# MENIFEE'S QUALITY OF LIFE MEASURE (MEASURE DD)

**Enhances safety & services for Menifee residents.**

Passed by 68% of Menifee voters in 2016, Menifee's Quality of Life Measure is a 1% sales tax that helps provide funding for critical services like police and fire, as well as major infrastructure projects. The Holland Road Overpass is a vital Capital Improvement Program (CIP) project that will provide a new east-west corridor through Menifee and will help alleviate traffic on Newport Road and Scott Road. ## COOL YOUR COALS!

Just as those coals helped to get your fire pit or backyard BBQ going, they can quickly start a fire in your trash cart, the back of a collection truck or at a waste facility. Properly dispose of hot coals and ashes:

- **Hot coals and ashes stay hot for several days. Let them cool for more than 48 hours before disposal.**
- **Place hot coals and ashes in a metal container and cover them with water to fully extinguish them (Do not use a plastic, paper, wood or galvanized container).**
- **Do not place other combustibles in the container with the coals or ashes.**

Visit [wm.com/recycleright](http://wm.com/recycleright) for more tips!

## HIDDEN HOUSEHOLD HAZARDS

Many everyday household items, such as batteries, disinfectants, and cleaners can cause a fire in your trash cart or in your neighborhood when they come in contact with other materials or get compacted inside a collection truck.

To help protect your family and community, keep these items out of your cart:

- **Batteries of any kind**
- **Compressed gas cylinders**
- **Flammable and combustible liquids**
- **Garden and pool chemicals**
- **Household disinfectants and chemicals**
- **Motor oil and oil rags**
- **Paint and paint-related products**
- **Unknown substances**
- **Vehicle fluids**

To locate sites for free disposal of these items, please contact the Riverside County Department of Waste Resources at (800) 304-2226 or visit [www.rcwaste.org](http://www.rcwaste.org)

# EXPLORING MENIFEE'S PARKS

# Parks Make Life Better!

*EVERY JULY*, the City of Menifee celebrates *"PARKS MAKE LIFE BETTER MONTH"* to raise awareness of the benefits of parks and recreation in our community. The City of Menifee has 46 parks over 50-square miles offering a wide variety of outdoor activities from pickleball and basketball courts, to playgrounds and tot lots, to exercise equipment and walking paths. If you have an outdoor interest, there is likely a park for you!

Investing in our social infrastructure remains a strategic priority for the City of Menifee and we are continuing to add new parks and outdoor amenities that provide recreation, relaxation, social interaction, and offer a sanctuary for residents and visitors. In just the last few months, the City welcomed two new parks to the community.

*QUARTZ RANCH PARK*, located near the corner of La Piedra Road and Evans Road, offers numerous amenities including pickleball and basketball courts, a multipurpose field, playground, picnic and barbecue areas, bathrooms, and walking paths.

*BANNER VILLAGE PARK*, located off Newport Road on the east side of the City, features a splash pad, basketball court, multipurpose fields, picnic shelters, and restroom facilities.

## Level Descriptions

**Level 1: Water Exploration – Ages 4-17**

**No Skill Prerequisites Required for Level 1.**

This level is designed for a child's first exposure to water without their parent, to orient young children to the aquatic environment, and help them gain basic water safety skills. In addition, participants develop positive attitudes and safe practices in and around the water.

**Level 2: Primary Skills – Ages 4-17**

**Skill Prerequisites:** Must be independently comfortable in the water.

This level is designed to give participants success with fundamental skills and marks the beginning of independent locomotive skills. Participants learn to glide and float without assistance and further develop simultaneous and alternating arm and leg actions on front and back, laying the foundation for future strokes. New water safety topics are introduced and previous skills reinforced.

**To Pass This Level:** Must be able to swim five-yards front crawl and backstroke, unassisted.

**Level 3: Stroke Development – Ages 4-17**

**Skill Prerequisites:** Must be able to swim five-yards front crawl and backstroke, unassisted.

This level is designed to expand proficiency of previously learned skills by providing additional guided practice. Participants learn to swim front crawl and backstroke at rudimentary proficient levels, as well as introducing scissor kick, dolphin kick, and elementary backstroke.

**To Pass This Level:** Must be able to swim 10-yards front crawl and backstroke, unassisted.

## Level Descriptions (cont.)

### Level 4: Stroke Improvement – Ages 4-17

**Skill Prerequisites:** Must be able to swim 10-yards front crawl and backstroke, unassisted.

This level is designed for participants to improve their previously developed aquatic skills by increasing their endurance and swimming greater distances with more advanced proficiency. Participants add arm actions to perform rudimentary sidestroke, butterfly, breaststroke, and treading water.

**To Pass This Level:** Must be able to swim 25-yards front crawl and backstroke, unassisted.

### Level 5: Stroke Refinement – Ages 4-17

**Skill Prerequisites:** Must be able to swim 25-yards front crawl and backstroke, unassisted.

Participants refine their performance of all strokes (front crawl, backstroke, butterfly, breaststroke, elementary backstroke, and sidestroke), and increase the distance they swim. Participants learn to perform flip turns on their front and back, and tuck and pike surface dives.
