Lakewood School District's Citizen's Facilities Advisory Committee (CFAC)

Essential Questions for Consideration During Our Planning

What are the near-term improvements our school buildings need? How should we address them?

How can our school buildings better support students' experiences of safety, belonging, curiosity and joy?
How can they be better learning environments across the district?

What do we need to do with our school facilities to accommodate anticipated growth?

How can the Lakewood SD educational campus be improved with respect to play, daily traffic, and community use?
