Our first full sing-through of RENT was magical, and one of my favorite memories from the show. Though there were plenty of mishaps and funny moments, I think it also was our first glance at how jaw-dropping the cast was, and how impactful the show could be. That sitzprobe rehearsal was just a blast, and we developed the joy we had singing into equal amounts of joy on stage. For Hamlet I'll always remember spending hours running monologues and lines, splayed out on the fancy Hamlet couch, eating handfuls of smarties that were supposed to be props. Also, learning and practicing fight choreography was so fun during Hamlet; I never thought I'd get to goof off so much (safely) with a sword!"

Amethyst Vazquez - "My favorite memory of the Hamlet process was trying to adapt the characters to fit a more modern narrative. I and a few others would spend hours making up hobbies for the core characters of Hamlet, for example, Polonius and his secret hamburger hobby."

Aiden Vice - "I love drama because it's a place where we can all feel free to be who we want for an hour. We get to decide who we're gonna pretend to be and it's really liberating and fun to see people's takes on who the same person can be."

Owen Williams - "My favorite memory from Rent was when Lin went off script and said something during a performance that caught everyone off guard!"

Medical Academy

Jayden Addison - "My favorite Medical Academy memory would probably be dissecting a pig with Dominic and playing around; in general, having fun."
Zara Amrin - "My favorite memory is when we dissected the fetal pig."
Sofie Atondo - "The best thing about Medical Academy is the relationships you build with your friends and the teachers."
Noni Bayarjavhlan - "The best thing about the Medical Academy is the incredible people I've met and the opportunity to learn more about myself and what I want to do in the future."
Dariga Burkhanova - "I'd probably say when we went on the field trip to the hospital."
Nathan Carmona - "My favorite moment was in Anatomy and Physiology and the dissections were really cool."
Genevie Corea - "I think my favorite was when we dissected the pigs."
Jasmine Correa - "I really wanna say the dissection, because not only was it beneficial to see where we all stood in terms of our technical ability, but it also allowed us to bond as a group, and share an experience in which we got to help each other improve. Lots of new friendships were forged during that time."
Thea Cruz - "My favorite memory in Medical Academy is dissecting the fetal pig and the classroom smelling bad."
Stevie Dabbadie - "My favorite memory was in Mrs. Knoop's class when we were dissecting the fetal pig."
Ryan Davila - "In Ms. Russon's class we had a presenter and she told us about her stories from working as a nurse but also helped in labor and delivery so she showed us pictures of different babies and they had different abnormalities. I guess that would be the most interesting experience and she told us the weights of different babies and how some are super obese or super skinny after they get delivered."
Dominic DeSimone - "My favorite memory is probably going to St. Joe's and seeing the lab."
Timothy DeSimone - "The debates that we did at the end of ethics."
Samantha Espinoza - "I think my favorite Medical Academy memory is when we went to the hospital for our field trip and we got to get dressed up with all the bunny suits as we were walking through the surgery rooms."
Ellen Fernandez - "I'd say the field trip to the Saint Joseph hospital."
Jazzmeen Flores - "My favorite Medical Academy memory is when we went on our field trip to Saint Joseph's. It was a really great experience."
Isabel Friedman - "Probably the field trip we took to St. Joe's. It was fun."
Oscar Gara - "We dissected fetal pigs in Anatomy, and we opened the pig's skull and cut it open and it was fun."
Abby Giron - "My favorite memory was when Ms. Robertson told us to stop dancing in our bunny suits because we were in the hospital."
Chelsea Gomez - "My favorite memory was honestly the field trip to St. Joseph."
Elizabeth Guevara - "I think the hospital was nice and then also the dissection in Anatomy was really fun."
Katherine Hackett - "The hospital was my favorite."
Ellen Hovanesyan - "Medical Academy helps its students find their passionate specialty in the vast medical field. You learn many things including both personal and community health, as well as Anatomy and Physiology."
Leyla Inchaurregui - "My favorite Medical Academy memory is going to St. Joseph Hospital because some of us got to see the OR wing of the hospital and seeing the facilities of the hospital was very interesting."
Kylie Indefenzo - "My favorite Medical Academy memory is either the visit [to] St. Joseph Hospital or my Anatomy class from last year, because of all we did, including dissections and everything we learned."
Sydney Jackson - "My favorite memory is doing the cheese lab and going on the field trip to the hospital, it inspired me to become a respiratory therapist."
Elizabeth Johnson - "I would say making root beer in biotechnology with Ms. Knoop because all of the drinks tasted really bad and it was funny."
Sammy Kahn - "I liked going to the Providence Hospital."
Gabin Kim - "Doing all the dissections in Anatomy."
Annika Lingad - "The field trip to St. Joe's hospital."
Jayden Loyd - "Playing Just Dance during finals."
Angela Luz-Garcia - "I would say one of the best memories in Medical Academy would probably be doing all these labs and being included in a lot of stuff like with your teachers and your friends."
Nicole Mai - "My favorite part has been the labs that we've done, like the dissections."
Marcus Manahan - "The field trip to the hospital was pretty cool. That was my favorite memory."
Alexa Medina - "My favorite memory of being in Medical Academy was Anatomy and Physiology with Ms. Knoop because she's awesome, I love Ms. Knoop."
Evie Ngo - "I like the fetal pig the most."
Aiden Pitpitan-Goett - "My favorite memory was doing the fetal pig dissection, both weird and exciting at the same time."
James Rabadi - "Playing Just Dance after our final."
Bella Reinoso - "My favorite class was Anatomy because of all our dissections, we did five dissections and I did them all by myself."
Raquel Rodriguez - "When we went to the hospital and talking to the people."
Sophia Rosas - "My favorite memory in Medical Academy would have to be when we went onto the field trip to the hospital because it really gave me the opportunity to look into different career options."
Kelani Roy - "My favorite memory is all the dissections we did [in] Anatomy [and] Physiology, and making root beer and cheese. Even though they turned out really bad, it was fun!"
Sofia Samuelson - "My favorite memory was probably the hospital field trip because I really got a feel for what the actual medical field is somewhat like and what I can expect for myself with what I want to go into professionally."
Hannah Shavit-Weiner - "I really love doing the dissections, those were fun. The pig was probably my favorite because you could see all of the different organs. Before when we dissected, we would just see some parts of the animal, but with the pig we got to see all of them."
Melissa Solorzano - "My favorite memory would be visiting the hospital and getting an inside view on how things are when working at the hospital, because it's something people don't really get to see."
Jaylah Trejo - "My favorite memory was going to the St. Joseph Hospital and seeing all the different careers."
Carlos Tupua - "I'd say going to St. Joe's Hospital when we put on scrubs for the surgery tour."
Brooklyn VanGorder - "My favorite memory is visiting St. Joseph Hospital and interacting with the staff."
Keaton Wells - "I really liked the fetal pig dissection in Anatomy and Physiology, I thought it was very educational and engaging."
Iliana Wiley - "Mine would be, being able to dissect a pig because I got to do it with my friends and just have a lot of fun, even though it smelled bad and was kinda gross."
Sebastian Zamora - "The field trip."

Journalism

Brooke Bailey, Feature Editor - "My favorite memory from Journalism was doing the Wordle every day with Molly Boyke! Or playing *Among Us* with all of my friends. There is never a dull moment in this class and I am so glad I joined this class last year and continued to do it."

Chloe Barthelemy, Cub Reporter - "My favorite memories were watching the papers come together, helping to choose the covers, and passing them out to classes!"

Katie Baum, Sports Editor - "My favorite memories from Journalism were the rare occasions in which Mr. Fitz would admit he actually liked us."

Montana Benz, Cub Reporter - "My favorite memory from Journalism would have to be how quick everyone in the class connects with each other. The whole team is so welcoming and made my introduction to Journalism so enjoyable."

Molly Boyke, Editor-in-Chief - "Throughout the pandemic, mascot changes, and the end of print newspapers in the San Fernando Valley, it has always been my pride and joy to lead this exceptional staff. The hard work of our Editorial Board, Cub Reporters, and Advisor Mr. Fitzgerald has made this publication hold a special place in my heart. I'll never forget my start as assistant to the incomparable Alyssa LeBarron, slicing bagels in the pouring rain for our class final, reporting on the JBHS pigeon infestation, filming GMJB segments with the one and only Ensor Stull, and finding my passion for the written word through it all. As I pursue journalism in college, it will always be my greatest honor to have served as the last Editor-in-Chief of *The Smoke Signal* and the first of *The Paw Print*. Bye, Bears!"

Chase Bukowski, Opinion Editor - "If I had to boil down my very brief time spent in this class into a single favorite memory, I would probably say it was the experience of getting involved with the lives of many different students at this school and seeing all of their varying interests, personalities, and backgrounds. Up until my time in Journalism, I was pretty uninvolved with the school, mainly doing all that I could to get my work done and leave without a second thought. Journalism, however, greatly changed that. Though I will admit that I find it stressful talking to all kinds of people I've never spoken to, it is fascinating to see how high school has shaped them and impacted their lives, and with the insight and knowledge I get from every interview, I contrast it with my own life; in a way, it is humbling and makes me appreciate the time I've spent over the last four years in high school. Though I definitely wish I had gotten involved with more extracurricular activities earlier on, I am grateful that I had the opportunity to experience everything Journalism had to offer."

Lucy Burish, Cub Reporter - "My favorite memory from Journalism this year has been sharing Current Event stories and class discussions!"

Lin Goldenberg, Cub Reporter - "My favorite memory was playing *Among Us* with friends."

Samantha Gonzales, Cub Reporter - "My favorite memories from Journalism would have to be the ones where I met some new people who I'd now consider my friends. Every new encounter was a memorable one in that every person has somehow made an impact in my life, and every person became a reason to show up to class: my favorite class."

Anita Hernandez, Astrologist - "My favorite memory in Journalism is when I got to write an article about Color Guard. The sport is really important to me, so it was nice seeing more recognition."

Kenneth Leon, Cub Reporter - "Definitely my favorite memory and just the best part of Journalism is the environment, it really feels like a class where you hang out with friends and speak about topics we really care about, it's really amazing to create something that becomes part of school history. And John Pork. I love John Pork. John Pork is supreme. Life feels complete with John Pork."

Génesis Martínez, Cub Reporter - "My favorite memory is getting to write an article last year about my friend Brynn and her boyfriend Carson."

Vivian Morse, Online Editor - "Journalism has always been and now will forever be the most impactful class I ever experienced in high school. Moving forward into college, intending to pursue a career in journalism, *The Paw Print* will be my first home. My favorite journalism memories consist of fighting over the new name of our newspaper, long talks with Molly Boyke, listening to Fitz get angry over a variety of subjects (especially corn), and finding my love as a writer again."

Leila Munoz, Cub Reporter - "Joining this class was one of the best decisions I could have made my senior year. I got to collaborate with friends and write about topics I enjoy. My favorite part of Journalism is the classroom environment. The class is full of different groups of people that would otherwise not talk to each other, but it creates a really fun and weird dynamic."

Alina Ruiz, Cub Reporter and Photographer - "My favorite memory was the day Fitz actually learned my name and stopped pointing at me like everyone else."

Veronica Silva, Cub Reporter - "My favorite memory from Journalism was building a family-like environment in class, I always looked forward to coming to class and socializing with the team. Even though I've only been in it for a year, I appreciated how close I was able to get with so many of my fellow Cub Reporters."

Maria-Elena Stefani, Cub Reporter and Photographer - "My favorite memory from this class was watching Fitz lose his mind over the Try Guys cheating scandal."

Annie Torres, Cub Reporter - "My favorite memory is playing Clash when John Pork called."

Hattie Weinroth, Creative Director - "My favorite memory from Journalism is difficult to pick. I am thankful for the friendships I've made in this class, the skills I've gained, and the way it has pushed me to grow. The little things like looking over articles with our top tier Editor-in-Chief and the funny little quarrels that this environment created are the things I will fondly look back on for years to come."

Engineering Academy

Reece Adams - "I like building robots."

Kaian Bates - "Field trips. We went to Universal and IFly."

Marcus De la Cruz - "The people you talk to, you get familiar with some unique people."

Kiran Desai - "I like how hands on the class is."

Jonah DuFour - "We have the best field trips!"

Juan Garcia - "Nothing."

Benjamin Gutierrez - "The robots were the most interesting."

Charlie Harris - "We have the best field trips!"

Gareth Johnson - "Field trips are the best!"

Seth Lasry - "I enjoy the opportunity to collaborate with my peers!"

Jayden Loyd - "When we watched *October Sky*."

Marko Nasev - "Hands-on experience, working with engines was cool."

Sam Owen - "Don't ask for help."

Charles Powell - "Learning that I don't wanna become an engineer."

Logan Quigley - "I loved the hands-on projects."

Lilly Raesler - "Building a robot, that was fun."

Pablo Reyes - "We get to do a lot of fun projects!"

Maggie Roberts - "We should not be trusted around power tools, but it was fun."

Andre Suarez - "We learn many methods of engineering, and [that] sometimes plans work and sometimes they don't."

Béla Tanner - "Beating the all-boys team for a competition was great."

Andy Valdez - "I like the free period."

Roman Yemetz - "The people and cool teachers."

Instrumental Music Association

Julie Amezcua, euphoniumist and trombonist - "My favorite memory in band is when I got one wrong on my key signature test because I forgot to add the flat symbol to the B."

Lana Arana, saxophonist - "Being in band for three years has definitely been quite the experience. I would definitely say coming back Senior year after a year break was worth it. With reconnecting with old friends, going to schools and performing, our Disney trip and concerts, those memories I am very fond of. My most fondest memories were driving with friends to Bob's and spending the evening there with them after football games and concerts. Any memory with band friends were always the best!"

Lennon Barach, bass clarinetist - "Music may leave your ear, but it will never leave your heart."

Spencer Bond, percussionist - "The IMA is just one big family with one common end goal. we are all supportive of each other, critical of each other, all in the attempt at [making] good music."

Molly Boyke, percussionist - "I've had the time of my life clinking and clanking around in the back of the band, and the friends and community I've found in this program will stay with me forever. Nobody has it better than us!"

Dariga Burkhanova, percussionist - "I love you, capybaras!"

Nathan Carmona, trombonist - "Band is about making a new family with people you may not know at first. I wouldn't have known that the band was a family until I was actually in it. The accomplishments you make with the band are the greatest you will feel, especially getting first place at the Westlake Jazz Festival!"

Michelle Carpenter, trumpeter and horn player - "I think my favorite memory in Band was freshman year at the end of Hart rampage. We were walking back to the buses and everyone was kind of feeling down because we didn't score as well as we thought we did, but our drumline started playing cadences and everyone was cheering and screaming the whole mile back to the buses and it really brought back the hype, and made us feel more like a family."

Jasmine Correa, oboist - "My overall experience in band has been a tumultuous but rewarding one. Never before had I ever felt more comfortable making mistakes in a specific environment than in band, and in retrospect, I think I'm a much better person now for it. I've found lifelong friends and had the privilege of being able to be a part of a group with an equal passion for music as I do. I've been through the program with the same people for [more than four] years, and I love seeing how everyone's grown and improved. I think that whether purposefully or inadvertently, we've all helped each other in ways beyond our knowledge. I wouldn't take back the experience for anything."

Elijah Gonzalez, horn player and trumpeter - "Being in band is like a rollercoaster. As cliche as it sounds, it's probably the most fun I've ever had."

Katherine Hackett, flutist - "I have really loved being in band. It has made me feel more comfortable in the school and given me an automatic connection with a lot of my peers. I enjoy playing music and am glad that I found this amazing community!"

Anita Hernandez, Color Guard member - "I loved working with my friends. They bring me so much joy, they are definitely the ones who got me through everything. My favorite memory is winning 2nd at Championships and that whole day. I'm so proud of my team and myself."

Link Kayser, flutist - "[My favorite memory was] all the Disney trips."

Christopher Kirk, trumpeter - "Band for me has been a long and interesting experience. I have gone through all of the bands and have played in the jazz band and marching band. Throughout my time here at Burroughs, I have met a bunch of fun and talented musicians and have had an amazing time performing with them. I know we are all going our separate ways once we graduate, but we will always have this bond that we have forged over the past four years that won't separate."

Lois Kirk, Drum Major, Color Guard Captain, and flutist - "Being in Marching Band, Winter Color Guard, and Concert Season all four years has been amazing! Getting to be Drum Major this past Marching season and being Color Guard Captain of the Burbank Unified Winter Guard have to be my all time favorite memories. I'll miss this outstanding group of people and all the memories we've created. I love you all."

Grace Loeffelholz, percussionist - "I've shared so many laughs and memories with the coolest people… also, I like to hit things."

Jessica Lopez, flutist and piccolo player - "I absolutely loved making music with amazing people! Through thick and thin, everyone has each other's backs. The talented and beautiful members in the IMA are what makes music worthwhile!"

Angela Luz-Garcia, trumpeter - "My favorite memory from being in the program was back in 2019 when the Seniors made their own Senior prank day for band camp and started going after the underclasses with water balloons."

Roy Martinez, saxophonist - "Band is a great program that I won't forget in the future. I have met wonderful people during my time in bands and made friends I would consider lifetime friends."

James Nguyen, saxophonist - "My favorite memory from band was actually pretty recent. We won first place at the Jazz comp and I'm just so proud of the hard work the Jazz Band has done. This is a quote from John Coltrane: 'Damn the rules, it's the feeling that counts. You play all twelve notes in your solo anyway.' Whenever I take a solo I just think of this quote and instead of following the rules, I'll play what makes me feel good."

Cameron Osborne, saxophonist - "The transition back from COVID was hard, but coming back into it a lot of people put in the work. It was very transformative, but also inspirational, and it was fun. I think that Freshman year, watching the older kids play inspired us to be better and actually realize the importance of practicing, and when we became those Seniors it went by really fast. It was a fun ride."

Natalia Pérez-Gaytán, trombonist - "Being in band has been such a learning experience for me, even though I've been in it since I was in sixth grade. I've met so many great people along the way, and made friendships I know are going to last. From going to competitions to rehearsing countless hours for Holiday Spectacular, they may not have felt too fun at the moment but I'm grateful for every second I had of it. To the band program from the bottom of my heart, thank you."

Adam Reda, saxophonist - "To me, Band is more than just a bunch of musicians playing music. It's a culture, and more importantly, a Family. When I first joined band, everything was such a cool experience. Meeting all the great musicians and playing music live for concerts and going to competitions. You make great friends and meet tons of new people which you would have probably not met otherwise. One huge lesson I learned being in band is that "practice makes permanent, not perfect." Practice everything in your life to 110% and you can achieve everything you could ever dream of."

Maggie Roberts, clarinetist - "My favorite memory from band is probably at Disneyland— the annual routine of riding Grizzly River Rapids as many times as possible in the evening before we freeze and/or have to leave."

Sophia Sanchez, clarinetist - "I formed many bonds being in the program, and at one point, it became a family that I looked forward to seeing every day."

Alek Sanchez-Tellez, saxophonist - I am more than grateful to have been able to be a part of the IMA throughout my four years of high school. The memories and experiences are endless and I will remember them for the rest of my life. My favorite memory of being in band was when our jazz band won first place at the west lake competition on 6 May 2023, [or] secretly having a pet rat in the band room."

Lili Walker, IMA President and clarinetist - "It has been such an honor to serve as the president of the JBHS IMA this past year and Vice President last year. It hasn't always been easy, but it's always been worth it. My favorite memories from being in band are definitely the jazz band nights! Swing Night 2023 may have been the best one I've attended and the jazz band absolutely killed it. I'm unbelievably proud of all the time and hard work that has been put into our concerts and I'm so proud of the band's growth and development throughout this year. In the past four years I've learned that the people really do make the program. So many people have worked so hard to create and perform in all of our ima events throughout the years and a huge thank you goes out to all of them. I'm so grateful for my time in this program and I'm so excited to see where it goes from here!

Link Crew

Montana Benz - "Link Crew was so memorable to me because I was able to form connections with underclassmen all while being able to guide them through their first year of high school."

Dylan Berger - "For me personally, I like all of the events but really MORP and Freshman orientation."

Matthew Biser - "I think my favorite part of Link Crew was orientation. I enjoyed showing my Link Crew kids around the school."

Micaela Bowers - "Link Crew is so fun. I got to do the pie in the face [with] one of my friends."

Kyle Daou, Academic Commissioner - "My favorite memory from Link Crew is meeting my group of Freshmen both Junior year and Senior year and dressing up with my Crews for the tour of the school. Junior year we dressed up as fairies, and Senior year we dressed as chefs."

Dominic DeSimone - "As a Link Crew Leader the Freshmen were very nervous and scared, but I was there for them because I remember what it was like when I was a Freshman. I didn't know anyone as I was coming from an LAUSD school, so I was going to be introduced to a lot of different people [with] whom I still keep in contact with, and [now] call my friends."

Kiran Desai - "My favorite aspect of Link Crew is the memories I've made with both my Link Leader groups alongside my fellow Link Leaders. I can recall what it was like to be a Freshman in high school, and how intimidating it was, so it's really rewarding being able to help Freshmen students acclimate to the new environment."

Alexandra Diaz - "Being able to teach Freshmen, so going to their classes and just seeing how the kids respond to our lessons."

Samantha Espinoza - "Over the summer training, when we get to work with other leaders and just hang out with them before school starts. Meeting my Freshmen was also really cool. Also, the activities provide a more welcoming opportunity for the Freshmen, and it helps them in a really good way."

Jazzmeen Flores - "Orientation, MORP and giving tours, making friends with upperclassmen that have a common goal to make people comfortable."

Mariana Flores - "A favorite memory of mine would be MORP. I didn't get to experience it my Freshman year, so it was really cool seeing all the Freshman come. Also, enjoying it with other Leaders and seeing everyone dancing. Making those memories with them was really special."

Isabel Friedman - "The tailgate was really fun, because you get to see all the Freshmen together that are all excited to be there."

Owen Gersh - "My favorite memory was being able to plan last year's MORP. I had the opportunity of being the DJ and it was such an amazing experience."

Abbygaile Giron - "I would say that my favorite memory [was] giving donuts to my Freshmen at Palentine's."

Olivia Goldstein, Publicity Commissioner - "Link Crew has not only allowed me to contribute to lessening the gap between upper and lower-classmen, but has taught me what it takes to be a leader, a skill I will carry with me throughout my life."

Alexis Gopez - "The kids were cool and I enjoyed making new underclassman friends."

Ava Gorman - "Getting to know the Freshmen."

Gabin Kim - "Orientation and MORP was really fun, but also making friends with the other Link Crew Leaders that all have the same goal to help Freshmen."

Christopher Kirk - "I guess my favorite memory from Link Crew this year was when we went to Highland High School to meet other Link Crews from other schools. We played games, danced to songs like Payaso de Rodeo, and altogether just had fun."

Lois Kirk, Senior Head Commissioner - "My favorite part of being in Link Crew is getting to make connections with people."

Otelia Lighthill - "Getting to know the Freshmen and continuing to be not only a friend but a mentor."

Annika Lingad - "I always enjoy playing games with the Freshmen during OG days because I only get to see them a couple times a month and they also like playing a lot of the games we have for them."

Grace Loeffelholz - "It's really fun seeing how nervous the Freshmen are, but also see the excitement of going to high school."

Matthew Machuca - "I love how students come together to have fun and helping Freshman navigate their transition into high school."

Nicole Mai - "The summer orientations because you just get time to spend with other Freshmen and the people in your group."

Caitlyn Mendoza, Academic Commissioner - "I really enjoy making and doing activities with the Freshmen every Thursday. I love that I surround myself with positive people, and the environment we created for the Freshmen and for each other."

Julia Narmore - "My favorite memory of Link Crew was MORP last year. I got to work the popcorn machine with my friends the whole night and everyone was having so much fun. At the end of the day we all got ice cream and played Jenga. It was such a fun night!"

Gabriel Nemeth - "I really like it because it's more energetic, it's fun, [and] there's a lot of natural leaders. We are working together and helping out for other people's benefit."

Gissel Nolasco - "Palentine's because my Freshmen all came and we got to talk about school and get to know each other instead of just a grab and go."

Daniella Olshansky - "My favorite memory from Link Crew is learning all the lessons with my other Link Crew members to teach the Freshmen. I love bonding with all my Link Crew leaders and being able to bring that fun to my Freshmen."

Diego Perez - "It's really fun getting to know the kids and all their activities and the variety of different characters you find."

Nayan Ramakrishnan - "I think Link Crew is great because of how they ensure that every Freshman is aware of the resources open to them, even if they don't feel the need to use them. Every single Freshman has people ready to help them if the time comes, and I think that's so valuable."

Helen Ramos - "My favorite memory of Link Crew was getting to meet the Leaders in the Social Committee. They were funny and smart and had the same drive to share kindness for others. I got the chance to make new friendships and to grow as a person."

Simreen Sethi, Social Commissioner - "I think my favorite thing about Link Crew is being a part of the Social Committee because it's such a fun group of people, and I've met some amazing friends."

Natalie Shaby - "I once was in the Freshmen's shoes, having the opportunity to help kids was a wonderful experience and [I] would do it again!"

Veronica Silva - "Link Crew has been one of the best experiences in my high school journey, getting close with my Link Crew kids and being able to make connections is something that will stay with me forever. I couldn't have asked for anything more."

Kaylor Toronto - "I have made some lifelong friends with both my Freshmen and my fellow Link Leaders, and I am so grateful for the connections and the twenty minutes of joy I get from Link Crew every day."

Brooklyn VanGorder - "One of my favorite memories from Link Crew was MORP last year when I was a Junior. I had a blast hanging out with friends making popcorn, listening to music and playing games."

Zoe VerGow - "Link Crew is a great experience for Seniors and Juniors alike because it lets them connect with Freshmen and an opportunity to make the school a better place."

Lili Walker - "What makes Link Crew impactful is [that] everyone in it is willing to reach out to Freshmen and anyone who needs help, and willing to be open and approachable."

Madison Williams - "I would say my favorite memory in Link Crew would be going to all the events and seeing how much fun all the Freshmen are having with their friends."

Club Officers' Memories

AMNESTY INTERNATIONAL
Elane Shane, President - "We speak for the people who have had their voice taken away from them. I love seeing people of all grade levels come together for a great cause!"
Snikita Gandla, Vice President - "We strive to educate our community on the injustices happening around our world. I really enjoyed working with our event committee to create fun and engaging advocacy events for our club members."
Sarah Boghosian, Secretary - "I really enjoyed being secretary and working with other like-minded people who share the same passion about activism as I do. We planned lots of fun activities that promoted social justice and we worked together to address issues we felt didn't get enough acknowledgment."

ARMENIAN CLUB
Leanna Tatarian, President - "One of my favorite memories from Armenian Club would have to be the hand print activity we did in the quad back in November, and another one we just recently had. I loved having the opportunity to spread awareness and telling people about an important cause while still making it fun and interactive. I've met so many great people, made so many memories through Armenian club, and [grown] closer to so many of my friends. Being President has definitely been a little stressful, but I'm so happy that I was chosen to lead such an amazing group of people and just telling/teaching them about the Armenian culture."
Ellen Hovanesyan, Vice President - "My favorite part of this amazing club has been having the opportunity to share aspects of my culture with others, which isn't something that [I] usually get to do. It makes me very happy knowing that others are learning about my culture, and it's fantastic to learn from other cultural clubs at our school as well. This Vice President position has also enabled me to learn things about my culture that I didn't even know before, like ancient traditions and new foods. Overall, it has been a joy to be in this role and I hope to see this club continue as our Seniors graduate."

ART CLUB
Kiele Torrance, Co-President - "My favorite thing about Art Club is working with multiple people and having our ideas come together as one."
Zoe VerGow, Co-President - "Art Club is focused on making sure that everyone has access to art and get to explore."

ASIAN CULTURE
Alexis Gopez, President - "My favorite memories from this year are getting together with students who are passionate about understanding other cultures, and finding joy in learning about the world. Being a part of the Asian Culture Club Board this year holds such a special place in my heart. Growing up in Burbank, I never had much of a chance to see people who look like me, eat the same food as me, or even share similar home lives as me. The opportunity to be a part of a club that gathers people together who share similar upbringings, as well as students just interested in other cultures, is such an important part of appreciating how lucky we are to have something like this."
Theo Pynchon, Treasurer - "My favorite memory of Asian Culture Club was running the Chinese candy fundraiser. It was a big hit with our members, and it felt rewarding to share my culture with others. Overall, it was a great experience and I hope it continues for years to come."

BOOK CLUB
Zara Amrin, Co-President - "My favorite memory was the first meeting [during which] we had a voting session and we listed our fifteen different books, and people were shouting and going crazy over what books they wanted to read."
Alexa Ruiz, Co-President - "My favorite memory was when we read our first book, *Before the Coffee Gets Cold*, because it was a very small group of people and it felt very intimate and like we were just a group of friends talking about their favorite book."
Nicolas Carmona, Secretary - "My favorite memory was just having a community to share [the] experience of reading with."

BSU
Destiny Helligar, President - "My favorite memory in BSU is being able to do Club Rush as a cabinet member and talk to incoming students at the school."

CANCER RELIEF CLUB
Gabin Kim, President - "My favorite [memory] from Cancer Relief would be seeing all the members being enthusiastic to help and participate whenever we had events and fundraisers, along with all the times we were able to see pictures of the kids smiling with their care packages that our club was able to provide for them!"
Diego Perez, Vice President - "I really enjoyed making Halloween grams at our workshop and selling those in the quad to raise money for costumes for pediatric cancer patients. It was really great to see everyone come out to support and have fun sending messages to their friends."

CHESS CLUB
Reece Adams, Co-President - "[My favorite memory was] beating little kids in tournaments."
Nolan Smith, Co-President - "My favorite memory was when our team won second place in the California Youth State championship."

CREATIVE WRITING CLUB
Maleia Gould, President - "My favorite memory of the Creative Writing Club was tier-ranking books to screen adaptations."

CSF
Micaela Bowers, President - "It's been an honor to serve on the CSF cabinet for the past three years. I've truly appreciated the opportunity to lead this club and to work with all the dedicated, driven, and hardworking members! I wish next year's cabinet the best of luck — I know it's going to be another great year."
Noni Bayarjavhlan, Senior Officer - "My experience as a CSF Senior Officer has really shown me how much taking on an active role in your community can make a difference. Whether it was running a donation drive or helping someone study for a test, I've met some incredible people, and I'm thankful for the experience!"
Nicole Mai, Senior Officer - "I've really liked administering tutoring because it exposes me to students from other grades, which helps me feel more connected to the school and others outside of my class."

CYCLING CLUB
Sean Konkle, Vice President - "Cycling Club has been a really great opportunity to meet new friends, go on adventures, and also to spend some time outside while being more physically active. I definitely recommend going outside and meeting new people while you're in a high school, it's a really great opportunity."
Charles Powell, Co-Founder - "Two tired to give a quote."

DISNEY CLUB
Kaian Bates, President - "It was fun playing *Kahoot!* with all the different people that had Disney knowledge."

DIVINE FEMININE
Lucero Santos, Vice President - "I had a great time; I felt very accepted. It was nice seeing people join as a whole, I hope in the future more people join the club."

EDI
Ever Huerta, Founder and President - "I first got involved with EDI work my Sophomore year of high school, and I'm really grateful I was able to start it. I think one of my favorite memories was planning our Multicultural Festival: the first one that we had online. We had an amazing turnout; we had the superintendent come, as well as school board members [and] a city council member. I think one of my favorite memories was being able to plan it and coordinate with all of the culture clubs. To have that type of representation that's never really seen, especially here at Burroughs where we have such a diverse campus with students that come from various backgrounds, it's for sure one of my favorite memories. For a final message: the work isn't going to be easy, it's going to be a tough road ahead, but you know, perseverance is key, so keep on pushing and doing what you think is right."

ENVIRONMENTAL CLEANUP
Derek Lang, Co-President - "My favorite memory while being co-president of the Environmental Cleanup Club—I don't think it's reasonable to condense it down to one memory; however, I think, as a whole, it has been all of the amazing experiences that I have had with my friends and peers, and all of the fantastic opportunities I have had to bond with like-minded people.
Savannah Stotts, Co-President - "The Environmental Cleanup Club has been life-changing for me. Not only has it helped me become a better leader, but it has made me more aware of the impact humans make on the planet. I have met so many new people, and feel that the club has created a community for me. Passing the club on is very bittersweet. It has become a part of me and seeing it go will be difficult, but I am excited to be involved in environmental research and activism in college! My favorite memory was our first cleanup ever. It was at the Old Zoo, and we had a much better turnout than I expected, and I talked to so many new people. From then on, things only went uphill for the club. It has been a great experience."
Jamyle Rodriguez, Secretary - "To sum up my experience in the club as secretary, I feel that my favorite memory was definitely the first time that we went to Franklin Canyon and I saw all of the duckies and the fishies. It made me really happy to know that other forms of life exist despite mine, and it really put into perspective that I'm not really special, but that's okay, because there are other living things that have purposes, and if I don't find my own purpose, that is fine because there are other things to look forward to, and there's no reason to have a purpose because, at the end of the day, I will continue to live without a purpose, and if I choose to struggle with finding one, then that's my own problem, but I can just live life, and that's enough."

FILM CLUB
Chloe Chavez, President - "Film brings together a community of people!"

FRIENDLY FRUIT PROJECT
Lucy Burish, President - "As the president and founder of the Friendly Fruit Project, these past two years have been a truly wonderful experience! Seeing students and volunteers come together to serve the community is such an indescribable feeling. During my time as President, this club collected and distributed hundreds of bags of fruit to various organizations including homeless shelters, rehab centers, retirement homes, and food banks. I hope this project continues to grow and help our community for years to come!"
Roman Yemetz, Vice President - "As Vice-President of the Friendly Fruit Project, I very much felt like I was helping

Club Officers' Memories

not just our school, but our community. By being VP, I felt like I was truly helping change how people consumed and thought about their lowly fruit trees. Fruit are living things, and deserve to be treated as such, so I'm glad I was able to help give them new life!"

IMPROV CLUB

Lucas Holt, Co-President - "I have had such an amazing time as Improv Club Co-President, creating a really fun environment for anyone to watch or participate in comedy. The best part is watching someone who might not think they have the courage to be on the main stage in front of their friends get on the stage and make everyone laugh!"

Kaylor Toronto, Co-President - "Improv Club is a joy to be a part of, and one of my favorite parts of any Friday. As the presidents of Improv Club, Lucas and I mostly lead exercises and games so that people can be engaged in the fun of Improv as an actor OR an audience member! We truly love our Improv club family, and we welcome anyone to get involved with improv; whether it's for a laugh, to get out of your comfort zone, or for a super supportive community, it is such a happy space. Love you, Improv Club!"

INDIGENOUS CULTURES CLUB

Amethyst Vasquez, President - "I've really enjoyed my time being President of a club. It definitely tested my patience, responsibility and ability to balance school work with extracurricular. However, no matter how trying it's been, when a project gets off the ground, there is a sense of overwhelming satisfaction and accomplishment."

Sorsha Khitikian, Vice President - "Showing my culture on campus was a value I've had since Freshman year, and Indigenous Cultures Club gave me the space to do that as well as the leadership role to create a safe space for others to express their identities

Michelle Carpenter, Events Coordinator - "Being able to serve as the Events Coordinator this year in our Indigenous Cultures Club was one of the true highlights of my time here at Burroughs. I was privileged to become more involved with so many indigenous people that I met right here in our own community at JBHS. I am so happy I got to be part of this club, that allowed me to connect more with my heritage, culture and identity. I found so many new friends and strengthened old friendships making memories and friendships that will last a lifetime."

Jared Salisbury, Publicity - "Being in this club was surreal and interesting. I learned a lot about the history of Indigenous Peoples that the classes don't teach. I'm a better man because of it."

JSA

Maleia Gould, Internal Vice President - "My favorite memory of JSA was last year at Congress, which is one of our overnight conventions that we hold with SoCal State JSA, [where] I got to write and give a speech about a bill that I was really passionate about. I was super excited about it and it was a lot of fun to research it and get to talk about it."

Celene Makarem, Chapter President - "My favorite JSA moment was this past March [when] me and this school were able to hold a Joint Congress, so we had about 50 students at this school over the weekend. We were able to create our own debate resolutions and our own activities and activism initiatives, and it was really fun getting to see all of the students interact with the events that we hosted and set up for everyone."

Ava Moore, Statewide Cabinet Liason - "I think my favorite memory was when my friend got elected last year as the president of JSA. We worked this entire campaign to get elected and I wasn't sure if she was going to get elected so it was really cathartic to be like 'Yes!'"

K-POP CLUB

Lois Kirk, President - "I guess my favorite memory with the K-Pop Club is performing at Hip Hop Explosion with the other members."

Logan Quigley, Vice President - "My favorite memory from the K-Pop club was being able to perform at Hip Hop Explosion and showing the K-Pop glory to the school."

LATINOS UNIDOS

Micaela Bowers, Secretary- ¨Seeing so many people creating meaningful connections with their culture inspires me at every meeting. I'm so grateful to have been part of this loving, dedicated, and fun community and I can't wait to see it continue to thrive.¨

Alexandra Diaz, Publicity Manager - ¨[I've loved] getting to shine a light on more cultures by doing presentations or getting to do activities in the club that shows these beautiful cultures and people.¨

Finn Garcia, Events Coordinator- "Seeing all of our work at Sabor Latino coming to life behind the scenes [was] really rewarding. Even though I couldn't stay for the whole event, I really enjoyed being there with fellow Latin community."

Seth Lasry, Treasurer- ¨My favorite memory was definitely the first Club Rush of the school year. The time we put into it was well worth it.¨

Andy Valdez, Co-President - ¨Honestly, I've loved every second of it. One of the times that stood out to me was our winter meeting where we had a toy drive organized by Natalia. It was amazing getting to see so many people together.¨

MENTAL HEALTH BOARD

Micaela Bowers, Burroughs Representative - "I'm honored to have been a part of the Burbank Student Mental Health Board for the past three years! My favorite memories from the board are the picnics at the beginning of the year because it's my first chance to get to know the new members from across the school district. It's amazing to see so many supportive, passionate, empathetic, and dedicated people working on this cause together. I know the board has grown so much since it started, and I can't wait to see it continue to thrive going forward!"

Kyle Daou, President - "My favorite memory from being President of the Student Mental Health Board this year was watching the success of Suicide Prevention Week at both the JBHS and BHS campuses. Many students bought suicide prevention ribbons, posters with hotlines and positive quotes were hung around the school, and many students wore purple and blue to show their support!"

Sorsha Khitikian, Secretary - "The SMHB has been the place where I have experienced the most growth. Being honest about my struggles, learning about [the] mental struggles of my friends, and creating an environment where everyone wants to create change: everything about the board has been what I've wanted to build for years. I am extremely proud of this board and the progress we've made in the district in regards to mental health."

Kaylor Toronto, Vice President - "It has been quite a fun and eventful year for the Burbank Student Mental Health Board, but some of my favorite moments (outside of interesting conversations during meetings) have been our beginning of the year picnic, the NAMI walk for mental health, and our teacher panels. We've had some incredible discussions this year, and I've met some truly passionate people!"

MESA

Micaela Bowers, Founder and President - "Creating my own club was an amazing experience! It was wonderful connecting with others and discussing the biracial, multiracial, and multiethnic community. I'm grateful to everyone who participated and hope this club continues and grows next year!"

SAGA

Quinn Glenn, Vice President - "My favorite memory from SAGA was the Open Mic. It was so fun to see a bunch of club members break out of their shell and perform talents that I never knew they had!"

Maria-Elena Stefani, President - "I've been in SAGA since Freshman year, [and] getting to experience the community of this club was fun for me."

SELF CARE CLUB

Noni Bayarjavhlan, President -"One of my favorite memories was when we held a volunteer event open to all students to create positive notes to encourage students around the school! Not only did we bring the community together, but we had the opportunity to spread some smiles!"

Montana Benz, Vice President - "One of my favorite memories would be how welcoming the club is to everyone. Even if you are new, or have been there since the beginning, everyone is open to creating new friendships and memories together!"

SOCIAL DEMOCRATIC CLUB

Theodore Pynchon, Head Researcher - "I've been in the club for two years, and my favorite memory was selling flowers for Ukraine in my Junior year."

Vivian Morse, Secretary - "My favorite memory from SDC was the meetings early in the year where we had discussions and debates about topics that everyone was passionate about. It opened me up to a lot of important viewpoints."

Savannah Stotts, Vice Chairman - "My favorite memory of SDC were the debates we would have over the pandemic on Zoom!"

Roman Yemetz, Chairman of the Directorate of the SDC - "My favorite memory was selling carnations last year for International Women's Day, because it was cool seeing everyone around school have one the whole day."

SUPER SMASH BROS CLUB

Kaian Bates, President - "Keep smashing, bros!"

TEEN COURT

Molly Boyke, Co-President - "Being in Teen Court has given me the opportunity to make a tangible difference in my community while learning more about the judicial system. Restorative justice is such a constructive response to crime, and I've seen firsthand how it changes a person's life for the better. I'm so glad to have been a part of this groundbreaking program, and I'm honored to have served as Co-President."

UNICEF

Nicole Mai, President - "UNICEF has been a very eye-opening experience. It's educational and fulfilling to know that you're working towards a cause that will help people in need."

Noni Bayarjavhlan, Vice President - "Being in UNICEF for the last 4 years has given me the opportunity to meet some incredible people, help others, and give back to my community. I'm thankful for the club and all of the great memories."

WOODWORKING CLUB

Sophia Squillacote, Club President - "It was a really fun experience, we had a lot of fun meetings together and made a bunch of wicked projects. It was really rewarding seeing all the members learning the tools and making projects they can sell."

Congratulations

MICHAEL VARELA, JR.

class of 2023

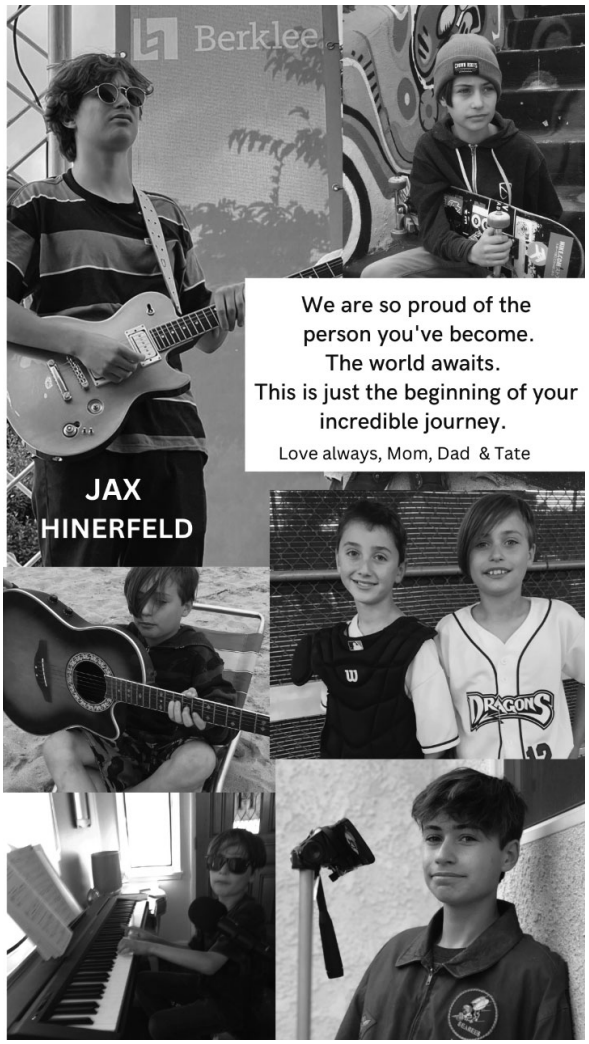

IT IS AN HONOR AND A PRIVILEGE TO WATCH YOU GROW INTO AN EXTRAORDINARY YOUNG MAN! I AM SO INCREDIBLY PROUD OF YOU IN MORE WAYS THAN I CAN COUNT. REMEMBER THAT EVERYTHING YOU NEED IS ALREADY INSIDE YOU. DON'T WAIT FOR ANYONE TO LIGHT YOUR FIRE—YOU HAVE YOUR OWN MATCHES. LOVING YOU ALWAYS, MAMA AND NOAH

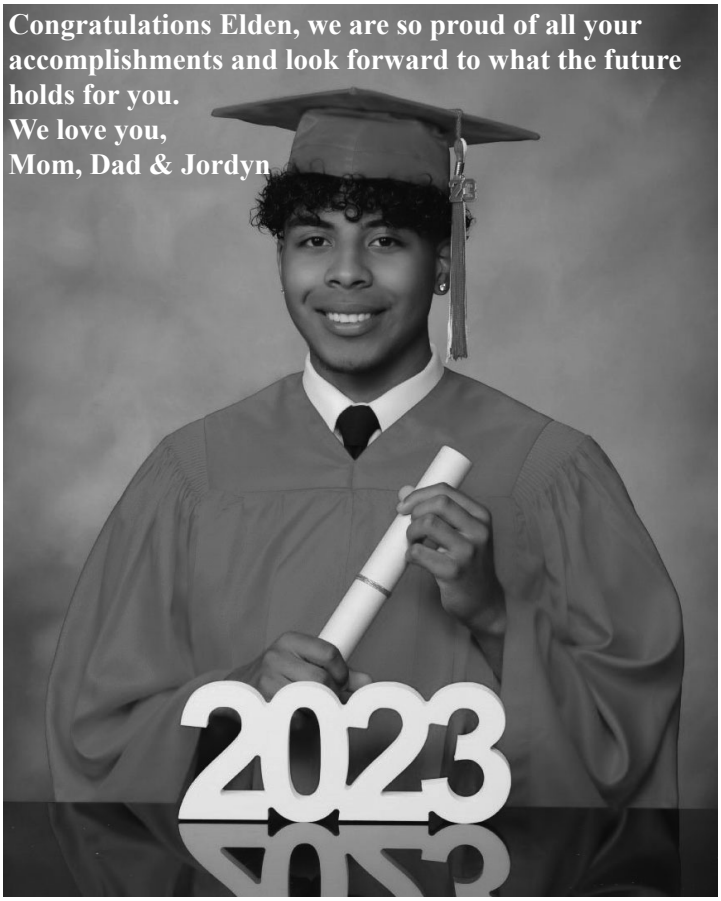

Marcus Manahan

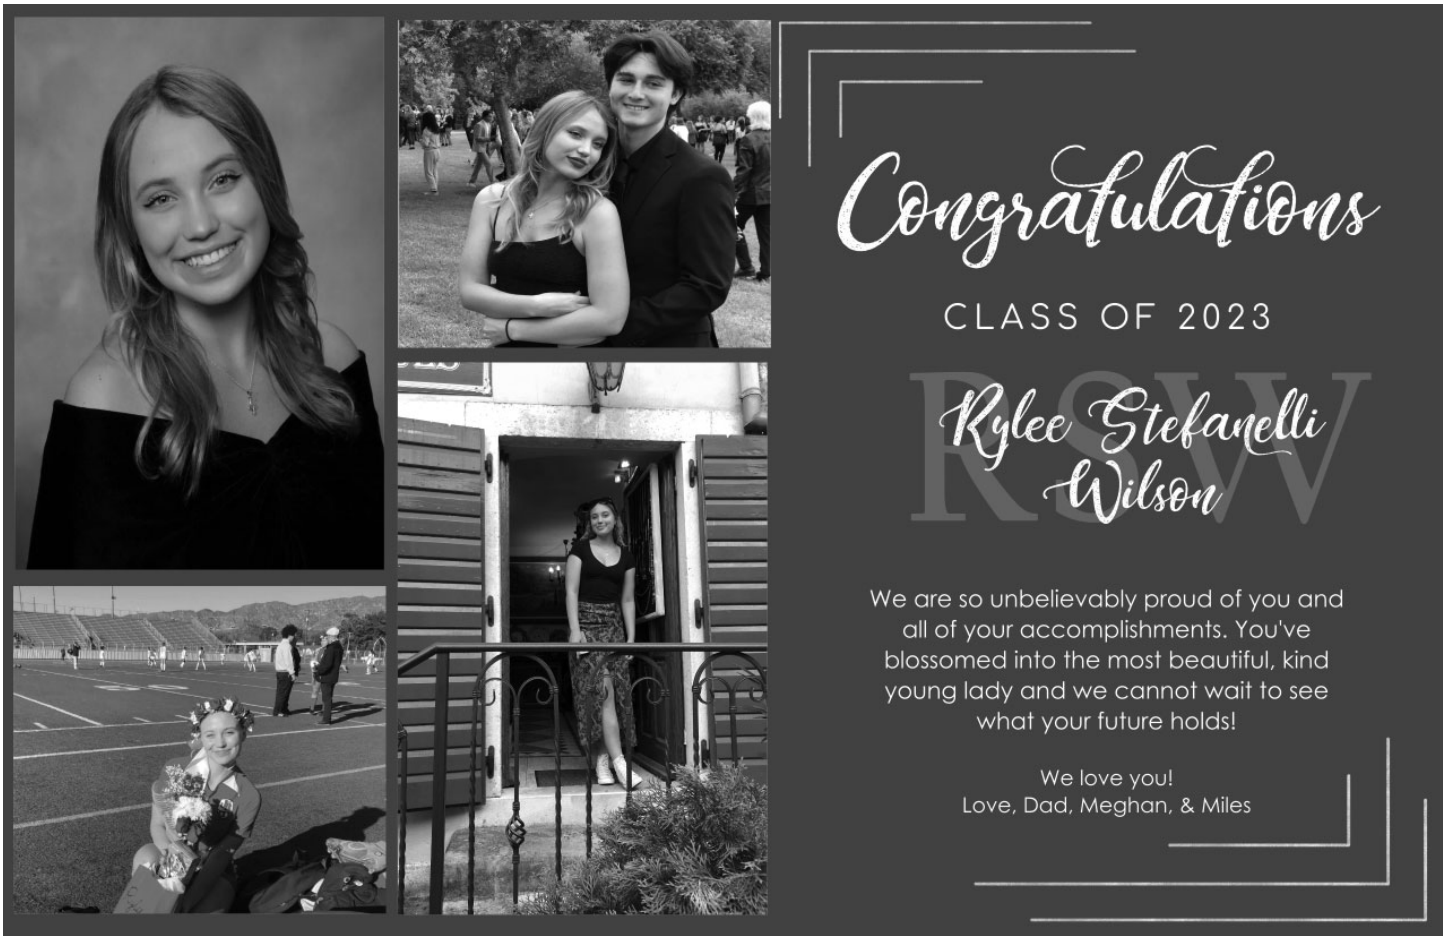

Congratulations on completing this great milestone of High School! Your accomplishments both off and on the field are a testament to your work ethic, perseverance, and enjoyment. Your moral character and humility have made you the young man all can look up to. Your ambition is so inspiring! Wherever your future lies, always remember where you came from, the people who have helped you along the way, and the happy times that have been created. We will always be your biggest fans and supporters yelling the loudest. Keep reaching for the stars because there is a lot of greatness still ahead of you! Love you always!

Mom Dad Megan Madison Buster

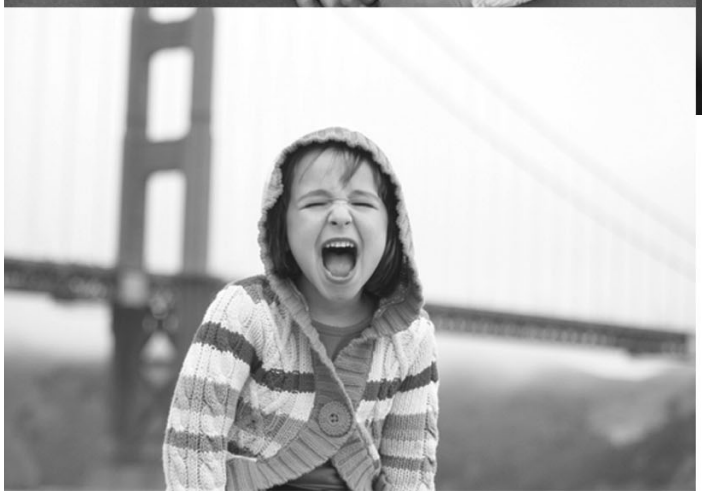

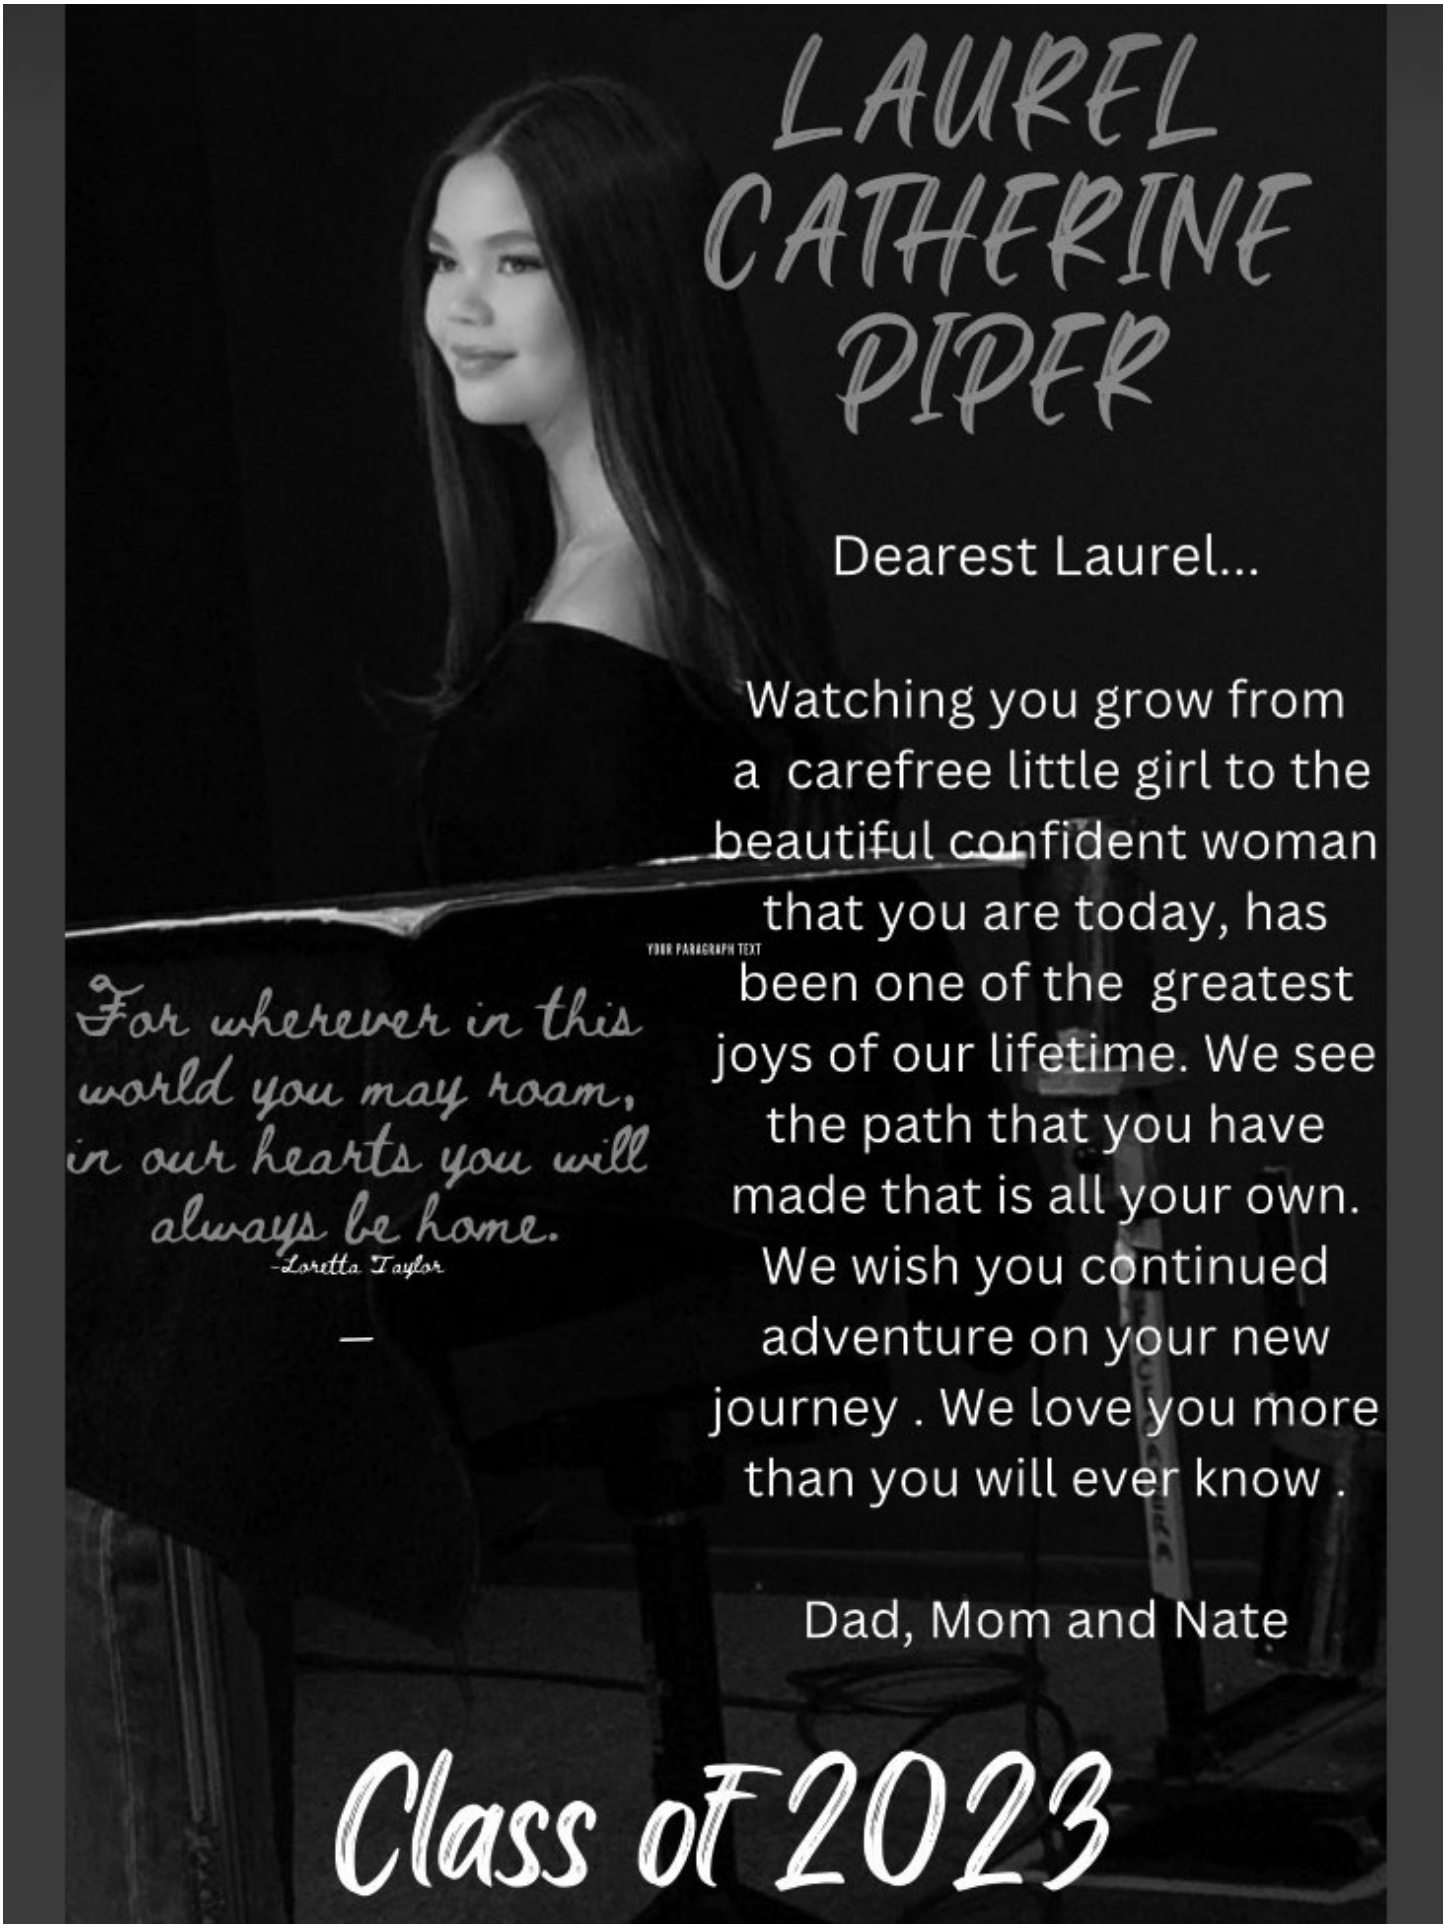

Congratulations on not getting expelled!

- Love
Mom, Dad & Abby

LAUREL CATHERINE PIPER
Dearest Laurel...
Watching you grow from a carefree little girl to the beautiful confident woman that you are today, has been one of the greatest joys of our lifetime. We see the path that you have made that is all your own. We wish you continued adventure on your new journey . We love you more than you will ever know .
Dad, Mom and Nate
YOUR PARAGRAPH TEXT
For wherever in this world you may roam, in our hearts you will always be home.
-Loretta Taylor
Class of 2023

CONGRATULATIONS, KEATON!

Dear Keaton,
You did it! We could not be more proud of you!
We love you beyond measure,
Mom, Dad and Carter

Chloe Barthelemy

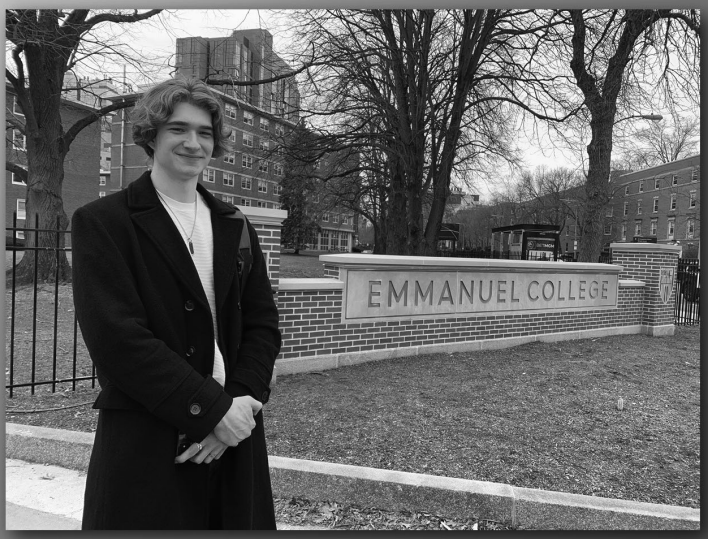

Chloe, we are so happy for you to be graduating!
We know all the hard work you put in and could not be prouder.
Your strong work ethic and immense talents will undoubtedly take you far.
Never forget while you begin your next exciting chapter, how loved you are by all of us.
Love,
Your Family (your #1 fans)

Congratulations Matthew! We are so proud of you and your high school accomplishments. What lucky parents we are to have witnessed your growth and creativity through photography, yearbook and more. You have an impressive desire to live life to the fullest and you are not afraid to take chances. This ambition will take you anywhere you wish to go and we will continue to be your adoring fans. Remember that no matter where your adventures take you, we love you more than words can say and we will always be your home.

Sean Konkle, you've made us proud,
Your achievements and qualities, we'll shout out loud,
As he embarks on a new journey in life,
We wish him success and a future bright,
We're proud of you in every way,
And we'll love and support you come what may.
We love you more than words can express,
Cheers to your success, and to endless progress!
