

## Team DaVinci's Classroom Supply List

The following is a list of suggested items to help you succeed throughout your sixth-grade school year. Please think about what is best for you to stay organized and prepared for each class.

- ✓ **Binders with Dividers (with pockets) OR Folders:** Students can decide how they would like to organize their day. Most choose a morning and afternoon binder. However, some prefer just one. Some use two binders of different colors (1-inch binders work best.) Please make sure dividers or folders are labeled by subject.
- ✓ **Notebooks:** Students are required to have a color-coded notebook for each core course.
  - o **ELA** - Red Notebook
  - o **Math** - Any color other than red
- ✓ **Paper:** Students are required to have access to paper in each class. Teachers do not supply paper.
- ✓ **Pencil case:** The ones that go in a binder seem to work the best.
- ✓ **Pencils: LOTS OF THEM!** Mechanical pencils are encouraged! Please have extra lead for your pencils. Teachers do not supply pencils.
- ✓ **Pens:** Black or Blue only, please.
- ✓ **Ultra Fine Point Sharpie**
- ✓ **Earbuds:** Often, earbuds are lost or broken. Students should keep earbuds in a Ziploc bag inside their Chrome bookcase or pencil case. If students do not have earbuds they cannot fully participate in their academic classes and may have to take work home with them if they can't participate in the activity in school.
- ✓ **Calculator:** We utilize a Texas Instrument (TI-30X IIS). Highly suggested purchase!
- ✓ **Reusable Water Bottle:** We do not allow students to use single-use plastic water bottles. Please send your child with a reusable water bottle. There are a few reasons for this. First, single use water bottles are more frequently lost and left behind than reusable bottles since they hold less value and rarely have a name on them. Two, single use plastic water bottles tend to be noisy and can be distracting to others during class. Lastly, as teachers we believe there is a lesson to be learned here about becoming proper stewards of our environment. We do not recycle single use plastic water bottles at school.
- ✓ **Tissues:** Please bring two to three boxes of tissues for the classroom.
- ✓ **Clorox Wipes:** Please consider donating some to the classroom. We use them a lot, especially during the winter months.
- ✓ **Paper Towels:** You can never have enough paper towels, especially when water spills. Please consider sending in a roll or two! We appreciate it!
