Luca Schaefer
Class of 2022 Valedictorian

The Valedictorian of the John Burroughs' Class of 2022 is Luca Schaefer! Luca has been a standout student for his entire time at JBHS and his excellent academic career, combined with his athletic triumphs have earned him the highly coveted award of Valedictorian. He attributes this recognition to his "work ethic," and being "known for working very hard and being able to effectively manage my time between school work, sports, and a social life."

He attended Benjamin Franklin Elementary, in Glendale, then Dolores Huerta Middle School.

Luca started high school with much enthusiasm and drive; this dedication to his education has not waned over the years, he pursues both academic and extracurricular activities with as much zeal as when he first started. The burn out that affects many students has clearly not affected him, which underlines his mental fortitude, dedication to excellence, and the high standards he sets for himself.

It seems as though Luca has made a name for himself not due to external pressures, but due to the "rigorous standards he sets for [himself]." He mentioned to the JBHS *Paw Print* staff that he has felt privileged to be able to have access to such a great education and it was a must for him to " take advantage of the opportunities afforded" to him.

Luca's family has had a significant influence on his efforts in high school. His mother is a Salvadoran immigrant "who sacrificed a lot to come [to America]" and he "honors her legacy" by setting high standards for himself and giving 100% effort all the time.

Impressively, Luca has kept his high grade point average while being a highly-awarded Varsity Water Polo goalie and member of the Varsity Swim team. He is the 2021 Varsity Water Polo Defensive Player of the Year, and he has a 83.9% blocking percentage as a Goalie. He won the Junior Varsity Champion award in 2018 and 2019. He has received the Scholar Athlete Award every year from 2018-2022.

Luca started his Water Polo career in a summer program where he was "a standout and made the Burroughs' Water Polo team with ease." He has been a leader and a mentor to other players during his four years playing for JBHS.

His favorite classes at JBHS include AP European History, AP Statistics, AP Spanish, and Video Production. He also enjoys being an Academic Mentor. His favorite teachers include Mr. Frankenbush (AP Euro), Mr. Carman (Video Production), and Mrs. Hollingshed (AP Stats).

In his free time, Luca says he mostly studies and hangs out with his friends; catch him having a Poquito Mas lunch with his friends on school days. This year, he hopes to get great AP test scores and then in college, stay in touch with his friends while making new connections at University.

He will be attending USC in the fall, majoring in Political Science, following a Pre-Law track. The JBHS community and *The Paw Print* commend Luca Schaefer on his commitment and drive, and congratulate him on earning the status of Valedictorian.

Kaylee Hirsch
Class of 2022 Salutatorian

One of three people to receive the honor of being named Salutatorian of the 2022 Senior class is Kaylee Hirsch. Kaylee is eighteen and plans to attend Grinnell College next year.

On being named Salutatorian, she stated that she "was definitely surprised" to find out, and that "it's really nice to be recognized for my academic success." Hirsch added that she thinks it's "important to recognize that so many of my peers have worked extremely hard." Above all, Kaylee stated she simply feels "very lucky to be surrounded by so many amazing people."

Outside of class, Kaylee is the Co-Vice President for Habitat for Humanity Club on campus and has helped organize events such as the clothing drive. Kaylee also participates in Girl Scouts and earned her Gold Award last year! She stated that completing the project in the pandemic was difficult, but it was worth it and "I learned a lot about how to be flexible in my plans and goals."

Out of all her classes, Hirsch says her favorite would have to be AP Chemistry because "Ms. Carlton is the best, my classmates are great, and the labs are pretty fun," adding that even though the concepts can be challenging, she always feels rewarded to reach the point where she understands them.

Kaylee said she finds creating a loose schedule that allows both structure and flexibility helps, and that prioritizing tasks and setting aside time in the week to either catch up or get ahead on work are both essential. It can be hard to juggle, but, according to Hirsch, "Some days you might fail at juggling, but don't let that discourage you from trying again the next day." Kaylee also states that the best thing you can do is "to focus on what you can control" and not what other people do. This reasoning, Hirsch says, is why she didn't specifically aim to be Salutatorian, as it depends on the actions of other people. This year, she says, she just aimed to be more productive, which she has achieved.

In her free time, Kaylee enjoys reading, crocheting, and watching documentaries. She also enjoys decompressing by listening to music and not focusing on any particular task, stating, "When you have two brain cells left, you gotta give them a little break now and then."

Hirsch says that she has many role models, as "my teachers as a collective are one of my role models," and that she feels inspired by their patience and dedication. Hirsch also looks up to her grandmother, whom she describes as "loving and hard working."

All of us at JBHS are so proud of Kaylee for her outstanding academic achievements. Kaylee reminds us that "class rank is…by no means a definitive measure of success," and there's no need to stress about something you can't completely control. While this is true, we still want to celebrate the hard work and determination Kaylee had this year to be awarded with the title of Salutatorian.

Not only have Kaylee and the entire Class of 2022 managed high school during a global pandemic, Kaylee proves that it is possible to learn and thrive despite challenging times.

Congratulations to Kaylee Hirsch!

Valedictorian / Salutatorians

Kyle Lester
Class of 2022 Salutatorian

Congratulations to Kyle Lester for being a Salutatorian in Burroughs' graduating class of 2022! Your fellow students admire your hard work and the drive that brought you to achieve this major accomplishment.

Kyle got out of his comfort zone and challenged himself by loading up his schedule with difficult classes, but ones that still interested him. He tried his hardest to maintain a strict work ethic ever since his Freshman year and just kept up that momentum.

Kyle is Varsity Captain of the Tennis Team and the President of the JBHS Book Club. He is also a representative in UNICEF, a counselor in training at the YMCA, a writer on the JBHS Yearbook Staff, a member of the National Honors Society, and Treasurer of the Self Care Club.

Kyle's hard work in his extracurriculars proves to be worthwhile. Here at JBHS, he won the Tennis Doubles MVP award.

"For Tennis, I am super passionate about the sport and all the other clubs. I love to get involved on campus and support my fellow peers," Kyle expressed.

One important goal that helped him in his journey to become a Salutatorian was to build strong relationships with all of his teachers and reach out for support if he ever needed it.

Kyle's dedication has been recognized with many awards and achievements here at Burroughs. He received the AP Scholar with distinction award and the student-athlete award all four years at JBHS. He also won the award of excellence in the yearbook and student of the month with Ms. Balian.

His main motivation throughout his academic career has been working towards and bolstering his college application. He also strives to make his parents and family proud of his accomplishments.

This Salutatorian's current schedule consists of AP Psychology, AP Calc BC, AP Econ/Gov, AP Literature, Yearbook, and Tennis. His favorite classes at Burroughs have been AP Stats, Honors Chemistry with Mr. Van Loo, and Yearbook. He has a few favorite teachers at JBHS (in no particular order): Mrs. Hollingshed, Ms. Clark, Mrs. Carman, and Mr. Cohen.

In Kyle's free time he always tries to find an excuse to hang out with his friends whenever possible and just drive around Burbank and find something to do.

His role model is Christian Solano.

He wants to make sure to say a good farewell to all his classmates and friends before they all take their own paths in life. Additionally, he "wants to take advantage of this summer to go to the beach and relax before I start this new chapter in my life."

Kyle is very thankful for his parents and family. "I am super grateful for all the support they've given me throughout my life and I couldn't ask for more encouraging and understanding parents," he remarked.

His older sister, Michelle, who graduated from Burroughs three years ago, is his best friend and she is always there for him. She is the only reason he knew where to start when figuring out how to apply for colleges.

Kyle is committed to UCLA for the class of 2026 and he currently plans on majoring in Mathematics of Computations but he is keeping an open mind and is still trying to explore and figure out what he wants to do.

"I'm super excited to just meet new people and get a change of scenery in my life even though I've grown so attached to Burbank and Westwood isn't even that far anyway but I'm still looking forward to the adventure," he expressed.

Samantha West
Class of 2022 Salutatorian

This year, one of the John Burroughs Salutatorians is Samantha West, an extremely accomplished and talented person, and a future UCSB student.

With Samantha taking AP Econ, AP Calc BC, AP Stats, and AP Psych this year, it is clear that she has worked tirelessly over the past four years. Though high school was not the easiest, especially due to the COVID-19 pandemic, she was able to reminisce on fond memories and great teachers. "I would say my favorite class this year and last year is definitely Calc. Mr. Peebles makes learning really interactive and fun."

Her least favorite class and overall part of high school was "definitely taking AP Physics 1. I love Mr. Madooglu, but I've never hated a class more." On the other hand, her favorite part of high school was "All of the senior events that have happened or are about to happen are a bit surreal, but they're super exciting."

With a cumulative GPA of 4.44, Samantha has displayed a great work ethic and academic rigor. Still, despite her rigorous schedule, she has had time to explore her passions and interests outside of school.

Samantha has a passion for baking and has been with the company Yummy Cupcakes since last year. She described her work experience in a positive light, stating that "It is super fun, and my coworkers are the nicest people ever."

Besides school and her job, she is also a Link Crew leader and was on the JBHS soccer team before the season ended.

Her outstanding academic record, extensive involvement in sports and activities at school, and her job at Yummy Cupcakes secured her at spot at UC Santa Barbara, majoring in Computer Engineering. West says, "I don't have any super thought out plans for the future. I'm just going to go to college, hopefully, graduate, and see where that takes me."

Samantha also acknowledges her grandmother as her role model, saying, "I look up to my grandmother a lot. She's literally the coolest person ever, and she's successful, which is the best of both worlds."

Samantha expresses, "I don't have any super thought out plans for the future regarding her plans. I'm just going to go to college, hopefully, graduate, and see where that takes me." However, regarding her plans for the rest of the school year, she "[wants] to enjoy the time I have left in high school. It's already almost over, and I don't want to take any moment for granted."
In regards to advice to her fellow graduates and students, Samantha articulated, "actively enjoying my time in high school is [very important] and isn't something that I didn't do until not that long ago. Going to events and sports games is fun, and I wish I got involved in that sooner."

Her family, friends, and everyone at JBHS is immensely proud of Samantha and her amazing achievements.

"I'm proud of myself and the other salutatorians for winning that honor. It's definitely not a solo accomplishment, and I'm really grateful for everyone who's helped me achieve it. "

We at JBHS are fortunate to have such a talented and admirable student, and we at *The Paw Print* wish her the best of luck at UCSB in the fall and congratulate her on her success at John Burroughs High School.

Prom 2022, Wish Upon A Star

By Cate Dobson
Cub Reporter

Our Senior class had a magical Prom night courtesy of ASB and the California Science Center's Endeavor Pavilion at their "Wish Upon a Star" themed Prom Night on Saturday, April 30, 2022.

Under the magnificent Endeavor Space Shuttle and twinkling neon lights, many beautiful outfits were showcased and many wonderful memories were made.

Students entered the venue through tunnels of shimmering white. After ticket checks, students entered the venue by walking through halls of aquariums, where the wall-to-wall underwater tunnel dunked attendees into the magical undersea world before being blasted to the stars when entering the Endeavor Pavilion.

The Endeavor loomed over the room, as if suspended midflight in the stars. Students were able to walk under and around the impressive shuttle to snap a picture or read more on the impressive feat of scientific ingenuity from the panels lining the pavilion.

Following the theme of the "Wish Upon A Star," professional astrologists and tarot card readers were available for students to get a glimpse of their future fates as dictated by the celestial bodies.

Delicious food and desserts were also provided, along with an array of sodas, juices, and mocktails.

ASB truly outdid themselves, and it was impossible to be bored with such an array of wonderful activities and delicious treats.

In the center of the pavilion, students danced to their heart's content to Radio Power 106, ditching their heels to let loose and bop to their favorite nostalgic tunes. Students were also wowed by the special guest Blueface, who treated everyone to an exclusive performance of some of his top hits, including "Bleed It," "Daddy," "Thotiana," and many other bangers.

For students who wanted a break from the bump and grind of the dance floor, many of the California Science Museum exhibits were available for students to explore, including aquarium exhibits, tide pools, touch tanks, and ecosystem exhibits including the Polar Ice Caps, the Deserts, and the Deep Sea. Prom attendees truly saw the world and beyond at this amazing venue.

As for the looks that evening, the students of John Burroughs did not disappoint.

Girls glittered in sequins and satin with the makeup to match, evoking euphoric auras.

The boys looked absolutely dapper in their classic suits, though some went above and beyond to elevate classic men's fashion to the next level.

Thanks to the many photo opportunities and professional photographers, these looks, along with the smiling faces of friends and lovers, were able to be captured, allowing these special moments to be forever preserved in memory and time.

At Prom, old friends reconnected, new friends were made, and everyone was able to make memories that will truly last a lifetime.

No matter where the students of John Burroughs end up after graduation, we will all remember this special night, when we all were getting ready to shoot for the stars.

Prom Court

Thanks to my fellow Bears for all of your votes! Couldn't think of a better way to cap off an awesome four years at JBHS! - **Lincoln Melcher**

I've been so grateful to be the Class of 2022 President and planning events, especially Prom. Winning 'Prom Royalty' has shown me that all of my hard work has paid off! Thank you! - **Jurnee Fuentes-Bumpus**

Winning was unexpected but I'm glad I did with my buddy Rennan. It was fun being up there with my buddy. - **Zac Levy**

It was very fun; I did not expect 'Blueface' to be there. I loved seeing Axel busting it down on the dance floor. I'm very happy to have won, and shout-out to my girl Sophia, I love you. - **Rennan Cervik**

I was so excited for winning Prom Court that during the guest performance I ripped my pants during 'Thotiana' when I did the drop. - **Zach Arnold**

It was hot, pretty swag. - **Julie Persaud**

Senior Memories And Plans 

Cristian Alfaro - Playing on the Burroughs Soccer team for all four years. / Going to LAVC to get a medical career. **Brianna Arballo -** Being obnoxious during lunch, third period and chatting with friends. / Lawyer. **Blaine Austin -** March 9th, 2020 / Film School. **Sosie Berg -** Being a part of the Black Student Union and JSA clubs! Also being a part of the Y2-K Spring Show. It was so fun to work with my classmates and see everyone shine on stage. / I plan on taking part in USC's transfer program through GCC. I would like to focus my studies on computer science and eventually have a career in video game development. **Corvette Brown-Henry -** My favorite memory in Burroughs is being in Journalism, forming new bonds with others and writing the articles for the John Burroughs Newspaper (*The Paw Print*). / My future plans are to go to PCC and transfer to either Berkeley or UCLA to pursue my major in Architecture and minor in Film. **Sebstian Castaneda-Guzman -** I got to join the Cross Country team in 2019, I got to learn from home (it was an unforgettable experience), I made some friends that liked me (most of the time), and I got show mostly everyone what I'm capable of doing, even though I'm not a super athlete or popular kid. / I'm planning on going to SDSU (San Diego), I really liked the environment and it felt good to walk around the campus to feel what it would be like when I'm an official student. **Andrew Chapman -** Seeing Jordan Scott win musical chairs in the quad. / Go golfing everyday. **Kiley Christopher -** The 2022 Holiday Math-Tacular in Mr. Peebles Calculus BC class was very memorable for me. We sang calculus-themed carols and had so much fun before winter break. / I will be attending UC Riverside to study Honors Cell, Molecular, and Developmental Biology! I will be on the pre-med track and am planning on becoming a Hematologist when I am older. I cannot wait to help others through medicine! **Aedin Cole -** My favorite Burroughs memory is when I made the friends that have lasted me through high school. / I plan to go to GCC, and pursue a career that allows me to be creative. **Ethan Oliver Consignado -** My favorite Burroughs memory was my first performance with All Male during our 2019 Pep Rally. / I'll be studying music mixing and production, and continue to expand my knowledge for music at CSUN. And I'll keep on dancing of course. :) **Julia Cronin -** The Fall 2021 Pep Rally & Homecoming. / I'm attending Syracuse University to major in Sport Management! **Michael Cruz -** Doing Cross Country with my friends and all the fun school events (HoCo, Grad Nite, etc). / I plan to go to university and graduate from there. **Bryan D'Andrea -** My favorite memory of Burroughs is when someone shaved another person's head in the middle of lunch. With barber music in barber clothes, and a razor. / I am going to continue working at Warner Bros as an IT until further notice. I also plan to get a Ph.D in computer science as I like feeling entitled and want people to call me DR. **Luke Duguay -** Probably finishing my second night performing as Dumbledore in *Puffs*, exiting backstage and being greeted by my friends and girlfriend cheering. It's wonderful seeing your effort appreciated, especially by your friends. / I'm heading to SF State so I can experience San Francisco without having to pay a rent that requires me selling my organs. **Jude Duston -** After high school I'm going to study Aeronautical Science with a minor in Business and work up to my commercial pilot's license. **Sofia Ford -** Overall this year has probably been my favorite memory. I don't think there is one specific moment that I can choose to pick to be my favorite. / I plan to go to the University of Colorado for Criminology/Criminal Justice. I also have a job out there as a kennel technician for a dog boarding facility to start my journey in becoming a dog trainer in the future. **Jack Froding -** Going to the Homecoming game and seeing the plumes of baby powder after we won. / After high school I will be going into the Marine Corps. **Jurnee Fuentes-Bumpus -** I have accepted the offer to attend my dream college, Texas Christian University. This fall, I will be entering my Freshman year majoring in Biology, while deepening my love for science and the study of life. With that, I will be pursuing a career in Anesthesiology. **Nicolette Gani -** My favorite memory about Burroughs is getting super close with my best friend Sophia! She has always had my back and it is me and her against the world! I love sitting and laughing with her every day! She always make me laugh and is the funniest person in the world! We have stuck by each other's side through thick and thin and I can't wait to see what our next adventure will be! My other favorite memory is meeting my amazing boyfriend! He and I have the best chemistry in the world and I know we have an amazing future ahead of us! Burroughs has allowed me to develop relationships that I will cherish forever! I love you Sophia and Beni! You both are so amazing! / I will be committing to Cornell University to study Business Administration in hopes of becoming a wealth asset manager, a hedge fund manager, or getting the opportunity to work on Wall Street. **Gigi Garcia -** My Favorite Burroughs memory is when ASB and I set up Rally and the Big Burbank Burroughs Football game. / I will be attending Cal State Dominguez Hills where I will be majoring in Health and Community and continuing my Softball Career. I will major in Community Health as well as their nursing program. **Katrina Godinez Balarezo -** Our Senior class' final Homecoming game. I had never been to the previous ones, neither had my friends, so we all went together for the last time and it was indeed a blast. / I will be going to GCC to bump out my lower division, then transfer to a university to complete my RN certification and continue to my Master's to be a Women's Health Nurse Practitioner. **Shawn Gonzalez -** Hanging out with my friends. / Professional boxing. **Alyssa Gutierrez -** My favorite memory is when my friends and I went to our competition for Show Choir. It was a time where I felt like I had the most support by my friends and my family. It felt like I knew Senior year was ending as well as our competition season. / I will be attending Los Angeles Vally Community College to get an Associates Degree to hopefully transfer to a four year university to get my teaching credential. **Jake Guy -** My favorite memory would be the Burbank/Burroughs Homecoming game, this last one was one to remember because we beat them and as-well it took us to playoffs where Burroughs hasn't been in years. / My future plans are to become a nurse and create and run my own clothing brand. **Arianna Hart -** My favorite memory at Burroughs was performing at the pep rallies and seeing everyone hyped when our team wins, and then going to Bob's afterwards. / PCC for two years to get an idea of what I want to study and complete credits, possibly earn an Associates Degree for transfer to a university. **Allison Hilliard -** My favorite memory was the Burbank v. Burroughs Football game my Sophomore year. I remember the cheering crowd as we scored the last touchdown that secured our victory. I will always remember the ear-piercing screaming of my classmates from the stands as we smushed ourselves together on the visitor's side. Baby powder was flying everywhere - the cops even showed up as a result. Even with all of this chaos, I will forever reminisce on this epic Friday-night memory. / I will be attending Pepperdine University in the fall where I plan to study Mathematics. **Gabe Holloway -** That one song by the Tech Crew. / I'm going to PCC then transferring out of state to pursue Aerospace Engineering. **Laurelei Johnson -** Being in Puffs last semester was super fun. I got to hang out with a bunch of cool people, and the show went really well. / I committed to UC Davis as an Anthropology major and I'll be moving there in the fall. **Ruby Kim -** Dance Party. / Career. **Rebecca King -** My favorite Burroughs memory was most definitely coming back to in-person school after our year online and feeling a sense of community with all of my peers. I definitely connected with old friends and made some new ones, too! / I plan to attend UC Berkeley. I'm very excited to be moving up to the Bay Area! I want to go into the medical field. Specifically, I want to work in Emergency Medicine. **Owen Kinnear -** Gamer. / Best Gamer. **Avery Krtikashyan -** I have a small handful of favorite memories from/of Burroughs, and I'd say one of them was of the Burroughs vs. Burbank drum battle right after the HoCo game's halftime show. The vibes were great, the battle went hard, the competition was so tangible too but that made it all the more fun; I remember someone from Burbank carrying a sousaphone on their nose, too. This year's HoCo game & drum battle were so fun, too, I enjoyed being able to spend that time with my friends (& family) and watch the performance. The drum battle was especially enjoyable this past year because of the return to everything we'd missed and being able to enjoy, support, and watch with

Senior Memories And Plans

my friends and watch them perform, and because of the nostalgia of my first drum battle and knowing this would be my last one as a high schooler :) / I've committed to Art Center College of Design to major in Illustration, in the Entertainment Arts department! For the next four years I'll be improving and growing my artistic skill, while discovering opportunities that would help my career flourish. I want to be able to continue speaking and learning multiple languages, as well, and because my college does not offer any language classes I'll be looking into some. I aim to be a well-known animator, concept artist, and/or show creator for an animation studio, preferably for one of my top choices. I would also eventually like to be able to work freelance once I've developed enough of a standing. **Luvin Lalwani -** My favorite memories at Burroughs would have to be the Senior Homecoming and Prom. I truly enjoyed every single moment from these nights. It was amazing seeing everyone having fun and celebrating with their friends. / I will be attending UC Irvine this Fall and majoring in Mechanical Engineering with a minor in Business Marketing. I hope to innovate products in society that will help the world become a better place. I also hope to continue growing and expanding my food blog @dinewithluvin . **Bella Lomet -** I will be attending Bates College and majoring in Environmental Studies while playing on the volleyball team. **Lan Mai -** Getting to meet new people and build relationships especially with my teachers! / I will be attending UC Berkeley in the fall and plan to eventually major in Biology since I want to work in healthcare! **Trevor Malden -** Chemistry class Sophomore year. / Enjoy the summer and see what happens at community college next year. **Gaby Martinez -** My favorite Burroughs memory is when the band went to California Adventure to perform. / I am planning to go to Pasadena City College and my major will be Criminal Justice. **Jasmin Mejia -** Going to Homecoming was fun, there were so many things to do there. There was a pretzel stand, a photo booth, a caricature artist, along with a couple of other things. I got to spend time with my friends and we were able to get our photo taken, with funny little props. I even got to try eating a pretzel for the first time. / Ever since I was a kid, I always wanted to be a veterinarian but that was probably because I was too infatuated with the idea of spending time with animals than the idea of getting to study biology. Over the years, I got to see the tip of the iceberg of the veterinary field which changed some things for me. I realized that it would take a long time to make my dream come true. Which is why I aim to become a veterinary assistant first. I plan to go to PCC (Pasadena City College) and then transfer to a four year university that has a good veterinary program. Then one day, I'll become a veterinarian. **Jayden Menchaca -** My favorite Burroughs memory were the pep rallies in the gym and playing Baseball with the Seniors my Freshman year. / I will be going to UC Merced to further my education in mechanical engineering. **Evan Mueller -** My favorite would be when Mr. Van Loo allowed me to perform my own custom experiment. / Going to Brandeis University for a major in Chemistry. **Kevin Nguyen -** My favorite Burroughs memory is when I got accepted into the Medical Academy. / My future plans are to attend Glendale Community College for two years, transfer to UCLA and attend for years, and then finally go to Pharmacy School for another four years to become a Pharmacist. **Sophia Olin -** I love the Senior pranks! / To become an art director. **Chris Ortega -** Go to college, make bread, live life. **Makenna Palamara -** Meeting all my friends Senior year. / I'm moving to New York! I hope to go into the medical field and see where that takes me in life. **Andrew Pickering -** Having a fun photoshoot with my friends Nicole and Armando in Photo class for a project, then being able to use some of those photos later for an album making project in Digital Apps class, which sparked my interest in music producing. / Your guess is as good as mine, I haven't been good with planning for my future in terms of a higher education or career choice. But I do have a good credit score so far and I'm just gonna be seeing where life takes me. **Jule Reader -** Participating in all the Pep Rallies, Spirit Days, and attending the sports games. / I will be attending Chapman University in the fall to study Business Marketing. **Sofia Remelius -** My favorite memory is by far being a part of ASB. ASB introduced me to so many amazing people and gave me a way to become more involved at JBHS. / Attending the University of Missouri and majoring in Journalism. **Daniel Roth -** Looking at career opportunities at CTE Day. / Gap year, then apply to engineering schools. **Ryan Rubio -** My favorite Burroughs memory is seeing all my friends grow up so fast! / My future plans is to go to LAVC and become a painter and cartoonist. **Jasmine Samontina -** After seeing all my friends lose their Senior year to COVID, I was determined to enjoy my last year at Burroughs to the fullest. My favorite Senior memory would definitely be hearing my name get called as one of the Hoco Court members. As a Freshman, I was extremely insecure. I would've never in a million years thought about running for court. To say that I was proud of myself for winning would definitely be an understatement. Being a part of Homecoming Court was so fun! I loved being able to participate in the Fall Pep Rally and pick a pretty dress to wear for the Homecoming Game. I felt so confident in myself and my family was so excited for me! I will cherish this memory forever. / I committed to the University of California Berkeley to major in Rhetoric with a double concentration in English Literature and Pre-Law! I am so excited to be a bear (again lol)! Berkeley was my dream school ever since I was in the fourth grade. When I found out that I had been accepted early as a Regents and Chancellor Candidate, I couldn't stop crying! I want to make the most of my opportunity at Cal and pursue a career as a medical malpractice lawyer. **Megan Schmidt -** My favorite memories were from my Freshman year Algebra 1 class, 5th period my Senior year, and all the games I played in for Burroughs especially the Arcadia game that I scored the only goal for Burroughs on my Senior night. / My plans for the future are to move on to community college for two years to play soccer and then transfer out to possibly USC, play soccer and major in Kinesiology and athletic training. **Avetis Shahbazyan -** My favorite Burroughs memory is enjoying Prom with my friends. That is one of the best nights I have ever had. / I will be attending CSUN and majoring in Biology. **Sammy Solomons -** My favorite memories at Burroughs have been meeting my lifelong best friends and furthering my relationships with people that I know I will stay in touch with. / After graduation I plan to travel over the summer and then attend SFSU in the fall, majoring in Fashion Design and minoring in Environmental Studies. **Taylor Sinovoi -** My favorite Burroughs memory was being a part of the Yearbook staff all four years of high school! Getting to work with new people and make something that the whole school can enjoy is the most rewarding job I could ever ask for. / I will be attending FIDM, The Fashion Institute of Design & Merchandising, majoring in Interior Design! **Jack Stay -** My favorite Burroughs memory is meeting my two best friends for the first time. I have a feeling Prom will soon be one of my favorite memories though. / I want to be a novelist after college and to eventually make it a full time career. **Jack Sterling -** Nigel Pope's cinematic deep-squat filming angle of certain quad activities. / I dream, that once I get my degree, it will be worth the money it cost! **Trina Tran -** My favorite Burroughs memory was when Khalid came to JBHS to perform during anti-bullying month! / After graduation, I will be attending California State University, Fullerton, majoring in Nursing. **Hope Towne -** I loved being Xavia Jones in the school play, and getting to rehearse and act with some of the coolest people in the school. It was great to be a part of something big that made me really happy. / Opening a bakery with my girlfriend and having a job as a family therapist. **Daniela Turcios -** My favorite Burroughs memory would have to be going to the Homecoming game my Senior year! It was exciting and overall a good time. It was nice to see people happy to be apart of something. / I don't know yet :) **Samantha West -** Beating Burbank 7-1 in our last soccer game against them. / I'm going to UCSB! **Elizabeth White -** Helping people with the Community College Applications with CPM was actually really fun and fulfilling. / I'm majoring in Communications at Chapman University, and I plan on continuing a career in the film industry. **Penelope White -** I enjoyed many classes, and getting to know people better in my classes, and outside of class. / I plan to go to Oregon State University.

Sports And Activities - Favorite Memories

Football

Elijah Aldana-Pere - My favorite part was being able to represent our school throughout the season. Looking up into the stands and seeing my friends and family cheering us on. And when we would win big games like against Burbank, it felt good to see the happiness from our fellow students from our hard work paying off.

Trent Cantrell - My favorite part about Burroughs football is probably beating Burbank.

Lucas Dotson - My favorite part about Burroughs Football would have to be just being together will all of my teammates and knowing them over the four years.

Jonathan English - Definitely the team's win over Burbank. The team pulled together and won because we really wanted it! Best night ever!

Gerry Garcia - My favorite part of football was the brotherhood I built with all the guys on the team. At practice it was always fun and even outside of practice we would all hang out for the day and just hang like one big family. As the years go by in high school, those guys will always be around and I feel that's a feeling you can't get anywhere else.

Luis Garcia-Rojas - My favorite part about Burroughs football is the companionship with other football players.

Axel Gonzalez - My favorite part of football season was just building the bond with everyone in football and getting to know all these guys that you get really close with. You build a brotherhood with them and it's something special. Definitely a worth it experience and teaches you so much.

Jacksen Goodley - I would say my favorite part of being a part of JBHS football would be watching my teammates and myself grow as players and people. My team's improvement, growth, and development was certainly something special to be apart of. And of course winning the Burbank game.

Jake Guy - My favorite part of football would have to be the environment and every Friday night especially the Burbank Burroughs game one of the best experiences ever, everything about it.

Vinny Harris - My favorite part of Burroughs football was spending time with my teammates and getting better everyday with them.

Nate Howland-Chinna - My favorite part was having a team and the games.

William Hubbell - It was one of the best experiences of my life. I got to meet people who had the same passion and goal. I feel like they are my brothers, and it's an experience you can't get anywhere else.

Mitchell Markou - My favorite part was, I would say, brotherhood, but we're actually a family.

Rocco Morse - Meeting everyone, making new friends, being able to play with everyone, making good memories, and putting in all the hard work.

Jose Oliveros - My favorite part about JBHS football was the camaraderie, relationships, and lessons. The mutual trust and bonds that you make during football are irreplaceable. But the lessons I learned from football are for eternity.

Joseph Solis - Brotherhood.

Angelo Toscano - My favorite part of football was celebrating our last Burbank Burroughs win with my best friends.

Drake Vickers - It was being part of the team. Growing up through high-school for four years with the same guys is one of the best things I was able to be a part of.

Basketball

Girls Basketball

Hailey Dowthwaite - I enjoyed meeting my best friends Olivia Josephine Bender and Nicole Leslie Munguia.

Noor Fahs - My favorite memory is when Rachel managed to knock someone's tooth out during a game.

Boys Basketball

Jeilon Jackson - Most fun - locker room after beating Burbank.

Will Hubbel - One of my favorite memories in Basketball was after winning our first round game as everyone was ruling us out and expecting us to lose.

Eric Lara - My favorite memory was our first game, I just loved the energy of the crowd.

Elias Pavia - Probably my favorite memory from Basketball was coming in and upsetting La Canada in the first round of the playoffs, who was the number one seed.

Jesse Pineda - My favorite memory was probably the team dinner at Shakey's after one of our games. It was just cool cause we all got together. We were just cheering and laughing and having a good time.

Desean Robinson - My favorite memory was our first playoff win against La Canada. It was our coaches first playoff win at Burroughs and Burroughs first playoff win in along time. After the game we all got hyped and drenched the coaches with water.

Nick Schlander - My favorite memory was when we won the Burbank game because we lost to them the year before last and it felt good to regain that win.

Chase Walker - Beating La Canada was definitely my favorite memory.

Cheer

Jurnee Fuentes-Bumpus - With it being my first and last year on the JBHS Cheer Team, I wouldn't have wanted to spend my Senior year with any other people. Being on the mat with such amazing teammates and two incredibly supportive coaches has taught me to always stay positive, and to believe in myself, especially during the toughest times.

Hailey Gonzalez - Good luck to everyone, keep pushing yourself for comp and sideline cheer, have fun, and make your memories. Have fun!

Anaiya Harvey - Fight for your stunts and fight for your team!

Kendall King - Over the past four years, I've really built a family on my team, and it's been the girls who've been my automatic friends, like sisters. I think that being on the Cheer team really let us add spirit to schooldays, pep rallies, and things like that.

Maile Neston - Thank you for all of the opportunities I've gotten because of Cheer, and thank you to all my teammates for how they've always been by my side and behind my back, and I've made some of my best friends.

Nathalee Robinson - Thank you to my team and coaches for an amazing year and Cheer season.

Kayla Ruvalcaba - After four years of being a JBHS Cheerleader, the thing I loved the most was being able to support our other sports teams and spreading school spirit. I have so many great memories like the 2019 Homecoming Football game and cheering at pep rallies. Although we're known to be part of the face of school spirit, we also do competitions as well. The competitive side of Cheer takes a lot of hard work and dedication, and there are many lessons to learn along the way. My advice to future JBHS Cheerleaders would be to stay dedicated, but also remember to enjoy yourself because that's the most important part.

Soccer

Girls Soccer

Katy Cabral-Sinardi - ...every time I would slide tackle and get the ball I would hear everyone screaming and cheering for me. Definitely one of the best feelings ever. “Talent without working hard is nothing” - Christiano Ronaldo

Kaylin Casper - My favorite memory from JBHS Soccer is winning the Pacific League Championship my Freshman year and meeting some of my best friends, Megan Knutson and Layla.

Charlotte Sanchez (Captain) - My favorite memory from Soccer was from Freshman year when I was at practice and tried to jump through a hole in the goal net but I failed and the entire team including coaches saw me fall.

Megan Schmidt - Through these few but amazing years playing at Burroughs, I’ve learned a lot about the game and myself as a player. My favorite memory was scoring in my last game against Arcadia at Senior night. I learned that no matter what the comeback is always stronger than the setback, everything is mindset and whatever you put your mind to you can succeed at if you want it bad enough.

Samantha Valencia (Captain) - Winning League my Freshman year.

Athena Vournas - My favorite Soccer memories come from spending time with the girls. Whether it be our team dinners or bus rides home, I’ll always cherish those moments!

Samantha West - My favorite memory from soccer is going to team dinners at In-N-Out in the middle of nowhere after our away CIF games.

Boys Soccer

Cristian Alfaro - Going to playoffs with the team, especially my first time going to playoffs with Varsity.

Landon Espinoza - Happy to spend time with teammates on and off the field.

Alexander Leanos - Playing with teamates and celebrating every accomplishment.

Zach Levy - It was a good final year. Kind of surprising how good we did, but it ended well.

Michael Shaw - It was great to come back after Covid and play again.

Jaden Vasquez - Senior year was probably one of my best years here playing soccer. The experience I got is something I won’t forget.

Softball

Kelsey Acosta - This game was probably my favorite memory of this whole year. Like it was hype and it was fun. It felt so good to beat them.

Kiley Christopher- I love absolutely everything about Softball: the competitiveness, amazing teammates, and even the failures. It has taught me discipline and pushes me to get back up when things don’t go my way. My favorite memories from my time at Burroughs are all the Burbank/ Burroughs games because of the energy and the fact that we always win!

Kaynan Chrysikos - Finally being able to come back after covid and have a full season with our team!

Gigi Garcia - My favorite memory of this softball season is me stealing home tonight!

Arley Peña - I love softball because it allows me to be myself and it gives me the opportunity to create relationships with people who share the same passions as I do.

Isabella Scozzola - I really liked the motivational talk we had with Doug’s friends, that was a fun memory and learning about perseverance.

Volleyball

Boys Volley Ball

Justin Burras - There’s been a lot of bumpy roads, but otherwise this year has been a great experience.

Trent Cantrell - “Legitness”

Ethan Coomes - I don’t care how long the process is, as long as I get to see results.

Vinny Harris - After losing my Sophomore season and having a short season because of Covid I was very excited to finish my Senior year with my fellow Seniors and help the underclassmen learn what it takes to be on the team. I’m very proud of the guys and the success we had throughout the season.

Chris Johnson - This program means so much to me and I love all the people involved and I’m so happy with how far we have come and the endless memories we’ve made this year. I’ve been playing since my Freshman year and I’m going to miss playing with these guys when our season ends.

Jeremy Lapeze - It’s surreal. It’s a really fun experience just to be able to have one last year, especially last year with Covid.

Pucky Lawrence - It was super lit, stayed lit.

Andrew Ly - I’m thankful for being able to spend the past three years with my team, getting better at volleyball and sharing experiences with them.

Carson Peltier - This season has been really fun being with all my friends and teammates, it’s been a good bonding experience and I’ve gotten a lot close with all of my team.

Christian Solano - There’s been some ups and downs over the time we’ve been practicing, but in general it’s been a pretty fun time learning about Volleyball and getting better. We’re seeing the results with the improvement and our record.

Kyle Truett - My Senior year season has been really amazing. It’s great to actually have a season after everything we’ve been through. I’m just taking in every moment I get to spend with my teammates.

Girls Volley Ball

Heidi Collins - This past season was the highlight of my Senior year because of all the good memories I’ve made with my teammates. Being undefeated League Champions was also a great way to end my high school volleyball career.

Kylie Colton - This year was really fun because our team had a really strong bond, and I think that really helped us with league because we were really close.

Abby Dixon - I had lots of fun getting to know the team and having an opportunity to play post Covid. Going undefeated was really rewarding.

Cassie Dolman - Each year we became more like a family, and each year I made new friends. I was able to become a better volleyball player.

Charlotte Hobson - I think our season went really well, we really gelled well together. There were a lot of seniors so it was fun to play with people I’ve played all four years of volleyball with. It was really fun!

Bella Lomet - Burroughs Volleyball taught me so much and allowed me to truly grow as a person. I’m so grateful to have part of this positive and driven program for four years. I loved this year’s team and will really miss the team and the experiences!

Meghan Lynch - This year was really fun because it was my first year, I was playing as Team Captain. It was great leading the team to another League Championship and it was a really fun experience.

Britney Mejia - The past four years have been a fun experience that definitely shaped my high school years.

Penelope White - I am thankful for getting to finish my volleyball journey with my JBHS team, many of whom I have been playing volleyball with since second grade in the Parks and Rec league. I appreciate their support and friendship and getting to be League Champs!

Cross Country and Track and Field

Zoe Askerneese - 4 x 4 at Pacific League Finals with my friends, one more time around the track with some of my favorite people in the world.

Conner Burrows - Teamwork.

Lily Castiel - Having the perfect last League meet! I double PRed, got second in the League, and qualified for CIF.

Yousseff Cheroquai - Riding on the bus with all of my friends, and going to In N Out Afterwards.

Robert Church - On the day of League Finals, when we were coming back on the bus we cried.

Chase Eldridge - Meeting new teammates/opponents while hurdling or XC and getting the #10 spot of all time at Burroughs.

Aiden Giampetro - Meeting new members and competing at the Eagle Invite, it was one of my favorite races. Track was when I did the 1600 and the 3200 and got a PR once in a while.

Winsor Harmon - Making best friends on the team and bonding with all of them"

Savannah Hernandez - In Cross Country I really loved going out with my best friends, having long and hilarious conversations while we ran.

Avanti Jimenez - My favorite track memory was when all the throwers did the fatman race with a pool noodle. We didn't lose. I'm happy.

Andrew Jitendran - Through cross country, I have met some of the coolest and kindest people ever. Not ever being known for my athletic ability, I never thought I'd become a varsity athlete and have so much fun in the process.

Rider Koenig Gonzalez - My favorite memory was winning my first 4x100m during my Sophomore year.

Luvin Lalwani - The Track walkout for the Pepe Rally was the highlight of th eseason and I had so much fun celebrating with my teamates. Take care everyone! Don't follow your dreams, follow me @dinewithluvin.

Jalen Leighton - For XC it was making it to CIF as a team and having fun. For Track I loved racing against other schools and becoming friends with my other opponents, and appreciating the work they put in while also having a good time.

Katie Levy - My favorite memory was being able to attend CIF with the Varsity girls and overall training together to get to that point in the season. In Track my favorite memory was being able to end the season competing in the 4x4 relay with some of my closest friends that I've grown up with the last four years.

Joseph Lighthill - Jalen.

Jayden Menchaca - At our final meet when everyone got emotional on the bus, it was a real bonding experience.

Anika Claire Montes - We've always been really close, I remember going to Leon's house and swimming with everyone in the pool, it just felt like we were bonded as a team.

Sebastian Moran - Being able to PR by 13 seconds in my very last 1600m race.

Sophia Navarro - Finally getting to race for an entire season without injury.

Xander Pinnt - The Pep Rally.

Leon Rubarts - Meeting some of my best friends, having both a sense of comradery with the upperclassmen,doing so much dumb stuff during adventure runs.

Koji Schroeder - Hanging out with teammates and having the most fun competitive spirit.

Sukruti Shome - Just going to meets with my friends and just cheering each other on, it was so great to watch one another succeed.

Kendall St. Clair - During the summer we had a few practices a couple days before 4th of July and coach would let us play Frisbee and give us popsicles!

Skyler Stein - Just being with my teammates and having the most fun at practice.

Anabela Sutter - Every day, getting to spend time with your friends for hours a day just adds up into one big good memory that I can definitely look back on and be really glad that I joined the team. There's not really any other experience like getting to spend that much time with people [and] seeing them in their most exhausted form running in the 99 degree heat. All the team dinners we had were really good memories, I'm really surprised we didn't get tired of each other and we all became one big friend group. I guess my high school experience wouldn't have been nearly as fun without everyone.

Drake Vickers - Making it to finals barely in the 100m, ended up making it in 6th place.

Tennis

Girls Tennis

Nicole Cloutier - My favorite memory of Tennis was definitely at our banquet, where I got to eat mac and cheese and laugh with my friends on the team. I think we all had a great time where we all got to celebrate going through the Tennis year together.

Isabella Harris-Bermudez - Playing doubles with Lauren would be so much fun, like we'd be laughing the whole time. I really liked the team bonding times, like when we were on the bus to Rancho Cucamonga and we got food, or talking to everybody when we were waiting to play.

Eve Kim-Brody - Honestly being with the team and supporting each other unconditionally has been my favorite part of Tennis, and one specific memory I have is being at our last match, and just getting all emotional. Maddie's mom was so sweet and considerate for bringing us sweets and gifts, and even going out of her way to make beautiful posters and decorations.

Gabby Mathis - Building a sense of community and belonging through banquets, celebratory boba, and adventurous bus rides was my favorite part of tennis.

Vanessa Muga - I loved being able to play with my awesome doubles partner Maddy. My favorite memory was celebrating on the bus home after we won a game.

Isabella Munguia - Some of my favorite memories are from when we would have a more relaxed practice on Fridays with funner doubles and joking around with coach; also when we would have team bonding activities and would just goof around.

Lauren Pieri - I'd say my favorite memories from Tennis were the banquets because we'd always be laughing until our cheeks hurt, but it was almost like saying goodbye. I really enjoyed team bonding too because it gave me a sense of what was to come of the season getting to know the newest members.

Madison Safarik - My favorite memory from tennis was sweeping CV with Vanessa Muga. I felt like we held CV to a high standard like Arcadia, so it was a great feeling to win all of our matches against them. Vanessa had some mean slices and won some lob wars while I was killing it at the net.

Hope Towne - The tennis team is one of the most welcoming, fun groups of people I've ever met. The tennis banquet at the end of the season was my favorite part of being in Tennis. It was a day that we could reflect on the time we spent together on the team, and remember how much fun we had playing with each other, regardless if we won each game or not. During each banquet, we had our own sort of superlatives for each member of our team. I remember at this year's Tennis banquet, I was deemed 'Most likely to voice-act in an anime series,' because I was known for my funny impressions of cartoon characters.

Boys Tennis

Zion DuMonde - My favorite Tennis memory is definitely going on away games with the guys and getting hyped up on the way to the other schools in the bus. It was a great place for having some fellowship and it was a lot of fun.

Kyle Lester My favorite memory of Tennis would be all the times we got food after games to celebrate. Even though we weren't playing, just being able to hang around like that as a team and eat good food is something I'll always cherish.

Swim and Water Polo

Boys

Joseph Bez - I'm really glad I joined it, I'm really happy I joined. I made a lot of memories and I had a really good time. My favorite memory is winning League two years in a row for Water Polo.

Justin Cloutier - My favorite memory we had was all the team bonding we did, we were all really tight and we all knew each other really well. It was like a brotherhood.

Edward Leverett - Trust in your teammates because they're everything to you. Without your teammates, you can't do anything.

Ethan McHorney - I like seeing my teammates swim fast and break records.

Luca Schaefer - The highlight of my Swim season was becoming the 2022 Valedictorian.

Kristian Solano - My highlight for swim season so far and for all four years have been making new friends, and seeing new swimmers work hard and get fast at what we love to do.

Xavier Turla - My favorite part of the season was the team lunches and dinners that we had before every League game that we had. It was all the team bonding for me.

Girls

Kelly Long - The best part about my Senior Swim season was just making my personal best and being a part of the team.

Liliana Noriega - We've accomplished a lot over the past four years and I'm very proud of how far we have come. I've broken four school records and we've had a great season so far, coming back off of Covid.

Makenna Palamara - My favorite memory would be meeting all the girls for the first time. Everyone was super acceptable. The first practice I had with them, we all started cracking jokes and everyone was very funny.

Clarisa Robles - My biggest highlight was winning League and going undefeated. We worked so hard this whole summer. We all developed very well and we learned how to play with each other as a team.

Kelly Volpe - Being in Water Polo and Swim for the past four years I was taught more than just the game. It was that my coaches taught me what it was like to be a part of a real team and to learn real leadership. Playing with the girls for four years we became a family and teams that treat each other like family, they will play even better as a whole.

Congratulations to Girls Swim and their first ever CIF Championship!

Baseball

Lim Ceballos - I've been playing baseball since I was 5 but I have also played other sports such as basketball and football, but I've never enjoyed them as much as baseball. If I had to have a favorite memory while playing with Burroughs, it would be when I hit a 3 run homer on a 0-2 count to win the championship game in this tournament in Camarillo.

Andrew Chapman - Casino night was fun, it was cool to play cards and just relax.

V (Vasista) Dhyasani - When we played wiffle ball during Thanksgiving- it was fun, and also when I pied Gunnar in the face.

Bailey Ewan - I've been playing baseball for thirteen years. I transferred to Burroughs this year and thoroughly enjoyed my time on the program. My favorite moment was probably my go ahead bases loaded double to sweep Glendale.

Devan McGivern - The celebration after we win a game is the best part to me.

Mason Medina - My favorite memory from being on the team is beating Arcadia this year 5-3. This is significant because Arcadia has been undefeated ever since I was a Freshman so beating them meant a lot to me.

Ryan Meza - Beating Arcadia was my favorite, for sure. It was a close game but we won it and it was so crazy, seeing our hard work pay off.

Gunnar Nichols - For me I like my pitching moment, like the perfect or almost perfect games, like against Arcadia!

Brayden Sibley-Ackerman - The wins against Arcadia and Pasadena were huge for the team, they stood out as great games to look back on.

Golf

Adelina Hernandez - It was great bonding with the girls, whether that be going out to lunch and dinner and we would talk about whatever happened. It was a great bonding experience, whether it was when we won and or when we didn't do the best. It always set us up for the better.

Pia Olin - I just want to say thank you to my teammates for giving me some amazing memories that I will continue to cherish throughout life and thank you to Coach Ashley for leading this team in such a courageous way.

Sofia Remelius - I think my favorite memory was probably our last match together against Burbank High. It was really nostalgic because I've been playing golf for so long now, and just being able to be with my team was really bittersweet. After we got to go to dinner and we all just got to appreciate each other, so that was probably my favorite memory. But also all of the golf matches against Burbank were some of the best memories, like all of them.

Gabe Holloway - Just screwing around with the other guys during practice was fun. We didn't really bond outside of golf so it was fun to just make jokes and mess around.

Lincoln Melcher - Playing on the golf team over the past four years has brought me closer to so many of my awesome teammates. I am going to miss the support and work ethic of every golfer in the program, and I can't thank Mr. Everhart enough for creating such a great environment for us.

John Peltier - No response.

Dylan Vallejo - My favorite memory was my last league match. It's my senior year, I'm not going to do this again, and I've been playing golf for a long time too, ever since I was six years old. It's going to be very interesting after this because I'm going to be playing golf in college too, and I'm going to see where it takes me.

Vocal Music Association

Sophia Alcantar - Everyone in the VMA is so incredibly talented and special. It's been a privilege! I'm out!

Juju Blevins - Thank you to my amazing family, friends, Jen, Corey, Dom, and all of Tech for making my experience in this program so wonderful. But, the person I need to thank the most is my incredible mom. She has done everything for me and more, and I am so lucky to be her daughter. I am so grateful for everything I have learned and all the memories I have made!

Audrey Butler - My time in Choir has been the most memorable, incredible part of my years at John Burroughs. I have made lifelong friends and, as my time in high school comes to an end, often think back on the nights I've shared with them at rehearsal. I will beyond a doubt always remember the incredible feelings that came with our performances, and it thrills me to think of all the others who will come after me and feel the same, carrying on the Burroughs VMA legacy.

Rennan Cervik - These past four years, the VMA has been one of the most important programs in my life. I've created lasting bonds with countless people and been given so many opportunities because of Choir and the people in it. Thank you to everyone that has helped and supported me in this program!

Christopher Conkle - Choir is an enigma, one second you're singing and dancing, the next you're creating a weird club that involves the entire head of a cabbage with the goal of seeing who can eat the entire head first? I would like to thank everyone EXCEPT Dominic, you lost that with the pirate set you gave to Soundwaves. Rolltide!

Julia Cronin - I'm so thankful that I've had these past four years to perform and grow alongside so many talented people. I'm incredibly grateful for all of my old and new friendships in Choir that have shaped me into the person I am today and I'm excited for what comes next! Special shout-out to all the mamas and volunteers that make this program possible!

Olivia Cronin - What a ride. Thank you VMA, I'm so grateful for all the love, laughter, and memories! Peaceeee out!

Sonya Dadekian - What a crazy four years! But through it all, the VMA has been the best experience. Thank you to Mr. Jennings and every single person who has helped make my time in the VMA so incredible. Thank you to my amazing family for always supporting me. The memories I have made in Choir are unforgettable and I'm so grateful for all of the friendships and good times I've had. I can't wait for what's next!

Isabella Do - Hi my name is Bella and being part of this program has been such an amazing experience.

Angelina Ferrante - Jen, Corey, Shannon, Dom, the Momma's and Mr. Jennings; thank you for making Choir such an amazing experience. Being a part of Show Choir helped me grow so much and find my closest friends. I can't imagine high school without the VMA. When I come back there better be a Momma number. #KikiFranklin. I love you guys <3

Makenzie Ganey - I am so grateful for the last four years with the VMA. I am so lucky to have learned from and worked alongside some of the most amazing people I have ever known. This program means the world to me and I couldn't imagine my life without it. Thank you for everything! Also a BIG thank you to my mom, if it were not for her I would have never auditioned in the first place.

Alyssa Gutierrez - Mom thank you for everything from competitions to rehearsals to volunteering through fall launch. To supporting me and my friends . Do you remember in kindergarten you'd meet a kid and know nothing about them, then 10 seconds later you're playing like you're best friends because you didn't have to be anything but yourself? That was what it was like meeting Mahkah. My best friend, Rock I love you. Staas and Ms. Ellis thank you for being they're always being there I love you both. Dawn, Sam, Maddie, Mason I can not thank you enough for the support since I was born it feels like you always around. Dad and Zac thanks for all the love and support. Dan, Shannon and Amanda, Dominic, Corey and Jen stanley thank you for pushing me and supporting me .

Rhett Hemingway - The VMA has had the greatest impact on my life and I am so grateful that it has been such a significant part of my high school experience. Infinite thanks to: Dom, Jennings, Jen Oundjian, Jen Stanley, Jenny Strattan, Shannon, Katrina, Tech Krew, Dan, all the Parent Volunteers, and every person who brings this program to life. Thank you for helping to fill so many kids' lives with music. Here's to Happiness, Freedom and Life!

Mikaila Huertas - Being a part of the VMA has been the highlight of all my years here at Burroughs. My best memories came from being in Choir. I've made such great friends and met many talented people along the way. I'm definitely going to miss everyone when I graduate. I wanna thank every one of my friends, family, and teachers who have supported me throughout this journey. I love you all!

Hannah Lepley - For the past four years Choir has been the best part of my life, and I can't believe that it's almost over. Through this program I have made so many great memories and so many amazing friends. Despite being unusual, this is the best last year in Choir I could have ever hoped for. Thank you to everyone who supported me and reminded me why love what I do.

Joshua Levine - Door?

Kelly Matlock - The memories I made in each of the spectacular Choirs in this program will stick with me for a lifetime. I feel so lucky to have been able to enjoy four years with the lovely people I met through the VMA, and I can't think of a better way I could've spent my time at Burroughs.

Lincoln Melcher - "In a different city we would've made it through the fall" Thanks Powerhouse for all the great times!

Ella Miller - Choir has been a huge part of my life for the last four years in high school, and the three years in middle school. I've had so many good times in this program that I could never replicate in any other scenario. I want to thank all of the people from the bottom of my heart who work tirelessly with us for making this possible. It really has been a fast four years, and I can already see myself many more years from now looking back on these memories, and smiling.

Ellie Mohler - Thank you so much to Mr. Jennings, Jen and Corey, Dom, Dan, Jen O., and everyone else who makes this program work so flawlessly! I'm forever grateful for the experiences I've shared in this program, and thank it for giving me some of the greatest opportunities! Thank you for always believing in me, I will always remember how impactful the VMA was for me. <33

Mahkah Nolls - You know at first Choir didn't seem like something I was going to enjoy but surprisingly I have enjoyed all four years here at Burroughs and in total all six years put together from middle school to now. It's sad that it's coming to an end but I've had an amazing time doing so. Thank you to all the people that believed that I could do this because back in middle school I honestly didn't think it was going to work but now look at where I'm at so Thank You and here is to me continuing this dream of mine. <3

Ronan Park - The VMA, for the low, low cost of many hours of sleep and most of my free time, has brought me more laughter, knowledge, connection, and joy than one would expect from anything in high school. I want to thank everyone who makes this insanity happen, especially Dominic Matas. Since 7th grade, his kindness, respect, and seemingly endless positivity have inspired and shaped me. Thanks, Dom. I won't forget to be "strong and wrong."

Natalie Perez - Even though it can get annoying at times, Choir has been such an amazing experience. These past four years I have met incredible people and got to spend countless hours together experiencing unforgettable moments. We have laughed, cried, been stressed out and sleep deprived, but it's all worth it when we get on stage and perform together. I am thankful for everyone that put in their time and effort to make this program a success.

Julie Persaud - "Live, Laugh, Love" -Karen's 5:8-11

Vocal Music Association

Devon Recchio - Don't take the little things for granted because they'll be gone before you know it.
Riley Reed - I have no words to express how grateful I am to have been able to be apart of the VMA. So all I'll say is thank you thank you thank you. Love you all! PEACE!
Isabella Rosoff - To Mr. Jennings, thank you for always being a constant for the past four years. A calm presence when everything else was so chaotic. I learned so much about myself being your student. To Jen and Corey, you two are my guides, my rocks, my people. I learned what true dedication is by watching you two work together the past four years. You make me want to be better.
Anthony Sanchez - Being a part of the VMA has truly shaped me as the person I am today. Thank you to Mr. Jennings, Dom, Shannon, Jen, Dan, and the Mamas for running this incredible program and putting together these amazing shows. Thank you to my family and friends for being so supportive throughout my musical journey. From Sound Waves President to VMA Secretary, the memories and friendships created will forever stick with me wherever I go.
Ryan Schmitz - I knew from the first day that Choir would take a lot of my time, but I didn't know that in return I would get a family. In the VMA we hold each other together and I've found that knowing my choir is there for me makes me feel more comfortable at school. I want to thank everyone involved in the VMA from the directors, choreographers, and mamas. Thank you for making my experience incredible!
Dani Solorzano - Being able to participate on the JBHS VMA for all four years of high school was such a rewarding opportunity. The things I've learned along with the great connections and friendships I've made is what made those four years so special. I love the VMA family so much and am so excited to see what the future holds for me after high school.
Will Sousa - I can't believe Senior year came this fast. Looking back, it feels like it all went by so quickly. I honestly can't even say last year felt real. But in those past eighteen years, I've met some amazing people who gave me some amazing memories. I'm thankful for the VMA for most of those. Some of my closest friends are the ones I'm on stage with. Good luck everyone, it was a fun ride.
Daniela Tejeda - Music speaks what cannot be expressed, a song can bring the greatest joy or deepest pain and then leave you in moments. There were times in life that the only thing I had was a song,and it carried me. Music is the language of the spirit. It opens the secret of life bringing peace, I can live without a lot of things, music is not one of them. Keep calm and sing your heart out.
Kendall Thompson - I'm so incredibly honored to have been a part of this program for the past four years. The bonds that have been formed and the lessons I've learned are everlasting. I'm so thankful to have found a creative outlet that's helped me become expressive over the years.
Kira Williams - The VMA program has given me so much in these past years. It's been a constant in my life that I can always rely on and find comfort in. I'll forever appreciate the friends this program has provided me with. Thank you to every person who has worked hard to make our past four years so amazing. Much love.

Instrumental Music Association

Maren Alff, trombonist - One of my favorite band memories was performing my first ever Jazz Band concert in January 2020. I had so much fun both playing in the band and then dancing as the Advanced Band played their songs. It was exciting and inspiring.
Zachary Arnold, tubaist - My favorite part of Band is the supportive environment when bonding with my section in sectionals.
Micaela Buller-Rodrigo, bassoonist - My favorite part of Band is the friends I have in the program, but I'm also grateful for the creative outlet. If I'm having a bad day, the bassoon gives me an opportunity to put my mind in a better place.
Arianna Hart, clarinetist - One of my favorite band memories was the summer of my first band camp in 2018. I remember doing drill-downs in the scorching heat as the sun was literally burning my skin off. However, I did get the chance to meet so many fun people at the time, especially the ones that I'm close with today. Some of the vivid memories of football games in my first year of high school make me tear up a little bit, especially experiencing my first Homecoming game and the competition at Hart Rampage.
Sebastian Kusumoto, bassist - Jazz Band provides a strong foundation for musicianship and understanding music theory. It allows students to establish everlasting friendships.
Judith Marando, clarinetist - Band has been the best part of my high school experience and has shaped so much of who I am. It's the place where I met my best friends and enjoyed the camaraderie of a community of truly unique, incredible people. I'll surely miss the late night football games with the energy of the whole band playing in the stands.
Gabriella Martinez, clarinet - The past four years in Band have been amazing. I will miss this wonderful program so much.
Natalie Merrill, percussionist - Band has given me so much over the years, I have learned more than I ever expected about music and about friendship. It was there I met some of my closest friends and had some of the most memorable experiences of my life. I will miss it all.
Daniel Roth, percussionist - I'd have to say that my favorite memory is going to Bob's after all of the concerts and being so tired that anything that didn't make sense was funny.
Maddie Svab, IMA president and clarinetist - I'm so proud of everything the IMA has been able to accomplish this year. Being able to create music with friends has been one of the parts of being at Burroughs I'll always love the most. Go bears!
Erika Umanzor, trumpeter - Without music, life would be a mistake.

Tech Crew

Sydney Bax - Nationals this year, my group was really cool and was a fun challenge.
Jose Campos - Dancing and singing inside the car, during set build for BOB, and Katrina pulls up next to our car with a look of shock and disappointment on her face.
Ryan Hirsch - Setting up doing power runs for BOB because I learned how to do a full show outdoors.
Mason Mateo - When we won Nationals and got Best Tech.
Ashley Meijer - After BOB when everyone was celebrating in a circle.
Chris Ortega - The late nights with the boys during competition
Devon Recchio - Hide and seek in the dark.
Robert Roth - Pally camp which was in Lake Arrowhead and was pretty fun.
Connor Whitaker - Going to Universal's Halloween Horror Nights with Tech Crew.

Plays and Musicals

Scarlett Acevedo - Thank you for all the memories. Can't wait to see what you all become.

Sydney Bax - I'm terrible with words, so let's do numbers: hundreds of hours of rehearsal, eleven productions, seven plays, three musicals, yet we're down to only one final closing night. Maybe it's time to move on to a new stage. Good luck, everyone!

Mia Brumbaugh - This program has created some of the best memories I have from my time in high school, memories I know I'll cherish forever. It's given me so many opportunities to not only grow as an actor, but also as a person. Student producing for *Puffs* was especially a blessing and a curse with all 387 props (give or take a few), but I wouldn't trade any of the experiences I've had in this program for the world. Thank you for all the wonderful memories, everyone!

Chris Conkle - The Drama Department has been my home away from home for these past four years of my high school experience. The community will never cease to amaze me. It is truly an honor to have been a part of this fantastic program. I'll never forget Myers, and I'll never forget about my duck.

Julia Cronin - I'm so thankful for this program and the family that comes with it. From doing my first performance project in Musical Theater class as a nervous Sophomore, to holding on for dear life to a wooden tower in *Into the Woods*, I truly cannot think of any better way to spend my time in high school. To Mr. Myers: Thank you for pushing us to be the best versions of ourselves and never giving up on us. I've learned so much from you and the way you carry yourself, and I'm eternally grateful. Peace out, Burroughs! Much love!

Sonya Dadekian - This program has meant the world to me, and I am so glad I got to be a part of something so incredible. Thank you to Mr. Myers and everyone who helped make this such an amazing year, I will miss you guys so much! Love you all!

Luke Duguay - VERY IMPORTANT; MUST READ! As of 2022, it is now a GRADUATION REQUIREMENT that you take Play Production! If you do not do a silly voice and dance around on a stage for Mr. Myers, you CANNOT GRADUATE. Please ask your counselor about any schedule changes you may need.

Dorian Farr - These last three years were a roller coaster that we all, as a class, had to ride. I'm so glad I got to enjoy these times with the rest of my class. Whether it's an outside play or a musical we've been practicing for six months, I could only speak good things about everyone I've gotten to know over the course of my time in Play Pro.

Rhett Hemingway - There are very few programs like the JBHS Drama Program and I am thankful every day that I got to be a part of this. I'm so thankful to everyone who helps make this program what it is, and thank you for introducing me to the best group of people I know. Thanks for everything and for teaching me that everything in life is only for now.

Laurelei Johnson - The sandwich room (a Josh allowed).

Peta Jolly - I loved acting outside on the stage with everyone for Puffs, the fresh air was always invigorating.

Josh Levine - I've been a drama kid for three years now. I needed to choose between a free period and another elective, and on a whim, I chose to take Drama with a couple of my friends. That was one of the best decisions I ever made in high school. This program was so influential in my experience as a teenager, I love everyone involved in it and I will hold onto the time we spent on these fantastic shows for as long as I can. Peace out, broskis. :)

Luvin Lalwani - It was such an honor and I had a lot of fun being part of Puffs. This was my first time ever participating in the school play and I truly had a blast. It was great getting to meet everyone and getting more involved in the Drama Department. I met a ton of new friends through this phenomenal program and truly had a blast. I had the privilege of playing the iconic Neville Longbottom and was part of the Braves. Thank you to everyone for such an amazing experience and good luck to you all on your new magical journeys and adventures. Adios, Bears!

Kelly Matlock - This program has been an irreplaceable part of my years at JBHS. I couldn't be more grateful for the lessons I've learned and the friends I've gained. I'm really going to miss spending my free time with all of you lovely people, playing fun characters like Prof McG. These memories will stay with me forever… along with every catchy lyric to *Into the Woods*. I'm pretty sure those will be stuck in my head for years.

Lincoln Melcher - Joining Play Pro was one of the best decisions I've made in high school. I'm so lucky to have been able to spend the last three years with such an amazing group of friends and I can't imagine four years at Burroughs without the Drama Department. The world may have thrown a few challenges at us, but, in the words of Will Shakespeare, "it all works out in the end." I can't wait to see where we all end up after we walk the stage at graduation, but until then… "it's a mystery."

Ellie Mohler - It was a great experience getting to meet new people and it was fun to perform with such a great group.

Ronan Park - JBHS Drama has been such a formative part of my high school experience, from struggling to climb fences in *West Side Story*, to starring in a *Harry Potter* parody (I can't believe it either). I'm proud to be a drama kid because through Drama, I've met some of the kindest, funniest people I've ever known. I'm grateful for Improv Club (Fridays at lunch!) for giving us a space where we can be vulnerable and try (emphasis on try) to be funny. One might ask, how was this program able to give me wonderful experiences, great friends, and life lessons all at once? All I can say is, "I don't know… it's a mystery!"

Julie Persaud - This year has been kinda crazy with back-to-back rehearsals and musical setbacks, but I've loved every second of it. The Drama Program has helped me for the past four years to get out of my shell and discover things that I love doing. It's going to be hard to leave such a wonderful thing behind but a part of life is moving on, and I'm so lucky to call the drama room my home away from home, it always will be.

Nigel Pope - being in *Shakespeare in Love* was an amazing but bittersweet experience. This program has done so much for me, it has brought so much to my life and I will remember the people that I met here forever.

Liam Ross - I am so grateful that I got to be in this extremely talented Drama Department. It's been one of the most exciting and fun experiences I have had in all of high school. I only wish I had more time to perform in more plays, write more monologues, and develop more acting skills in this wonderful Drama Department. I know that I've been well equipped to pursue my acting career. Thank you, Mr. Myers and all my friends in Drama, for being there to help and support me. I'm gonna miss this a lot. Zach Smith for life!

Will Sousa - The Burroughs Drama program really is something special. Even over quarantine, Play Pro stayed fun and gave me hope that things would get better. I'm glad I got to be a part of this amazing program.

Hope Towne - I've never been one for short goodbyes, but for convenience, I will keep it relatively brief. I'm so grateful to have spent my last year of high school among the greatest actors I've ever seen. Y'all have been the best bunch of idiots I've ever had the pleasure of meeting (believe me, I say idiots with utmost affection). I especially want to thank Mia, Sydney, and Liam for making me feel like I actually belonged in this class. Y'all were wonderful. Alright, that's enough cheesiness for the rest of my life, auf wiedersehen!

A.S.B.

Zach Arnold - Coming back from 2020 in ASB has been a challenge, but it's surprising how we came back as if it was a typical school year.

Ryan Bucu - ASB was a really fun time this year and I was happy to work with Jurneeand Chloe to put on some of the events for the school.

Lucy Cerrato - Being in ASB the last two years has brought me about of relationships that will last forever, as a member of the executive cabinet it's been great opportunity leading the school and the rest of ASB. I'm happy we were able to give the school back the activities there weren't able to get of the last few years. I love ASB!

Kylie Doane - Over the past for years, I've been involved in sports, my last year I joined ASB. it's been a crazy adventure since everyone has grown together and i am so blessed to have been able to meet so many new people, and creating new memories.

Jurnee Funtes-Bumpus - Being the Class of '22 President, for the past three years has allowed me to be the voice of my peers. I am incredibly honored that i was the person behind everyone's most memorable experiences here at Burroughs.

Gigi Garcia - Being in ASB my Senior year created a lot of memorable memories. It has made my last year of high school very exciting. Working with these people have created life long friendships.

Geo Garza - I always knew things you didn't!

Chloe Kaitz - The past three years of ASB has been tricky, but it has been my favorite experience of high school, and I've met some very great people over these past years.

Katie Kennedy - Being in ASB all 4 years of high school my senior year has by far been my favorite. I love being able to be apart of our student government at school and am excited for all of our end of the year events!

Leoda Khosravi - The past four years in ASB have taught me a lot about listening, leadership, and working as a team. I am super grateful that I was given the opportunity for working in many positions, where I have learned many skills that I will take to the outside world. I also love ASB because of the family environment!

Caroline Perez - Being in ASB as apart of a group of five girls running it, and hope to continue it after high school.

Jule Reader - Being in ASB this year has been such an amazing experience. I have so many great memories from workdays, pep rallies, spirit days, etc., ASB is like a second family to me and I am so grateful I got to be apart of that. Also, I loved being ASB President this year because I got to expand my leadership and have so many cool opportunities!

Sofia Remelius - Sticking with ASB for my senior year was the one of the best decisions I've made. being in ASB allowed me to fully appreciate Burroughs and I've made memories that I'm going to remember for the longest time.

Issac Reyes - Being in ASB was fun and I loved the opportunities that it's brought me.

Madison Safarik - You will never influence the world by trying to be like it.

Kaylan Silva - This is my second year in ASB and with the transition from online school back to in person, I've been able to form new connections with people and learn a valuable skill set that I'll be able to carry on with me into life. I'm grateful for this experience and the opportunities I've been provided with.

Marcus Tagnipez - ASB was a great social opportunity, to get involved with this school.

Drake Vickers - ASB is one of the best things I've done. The connections I've made are amazing and I'm happy with what I've been able to accomplish in it.

Dance

Sofia BostickZreik - It has been a wonderful environment and I have met amazing people.

Ryan Bucu - Oh my god, I love it. Dance Team has been a really meaningful experience to me the last four years.

Ethan Oliver Consignado - It's a yes.

Alyssa Contreras - Honestly, I love the Dance Team. It made me find my best friends. It's a safe place, a home, it is my favorite place in school. But I do like my English class.

Angela Hernandez - I love everyone, they're amazing to me.

Kim Learttweesin - It's my family, it's my home, and my life is going to be different without team

Matt Lopez - It's a happy, cheerful, and loving environment. The bond built with everyone this year was irreplaceable.

Rosario Pelayo - Team has inspired me. I learned that it's important to not care about what people think.

Natalie Seas - I feel that the Dance Team is like a family and we have all become so close. It is really hard to say goodbye because we have all become so close and they mean so much to me.

Riley Shepherd - Dance team has always been my family and it's such a bittersweet feeling that it's ending.

Maggie Villard - It's an amazing second family that has given me so many memories to carry with me.

Yearbook

Celine Antounian - My favorite memory from Yearbook is the day we took our pictures in our different groups for the yearbook staff page. Everyone had a really fun costume idea and got to show it off to each other. It really felt like a community and was super fun bonding and being part of a page all together.

Hyla Etame - It's really hard to choose just one memory from Yearbook, but if I had to choose a favorite it has to be the Friendsgiving that the leadership staff organized in November. Staff members who were able to come gathered at Brace Canyon Park and we brought food and snacks to share, talked about school and our hobbies, and played at the nearby playground like we were little kids. It was so lovely spending time with the staff members as friends and not as their "boss" in a workplace environment. I think it helped us grow closer to each other and made our working relationships stronger.

Charlotte Hopkins - My favorite memory in Yearbook has been being able to work in such a creative environment and also being around such amazing people. I have loved being able to meet all new kinds of people that I may not have if it weren't for Yearbook. I'm so proud of everyone this year for producing such a cool book. Yearbook has been a great experience for me these past three years, and I'm going to miss it.

Rica Jean Pumaloy - My favorite memory from Yearbook is from when we had little celebrations of our deadline. I like the fact that everyone is being celebrated for their hard work and it feels very rewarding.

Jeriah Licardo - My favorite memory in Yearbook was probably when we were taking staff photos. I felt so close to all of them and it was the first time we actually really got to bond together and laugh. Seeing everyone's faces and smiles really made my day.

Sofia Lopez - My favorite memory in Yearbook is probably getting to be able to go to all the events to take pictures and meeting a bunch of new people all the time.

Maya Merino - My favorite memory in Yearbook would definitely have to be going and getting interviews from kids all around campus. As a writer you have to interview these kids and it was honestly so interesting learning about these different people we go to school with.

Taylor Sinovoi - One of my most favorite memories from being a part of the JBHS Yearbook staff was the very first time opening up all the boxes filled with books! Being able to hold a physical copy of something you put so much time, creativity, and energy into is one of the best feelings in the world.

JOURNALISM

Scarlett Acevedo - My favorite memory in Journalism was being able to wear Mr. Fitz's tie and button up for the class picture. It made me feel like Patrick Bateman.

Corvette Brown-Henry - My favorite memory in Journalism was when Mr. FitzGerald talked about his Lego addiction for the entire 52 minutes that we were in class and which one to buy. All we're expensive, but super dope.

Marty Coha - My favorite memory has to be all the times Mr. Fitz told me I was his seventh favorite student.

Cate Dobson - My favorite memory of Journalism is wandering the halls during class delivering papers.

Sierra Dyer - My favorite Journalism memory is when we had the final and it was pouring rain and I got about fifteen bagels back to back and no one stopped giving me bagels.

Georgie Hallbach - That moment when Fitz didn't tell us which keys were the ones to his room and we were stuck in pouring cold rain #slay

Arianna Hart - My favorite memory from Journalism would have to be when we tried out all the bagels from numerous places and ranked them. I was starving that day because there was a power outage in my area, due to the lighting striking the transformer, so everything in the fridge was rotting.

Laurelei Johnson - Writing an article about IATSE that made the front page, and laughing at inspirobot quotes in class.

Alexis Lopez - My favorite memory of being in Journalism was walking through the halls to deliver the newspaper, it was nice to be able to show off our hard work each month and see other students actually reading what we wrote!

Daniela Lopez - My favorite memory is probably when we ate and reviewed bagels as one of our finals, it was outside, and it was raining really hard, that was fun.

Diana Mankikyan - When Mr. Fitz finally got my name right.

Elise Mc Millen - My favorite Journalism memory was when we dressed up for the *Gossip Girl* final issue photos.

Lincoln Melcher - My favorite memory from Journalism class was our high intensity in-class jeopardy match. I won on the last question and triumphed over all of our other reporters. I'm going to especially miss hanging out with Sammy and Brooke in the hallways and taking awkward pictures of students for the paper. I love you Journalism!

Jae Meline - My favorite times in Journalism were talking to my friends about books and our favorite works of literature.

Maya Merino - My favorite memory in Journalism would probably be the day we received sweatshirts and all ate bagels outside when it was raining. It was just a really fun day and it felt like it was more than just a class that day and the whole class got along as well.

Samantha Solomons - Making new friends and bonding with everyone in the class has been one of my favorite parts of the whole year. Also being silly with Brooke and Lincoln is so fun!

Joseph Stull - Filming peak comedy television with the one and only Molly Boyke.

Hope Towne - Being in Journalism was an…interesting experience. I met some of the most intriguing people in this class, and even though I chose the class as a random elective, I actually ended up having a lot of fun. It's a very chill class, and I felt safe to share my opinion in it.

Cate Triphon - My favorite memory from Journalism is the time Sierra Dyer and I were debating on whether or not *Die Hard* is a Christmas movie. Finally I had to ask certified movie guru, Mr. FitzGerald. Without looking up or batting an eye he agreed with me. *Die Hard* was in fact a Christmas movie. And when Sierra, who hadn't even seen *Die Hard* at the time, erupted in anger at the correct answer, the rest of the class joined in for our debate. Most of them agreed that *Die Hard* was a Christmas movie. As they should. Because it is. Most people can attest to that fact. To this day Sierra still believes that *Die Hard* isn't a Christmas movie. So having the debate didn't matter. But it's still one of my favorite memories in Mr. Fitz's Journalism class.

G.M.J.B.

Brianna Arballo - Forming bonds with the GMJB members and Filming.

Jude Duston - My favorite memory is working with a fun team to make fun informative news videos for everyone everyday!

Kahlib (Pucky) Lawrence - My favorite part of GMJB was saying "melk mmm" everyday in GMJB and filming with the crew.

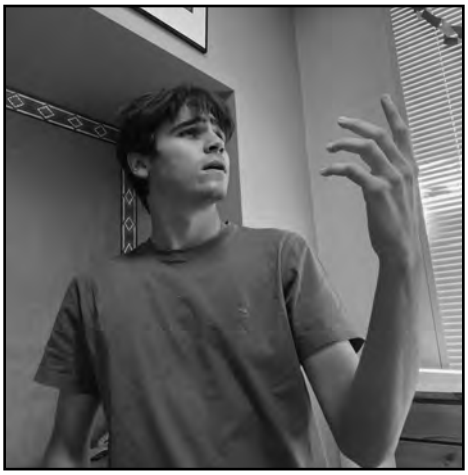

Isabela Mejia - I'm planning to get experience in the film industry (hopefully work on a Marvel Movie) and eventually study abroad somewhere in Europe.

Paulina Rezende - My favorite memory is Daniel bringing in his LEGOS and us playing with them on set.

You are Officially a High School Graduate. Although you will see us cry, rest assured that these tears are full of life, joy and memories. Most of all, our tears are anticipation of the journey that is ahead of you. Your life has a purpose. You are destined for great things! Know that God is good and merciful. From kindergarten till today you chose to march to the beat of your own drum. You have given us so many reasons to be proud of the man you have become, but the proudest moment for us is telling others that you are our son. Believe in your self as much as we believe in You. Take pride in how far you've come. Have faith in how far you can go. ***Love, Mom & Dad!***

Congratulations Chris

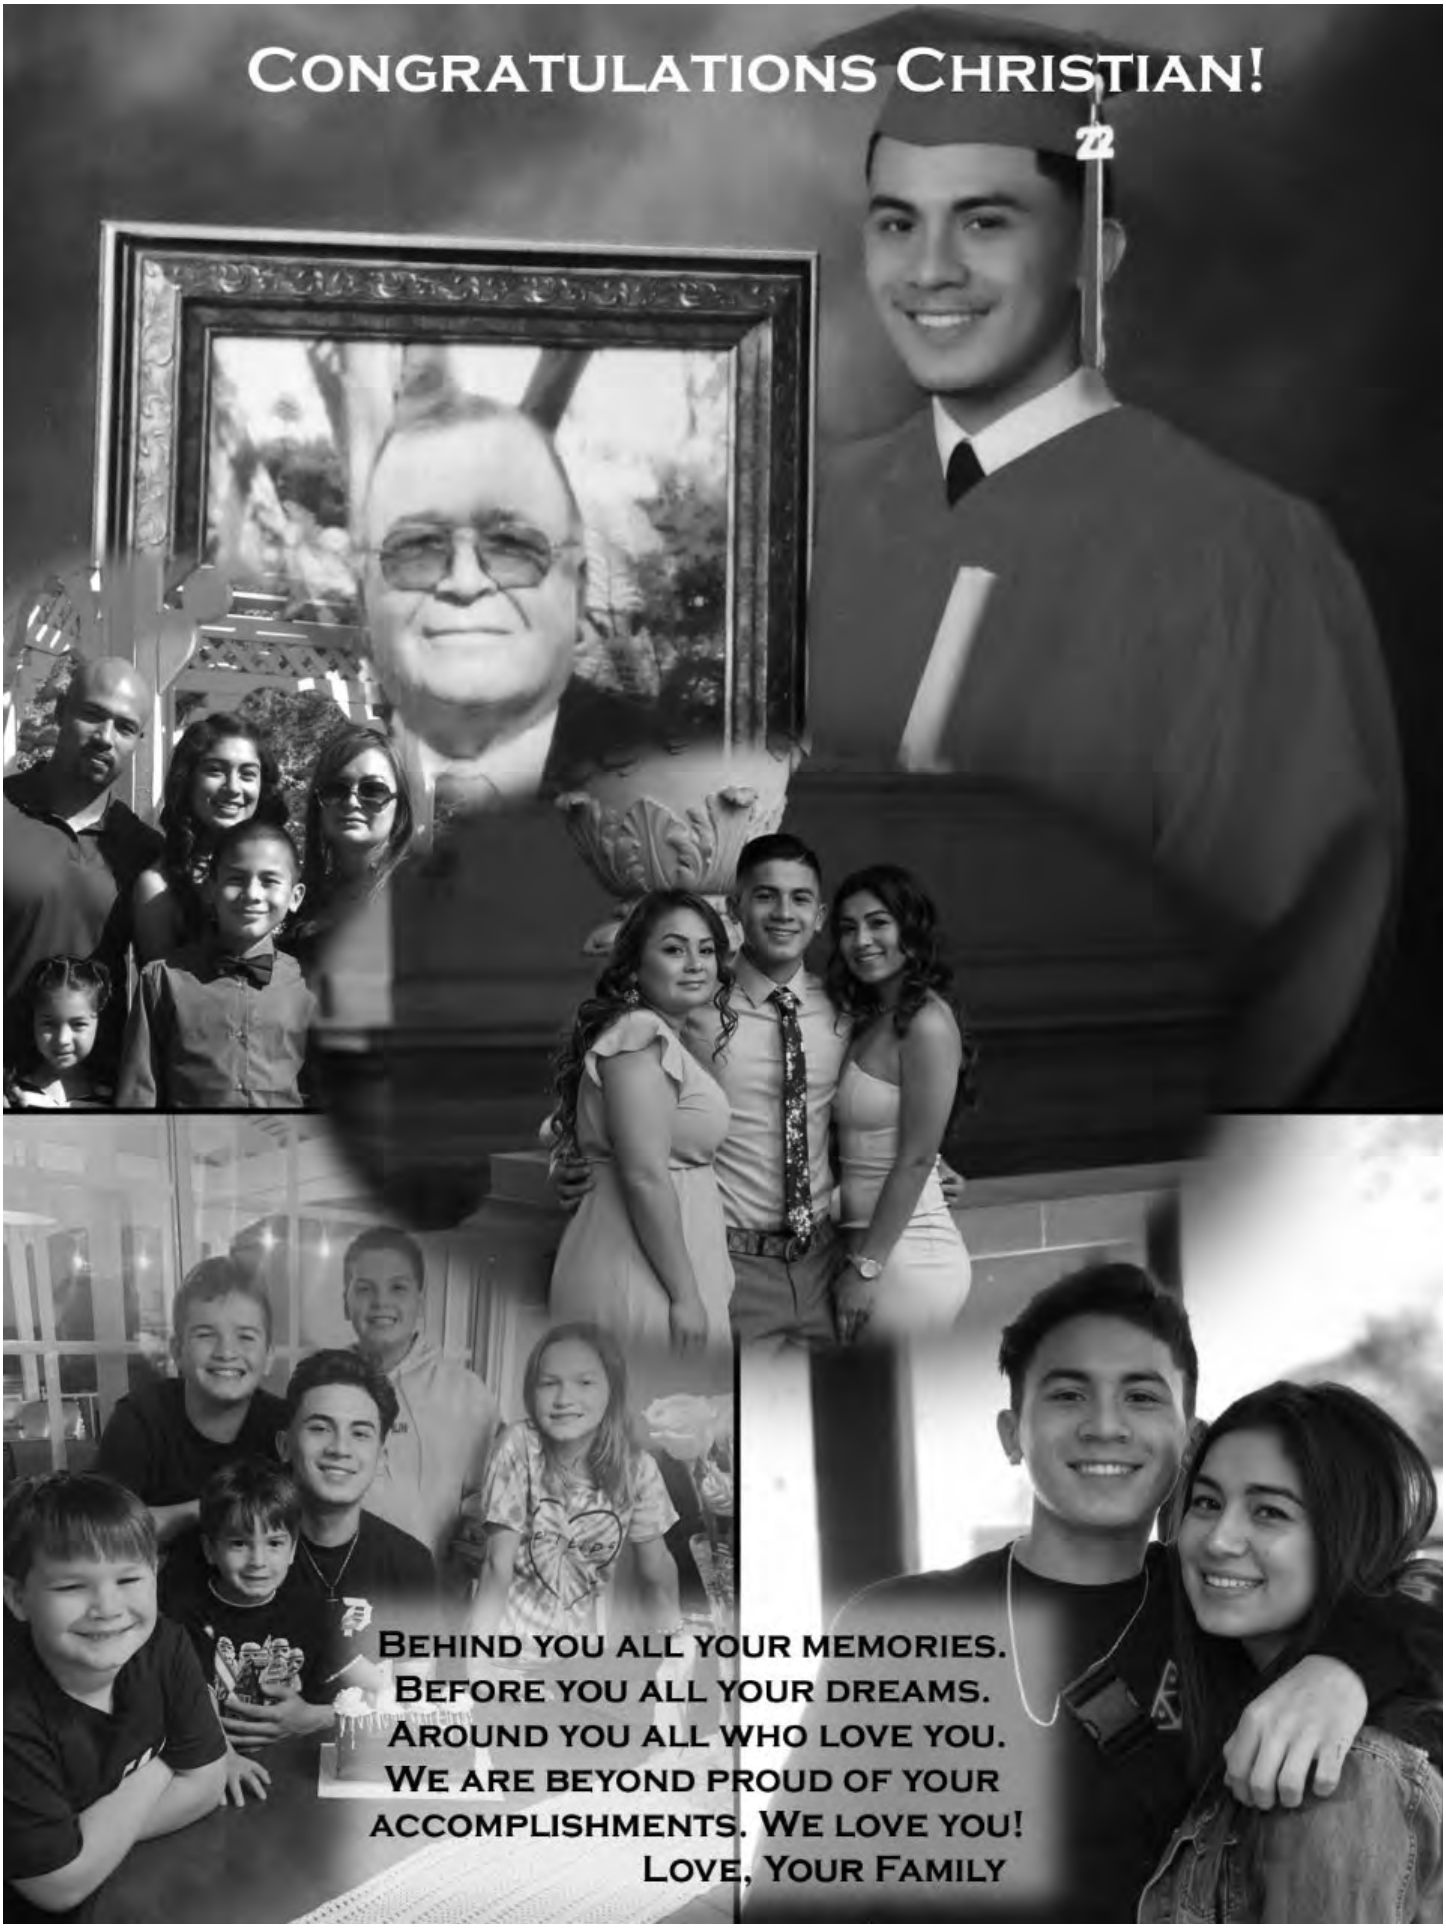

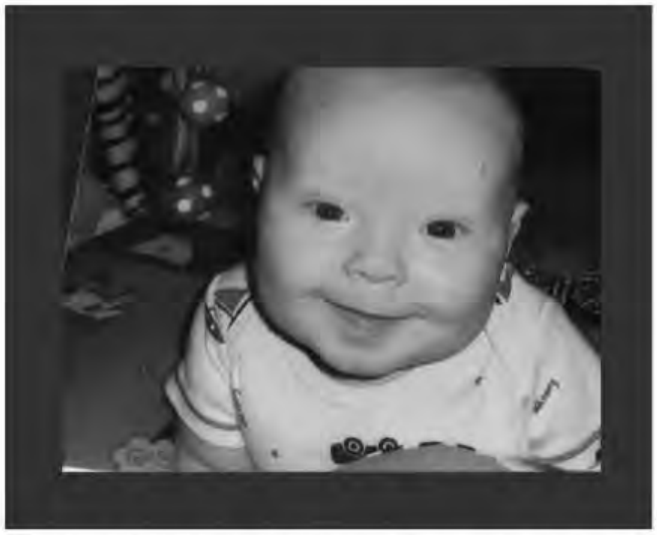

Congratulations Chris!
We are so proud of all your hard work and achievements.
You are an amazing young man who has filled our hearts with love and laughter for 18 years.
