CLASSROOM MANAGEMENT

1. CLASSROOM MANAGEMENT

- A. Be in your classroom on time.
- B. Insist that your students be on time for class. If the student is late because of a conference with another teacher, the teacher should give the student an "Excused" pass. If the fault was not another teacher, the student should obtain an Excused or Unexcused Pass, as the case might be, from the principal.
- C. Schedule conferences with students at some time other than at the beginning of the period. Start your class within seconds after the bell rings.
- D. Have a definite objective for each period of instruction.
- E. Involve all your students as participants in the lesson.

- F. Stand when you teach. Move about the room. Raise and lower your voice. Maintain eye-to-eye contact which will help you establish rapport and gauge student reaction.
- G. Keep paper and debris picked up. Adjust the window blinds when needed.
- H. **When giving a test, do not leave the room at any time.** It would be better if you stood during the test period at the front or side of the room where you can easily see each student. If there is an emergency, send a student for the principal so you can remain with the class. Defer questions until near the end of the period if possible.
- I. Assignments and Supervised Study. Be specific in making the assignment — write the assignment on the board; insist that the students write down the assignment. One of the most important purposes of the assignment is to arouse interest and to motivate. During the study period you should move about the room checking on student progress and talking quietly with those who need to talk with you. Do not assign too much (or too little). Remember, each student has several subjects.

See Policy 2330 - Homework

Teachers are vital for student learning and academic success. As per SMCSC Attendance Policy (5200), teachers must provide instructional materials and reasonable assistance during the first 12 days of a student's absence. However, they are not required to offer tutoring outside of class hours. For absences beyond 12 days, excluding the exceptions within Policy 5200, teachers are not required to provide and accept make-up work for credit.

Extended absences are discouraged, and parents are advised on the importance of regular attendance. The student handbook outlines the consequences of unexcused absences, including those for non-health related reasons, in Policy 5200, including possible attendance contracts, referral of parent to the Madison County Prosecutor or Department of Child Services (CPS), no credit for make-up work, and other penalties. High school students may be removed from a course after ten absences.

- J. Stay in the classroom the whole period unless it is absolutely necessary to leave.
- K. Make each lesson interesting. Every subject is considered important. Planning is important if we are to meet our objectives.

2. ORDER AND CLEANLINESS OF EACH CLASSROOM

- A. Teachers are urged and expected to keep each assigned teaching area clean and attractive in conjunction with the custodian.
All paper should be picked up at the end of each period.
- B. Special room maintenance problems should be requested in writing on a work order (Appendix F) through the principal.

3. STUDENT ENROLLMENT AND ATTENDANCE

- A. No student will be taken out of any class at any time without the permission of the principal or his designee.
- B. Students who drive to school or ride to school with another student will file parental permission blanks with the principal. All drivers must be licensed.
- C. School bus drivers who bring a student to school should also return him home unless the student shows a permission slip to the driver.
- D. Use the complete birth certificate name on all registers, class record books, report cards, and diplomas. If there is no middle name, write "none."
- E. Teachers are not to take students off of school property without the permission of the school principal.

4. DISCIPLINE

- A. Do not leave your teaching area unsupervised at any time.
- B. Teachers are responsible for the management of their classrooms and maintenance of student discipline.
- C. Remember that every student deserves a chance to learn.
- D. Students should not be allowed to address teachers by their first names.

5. CORPORAL PUNISHMENT

- A. Corporal punishment must be limited to paddling with a thin paddle (1/2 inch or less) in front of the principal.
- B. A parent of the student shall be notified when a student is paddled.
- C. Do not paddle a student in a classroom in front of other students.
- D. A paddling should be limited to no more than three licks. Do not paddle the same student twice in one day.

E. Do not strike or slap a student on or about the head.

6. TEXTBOOKS

Textbooks do not define the curriculum. The curriculum is defined by the local and state content standards. Textbooks should be used as a support for the teaching of the standards.

7. GRADE PROMOTION (all teachers grades 1-8)

A. Review with your students at the beginning of the year.

(1.) Any student with semester F's in four solid subjects should be initially placed on the non-promotion list submitted to the principal.

(2.) In departmentalized grades, a committee should be appointed to make recommendations to the principal in place of the one teacher as in self-contained grades.

(3.) The decision for promotion, retention, or assignment of the student shall be made by the principal based upon the recommendation of the teacher and a conference with the parent, if possible, with due consideration given to age, social development, previous retentions, and probably effect upon the student's welfare as well as the other students.

(4.) A list of all retentions and assignments shall be furnished to the superintendent by the principal along with the reason.

Note: A student with failing grades, as in #1 above, should not be promoted but assigned if it is desired that he enter the next grade. Actually 2 or 3 times are probably as many times that most students should be retained.

8. EMERGENCY DRILLS

A. The purpose of this drill is to prepare for severe weather conditions and other natural disasters.

B. Each drill is to be conducted as if there were an actual emergency.

C. Fire drills will be practiced as required by Indiana law. Fire drills will be conducted monthly.

D. Each staff member should know the emergency procedures for his/her building.

E. Each school should daily monitor its "weather monitor" during school hours.

F. When a "watch" or "warning" is signaled, the school should post an observer to observe actual conditions.

G. In assigning emergency stations, the southwest and the northeast corner of the building should be avoided.

H. Tornado drills will be practiced as required by Indiana law. Tornado drills will be conducted as required: one (1) during each semester or trimester.

I. Disaster drills will be practiced as required by Indiana law. Manmade occurrence disaster drills will be conducted as required: one (1) during each semester or trimester.

9. FIRE DRILLS/BOMB THREAT DRILLS

A. Each drill will be conducted as if there were actually a fire or threat.

B. Fire marshals should be appointed to be sure each floor is clear.

C. Pupils must not talk to each other while leaving or entering the building.

The responsibility for the program resides with the principal.
3. It is expected that a high degree of cooperation will exist among the principal, athletic director, and the coaches, between the coaches themselves, and with the rest of the faculty. Ideally, coaches will encourage participation by their players in as many different sports as possible.

4. All coaches are expected to assist each other whenever possible. Coaches should do their share to promote a total athletic program.
5. The head coach and/or assistant coach will personally supervise all practices and contests. Coaches must supervise their area and athletes until they leave the building. No student is to be left unsupervised at any time.
6. Every sport is considered by the school to be an important part of the athletic program. Each coach is expected to take each sport seriously and to put forth the effort required to compete in and to upgrade that sport.
7. A coach's classroom work is his/her most important responsibility.
8. In as much as the athletic program needs the support of all the faculty, it is hoped that the coaches will support the other E.C.A.'s.
9. All coaches' offices, shower rooms, dressing rooms, and storage rooms are to be kept clean and orderly at all times, including the summer.

FIRST AID REGULATIONS

1. **GENERAL DIRECTIVES FOR ILLNESS AND INJURY**

Any child injured or ill on school property during school hours will be given emergency treatment or first aid care by the nurse as needed. Emergency first aid treatment should be rendered by teachers and other school personnel if the school nurse is not available. In all cases the persons administering treatment should follow the first aid guide provided by the school.

2. **DISPOSITION OF MINOR ILLNESS OR MINOR INJURY**

- A. If the injury or illness is minor, it may be appropriate to retain the child in school for the remainder of the day.
- B. If a child requires medical attention, the parent/guardian will be notified by the school. In the event that a delay is judged to be potentially detrimental to the child's welfare, and if a parent/guardian, or other designated person, cannot be reached, the child will be taken to the doctor or hospital emergency room designated on the emergency card.
- C. In non-emergency cases where the child cannot attend class, efforts will be made to reach the parents/guardians or other responsible adults in the home. If efforts to reach the parent or other designated adult are not successful, the child will be kept in school under observation.

3. **DISPOSITION OF MAJOR ILLNESS OR MAJOR INJURY CASES**

- A. If, in the judgment of the principal, nurse, or other designated employee, the injury or illness is serious enough to require hospitalization, the child should be transported immediately by emergency vehicle, ambulance, or private vehicle. In case of a critical emergency, where immediate life-saving help is needed the emergency squad, or other appropriate agency, will be called. The school is to notify the parent/s guardians after calling for emergency assistance. If at all possible, send the emergency card with the child.
- B. The school should be prepared to give to the police, firemen, or other rescue officials written information indicating the child's name, parents' names, telephone number, and home address.
- C. The school will obtain information about the destination or hospital to which the child is taken.
- D. The principal will contact the parents/guardians.
- E. If there is no telephone, an adult messenger from the school will go directly to the home to notify a parent/guardian.

4. **TRANSPORTATION**

- A. No sick or injured child will be transported to his home and left alone. The child must be left in the care of a responsible adult.
- B. Providing for transportation and adult supervision is the responsibility of parents/guardians who, in the event that they themselves may be unavailable, will provide for transportation and supervision by a responsible adult. Transportation of the child by school personnel will be provided as a last resort.

5. **RECORDING EMERGENCY TREATMENT**

Anyone giving emergency first aid to a pupil will briefly record the treatment on the accident form provided in each school.

AIDS PRECAUTIONS IN A SCHOOL SETTING:

- 1. All contact with body fluids must be considered as potentially infectious.
- 2. Latex gloves must be worn by all staff members coming in contact with blood and other body fluids from another person from scrapes, cuts, nosebleeds, vomits.
- 3. Latex gloves and approved disinfectant must be used by any staff member who cleans a body fluid spill.
- 4. In unanticipated skin contact with body fluids where gloves may not be immediately available, the affected skin surfaces must be washed with soap and water for ten seconds as soon as possible.

INFECTION CONTROL IN THE SCHOOL

The following information is meant to provide simple and effective precautions to prevent the spread of disease in the school setting.

PERSONAL PROTECTIVE EQUIPMENT

Staff members will be required to wear personal protective equipment, including but not limited to face coverings, during certain times based on the district plan designed to manage the spread of COVID-19 or other community health-related concerns

GOALS OF INFECTION CONTROL IN THE SCHOOL:

- 1. Increase student and staff safety by teaching disease prevention.
- 2. Identify potentially infectious body fluids requiring barrier precautions.
- 3. Provide simple, effective precautionary behaviors to prevent the transmission of diseases.

DEFINING THE PROBLEM OF DISEASE TRANSMISSION IN THE SCHOOL:

- 1. The body fluids of all persons must be considered potentially infectious which may result in the spread of disease.
- 2. The term "body fluids" includes blood, semen, drainage from cuts and scrapes, feces, urine, vomitus, respiratory secretions (nasal drainage and sputum), and saliva.
- 3. Direct contact with the body fluids of another person must be avoided when possible in the school setting.

PREVENTING DISEASE TRANSMISSION IN THE SCHOOL:

- 1. Proper hand washing technique is the single most effective way to prevent the spread of most communicable diseases transmitted by normal daily contact.
- 2. Disposable, nonpermeable gloves must be worn by all staff who come in contact with the body fluids of another.

3. Non Permeable gloves and approved disinfectant must be used by all staff who clean a body fluid spill. All body fluid spills must be treated as potentially infectious.
4. In unanticipated skin contact with the body fluids of another, where gloves were not immediately available, the affected skin area(s) must be washed with soap and water for ten seconds as soon as possible.
5. All potentially infectious waste materials (tissues, band aids, gauze, disposable cleaning papers) must be disposed of in nonpermeable lined containers to prevent skin contact with the disposer.
6. In an attempt to limit the number of people exposed to body fluid spills, custodial and maintenance staff have been assigned these responsibilities and should be called to clean up all body fluid spills except in cases of extreme emergency where time is of the essence.

GUIDELINES FOR HANDLING BODY FLUIDS IN SCHOOLS

Recent concern about how children with AIDS should be educated has raised several questions regarding exposure of teachers and children to potentially infectious body fluids from children with communicable diseases in the school setting:

1. Does contact with body fluids present a risk of infection?
2. What should be done to avoid contact with potentially infected body fluids?
3. What should be done if direct contact with body fluids is made?
4. How should such fluids when spilled be removed from the environment?

The following guidelines are meant to provide simple and effective precautions against transmission of disease for all persons, including pregnant women, potentially exposed to the blood or body fluids of any student. No distinction is made between body fluids from students with a known disease or those from students without symptoms or with an undiagnosed disease.

Does Contact With Body Fluids Present A Risk?

The body fluids of all persons should be considered to contain potentially infectious agents (germs). The term “body fluids” includes: blood, semen, drainage from scrapes and cuts, feces, urine, vomitus, respiratory secretions (e.g. nasal discharge), and saliva. Contact with body fluids presents a risk of infection with a variety of germs. In general, however, the risk is very low and dependent on a variety of factors including the type of fluid with which contact is made and type of contact made with it.

Table 1 provides examples of particular germs that may occur in body fluids of children and the respective transmission concerns. It must be emphasized that with the exception of blood, which is normally sterile, the body fluids with which one may come in contact usually contain many organisms, some of which may cause disease. Furthermore, many germs may be carried by individuals who have no symptoms of illness. These individuals may be at various stages of infection: incubating disease, mildly infected with symptoms, or chronic carriers of certain infectious agents including the AIDS and hepatitis viruses.

In fact, transmission of communicable diseases is more likely to occur from contact with infected body fluids of unrecognized carriers than from contact with fluids from recognized individuals because simple precautions are not always carried out.

Table 1

Transmission Concerns in the School Setting
Body Fluid Source of Infectious Agents

Body Fluid Source:

Blood—cuts/ abrasions, nosebleeds, menses, contaminated needle, human bites

Organism of Concern:

Hepatitis B virus; AIDS virus; Cytomegalovirus

Transmission Concern:

Blood stream inoculation through cuts and abrasions on hands; direct blood stream inoculation

Body Fluid Source:

Respiratory Secretions—Saliva; nasal discharge

Organism of Concern:

Mononucleosis virus; common cold virus; influenza virus

Transmission Concern:

Oral inoculation from contaminated hands

Body Fluid Source:

Semen

Organism of Concern:

Hepatitis B; AIDS virus; Gonorrhea

Transmission Concern:

Sexual contact (intercourse)

Body Fluid Source:

*Feces—incontinence

Organism of Concern:

Salmonella bacteria; Shigella bacteria; Rotavirus; Hepatitis A virus

Transmission Concern:

Oral inoculation from contaminated hands

Body Fluid Source:

*Urine—incontinence

Organism of Concern:

Cytomegalovirus

Transmission Concern:

Bloodstream and oral inoculation from contaminated hands

Body Fluid Source:

*Vomitus

Organism of Concern:

Gastrointestinal viruses, (e.g., Norwalk Agent Rotavirus)

Transmission Concern:

Oral inoculation from contaminated hands

* Possible transmission of AIDS and Hepatitis B is of little concern from these sources. There is no evidence at this time to suggest that the AIDS virus is present in these fluids.

What Should Be Done to Avoid Contact With Body Fluids?

When possible, direct skin contact with body fluids should be avoided. Disposable gloves should be available in at least the office of the custodian, nurse, or principal. Gloves are recommended when direct hand contact with body fluids is anticipated (e.g., treating bloody noses, handling clothes soiled by incontinence, cleaning small spills by hand). If extensive contact is made with body fluids, hands should be washed afterwards. Gloves used for this purpose should be put in a plastic bag or lined trash can, secured, and disposed of daily.

What Should Be Done if Direct Skin Contact Occurs?

In many instances, unanticipated skin contact with body fluids may occur in situations where gloves may be immediately unavailable (e.g., when wiping a runny nose, applying pressure to a bleeding injury outside the classroom, helping a child in the bathroom). In these instances, hands and other affected skin areas of all exposed persons should be routinely washed with soap and water after direct contact has ceased. Clothing and other non disposable items (e.g., towels used to wipe up body fluid) that are soaked through with body fluids should be rinsed and placed in plastic bags. If presoaking is required to remove stains (e.g., blood, feces), use gloves to rinse or soak the item in cold water prior to bagging. Clothing should be sent home for washing with appropriate directions to parents/teachers. Contaminated disposable items (e.g., tissues, paper towels, diapers) should be handled as with disposable gloves.

How Should Spilled Body Fluids Be Removed From the Environment?

Most schools have standard procedures already in place for removing body fluids (e.g., vomitus). These procedures should be reviewed to determine whether appropriate cleaning and disinfection steps have been included. Many schools stock sanitary absorbent agents specifically intended for cleaning body fluid spills (e.g., ZGOOP, Parsen Mfg. Co., Philadelphia, PA). Disposable gloves should be worn when using these agents. The dry material is applied to the area, left for a few minutes to absorb the fluid, and then vacuumed or swept up. The vacuum bag or sweepings should be disposed of in a plastic bag. Broom and dustpan should be rinsed in a disinfectant. No special handling is required for vacuuming equipment.

Hand washing Procedures

Proper hand washing requires the use of soap and water and vigorous washing under a stream of running water for approximately 10 seconds.

Soap suspends easily removable soil and microorganisms allowing them to be washed off. Running water is necessary to carry away dirt and debris. Rinse under running water. Use paper towels to thoroughly dry hands.

Disinfectants

An intermediate level disinfectant should be used to clean surfaces contaminated with body fluids. Such disinfectants will kill vegetative bacteria, fungi, tubercle bacillus and viruses. The disinfectant should be registered by the U.S. Environmental Protection Agency (EPA) for use as a disinfectant in medical facilities and hospitals.

Various classes of disinfectants are listed below. Hypochlorite solution (bleach) is preferred for objects that may be put in the mouth.

1. Ethyl or isopropyl alcohol (70%).
2. Phenolic germicidal detergent in a 1% aqueous solution (e.g. Lysol*).
3. Sodium Hypochlorite with at least 100 ppm available chlorine (1/2 cup household bleach in one (1) gallon water) needs to be freshly prepared each time it is used.
4. Quaternary ammonium germicidal detergent in 2% aqueous solution (e.g., Tri-Quat*, Mytar*, or Sage*).
5. Iodophor germicidal detergent with 500 ppm available iodine (e.g, Wescodyne*).

Disinfection of Hard Surfaces and Care of Equipment

After removing the soil, a disinfectant is applied. Mops should be soaked in the disinfectant after use and rinsed thoroughly or washed in a hot water cycle before rinse. Disposable cleaning equipment and water should be placed in a toilet or plastic bag as appropriate. Non-disposable cleaning equipment (dust pans, buckets) should be thoroughly rinsed in the disinfectant. The disinfectant solution should be promptly disposed of down a drain pipe. Remove gloves and discard in appropriate receptacles.

Disinfection of Rugs

Apply sanitary absorbent agent, let dry and vacuum. If necessary, mechanically remove with a dustpan and broom, then apply rug shampoo (a germicidal detergent) with a brush and re-vacuum. Rinse the dustpan and broom in disinfectant. If necessary, wash the broom with soap and water. Dispose of non reusable cleaning equipment as noted above.

Laundry Instructions for Clothing Soiled with Body Fluids

The most important factor in laundering clothing contaminated in the school setting is elimination of potentially infectious agents by soap and water. Addition of bleach will further reduce the number of potentially infectious agents. Clothing soaked with body fluids should be washed separately from other items. Presoaking may be required for heavily soiled clothing. Otherwise, wash and dry as usual. If the material is bleachable, add 1/2 cup household bleach to the wash cycle. If material is not colorfast, add 1/2 cup non clorox bleach (e.g., Clorox II, Borateem) to the wash cycle.

GUIDELINES FOR HANDLING BODY FLUIDS IN SCHOOLS was prepared by Elaine Brainerd, M.A., R.N., State Department of Education, in consultation with James Hadler, M.D., MPH Chief, Epidemiology Section, and Patricia Checko, MPH, Epidemiology Program, Connecticut State Department of Health Services. December 1984.

* Brand names used only for examples of each type of germicidal solution and should not be considered an endorsement of a specific product.

CHEMICAL MANAGEMENT AND PREPAREDNESS FOR TOXIC HAZARD AND ASBESTOS HAZARD POLICY 8431

The School Board is concerned for the safety of the students and staff members and will attempt to comply with all Federal and State statutes and regulations to protect them from hazards that may result from exposure to toxic chemicals used in the classroom as a part of an instructional program, as well as toxic chemicals used for cleaning or maintenance or from the presence of asbestos materials used in previous construction.

CHEMICAL MANAGEMENT/TOXIC HAZARDS

In order to reduce student and staff exposure to chemical hazards used or kept at the school corporation facilities, the Superintendent will be responsible for developing and implementing a plan for minimizing exposure to these toxic hazards. These hazards exist in chemicals and other substances used in the school setting such as in laboratories, science classrooms, kitchens, school grounds, buses, and in the cleaning of rooms and equipment.

The Board will appoint an employee to serve as the Toxic Hazard Preparedness (THP) Officer who shall oversee the implementation of the Corporation's Chemical Management/Toxic Hazards Plan. The plan may include:

- A. provisions to ensure when chemicals are used during a class, such as but not limited to chemistry, biology, or industrial technology, appropriate ventilation in proper working order must be used to minimize potential exposure to these chemicals (either the National Institute for Occupational Safety and Health (NIOSH) or the Occupational Safety and Health Administration (OSHA) guidelines for evaluating student exposure must be used);
- B. identification of potential sources of toxic hazard in cooperation with material suppliers who shall supply the THP Officer with material safety data sheets (MSDs) which provide directions for proper use of materials which shall be followed by all Corporation employees in using said materials;
- C. a storage protocol which provides for safe storage and ensures that all incoming materials, including portable containers, are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party;
 1. details the methods used to inform staff and students of the hazards;
 2. describes the methods used to inform contractors and their employees of any hazardous substances to which they may be exposed and of any corrective measures to be employed;
- D. a training program for all Corporation employees to include such topics as detection of hazards, explanation of the health hazards to which they could be exposed in their work environment, and the Corporation's plan for communication, labeling, etc.
- E. a disposal procedure which adheres to State environmental protection guidelines;
- F. a protocol which addresses actions to be taken in the event of a spill of toxic chemicals or other potential accidents.

In fulfilling these responsibilities, the THP Officer may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard.

PHASE-OUT/BANNED PRODUCTS

The Superintendent shall require that any chemicals, insecticides, or other materials that the Federal government is phasing out and/or banning by a certain date be immediately banned from use on Board property.

ASBESTOS

In its efforts to comply with Asbestos Hazard Emergency Response Act (AHERA), the Board recognizes its responsibility to:

- A. inspect all Corporation buildings for the existence of asbestos or asbestos-containing materials;

- B. take appropriate actions based on the inspections;
 - C. establish a program for dealing with friable asbestos, if found;
 - D. maintain a program of periodic surveillance and inspection of facilities or equipment containing asbestos;
 - E. comply with EPA regulations governing the transportation and disposal of asbestos and asbestos-containing materials.
- The Superintendent shall appoint a person to develop and implement the Corporation's Asbestos-Management Program which will ensure proper compliance with Federal and State laws and the appropriate instruction of staff and students.

The Superintendent shall also ensure that, when conducting asbestos abatement projects, each contractor employed by the Corporation is licensed pursuant to the Asbestos Abatement Contractors Licensing Act.

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

INDOOR AIR QUALITY (IAQ) POLICY 8405

The Superintendent shall appoint a person to serve as the Indoor Air Quality (IAQ) Coordinator for the school corporation. The IAQ Coordinator shall serve as the lead contact person for matters related to indoor air quality in the facilities operated by the school corporation.

IAQ Coordinator: Ken McCarty, Business Manager
 Telephone: 765-778-2152
 Address: 203 S. Heritage Way
 Pendleton, IN 46064

FAMILY AND MEDICAL LEAVE OF ABSENCE ("FMLA") POLICY 3430.01

In accordance with Federal law, the School Board shall provide up to twelve (12) weeks of unpaid FMLA leave in any twelve (12) month period to eligible professional staff members for the following reasons:

- A-1. the birth of a child and/or the care of a newborn child within one (1) year of child's birth;
- B-1. the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child's arrival
- C-1. the staff member is needed to care for a spouse, son, daughter, or parent if such individual has a serious health condition; or
- D-1. the staff member's own serious health condition prevents him/her from performing the functions of his/her position.

Employee Entitlement to Service Member FMLA

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

A-2. A "qualifying exigency" arising out of a covered family member's (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces, including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

B-2. To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a pre-existing illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member's office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Programs of Comprehensive Assistance for Family Care Givers.

Duration of Service Member FMLA

A. When leave is due to a "qualifying exigency": An eligible employee may take up to twelve (12) work weeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.

B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) work weeks of leave during a single twelve (12) month period to care for the service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one time benefit per service member. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.

C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General Provisions

Professional staff members are "eligible" if they have worked for the Board for at least twelve (12) months, **and** for at least 1,250 hours over the twelve (12) months prior to the leave request. All full-time professional staff members are presumed to meet the 1,250 hour requirement if they were employed by the Corporation in this capacity for the preceding twelve (12) months. Months and hours that reservists or National Guard members would have worked if they had not been called up for military service count towards the staff member's eligibility for FMLA leave/Service Member Family Leave. Employment service time may be aggregated when the break in employment service is less than seven (7) years, is for fulfillment of military obligations, or if the employee is subject to recall under a written agreement (NOTE: this includes a collective bargaining agreement). All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Twelve (12) month period is defined as the twelve (12) month period measured forward from the date the staff member's first FMLA leave begins (i.e. the "leave year" is specific to each individual staff member).

For Service Member Family Leave, the use of the twenty-six (26) weeks will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves either in-person treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity, absent extenuating circumstances beyond the employee's control, or in-person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider; The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.
 - 2. any incapacity due to pregnancy or for prenatal care;
 - 3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
 - 4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
 - 5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).
- C. conditions for which cosmetic treatment are administered are not "serious health conditions" unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, headaches other than migraines, routine dental or orthodontic problems, periodontal disease, etc. are conditions that do not meet this definition and do not qualify for FMLA leave.

Intermittent and Reduced Schedule Leave

The Superintendent may allow a staff member to take FMLA leave intermittently or on a reduced schedule for the birth, adoption, or foster care placement of a child (see A-1 or B-1 on page one). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1 on page one). Service Member Family Leave may also be taken on an intermittent or reduced-leave schedule when medically necessary.

The taking of such leave results in the total reduction of the twelve (12) or twenty-six (26) weeks only by the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment or the staff member is taking Service Member Family Leave, the Superintendent may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties. Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule because of reasons (C-1) or (D-1) above or pursuant to Service Member Family Leave and the leave would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the Superintendent for which the instructional staff member is qualified, and that has equivalent pay and benefits and better accommodates the recurring periods of leave than the staff member's regular position.

Staff Member Notice Requirement

Whenever the leave is foreseeable, the staff member shall provide the Superintendent with thirty (30) days notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment or taking leave pursuant to Service Member Family Leave, the staff member must consult with the Superintendent and make a reasonable effort to schedule the leave so as not to unduly disrupt the regular operation of the Corporation, subject to the approval of the healthcare provider.

Substitution of Paid Leave

The staff member may request to substitute (i.e. run concurrently) any of his/her earned or accrued paid leave (e.g. sick leave, personal leave, vacation leave, family leave) (per the applicable collective bargaining agreement) for unpaid FMLA leave (see A-1, B-1, and A-2).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for either reason (C-1) or (D-1) on page one and (B-2) on page two.

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave, family leave or sick leave (per the applicable collective bargaining agreement) for unpaid Service Member Family Leave.

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) week period of FMLA leave or twenty-six (26) week period of Service Member Family Leave, the additional weeks of leave to obtain the twelve (12) weeks of FMLA leave or twenty-six (26) weeks of Service Member Family Leave, the staff member is entitled to, shall be unpaid. Whenever a staff member uses paid leave in substitution for unpaid FMLA leave/Service Member Family Leave, such leave counts toward the twelve (12) week/twenty-six (26) week maximum leave allowance provided by this policy.

Corporation Notice Requirement

The Superintendent will notify the staff member when the Corporation intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing and should be given within five (5) business days of the request. When verbal notice is given, it will be followed by written notice within five (5) business days. In the case of intermittent or reduced schedule leave, only one (1) such notice is required unless the circumstances regarding the leave have changed. If the Superintendent does not have sufficient information about the reason for the staff member's use of paid leave, the Superintendent may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once the Superintendent learns that a paid leave is for an FMLA leave-qualifying reason, the Superintendent will notify the staff member within five (5) business days that the paid leave will count toward the staff member's twelve (12) week FMLA-leave entitlement. The notification will indicate whether the employee is required to provide a fitness-for-duty certification to return to work.

Limits

In cases in which the Board employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child. Additionally, the aggregate number of work weeks of leave to which both the husband and wife may be entitled pursuant to this policy is limited to twenty-six (26) work weeks during the single twelve (12) month period provided for in the Service Member Family Leave provision if the leave is taken pursuant to Service Member Family Leave or a combination of general FMLA leave and Service Member Family Leave.

Certification

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1 on page one), or Service Member Family Leave is taken, the staff member must provide medical certification from the healthcare provider of the eligible staff member, his/her immediate family member, or the next of kin of the individual. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed.

The staff member may either:

- A. submit the medical certification to the Superintendent; or
- B. direct the healthcare provider to transfer the medical certification directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

Staff members are not eligible for leave pursuant to this policy if they work elsewhere during leave pursuant to this policy.

In the event the staff member fails to provide medical certification, any leave taken by the employee is not FMLA leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days' notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Superintendent within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and Superintendent. The Corporation shall be responsible for maintaining a record of those communications.

The Board reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

A. submit the opinion of the second healthcare provider, and the opinion of the third healthcare provider if applicable, to the Superintendent; or

B. direct the second or third healthcare provider to transfer his/her opinion directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event that the staff member fails to provide the medical opinion of the second or third healthcare provider, if applicable, any leave taken by the staff member is not FMLA leave.

A staff member who takes leave for reason (D-1) on page one, prior to returning to work, must provide the Superintendent with a statement from his/her healthcare provider that s/he is able to resume work.

A staff member seeking to take leave pursuant to reason (A-2 or B-2) above must submit, in a timely manner to the Superintendent, an appropriate certification as described by Federal regulation.

Board Approved Leave

An Eligible Employee who is on leave without pay is entitled to participate for the length of the board-approved leave in any group health benefit program maintained by the public Employer for Active Eligible Employees, if the Employee pays an amount equal to the total of the Employer's and the Employee's contributions for the benefit plan. However, the Employer may pay all or part of the Employer's contribution for the coverage.

Return from Leave

Upon return from any FMLA leave, the Board will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the Board shall maintain the staff member's current coverage under the Board's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

Any leave or return from leave during the last five (5) weeks of an academic term shall be reviewed individually by the Superintendent to minimize disruption to the students' program.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

If the staff member fails to return to work at the end of the leave for reasons other than the continuation, recurrence, or onset of a serious health condition that entitles the staff member to leave pursuant to reasons (C-1) or (D-1) above or Service Member Family Leave, or for circumstances beyond the control of the staff member, the staff member shall reimburse the Board for the health insurance premiums paid by the Board during the unpaid FMLA leave period.

A staff member who fraudulently obtains FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Superintendent shall prepare any guidelines that are appropriate for this policy and ensure that the policy is posted properly.

In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly situated persons shall be treated similarly.

The Superintendent shall provide a copy of the policy to all staff members, and retain a record of how and when the policy was distributed. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the Corporation has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Superintendent

TEACHER EVALUATION

South Madison Community School Corporation administration and South Madison Community Teacher Association members joined to design an evaluation system that meets and exceeds the requirements of the Indiana legislation, Senate Enrolled Act 1 (2011), aligns with House Enrolled Act (HEA) 1002 (2020) and adapted from Indiana RISE, which amends existing I.C.20-28-11.5-4. The process was designed not only to evaluate but support effective teaching. The system was designed through reflective conversation, input from stakeholders, and regards to best practices of teaching and learning. Key researcher evidence from the field of education was considered in the development of the rubrics, protocols, and processes. The system was aligned with the SMCSC Strategic Plan and upholds the beliefs of the community of teachers and administrators of SMCSC Strategic Plan and upholds the beliefs of the community of teachers and administrators of SMCSC. The SMCSC Students-First Evaluation Guidebook provides a detailed explanation of the plan along with supporting documents. Following state law, IDOE guidance, and best practices in teaching and learning, the plan includes the following aspects:

Every certified employee will receive an evaluation annually.

The evaluation system includes four performance categories: Highly Effective, Effective, Improvement Necessary, and Ineffective.

Observations and other performance indicators incorporate rigorous measures of effectiveness through the Teacher Effectiveness Rubric

Evaluators must explain any recommendations for improvement and the time in which improvement is expected.

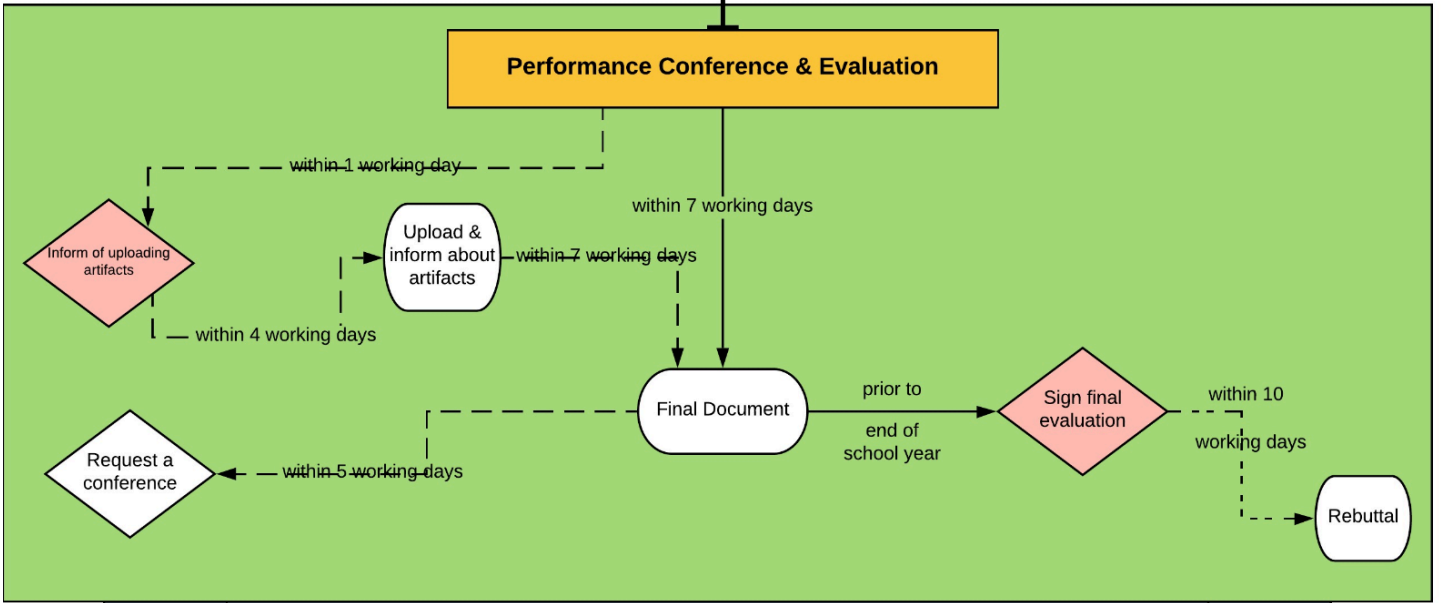

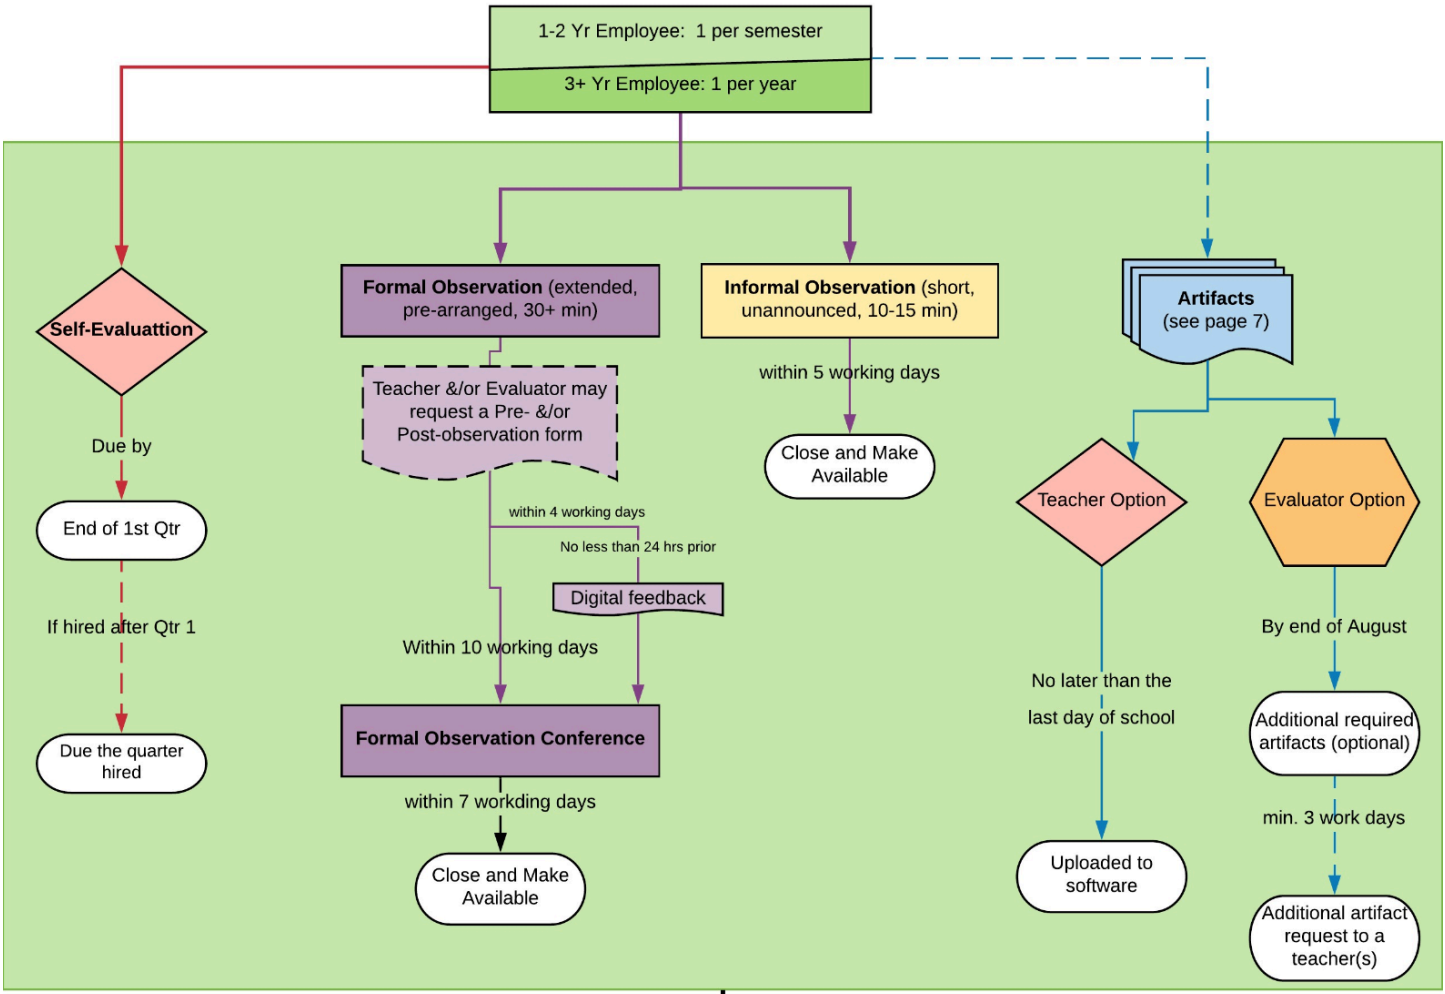

All evaluated employees received the completed evaluation and documented feedback within seven business days from the completion of the evaluation.

A teacher who negatively affects student achievement and growth cannot receive a rating of Highly Effective or Effective.

The plan includes detailed information on the Plan of Assistance for a teacher who is struggling in an area, on a domain, or the overall effectiveness rating.

For further details see the SMCSC Students-First Evaluation Guidebook, 2024-2025 .

SMCSC Evaluation Process Overview

Visits to observe, participate, or simply check into any classroom at any time are welcomed.

TEACHER DISMISSAL

It is the intent of this school corporation to employ and re-employ the best qualified certified employees available based upon the recommendations of the corporation administrators. If the work of any employee is still unacceptable to the School Corporation after attempts have been made at remediation of their unsatisfactory work, the employee, upon the recommendation of the administration, will be terminated according to the laws of the State of Indiana.

TEACHER CATEGORIES

Probationary Teacher I.C.20-28-6.7.5(b) – A teacher who (1) serves under contract as a teacher in a public school corporation; (2) either (A) received two (2) consecutive ratings of ineffective, as determined by the school corporation, on an annual evaluation under IC 20-28.11.5; or (b) is in the teacher’s first or second year of full-time teaching in a classroom; (3) has not at any time before July 1, 2012, entered into a teaching contract for further service with the school corporation.

TEACHER CONTRACT CANCELLATION PROCESS

A contract with a teacher may be canceled immediately for any of the following reasons:

- (1) Immorality.
- (2) Insubordination, which means a willful refusal to obey the state school laws or reasonable rules adopted for the governance of the school building or the school corporation.
- (3) Repeated ineffective performance, as determined by the school corporation.
- (4) Neglect of duty.
- (5) A conviction of an offense listed in IC 20-28-5-8 (c)
- (6) Other good or just cause.

In addition to the reasons listed above, a probationary teacher’s contract may be canceled for any reasons relevant to the school corporation’s interest in the manner set forth in sections 2 through 4 of IC 20-28-7.5.

As of June 30, 2012, the cancellation of teacher’s contracts due to a justifiable decrease in the number of teaching positions shall be determined on the basis of performance rather than seniority. In cases where teachers are placed in the same performance category, any of the items of IC 20-28-9-1.5(b) may be considered.

By law, before a teacher is refused continuation of the teacher’s contract, the principal shall notify the teacher in writing of the principal’s preliminary decision, delivered to the teacher in person or through registered/certified mail. The written notice must contain reasons and notice of right to a private conference with the superintendent, if requested within five (5) days of receipt of the principal’s written recommendation, if the cancellation is due to a reason other than Reduction in Force. If the reason is Reduction in Force, delivery of the initial notice must be between May 1 and July 1. The Private Conference with the Superintendent must be within ten (10) days of the teacher’s request. The teacher may be accompanied by a representative. The superintendent will make a recommendation to the Board, which becomes final if the teacher does not request a conference with the Board. If requested by the teacher within five (5) days of receipt of the superintendent’s written recommendation, the teacher may have a private conference with the Board. Open Door Law notice of the Board meeting in executive session is required at least forty-eight (48) hours before the meeting (excluding weekends and legal holidays). Evidence must be exchanged by the parties at least seven (7) days before the conference. Teacher is allowed to present evidence to refute the reasons for cancellation and supporting evidence presented by the school corporation. The Board will consider whether a preponderance of evidence supports the cancellation of the teacher’s contract. Pending a final decision on the cancellation of a teacher’s contract, the teacher may be suspended from duty. At the first public meeting of the Board following a private conference with the Board or with the superintendent (if no conference with the Board is requested), the Board may cancel a contract with a teacher by statement in the minutes of the Board. The final decision must be in writing and must be made not more than thirty (30) days after the Board receives the teacher’s request for the additional private conference with the Board.

OPEN COMMUNICATION (POLICY 3112)

It will be the policy of the South Madison Community School Corporation to develop and practice reasonable and effective methods of resolving difficulties arising among all employees. The intent is to reduce potential areas of conflict and to establish and maintain recognized channels of communication between staff and administration.

The specific purposes to be served by this problem-solving procedure are:

1. to ensure that a problem is considered fairly, with all due speed, and without prejudice or reprisal to the employee;
2. to encourage employee expression regarding conditions affecting him/her;
3. to provide an orderly succession of procedures within which solutions may be pursued;
4. to build confidence in the sincerity and integrity of the problem-solving procedure as a means to establish the facts upon which the problem is based and a fair conclusion or solution is reached.

Problem-Solving Procedural Steps

Any employee may invoke this informal problem-solving procedure. No employee will discourage the use of this policy by any other employee. Likewise, no employee will be disciplined in any way as a result of the employee's use of this policy. It is recommended that discussion be initiated with the individual's immediate supervisor. In the event this is not possible, or if the employee would prefer, the problem may be initiated at the next highest level. Neither the administration nor the Board of School Trustees will consider any problem submitted on an anonymous basis and/or through a third party.

Step One

The employee shall endeavor to discuss the matter with the immediate supervisor/principal as soon as it is practical to do so.

Step Two

The employee, if not satisfied with the results of the discussion, may request and be granted an appointment with the appropriate central office administrator or superintendent.

Step Three

The employee, if not satisfied with the results of the discussion, may request and be granted a meeting with the Board of School Trustees. Any decision rendered and set forth by the Board shall be considered final and binding on the parties.

NOTE:

A separate grievance procedure is in place for the purpose of dealing with misinterpretation, misapplication, or violation of provisions in the collective bargaining agreement with certified employees. Therefore, the problem solving procedure is not intended to deal with any negotiated contract issue, nor is it intended to supplement or replace the formal grievance procedure in the negotiated contract. The problem solving procedure is simply a method by which employees may initiate a discussion on issues of his/her concern with the administration.

TRANSPORTATION ACCIDENT PROCEDURE

PURPOSE

The safety and welfare of students shall be the first consideration pertaining to school transportation. Therefore, this policy sets out specific procedures to be followed in the event of an accident involving a school bus owned or contracted by the school corporation.

A) REPORTING

All traffic accidents, no matter how minor, must immediately be reported by the driver to the Superintendent's office. The Superintendent's office will contact the building principal of the students involved and parents of students on the bus will be contacted as soon as possible. Any accident estimated at over \$1,000 or involving penetration of the bus (e.g. shattered window) or personal injury must also be reported to the appropriate police department. For accidents requiring a police report, if the driver is unable to contact the Superintendent's office, he/she will call 911 and supply all pertinent information.

In addition, a written accident report must be prepared by the driver and submitted to the Superintendent's office within 24 hours of the accident. This report shall contain, at a minimum, the following information:

1. Specific explanation of what happened and the vehicles involved.
2. List containing names of any witnesses to the accident.
3. List containing names of all passengers on the bus.
4. Notation of any evidence of injury, including the name of the injured person.
5. Notation of any medical attention given to any person.
6. Notation of environmental or human factors (obstructions, animals, etc.)

B) PASSENGERS & EMERGENCY MEDICAL PERSONNEL

Until a district administrator and/or emergency personnel arrive at the scene, the driver, if physically able, will execute the following procedures.

1. If safety conditions warrant, evacuate passengers to a safe location at least 100 ft. from the side of the roadway.
2. Survey all passengers regarding possible injuries and administer critical first aid.
3. Make a list of all passengers on the bus and their seat location. Note any injuries.
4. Allow only emergency personnel or school administrators to enter the bus.
5. Ensure that no passengers leave the bus or the scene until transported by ambulance, or released by a district administrator or police officer. Once released, students may be allowed to go home with their parents. Keep a record of all students released or transported from the scene.
6. Make no statements to the media or bystanders. Refer questions to the district administrator.
7. In the event an ambulance is called to the scene, school personnel in consultation with emergency medical personnel must determine if any or all of your passengers need to be transported to a hospital.
8. If there are no injuries to your passengers it may be necessary for a blanket release to be signed for all uninjured individuals under age 18. When such a release is necessary the following individuals are authorized to sign such a release:
 - a) Central Office Administrator on the scene
 - b) Building Administrator on the scene
 - c) South Madison Community School Corporation staff member who is the sponsor/chaperone or coach for the group
 - d) The bus driver

C) POST ACCIDENT DRUG TESTING

Under current federal/state statute the bus driver must submit to a breathalyzer test and a urine drug

screen. This must be done in a timely fashion mandated by statute for any accident meeting any one of the following criteria:

1. Any accident involving a fatality.
2. Any accident involving personal injury that was treated away from the scene.
3. Any accident where one or more of the vehicles involved in the accident must be towed from the scene.
4. Any accident where the bus driver receives a citation for a moving traffic violation.

The bus driver must also submit to a Breathalyzer test and a urine drug screen at any accident if requested by a police officer or the driver's supervisor. A positive test result for any post accident alcohol or urine drug screen, or refusal to test, will result in termination of employment and/or contract in accordance with established policy and applicable statute.

D) POST ACCIDENT INVESTIGATION

All accidents that result in property damage or injury will be investigated by the Bus Safety Committee to determine whether the accident was preventable or non-preventable. The following school bus-specific accident preventability guidelines will be used by the committee.

Accidents caused by the following are considered preventable:

1. Driver error or "handling" of the bus (e.g. turning, tail swing, loss of control)
2. Equipment failure that should have been identified during the pre-trip inspection
3. Student distractions or behavior problems
4. Failure to anticipate impulsive and unpredictable actions of children around the outside of the bus
5. Failure to train riders in safety procedures as required by school policy
6. Failure to adjust to adverse driving conditions
7. Violation of state statute or school district policies and procedures
8. Driving while impaired
9. Any other actions taken by the driver that should reasonably have been avoided

Repeated preventable accidents by a driver will be grounds for retraining and/or disciplinary action at the discretion of the Director of Transportation. Accidents that are deemed to be caused by willful indifference to children's safety will be grounds for termination.

ANTI- HARASSMENT (POLICY 3362)

It is policy of the Board of School Trustees to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against unlawful harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age, religion, ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as "unlawful Harassment"), and encourages those within the School Corporation community as well as Third Parties who feel aggrieved to seek assistance to rectify such problem.

All Corporation employees, including administrators, professional staff and support staff, shall report any incident of alleged unlawful harassment (see definition above) occurring in the Corporation's employment opportunities, programs and/or activities, or, if initially occurring off Corporation grounds or outside the Corporation's employment opportunities, programs and activities, affecting the Corporation environment that the employee observes or which is reported to the employee.

The Board will investigate all allegations of unlawful harassment and, in those cases where unlawful harassment is substantiated, take immediate steps to end the harassment, prevent its recurrence, and remedy its effects.

Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

Other Violations of the Anti-Harassment Policy

The Corporation also will take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Notice

Notice of the Board's policy on anti-harassment related to employment, practices and the identity of the Corporation's Compliance Officers will be posted throughout the Corporation and published in any Corporation statement regarding the availability of employment, staff handbooks, and general information publications of the Corporation as required by Federal and State law and this policy.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges or is alleged to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Respondent is the individual who is alleged to have engaged in unlawful harassment, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged harassment.

Corporation community means students, Corporation employees (i.e., administrators and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include but are not limited to guests and/or visitors on Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the Corporation community at school-related events/activities (whether on or off Corporation property).

Day(s): Unless expressly stated otherwise, the term “day” or “days” as used in this policy means business day(s) (i.e., a day(s) that the Corporation office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964, “sexual harassment” is defined as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual’s employment.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual’s work performance or of creating an intimidating, hostile or offensive working environment.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Sexual Harassment covered by Policy/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include but are not limited to:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual’s employment.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual;
- C. Such conduct has the purpose or effect of interfering with an individual’s work performance; of creating an intimidating, hostile, or offensive working environment.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or opposite gender.

Sexual Harassment covered by Policy/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome sexual propositions, invitations, solicitations, and flirtations;
- B. unwanted physical and/or sexual contact;
- C. threats or insinuations that a person’s employment, wages, promotion, or other conditions of employment may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person’s body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; obscene telephone calls;

- E. sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work environment, which reasonably may embarrass or offend individuals;
- F. unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
- G. asking of telling about sexual fantasies, sexual preferences, or sexual activities;
- H. speculation about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. giving unwelcome personal gifts, such as lingerie, that suggest the desire for a romantic relationship;
- J. leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;
- K. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- L. in the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates hostile work environment;
- M. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or creates a hostile or abusive employment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involving religious slurs.

National Origin Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive working or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose of effect of: interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment occurs when conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment further may occur where conduct is directed at or pertains to a person's genetic information.

Corporation Compliance Officers

The following individuals serve as the Corporation's Compliance Officers (also known as "Anti-Harassment Compliance Officer(s)") (hereinafter referred to as the "COs").

Dr. Laura Miller, Assistant Superintendent

lmiller@smcsc.com

Andrew Kruer, Assistant Superintendent

203 South Heritage Way

Pendleton IN 46064

765-778-2152

akruer@smcsc.com

The names, titles, and contact information of these individuals will be published annually on the Corporation's website and in the student or parent and staff handbooks.

The COs are responsible for coordinating the Corporation's efforts to comply with applicable Federal and State laws and regulations, including the Corporation's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment on the basis of a protected class.

The COs will oversee the investigation of any complaints of harassment based on a protected class which may be filed pursuant to the Board's adopted internal complaint procedure (see below) and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging harassment based on a protected class.

Reports and Complaints of Unlawful Harassment and Retaliation

Students and Corporation employees are required, and all other members of the Corporation community and Third Parties are encouraged, to promptly report incidents of harassment based on a protected class to an administrator, supervisor, or other Corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Corporation employee or official who receives such a complaint shall file it with the CO within two (2) business days.

Members of the Corporation community or Third Parties who believe they have been unlawfully harassed by another member of the Corporation community or a Third Party are entitled to utilize the Board's complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are not time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to harassment on the basis of a protected class. The COs shall accept reports of unlawful harassment directly from any member of the Corporation community or a Third Party and such reports that initially are made to another Corporation employee. Upon receipt of a report of alleged harassment, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged harassment) or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All members of the Corporation community must report incidents of harassment based on a protected class that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Corporation employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to a CO within two (2) business days. Additionally, any Corporation employee who observes an act of unlawful harassment is expected to intervene to stop the harassment unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Corporation employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the CO or designee must contact the Complainant if age eighteen (18) or older the Complainant's parents/guardians if the Complainant is under the age eighteen (18) within two (2) days to advise of the Board's intent to investigate the alleged harassment.

Investigation and Complaint Procedure (see Form 3362 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Corporation community or Third Party (e.g., visitor to the Corporation) who alleges to have been subjected to unlawful harassment or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of harassment based on a protected class or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available.

Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education, Office for Civil Rights ("OCR"), the Indiana Civil Rights Commission ("ICRC") or Equal Employment Opportunity Commission ("EEOC"). The Chicago Office of the OCR can be reached at John C. Kluczynski Federal Building, 230 S. Dearborn Street, 37th Floor, Chicago, IL 60604; Telephone: 312-730-1560; FAX: 312-730-1576; TDD: 800-877-8339; Email: OCR.Chicago@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and facilitate resolution through informal means, if possible. The informal complaint procedure is provided as a less formal option for a Corporation employee, other member of the Corporation community or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is available only in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process, and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Corporation employee, any other adult member of the Corporation community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to approach the Respondent directly about the allegedly inappropriate conduct may file an informal or a formal complaint.

In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the CO may advise against the use of the informal complaint process.

A Complainant who alleges harassment based on a protected class or retaliation may make an informal complaint, either orally or in writing: 1) to a building administrator; 2) directly to one of the COs; or 3) to the Superintendent or other Corporation-level employee.

All informal complaints must be reported to one of the COs, who either will facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Corporation's informal complaint procedure is designed to provide the Complainant with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the alleged Respondent.
- B. Distributing a copy of Policy 3362 - Anti-harassment to the individuals in the school building or office where the Respondent works or attends school.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, one of the CO or a designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

If the Complainant is dissatisfied with the results of the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, the Complainant elects to file a formal complaint from the outset, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A complainant may file a formal complaint, either orally or in writing, with a Principal, the CO, the Superintendent, or other Corporation official.

Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available.\

If a Complainant informs a teacher, Principal, Superintendent, or other Corporation official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including, but not limited to a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful harassment or retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3362 - Anti-Harassment. The Respondent also must be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of harassment based on a protected class or retaliation within fifteen (15) business days of receiving the formal complaint.

The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations; and
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment of or retaliation toward the Complainant. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if unlawful harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

If the Superintendent determines the Respondent engaged in harassment of or retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the harassment or retaliation. The corrective action should be reasonable, timely, age-appropriate, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Board President.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment or retaliation regardless of whether the Complainant pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described interviews/meetings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the OCR, EEOC, ICRC, or the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Corporation will employ all reasonable efforts to protect the privacy of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Corporation's legal obligations to investigate, to take appropriate action, and comply with any discovery or disclosure obligations.

All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or his/her designee will instruct all members of the Corporation community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or that s/he provided during the course of the investigation.

Remedial Actions, Sanctions and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to, counseling services, reinstatement of leave taken due to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a Corporation employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and any terms of the relevant collective bargaining agreement or student code of conduct.

When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of any relevant collective bargaining agreement or student code of conduct.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Retaliation against a person who has made a report, filed a complaint alleging unlawful harassment/retaliation, or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws or this policy, or exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the Corporation community related to the implementation of this policy and shall provide training for

Corporation students and staff where appropriate. All training and information provided regarding the Board's policy and harassment, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The CO is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created/or and received as part of an investigation, which may include but are not limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

SMCSC Code of Conduct for Coaches

Athletic competition of interscholastic age student athletes should be fun and a significant part of a sound education program. Those who coach student athletes are teachers of athletics, who have a duty to ensure that their sports programs impart and promote character development, which is one of the SMCSC's core values. The essential elements of character building in interscholastic sports, which have been identified by the District, are trustworthiness, respect, responsibility, and citizenship. The highest potential of sports is achieved when coaches consciously live by the code of conduct and set a positive example for their athletes to follow.

TRUSTWORTHINESS

Credibility – Be worthy of trust and teach student athletes the importance of integrity, honesty, reliability, and loyalty.

Integrity – Model high ideals of ethics and sportsmanship and always pursue victory with honor. Teach, enforce, advocate and model the importance of honor and good character by doing the right thing even when it's unpopular.

Honesty – Do not lie, cheat, steal or engage in or permit dishonest conduct.

Reliability – Fulfill commitments and be punctual.

Loyalty – Be loyal to the school and team. Put the team above personal glory.

Primacy of Educational Goals – Be faithful to the educational and character development missions of the school. Always place academic, emotional, physical, and moral well-being of athletes above desires and pressures to win.

Counseling – Be candid with student athletes and their parents about the likelihood of an athletic scholarship or playing on a professional level. Advise student athletes regarding the importance of educational commitment, academic success, and honorable character.

College Recruiters – Be honest and candid with college recruiters about the character, academic abilities, and interests of student athletes.

RESPECT

Value – Treat all people with respect all the time and require the same of student athletes.

Sportsmanship – Be gracious in victory and accept defeat with dignity.

Taunting – Do not engage in or allow trash talking, boastful celebrations, or other actions that demean individuals or the sport.

Respect Officials – Treat contest officials with respect.

Respect Parents – Treat the parents of student-athletes with respect. Be clear about expectations, goals and policies, and maintain open lines of communication.

Profanity – Do not engage in or permit profanity or obscene gestures during practice, sporting events, on team buses, or in any other situation where the behavior could reflect badly on the school or the sports program.

Positive Coaching – Use positive coaching methods to make the sport enjoyable and increase self-esteem and

appreciation for the sport. Refrain from physical or psychological intimidation, verbal abuse, and conduct that is demeaning to student athletes or others.

Effort and Teamwork – Encourage student athletes to pursue victory with passion, to think and play as a team, to do their best, and to improve through personal effort and discipline.

Professional Relationships – Maintain appropriate professional relationships with student athletes. Sexual or romantic contact with students is strictly forbidden as is verbal or physical conduct of a sexual nature directed student athletes.

RESPONSIBILITY

Life Skills – Always strive to enhance the physical, mental, social, and moral development of student athletes. Teach positive life skills that will help them become well rounded, successful, and socially responsible.

Advocate Education – Advocate the importance of education beyond athletic eligibility standards. Work with faculty and parents to help student athletes set and achieve academic goals.

Advocate Honor – Discuss the importance of character, ethics, and sportsmanship. Advocate the concept of pursuing victory with honor in all communications.

Good Character – Foster the development of good character by teaching, enforcing, advocating, and modeling high standards of ethics and sportsmanship.

Role Modeling – Be mindful of a coach's high visibility and great influence. Be a worthy role model.

Competence – Strive to improve coaching competence. Maintain a thorough knowledge of the rules, principles, strategies, character-building techniques, first-aid and safety.

Knowledge of Rules – Teach student athletes the rules of the game and inform them of any rule changes that occur.

Positive Environment – Strive to provide challenging, safe, enjoyable, and successful experiences for the student athletes by maintaining a sports environment that is physically and emotionally safe.

Safe Competition – Never permit student athletes to intentionally injure any player or engage in reckless behavior that might cause injury to themselves or others.

Unhealthy Substances – Educate student athletes about the dangers and discourage the use of unhealthy and illegal substances including alcohol, tobacco, and recreational or performance-enhancing drugs.

Physician's Advice – Seek and follow the advice of a physician when determining whether an injured student athlete is able to play.

Privilege to Compete – Inform student athletes that participation in interscholastic sports programs is a privilege, not a right. They are expected to represent their school and team with honor on and off the field. Require student athletes to consistently exhibit good character and conduct themselves as positive role models.

CITIZENSHIP

Honor the Spirit of Rules – Observe rules of the game related to eligibility, recruitment, transfers, practices, and other provisions regulating interscholastic competition.

Improper Gamesmanship – Resist temptations to gain competitive advantage through strategies or techniques that violate rules, disrespect the highest traditions of the sport or change the nature of competition.

I have read and understand the requirements of this Code of Conduct and acknowledge that I may be disciplined if I violate any of its provisions.

STAFF EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY [POLICY 7540.04]

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The School Board provides Technology Resources and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The School Corporation's computer network and Internet system do not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purposes.

The Board regulates the use of Corporation technology resources and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Corporation's educational mission. This policy, its related administrative guidelines, Policy 7544 and AG 7544, and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Corporation's Technology Resources and Information Resources and staff's personal communication devices (PCDs) when they are connected to the Corporation's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Corporation-owned property or at a Corporation-sponsored activity (see Policy 7530.02).

Users are prohibited from engaging in actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like) when using Corporation Technology Resources and Information Resources. Because its Technology resources are not unlimited, the Board also has instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Corporation Technology Resources and Information Resources including but not limited to privacy in the content of their personal files, e-mails, and records of their online activity when using the Corporation's computer network and/or Internet connection.

Staff members are expected to utilize Corporation Technology Resources and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online education services will be guided by Board Policy 2520 - Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, Corporation Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Corporation may not be able to limit access technologically through its Technology Resources to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to

the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources which may not have been screened by educators for use by students of various ages.

The Board prohibits the sending, receiving, viewing, or downloading of materials that are harmful to minors on computers and other technology-related devices owned or leased by the Corporation or connected to the Corporation's computer network.

Pursuant to Federal law, the Corporation has implemented technology protection measures, that protect against (e.g. filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using Corporation Technology Resources if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without the express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The Superintendent or the Director of Information Technology may temporarily or permanently unblock access to websites or online education services/apps containing appropriate material, if access to such sites has been blocked inappropriately by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protective actions of the technology protection measures. The Superintendent or Director of Technology may also disable the technology protection measures to enable access for bona fide research or other purposes.

Staff members will participate in professional development programs in accordance with the provisions of law and this policy. Training shall include;

- A. the safety and security of students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyber bullying and other unlawful or inappropriate activities by students online; and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

Furthermore, staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above, and staff members will monitor students' online activities while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

Building principals are responsible for providing training so that users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Corporation Technology Resources.

All users of Corporation Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

With prior approval from the Superintendent, staff may direct students who have been issued school-assigned email accounts to use those accounts when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

Staff members are responsible for good behavior on the Corporation Technology and Information Resources, i.e., behavior comparable to that expected when they are in classrooms, in school hallways, and other school premises and school-sponsored events. Communications on Education Technology are often public in nature. The Board does not approve any use of Technology Resources and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Staff members may use Corporation Technology Resources to access or use social media only if it is done for Corporation educational or business-related purposes.

Staff members' use of Corporation Technology Resources to access or use social media shall be consistent with Policy 7544 and its accompanying guidelines.

General school rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Technology Resources not authorized by this Board Policy and its accompanying guidelines.

The Board designates the Superintendent and the Director of Technology as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members' use of Corporation Technology and Information Resources.

Social Media Use

In addition, Federal and State confidentiality laws forbid schools and their employees from using or disclosing student education records without parent consent (see Board Policy 8330). Education records include a wide variety of information, and posting personally identifiable information about students is not permitted. Staff members who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential student or employee information may be disciplined.

Nothing in this policy is intended to interfere with any school employee's rights under applicable law with respect to union organizing or collective bargaining.

This policy shall be posted on the Corporation's website.

SMCSC INTERNET/COMPUTER NETWORK USE AGREEMENT

I understand and will abide by the above Internet/Computer Network use agreement. I further understand that any violation of the regulations above is unethical and may constitute a criminal offense. Should I commit any violation, my access privileges may be revoked, school disciplinary action may be taken, and/or appropriate legal action.

[PARENT OR GUARDIAN PLEASE NOTE: if you do not want your child to access the Internet, please mark out the word "Internet" in the last sentence of the following paragraph. If the word "Internet" is marked out, this form will be an agreement for the school district's local computer network only.]

SOUTH MADISON COMMUNITY SCHOOL CORPORATION
401 (A) PLAN

ARTICLE I
INTRODUCTION TO THE PLAN

1.01 WHAT IS THE PURPOSE OF THIS PLAN?

SOUTH MADISON COMMUNITY SCHOOL CORPORATION (hereinafter “the School”) has established a Plan in order to provide funds for your retirement and to provide funds for your beneficiary(ies) in the event of your death. The Plan was established for the exclusive benefit of the Participants and their Beneficiaries.

1.02 WHAT TYPE OF RETIREMENT PLAN IS THIS?

This Plan is a “Matching/Thrift” Plan. The Plan is funded exclusively through the purchase of annuity contracts from The Variable Annuity Life Insurance Company (Corebridge Financial). If permitted by the School, annuities from other companies may be offered.

Each year, between now and your retirement, the School intends to make matching contributions to the Plan, based on the amount you choose to defer from your earnings.

Technically, this is a form of profit sharing plan even though the School is not a for-profit organization. Nevertheless, the School may make contributions even if it has no profits.

Matching contributions will be made for Employees who make Elective Deferrals to the South Madison Community School Corporation 403(b) Plan. In addition, the School may, depending on the terms of the Plan, make other contributions on your behalf. The formula used to calculate the School’s Contributions is explained later in this Summary. When you retire, you will be eligible to receive the value of the amounts, which have accumulated in your Accounts.

For details concerning your Elective Deferrals, please see the Summary Plan Description for the South Madison Community School Corporation 403(b) Plan.

1.03 HOW ARE CONTRIBUTIONS TO THE PLAN INVESTED?

As previously stated, contributions to the Plan are currently invested exclusively in annuity contracts issued by Corebridge Financial and any other life insurance companies approved by the School for use in the Plan and approved for sale in this state. These contracts provide for contributions to be held and credited with interest, or gains and losses, depending on the type of contract. In addition, these contracts provide for periodic payments to you at regular intervals either for a period certain or for one or more lives. In the future, different forms of investments may be made available to you, and you will be notified of the addition of such alternatives, if any.

All contributions made to the Plan on your behalf will be placed in individual Accounts in your name although they may not be fully “vested” (see Article VII). The Plan will maintain control of these Accounts as long as they remain under the Plan.

YOU SHOULD CAREFULLY REVIEW THE CONTRACT, CERTIFICATE, PROSPECTUS, OR OTHER MATERIAL PROVIDED BY THE SCHOOL OR THE INSURANCE COMPANY TO UNDERSTAND YOUR OPTIONS UNDER THE CONTRACT. HOW THE PLAN FUNDS ARE INVESTED, AND ANY CHARGES WHICH MAY APPLY. HOWEVER, IF THERE IS EVER A CONFLICT BETWEEN THE PROVISIONS OF THE PLAN AND ANY MATERIAL YOU RECEIVE FROM COREBRIDGE FINANCIAL OR ANOTHER INSURANCE COMPANY CONTRACT OFFERED BY THE PLAN, **THE PLAN PROVISIONS WILL APPLY**. ADDITIONAL INFORMATION MAY BE OBTAINED FROM THE PLAN ADMINISTRATOR.

1.04 WHAT IS A “QUALIFIED PLAN”?

A “qualified plan” is a pension plan that is eligible for favorable tax treatment by meeting numerous requirements of the Internal Revenue Code. A plan may qualify for tax-favored status without first being filed with the Internal Revenue Service (IRS) for approval. The School may, but need not, file the Plan with the IRS to confirm it meets the necessary

requirements. If those requirements are met, the IRS will issue a “determination letter” approving the Plan as a “qualified” retirement plan.

An important reason for filing the Plan with IRS for approval is that the School may condition its contributions to the Plan on its qualification. If the Plan is filed with the IRS in a timely manner, a return of contributions to the School is allowed if the Plan received an adverse determination letter.

1.05 WHAT IS A “SUMMARY PLAN DESCRIPTION”?

The Summary Plan Description is a brief explanation of the Plan as well as of your rights, obligations, and benefits under the Plan. This Summary Plan Description is not intended to interpret, extend or change the provisions of the plan in any way. The provisions of the plan may be determined accurately only by reading the actual provisions of the Plan document, copies of which may be obtained from the School. The Plan Administrator (see section 2.02) will answer any questions concerning the Plan or this Summary Plan Description.

Certain words that are capitalized are “defined terms”. That is, they are defined for this Plan in a certain way. The definitions are provided throughout this Summary Plan Description and an alphabetical index of the terms can be found at the back.

In the event of any discrepancy between this Summary Plan Description and the actual provisions of the Plan, the Plan will govern.

- (765) 778-2152

2.03 WHO IS THE “TRUSTEE”?

The Plan is not a trustee plan. As explained in Article I, the contributions made by the School to the Plan must be invested in annuity contracts issued by The Variable Annuity Life Insurance Company (Corebridge Financial) or any other suitable insurance company contracts selected by the school.

2.04 WHO IS THE “AGENT FOR SERVICE OF LEGAL PROCESS”?

The name, address and telephone number of the Plan’s Agent for Service of Legal Process are listed below:

South Madison Community School Corporation
203 S. Heritage Way
Pendleton, Indiana 46064
(765) 778-2152

Service of legal process concerning the Plan may also be made upon the School. The Plan will be governed by the laws of the state of Indiana, except for those matters in which federal law preempts state law.

ARTICLE III **IMPORTANT DATES**

3.01 WHAT IS THE “EFFECTIVE DATE” OF THE PLAN?

The provisions of the School’s Plan became operative on the “Effective Date”. The Effective Date is January 1, 2001.

3.02 WHAT IS THE “PLAN YEAR”?

The Plan is based on a 12-month period known as the Plan Year. The first Plan Year begins on January 1, 2001 and ends on December 31, 2001. The second and subsequent Plan Years begin on January 1 and end on December 31.

3.03 WHAT IS THE “ANNIVERSARY DATE”?

Certain valuations and distributions are made on the Anniversary Date of the Plan, which is the first day of each Plan Year.

ARTICLE IV **ELIGIBILITY REQUIREMENTS**

4.01 HOW DO I BECOME ELIGIBLE TO PARTICIPATE IN THE PLAN?

- A. Eligible Class of Employees. You may become eligible to participate in the Plan unless you are a member of a class of Employees excluded in subsection B. below.
- B. Excluded Employees. All Employees can become eligible to participate in the Plan except:
- (1) Employees who normally work less than 20 hours per week.
 - (2) Student employees, and
 - (3) Nonresident aliens.
- C. Eligibility Requirement. There are no age or service requirements. If you are an Employee in the Eligible class and are not an Excluded Employee, you will be eligible to participate in the Plan upon the date your employment begins.

4.02 WHEN DOES MY PARTICIPATION IN THE PLAN BEGIN?

After you have satisfied the Plan’s eligibility requirements to participate in the Plan, if any, you will become a Participant in the Plan. You will become a Participant on a specified day of the Plan Year. This day is called the “Plan Entry Date”. If you are employed on the Effective Date of the Plan and have satisfied the eligibility requirements, your Plan Entry date is the Plan’s Effective Date. Otherwise, you will enter the Plan on the Plan Entry Date indicated below:

The Plan Entry Date is the date your employment with the School begins.

4.03 WHEN DO I BECOME ELIGIBLE TO RE-ENTER THE PLAN IF I AM REHIRED AFTER TERMINATING MY EMPLOYMENT WITH THE SCHOOL?

If you are reemployed after a Break in Service (see section 5.07), you will become eligible to participate in the Plan as of the later of the date you return or the date you satisfy the eligibility requirements of section 4.01. Years of Service before such Break in Service will not be taken into account until you have completed a Year of Service after returning to employment.

ARTICLE V
DEFINITION OF SERVICE WITH THE SCHOOL

5.01 WHAT IS AN “HOUR OF SERVICE”?

The term “Hour of Service” has a special meaning for Plan purposes. You will be credited with an Hour of Service for:

- (a) Each hour for which you are paid, or entitled to payment, for the performance of duties for the School; plus,
- (b) Each hour for which you are paid, or entitled to payment, by the School for a period of time during which no duties are performed for the following reasons: vacation, holiday, illness, incapacity (including Disability), layoff, jury duty, military duty, or leave of absence; plus,
- (c) Each hour for which back pay is awarded or agreed to by the School.

You will be credited with Hours of Service on the basis of actual hours worked.

5.02 WHAT IS A “YEAR OF SERVICE”?

The term “Year of Service” is used throughout this Summary Plan Description and is very important. For vesting purposes, a Year of Service shall mean a Computation Period during which the School employs you and during which you receive one (1) year of service credit for purposes of either the Indiana State Teachers’ Retirement Fund or the Indiana Public Employees Retirement Fund. You will not receive more than one (1) Year of Service for vesting purposes during any single Computation Period.

5.03 WHAT IS A “COMPUTATION PERIOD”?

- A. For Eligibility Purposes. This section is not applicable. The Plan does not include a service requirement for eligibility purposes.
- B. For Vesting Purposes. The Computation Period for calculating a Year of Service for Vesting purposes will be the Plan Year.

5.04 DOES SERVICE WITH ANOTHER EMPLOYER COUNT AS SERVICE UNDER THIS PLAN?

Only Years of Service with the School are recognized by this Plan.

5.05 ARE ALL YEARS OF SERVICE RECOGNIZED FOR VESTING PURPOSES?

Only the Years of Service with the School in which the employee is contributing will be counted for Vesting purposes.

5.06 WHAT IS “SEPARATION FROM SERVICE”?

“Separation from Service” is the date your employment with the School terminates for any reason.

5.07 WHAT IS A “BREAK IN SERVICE”?

A “Break in Service” is a Computation Period in which you do not complete more than 500 Hours of Service with the School. You will not be considered to have a Break in Service in the Plan Year in which you become a Participant, die, retire or become disabled. You will receive credit for Hours of Service for certain authorized leaves of absence and maternity or paternity leaves of absence.

You will be credited with a certain number of Hours of Service automatically, even if you are not at work, if you are

absent for one of the following reasons: (a) pregnancy, (b) the birth of a child, (c) adoption of a child, or (d) for purposes of caring for such a child for a period immediately following such birth or placement. You must furnish to the Plan Administrator, in a timely manner, such information as the Plan Administrator may reasonably require to establish that the absence is for the permitted reasons. This will not increase the number of Years of Service that would otherwise be credited to you, but will prevent you from sustaining a Break in Service.

A period of unpaid FMLA leave will not be treated or counted as a Break in Service for purposes of vesting or eligibility to participate. This will not increase the number of Years of Service that would otherwise be credited to you, but will prevent you from sustaining a Break in Service. If any FMLA leave is also covered under the preceding paragraph regarding maternity or paternity absences, the more generous of the two rules will apply.

If you terminate your employment with the School and are rehired before a Break in Service, your service before and after the Break will be counted for eligibility and Vesting only after you have completed one Year of Service following the date you are rehired.

If you are rehired before having 5 or more consecutive Breaks in Service and were vested in any portion of your Account derived from Employer contributions, you will receive credit for all Years of Service credited to you before your Break in Service.

You will receive credit for all Years of Service credited to you before your Break in Service if you are rehired after five or more consecutive one-year Breaks in Service, and:

- (a) You were vested in any portion of your Accounts derived from Employer Contributions; or,
- (b) Your number of prior Years of Service exceed that of the Breaks in Service.

If you do not have a “vested interest” (see Article VII) in any of the Employer contributions to your Accounts and are reemployed following a Break in Service, you will lose credit for your pre-break Years of Service if the number of your consecutive one-year Breaks in Service exceeds or equals the greater of:

- (a) Five; or
- (b) The number of your pre-break Years of Service.

5.08 WHAT SPECIAL SERVICE REQUIREMENTS DETERMINE WHETHER I RECEIVE AN EMPLOYER CONTRIBUTION DURING A GIVEN PLAN YEAR?

There are no special service requirements for receiving Employer Matching Contributions.

ARTICLE VI CONTRIBUTIONS TO THE PLAN

6.01 HOW MAY I MAKE CONTRIBUTIONS TO THE PLAN?

You are not required to make contributions to this Plan. The School will match (see 6.02 of this section) your Elective Deferrals made to the South Madison Community School Corporation 403(b) Plan. For details regarding these Employee Contributions, please see the Summary Plan Description for the other Plan.

6.02 WHAT CONTRIBUTIONS WILL THE SCHOOL MAKE TO THE PLAN?

The following contributions will be made for you if you are eligible for Employer Contributions:

The School will contribute \$1.00 for every \$1.00 of the Elective Deferrals you make to the South Madison Community School Corporation 403(b) Plan. For purposes of the Employer’s Matching Contribution, your Elective Deferrals in excess of a specified amount of your Compensation will not be taken into account. The School shall have the discretion to vary the contribution rate from Plan Year to Plan Year and contribution rates may vary between different classifications of Participants, including certified teachers, certified administrators, classified administrators, classified employees, and any other classification as the Employer shall periodically determine.

6.03 WHAT ARE “EXCESS DEFERRALS”?

This section is not applicable.

6.04 WHAT ARE “EXCESS CONTRIBUTIONS”?

This section is not applicable.

6.05 WHAT DOES “COMPENSATION” MEAN FOR PLAN PURPOSES?

- A. Definition. For Plan purposes, Compensation means the total compensation paid to you by the School during the Plan Year.
- B. Excluded Compensation. The following forms of Compensation, however, will not be taken into account for purposes of the Plan:
Extracurricular Pay, Stipends, and Overtime Pay.
- C. Compensation Prior to Plan Entry Date. In the Plan Year in which you become eligible for Employer Contributions, the School will make contributions for you based on the Compensation you earned for the entire Plan Year.
- D. Maximum Compensation. For Plan Years beginning on or after January 1, 2001, the maximum amount considered will be \$200,000 (as indexed for inflation).

6.06 DOES THE PLAN ACCEPT TRANSFERRED FUNDS FROM ANOTHER QUALIFIED PLAN?

You may transfer funds from another plan to this Plan. This may be done by first rolling the distribution from the other plan to an individual Retirement Account (IRA), and then moving the IRA funds to the Plan. Or, the Trustee or Plan Administrator of the other plan may transfer your distribution directly to this Plan. In the event of such a transfer, a separate nonforfeitable “Participant’s Rollover Account” will be maintained within the Plan for you. However, any distribution restrictions in your prior plan will continue to apply to funds that are transferred.

The School may also transfer money from this Plan to another plan on your behalf if you qualify to receive a distribution from this Plan, if such a transaction is allowed under current law, and if the new plan will accept the transfer.

ARTICLE VII VESTING IN THE PLAN

7.01 WHAT IS “VESTING”?

“Vesting” is that portion of your Accounts that cannot be forfeited. It is directly related to your length of service with the School and is expressed as a percentage of your Account balances. Other terms, which may be used to represent your Vesting, are “nonforfeitable interest”, “vested interest” or “vested percentage”.

7.02 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM MY CONTRIBUTIONS TO THE PLAN?

Please refer to the Summary Plan Description for the South Madison Community School Corporation 403(b) Plan for details regarding the effect of Vesting on your Elective Deferrals.

7.03 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM THE SCHOOL’S CONTRIBUTIONS TO THE PLAN?

Your “vested percentage” in your Accounts derived from the School’s Contributions is determined by the Vesting schedule elected by the School.

The following schedule may not apply upon your Disability, death, or retirement (normal or early, if applicable). Section 7.04 below will explain any special Vesting provisions which apply upon any of the above-mentioned events.

Please note that the term “Year of Service” has a specific meaning under the terms of this Plan, as explained in Article V.

The Plan's Vesting schedule for the School's Contributions is as follows:

0% after	1 Year (s) of Service
20% after	2 Years of Service
40% after	3 Years of Service
60% after	4 Years of Service
80% after	5 Years of Service
100% after	6 Years of Service

7.04 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM THE SCHOOL'S CONTRIBUTIONS UPON DISABILITY, DEATH, OR RETIREMENT?

- A. Disability. If you become disabled (see section 8.04) while employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.
- B. Death. If you die while actively employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.
- C. Early Retirement. This section is not applicable.
- D. Normal Retirement. Upon your Normal Retirement Age (see section 8.01) while still employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.

7.05 WHAT ARE "FORFEITURES"?

"Forfeitures" are created when a Participant terminates employment before becoming entitled to 100% of the Accounts derived from the School's contributions.

Forfeitures will be used by the School to offset part of its future contributions to the Plan.

7.06 WHAT HAPPENS TO NON-VESTED MONEY IF I TERMINATE MY EMPLOYMENT AND AM LATER REHIRED?

If you are rehired after a Separation from Service, you will permanently forfeit any benefits that were not vested upon your Separation from Service.

7.07 WHAT OTHER VESTING RIGHTS DO I HAVE?

If the Plan's Vesting schedule is amended at a later date, your vested benefit under the amendment must be at least as great as that prior to the amendment. You may elect to have your vested percentage calculated under the pre-amendment Vesting schedule if you have at least 3 Years of Service as of the date the amendment is adopted.

ARTICLE VIII
BENEFITS UNDER THE PLAN

8.01 WHAT IS "NORMAL RETIREMENT"?

- A. Normal Retirement Age. Your Normal Retirement Age is the date on which you reach age 65.
- B. Normal Retirement Date. Your Normal Retirement Date is the first day of the month coinciding with or preceding your Normal Retirement Age.

8.02 WHAT IS "EARLY RETIREMENT"?

This Plan does not provide for specific Early Retirement Benefits. This event is treated like any other Separation from Service under Article VII (see section 8.05).

8.03 WHAT IS “LATE RETIREMENT”?

You may continue to work beyond your Normal Retirement Date. Your Late Retirement Date is the Anniversary Date coinciding with or next following the date on which you retire after having reached your Normal Retirement Date. You will continue to participate in the Plan until you actually retire.

8.04 WHAT IS “DISABILITY”?

Under the Plan, Disability is defined as “any medically determined physical or mental impairment which is expected to last at least a year or result in death and which results in your inability to engage in any substantial and gainful employment”. Medical evidence must be furnished to support the permanence and degree of such Disability.

8.05 WHAT BENEFITS ARE PROVIDED UPON MY SEPARATION FROM SERVICE?

The Plan is designed to encourage you to stay with the School until retirement. If you terminate your employment prior to retirement, you will be entitled to the “vested percentage” of the contributions, if any, made by the School to your Accounts. Non-vested balances, if any will be forfeited.

8.06 DOES THE PLAN PROVIDE FOR PARTICIPANT LOANS?

The Plan does not provide for loans.

8.07 DOES THE PLAN ALLOW YOU TO DIRECT INVESTMENT OF FUNDS IN YOUR ACCOUNTS?

The Plan allows you to direct investment of the funds in your Accounts. You are authorized to give directions to the Plan Administrator (or Trustee, if any) in such form as they may require concerning the investment of your Accounts. Neither the School nor the Plan Administrator (nor the Trustee, if any) is required to advise you in any investment decisions. You may revoke your decision to direct the future investment of your Accounts at any time in such form as required. You will be responsible for any loss or expense that may arise as a result of your investment decisions. The Plan Administrator will provide you with further information upon request.

Additionally, if the Plan receives funds from you without the necessary paperwork from you giving directions for the investment of your Account, the School shall direct the investment of those funds until instructions are received from you.

ARTICLE IX BENEFIT PAYMENT OPTIONS

9.01 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME AFTER I TERMINATE EMPLOYMENT WITH THE SCHOOL?

Your vested benefit is normally paid upon your death, Disability or retirement. If you terminate employment before any of these events, your vested benefit may be segregated into a separate account, pending payment to you.

HOWEVER, YOU MAY ELECT TO RECEIVE YOUR BENEFIT IN CASH PRIOR TO ONE OF THE ABOVE EVENTS SUBSEQUENT TO YOUR TERMINATION.

9.02 DO DISTRIBUTIONS OF DIFFERENT AMOUNTS RECEIVE SPECIAL TREATMENT?

All distributions receive the same treatment, regardless of the amount.

9.03 WHEN MUST MY BENEFITS BE PAID?

Latest Beginning Date. You must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach 70-1/2 or retire, whichever is later, if you are not a 5%owner. If you are a 5% owner, you must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach age 70-1/2.

If you reached age 70-1/2 prior to 1998, special options may be available. You should contact your Plan Administrator for additional information regarding these options. If you attained age 70-1/2 after 1995, you may choose whether to begin your distributions at age 70-1/2 or wait until you actually retire.

Basically, the method of distribution you elect must provide that 100% of your benefits be distributed over your lifetime, or over the lifetimes of you and your named Beneficiary. If the Beneficiary named is not your spouse and there is a substantial age difference, minimum death incidental benefit rules will require that a higher percentage be distributed over your life expectancy. Life expectancies (except in the case of an annuity) of you and your spouse Beneficiary may be recalculated annually; life expectancies of non spouse Beneficiaries may not be recalculated.

Insufficient distributions will be subject to a 50% penalty tax, based on the amount of shortfall. Since this penalty is very severe, and the rules governing distributions are complex, competent professional advice should be obtained.

9.04 ARE MY PLAN BENEFITS INSURED?

The Pension Benefit Guaranty Corporation (PBGC) is a government agency that insures certain benefits provided under "defined benefit" pension plans. This Plan is not a "defined benefit" plan and thus, is not insured by the PBGC.

9.05 HOW ARE PLAN BENEFITS TAXED AND WHAT PENALTIES MAY APPLY UPON DISTRIBUTION?

A. Withdrawals. A ten percent penalty tax applies on distributions for reasons other than the following events:

- (1) Death;
- (2) Disability;
- (3) Separation from Service during or after the year in which you reach age 55;
- (4) Age 59 ½;
- (5) If the withdrawal is to cover tax deductible, uninsured medical expenses;
- (6) In the form of an annuity based on life expectancy or in the form of substantially equal installments paid at least annually and based on your life expectancy (such payments must continue until you reach age 59 ½ and last at least five years); or,
- (7) If pursuant to a Qualified Domestic Relations Order (see section 10.02).

B. Required Minimum Distributions. A fifty percent excise tax is imposed on plan distributions that do not meet the minimum Internal Revenue Code required minimum distributions and required distributions beginning date (see section 9.03).

C. Rollovers. Generally, you may defer or reduce taxed, which would otherwise be due, by transacting a rollover to an IRA (individual retirement account/annuity) or another qualified employer plan. As of January 1, 1993, you have the following two rollover options available.

(1) Direct Rollovers: You may have a distribution from the Plan paid directly to an IRA, 403(b) plan or another qualified plan by the payor or Plan Administrator. The distribution check is made payable to the trustee, custodian or issuer of the IRA or qualified plan receiving the distribution. If you transact a "direct rollover," the distribution will not be subject to mandatory 20% federal income tax withholding.

(2) Participant Rollovers: If you elect to personally receive a distribution eligible for rollover, that is, the distribution check is made payable to you, the payor or Plan Administrator is required to withhold 20% from the distribution and send it to the IRS. The amount withheld is subject to income tax and, if you are under age 59 ½, an additional 10% penalty tax may apply. Taxation of the withheld amount may be avoided only if, within 60 days of the date you receive the distribution, you rollover the following amounts to an IRA, 403(b) plan or another qualified plan:

- (a) The 80% of the distribution you receive; plus,
- (b) An amount obtained from funds on hand which is equal to the 20% withheld.

Example: A is eligible to receive a \$10,000 distribution from the qualified plan. If A elects a direct rollover, the \$10,000 will be paid by the Plan directly to A's IRA, 403(b) plan, or other qualified plan.

If A elects to personally receive the \$10,000 distribution, the following will occur:

- (1) A will receive a check for \$8,000, reflecting mandatory 20% withholding of \$2,000. A then has 60 days to rollover the \$8,000 to an IRA, 403(b) plan, or another qualified plan to avoid tax on the \$8,000 for that year.
- (2) Within the same 60-day period, A will have to replace the \$2,000 and rollover that amount. Otherwise, the \$2,000 withheld will be taxable income that year and may also be subject to an additional 10% penalty tax if A was under age 59 ½ on the date he received the distribution.

You will be provided information regarding direct rollovers and mandatory withholding when you request a distribution. It is important that you review this information carefully and consult your tax advisor before making your distribution election.

D. Five and Ten Year Averaging and Capital Gains. Alternatively, you may elect treatment of your distribution under the favorable “five-year averaging”, “ten-year averaging” or “capital gains” method, assuming you meet certain eligibility rules. If you were age 50 as of January 1, 1986, you may be eligible for this more favorable tax treatment. These methods were limited by the Tax Reform Act of 1986 and the Small Business Job Protection Act of 1996, and so are no longer available for most participants.

ARTICLE X

THE CLAIMS REVIEW PROCEDURE

10.01 WHAT CLAIMS PROCEDURES APPLY TO ANNUITY CONTRACTS?

Your application for benefits must be made to the life insurance company that has issued the annuity contract under which the benefits are payable. You must provide the application on such forms and in accordance with the terms of the annuity contract under which your claim is made.

The life insurance company will respond to any such application within a reasonable period, not to exceed 90 days after its receipt of the application. If your application for benefits is denied, the life insurance company must furnish you with written notice of the specified reasons for the denial and a description of any additional information needed from you, or further steps required of you. You may appeal any such denial by making a written application to the life insurance company, which must respond in writing to any such request for review within 60 days of its receipt and must give specific reasons if the appeal is denied.

10.02 WHAT IS A “QUALIFIED DOMESTIC RELATIONS ORDER (QDRO)”?

As a general rule, the law provides that your interest in your Accounts may not be “alienated”. This means that your interest may not be sold, used as collateral for a loan or debt, or otherwise transferred. Also, your creditors may not attach, garnish or otherwise interfere with your Accounts.

There is an exception to this rule. The Plan Administrator may be required to recognize obligations you incur as a result of court-ordered child support or alimony payments. The Plan Administrator is required to honor a “Qualified Domestic Relations Order” (QDRO). A QDRO is defined as a court order or decree that requires you to pay child support or alimony, or otherwise allocates a portion of your assets to a spouse, former spouse, child or other legal dependent (Alternate Payee). If the Administrator receives a QDRO, all or a portion of your Accounts may be used to meet its terms.

This Plan will permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan.

ARTICLE XI
MISCELLANEOUS PROVISIONS

11.01 WHAT HAPPENS IF I LEAVE THE SCHOOL TO PERFORM MILITARY SERVICE, AND THEN RETURN TO THE SCHOOL?

If you leave the service of the School to perform military service, and then return to the School after that period of military service, you may be entitled to contributions, service credits, or other benefits under the Plan with respect to that period. You should consult the Plan Administrator if you believe this provision may apply to you.

ARTICLE XII
AMENDMENT AND TERMINATION OF THE PLAN

12.01 CAN THE PLAN BE AMENDED?

The School may amend the Plan at any time, at its sole discretion. However, no amendment may result in a reduction of any Participant's vested interest or cause any portion of the Plan's assets to revert back to the School. No amendment may eliminate or reduce any optional form of distribution or benefit provided by the Plan. No amendment may authorize the use of Plan assets for purposes other than the exclusive benefit of Participants and their Beneficiaries.

If the Plan's Vesting schedule is amended, and you have at least 3 Years of Service, you may elect to have your vested percentage computed using the pre-amendment Vesting schedule.

12.02 CAN THE PLAN BE TERMINATED?

The School may terminate the Plan at any time, at its sole discretion. Upon termination, all amounts credited to your Accounts will become 100% vested. A complete discontinuance of contributions, in the case of a profit sharing plan, constitutes a termination.

Upon termination, the insurance company(ies) or other financial institutions holding assets of this Plan will distribute the contracts held on your behalf to you, or will transfer the contracts to a successor plan, if you so direct.

SOUTH MADISON COMMUNITY SCHOOL CORPORATION

403 (B) PLAN

ARTICLE I INTRODUCTION TO THE PLAN

1.01 WHAT IS THE PURPOSE OF THIS PLAN?

SOUTH MADISON COMMUNITY SCHOOL CORPORATION (hereinafter “the School”) has established a Plan in order to provide funds for your retirement and to provide funds for your beneficiary(ies) in the event of your death. The Plan was established for the exclusive benefit of the Participants and their Beneficiaries.

1.02 WHAT TYPE OF RETIREMENT PLAN IS THIS?

This Plan is a “Tax Deferred Annuity” or “403(b)” Plan. “403(b)” is the section of the Internal Revenue Code that governs this type of plan.

The Plan is funded through the purchase of annuity contracts from The Variable Annuity Life Insurance Company (Corebridge Financial) (annuities from other companies may be offered, if permitted by the School) or in mutual funds, as elected by you in writing.

Each year you may elect, in writing, to defer a portion of your Compensation. The amount of your deferral is then used to purchase annuity contracts on your behalf. Your deferral is on a pre-tax basis, meaning that it is not subject to federal income tax (but is subject to Social Security taxes) and results in a deduction from your taxable income for that year. Depending on the laws of your state, your deferral may also be deductible from your taxable income for state income tax purposes.

1.03 HOW ARE CONTRIBUTIONS TO THE PLAN INVESTED?

Contributions to the Plan are invested in annuity contracts issued by Corebridge Financial (and any other life insurance companies approved by the School) or in mutual funds, or both. Annuity contracts provide for contributions to be held and credited with interest, or gains and losses, depending on the type of contract. Your benefit payments under these annuity contracts may be in the form of periodic payments to you at regular intervals either for a period certain or for one or more lives.

Each annuity contract issued to Participants in the Plan must meet the requirements of Section 403(b) of the Internal Revenue Code and other IRS guidelines that govern a 403(b) Plan.

Contributions to the Plan on your behalf may be invested in custodial accounts pursuant to Section 403(b)(7) of the Internal Revenue Code. One common form of these custodial accounts is known as a “mutual fund”. Any such custodial accounts made available under the Plan must be maintained by a mutual fund company or other similar financial institution permitted by the Secretary of the Treasury.

All contributions made to the Plan on your behalf will be placed in individual Accounts in your name. The Plan will maintain control of these Accounts as long as they remain under the Plan.

YOU SHOULD CAREFULLY REVIEW THE CONTRACT, CERTIFICATION, PROSPECTUS, OR OTHER MATERIAL PROVIDED BY THE SCHOOL OR THE INSURANCE COMPANY TO UNDERSTAND YOUR OPTIONS UNDER THE CONTRACT, HOW THE PLAN FUNDS ARE INVESTED, AND ANY CHARGES WHICH MAY APPLY. HOWEVER, IF THERE IS EVER A CONFLICT BETWEEN THE PROVISIONS OF THIS PLAN AND ANY MATERIAL YOU RECEIVE FROM COREBRIDGE FINANCIAL (OR ANY OTHER LIFE

INSURANCE COMPANY APPROVED BY THE SCHOOL), ANY MUTUAL FUND COMPANY, OR BOTH, THE PLAN PROVISIONS WILL APPLY. ADDITIONAL INFORMATION MAY BE OBTAINED FROM THE PLAN ADMINISTRATOR.

1.04 WHAT IS A “SUMMARY PLAN DESCRIPTION”?

The Summary Plan Description is a brief explanation of the Plan as well as of your rights, obligations, and benefits under the Plan. This Summary Plan Description is not intended to interpret, extend or change the provisions of the Plan in any way. The provisions of the Plan may be determined accurately only by reading the actual provisions of the Plan document, copies of which may be obtained from the School. The Plan Administrator (see section 2.02) will answer any questions concerning the Plan or this Summary Plan Description.

Certain words, which are capitalized, are “defined terms”. That is, they are defined for this Plan in a certain way. The definitions are provided throughout this Summary Plan Description and an alphabetical index of the terms can be found at the back.

In the event of any discrepancy between this Summary Plan description and the actual provisions of the Plan, the Plan will govern.

ARTICLE III IMPORTANT DATES

3.01 WHAT IS THE “EFFECTIVE DATE” OF THE PLAN?

The provisions of the School’s Plan became operative on the “Effective Date”. The Effective Date of the Plan, as amended, is January 1, 2001.

3.02 WHAT IS THE “PLAN YEAR”?

The Plan is based on a 12-month period known as the Plan Year. The Plan Year begins on January 1 and ends on December 31.

ARTICLE IV ELIGIBILITY REQUIREMENTS

4.01 MAY ALL EMPLOYEES OF THE SCHOOL MAKE ELECTIVE DEFERRALS?

All Employees are eligible to make Elective Deferrals (see section 5.01) except the following:

- (a) Employees who normally work less than 20 hours per week,
- (b) Student employees,
- (c) Nonresident aliens, and
- (d) Independent contractors who are considered “leased employees” of the School for certain federal income tax purposes.

4.02 WHAT ADDITIONAL ELIGIBILITY REQUIREMENTS APPLY?

There are no other requirements. If you are not a member of an excluded group, you will be eligible to begin making Elective Deferrals to the Plan upon the date your employment begins. The School may impose administrative limitations on when and how often you may start, stop, or change the amount of your deferrals in any year.

ARTICLE V
CONTRIBUTIONS TO THE PLAN

5.01 WHAT ARE “ELECTIVE DEFERRALS”?

A. Definition. You may contribute to the Plan by entering into a salary reduction agreement with the School, whereby you agree to reduce your future salary payments by a specific amount, and the School agrees to apply such salary reduction amounts as annuity or mutual fund purchase payments on your behalf. Your salary reduction amounts are called “Elective Deferrals”. The School may impose certain administrative limitations on the number of times you may change the amount of your deferrals to the Plan during any year.

B. Minimum Elective Deferrals. You will be permitted to make Elective Deferrals in any amount up to the maximum allowed in section C below. There is no minimum required.

C. Maximum Elective Deferrals. You will be permitted to make Elective Deferrals up to the maximum allowed by current law.

D. Limitations on Favorable Tax Treatment. Contributions made by you are generally not taxable when made to the Plan. Instead, you are taxed when withdrawals are made from the Plan. You will pay tax if the total contributions in a year exceed limitations under the Federal tax laws. These limits are complicated in the case of tax deferred annuities (also called “tax sheltered annuities”) and you should consult the Plan Administrator or its representative if you have any questions. Generally, the total employee and School contributions, if any, may be subject to tax if they exceed the lesser of 100% of your compensation (after certain adjustments) in any year, or \$40,000. In addition, your own salary reduction contributions may not exceed a specified amount for the calendar year unless certain exceptions apply to you. That amount, which is indexed for inflation in \$500 increments, is \$11,000 for 2002. (For the 2001 Plan Year, the aggregate contribution limits were 25% of compensation or \$35,000, and the limit on salary reduction contributions was \$10,500.)

If you are at least age 50 or you have completed at least 15 consecutive years of service with the School, you may be able to increase the amount of your salary reduction contributions above the annual limitations. For further information on these catch-up elections, see the Administrator.

5.02 WHAT ARE “EXCESS DEFERRALS”?

If the amounts you have contributed to the Plan under a salary reduction agreement with the School exceed the annual dollar limits (maximum allowed by current law; see section 5.01D) on Elective Deferrals, you may request (not later than March 1 after the close of such taxable year) that any portion of your “Excess Deferrals” and the interest earned on such portion be returned to you. This is particularly important if you participate in more than one salary deferral arrangement (with other employers).

Excess Deferrals must be returned to you no later than April 15 after the taxable year for which they occurred in order to avoid double taxation of the amount. Excess Deferrals are included in your gross income and are taxable for the year in which they were made, but any income earned on the excess is taxable in the year in which the Excess Deferrals are returned. If the excess is not distributed to you by April 15, the Excess Deferrals are not only taxable in the year in which they were made but are also taxable in the year in which they were distributed.

5.03 DOES THE PLAN ACCEPT TRANSFERRED FUNDS FROM ANOTHER 403(B)?

You may transfer funds from another 403(b) to this 403(b) Plan. This may be done by first rolling the distribution from the other 403(b) plan to an individual Retirement Account or Annuity (IRA), and then moving the IRA funds to this 403(b) Plan. Or, the payor or Plan Administrator of the other 403(b) plan may transfer or directly rollover your distribution to this 403(b) Plan. In any event, your Account derived from transfers/direct rollovers/rollovers will be fully vested, but will be subject to the rules of this 403(b) Plan.

ARTICLE VI
VESTING IN THE PLAN

6.01 WHAT IS “VESTING”?

“Vesting” is that portion of your Accounts that cannot be forfeited. It is directly related to your length of service with the School and is expressed as a percentage of your Account balances. Other terms, which may be used to represent your Vesting, are “non-forfeitable interest”, “vested interest” or “vested Percentage”.

6.02 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM MY CONTRIBUTIONS TO THE PLAN?

At all times, you will be fully vested in your Accounts derived from your Elective Deferrals

ARTICLE VII
BENEFITS UNDER THE PLAN

7.01 WHAT IS “NORMAL RETIREMENT”?

A. Normal Retirement Age. Your Normal Retirement Age is the date on which you reach age 65.

B. Normal Retirement Date. Your Normal Retirement Date is the first day of the first month coinciding with or preceding your Normal Retirement Age.

7.02 WHAT IS “EARLY RETIREMENT”?

This Plan does not provide for specific Early Retirement Benefits. This event is treated like any other Separation from Service under Article VII (see section 7.04).

7.03 WHAT IS “DISABILITY”?

This Plan does not provide for specific Disability benefits. This event is treated like any other Separation from Service under Article VII (see section 7.04).

7.04 WHAT BENEFITS ARE PROVIDED UPON MY SEPARATION FROM SERVICE?

“Separation from Service” is the date your employment with the School terminates for any reason. The Plan is designed to encourage you to stay with the School until retirement. If you terminate your employment prior to retirement, you will be entitled to the “vested percentage” of the contributions, if any, made by the School to your Accounts. Non-vested balances, if any, will be forfeited.

7.05 DOES THE PLAN PROVIDE FOR PARTICIPANT LOANS?

This plan does not provide for loans.

7.06 DOES THE PLAN ALLOW HARDSHIP WITHDRAWALS?

This plan does not provide for hardship withdrawals.

ARTICLE VIII
BENEFIT PAYMENT OPTIONS

8.01 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME WHILE I AM STILL EMPLOYED BY THE SCHOOL?

The portion of your Accounts derived from Elective Deferrals will be available for distribution prior to your termination of employment with the School under the following circumstances:

- (1) in the event of hardship (see section 7.06); or,
- (2) after you reach age 59-1/2.

8.02 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME AFTER I TERMINATE EMPLOYMENT WITH THE SCHOOL?

The portion of your Accounts derived from Elective Deferrals will be available for distribution at any time after your termination of employment with the School.

8.03 WHEN MUST MY BENEFITS BE PAID?

Latest Beginning Date. You must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach 70-1/2 or retire, whichever is later.

Basically, the method of distribution you elect must provide that 100% of your benefits be distributed over your lifetime, or over the lifetimes of you and your named Beneficiary. If the Beneficiary named is not your spouse and there is a substantial age difference, minimum death incidental benefit rules will require that a higher percentage be distributed over your life expectancy. Life expectancies (except in the case of an annuity) of you and your spouse Beneficiary may be recalculated annually; life expectancies of non spouse Beneficiaries may not be recalculated.

Insufficient distributions will be subject to a 50% penalty tax, based on the amount of shortfall. Since this penalty is very severe, and the rules governing distributions are complex, competent professional advice should be obtained.

8.04 ARE MY PLAN BENEFITS INSURED?

The Pension Benefit Guaranty Corporation (PBGC) is a government agency that insures certain benefits provided under "defined benefit" pension plans. This Plan is not a "defined benefit" plan and thus, is not insured by the PBGC.

8.05 HOW ARE PLAN BENEFITS TAXED AND WHAT PENALTIES MAY APPLY UPON DISTRIBUTION?

A. Withdrawals. A ten percent penalty tax applies on distributions for reasons other than the following events:

- (1) Death;
- (2) Disability;
- (3) Separation from Service during or after the year in which you reach age 55;
- (4) Age 59-1/2;
- (5) If the withdrawal is to cover tax deductible, uninsured medical expenses;
- (6) In the form of an annuity based on life expectancy or in the form of substantially equal installments paid at least annually and based on your life expectancy (such payments must continue until you reach age 59-1/2 and last at least five years); or,
- (7) If pursuant to a Qualified Domestic Relations Order (see section 9.02).

B. Required Minimum Distributions. A fifty percent excise tax is imposed on plan distributions that do not meet the minimum Internal Revenue Code required minimum distributions and required distributions beginning date (see section 8.03).

C. Rollovers. Generally, you may defer or reduce taxes, which would otherwise be due by transacting a rollover to an IRA (individual retirement account/annuity), or another 403(b). You have the following two rollover options available.

(1) Direct Rollovers: You may have a distribution from the Plan paid directly to an IRA, another 403(b) or a 401(a) plan by the payor or Plan Administrator. The distribution check is made payable to the trustee, custodian or issuer of the IRA, 403(b), 401(a) plan receiving the distribution. If you transact a “direct rollover,” the distribution will not be subject to mandatory 20% federal income tax withholding.

(2) Participant Rollovers: If you elect to personally receive a distribution eligible for rollover, that is, the distribution check is made payable to you, the payor or Plan Administrator is required to withhold 20% from the distribution and send it to the IRS. The amount withheld is subject to income tax and, if you are under age 59-1/2, an additional 10% penalty tax may apply. Taxation of the withheld amount may be avoided only if, within 60 days of the date you receive the distribution, you rollover the following amounts to an IRA, 403(b), or 401(a) plan:

- (a) The 80% of the distribution you receive; plus,
- (b) An amount obtained from funds on hand which is equal to the 20% withheld.

Example: A is eligible to receive a \$10,000 distribution from the 403(b). If A elects a direct rollover, the \$10,000 will be paid by the 403(b) directly to A’s IRA, other 403(b), or 401(a) plan.

If A elects to personally receive the \$10,000 distribution, the following will occur:

- (1) A will receive a check for \$8,000, reflecting mandatory 20% withholding of \$2,000. A then has 60 days to rollover the \$8,000 to an IRA, another 403(b), or 401(a) plan to avoid tax on the \$8,000 for that year.
- (2) Within the same 60 day period, A will have to replace the \$2,000 and also rollover that amount. Otherwise, the \$2,000 withheld will be taxable income that year and may also be subject to an additional 10% penalty tax if A was under age 59-1/2 on the date he received the distribution.

You will be provided information regarding direct rollovers and mandatory withholding when you request a distribution. Since tax laws change from time to time, it is important that you review this information carefully and consult your tax advisor before making your distribution election.

ARTICLE IX

THE CLAIMS REVIEW PROCEDURE

9.01 WHAT CLAIMS PROCEDURES APPLY TO ANNUITY CONTRACTS?

Your application for benefits must be made to the investment provider that has issued the investment arrangement under which the benefits are payable. You must provide the application on such forms and in accordance with the terms of the annuity contract or other investment under which your claim is made.

The life insurance company or custodian, in the event of an investment in a mutual fund, will respond to any such application within a reasonable period, not to exceed 90 days after its receipt of the application. If your application for benefits is denied, the investment provider must furnish you with written notice of the specified reasons for the denial and a description of any information needed from you, or further steps required of you. You may appeal any such denial by making a written application to the life insurance company, which must respond in writing to any such request for review within 60 days of its receipt and must give specific reasons if the appeal is denied.

9.02 WHAT IS A “QUALIFIED DOMESTIC RELATIONS ORDER (QDRO)”?

As a general rule, the law provides that your interest in your Accounts may not be “alienated”. This means that your interest may not be sold, used as collateral for a loan or debt, or otherwise transferred. Also, your creditors may not attach, garnish or otherwise interfere with your Accounts.

There is an exception to this rule. The Plan Administrator may be required to recognize obligations you incur as a result of court-ordered child support or alimony payments. The Plan Administrator is required to honor a “Qualified Domestic Relations Order” (QDRO). A QDRO is defined as a court order or decree that requires you to pay child support or alimony, or otherwise allocates a portion of your assets to a spouse, former spouse, child or other legal dependent (Alternate Payee). If the Administrator receives a QDRO, all or a portion of your Accounts may be used to meet its terms. The Administrator is required to notify you upon receipt of a QDRO and is required to determine its validity prior to making any payments from your Accounts pursuant to it. To be a valid QDRO, the order generally cannot require the Plan to permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan, unless the Plan permits an earlier distribution to the Alternate Payee.

This Plan will permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan.

ARTICLE X MISCELLANEOUS PROVISIONS

10.01 WHAT HAPPENS IF I LEAVE THE SCHOOL TO PERFORM MILITARY SERVICE, AND THEN RETURN TO THE SCHOOL?

If you leave the service of the School to perform military service, and then return to the School after that period of military service, you may be entitled to contributions, service credits, or other benefits under the Plan with respect to that period. You should consult the Plan Administrator if you believe this provision may apply to you.

ARTICLE XI AMENDMENT AND TERMINATION OF THE PLAN

11.01 CAN THE PLAN BE AMENDED?

The School may amend the Plan at any time, at its sole discretion. However, no amendment may result in a reduction of any Participant’s vested interest or cause any portion of the Plan’s assets to revert back to the School. No amendment may eliminate or reduce any optional form of distribution or benefit provided by the Plan. No amendment may authorize the use of Plan assets for purposes other than the exclusive benefit of Participants and their Beneficiaries.

11.02 CAN THE PLAN BE TERMINATED?

The School may terminate the Plan at any time, at its sole discretion.

Upon termination, the insurance company(ies) or other financial institutions holding assets of this Plan will distribute the contracts held on your behalf to you, or will transfer the contracts to a successor plan, if you so direct.

Notice of the Board's policy on nondiscrimination and the identity of the School Corporation's Compliance Officer(s) (see below), will be published on the Corporation's website, posted throughout the Corporation, and included in the Corporation's recruitment statements or general information publications.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges or is alleged to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who is alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Corporation community means students, Corporation employees (i.e., administrators, and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include but are not limited to guests and/or visitors on Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the Corporation community at school-related events/activities (whether on or off Corporation property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Corporation office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Military status: refers to a person's status in the uniformed services, which includes the performance of duty on a voluntary or involuntary basis, in a uniformed service, including active duty, active duty for training, initial active duty for training, inactive duty for training, full-time National Guard duty, and performance of duty or training by a member of Indiana organized militia. It also includes the period of time for which a person is absent from employment for the purpose of an examination to determine the fitness of the person to perform any duty listed above.

Corporation Compliance Officer(s)

The Board designates the following individuals to serve as the Corporation's "Compliance Officers" (also known as "Civil Rights Coordinators") (hereinafter referred to as the "COs").

Dr. Laura Miller, Assistant Superintendent
203 South Heritage Way
Pendleton IN 46064
765-778-2152
Andrew Kruer, Assistant Superintendent
203 South Heritage Way
Pendleton IN 46064
765-778-2152

The names, titles, and contact information of these individuals will be published annually on the Corporation's website and in the staff handbooks.

The COs are responsible for coordinating the Corporation's efforts to comply with applicable Federal and State laws and regulations, including the Corporation's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is based will be made available upon request from the CO.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Corporation-level official so that the Board may address the conduct. Any administrator, supervisor, or other Corporation-level official who receives such a report shall provide it to the CO within two (2) days.

Discrimination against an individual based on their sex (including gender status, sexual orientation, and gender identity) is discrimination in violation of Title VII. Specifically, discrimination on the basis of sex stereotyping/gender-nonconformity constitutes sex discrimination. This is true irrespective of the cause of the person's gender non-conforming behavior. Employment actions based upon an individual's sex could be suspect and potentially impermissible.

COs are required to investigate allegations of conduct involving the discrimination or harassment of an employee or applicant based upon his/her gender status, sexual orientation, and gender identity.

Any questions concerning whether alleged conduct might violate this prohibition should be brought to the CO's attention promptly.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Corporation community or a Third Party, and such reports that initially are made to an administrator, supervisor or other Corporation-level official. Upon receipt of a report, of alleged discrimination/retaliation, the CO will contact the Complainant and initiate either an informal or formal process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the Corporation community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Corporation employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Corporation employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct unless circumstances make such an intervention dangerous, in which case the staff member should notify immediately other Corporation employees and/or local law enforcement officials, as necessary, to stop the misconduct. Therefore, the CO or designee must contact the employee within two (2) business days to advise the Complainant of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedures (See Form 3122 F2)

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The Formal complaint procedures involve an investigation

of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil rights ("OCR"), the Indiana Civil Rights Commission ("ICRC") or the Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior promptly and facilitate resolution through informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is available only when the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process, and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to a formal complaint process.

All complaints involving a Corporation employee or any other adult member of the Corporation community and a student will be investigated formally.

As an initial course of action, if a Complainant feels comfortable and safe doing so, The Complainant should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to approach the Respondent directly about the inappropriate conduct may file an informal or a formal complaint.

In addition, with regard to certain types of unlawful discrimination, (e.g., sexual discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: 1) to a building administrator; 2) directly to the COs; or 3) to the Superintendent or other Corporation-level employee.

All informal complaints must be reported to one the COs, who will either facilitate an informal resolution as described below or appoint another individual to facilitate an informal resolution.

The Corporation's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of the complainant's concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve but not be limited to one or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 3122 Nondiscrimination and Equal Employment Opportunity to the individuals in the school building or Office where the Respondent works/attends school.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, the Complainant elects to file a formal complaint from the outset, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a Principal, the CO, the Superintendent, or other Corporation official.

Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a Principal, the Superintendent, or other Corporation official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All Formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including but not limited to, a change of work assignment or schedule for the Complainant and/or Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions s/he deems appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or a designee, will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 – Nondiscrimination and Equal Employment Opportunity. The Respondent also must be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint.

The investigation will include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations; and
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other

witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee, shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO's recommendation must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the Superintendent must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final written decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a written decision as described above.

If the Superintendent determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the parties receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Board President.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the Complainant pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at his/her own cost, at any of the above-described interviews/meetings..

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the OCR, EEOC or ICRC, the filing charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/confidentiality

The Corporation will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Corporation's legal obligations to investigate, take appropriate action, and comply with any discovery or disclosure obligations.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken due to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be Corporation employee, to follow up with the Complainant to ensure that no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of any relevant collective bargaining agreement or student code of conduct.

When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of any relevant collective bargaining agreement or student code of conduct.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws or this policy, or exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any rights granted or protected by those laws or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and /or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the Corporation community related to the implementation of this policy and shall provide training for Corporation students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination, in general, will be age and content appropriate.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance and alcohol, and any drug paraphernalia, by any member of the Corporation's professional staff at any time while on Corporation property or while involved in any Corporation-related activity or event. Any staff member who violates this policy shall be subject to disciplinary action in accordance with Corporation guidelines.

The Superintendent shall establish guidelines that ensure compliance with this policy and that each staff member is given a copy of the standards regarding unlawful manufacture, possession, use, distribution, or dispensing of illicit drugs and alcohol by staff and informed that compliance with this requirement is mandatory. Such guidelines shall provide for appropriate disciplinary actions, if and when needed.
