STAFF RULES AND REGULATIONS

**SOUTH MADISON COMMUNITY SCHOOL
CORPORATION, PENDLETON INDIANA 46064
SUPPORT STAFF REGULATIONS**

1. NONDISCRIMINATION AND EQUAL EMPLOYMENT OPPORTUNITY POLICY (Policy 4122)

The School Board does not discriminate on the basis of the Protected Classes of race, color, national origin, sex (including transgender status, sexual orientation and gender identity), disability, age, religion, military status, ancestry, or genetic information which are classes protected by Federal and/or State law (collectively, "Protected Classes") occurring in the Corporation's employment opportunities, programs, and/or activities, or, if initially occurring off Corporation grounds or outside the Corporation's employment opportunities, programs, and activities, affecting the Corporation environment.

The Superintendent shall appoint and publicize the name of the Compliance Officer(s) who is/are responsible for coordinating the Corporation's efforts to comply with applicable Federal and State laws and regulations, including the Corporation's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination or denial of equal access. The Compliance Officer(s) also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act is provided to staff members and the general public. Any sections of the Corporation's collectively bargained contracts dealing with hiring, promotion, and tenure should contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender specific terms should be eliminated from such contracts.

Compliance Officer: Andrew Kruer, Assistant Superintendent for Secondary Curriculum, Instruction, and College & Career Readiness. 765-778-2152

The complete Nondiscrimination and Equal Employment Opportunity Policy 4122 can be found in Appendix R.

2. NEW EMPLOYEES - EXPANDED CRIMINAL HISTORY AND EXPANDED CHILD PROTECTION INDEX CHECKS

Expanded Criminal History (ECH) and Expanded Child Protection Index (ECPI) checks are required of all school employees who are likely to have direct, ongoing contact with children within the scope of their employment. Effective July 1, 2017, the ECH check must be completed before or not later than thirty (30) days after the start date of employment. The ECPI check must be completed before or not later than sixty (60) days after the start date of employment. In addition, the employer can require an employee to have the ECH and ECPI checks at any time if the employer has reason to believe the applicant or employee is the subject of a substantial report of child abuse or neglect or has been charged with or convicted of a crime listed in IC 20-26-5-11(b).

CURRENT EMPLOYEES – EXPANDED CRIMINAL HISTORY AND EXPANDED CHILD PROTECTION INDEX CHECKS

School corporations must have in place a policy that requires updated Expanded Criminal History (ECH) check for current employees every five (5) years and may require updated Expanded Child Protection Index (ECPI) checks every five (5) years. In addition, the employer can require an employee to have the ECH and ECPI checks at any time if the employer has reason to believe the applicant or employee is the subject of a substantial report of child abuse or neglect or has been charged with or convicted of a crime listed in IC 20-26-5-11(b).

3. DRESS AND APPEARANCE

All staff are expected to dress and groom themselves appropriately for their profession. Instructional staff and office support staff must comply with the staff dress code. SMCS provided uniforms and/or shoes should not be worn for personal use outside of work. (See Appendix M & N) Staff members will be required to wear personal protective equipment, including but not limited to face coverings, during certain times based on the district plan designed to manage the spread of COVID-19 or other community health-related concerns.

4. PROFESSIONAL ETHICS

- A. School personnel should not gossip about one another or about any other school personnel.
- B. SMCS has adopted the Open Communication Policy 4112 (Appendix A) which outlines a problem-solving procedure. If there is a problem, follow the policy procedures. Reporting conflict that violates law or Board Policy is protected under the Whistleblower Protection Policy 4211 (Appendix A1)
- C. In any case, take care of school problems at school, not elsewhere.
- D. The school staff shall not use their positions to solicit business from [1] other school staff, or [2] students and parents, for the benefit of any private activity with which they might be engaged. See Policy 4231 (Appendix O)

5. **STAFF DISCIPLINE**

If the situation warrants, the Corporation may follow a system of progressive discipline geared to correct practices rather than penalize employees. This discipline may include, but is not limited to the following:

- A. Verbal counseling/oral warning in which a verbal conference between the employee and his/her supervisor is held.
- B. A written warning (write up) which is a formal notice of a performance problem or inability to follow established policy. This notice serves as a warning that continued infractions will not be tolerated and may result in recommendation for discharge.
- C. A staff member may be placed on probation in connection with the written warning for a period of time determined by the supervisor.
- D. A suspension with pay may be invoked. The length of the suspension will be at the discretion of the Superintendent according to the severity of the violation.
- E. A suspension without pay may be invoked. The length of the suspension will be recommended by the Superintendent according to the severity of the violation. Exceptions to this disciplinary procedure may be made, in cases where good practice demands immediate suspension or dismissal. Examples include, but are not limited to the following:
 1. reporting for duty under the influence of alcoholic beverages or drugs
 2. bringing alcoholic beverages or drugs onto the school premises or to events sponsored by the Corporation
 3. insubordination
 4. theft of Corporation or other's personal property
 5. arrest, with subsequent conviction
 6. falsification of application or medical information
 7. threats and/or acts of violence
 8. repeated violations of school regulations

6. **EMPLOYEE CAFETERIA PURCHASES AND ACCOUNTS**

Accounts can be used at any school within SMCSC. Accounts are "no charge" accounts, which means that purchases cannot be made without positive funds in account prior to time of purchase. SMCSC Nutrition Services is not allowed, per federal requirements, to extend credit on these accounts.

7. **ASSIGNMENT AND TRANSFER (POLICY 4130)**

The School Board believes that the careful placement of support staff within the Corporation is vital to the utilization of qualified and competent support staff for the successful functioning of the Corporation. Responsibility for the assignment and transfer of support staff members shall be vested in the Superintendent.

8. **PAY SCHEDULE**

A payroll schedule for the current school year can be found in the Appendix – Appendix B. Be sure to sign a W-4 and WH-4 (withholding forms) with the number of dependents claimed **if there are changes**. Any payment due personnel while working for groups or individuals using school facilities MUST be processed through the payroll department. Personnel scheduled to work are NOT to accept any payment from the group or individual.

9. **OVERTIME**

For non-exempt employees, no overtime shall be worked without the prior approval of your immediate supervisor and no overtime will be paid without the prior approval of the Business Manager. 1. in which the employee is required to testify about facts which the employee acquired as the result of the performance of his/her duties at the School Corporation;

- A-1. the birth of a child and/or the care of a newborn child within one (1) year of the child’s birth;
- B-1. the placement of a child with the staff member by way of adoption or foster care and/or to care for the child within one (1) year of the child’s arrival;
- C-1. the staff member is needed to care for a spouse, son, daughter, or parent if such individual has a serious health condition; or
- D-1. the staff member’s own serious health condition prevents him/her from performing the functions of his/her position;

Employee Entitlement to Service Member FMLA

Leave Entitlement

Service member FMLA provides eligible employees unpaid leave for one, or for a combination, of the following reasons:

A-2 A “qualifying exigency” arising out of a covered family member’s (spouse, son, daughter, or parent) covered active duty or call to covered active duty in the United States Armed Forces, including the National Guard and Reserves. Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation (maximum fifteen (15) calendar days); 7) post-employment activities; 8) caring for a military member’s parent who is incapable of self-care when the care is necessitated by the member’s covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

B-2 To care for a covered family member, including next of kin as provided in the statute, who has incurred an injury or illness or aggravation of a pre-existing illness or injury while in the line of duty while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, provided that such injury or illness may render the family member medically unfit to perform duties of the member’s office, grade, rank, or rating. Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, providing the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran’s serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of fifty percent (50%) or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers.

Duration of Service Member FMLA

- A. When leave is due to a “qualifying exigency”: An eligible employee may take up to twelve (12) work weeks of leave during any twelve (12) month period. Such leave shall be counted with regular FMLA leave time in calculating the twelve (12) weeks of allowable leave.
- B. When leave is to care for an injured or ill service member: An eligible employee may take up to twenty-six (26) work weeks of leave during a single twelve (12) month period to care for the service member who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This is a one time benefit per service member. Leave to care for an injured or ill service member, when combined with other FMLA-qualifying leave, may not exceed twenty-six (26) weeks in a single twelve (12) month period.
- C. Service Member FMLA runs concurrent with other leave entitlements provided under Federal, State, and local law.

General Provisions

Staff members are “eligible” if they have worked for the Board for at least twelve (12) months, **and** for at least 1,250 hours over the twelve (12) months prior to the leave request. Months and hours that reservists or National Guard members would have worked if they had not been called up for military service count towards the staff member’s eligibility for FMLA leave/Service Member Family Leave. Employment service time may be aggregated when the break in employment services

is less than seven (7) years, is for fulfillment of military obligations, or if the employee is subject to recall under a written agreement (NOTE: this includes a collective bargaining agreement). All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee’s eligibility for FMLA leave.

Twelve (12) month period is defined as the twelve (12) month period measured forward from the date the staff member’s first FMLA leave begins (i.e., the “leave year” is specific to each individual staff member).

For Service Member Family Leave, the sum of the twenty-six (26) weeks will be measured forward from the first date on which the employee takes leave.

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves:

- A. inpatient care, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
- B. continuing treatment by a healthcare provider, including:
 - 1. a period of incapacity of more than three (3) consecutive calendar days and any subsequent treatment or period of incapacity relating to the same condition that also involves either in-person treatment two (2) or more times by a healthcare provider within thirty (30) days of the first date of incapacity, absent extenuating circumstances beyond the employee’s control, or in-person treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of a healthcare provider; The first visit to the healthcare provider must occur within seven (7) days of the first date of incapacity.
 - 2. any incapacity due to pregnancy or for prenatal care;
 - 3. any period of incapacity or treatment for such incapacity due to a chronic serious health condition;
 - 4. a period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective;
 - 5. any period of absence to receive multiple treatments by a healthcare provider either for restorative surgery after an accident or other injury or for a condition that would likely result in a period of incapacity of more than three (3) consecutive days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).
- C. conditions for which cosmetic treatment are administered are not “serious health conditions” unless inpatient hospital care is required or complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomachs, minor ulcers, headaches other than migraines, routine dental or orthodontia problems, periodontal disease, etc. are conditions that do not meet this definition and do not qualify for FMLA leave.

Intermittent and Reduced Schedule Leave

The Superintendent may allow a staff member to take FMLA leave intermittently or on a reduced schedule for the birth, adoption, or foster care placement of a child (see A-1 or B-1). A staff member may take FMLA leave on an intermittent or reduced-leave schedule when medically necessary for his/her own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1). Service Member Family Leave may also be taken on an intermittent or reduced-leave schedule when medically necessary.

The taking of such leave results in the total reduction of the twelve (12) or twenty-six (26) weeks only by the amount of leave actually taken.

If the intermittent or reduced-leave schedule is foreseeable based on planned medical treatment or the staff member is taking Service Member Family Leave, the Superintendent may require the staff member to transfer temporarily to an available alternative position which better accommodates recurring periods of leave. The alternative position shall have equivalent pay and benefits but not necessarily equivalent duties.

Staff Member Notice Requirement

Whenever the leave is foreseeable, the staff member shall provide the Superintendent with thirty (30) days’ notice. If there is insufficient time to provide such notice because of unforeseeable events, the staff member shall provide such notice as soon as possible and practical, generally not later than the next business day after the employee realizes the need for leave. Failure to follow

the leave notice requirements may result in delay of obtaining the leave. Employees will still be required to comply with the absence reporting procedures at their buildings.

When planning medical treatment or taking leave pursuant to Service Member Family Leave, the staff member must consult with the Superintendent and make a reasonable effort to schedule the leave so as not to unduly disrupt the regular operation of the Corporation, subject to the approval of the healthcare provider. Prior to returning to work a doctor's release to work statement must be received.

Substitution of Paid Leave

The staff member may request to substitute (i.e. run concurrently) any of his/her earned or accrued paid leave (e.g. sick leave, personal leave, vacation leave, family leave) (per the applicable collective bargaining agreement) for unpaid FMLA leave (see A-1, B-1, and A-2).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave or sick leave (per the applicable collective bargaining agreement) for unpaid FMLA leave provided for either reason (C-1) or (D-1) and (B-2).

The staff member may request to substitute any of his/her earned or accrued paid vacation, personal leave, family leave or sick leave (per the applicable collective bargaining agreement) for unpaid Service Member Family Leave.

If the staff member has not earned or accrued adequate paid leave to encompass the entire twelve (12) week period of FMLA leave or twenty-six (26) week period of Service Member Family Leave, the additional weeks of leave to obtain the twelve (12) weeks of FMLA leave or twenty-six (26) weeks of Service Member Family Leave, the staff member is entitled to shall be unpaid. Whenever a staff member uses paid leave in substitution for unpaid FMLA leave/Service Member Family Leave, such leave counts toward the twelve (12) week/twenty-six (26) week maximum leave allowance provided by this policy.

Corporation Notice Requirement

The Superintendent will notify the staff member when the Corporation intends to designate leave as FMLA-qualifying. Such notice may be given orally or in writing and should be given within five (5) business days of the request. When verbal notice is given, it will be followed by written notice within five (5) business days. In the case of intermittent or reduced schedule leave, only one (1) such notice is required unless the circumstances regarding the leave have changed. If the Superintendent does not have sufficient information about the reason for the staff member's use of paid leave, the Superintendent may inquire further to ascertain whether the paid leave is FMLA-qualifying. Once the Superintendent learns that a paid leave is for an FMLA leave-qualifying reason, the Superintendent will notify the staff member within five (5) business days that the paid leave will count toward the staff member's twelve (12) week FMLA-leave entitlement. The notification will indicate whether the employee is required to provide a fitness-for-duty certification to return to work.

Limits

In cases in which the Board employs both spouses, the total amount of FMLA leave is twelve (12) weeks for the couple, except when the leave is due to the serious health condition of either spouse or a child. Additionally, the aggregate number of work weeks of leave to which both the husband and wife may be entitled pursuant to this policy is limited to twenty-six (26) work weeks during the single twelve (12) month period provided for in the Service Member Family Leave provision if the leave is taken pursuant to Service Member Family Leave or a combination of general FMLA leave and Service Member Family Leave.

Certification

When FMLA leave is taken for the staff member's own serious health condition or to care for a spouse, parents, or dependent child with a serious health condition (see C-1 and D-1), or Service Member Family Leave is taken, the staff member must provide medical certification from the healthcare provider of the eligible staff member, his/her immediate family member, or the next of kin of the individual. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed.

The staff member either:

- A. submits the medical certification to the Superintendent, or
- B. directs the healthcare provider to transfer the medical certification directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with an HIPAA-compliant authorization.

Staff members are not eligible for leave pursuant to this policy if they work elsewhere during leave pursuant to this policy.

In the event the staff member fails to provide medical certification, any leave taken by the employee is not FMLA leave/Service Member Family Leave.

When the need for FMLA leave is foreseeable and at least thirty (30) days' notice has been provided, the staff member must provide the medical certification before the leave begins. When this is not possible, the employee must provide the requested certification to the Superintendent within fifteen (15) calendar days after the staff member requests FMLA leave unless it is not practicable under the circumstances to do so despite the staff member's diligent and good faith efforts.

Any dispute over eligibility for FMLA leave shall be discussed between the employee and Superintendent. The Corporation shall be responsible for maintaining a record of those communications.

The Board reserves the right to obtain, at its expense, the opinion of a second healthcare provider and, in the event of conflict, the opinion of a third healthcare provider whose decision shall be binding and final. The staff member may either:

- A. submit the opinion of the second healthcare provider, and the opinion of the third healthcare provider if applicable, to the Superintendent; or
- B. direct the second or third healthcare provider to transfer his/her opinion directly to the Superintendent, which will generally require the staff member to furnish the healthcare provider with a HIPAA-compliant authorization.

In the event that the staff member fails to provide the medical opinion of the second or third healthcare provider, if applicable, any leave taken by the staff member is not FMLA leave.

A staff member who takes leave for reason (D-1), prior to returning to work, must provide the Superintendent with a statement from his/her healthcare provider that s/he is able to resume work.

A staff member seeking to take leave pursuant to reason (A-2 or B-2) above must submit, in a timely manner to the Superintendent, an appropriate certification as described by Federal regulations.

Return from Leave

Upon return from any FMLA leave, the Board will restore the staff member to his/her former position or to a position with equivalent employment benefits, pay and conditions of employment. During FMLA leave, the Board shall maintain the staff member's current coverage under the Board's group health insurance program on the same conditions as coverage would have been provided if the staff member had been continuously working during the leave period. If the staff member was paying all or part of the premium payments prior to going on FMLA leave, the staff member must continue to pay his/her share during the leave.

The staff member shall not accrue any sick leave, vacation, or other benefits during a period of unpaid FMLA leave.

The use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave.

If the staff member fails to return to work at the end of the leave for reasons other than the continuation, recurrence, or onset of a serious health condition that entitles the staff member to leave pursuant to reasons (C-1) or (D-1) above or Service Member Family Leave, or for circumstances beyond the control of the staff member, the staff member shall reimburse the Board for the health insurance premiums paid by the Board during the unpaid FMLA leave period.

A staff member who fraudulently obtains FMLA leave is not protected by this policy's job restoration or maintenance of health benefits provisions.

The Superintendent shall prepare any guidelines that are appropriate for this policy and ensure that the policy is posted properly. In any areas where discretion is allowed in the implementation of this policy or its guidelines for implementation, such discretion shall be exercised in a non-discriminatory manner. Similarly, situated persons shall be treated similarly.

The Superintendent shall provide a copy of the policy to all staff members, and retain a record of how and when the policy was distributed. A notice of Rights and Obligations shall also be provided each time an employee requests FMLA leave or the Corporation has sufficient information to believe that the employee may qualify for FMLA leave.

The approval, denial and administration of leave under this policy will be governed by the Family Medical Leave Act of 1993, as amended, and its published regulations, as applied and interpreted by the Superintendent.

CORPORATION

USE OF MEDICATIONS (AG 5330)

The medications and/or treatments which may be administered are defined in Policy 5330. In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should determine with their physician's counsel whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. The Medication Administration Form must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours. This written and signed request form is to be submitted on an annual basis. The Parent is to notify the school in writing if the medication, dosage, schedule, or procedure is changed or eliminated. A new request form must be submitted each school year or for each new medication.
- C. All medications to be administered during school hours must be registered with the principal's office. Upon receipt of the medication, the school nurse shall verify the amount of medication brought to the school and indicate that amount on the student medication log sheet.
- D. For students in grades K through 6, parents must deliver any necessary medications to the school nurse.
- E. For each prescribed medication, the container shall have a pharmacist's label with the following information:
 - 1. student's name
 - 2. physician's name
 - 3. date

4. pharmacy name and telephone
5. name of medication
6. prescribed dosage and frequency
7. special handling and storage directions

- F. Any unused medication unclaimed by the parent will be destroyed by the administrative personnel when a prescription is no longer to be administered or at the end of a school year.
- G. The staff member administering the medication shall ensure that the student takes the medication properly.
- H. If a student does not take the medication at the proper time, the staff member responsible for administering the medication shall take appropriate steps to locate the student and administer the medication and to then notify the parents of the importance of the child reporting on time for his/her medication.
- I. All medications are to be administered in such a way as to not unduly embarrass the student.
- J. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.
- K. If, for supportable reasons, the principal wishes to discontinue the privilege of a student self-administering a medication, s/he shall notify the parent of this decision in sufficient time for an alternative administration to be established.
- L. Dispensing of non authorized, over-the-counter (OTC) medication by Corporation employees to students served by the Corporation is prohibited. Where investigation confirms such allegations, prompt corrective action shall be taken up to and including dismissal.
- M. In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainees, and lay coaches should never dispense, supply or recommend the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

STUDENT SUPERVISION AND WELFARE [POLICY 4213]

Support staff members shall maintain a standard of care for the supervision, control, and protection of students commensurate with assigned duties and responsibilities and are expected to establish and maintain professional staff/student boundaries that are consistent with their legal, professional and ethical duty of care for students.

The Superintendent shall maintain and enforce the following standards:

- A. Each support staff member shall report immediately to a building administrator any accident, safety hazard, or other potentially harmful condition or situation s/he detects.
- B. Each support staff member shall immediately report to a building administrator any knowledge of threats of violence by students.
- C. A support staff member shall not send students on any personal errands.
- D. A support staff member shall not associate or fraternize with students at any time in a manner that may give the appearance of impropriety, including but not limited to, the creation or participation in any situation or activity that could be considered abusive of sexually suggestive or involve harmful substances such as illegal drugs, alcohol, or tobacco. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential prosecution and disciplinary action by the Board up to and including termination of employment.
- E. A support staff member shall not transport students in a private vehicle without the approval of a building administrator.
- F. A student shall not be required to perform work or services that may be detrimental to his/.her health.
- G. If a student approaches a support staff member to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc., the support staff member may attempt to assist the student by facilitating contact with certified or licensed individuals in the Corporation or community who specialize in the assessment, diagnosis, and treatment of the student's stated problem. However, under no circumstances should a support staff member attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student's problem or behavior, nor should such support staff member inappropriately disclose personally identifiable information concerning the student to third persons not specifically authorized by law.
- H. Staff members shall be aware of the potential dangers of engaging in electronic communication with students via email, texting, social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., when such communication is not directly related to curricular matters or co-curricular/extracurricular events or activities.
- I. Staff members are prohibited from electronically transmitting any personally identifiable image of a student(s), including video, photographs, streaming video, etc. via email, text message, or through the use of social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., unless such transmission has been

made as part of an approved curricular matter or co-curricular/extracurricular event or activity such as a school-sponsored publication in accordance with Policy 5722.

Since most information concerning a child in school, other than directory information described in Policy 8330, is confidential under Federal and State laws, any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, alleged child abuse, and any other record information.

Pursuant to the laws of the State and Board Policy 8462, each support staff member shall report to the proper legal authorities, immediately, any sign of suspected child abuse or neglect.

CHILD ABUSE/NEGLECT [POLICY 8462]

As an agency of the State, the School Board is concerned with the physical and mental well-being of the children of this Corporation and will cooperate in the identification and reporting of cases of child abuse in accordance with law.

Each staff member employed by this Corporation shall be responsible for reporting immediately every case, whether ascertained or suspected, of abuse, abandonment, cruelty, or neglect resulting in physical or mental injury to a student by other than accidental means. If a staff member has reason to believe a child is a victim of abuse or neglect, s/he shall immediately make a report to the Department of Child Services ("DCS"), or the appropriate local law enforcement agency, or call the Indiana Child Abuse and Neglect Hotline at 1-800-800-5556, and the building administrator shall secure prompt medical attention for any such injuries reported. After making the report, the staff member shall notify the appropriate building administrator of the circumstances that led to the report that the staff member made to DCS or the police. The building administrator shall document the report, and, if unable to confirm the date and time it was made and/or the identity of the person to whom the report was made, shall contact DCS or the police to ensure that they have received the report and an investigation has begun.

Information concerning alleged abuse or neglect of a student is confidential information and is not to be shared with anyone other than the administration, DCS, the local prosecutor, or the appropriate local law enforcement agency. Unless the parent is the subject of the investigation, the Corporation shall notify the parents that a report was made.

Failing to report suspected child abuse or neglect is a Class B misdemeanor, which is punishable by up to 180 days in jail and a \$1,000 fine.

Building administrators should be mindful of the possibility of physical or mental abuse inflicted by a staff member. A staff member who violates this policy may also be subject to disciplinary action. Information concerning alleged abuse of a student by a teacher is confidential information and is not to be shared with anyone other than the parent(s), administration, DCS, or the appropriate local law enforcement agency. Any such instances, real or alleged, should be dealt with in accordance with the administrative guidelines established by the Superintendent after making a report of suspected abuse or neglect as described above.

The Board required that each Corporation employee who is likely to have direct, ongoing contact with children within the scope of his/her employment attend or participate in training on child abuse and neglect, including:

- A. training on the duty to report suspected child abuse or neglect under I.C.31-33-5; and
- B. training on recognizing possible signs of child abuse or neglect at least once every two (2) years. This training may include:
 1. in-person presentation;
 2. an electronic or technology based medium, including self-review modules available on an online system;
 3. an individual program of students of designated materials.

The training required by this policy shall count toward the Board's requirements for professional development and be provided during the Corporation employee's contracted day or at a time chosen by the employee.

Also, the Board requires that each Corporation employee who is likely to have direct, ongoing contact with children within the scope of the employee's employment to attend or participate in at least one (1) hour of training at least every two (2) years on the identification and reporting of human trafficking. The format of this training may include:

- A. an in-person presentation;
- B. an electronic or technology based medium, including self-review modules available on an online system

This training shall count toward the requirements for professional development required by the Board.

Annually, the Corporation shall provide age-appropriate and research and evidence-based instruction on child abuse and child sexual abuse to students in Kindergarten through Grade 12. This instruction may be delivered by a school safety specialist, school counselor, school social worker, school psychologist, or any person with training and expertise in the area of child abuse and child sexual abuse.

A staff member who violates this policy in any way may be subject to disciplinary action, up to and including termination.

TRANSPORTATION BY PRIVATE VEHICLE [POLICY 8660]

Do not lend your auto to a student. (You are legally liable in case of an accident.) See appendix H.

WEAPONS [POLICY 4217]

The Board prohibits support staff members from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of the Corporation for the purposes of school activities approved and authorized by the Corporation including, but not limited to, property leases, owned, or contracted for by the Corporation, a school-sponsored event, or in a Corporation vehicle; provided, however, that a support staff member is not prohibited from possessing a firearm or ammunition that is locked in the trunk of the support staff member's vehicle, kept in the glove compartment of the support staff member's locked vehicle, or stored out of plain sight in the support staff member's locked vehicle.

Generally, the possession of a firearm in or on school property, in or on property that is being used by a school function, or on a school bus is a felony (I.C.35-47-9-2) and is prohibited by Board policy. However, State law permits a person who may legally possess a firearm to maintain that firearm if it is locked in the person's glove compartment or trunk in the person's locked vehicle. This exception does not apply to students unless it is a high school student who is a member of a shooting sports team and the principal has approved the student keeping a firearm concealed in the student's motor vehicle on days the student is competing or practicing as a member of a shooting sports team. This exception also does not apply to former students if the person is no longer enrolled in school due to a disciplinary action within the previous twenty-four (24) months.

The term “weapon” means any object which, in the manner in which it is used, intended to be used, or represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health or safety of persons. Weapons include, but are not limited to, firearms, tasers, handguns, stun guns, guns of any type, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, chemical weapons, metallic knuckles, martial arts weapons, ammunition, and destructive devices (bombs, incendiary, grenade, Molotov cocktail, rocket with a propellant charge of more than four (4) ounces, etc.) A “knife” is defined as “an instrument that: 1) consists of a sharp edge or sharp pointed blade capable of inflicting cutting, stabbing, or tearing wounds; and 2) is intended to be used as a weapon.” I.C. 35-47-5-2.5(a)

The Superintendent will report an employee who violates this policy to law enforcement officials. The staff member also will be subject to disciplinary action, up to and including termination for violation of this policy.

This prohibition does not apply to weapons under the control of law enforcement personnel.

Exceptions to this policy include:

- A. items approved by a principal as part of a class or individual presentation under adult supervision, if used for the purpose of and in the manner approved; (Working firearms and ammunition shall never be approved.)
- B. theatrical props used in appropriate settings;
- C. starter pistols used in appropriate school related sporting events.

Staff members must report knowledge of dangerous weapons and/or threats of violence by students, staff members, or visitors to the principal. Failure to report such information may subject the staff member to disciplinary action, up to and including termination.

STAFF GIFTS [POLICY 4214]

The School Board discourages the presentation of gifts to support staff members by students and their parents because it could embarrass students with limited means and gives the appearance of currying favor.

It is the policy of the Board that no support staff member should expect or accept gifts for carrying out the terms of his/her assignment.

If a staff member has provided an unusual amount of extra help for a student and the parents insist on showing appreciation, expressions other than money may be accepted.

The Board does recognize, though, that gift-giving to support staff members at some special holidays fits the spirit of the season and gift-giving at the close of an academic year is a part of tradition. At these times, gifts other than money may be accepted.

Upon the recommendation of the Superintendent, the Board shall consider, as appropriate, the presentation of token gifts to retiring members of the staff who have rendered service for a period of time.

Support staff members shall not accept any form of compensation from vendors that might influence their recommendations on or raise a conflict of interest with respect to the eventual purchase of equipment, supplies, or services. See also Board Policy 4113 – Conflict of Interest. Furthermore, support staff members shall not accept any compensation from a vendor after a decision has been made to purchase equipment, supplies, or services from said vendor. In addition, support staff members who recommend purchases shall not enter into a contractual arrangement with a vendor seeking to do business, whereby an individual support staff member receives compensation in any form for services rendered.

Such compensation includes, but is not limited to cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that a support staff member receives such compensation, albeit unsolicited, from a vendor, the support staff member shall notify the Superintendent, in writing, that s/he received such compensation and the compensation has been returned to the vendor.

A Corporation employee making a recommendation to the Board on a matter to be considered by the Board shall not accept a gift or gratuity from a person or entity having a substantial personal or pecuniary interest in the Board’s decision on the matter in accordance with the restrictions and provisions of I.C.35-44-1-1-4.

HARASSMENT

It is the policy of the Board of School Trustees to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board. See the Anti-Harassment Policy 3362 (Appendix Q).

THREATENING AND/OR INTIMIDATING BEHAVIOR TOWARD STAFF MEMBERS [POLICY 4362.01]

The School Board believes that a staff member should be able to work in an environment free of threatening or intimidating speech or actions.

Threatening behavior consisting of any words or deeds that intimidate a staff member or cause anxiety concerning his/her physical well-being is strictly forbidden. Any student, parent, visitor, staff member, or agent of this Board who is found to have threatened a member of the staff will be subject to discipline and reported to the principal. The principal shall immediately make an oral report to the local law enforcement agency.

The Superintendent shall implement guidelines whereby students and employees understand this policy and appropriate procedures are established for prompt and effective action on any reported incidents.

FIRST AID REGULATIONS

1. GENERAL DIRECTIVES FOR ILLNESS AND INJURY

Any child injured or ill on school property during school hours will be given emergency treatment or first aid care by the nurse as needed. - A. If, in the judgment of the principal, nurse, or other designated employee, the injury or illness is serious enough to require hospitalization, the child should be transported immediately by emergency vehicle, ambulance, or private vehicle. In case of a critical emergency, where immediate life-saving help is needed the emergency squad, or other appropriate agency, will be called. The school is to notify the parent/s guardians after calling for emergency assistance. If at all possible, send the emergency card with the child.
- B. The school should be prepared to give to the police, firemen, or other rescue officials written information indicating the child's name, parents' names, telephone number, and home address.
- C. The school will obtain information about the destination or hospital to which the child is taken.

4. TRANSPORTATION

- A. No sick or injured child will be transported to his home and left alone. The child must be left in the care of a responsible adult.
- B. Providing for transportation and adult supervision is the responsibility of parents/guardians who, in the event that they themselves may be unavailable, will provide for transportation and supervision by a responsible adult. Transportation of the child by school personnel will be provided as a last resort.

5. RECORDING EMERGENCY TREATMENT

Anyone giving emergency first aid to a pupil will briefly record the treatment on the accident form provided in each school.

AIDS INFORMATION SECTION

DEFINITION OF AIDS:

Acquired Immunodeficiency Syndrome or AIDS is a serious condition caused by a virus which can destroy the body's ability to combat infections. Persons with AIDS can acquire diseases that lead to death.

TRANSMISSION OF AIDS (How AIDS is spread):

1. Sexual contact with an infected person with the AIDS virus.
2. Exchange of blood with an infected person (through infected needles or less frequently from infected blood products from an infected person.
3. Mother to child transmission before or during birth.

MAJOR RISK GROUPS FOR AIDS:

1. Homosexual/Bisexual men comprise 74% of confirmed AIDS cases.
2. Heterosexual IV drug users comprise 17% of confirmed AIDS cases.
3. Persons with Hemophilia and Coagulation Disorders who received contaminated blood products comprise 3% of confirmed AIDS cases.
4. Heterosexual sex partners of persons with AIDS or at risk for AIDS comprise 4%

PREVENTION OF AIDS:

1. Risk reduction related to sexual contact.
2. Risk reduction related to IV drug abuse.
3. Health education about AIDS.

COMMON MISINFORMATION ABOUT AIDS:

1. AIDS is not spread by casual, social, or family contact.
2. People can work with others, use public toilets and swimming pools, eat at restaurants, and attend public events with persons with AIDS without fear of getting AID.
3. Children with the AIDS virus pose no risk for other students in a school setting.
4. There is no evidence to show that AIDS is transmitted by insects, flies, or mosquitoes.
5. Although traces of the AIDS virus have been found in saliva, the amount is so small, there have been no reported cases of AIDS transmitted this way.
6. Persons caring for family members with AIDS who take normal precautions are not at risk for AIDS. This is also true for healthcare workers, ambulance attendants, policemen, and firemen.

AIDS PRECAUTIONS IN A SCHOOL SETTING:

1. All contact with body fluids must be considered as potentially infectious.
2. Latex gloves must be worn by all staff members coming in contact with blood and other body fluids from another person from scrapes, cuts, nosebleeds, vomitus.
3. Latex gloves and approved disinfectant must be used by any staff member who cleans a body fluid spill.
4. In unanticipated skin contact with body fluids where gloves may not be immediately available, the affected skin surfaces must be washed with soap and water for ten seconds as soon as possible.

INFECTION CONTROL IN THE SCHOOL

The following information is meant to provide simple and effective precautions to prevent the spread of disease in the school setting.

GOALS OF INFECTION CONTROL IN THE SCHOOL:

1. Increase student and staff safety by teaching disease prevention.
2. Identify potentially infectious body fluids requiring barrier precautions.
3. Provide simple, effective precautionary behaviors to prevent the transmission of diseases.

DEFINING THE PROBLEM OF DISEASE TRANSMISSION IN THE SCHOOL:

1. The body fluids of all persons must be considered potentially infectious which may result in the spread of disease.
2. The term "body fluids" includes blood, semen, drainage from cuts and scrapes, feces, urine, vomitus, respiratory secretions (nasal drainage and sputum), and saliva.
3. Direct contact with the body fluids of another person must be avoided when possible in the school setting.

PREVENTING DISEASE TRANSMISSION IN THE SCHOOL:

1. Proper hand washing technique is the single most effective way to prevent the spread of most communicable diseases transmitted by normal daily contact.
2. Disposable, nonpermeable gloves must be worn by all staff who come in contact with the body fluids of another.
3. Non Permeable gloves and approved disinfectant must be used by all staff who clean a body fluid spill. All body fluid spills must be treated as potentially infectious.
4. In unanticipated skin contact with the body fluids of another, where gloves were not immediately available, the affected skin area(s) must be washed with soap and water for ten seconds as soon as possible.
5. All potentially infectious waste materials (tissues, band aids, gauze, disposable cleaning papers) must be disposed of in nonpermeable lined containers to prevent skin contact with the disposer.

USE OF TOBACCO ON SCHOOL PROPERTY (Policy 7434)

The School Board recognizes that the use of tobacco presents a health hazard which can have serious consequences both for the user and the nonuser and is, therefore, of concern to the Board.

For the purposes of this policy "tobacco" is defined to include any lighted or unlighted cigarette, cigar, pipe, bed, clove cigarette, and any other smoking product: spit tobacco, also known as smokeless, dip, chew, nicotine pouch and snuff, in any form; and all electronic nicotine delivery systems (ENDS) such as e-cigarettes and vape and hookah pens.

The use of tobacco products poses health issues for the user and second-hand smoke is a threat to the personal health of others. In addition, nicotine is a powerfully addictive substance and the use of tobacco products could lead to nicotine addiction.

In order to protect students and staff from the adverse impact of tobacco smoke on indoor air quality and encourage students to not use tobacco in any form, the Board prohibits the use of tobacco within any facility owned or leased or contracted for by the Board. Such prohibition also applies on school grounds, on school buses at any school-related event.

Employees who violate this policy shall be subject to disciplinary action in accordance with the applicable policies of the Board.

DRUG FREE WORKPLACE (Policy 4122.01)

The School Board believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting which is free from the use of any controlled substance.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance and alcohol, and any drug paraphernalia, by any member of the Corporation's support staff at any time while on Corporation property or while involved in any Corporation-related activity or event. Any staff member who violates this policy shall be subject to disciplinary action in accordance with Corporation guidelines.

The Superintendent shall establish guidelines that ensure compliance with this policy and that each staff member is given a copy of the standards regarding unlawful manufacture, possession, use, distribution, or dispensing of illicit drugs and alcohol by staff and informed that compliance with this requirement is mandatory. Such guidelines shall provide for appropriate disciplinary actions, if and when needed.

EMPLOYEE ASSISTANCE PROGRAM (EAP) [POLICY 4170.01]

The School Board believes that early recognition and treatment of alcohol or drug abuse is important for successful rehabilitation, return to productive work, and reduced personal, family, and social disruption.

The Corporation encourages the earliest possible diagnosis and treatment for alcoholism and drug abuse and supports sound treatment efforts. Whenever feasible, and subject to the limitations described here, the Corporation will assist staff members in overcoming their alcohol or drug abuse problems. However, the decision to seek diagnosis and accept treatment for alcohol or drug abuse is primarily the individual staff member's responsibility.

Self-Referral

Staff members with personal alcohol or drug abuse problems should request assistance from the principal or the Superintendent. Assistance will be provided on a confidential basis, and each staff member will be referred to the appropriate treatment and counseling services. Staff members who, in dealing with alcohol or drug abuse problems, voluntarily request assistance through the EAP may do so without jeopardizing their continued employment with the Corporation subject to compliance with Board Policy 4122.01 – Drug-Free Workplace.

Corporation Referral

Staff members who test positive and/or drug use/abuse and who are referred, at Corporation request, for counseling or treatment will be limited to one (1) opportunity for counseling or treatment to cease the use of alcohol and or drugs.

A positive test for the use of illegal drugs will result in immediate termination.

Special Consideration

All Corporation-requested staff member treatment and counseling will require, at a minimum, that the staff member immediately cease any alcohol and/or drug use/abuse and that the staff member be subject to periodic unannounced testing for a twelve (12) month period following enrollment in the program. Undergoing treatment or counseling for the first time, at the Corporation's request, will normally not jeopardize a staff member's employment. However, the Corporation will be required in certain safety-sensitive situations to remove from certain duties, such as driving a school bus. If other work cannot be found, the staff member's employment will be terminated.

CHEMICAL MANAGEMENT AND PREPAREDNESS FOR TOXIC OR ASBESTOS HAZARD [POLICY 8431]

The School Board is concerned for the safety of the students and staff members and will attempt to comply with all Federal and State statutes and regulations to protect them from hazards that may result from exposure to toxic chemicals used in the classroom as a part of an instructional program, as well as toxic chemicals used for cleaning or maintenance or from the presence of asbestos materials used in previous construction.

Chemical Management/Toxic Hazards

In order to reduce student and staff exposure to chemical hazards used or kept at the school corporation facilities, the Superintendent will be responsible for developing and implementing a plan for minimizing exposure to these toxic hazards.

These hazards exist in chemicals and other substances used in the school setting such as in laboratories, science classrooms, kitchens, school grounds, buses, and in the cleaning of rooms, and equipment.

The Board will appoint an employee to serve as the Toxic Hazard Preparedness (THP) Officer who shall oversee the implementation of the Corporation's Chemical Management/Toxic Hazards Plan. The plan may include:

- A. provisions to ensure when chemicals are used during a class, such as but not limited to chemistry, biology, or industrial technology, appropriate ventilation in proper working order must be used to minimize potential exposure to these chemicals (either the National Institute for Occupational Safety and Health (NIOSH) or the Occupational Safety and Health Administration (OSHA) guidelines for evaluating student exposure must be used);
- B. identify potential sources of toxic hazard in cooperation with material suppliers who shall supply the THP Officer with materials which shall be followed by all Corporation employees in using said materials; B. ensure that all incoming materials, including portable containers, are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacture or responsible party;
- C. a storage protocol which provides for safe storage and ensures that all incoming materials, including portable containers, are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party;
 - 1. details the methods used to inform staff and students of the hazards;
 - 2. describes the methods used to inform contractors and their employees of any hazardous substances to which they may be exposed and of any corrective measures to be employed;

- E. comply with EPA regulations governing the transportation and disposal of asbestos and asbestos-containing materials.

The Superintendent shall appoint a person to develop and implement the Corporation's Asbestos-Management Program which will ensure proper compliance with Federal and State laws and the appropriate instruction of staff and students.

The Superintendent shall also ensure that, when conducting asbestos abatement projects, each contractor employed by the Corporation is licensed pursuant to the Asbestos Abatement Contractors Licensing Act.

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

INDOOR AIR QUALITY (IAQ) POLICY 8405

The Superintendent shall appoint a person to serve as the Indoor Air Quality (IAQ) Coordinator for the school corporation. The IAQ Coordinator shall serve as the lead contact person for matters related to indoor air quality in the facilities operated by the school corporation.

BUS MAINTENANCE AND CLEANING

All drivers are to be absolutely certain your bus is in top condition at all times. This includes brakes, battery, heater, tires, lights, steering, and all other items which contribute to safety. Refueling should be completed before or after running your route.

It is the driver's responsibility to maintain a clean bus at all times. Such cleaning should, at minimum, include but not be limited to sweeping the floor and/or picking up trash and gum on a daily basis. A small wastebasket is provided near the front door for student use. Seat covers should be inspected on a regular basis and repairs made immediately to avoid further damage.

During cold weather be sure your bus windows are defrosted and your bus warmed before picking up students. **Provide for a 15 minute warm up period in cold weather.**

FM RADIOS

FM radios are installed in each regular and corporation owned bus for the driver's convenience in communication with other buses, building administration, and the superintendent's office. **These radios are to be used for official school business only and not for personal conversation.** If you contact the office in reference to a discipline problem, **DO NOT** use the student's name over the air.

The radio will be properly cared for by the driver. The corporation will pay for the radio, installation, and normal maintenance. Damage to the unit or antenna due to negligence is the responsibility of the driver. When maintenance is needed, contact the superintendent's office for instructions concerning such repair.

LICENSE/PHYSICAL EXAM

Physical exams are required every two years. The form required by the state should be on file in the office for your most current physical exam. The Corporation will reimburse for one CDL physical every two years for all regular route and special education drivers up to \$100.00. (Proof of physical and payment must be provided.)

CPR TRAINING/RENEWAL

CPR training/renewal is available to all transportation employees at the corporation's expense every two years.

PAY SCHEDULE

Drivers will be paid in two week intervals (26 pays) throughout the year. Refer to the current pay schedule (Appendix B) for specific dates.

CELL PHONES

Cell phones may not be used by any driver while the bus is in motion. This includes any stops during the route. It is a violation of state statute to text while driving any motor vehicle. Cell phones should be turned off while driving a route or ECA trip.

CHECKING YOUR BUS

Upon the completion of each run and the departure of students, drivers are required by state statute to walk through the bus and check for any student who may have fallen asleep or failed to exit the bus. This procedure must be done for your regular runs or any field trip before the driver exits the bus. Leaving a child on the bus must be reported to the Indiana Department of Education and will result in suspension and/or termination.

DRIVER LAP & SHOULDER BELTS

State statute requires all drivers to be properly restrained with lap and shoulder belts while driving the bus. Failure to do so is a safety violation that may result in personal liability for the driver should an accident occur.

SMOKE FREE /TOBACCO FREE

As outlined in SMCS Policy 4215-Use of Tobacco by Support Staff *"The Board prohibits the use of tobacco by support staff members in school buildings at all times. Such prohibition also applies on school grounds, on school buses, and at any school-related event."*

BUS IDLING

Drivers of all public and private vehicles are to turn off the engine if the vehicle is to be stopped more than five (5) minutes in locations where the vehicle exhaust may be drawn into the building or while on school grounds.

PERSONAL PROTECTIVE EQUIPMENT

The Corporation will provide personal protective equipment (PPE) when needed. PPE is required to be used at all times. Failure to use PPE can result in disciplinary action including termination for repeated offenses.

EXTRA-CURRICULAR TRIPS

ECA Bus Driver Pay Schedule

Corporation Owned Buses Rate as determined by the Board of School Trustees

Contractor Owned Buses Rate as determined by the Board of School Trustees

Mileage will be paid using the current pump reading at 6 miles per gallon.

Mileage will be paid from the school of origin through the activity and return to school of origin.

School Sponsored Trips

All drivers for extra-curricular trips must be approved by the Corporation. Individuals who would like to drive for these activities should contact the Transportation Director prior to the start of each school year.

Extra-Curricular Bus Regulations

1. All buses and drivers must be scheduled through the transportation office. All trips will be assigned at the sole discretion of the Corporation.
2. Buses will be assigned to trips by the Director or assistant based on availability and schedule.
3. The interior of the bus shall be inspected prior to the activity and again at the conclusion of the activity by the driver and the sponsor/coach. Any damage caused by a group shall be the responsibility of the group.
4. It is the responsibility of the sponsor/coach to make sure the bus is clean upon return. All trash, such as paper and drink containers, should be placed in the wastebasket provided on the bus.
5. Upon return from the activity the bus must be placed back in the bus pen.
6. Trips will be assigned based on the information you have provided us. The more limitations as to your availability, the fewer trips you will be assigned.
7. In the event you cannot drive a scheduled trip, contact the office immediately. DO NOT give the trip to another driver without permission. This will ensure a more even distribution of field trips.
8. Claims for all field trips must be filed within ten days of the trip for payment. DO NOT hold these claims.

TRANSPORTATION FOR FIELD AND OTHER CORPORATION-SPONSORED TRIPS [POLICY 8640]

It shall be the policy of the School Board to use regular or special-purpose school vehicles for transportation on field and other Corporation-sponsored trips.

The transportation for all field and other Corporation-sponsored trips is to be by vehicles owned or approved by the Corporation and driven by approved drivers. Exceptions must have the approval of the Superintendent.

Transportation costs for field trips shall be paid from individual school accounts or the Corporation accounts as specified in the Superintendent's administrative guidelines. Students may also be charged a field trip fee to cover transportation costs. No child shall be denied participation for inability to pay.

The Corporation will assume the transportation costs for all trips for competitive co-curricular, athletic, and other extra-curricular activities.

Transportation may be limited by the availability of vehicles, drivers, and scheduling and will not be available when needed for general school purposes.

All field trips shall be supervised by members of the staff. All other Corporation-sponsored trips shall be supervised by either staff members or adults from the sponsoring organization. Any time students are on the vehicle, at least one (1) sponsor, chaperone, or staff member is expected to ride in the vehicle as well as to supervise students upon return to the Corporation and while they are waiting for rides home.

All students are expected to ride the approved vehicle to and from each activity. A special request must be made to the staff member or sponsor by the parent, in writing or in person, to allow an exception.

Corporation students not affiliated with the trip activity, non-corporation students, and/or children of preschool age shall not be permitted to ride on the trip vehicle without prior approval from the principal.

No student is allowed to drive on any trip. An exception may be made by the principal on an individual basis provided the student has written parental permission.

The Superintendent shall prepare administrative guidelines to ensure that all transportation is in compliance with Board policy on use of Corporation vehicles and/or use of private vehicles.

CONTRACTED DRIVERS

Non-School Sponsored Trips

If you intend to use your contracted bus to drive non-school sponsored events, a trip slip (Special Use of School Buses – Bus Driver Trip Ticket – Appendix I) and approval is required prior to the activity. Such trips will be approved in accordance with validly adopted Board policy and state/federal regulations. Make sure such requests are made in advance of the planned activity, and follow administrative guidelines (Appendix J).

Attendance

Contractors are expected to drive on a daily basis. In the event you are unable to drive due to illness or for any other reason, you may utilize a substitute driver who has been approved by the Corporation. At such times the contractor is required to notify the Director of Transportation prior to the absence. In cases of emergency, such notification must be made within 24 hours of the absence.

Bus Rental

If it is necessary to use one of the corporation-owned buses, contact the transportation office as early as possible. The Director will assign the bus for your use. Rental rates will be charged in each case and such rental will be due in the Superintendent's Office according to the notice we send you. Rental will be charged until the bus is returned to the bus pen.

Driver Information

Bus drivers are reminded the following reports are due to the Superintendent's Office:

- a. Certificate of insurance (prior to the start of each school year).
- b. Bus driver physical exam (every two years) - 2 forms are required
- c. Bus driver data
- d. Other forms and reports as required by the school or Department of Education (distributed at the annual driver meeting).

Insurance

All contracted drivers must file a certificate of insurance with the superintendent's office before the beginning of each school year. While some insurance companies do this automatically, it is the owner's responsibility to verify such a certificate is on file. Drivers will not be permitted to operate their bus on a route or extra-curricular trip until such insurance is verified in writing to our office.

South Madison School Corporation shall be listed as, "additionally insured" on the contract driver's policy.

In the event the Superintendent's Office is notified such insurance is no longer in force during the school year, such bus will be immediately taken out of service until written notice of reinstatement is received in the office.

Pay Schedule

Drivers will be paid in two week intervals (26 pays) throughout the year. Refer to the current pay schedule (Appendix B) for specific dates. Any adjustment in a contracted daily rate due to the fuel adjustment will be in accordance with the current fuel adjustment addendum.

Contracted Route Changes

All route changes must be approved by the office. Pay for additional mileage above the maximum mileage stated for a contracted route will be made at the driver's per mile rate. Should you have any questions in reference to a route change, contact the office.

BUS SAFETY PROCEDURES AG 8605

The primary responsibility of the school bus driver is to provide safe transportation for students. When children are being transported on a school bus, they are under the supervision, direction and control of the school bus driver. Bus safety requires the driver to be aware of all safety features of the bus, and to instruct students in the best practices for safely entering, leaving, and riding the bus each day. The driver must also partner with parents and guardians to ensure that students who leave home in the morning safely return that evening. The superintendent, or his designee, shall ensure that all bus drivers observe the following regulations:

1. Pre-trip inspections of buses are required of all drivers. This inspection shall be done prior to each bus trip and will include, at a minimum, the following:
 - a. Tires
 - b. Fluid leaks & levels
 - c. All lights and warning systems
 - d. Emergency door, hatch and windows
 - e. Brakes
 - f. Stop arm
 - g. Turn signals
 - h. Windshield wipers
2. If during a pre-trip inspection or bus trip a mechanical defect is discovered that would jeopardize the safety of students, the bus will be taken out of service until the defect is corrected. Both serious and minor mechanical problems are to be documented on the district's repair form and given to the bus maintenance staff for correction.
3. It is the driver's responsibility to maintain a clean bus at all times. Such cleaning will, at a minimum, include picking up trash on a daily basis and sweeping the bus weekly. Drivers are expected to enforce the student rule of no eating, drinking or chewing of gum on the bus. However, eating and drinking may be allowed for "special occasions" at the discretion of the driver.
4. During cold weather, the driver must ensure that the diesel engine is warmed and the windshield is defrosted before leaving the bus pen. The driver must also plug in the engine heater each evening at the end of the run.
5. FM radios are installed in all buses to facilitate business communication between drivers, buildings and the administrative services center. The driver is expected to use professional judgment when using the radio.
6. No one may operate any bus on a route or extra-curricular trip without a proper license. Should a driver's license expire or be suspended, the driver must immediately notify the superintendent's office. The driver will not be able to drive until the license is reinstated. Failure to notify the Director will result in disciplinary action, up to and including suspension or termination. The school system may perform license checks with the State of Indiana at any time.
7. Cell phones may not be used by any driver while the bus is in motion.
8. Upon the completion of each run and the departure of students, drivers shall walk through the bus and check for any student who may have fallen asleep. In the mornings, this should be completed before leaving PHMS for your elementary route. Leaving a student on the bus will result in suspension and/or termination.
9. Drivers are to report to the superintendent's office any unsafe condition they may notice while driving their route or extra-curricular trip.
10. Due to the threat of abduction and/or child abuse, drivers must only release elementary students at their assigned stop, unless a note has been provided by the parent or guardian. The driver is expected to be very cautious about leaving any younger elementary student (grades K-2) at a home where no one appears to be home.
11. Since most student injuries on buses occur while boarding or leaving the bus, drivers will train all student riders in the proper procedures for loading, unloading and crossing in front of the bus. At the school building, drivers will only unload students at the designated parking space or at the curb. Students may not be released from a bus at a location that requires them to go between cars or buses to reach the school building.
12. Because student behavior can cause driver distraction and accidents, the driver must enforce the Rules for Pupils Riding Buses using the District's Bus Student Behavior Management Plan.
13. To ensure the safety of all students, a bus driver must be on the bus when students are on the bus. This includes the loading and unloading of students. The only exceptions are emergency situations, or when another adult (e.g. teacher) has responsibility for the students.

14. Drivers of extra-curricular trips are required to follow all state and district policies and regulations relating to the operation of a school bus. To ensure the safety and timely return of students, drivers should remain at the extra-curricular location with the students at all times. At the discretion of the coach, sponsor, or teacher in charge, the driver may be allowed to leave the location, but only if he/she can be contacted when needed (e.g. cell phone). In no case may the bus be more than 10 minutes away from the students.

SCHOOL BUS SAFETY PROGRAM

The safe transportation of students to and from school activities is of primary importance in the administration of the school bus program. All state laws and regulations pertaining to the safe use of school buses shall be observed by drivers, students, and school personnel.

District-owned and or provided buses shall be constructed, equipped and inspected in accordance with Indiana law and administrative rules and requirements adopted by the State Board of Education. The District shall not transport students in vehicles that do not meet the Indiana requirements of a "school bus" with the following exceptions:

1. Small numbers of students may be transported in a personal vehicle at the discretion of the building administrator. (See Appendix H – Policy 8660)
2. Parents may transport their own children home from extra-curricular functions at the discretion of the coach or building administrator.
3. Charter buses may be used to transport students at the discretion of the Superintendent.

All school buses used for the purpose of transporting students shall have an annual vehicle inspection by the Indiana State Police with the appropriate state forms completed by September 30 of each year.

Buses shall be maintained in safe operating condition through a sound preventive maintenance program. Transportation Services shall maintain a comprehensive record of all maintenance and repairs performed on each corporation bus.

Bus drivers shall adhere to all state licensing requirements and District regulations. Drivers will maintain student discipline to reduce distractions and to provide a safe environment on the bus. Training of bus drivers and aides will be a priority of Transportation Services.

The superintendent shall ensure that there is instruction for all students in school bus safety and emergency evacuation procedures. The following instruction shall be provided by the bus driver to his/her riders once each semester:

1. Emergency evacuation through all available emergency exits;
2. Planned and orderly evacuation of the school bus in case of emergency, including participation in actual evacuation drills;
3. Safe operation of windows;
4. Awareness and knowledge of posted bus safety rules and regulations;
5. Location and proper use of fire extinguishers, first-aid kits and warning reflectors;
6. Safe school bus riding procedures, including loading, unloading, and crossing.
7. Proper operation of seat belts.

REGULATIONS FOR PUPILS RIDING BUSES

Since a school bus is an extension of the classroom, children shall be required to conduct themselves in a manner consistent with established standards for classroom behavior. Parents and students are reminded that school transportation is a privilege and not a right. The bus driver is the sole authority on the bus while students are being transported. Therefore, the driver shall keep order, maintain discipline, treat all children with respect, and provide for the safety of the children. School bus drivers shall assure that all students observe the following regulations:

1. Students are expected to conduct themselves in a proper and safe manner at bus stops. Students are expected to be at the assigned stop when the bus arrives so the driver may maintain his/her route schedule.
2. Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. A temporary change in a student's assigned bus stop or bus may be granted by the principal or driver for a special need. In such cases, a note from a parent, for students in grades K-6, shall be submitted to the principal and driver stating the reason and duration of the change. In order to board the bus, guests of K-6 riders must have prior approval of the principal or driver. A permanent transfer to

another route or bus stop for daily pick-up and afternoon drop-off will only be made upon approval of the Director of Transportation.

3. Students will cross all streets/roads at least ten (10) feet in front of the school bus and after the driver has stopped and signaled the student that it is safe to cross. Students are to stay out of the bus "danger zone," a ten (10) foot area around the bus, at all times.
4. For the safe operation of the school bus, noise on buses shall be kept at a minimum with students speaking in reasonable conversation voices. Loud, boisterous, profane language, or indecent conduct shall not be tolerated. Passengers must be quiet at railroad crossings and other danger zones as designated by the bus driver.
5. Students shall remain seated while the bus is in motion and keep all parts of their bodies inside the bus. Arms, feet, books, backpacks, and instruments shall be kept out of the aisle. Seats may be assigned at the discretion of the driver.
6. Doors and windows shall only be opened or closed with the driver's permission.
7. Students are not to eat or drink on the bus, unless special permission is granted by the bus driver. Chewing gum is not allowed on the bus.
8. Objects will not be thrown in or out of the bus.
9. For safety reasons, students in grades K through 6 must carry all loose items such as books, papers, and folders in a backpack.
10. Students are to follow the directions of the driver the first time they are given.
11. Transportation of certain types of cargo on the school bus shall be forbidden. Examples of such cargo shall include, but is not limited to, live animals, items forbidden by law or school regulation, objects that pose a safety hazard to the student or others on the bus, and objects too large to hold in the student's lap. Carry-ons with handles and wheels are not allowed unless special permission is granted by the principal or bus driver. If there is a question on the transportation of a particular item, the principal and/or driver should be consulted in advance.
12. Students may use wireless communication devices on the bus at the discretion of the bus driver, teacher or sponsor/advisor/coach. Other electronic devices (e.g. MP3 player, CD player, laptop) may be used on the bus as long as they are not disruptive and are used in a manner consistent with policy and established standards for classroom behavior.
13. Vandalism of buses will not be tolerated. Students will be required to pay for damaged seats or damaged equipment.
14. Maintaining discipline on the bus is the responsibility of the bus driver. Under normal circumstances progressive discipline shall be used. A bus driver has the authority to suspend a student for one school day or to impose other disciplinary measures. The bus driver shall notify the parent prior to any suspension from the bus. The building principal or designee has the authority to suspend a student for a period up to ten (10) days. In extreme cases a student may have riding privileges removed for a period longer than ten (10) days. The building principal or designee may take such action after an investigation has determined such action is necessary. In either case, the parents shall be informed of the length of time riding privileges will be removed and the reason for the action. When riding privileges are suspended, the student is prohibited from riding any school bus to or from school during the suspension period.
15. Neither the school corporation nor the bus driver is responsible for student items lost or damaged on the school bus.

DRUG AND ALCOHOL TESTING OF CDL LICENSE HOLDERS [POLICY 4162]

The School Board believes that the safety of students while being transported to and from school and school activities is of utmost importance and is the primary responsibility of the driver of the school vehicle. To fulfill such a responsibility, each bus driver, as well as others who perform safety-sensitive functions with School Corporation-owned and/or operated ("Corporation-owned") vehicles (collectively, "Covered Employees") must be mentally and physically alert at all times while on duty. To that end, the Board has established this policy and others related to employees' health and well-being.

The Board expects all CDL license holders to comply with Board Policy 4122.01 on Drug Free Workplace which prohibits the possession, use, sale, or distribution of alcohol and any controlled substance on school property at all times. Further, the Board concurs with the Federal requirement that all Covered Employees should be free of any influence of alcohol or controlled substances while on duty.

The Board directs the Superintendent to establish a drug and alcohol testing program whereby each Covered Employee is tested for the presence of alcohol in his/her system as well as for the presence of the following controlled substances:

- A. Marijuana metabolites
- B. Cocaine metabolites
- C. Opiates metabolites
- D. Amphetamines
- E. Phencyclidine (PCP)

The drug tests are to be conducted in accordance with Federal and State regulations and Administrative Guideline 4162A -Alcohol testing Program for CDL Holders and Employees who Perform Safety-Sensitive Functions: a.) prior to employment for CONTROLLED SUBSTANCES ONLY b.) for reasonable suspicion, c.) upon return to duty after any alcohol or drug rehabilitation, d.) post- accident; e.) on a random basis, and f.) on a follow-up basis.

The Superintendent shall require that the Corporation query the FMCSA's Drug and Alcohol Clearinghouse for current and prospective DCL holders' drug and alcohol violations before allowing a driver to operate a Corporation-owned and/or operated vehicle, consistent with Federal regulations, including consent requirements.

Any staff member who tests positive shall be prohibited from performing or continuing to perform his/her safety-sensitive functions (e.g., driving any Corporation-owned vehicle) immediately and be referred to the Corporation's Employee Assistance Program and subject to discipline, up to and including discharge, in accordance with Corporation guidelines and the terms of any applicable collective bargaining agreements. No staff member who has tested positive for alcohol or a controlled substance may be returned to a safety-sensitive position without having been evaluated by a qualified substance abuse professional (SAP), completing any required treatment program, and passing a retest. Return to a safety-sensitive position is solely at the Corporation's discretion and the employee may be required to participate in ongoing services if recommended by the SAP. Any staff member who has tested positive for alcohol or a controlled substance will be provided with a list of SAPs available and acceptable to the Corporation.

Furthermore, if during any test the lab determines that an adulterant has been added to the specimen, then the test will be considered positive and the employee shall be prohibited from driving any Corporation-owned vehicle and be referred to the Corporation's Employee Assistance Program the employee will be re-tested with an observed collection to prevent the addition of an adulterant to the specimen.

Any staff member who refuses to submit to a test shall be prohibited from performing or continuing to perform his/her safety-sensitive functions (e.g., driving any Corporation-owned vehicle) immediately.

The Board directs the Superintendent to comply with Department of Transportation regulations requiring that the Board provide educational materials that explain the requirements of drug and alcohol testing according to Federal regulations and the Board's policies and procedures for compliance with those regulations to school bus drivers and any organization of these employees. After the initial distribution of materials to each driver employed at the time of the distribution, the Superintendent or a designee shall see that each employee subsequently hired or transferred into one of these positions received the materials required by this policy.

The materials to be provided to drivers pursuant to this policy shall include a detailed discussion of the following:

- A. the contact information for the Transportation Director, who is the individual designated by the Board to answer employee questions about the educational materials
- B. a statement that all CDL Holders and other employees who perform safety-sensitive functions are subject to Federal law addressing the misuse of alcohol and other controlled substances

- D. information concerning prohibited conduct
- E. the circumstances under which employees are subject to testing for alcohol and/or controlled substances
- F. the procedures for testing for the presence of alcohol and controlled substances in order to protect the employee and the integrity of the testing process, to safeguard the validity of the test results, and to confirm the results are attributed to the correct employee, including post-accident information, procedures, and instructions required under Federal regulations
- G. the requirement that staff members submit to an alcohol or controlled substances test as required by the regulations
- H. an explanation of what constitutes a refusal to be tested for alcohol or controlled substances and the attendant consequences
- I. the consequences of testing positive, including the requirements of immediate removal from safety-sensitive functions, and the procedures regarding referral, evaluation, and treatment
- J. the consequences for employees found to have an alcohol concentration of 0.02 or greater but less than 0.04

ALCOHOL TESTING PROGRAM FOR CDL HOLDERS AND EMPLOYEES WHO PERFORM SAFETY-SENSITIVE FUNCTIONS GUIDELINES

The purpose of the School Corporation's drug-testing program is to institute and maintain a program for achieving the objective of a drug-free work force and to provide a workplace that is free from the illegal and improper manufacture, distribution, dispensing, possession, sale, and use of alcohol and controlled substances. This administrative guideline and Board Policy 4162 provide educational materials to explain the requirements of Federal regulations and the Corporation's policies and procedures to meet these requirements.

The program will assist Commercial Driver's License (CDL) holders, including school bus drivers, and employees who perform safety-sensitive functions (collectively, "Covered Employees") in understanding and avoiding the perils of illegal drug use and controlled substance abuse. The Corporation will provide a comprehensive drug-free awareness program as an ongoing educational effort to prevent and eliminate illegal drug use and controlled substance abuse. The drug-free awareness program will inform Covered Employees about:

- A. the dangers of illegal drug use and controlled substance abuse;
- B. indicators of probable alcohol misuse and controlled substance abuse;
- C. Board Policy 4122.01 - Drug-Free Workplace, Policy 4161 - Unrequested Leaves of Absence/Fitness for Duty, Policy 4170 - Substance Abuse, and Policy 4170.01 - Employee Assistance Program;
- D. the availability of treatment and counseling for employees who voluntarily seek such assistance;
- E. the sanctions that may be imposed for violations of Policy 4122.01

Definitions

- A. The term "alcohol" means the intoxication agent in beverage alcohol, ethyl alcohol or other low molecular weight alcohols, including methyl or isopropyl alcohol.
- B. The term "illegal drug" means drugs and controlled substances, the possession or use of which is unlawful, pursuant to Federal, State, and/or local laws and regulations.
- C. The term "controlled substance" includes any illegal drug and any drug that is being used illegally, such as a prescription drug that was not legally obtained or not used for its intended purposes or in its prescribed quantity. The term does not include any legally-obtained prescription drug used for its intended purpose in its prescribed quantity unless such use would impair the individual's ability to safely perform safety-sensitive functions. Controlled substances include the following substances:
 - 1. marijuana;
 - 2. cocaine;
 - 3. amphetamines;
 - 4. opioids;
 - 5. phencyclidine (PCP).
- D. The term "controlled substance abuse" includes excessive use of alcohol as well as prescribed drugs not being used for

prescribed purposes, in a prescribed manner, or in the prescribed quantity.

E. The term “safety-sensitive functions “ includes all tasks associated with the operation and maintenance of Corporation-owned and/or operated vehicles. This term further includes any period in which an individual is actually performing, ready to perform, or immediately available to perform any safety-sensitive function. Safety-sensitive functions shall include:

1. All time at an employer or shipper plant, terminal, facility, or other property, or on any public property, waiting to be dispatched, unless the individual has been relieved from duty by the employer.
2. All time inspecting equipment as required by the Federal regulations or otherwise inspecting, servicing, or conditioning any commercial motor vehicle at any time.
3. All time spent at the driving controls of a commercial motor vehicle in operation.
4. All time, other than driving time, in or upon any commercial motor vehicle except time spent resting in a sleeper berth (a berth conforming to the requirements of the Federal regulations).
5. All time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded.
6. All time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

F. The term “Covered Employee” means all commercial driver license (CDL) holders and regular and substitute bus drivers as well as other staff who operate, inspect, service and condition a commercial motor vehicle (CMV) while on duty, regardless of whether they are required to hold a CDL.

This policy also covers other staff members who drive students in or inspect, service, and condition non-CMV Corporation vehicles.

G. Refuse to submit (to an alcohol or controlled substances test) means that the individual:

1. Fails to appear for any test (except a pre-employment test) within a reasonable time, as determined by the Corporation, consistent with applicable Department of Transportation (“DOT”) regulations, after being directed to do so by the Corporation. This includes the failure of an employee (including an owner-operator) to appear for a test when called by a consortium/third party administrator (C/TPA).
 2. Fails to remain at the testing site until the testing process is complete. Provided, however, that an employee who leaves the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test.
 3. Fails to provide a urine specimen for any drug test required by this part or DOT agency regulations. Provided, however, that an employee who does not provide a urine specimen because s/he has left the testing site before the testing process commences for a pre-employment test is not deemed to have refused to test.
 4. In the case of a directly observed or monitored collection in a drug test, fails to permit the observation or monitoring of the individual’s provision of a specimen.
 5. Fails to provide a sufficient amount of urine when directed, and it has been determined, through a required medical evaluation, that there was no adequate medical explanation for the failure.
 6. Fails or declines to take a second test the employer or collector has directed the individual to take.
 7. Fails to undergo a medical examination or evaluation, as directed by the medical review officer (MRO) as part of the
- verification process, or as directed by the designated employer representative (DER). In the case of a pre-employment drug test, the employee is deemed to have refused to test on this basis only if the pre-employment test is conducted following a contingent offer of employment.
8. Fails to cooperate with any part of the testing process (e.g., refuses to empty pockets when so directed by the collector, behaves in a confrontational way that disrupts the collection process).
 9. Is reported by the MRO as having a verified adulterated or substituted test result.

REQUIRED BACKGROUND CHECK AND RECORDKEEPING

The Corporation shall make the following inquiries of employees seeking to begin performing safety-sensitive (e.g., school bus driving) duties for the first time for the Corporation, including both new hires and employees transferring into safety-sensitive duties:

- A. An inquiry to each State where the employee held or holds a motor vehicle operator’s license or permit during the preceding three (3) years to obtain his/her motor vehicle record (must occur within thirty (30) days of the date employment begins; and
- B. An investigation of the employee’s safety performance history with DOT regulated employers during the preceding three (3) years. This investigation must, at a minimum include the following:
 1. General driver identification and employment verification information;

2. The data elements specified in the Federal regulations for accidents involving the driver that occurred in the three (3) year period preceding the date of the employment application, including:
 - a. any accidents as defined by 49 C.F.R. 390.5; and
 - b. any accidents the previous employer may wish to provide that are retained pursuant to 49 C.F.R. Part 382, Subpart B or 49 C.F.R. Part 40;
3. Whether the employee had violated the alcohol and controlled substance prohibitions in 49 C.F.R. Part 382, Subpart B or 49 C.F.R. Part 40;
4. Whether the employee failed to undertake or complete a rehabilitation program prescribed by a substance abuse professional ("SAP") pursuant to 49 C.F.R. 382.605 or to 49 C.F.R. Part 40, Subpart O (if the previous employer does not know this information, the Corporation must obtain documentation of the employee's successful completion of the SAP's referral directly from the employee);
5. Alcohol tests with a result of 0.04 or higher alcohol concentration;
6. Verified positive drug tests; and
7. Refusals to be tested (including verified adulterated or substituted drug test results).

If the individual admits to testing positive or refusing to test, the individual shall not be permitted to perform safety-sensitive functions unless and until the employee documents successful completion of return-to duty requirements.

All individuals the Corporation seeks to hire as an employee who will perform safety-sensitive functions, including drivers, must provide written consent to allow the Corporation to request the above information from all DOT-regulated employers who have employed the potential employee for any period of time during the previous three (3) years.

The written consent shall be provided to the employers from whom the Corporation requests information. If the individual does not provide written consent to the Corporation, the individual will not be permitted to perform safety-sensitive functions. If the Corporation receives information that the employee has violated a DOT drug and alcohol regulation, the employee shall not be permitted to perform safety-sensitive functions unless the Corporation receives information that the employee has subsequently complied with return-to-duty requirements.

Upon receipt of the requested information, the Corporation shall make efforts to review the information before the employee begins performing safety-sensitive functions. If prior review is not feasible, the Corporation shall review the information as soon as possible. However, if the Corporation has not obtained or documented a good faith effort to obtain the requested information within thirty (30) days of the date on which the individual began performing safety-sensitive functions, the individual shall not be permitted to perform safety-sensitive functions.

Information received pursuant to this section, or the good faith efforts the Corporation made to obtain the information, must be maintained as a written, confidential record for three (3) years from the employee's first performance of safety-sensitive duties.

The Corporation must notify applicants with DOT regulated employment during the preceding three (3) years, via the application form or other written document prior to any hiring decision, that s/he has the following rights regarding the above-referenced investigative information that will be provided to the Corporation:

- A. The right to review information provided by previous employers;
- B. The right to have errors in the information corrected by the previous employer and for that previous employer to re-send the corrected information to the Corporation;
- C. The right to have a rebuttal statement attached to the alleged erroneous information if the previous employer and the applicant cannot agree on the accuracy of the information.

PROHIBITED ACTIVITIES

All CDL holders and employees who perform safety-sensitive functions are required to abide by Board policies related to drugs and alcohol, including observing the following prohibitions. Any violation will lead to disciplinary action, up to and including termination of employment.

A. Alcohol Concentration

No Covered Employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions (e.g. driving a school bus) while having an alcohol concentration of 0.02 or greater. No supervisor, who has actual knowledge or

having received a verified positive test result indicating that a Covered Employee has an alcohol concentration of 0.02 or greater, shall permit the driver or employee who performs safety-sensitive functions to perform or continue to perform safety-sensitive functions (e.g., driving a school bus).

B. On Duty Use

No Covered Employee shall consume or possess alcohol while performing safety-sensitive functions (e.g., driving a school bus). No supervisor, having actual knowledge or having received a verified positive test result indicating that a Covered employee (e.g., driving a school bus) is consuming or possessing alcohol while performing safety-sensitive functions, shall permit the Covered Employee to perform or continue to perform safety-sensitive functions. The supervisor shall not wait to receive a written report or result of a split specimen test before removing the Covered Employee who performs safety-sensitive functions from his/her duties.

C. Pre-Duty Use

No Covered Employee who performs safety-sensitive functions shall perform safety-sensitive functions (e.g., driving a school bus) within six (6) hours of using alcohol. No supervisor, having actual knowledge or having received a verified positive test result indicating that a Covered Employee who performs safety-sensitive functions has used alcohol within six (6) hours of performing safety-sensitive functions, shall permit the Covered Employee to perform or continue to perform safety-sensitive functions (e.g., driving a school bus). The supervisor shall not wait to receive a written report or result of a split specimen test before removing the Covered Employee from his/her duties.

D. Use Following an Accident

No Covered Employee who performs safety-sensitive functions required to take a post-accident alcohol test shall use alcohol for eight (8) hours following the accident, or until the Covered Employee undergoes a post-accident alcohol test, whichever occurs first.

E. Refusal to Submit

No Covered Employee shall refuse to submit to a pre-employment controlled substances test, a post-accident alcohol or controlled substances test, a random alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substances test, a return-to-duty alcohol or controlled substances test, or a follow-up alcohol or controlled substances tests. No supervisor shall permit a Covered Employee who refuses to submit to such tests to perform or continue to perform safety-sensitive functions(e.g., driving a school bus).

F. Controlled Substances Use

1. No Covered Employee shall report for duty or remain on duty requiring the performance of safety-sensitive functions (e.g., driving a school bus) when the Covered Employee consumes or possesses any controlled substance while on duty, or consumes any controlled substance within six (6) hours before reporting to duty, except when the use is pursuant to a prescription issued to the Covered Employee by a licensed medical practitioner, who is familiar with the Covered Employee medical history and has advised Covered Employee that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle or perform safety-sensitive functions.
2. No supervisor, having actual knowledge or having received a verified positive test result indicating that a driver or employee who performs safety-sensitive functions is consuming or possessing a controlled substance while on duty or has consumed any controlled substance within six (6) hours before reporting to duty, shall permit the Covered Employee to perform or continue to perform a safety-sensitive function (e.g., driving a school bus). The supervisor shall not wait to receive a written report or result of a split specimen test before removing the Covered Employee from his/her duties.
3. A supervisor may require a Covered Employee to inform him/her of any therapeutic use drug.

G. Controlled Substance Testing

No Covered Employee shall report for duty, remain on duty or perform a safety-sensitive function, if the Covered Employee tests positive or has adulterated or substituted a test specimen for controlled substances. No supervisor having actual knowledge that a Covered Employee has tested positive or has adulterated or substituted a test specimen for controlled substances shall permit the Covered Employee to perform or continue to perform safety-sensitive functions (e.g., driving a school bus).

CONSEQUENCES OF PROHIBITED ACTIVITY AND TESTING IRREGULARITIES

A. **Removal from Safety-Sensitive Functions**

A Covered Employee who participates in any of the prohibited activities enumerated above, who tests positive for drugs or alcohol as explained herein, or who refuses to submit to a test shall be removed immediately from his/her safety-sensitive functions and subject to discipline. Disciplinary action, including termination, also will be imposed on any Covered Employee who:

1. fails to enroll, when requested by the Corporation, in an alcohol or other drug treatment or counseling program and/or fails to adhere to the requirements of the program;
2. is indicted or convicted under any criminal drug statute or alcohol statute for a violation occurring in the workplace or outside the workplace;
3. fails to notify the Corporation of any indictment or conviction under any criminal drug statute or alcohol statute within five (5) days of the event; or
4. does not comply with regulations promulgated under any testing program.

Nothing in this provision shall preclude the Board from imposing discipline, up to and including termination of a Covered Employee's employment.

The Corporation shall remove a driver or employee who performs safety-sensitive functions from the safety-sensitive functions upon initial receipt of a verified positive test result. The Corporation shall not wait to receive a written report of the results of a test.

If a driver or employee who performs safety-sensitive functions is found to have an alcohol concentration of 0.02 – 0.039, s/he shall be prohibited from performing any and all safety-sensitive functions (including driving) until the start of the Covered Employee's next regularly-scheduled shift, but not less than twenty-four (24) hours following the administration of the test. If a Covered Employee is found to have an alcohol concentration of 0.04 or greater, s/he shall immediately be removed from duty and prohibited from performing any and all safety-sensitive functions (including driving) for the period of time specified by a Substance Abuse Professional and unless and until they pass a return-to-duty test.

A driver or employee who performs safety-sensitive functions shall be removed from his/her safety-sensitive functions if the Corporation receives a verified adulterated or substituted test result, or if the driver or employee who performs safety-sensitive functions has otherwise violated the DOT drug and alcohol regulations.

If an MRO informs the Corporation that a positive specimen for a driver or employee who performs safety-sensitive functions is diluted, the Corporation will consider the test as a verified positive test and take appropriate removal action, up to and including termination.

Nothing in these provisions shall preclude the Board from imposing discipline, up to and including termination of a Covered Employee's employment.

B. **Return-to-Duty (Safety-Sensitive Positions)**

Covered Employees who are removed from performing safety-sensitive functions as a result of this policy, but who are not discharged, must take and pass a return-to-duty test before returning to performing safety-sensitive functions. The return-to-duty test will not occur until after a Substance Abuse Professional (SAP) has determined that the employee has successfully complied with prescribed education and/or treatment. The employee must have a negative drug test result and/or an alcohol test with an alcohol concentration of less than 0.02 before resuming performance of safety-sensitive duties.

C. **Recollection and Testing Under Direct Observation**

When the Corporation receives a canceled test result when a negative test result is required (e.g., pre-employment, return-to-duty, or follow-up testing), the Covered Employee must provide another specimen immediately.

If the Corporation receives a test result indicating that the urine specimen test of the driver or employee who performs

safety-sensitive functions was canceled because it was invalid and that a second collection must take place under direct observation, the Covered Employee must provide a new specimen immediately under direct observation. The Covered Employee will not receive advance notice of this requirement. The Corporation will not attach any other consequences to a finding of an invalid test result.

If an MRO informs the Corporation that a negative specimen for a Covered Employee is diluted, and the MRO directs the Corporation to conduct a recollection under direct observation, the Covered Employee must be ordered to do so immediately. Otherwise, the Covered Employee may be instructed to take another test immediately, but not under direct observation. All Covered Employees must receive similar retesting treatment under the latter option. For any retesting of a diluted specimen ordered, 1) the Covered Employee must be afforded the minimum possible advance notice, 2) the result of the retest must be treated as the test result of record, 3) the Covered Employee must not be ordered to take a subsequent test if the result of the retest is also negative and diluted, unless the MRO directs otherwise, and 4) if the Covered Employee declines to retest, the Corporation shall consider this a refusal to test.

In addition to any disciplinary action, the Corporation may, for a first offense, in its sole discretion, refer the Covered Employee to a treatment or counseling program for alcohol or drug abuse. Covered Employees must immediately cease any use of alcohol, illegal drugs or controlled substances, must consent to unannounced testing, and must comply with all other conditions of the treatment or counseling program and the disciplinary action imposed by the Corporation. Appropriate Corporation representatives shall determine whether a staff member referred for use of alcohol, illegal drugs, or controlled substance shall be reassigned to another available position.

After successful completion of all program requirements, the Covered Employee will be subject again to the Corporation's testing program which applies to Covered Employees who are applying for employment. The Corporation also may require continued testing for a specific period of time for any Covered Employee who has been referred to an alcohol or drug program by the Corporation.

TESTING FOR ALCOHOL AND CONTROLLED SUBSTANCES

The Corporation has established a testing program in accordance with approved DOT procedures, for alcohol, illegal drugs, and controlled-substances for all Covered Employees and will, in its sole discretion, determine and may at any time change the requirements, extent, and frequency of staff member testing.

General Procedure

- A. The Corporation will afford applicants and Covered Employees the opportunity, prior to testing, to list all prescription and nonprescription drugs and controlled-substances they have used and to explain the circumstances surrounding the use of such drugs and controlled substances. Failure of any applicant or Covered Employee to establish adequately a legal basis for the use of any drug or controlled substance with respect to which s/he tests positive shall constitute a violation of these rules.
- B. Applicants and Covered Employees who are subject to testing must, prior to testing, sign an approved form agreeing to the testing, authorizing the release of test results to the Corporation's Medical Review Officer (MRO), and authorizing the disclosure of the results by the MRO to the Transportation Director, the Superintendent, and/or the School Board. The MRO will obtain the results of the analyses and communicate or disclose such results to the parties named above in accordance with the Corporation's policies and procedures and appropriate sections of the negotiated agreement, if any.
- C. The Corporation may use such information in connection with Corporation business and for purposes of employment and disciplinary actions, and may disclose it when required to Government agencies and to others upon valid legal requests.
- D. The procedures that will be used for the testing for alcohol and drug use shall protect the Covered Employee and the integrity of the testing processes, safeguard the validity of the test results, and ensure that those results are attributed to the correct staff member. The procedures of the entity performing alcohol and drug testing for the Corporation are attached to the guideline.
- E. The Corporation, prior to taking any action, will give all Covered Employees who test positive the opportunity to explain in writing the test reasons for the results. Failure of any staff member to establish adequately a legal basis for the use of any drug or controlled substance with respect to which the staff member tests positive shall constitute a violation of these rules.

- F. The Corporation will establish and maintain any and all additional testing programs and requirements that may be necessary or appropriate to comply with applicable rules and regulations of all Government agencies.

PROCEDURE TO BE USED BY TESTING FACILITY

The procedures used by the Corporation's testing facility are to be provided to Covered Employees along with this guideline and related policy.

Pre-Employment Testing

Prior to employment or upon receipt of a CDL if already employed, each Covered Employee shall undergo testing for controlled substances.

If the results of a pre-employment controlled substance test prove negative and diluted, a retest will be given. A second negative and diluted controlled substance test will be the basis for non-employment.

A pre-employment test for controlled substances will not be required if the Covered Employee has participated in a drug-testing program that meets Federal requirements within the previous thirty (30) days and, while participating in that program, either was tested for controlled substances within the past six (6) months from the date of application to the Corporation or participated in a random controlled substances testing program for the previous twelve (12) months from the date of application. The Covered Employee also must verify that s/he has no record of a violation of drug use during the previous six (6) months. The candidate shall sign Form 4162 F3 authorizing the release of the information from the previous testing to the Corporation.

The Transportation Director shall contact the alcohol and/or controlled substances testing program(s) in which the Covered Employee participated and obtain the following information:

- A. name and address of the program
- B. verification that the Covered Employee participated in the program
- C. verification that the program conforms to Federal law
- D. verification that the Covered Employee is qualified as described above and has not refused to be tested for alcohol and controlled substances
- E. the date the Covered Employee was last tested for alcohol and/or controlled substances
- F. the results of any tests taken within the previous six (6) months and any other use violations.

Post-Accident Testing

As soon as practicable following an accident involving a Corporation vehicle, the Corporation shall test for alcohol and controlled substances of each surviving Covered Employee:

- A. who was performing safety-sensitive functions with respect to the vehicle if the accident involved the loss of human life; or
- B. who receives a citation within eight (8) hours of the occurrence under State or local law for a moving traffic violation arising from the accident if the accident involved either:
 - 1. injury of any person requiring medical treatment away from the accident scene; or
 - 2. a vehicle had to be towed from the accident scene.

This section does not apply to:

- A. an occurrence involving only boarding or alighting from a stationary motor vehicle; or
- B. an occurrence involving only the loading or unloading of cargo; or

- C. an occurrence in the course of the operation of a passenger car or a multipurpose passenger vehicle, as defined in the Federal regulations, by an employer unless the motor vehicle is transporting passengers for hire or hazardous materials of a type and quantity that require the motor vehicle to be marked or placarded in accordance with the Federal regulations.

If an alcohol test is not administered within two (2) hours following the accident, the Corporation shall file a record stating the reasons the test was not promptly administered. If a test is not administered within eight (8) hours following the accident, the test shall not be administered and the record shall indicate the reason why the test was not administered. The record shall be submitted to the Federal Motor Carrier Safety Administration (FMCSA) upon request.

If a test is not administered within thirty-two (32) hours following the accident, the Corporation shall cease attempts to administer the test and file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

A Covered Employee who is subject to post-accident testing shall remain readily available for such testing. A Covered Employee who fails to remain readily available for such testing shall be deemed by the Corporation to have refused to submit to testing. The required testing shall not delay necessary medical attention for injured people following an accident or prohibit a Covered Employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care.

The Corporation shall provide each Covered Employee with necessary post-accident information, procedures, and instructions prior to the CDL holder operating a Corporation vehicle or the employee performing safety-sensitive functions.

Random Testing

Each year, ten percent (10%) of the average number of Covered Employees shall be subject to unannounced, random alcohol testing and fifty percent (50%) shall be subject to random drug testing. These numbers are subject to change based on the FMCSA Administrator's decision to increase or decrease the annual percentage rate for alcohol and controlled substances, consistent with the Federal Regulations.

The selection of Covered Employees for random alcohol and controlled substances testing shall be made by a scientifically valid method provided by the Corporation's drug-testing facility. Under the selection process used, each Covered Employee shall have an equal chance of being tested each time selections are made.

[If the Corporation conducts random testing for alcohol and/or controlled substances through a consortium, the number of Covered Employees to be tested may be calculated for each individual Corporation or may be based on the total number of Covered Employees covered by the consortium.]

The Transportation Director shall ensure that random alcohol and controlled substances tests are unannounced and that the dates for such tests are spread reasonably throughout the calendar year.

Each CDL holder or employee who performs safety-sensitive functions who is notified of selection for random alcohol and/or controlled substances testing shall be relieved of any job responsibilities as soon as safely possible and proceed to a test site immediately.

Reasonable Suspicion

A Covered Employee shall be required to submit to an alcohol or controlled substances test when the Corporation has reasonable suspicion to believe that the individual is under the influence of alcohol or a controlled substance. A Covered Employee shall be tested for alcohol only while the Covered Employee is performing safety-sensitive functions or operating a Corporation vehicle, just before the Covered Employee is to perform safety-sensitive functions or operate a Corporation vehicle, or just after the Covered Employee has ceased performing safety-sensitive functions or operating a Corporation vehicle. The Corporation's determination that reasonable suspicion exists must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the Covered Employee. Reasonable suspicion observations may include indications of the chronic and withdrawal effects of controlled substances. The person who determines that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the Covered Employee.

Only supervisors or other Corporation officials who have received not less than sixty (60) minutes of training on alcohol use and not less than an additional sixty (60) minutes of training on controlled substances use shall be able to make determinations regarding whether reasonable suspicion exists for Covered Employees subject to DOT regulations. Reasonable suspicion observations may be

made during, just preceding, or just after the period of the work day that the Covered Employee is required to be in compliance with these guidelines.

An alcohol test based on reasonable suspicion shall be conducted within two (2) hours following a finding of reasonable suspicion. If an alcohol test is not performed within two (2) hours, the Corporation shall prepare a record stating the reasons why the test was not promptly administered. All attempts to perform a reasonable suspicion alcohol test must cease if not administered within eight (8) hours, and a record must be made if the test is not administered within eight (8) hours.

If the test results indicate that the Covered Employee is under the influence of or impaired by alcohol, the Corporation shall not permit the individual to continue to operate a Corporation vehicle or perform safety-sensitive functions until an alcohol test is administered and the individual's alcohol concentration measures less than 0.02 or for twenty-four (24) hours after the test.

The Corporation shall file a written record of the observations leading to a controlled substance, reasonable suspicion test, signed by the supervisor or Corporation official who made the observations, within twenty-four (24) hours of the observed behavior or before the results of the controlled substances test are released, whichever is earlier.

Return-to-Duty Testing

The Corporation shall ensure that, before a Covered Employee returns to duty after engaging in prohibited alcohol and/or controlled substance conduct, or after the Covered Employee refuses to submit to a test, s/he submits to an evaluation by a Substance Abuse Professional (SAP), undergoes an education/treatment process, and completes a return-to-duty alcohol test with a result indicating an alcohol concentration of less than 0.02 and a verified negative result for illegal drug use. The return-to-duty alcohol test may not be administered until after the SAP has determined that the driver or employee who performs safety-sensitive functions has successfully completed the SAP's recommendations.

Covered Employees must comply with return-to-duty testing procedures if they have a verified positive drug test result, an alcohol test with a concentration of 0.04 or greater, refuse to test, or otherwise violate DOT drug and alcohol regulations.

Follow-Up Testing

If the Covered Employee is receiving assistance in resolving problems associated with alcohol misuse and/or use of controlled substances from a qualified, substance abuse professional, s/he shall be subject to unannounced follow-up alcohol and/or controlled substances testing as determined by the SAP and consisting of at least six (6) tests within the first twelve (12) months of his/her return to duty and at the Corporation's discretion, less frequently during the next four (4) years. All such tests shall be conducted in accordance with the Federal regulations.

TRANSPORTATION ACCIDENT PROCEDURE

PURPOSE

The safety and welfare of students shall be the first consideration pertaining to school transportation. Therefore, this policy sets out specific procedures to be followed in the event of an accident involving a school bus owned or contracted by the school corporation.

A) REPORTING

All traffic accidents, no matter how minor, must be reported by the driver to the Superintendent's office. The Superintendent's office will contact the building principal of the students involved and parents of students on the bus will be contacted as soon as possible. Any accident estimated at over \$1,000 or involving penetration of the bus (e.g. shattered window or personal injury) must also be reported to the appropriate police department. For accidents requiring a police report, if the driver is unable to contact the Superintendent's office, he/she will call 911 and supply all pertinent information.

In addition, a written accident report must be prepared by the driver and submitted to the Superintendent's office within 24 hours of the accident. This report shall contain, at a minimum, the following information:
Specific explanation of what happened and the vehicles involved.

1. List containing names of any witnesses to the accident.
2. List containing names of all passengers on the bus.
3. Notation of any evidence of injury, including the name of the injured person.
4. Notation of any medical attention given to any person.
5. Notation of environmental or human factors (obstructions, animals, etc.)

B) PASSENGERS & EMERGENCY MEDICAL PERSONNEL

Until a district administrator and/or emergency personnel arrive at the scene, the driver, if physically able, will execute the following procedures.

1. If safety conditions warrant, evacuate passengers to a safe location at least 100 ft. from the side of the roadway.
2. Survey all passengers regarding possible injuries and administer critical first aid.
3. Make a list of all passengers on the bus and their seat location. Note any injuries.
4. Allow only emergency personnel or school administrators to enter the bus.
5. Ensure that no passengers leave the bus or the scene until transported by ambulance, or released by a district administrator or police officer. Once released, students may be allowed to go home with their parents. Keep a record of all students released or transported from the scene.
6. Make no statements to the media or bystanders. Refer questions to the district administrator.
7. Do any or all of your passengers need to be transported to a hospital?

SMCSC understands that there are cases in which absence is necessary, but unnecessary absences must be kept to a minimum.

Paid leave time is summarized in Appendix P "Support Staff Benefits Addendum" in the SMCSC Support Staff Handbook. Paid leave time is not automatically approved leave time, as it is subject to approval by the employee's immediate supervisor and in some cases, the Director of Nutrition Services. Staff must complete a Support Staff Leave Request form when requesting leave. All leave forms should be submitted to the cafeteria manager and then forwarded to the Director of Nutrition Services.

1. All days must be taken in full day increments. Only Managers are allowed to take half day increments.
2. Notification of absence

 - b. Sick Days
 - i. Current year Sick days may be used as either Personal or Family Illness (immediate family). Accrued sick leave can only be used for Personal Illness. All current year days must be used before accrued sick leave can be used.
 - ii. Doctor's appointments:
 1. All efforts must be made to schedule doctor's appointments outside of scheduled working hours. Exceptions can be made on a case per case basis in a situation of emergency or illness.
 - c. Unpaid Days

SMCSC recognizes that an employee may have a situation outside of their control. In this case, an employee may:

 - a. Request a transfer to substitute status. (NOTE: Transfer to substitute does not guarantee a future permanent position).
 - b. Submit a letter or email to the Director of Nutrition Services as a request for an extended leave of absence. Requests will be reviewed by the Director of Nutrition Services and the Superintendent or his/her designee.
 - c. FMLA has eligibility requirements that make most Nutrition Services employees not eligible (i.e. must work 1250 hours over the previous 12 months). For detailed information, see part G. Family and Medical Leave Act of 1993 in the SMCSC Support Staff Handbook.

OPEN COMMUNICATION (POLICY 4112)

It will be the policy of the South Madison Community School Corporation to develop and practice reasonable and effective methods of resolving difficulties arising among all employees. The intent is to reduce potential areas of conflict and to establish and maintain recognized channels of communication between staff and administration.

The specific purposes to be served by this problem-solving procedure are:

1. to ensure that a problem is considered fairly, with all due speed, and without prejudice or reprisal to the employee;
2. to encourage employee expression regarding conditions affecting him/her;
3. to provide an orderly succession of procedures within which solutions may be pursued;
4. to build confidence in the sincerity and integrity of the problem-solving procedure as a means to establish the facts upon which the problem is based and a fair conclusion or solution is reached.

Problem-Solving Procedural Steps

Any employee may invoke this informal problem-solving procedure. No employee will discourage the use of this policy by any other employee. Likewise, no employee will be disciplined in any way as a result of the employee's use of this policy. It is recommended that discussion be initiated with the individual's immediate supervisor. In the event this is not possible, or if the employee would prefer, the problem may be initiated at the next highest level. Neither the administration nor the Board of School Trustees will consider any problem submitted on an anonymous basis and/or through a third party.

Step One

The employee shall endeavor to discuss the matter with the immediate supervisor/principal as soon as it is practical to do so.

Step Two

The employee, if not satisfied with the results of the discussion, may request and be granted an appointment with the appropriate central office administrator or superintendent.

Step Three

The employee, if not satisfied with the results of the discussion, may request and be granted a meeting with the Board of School Trustees. Any decision rendered and set forth by the Board shall be considered final and binding on the parties.

NOTE:

A separate grievance procedure is in place for the purpose of dealing with misinterpretation, misapplication, or violation of provisions in the collective bargaining agreement with certified employees. Therefore, the problem solving procedure is not intended to deal with any negotiated contract issue, nor is it intended to supplement or replace the formal grievance procedure in the negotiated contract. The problem solving procedure is simply a method by which employees may initiate a discussion on issues of his/her concern with the administration.

REQUIRED REPORTS AND PROTECTION OF WHISTLEBLOWERS [POLICY 4211]

The School Board recognizes that its employees teach its students by example and serve as a role model for students. It therefore requires that they exemplify high standards of honesty and integrity and comply with Indiana and Federal law, Board policies and administrative guidelines in their words and actions. To implement these expectations, the Board requires its employees to report possible violations of these Board standards to their immediate supervisor.

An employee who is aware of words or acts of a Board member or employee that may violate Federal or Indiana law, Board policy, or administrative guidelines shall bring the words or actions to the attention of the employee's immediate supervisor. If the immediate supervisor does not respond within a reasonable time, or the immediate supervisor is the officer or employee whose words or actions are in question, the employee shall make the report required by this policy to the Superintendent. If the words or acts that violate this policy are the Superintendent's words or acts, the report shall be made to the Board president. An employee also may report suspected malfeasance, misfeasance or nonfeasance by a public officer to the State Board of Accounts.

Employees are subject to disciplinary action, up to and including termination for knowingly or recklessly making a false report under this policy or failing to make a report required by this policy.

After a verbal report of a violation of this policy is made, the immediate supervisor will direct that reporting employee to put the report in writing. If a reporting employee requires assistance in making a written report, the immediate supervisor shall assist the reporting employee.

An employee making a report required by this policy shall be protected from discipline, retaliation, or reprisal for making a report required by this policy as long as the employee had a good faith belief in the truth and accuracy of the information reported at the time of the report. A report in compliance with this policy is not required if the employee confirms that another employee has reported the same words or actions.

STAFF EDUCATIONAL TECHNOLOGY ACCEPTABLE USE AND SAFETY [POLICY 7540.04]

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The School Board provides Technology Resources and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff's work. The School Corporation's computer network and Internet system do not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purposes.

The Board regulates the use of Corporation Technology Resources and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Corporation's educational mission. This policy, its related administrative guidelines, Policy 7544 and AG 7544, and any applicable employment contracts and collective bargaining agreements govern the staffs' use of the Corporation's Technology Resources and Information resources and staff's personal communication devices (PCDs) when they are connected to the Corporation's computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Corporation-owned property or at a Corporation-sponsored activity (see Policy 7530.02).

Users are prohibited from engaging in actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like) when using Corporation Technology Resources and Information Resources. Because its Technology resources are not unlimited, the Board also has instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Corporation Technology Resources and Information Resources including but not limited to privacy in the content of their personal files, e-mails, and records of their online activity when using the Corporation's computer network and/or Internet connection.

Staff members are expected to utilize Corporation Technology Resources and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online education services will be guided by Board policy 2520 - Selection on Instructional Materials and Equipment.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, Corporation Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Corporation may not be able to limit access technology through its Technology Resources to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it service as a gateway to any publicly available file servicer in the world, opens classrooms and students to electronic information resources which may not have been screened by educators for use by students of various ages.

The Board prohibits the sending, receiving, viewing, or downloading of materials that are harmful to minors on computers, and other technology-related devices owned or leased by the Corporation or connected to the Corporation's computer network.

Pursuant to Federal law, the Corporation has implemented technology protection measures, that protect against (e.g. filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using Corporation Technology Resources if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any staff member who attempts to disable the technology protection measures without the express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The Superintendent or Director of Technology may temporarily or permanently unblock access to websites or online education services/apps containing appropriate material, if access to such sites has been blocked inappropriately by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protective actions of the technology protection measures. The Superintendent or Director of Technology may also disable the technology protection measures to enable access for bona fide research or other lawful purposes.

Staff members will participate in professional development programs in accordance with the provisions of law and this policy. Training shall include:

- A. the safety and security of students while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the inherent danger of students disclosing personally identifiable information online;
- C. the consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyber bullying and other unlawful or inappropriate activities by students online; and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

Furthermore, staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security and specified above, and staff members will monitor students' online activities while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

Building principals are responsible for providing training so users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Corporation Technology Resources. All users of Corporation technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

With prior approval from the Superintendent, staff may direct students who have been issued school-assigned email accounts to use those accounts when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the students for educational purposes under the teacher's supervision.

Staff members are responsible for good behavior on the Corporation’s technology and Information resources, i.e., behavior comparable to that expected when they are in classrooms, in school hallways, and other school premises and at school-sponsored events. Communications on Education Technology are often public in nature. The Board does not approve any use of Technology Resources and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Staff members may use Corporation Technology Resources to access or use social media only if it is done for Corporation educational or business-related purposes.

Staff members’ use of Corporation Technology Resources to access or use social media shall be consistent with Policy 7544 and its accompanying guidelines.

General school rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Technology Resources not authorized by this Board Policy and its accompanying guidelines.

The Board designates the Superintendent and Director of Technology as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members’ use of Corporation Technology and Information Resources.

Social Media Use

In addition, Federal and State confidentiality laws forbid schools and their employees from using or disclosing student education records without parent consent (see Board Policy 8330). Education records include a wide variety of information, and posting personally identifiable information about students is not permitted. Staff members who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential student or employee information may be disciplined.

Nothing in this policy is intended to interfere with any school employee’s rights under applicable law with respect to union organizing or collective bargaining.

This policy shall be posted on the Corporation’s website.

SMCSA professionals need to deliver quality, professional service at all times. It is very important to maintain a favorable impression in keeping with our professional image. The way our employees present themselves in both appearance and conduct is extremely important in creating, enhancing and maintaining this impression. The instructional staff and the office support staff of SMCSA must be well groomed and wear appropriate professional clothing as well as to maintain professional conduct during work hours.

Staff employees are expected to consistently maintain a professional appearance, school ID and dress appropriately for their work assignment. Attire must be at minimum considered acceptable "business casual". Exceptions may be made by the school principal for staff participating in field trips where jeans, tee shirts, and sweat shirts are acceptable attire.

If nonschool activities threaten an employee's effectiveness within the School Corporation, the Board reserves the right to evaluate the impact of such activity upon the employee's responsibility to the Corporation.

ANTI-HARASSMENT (POLICY 3362)

General Policy Statement

It is the policy of the School Board to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School Corporation operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age, religion, ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as "unlawful harassment"), and encourages those within the Corporation community as well as Third Parties who feel aggrieved to seek assistance to rectify such problems.

All Corporation employees, including administrators, professional staff and support staff, shall report any incident of alleged unlawful harassment (see definition above) occurring in the Corporation's employment opportunities, programs and/or activities, or, if initially occurring off Corporation grounds or outside the Corporation's employment opportunities, programs and activities, affecting the Corporation environment that the employee observes or which is reported to the employee.

The Board will investigate all allegations of harassment and, in those cases where unlawful harassment is substantiated, take immediate steps to end the harassment, prevent its recurrence, and remedy its effects.

Individuals who are found to have engaged in unlawful harassment shall be subject to appropriate disciplinary action.

Other Violations of the Anti-Harassment Policy

The Corporation also will take immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment or who has participated as a witness in a harassment investigation.
- B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Notice

Notice of the Board's policy on anti-harassment related to employment practices and the identity of the Corporation's Compliance Officers will be posted throughout the Corporation and published in any Corporation statement regarding the availability of employment, staff handbooks, and general information publications of the Corporation as required by Federal and State law and this policy.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges or is alleged to have been subjected to unlawful harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Respondent is the individual who is alleged to have engaged in unlawful harassment, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged harassment.

Corporation community means students, Corporation employees (i.e., administrators and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include but are not limited to guests and/or visitors on Corporation property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the Corporation community at school-related events/activities (whether on or off Corporation property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Corporation office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964, "sexual harassment" is defined as: Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance or creating an intimidating, hostile, or offensive working environment.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or another gender.

Sexual Harassment covered by Policy/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266/AG 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome sexual propositions, invitations, solicitations, and flirtations;
- B. unwanted physical and/or sexual contact;
- C. threats or insinuations that a person's employment, wages, promotions, or other conditions of employment may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; obscene telephone calls;
- E. sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work environment, that reasonably may embarrass or offend individuals;
- F. unwelcome and inappropriate touching, patting, or pinching; obscene gestures;
- G. asking or telling about sexual fantasies, sexual preferences, or sexual activities;
- H. speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. giving unwelcome personal gifts, such as lingerie, that suggest the desire for a romantic relationship;
- J. leering or staring at someone in a sexual way, such as staring at a person's breast, buttocks, or groin;
- K. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- L. in the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment;
- M. verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or creates a hostile or abusive employment environment.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive working, or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive working and/or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive working or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is

directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive working or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment occurs when conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment further may occur where conduct is directed at or pertaining to a person's genetic information.

Corporation Compliance Officers

The following individuals serve as the Corporation's Compliance Officers (also known as "Anti-Harassment Compliance Officer(s)") (hereinafter referred to as the "COs").

Dr. Laura Miller, Assistant Superintendent, 203 S. Heritage Way, Pendleton, IN 46064 765-778-2152; lmiller@smcsc.com

Andrew Krueger, Assistant Superintendent, 203 S. Heritage Way, Pendleton IN 46064 765-778-2152; akrueger@smcsc.com

The names, titles, and contact information of these individuals will be published annually on the Corporation's website and in the student or parent and staff handbooks.

The COs are responsible for coordinating the Corporation's efforts to comply with applicable Federal and State laws and regulations, including the Corporation's duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment on the basis of a protected class.

The COs will oversee the investigation of any complaints of harassment based on a protected class which may be filed pursuant to the Board's adopted internal complaint procedure (see below) and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging harassment based on a protected class.

Reports and Complaints of Unlawful Harassment and Retaliation

Students and Corporation employees are required, and all other members of the Corporation community and Third Parties are encouraged, to promptly report incidents of harassment based on a protected class to an administrator, supervisor or other Corporation official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any teacher, administrator, supervisor, or other Corporation employee or official who receives such a complaint shall file it with the CO within two (2) business days.

Members of the Corporation community and third parties who believe they have been unlawfully harassed by another member of the Corporation community or a third party are entitled to utilize the Board's complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to harassment on the basis of a protected class. The COs shall accept reports of unlawful harassment directly from any member of the Corporation community or a Third Party and such reports that initially are made to another Corporation employee. Upon receipt of a report of alleged harassment, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged harassment) or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All members of the Corporation community must report incidents of harassment based on a protected class that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Corporation employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to a CO within two (2) business days. Additionally, any Corporation employee who observes an act of unlawful harassment is expected to intervene to stop the harassment unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Corporation employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the CO or designee must contact the Complainant if age eighteen (18) or older or the Complainant's parents/guardians if the Complainant is under the age eighteen (18) within two (2) days to advise of the Board's intent to investigate the alleged harassment.

Investigation and Complaint Procedure (see Form 3362 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Corporation community or Third Party (e.g., visitor to the Corporation) who alleges to have been subjected to unlawful harassment or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of harassment based on a protected class or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation,, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available.

Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education, Office for Civil Rights (OCR), the Indiana Civil Rights Commission (ICRC) or Equal Employment Opportunity Commission (EEOC). The Chicago Office of the OCR can be reached at John C. Kluczynski federal Building, 203 S. Dearborn Street, 37th Floor, Chicago, IL 60604; Telephone: 312-730-1560; FAX: 312-730-1576; TDD: 800-877-8339; Email: OCR.Chicago@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior promptly and facilitate resolution through informal means, if possible. The informal complaint procedure is provided as a less formal option for a Corporation employee, other member of the Corporation community or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is available only in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process, and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Corporation employee, any other adult member of the Corporation community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to approach the Respondent directly about the allegedly inappropriate conduct may file an informal or a formal complaint.

In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the CO may advise against the use of the informal complaint process.

A Complainant who alleges harassment based on a protected class or retaliation may make an informal complaint, either orally or in writing: 1) to a building administrator; 2) directly to one of the COs; or 3) to the Superintendent or other Corporation-level employee.

All informal complaints must be reported to one of the COs, who either will facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Corporation's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a resolution of the Complainant's concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the alleged Respondent.
- B. Distributing a copy Policy 3362 - Anti-Harassment to the individuals in the school building or office where the Respondent works or attends school..
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or a designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

If the Complainant is dissatisfied with the results of the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, the Complainant elects to file a formal complaint from the outset, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a Principal, the CO, the Superintendent, or other Corporation official.

Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available.

If a Complainant informs a teacher, Principal, Superintendent, or other Corporation official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions s/he deems appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful harassment or retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of relevant policies and/or administrative guidelines, including Policy 3362 - Anti-Harassment. The Respondent also must be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of harassment based on a protected class or retaliation within fifteen (15) business days of receiving the formal complaint.

The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations; and
- D. consideration of any documentation or other information, presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment of or retaliation toward the Complainant. The CO's recommendations must be based upon the totality of the

circumstances, including the ages and maturity levels of those involved. In determining if unlawful harassment or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the Superintendent must either issue a decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

If the Superintendent determines the Respondent engaged in harassment or retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the harassment or retaliation. The corrective action should be reasonable, timely, age-appropriate, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Board President.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment or retaliation regardless of whether the Complainant pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described interviews/meetings

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the OCR, the ICRC or the EEOC, the filing of a charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Corporation will employ all reasonable efforts to protect the privacy of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Corporation's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct all members of the Corporation community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Remedial Actions, Sanctions, and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to, counseling services, reinstatement of leave taken due to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a Corporation employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly

.Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and any terms of the relevant collective bargaining agreement or student code of conduct.

When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where unlawful harassment is not substantiated, the Board may

consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of any relevant collective bargaining agreement or student code of conduct.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws or this policy, or exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws or this policy.

Retaliation against a person who has made a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practice. The Superintendent shall provide appropriate information to all members of the Corporation community related to the implementation of this policy and shall provide training for Corporation students and staff where appropriate. All training and information provided regarding the Board's policy and harassment, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The CO is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created/or and received as part of an investigation, which may include but are not limited to :

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State (e.g., I.C.5-14-3-4) law, such as student records and confidential medical records.

Reports And Complaints Of Unlawful Discrimination And Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Corporation-level official so that the Board may address the conduct. Any administrator, supervisor, or other Corporation-level official who receives such a report shall provide it to the CO within two (2) days.

Discrimination against an individual based on their sex (including gender status, sexual orientation, and gender identity) is discrimination in violation of Title IVV. Specifically, discrimination on the basis of sex stereotyping/gender-nonconformity constitutes sex discrimination. This is true irrespective of the cause of the person's gender non-conforming behavior. Employment actions based upon an individual's sex could be suspect and potentially impermissible.

COs are required to investigate allegations of conduct involving the discrimination or harassment of an employee or applicant based upon his/her gender status, sexual orientation, and gender identity.

Any questions concerning whether alleged conduct might violate this prohibition should be brought to the CO's attention promptly.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Corporation community or a Third Party and such reports that initially are made to an administrator, supervisor or other Corporation-level official. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and initiate either an informal or formal complaint process (depending on the Complainant's request and nature of the alleged discrimination/retaliation), or designate a specific individual to conduct such a process.

The CO will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the Corporation community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Corporation employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Corporation employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the employee should notify immediately other Corporation employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise the Complainant of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedures (See Form 4122 F2)

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"), the Indiana Civil Rights Commission ("ICRC") or the Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior promptly and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is available only when the Complainant and Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process, and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Corporation employee or any other adult member of the Corporation community and a student will be investigated formally.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the Complainant should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to approach the Respondent directly about the inappropriate conduct may file an informal or a formal complaint.

In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to the COs; or (3) to the Superintendent or other Corporation-level employee.

All informal complaints must be reported to one of the COs, who will either facilitate an informal resolution as described below or appoint another individual to facilitate an informal resolution.

The Corporation's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of the Complainant's concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but is not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 4122 - Nondiscrimination and Equal Opportunity to the individuals in the school building or office where the Respondent works/attends school.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, the Complainant elects to file a formal complaint from the outset, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a Principal, the CO, the Superintendent, or other Corporation official.

Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a Principal, the Superintendent, or other Corporation official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported complaint by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO still may take whatever actions are deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the formal complaint, the CO or a designee, will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 4122 – Nondiscrimination and Equal Employment Opportunity. The Respondent also must be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint.

The investigation will include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations; and
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee, shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the Superintendent either must issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final written decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

If the Superintendent determines the Respondent was engaged in unlawful discrimination/retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate, effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Board President

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the Complainant pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described interviews/meetings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the OCR, EEOC or ICRC, the filing of charges with a local law enforcement, or a filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Corporation will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses to the extent possible, consistent with the Corporation's legal obligations to investigate, take appropriate action, and comply with any discovery or disclosure obligations.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law.

Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant including but not limited to, counseling services, reinstatement of leave taken due to the discrimination, or other appropriate action.

The Board may appoint an individual, who may be an employee of the Corporation, to follow up with the Complainant to ensure that no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Retaliation

Retaliation against a person who (1) makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or

hearing under those laws or this policy, or exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the Corporation community related to the implementation of this policy and shall provide training for Corporation students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

ARTICLE IV
ELIGIBILITY REQUIREMENTS

4.01 HOW DO I BECOME ELIGIBLE TO PARTICIPATE IN THE PLAN?

A. Eligible Class of Employees. You may become eligible to participate in the Plan unless you are a member of a class of Employees excluded in subsection B. below.

B. Excluded Employees. All Employees can become eligible to participate in the Plan except:

- (1) Employees who normally work less than 20 hours per week.

4.02 WHEN DOES MY PARTICIPATION IN THE PLAN BEGIN?

After you have satisfied the Plan’s eligibility requirements to participate in the Plan, if any, you will become a Participant in the Plan. You will become a Participant on a specified day of the Plan Year. This day is called the “Plan Entry Date”.

If you are employed on the Effective Date of the Plan and have satisfied the eligibility requirements, your Plan Entry date is the Plan’s Effective Date. Otherwise, you will enter the Plan on the Plan Entry Date indicated below:

The Plan Entry Date is the date your employment with the School begins.

4.03 WHEN DO I BECOME ELIGIBLE TO RE-ENTER THE PLAN IF I AM REHIRED AFTER TERMINATING MY EMPLOYMENT WITH THE SCHOOL?

If you are reemployed after a Break in Service (see section 5.07), you will become eligible to participate in the Plan as of the later of the date you return or the date you satisfy the eligibility requirements of section 4.01. Years of Service before such Break in Service will not be taken into account until you have completed a Year of Service after returning to employment.

ARTICLE V DEFINITION OF SERVICE WITH THE SCHOOL

5.01 WHAT IS AN "HOUR OF SERVICE"?

The term "Hour of Service" has a special meaning for Plan purposes. You will be credited with an Hour of Service for:

- (a) Each hour for which you are paid, or entitled to payment, for the performance of duties for the School; plus,
- (b) Each hour for which you are paid, or entitled to payment, by the School for a period of time during which no duties are performed for the following reasons: vacation, holiday, illness, incapacity (including Disability), layoff, jury duty, military duty, or leave of absence; plus,
- (c) Each hour for which back pay is awarded or agreed to by the School.

You will be credited with Hours of Service on the basis of actual hours worked.

5.02 WHAT IS A "YEAR OF SERVICE"?

The term "Year of Service" is used throughout this Summary Plan Description and is very important. For vesting purposes, a Year of Service shall mean a Computation Period during which the School employs you and during which you receive one (1) year of service credit for purposes of either the Indiana State Teachers' Retirement Fund or the Indiana Public Employees Retirement Fund. You will not receive more than one (1) Year of Service for vesting purposes during any single Computation Period.

5.03 WHAT IS A "COMPUTATION PERIOD"?

- A. For Eligibility Purposes. This section is not applicable. The Plan does not include a service requirement for eligibility purposes.
- B. For Vesting Purposes. The Computation Period for calculating a Year of Service for vesting purposes will be the Plan Year.

5.04 DOES SERVICE WITH ANOTHER EMPLOYER COUNT AS SERVICE UNDER THIS PLAN?

Only Years of Service with the School are recognized by this Plan.

5.05 ARE ALL YEARS OF SERVICE RECOGNIZED FOR VESTING PURPOSES?

All Years of Service with the School will be counted for Vesting purposes.

5.06 WHAT IS "SEPARATION FROM SERVICE"?

"Separation from Service" is the date your employment with the School terminates for any reason.

5.07 WHAT IS A "BREAK IN SERVICE"?

A "Break in Service" is a Computation Period in which you do not complete more than 500 Hours of Service with the School. You will not be considered to have a Break in Service in the Plan Year in which you become a Participant, die, retire or become disabled. You will receive credit for Hours of Service for certain authorized

leaves of absence and maternity or paternity leaves of absence.

You will be credited with a certain number of Hours of Service automatically, even if you are not at work, if you are absent for one of the following reasons: (a) pregnancy, (b) the birth of a child, (c) adoption of a child, or (d) for purposes of caring for such a child for a period immediately following such birth or placement. You must furnish to the Plan Administrator, in a timely manner, such information as the Plan Administrator may reasonably require to establish that the absence is for the permitted reasons. This will not increase the number of Years of Service that would otherwise be credited to you, but will prevent you from sustaining a Break in Service.

A period of unpaid FMLA leave will not be treated or counted as a Break in Service for purposes of vesting or eligibility to participate. This will not increase the number of Years of Service that would otherwise be credited to you, but will prevent you from sustaining a Break in Service. If any FMLA leave is also covered under the preceding paragraph regarding maternity or paternity absences, the more generous of the two rules will apply.

If you terminate your employment with the School and are rehired before a Break in Service, your service before and after the Break will be counted for eligibility and Vesting only after you have completed one Year of Service following the date you are rehired.

If you are rehired before having 5 or more consecutive Breaks in Service and were vested in any portion of your Account derived from Employer contributions, you will receive credit for all Years of Service credited to you before your Break in Service.

You will receive credit for all Years of Service credited to you before your Break in Service if you are rehired after five or more consecutive one-year Breaks in Service, and:

- (a) You were vested in any portion of your Accounts derived from Employer Contributions; or,
- (b) Your number of prior Years of Service exceeds that of the Breaks in Service.

If you do not have a “vested interest” (see Article VII) in any of the Employer contributions to your Accounts and are reemployed following a Break in Service, you will lose credit for your pre-break Years of Service if the number of your consecutive one-year Breaks in Service exceeds or equals the greater of:

- (a) Five; or
- (b) The number of your pre-break Years of Service.

5.08 WHAT SPECIAL SERVICE REQUIREMENTS DETERMINE WHETHER I RECEIVE AN EMPLOYER CONTRIBUTION DURING A GIVEN PLAN YEAR?

There are no special service requirements for receiving Employer Matching Contributions.

ARTICLE VI CONTRIBUTIONS TO THE PLAN

6.01 HOW MAY I MAKE CONTRIBUTIONS TO THE PLAN?

You are not required to make contributions to this Plan. The School will match (see 6.02 of this

section) your Elective Deferrals made to the South Madison Community School Corporation 403(b) Plan. For details regarding these Employee Contributions, please see the Summary Plan Description for the other Plan.

6.02 WHAT CONTRIBUTIONS WILL THE SCHOOL MAKE TO THE PLAN?

The following contributions will be made for you if you are eligible for Employer Contributions:

The School will contribute \$1.00 for every \$1.00 of the Elective Deferrals you make to the South Madison Community School Corporation 403(b) Plan. For purposes of the Employer's Matching Contribution, your Elective Deferrals in excess of a specified amount of your Compensation will not be taken into account. The School shall have the discretion to vary the contribution rate from Plan Year to Plan Year and contribution rates may vary between different classifications of Participants, including certified teachers, certified administrators, classified administrators, classified employees, and any other classification as the Employer shall periodically determine.

6.03 WHAT ARE "EXCESS DEFERRALS"?

This section is not applicable.

6.04 WHAT ARE "EXCESS CONTRIBUTIONS"?

This section is not applicable.

6.05 WHAT DOES "COMPENSATION" MEAN FOR PLAN PURPOSES?

- A. Definition. For Plan purposes, Compensation means the total compensation paid to you by the School during the Plan Year.
- B. Excluded Compensation. The following forms of Compensation, however, will not be taken into account for purposes of the Plan: **Extracurricular Pay, Stipends, and Overtime Pay**.
- C. Compensation Prior to Plan Entry Date. In the Plan Year in which you become eligible for Employer Contributions, the School will make contributions for you based on the Compensation you earned for the entire Plan Year.
- D. Maximum Compensation. For Plan Years beginning on or after January 1, 2001, the maximum amount considered will be \$200,000 (as indexed for inflation).

6.06 DOES THE PLAN ACCEPT TRANSFERRED FUNDS FROM ANOTHER QUALIFIED PLAN?

You may transfer funds from another plan to this Plan. This may be done by first rolling the distribution from the other plan to an individual Retirement Account (IRA), and then moving the IRA funds to the Plan. Or, the Trustee or Plan Administrator of the other plan may transfer your distribution directly to this Plan. In the event of such a transfer, a separate nonforfeitable "Participant's Rollover Account" will be maintained within the Plan for you. However, any distribution restrictions in your prior plan will continue to apply to funds that are transferred.

The School may also transfer money from this Plan to another plan on your behalf if you qualify to receive a distribution from this Plan, if such a transaction is allowed under current law, and if the new plan will accept the transfer.

ARTICLE VII
VESTING IN THE PLAN

7.01 WHAT IS “VESTING”?

“Vesting” is that portion of your Accounts that cannot be forfeited. It is directly related to your length of service with the School and is expressed as a percentage of your Account balances. Other terms, which may be used to represent your Vesting, are “nonforfeitable interest”, “vested interest” or “vested percentage”.

7.02 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM MY CONTRIBUTIONS TO THE PLAN?

Please refer to the Summary Plan Description for the South Madison Community School Corporation 403(b) Plan for details regarding the effect of Vesting on your Elective Deferrals.

7.03 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM THE SCHOOL’S CONTRIBUTIONS TO THE PLAN?

Your “vested percentage” in your Accounts derived from the School’s Contributions is determined by the Vesting schedule elected by the School.

The following schedule may not apply upon your Disability, death, or retirement (normal or early, if applicable). Section 7.04 below will explain any special Vesting provisions which apply upon any of the above-mentioned events.

Please note that the term “Year of Service” has a specific meaning under the terms of this Plan, as explained in Article V.

The Plan’s Vesting schedule for the School’s Contributions is as follows:

0% after	1 Year (s)	of Service
20% after	2 Years	of Service
40% after	3 Years	of Service
60% after	4 Years	of Service
80% after	5 Years	of Service
100% after	6 Years	of Service

7.04 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM THE SCHOOL’S CONTRIBUTIONS UPON DISABILITY, DEATH, OR RETIREMENT?

- A. Disability. If you become disabled (see section 8.04) while employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.
- B. Death. If you die while actively employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.
- C. Early Retirement. This section is not applicable.
- D. Normal Retirement. Upon your Normal Retirement Age (see section 8.01) while still employed by the School, the portion of your Accounts derived from Employer Contributions will be fully vested.

7.05 WHAT ARE “FORFEITURES”?

“Forfeitures” are created when a Participant terminates employment before becoming entitled to 100% of the Accounts derived from the School’s contributions.

Forfeitures will be used by the School to offset part of its future contributions to the Plan.

7.06 WHAT HAPPENS TO NON-VESTED MONEY IF I TERMINATE MY EMPLOYMENT AND AM LATER REHIRED?

If you are rehired after a Separation from Service, you will permanently forfeit any benefits that were not vested upon your Separation from Service.

7.07 WHAT OTHER VESTING RIGHTS DO I HAVE?

If the Plan's Vesting schedule is amended at a later date, your vested benefit under the amendment must be at least as great as that prior to the amendment. You may elect to have your vested percentage calculated under the pre-amendment Vesting schedule if you have at least 3 Years of Service as of the date the amendment is adopted.

ARTICLE VIII BENEFITS UNDER THE PLAN

8.01 WHAT IS "NORMAL RETIREMENT"?

- A. Normal Retirement Age. Your Normal Retirement Age is the date on which you reach age 65.
- B. Normal Retirement Date. Your Normal Retirement Date is the first day of the month coinciding with or preceding your Normal Retirement Age.

8.02 WHAT IS "EARLY RETIREMENT"?

This Plan does not provide for specific Early Retirement Benefits. This event is treated like any other Separation from Service under Article VII (see section 8.05).

8.03 WHAT IS "LATE RETIREMENT"?

You may continue to work beyond your Normal Retirement Date. Your Late Retirement Date is the Anniversary Date coinciding with or next following the date on which you retire after having reached your Normal Retirement Date. You will continue to participate in the Plan until you actually retire.

8.04 WHAT IS "DISABILITY"?

Under the Plan, Disability is defined as "any medically determined physical or mental impairment which is expected to last at least a year or result in death and which results in your inability to engage in any substantial and gainful employment". Medical evidence must be furnished to support the permanence and degree of such Disability.

8.05 WHAT BENEFITS ARE PROVIDED UPON MY SEPARATION FROM SERVICE?

The Plan is designed to encourage you to stay with the School until retirement. If you terminate your employment prior to retirement, you will be entitled to the "vested percentage" of the contributions, if any, made by the School to your Accounts. Non-vested balances, if any will be forfeited.

8.06 DOES THE PLAN PROVIDE FOR PARTICIPANT LOANS?

The Plan does not provide for loans.

8.07 DOES THE PLAN ALLOW YOU TO DIRECT INVESTMENT OF FUNDS IN YOUR ACCOUNTS?

The Plan allows you to direct investment of the funds in your Accounts. You are authorized to give directions to the Plan Administrator (or Trustee, if any) in such form as they may require concerning the investment of

your Accounts. Neither the School nor the Plan Administrator (nor the Trustee, if any) is required to advise you in any investment decisions. You may revoke your decision to direct the future investment of your Accounts at any time in such form as required. You will be responsible for any loss or expense that may arise as a result of your investment decisions. The Plan Administrator will provide you with further information upon request. Additionally, if the Plan receives funds from you without the necessary paperwork from you giving directions for the investment of your Account, the School shall direct the investment of those funds until instructions are received from you.

ARTICLE IX

BENEFIT PAYMENT OPTIONS

9.01 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME AFTER I TERMINATE EMPLOYMENT WITH THE SCHOOL?

Your vested benefit is normally paid upon your death, Disability or retirement. If you terminate employment before any of these events, your vested benefit may be segregated into a separate account, pending payment to you.

HOWEVER, YOU MAY ELECT TO RECEIVE YOUR BENEFIT IN CASH PRIOR TO ONE OF THE ABOVE EVENTS
SUBSEQUENT TO YOUR TERMINATION.

9.02 DO DISTRIBUTIONS OF DIFFERENT AMOUNTS RECEIVE SPECIAL TREATMENT?

All distributions receive the same treatment, regardless of the amount.

9.03 WHEN MUST MY BENEFITS BE PAID?

Latest Beginning Date. You must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach 70-1/2 or retire, whichever is later, if you are not a 5%owner. If you are a 5% owner, you must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach age 70-1/2.

If you reached age 70-1/2 prior to 1998, special options may be available. You should contact your Plan Administrator for additional information regarding these options. If you attained age 70-1/2 after 1995, you may choose whether to begin your distributions at age 70-1/2 or wait until you actually retire.

Basically, the method of distribution you elect must provide that 100% of your benefits be distributed over your lifetime, or over the lifetimes of you and your named Beneficiary. If the Beneficiary named is not your spouse and there is a substantial age difference, minimum death incidental benefit rules will require that a higher percentage be distributed over your life expectancy. Life expectancies (except in the case of an annuity) of you and your spouse Beneficiary may be recalculated annually; life expectancies of non spouse Beneficiaries may not be recalculated.

Insufficient distributions will be subject to a 50% penalty tax, based on the amount of shortfall. Since this penalty is very severe, and the rules governing distributions are complex, competent professional advice should be obtained.

9.04 ARE MY PLAN BENEFITS INSURED?

The Pension Benefit Guaranty Corporation (PBGC) is a government agency that insures certain benefits provided under “defined benefit” pension plans. This Plan is not a “defined benefit” plan and thus, is not insured by the PBGC.

9.05 HOW ARE PLAN BENEFITS TAXED AND WHAT PENALTIES MAY APPLY UPON DISTRIBUTION?

A. Withdrawals. A ten percent penalty tax applies on distributions for reasons other than the following events:

- (1) Death;
- (2) Disability;
- (3) Separation from Service during or after the year in which you reach age 55;
- (4) Age 59 ½ ;
- (5) If the withdrawal is to cover tax deductible, uninsured medical expenses;
- (6) In the form of an annuity based on life expectancy or in the form of substantially equal installments paid at least annually and based on your life expectancy (such payments must continue until you reach age 59 ½ and last at least five years); or,
- (7) If pursuant to a Qualified Domestic Relations Order (see section 10.02).

B. Required Minimum Distributions. A fifty percent excise tax is imposed on plan distributions that do not meet the minimum Internal Revenue Code required minimum distributions and required distributions beginning date (see section 9.03).

C. Rollovers. Generally, you may defer or reduce taxes, which would otherwise be due, by transacting a rollover to an IRA (individual retirement account/annuity) or another qualified employer plan. As of January 1, 1993, you have the following two rollover options available.

(1) Direct Rollovers: You may have a distribution from the Plan paid directly to an IRA, 403(b) plan or another qualified plan by the payer or Plan Administrator. The distribution check is made payable to the trustee, custodian or issuer of the IRA or qualified plan receiving the distribution. If you transact a “direct rollover,” the distribution will not be subject to mandatory 20% federal income tax withholding.

(2) Participant Rollovers: If you elect to personally receive a distribution eligible for rollover, that is, the distribution check is made payable to you, the payer or Plan Administrator is required to withhold 20% from the distribution and send it to the IRS. The amount withheld is subject to income tax and, if you are under age 59 ½, an additional 10% penalty tax may apply. Taxation of the withheld amount may be avoided only if, within 60 days of the date you receive the distribution, you rollover the following amounts to an IRA, 403(b) plan or another qualified plan:

(a) The 80% of the distribution you receive; plus,

(b) An amount obtained from funds on hand which is equal to the 20% withheld.

Example: A is eligible to receive a \$10,000 distribution from the qualified plan. If A elects a direct rollover, the \$10,000 will be paid by the Plan directly to A’s IRA, 403(b) plan, or other qualified plan.

If A elects to personally receive the \$10,000 distribution, the following will occur:

1) A will receive a check for \$8,000, reflecting mandatory 20% withholding of \$2,000. A then has 60 days to rollover the \$8,000 to an IRA, 403(b) plan, or another qualified plan to avoid tax on the \$8,000 for that year.

(2) Within the same 60-day period, A will have to replace the \$2,000 and rollover that amount. Otherwise, the \$2,000 withheld will be taxable income that year and may also be subject to an additional 10% penalty tax if A was under age 59 ½ on the date he received the distribution.

You will be provided information regarding direct rollovers and mandatory withholding when you request a distribution. It is important that you review this information carefully and consult your tax advisor before making your distribution election.

D. Five and Ten Year Averaging and Capital Gains. Alternatively, you may elect treatment of your distribution under the favorable “five-year averaging”, “ten-year averaging” or “capital gains” method, assuming you meet certain eligibility rules. If you were age 50 as of January 1, 1986, you may be eligible for this more favorable tax treatment. These methods were limited by the Tax Reform Act of 1986 and the Small Business Job Protection Act of 1996, and so are no longer available for most participants.

ARTICLE X

THE CLAIMS REVIEW PROCEDURE

10.01 WHAT CLAIMS PROCEDURES APPLY TO ANNUITY CONTRACTS?

Your application for benefits must be made to the life insurance company that has issued the annuity contract under which the benefits are payable. You must provide the application on such forms and in accordance with the terms of the annuity contract under which your claim is made.

The life insurance company will respond to any such application within a reasonable period, not to exceed 90 days after its receipt of the application. If your application for benefits is denied, the life insurance company must furnish you with written notice of the specified reasons for the denial and a description of any additional information needed from you, or further steps required of you. You may appeal any such denial by making written application to the life insurance company, which must respond in writing to any such request for review within 60 days of its receipt and must give specific reasons if the appeal is denied.

10.02 WHAT IS A “QUALIFIED DOMESTIC RELATIONS ORDER (QDRO)”?

As a general rule, the law provides that your interest in your Accounts may not be “alienated”. This means that your interest may not be sold, used as collateral for a loan or debt, or otherwise transferred. Also, your creditors may not attach, garnish or otherwise interfere with your Accounts.

There is an exception to this rule. The Plan Administrator may be required to recognize obligations you incur as a result of court-ordered child support or alimony payments. The Plan Administrator is required to honor a “Qualified Domestic Relations Order” (QDRO). A QDRO is defined as a court order or decree that requires you to pay child support or alimony, or otherwise allocates a portion of your assets to a spouse, former spouse, child or other legal dependent (Alternate Payee). If the Administrator receives a QDRO, all or a portion of your Accounts may be used to meet its terms.

This Plan will permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan.

ARTICLE XI
MISCELLANEOUS PROVISIONS

11.01 WHAT HAPPENS IF I LEAVE THE SCHOOL TO PERFORM MILITARY SERVICE, AND THEN RETURN TO THE SCHOOL?

If you leave the service of the School to perform military service, and then return to the School after that period of military service, you may be entitled to contributions, service credits, or other benefits under the Plan with respect to that period. You should consult the Plan Administrator if you believe this provision may apply to you.

ARTICLE XII
AMENDMENT AND TERMINATION OF THE PLAN

12.01 CAN THE PLAN BE AMENDED?

The School may amend the Plan at any time, at its sole discretion. However, no amendment may result in a reduction of any Participant's vested interest or cause any portion of the Plan's assets to revert back to the School. No amendment may eliminate or reduce any optional form of distribution or benefit provided by the Plan. No amendment may authorize the use of Plan assets for purposes other than the exclusive benefit of Participants and their Beneficiaries.

If the Plan's Vesting schedule is amended, and you have at least 3 Years of Service, you may elect to have your vested percentage computed using the pre-amendment Vesting schedule.

12.02 CAN THE PLAN BE TERMINATED?

The School may terminate the Plan at any time, at its sole discretion. Upon termination, all amounts credited to your Accounts will become 100% vested. A complete discontinuance of contributions, in the case of a profit sharing plan, constitutes a termination.

Upon termination, the insurance company(ies) or other financial institutions holding assets of this Plan will distribute the contracts held on your behalf to you, or will transfer the contracts to a successor plan, if you so direct.

SOUTH MADISON COMMUNITY SCHOOL CORPORATION
403 (B) PLAN

ARTICLE I
INTRODUCTION TO THE PLAN

1.01 WHAT IS THE PURPOSE OF THIS PLAN?

SOUTH MADISON COMMUNITY SCHOOL CORPORATION (hereinafter “the School”) has established a Plan in order to provide funds for your retirement and to provide funds for your beneficiary(ies) in the event of your death. The Plan was established for the exclusive benefit of the Participants and their Beneficiaries.

1.02 WHAT TYPE OF RETIREMENT PLAN IS THIS?

This Plan is a “Tax Deferred Annuity” or “403(b)” Plan. “403(b)” is the section of the Internal Revenue Code that governs this type of plan.

The Plan is funded through the purchase of annuity contracts from The Variable Annuity Life Insurance Company (Corebridge Financial) (annuities from other companies may be offered, if permitted by the School) or in mutual funds, as elected by you in writing.

Each year you may elect, in writing, to defer a portion of your Compensation. The amount of your deferral is then used to purchase annuity contracts on your behalf. Your deferral is on a pre-tax basis, meaning that it is not subject to federal income tax (but is subject to Social Security taxes) and results in a deduction from your taxable income for that year. Depending on the laws of your state, your deferral may also be deductible from your taxable income for state income tax purposes.

1.03 HOW ARE CONTRIBUTIONS TO THE PLAN INVESTED?

Contributions to the Plan are invested in annuity contracts issued by Corebridge Financial (and any other life insurance companies approved by the School) or in mutual funds, or both. Annuity contracts provide for contributions to be held and credited with interest, or gains and losses, depending on the type of contract. Your benefit payments under these annuity contracts may be in the form of periodic payments to you at regular intervals either for a period certain or for one or more lives.

Each annuity contract issued to Participants in the Plan must meet the requirements of Section 403(b) of the Internal Revenue Code and other IRS guidelines that govern a 403(b) Plan.

Contributions to the Plan on your behalf may be invested in custodial accounts pursuant to Section 403(b) (7) of the Internal Revenue Code. One common form of these custodial accounts is known as a “mutual fund”. Any such custodial accounts made available under the Plan must be maintained by a mutual fund company or other similar financial institution permitted by the Secretary of the Treasury.

All contributions made to the Plan on your behalf will be placed in individual Accounts in your name. The Plan will maintain control of these Accounts as long as they remain under the Plan.

YOU SHOULD CAREFULLY REVIEW THE CONTRACT, CERTIFICATION, PROSPECTUS, OR OTHER MATERIAL PROVIDED BY THE SCHOOL OR THE INSURANCE COMPANY TO UNDERSTAND YOUR OPTIONS UNDER THE CONTRACT, HOW THE PLAN FUNDS ARE INVESTED, AND ANY CHARGES WHICH MAY APPLY. HOWEVER, IF THERE IS EVER A CONFLICT BETWEEN THE PROVISIONS OF THIS PLAN AND ANY MATERIAL YOU RECEIVE FROM COREBRIDGE FINANCIAL (OR ANY OTHER LIFE INSURANCE COMPANY APPROVED BY THE SCHOOL), ANY

MUTUAL FUND COMPANY, OR BOTH, THE PLAN PROVISIONS WILL APPLY. ADDITIONAL INFORMATION MAY BE OBTAINED FROM THE PLAN ADMINISTRATOR.

1.04 WHAT IS A “SUMMARY PLAN DESCRIPTION”?

The Summary Plan Description is a brief explanation of the Plan as well as of your rights, obligations, and benefits under the Plan. This Summary Plan Description is not intended to interpret, extend or change the provisions of the Plan in any way. The provisions of the Plan may be determined accurately only by reading the actual provisions of the Plan document, copies of which may be obtained from the School. The Plan Administrator (see section 2.02) will answer any questions concerning the Plan or this Summary Plan Description.

Certain words, which are capitalized, are “defined terms”. That is, they are defined for this Plan in a certain way. The definitions are provided throughout this Summary Plan Description and an alphabetical index of the terms can be found at the back.

In the event of any discrepancy between this Summary Plan description and the actual provisions of the Plan, the Plan will govern.

3.02 WHAT IS THE “PLAN YEAR”?

The Plan is based on a 12-month period known as the Plan Year. The Plan Year begins on January 1 and ends on December 31.

ARTICLE IV ELIGIBILITY REQUIREMENTS

4.01 MAY ALL EMPLOYEES OF THE SCHOOL MAKE ELECTIVE DEFERRALS?

All Employees are eligible to make Elective Deferrals (see section 5.01) except the following:

- (a) Employees who normally work less than 20 hours per week,
- (b) Student employees,
- (c) Nonresident aliens, and
- (d) Independent contractors who are considered “leased employees” of the School for certain federal income tax purposes.

4.02 WHAT ADDITIONAL ELIGIBILITY REQUIREMENTS APPLY?

There are no other requirements. If you are not a member of an excluded group, you will be eligible to begin making Elective Deferrals to the Plan upon the date your employment begins. The School may impose administrative limitations on when and how often you may start, stop, or change the amount of your deferrals in any year.

ARTICLE V

CONTRIBUTIONS TO THE PLAN

5.01 WHAT ARE “ELECTIVE DEFERRALS”?

A. Definition. You may contribute to the Plan by entering into a salary reduction agreement with the School, whereby you agree to reduce your future salary payments by a specific amount, and the School agrees to apply such salary reduction amounts as annuity or mutual fund purchase payments on your behalf. Your salary reduction amounts are called “Elective Deferrals”. The School may impose certain administrative limitations on the number of times you may change the amount of your deferrals to the Plan during any year.

B. Minimum Elective Deferrals. You will be permitted to make Elective Deferrals in any amount up to the maximum allowed in section C below. There is no minimum required.

C. Maximum Elective Deferrals. You will be permitted to make Elective Deferrals up to the maximum allowed by current law.

D. Limitations on Favorable Tax Treatment. Contributions made by you are generally not taxable when made to the Plan. Instead, you are taxed when withdrawals are made from the Plan. You will pay tax if the total contributions in a year exceed limitations under the Federal tax laws. These limits are complicated in the case of tax deferred annuities (also called “tax sheltered annuities”) and you should consult the Plan Administrator or its representative if you have any questions. Generally, the total employee and School contributions, if any, may be subject to tax if they exceed the lesser of 100% of your compensation (after certain adjustments) in any year, or \$40,000. In addition, your own salary reduction contributions may not exceed a specified amount for the calendar year unless certain exceptions apply to you. That amount, which is indexed for inflation in \$500 increments, is \$11,000 for 2002. (For the 2001 Plan Year, the aggregate contribution limits were 25% of compensation or \$35,000, and the limit on salary reduction contributions was \$10,500.)

If you are at least age 50 or you have completed at least 15 consecutive years of service with the School, you may be able to increase the amount of your salary reduction contributions above the annual limitations. For further information on these catch-up elections, see the Administrator.

5.02 WHAT ARE “EXCESS DEFERRALS”?

If the amounts you have contributed to the Plan under a salary reduction agreement with the School exceed the annual dollar limits (maximum allowed by current law; see section 5.01D) on Elective Deferrals, you may request (not later than March 1 after the close of such taxable year) that any portion of your “Excess Deferrals” and the interest earned on such portion be returned to you. This is particularly important if you participate in more than one salary deferral arrangement (with other employers).

Excess Deferrals must be returned to you no later than April 15 after the taxable year for which they occurred in order to avoid double taxation of the amount. Excess Deferrals are included in your gross income and are taxable for the year in which they were made, but any income earned on the excess is taxable in the year in which the Excess Deferrals are returned. If the excess is not distributed to you by April 15, the Excess Deferrals are not only taxable in the year in which they were made but are also taxable in the year in which they were distributed.

5.03 DOES THE PLAN ACCEPT TRANSFERRED FUNDS FROM ANOTHER 403(B)?

You may transfer funds from another 403(b) to this 403(b) Plan. This may be done by first rolling the distribution from the other 403(b) plan to an individual Retirement Account or Annuity (IRA), and then moving the IRA funds to this 403(b) Plan. Or, the payor or Plan Administrator of the other 403(b) plan may transfer or

directly rollover your distribution to this 403(b) Plan. In any event, your Account derived from transfers/direct rollovers/rollovers will be fully vested, but will be subject to the rules of this 403(b) Plan.

ARTICLE VI

VESTING IN THE PLAN

6.01 WHAT IS “VESTING”?

“Vesting” is that portion of your Accounts that cannot be forfeited. It is directly related to your length of service with the School and is expressed as a percentage of your Account balances. Other terms, which may be used to represent your Vesting, are “nonforfeitable interest”, “vested interest” or “vested Percentage”.

6.02 HOW DOES VESTING AFFECT ANY ACCOUNTS DERIVED FROM MY CONTRIBUTIONS TO THE PLAN?

At all times, you will be fully vested in your Accounts derived from your Elective Deferrals

ARTICLE VII

BENEFITS UNDER THE PLAN

7.01 WHAT IS “NORMAL RETIREMENT”?

A. Normal Retirement Age. Your Normal Retirement Age is the date on which you reach age

B. Normal Retirement Date. Your Normal Retirement Date is the first day of the first month coinciding with or preceding your Normal Retirement Age.

7.02 WHAT IS “EARLY RETIREMENT”?

This Plan does not provide for specific Early Retirement Benefits. This event is treated like any other Separation from Service under Article VII (see section 7.04).

7.03 WHAT IS “DISABILITY”?

This Plan does not provide for specific Disability benefits. This event is treated like any other Separation from Service under Article VII (see section 7.04).

7.04 WHAT BENEFITS ARE PROVIDED UPON MY SEPARATION FROM SERVICE?

“Separation from Service” is the date your employment with the School terminates for any reason. The Plan is designed to encourage you to stay with the School until retirement. If you terminate your employment prior to retirement, you will be entitled to the “vested percentage” of the contributions, if any, made by the School to your Accounts. Non-vested balances, if any, will be forfeited.

7.05 DOES THE PLAN PROVIDE FOR PARTICIPANT LOANS?

This plan does not provide for loans.

7.06 DOES THE PLAN ALLOW HARDSHIP WITHDRAWALS?

This plan does not provide for hardship withdrawals.

ARTICLE VIII
BENEFIT PAYMENT OPTIONS

8.01 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME WHILE I AM STILL EMPLOYED BY THE SCHOOL?

The portion of your Accounts derived from Elective Deferrals will be available for distribution prior to your termination of employment with the School under the following circumstances:

- (1) in the event of hardship (see section 7.06); or,
- (2) after you reach age 59-1/2.

8.02 UNDER WHAT CIRCUMSTANCES ARE DISTRIBUTIONS AVAILABLE TO ME AFTER I TERMINATE EMPLOYMENT WITH THE SCHOOL?

The portion of your Accounts derived from Elective Deferrals will be available for distribution at any time after your termination of employment with the School.

8.03 WHEN MUST MY BENEFITS BE PAID?

Latest Beginning Date. You must begin receiving benefit distributions no later than April 1 of the calendar year after the year in which you reach 70-1/2 or retire, whichever is later.

Basically, the method of distribution you elect must provide that 100% of your benefits be distributed over your lifetime, or over the lifetimes of you and your named Beneficiary. If the Beneficiary named is not your spouse and there is a substantial age difference, minimum death incidental benefit rules will require that a higher percentage be distributed over your life expectancy. Life expectancies (except in the case of an annuity) of you and your spouse Beneficiary may be recalculated annually; life expectancies of non spouse Beneficiaries may not be recalculated.

Insufficient distributions will be subject to a 50% penalty tax, based on the amount of shortfall. Since this penalty is very severe, and the rules governing distributions are complex, competent professional advice should be obtained.

8.04 ARE MY PLAN BENEFITS INSURED?

The Pension Benefit Guaranty Corporation (PBGC) is a government agency that insures certain benefits provided under "defined benefit" pension plans. This Plan is not a "defined benefit" plan and thus, is not insured by the PBGC.

8.05 HOW ARE PLAN BENEFITS TAXED AND WHAT PENALTIES MAY APPLY UPON DISTRIBUTION?

A. Withdrawals. A ten percent penalty tax applies on distributions for reasons other than the following events:

- (1) Death;
- (2) Disability;
- (3) Separation from Service during or after the year in which you reach age 55;
- (4) Age 59-1/2;
- (5) If the withdrawal is to cover tax deductible, uninsured medical expenses;

- (6) In the form of an annuity based on life expectancy or in the form of substantially equal installments paid at least annually and based on your life expectancy (such payments must continue until you reach age 59-1/2 and last at least five years); or,
- (7) If pursuant to a Qualified Domestic Relations Order (see section 9.02).

B. Required Minimum Distributions. A fifty percent excise tax is imposed on plan distributions that do not meet the minimum Internal Revenue Code required minimum distributions and required distributions beginning date (see section 8.03).

C. Rollovers. Generally, you may defer or reduce taxes, which would otherwise be due by transacting a rollover to an IRA (individual retirement account/annuity), or another 403(b). You have the following two rollover options available.

(1) Direct Rollovers: You may have a distribution from the Plan paid directly to an IRA, another 403(b) or a 401(a) plan by the payor or Plan Administrator. The distribution check is made payable to the trustee, custodian or issuer of the IRA, 403(b), 401(a) plan receiving the distribution. If you transact a “direct rollover,” the distribution will not be subject to mandatory 20% federal income tax withholding.

(2) Participant Rollovers: If you elect to personally receive a distribution eligible for rollover, that is, the distribution check is made payable to you, the payor or Plan Administrator is required to withhold 20% from the distribution and send it to the IRS. The amount withheld is subject to income tax and, if you are under age 59-1/2, an additional 10% penalty tax may apply. Taxation of the withheld amount may be avoided only if, within 60 days of the date you receive the distribution, you rollover the following amounts to an IRA, 403(b), or 401(a) plan:

- (a) The 80% of the distribution you receive; plus,
- (b) An amount obtained from funds on hand which is equal to the 20% withheld.

Example: A is eligible to receive a \$10,000 distribution from the 403(b). If A elects a direct rollover, the \$10,000 will be paid by the 403(b) directly to A’s IRA, other 403(b), or 401(a) plan.

If A elects to personally receive the \$10,000 distribution, the following will occur:

- (1) A will receive a check for \$8,000, reflecting mandatory 20% withholding of \$2,000. A then has 60 days to rollover the \$8,000 to an IRA, another 403(b), or 401(a) plan to avoid tax on the \$8,000 for that year.
- (2) Within the same 60 day period, A will have to replace the \$2,000 and also rollover that amount. Otherwise, the \$2,000 withheld will be taxable income that year and may also be subject to an additional 10% penalty tax if A was under age 59-1/2 on the date he received the distribution.

You will be provided information regarding direct rollovers and mandatory withholding when you request a distribution. Since tax laws change from time to time, it is important that you review this information carefully and consult your tax advisor before making your distribution election.

ARTICLE IX
THE CLAIMS REVIEW PROCEDURE

9.01 WHAT CLAIMS PROCEDURES APPLY TO ANNUITY CONTRACTS?

Your application for benefits must be made to the investment provider that has issued the investment arrangement under which the benefits are payable. You must provide the application on such forms and in accordance with the terms of the annuity contract or other investment under which your claim is made.

The life insurance company or custodian, in the event of an investment in a mutual fund, will respond to any such application within a reasonable period, not to exceed 90 days after its receipt of the application. If your application for benefits is denied, the investment provider must furnish you with written notice of the specified reasons for the denial and a description of any information needed from you, or further steps required of you. You may appeal any such denial by making a written application to the life insurance company, which must respond in writing to any such request for review within 60 days of its receipt and must give specific reasons if the appeal is denied.

9.02 WHAT IS A “QUALIFIED DOMESTIC RELATIONS ORDER (QDRO)”?

As a general rule, the law provides that your interest in your Accounts may not be “alienated”. This means that your interest may not be sold, used as collateral for a loan or debt, or otherwise transferred. Also, your creditors may not attach, garnish or otherwise interfere with your Accounts.

There is an exception to this rule. The Plan Administrator may be required to recognize obligations you incur as a result of court-ordered child support or alimony payments. The Plan Administrator is required to honor a “Qualified Domestic Relations Order” (QDRO). A QDRO is defined as a court order or decree that requires you to pay child support or alimony, or otherwise allocates a portion of your assets to a spouse, former spouse, child or other legal dependent (Alternate Payee). If the Administrator receives a QDRO, all or a portion of your Accounts may be used to meet its terms. The Administrator is required to notify you upon receipt of a QDRO and is required to determine its validity prior to making any payments from your Accounts pursuant to it. To be a valid QDRO, the order generally cannot require the Plan to permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan, unless the Plan permits an earlier distribution to the Alternate Payee.

This Plan will permit a distribution to an Alternate Payee prior to the earliest time that you would be eligible for a distribution from the Plan.

ARTICLE X
MISCELLANEOUS PROVISIONS

10.01 WHAT HAPPENS IF I LEAVE THE SCHOOL TO PERFORM MILITARY SERVICE, AND THEN RETURN TO THE SCHOOL?

If you leave the service of the School to perform military service, and then return to the School after that period of military service, you may be entitled to contributions, service credits, or other benefits under the Plan with respect to that period. You should consult the Plan Administrator if you believe this provision may apply to you.

ARTICLE XI
AMENDMENT AND TERMINATION OF THE PLAN

11.01 CAN THE PLAN BE AMENDED?

The School may amend the Plan at any time, at its sole discretion. However, no amendment may result in a reduction of any Participant's vested interest or cause any portion of the Plan's assets to revert back to the School. No amendment may eliminate or reduce any optional form of distribution or benefit provided by the Plan. No amendment may authorize the use of Plan assets for purposed other than the exclusive benefit of Participants and their Beneficiaries.

11.02 CAN THE PLAN BE TERMINATED?

The School may terminate the Plan at any time, at its sole discretion.

Upon termination, the insurance company(ies) or other financial institutions holding assets of this Plan will distribute the contracts held on your behalf to you, or will transfer the contracts to a successor plan, if you so direct.
