Courses Offered

Tracy Adult School offers a range of classes that are all free to students. ESL, Citizenship test preparation, high school diploma, and HiSet courses do not carry any fees, however, there may be a fee associated with books and required testing for some programs. We also offer Adult Basic Education as a bridge from the ESL class to a High School Diploma.

English as a second language classes improve communication, writing, grammar, and listening skills. Our teachers provide a safe, supportive learning environment for the community to grow and excel.

The High School Diploma Program offers self-paced courses that allow students to work at their own pace along with the guidance of a teacher and counselor. Each pathway is individualized to the student's credit needs and requirements.

The HiSet Test preparation course introduces materials to students that will prepare them for the exam. Through coursework and guided instruction, students will familiarize themselves with testing content.
