1. Narrative description of the Prop 28 arts education program(s) funded. (2500 Character limit).

In fiscal year 2023-24, the Vallejo City Unified School District has yet to utilize any of the funding received under The Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act. Our district's initial focus was placed on filling a two-year placement position for an experienced Director of Visual and Performing Arts (VAPA) to aid us in implementing the necessary infrastructure to successfully integrate arts programming in our schools. During the past year, work commenced with our existing Principals and Teaching staff in the twenty district schools located throughout Vallejo. We are taking the approach of meeting each school where they are at today in terms of accurately assessing their existing art programs. We will work to establish a baseline, as a measurement tool, for the development of all future VAPA programming. Throughout this preliminary process, we are collecting important data points on the current status and the wants/needs of each school to aid us in the development of individualized, site-specific plans that will be necessary to grow each program organically and have them be sustainable into the future. Currently under development and discussion at our sites are the comprehensive programming details set to begin early in the upcoming school year. At that time, we will begin to use the important resources available to us through the AMS funding stream.
