Dear JBHS Families,

The following message is from Superintendent Matt Hill as a follow-up to last Friday's potential social media threat:

Respectfully,

Matt Chambers, Principal

Dear Families:

On 11/5, there was a social media post that raised concerns that at least one of our schools was in danger of a threat. Based on this alleged threat we have been reviewing our communication protocols and we want to share the following:

Per our safety plans, if there was an actual threat, principals would:

- Notify the campus that the school is on lockdown or evacuate depending on the situation.

- School administrators and district staff will consult with the Burbank Police Department (BPD) regarding the next steps.

- School administrators will notify parents when and where to pick up their children when it is necessary and safe to do so.

When we are dealing with non-credible threats:

- School administrators and district staff will consult with BPD and follow a credible threat protocol until BPD advises us that it is not a credible threat.

- District staff and school administrators will notify staff and families when it is not a credible threat that is confirmed by BPD.

- As we work with BPD to confirm it is not a credible threat, there will be a time delay. Please know at any moment when we think children or the school are in danger, we will implement our safety protocols.

In addition to these protocols, we understand the concerns of parents and will communicate any updates as soon as possible when we are in these situations.
