SUPERINTENDENT'S MESSAGE AND INTRODUCTION

The Greater Lowell Technical High School is a public vocational high school in Tyngsborough, Massachusetts with 2,300 students currently enrolled. We are committed to ensuring that the students, parents and taxpayers of Dracut, Dunstable, Lowell and Tyngsborough receive quality and measurable teaching-and-learning outcomes consistent with the fiscal management and human resources provided.

The school committee and superintendent -- by statute in the Education Reform Act of 1993 -- are entrusted with the responsibility to create and manage articulated academic, technical, and fiscal policies. Our collective goal is to improve student achievement and develop confident learners and skilled workers. To meet this goal, Greater Lowell administrators and staff are entrusted with delivering measurable student outcomes based on those policies.

That delivery requires three fundamental needs:

- 1) **Stable District Budget:** A budget that is sustainable and fiscally responsible
- 2) **Creating a Culture of Care:** A welcoming, accepting, safe, inclusive and supportive learning environment
- 3) **Ensuring a High Quality Education:** Academic and technical programming with high expectations, standards-based curriculum and assessment, effective instruction and meaningful co-op opportunities

With this collective goal as our community blueprint, we present a budget for FY25 of \$57,981,480. This figure represents an increase of 2.6% from FY24 that is aimed at driving student achievement through strategic investments as well as personnel and program efficiencies.

Our budget priorities for FY25 are focused on:

- refining curriculum and instruction to expand opportunities for student voice and choice and strengthen ownership of their education, as well as opportunities to make connections between their academic and vocational coursework, earn industry recognized credentials, and participate in real-world work experiences;
- ensuring class size mitigation and adequate course offerings and schedule flexibility for all students;
- allocating staff and resources needed to effectively meet the academic, vocational, social-emotional and behavioral needs of all students and create a vision for engaging their families;
- maintaining educational technology, resources and equipment to ensure currency with industry and global trends; and
- providing relevant and personalized professional development and coaching to staff to sustain high quality instruction to meet the needs of our multilingual learners and deepen learning for all students in order to ensure educational equity and opportunity.

In closing, by working collaboratively together with the support of our sending communities to ensure fiscal stability, we can provide the necessary programs, services, resources, and supports to deliver a high-quality career and technical education to all of our students. The proposed FY25 budget reflects these priorities. While we are proud of the fact that we are a district that is on the forefront in many areas, we have challenges that lie ahead. These challenges include addressing gaps in all areas of learning; academic, technical, social-emotional and behavioral for our low-income students, students with disabilities, and English language learners.

We are proud of the work that our teachers and administrators do every day to improve teaching and learning and we thank you for your confidence in us and for your unwavering commitment to the students, faculty, and staff of Greater Lowell Technical High School. Leading a school district in a community that so deeply values career and technical education is what makes this work so meaningful.

Sincerely,

Jill A. Davis
Superintendent-Director

Significant Financial Laws, Policies and Practice

Significant Financial Laws, Policies & Practices

- I. "Notwithstanding the provisions of any regional school district agreement, each member municipality shall increase its contribution to the regional district each fiscal year by the amount indicated in that district's share of the municipalities minimum regional contributions in that fiscal year." M.G.L. Ch 70, Section 6.
- II. "Notwithstanding the terms for any regional school district agreements to the contrary, no regional school district shall be required to submit a budget to its member municipalities before receiving the estimate by the commissioner concerning the amount of state school aid payable through the member municipalities to the regional school district for the following fiscal year." M.G.L. Ch 70, Section 6
- III. Timing of the Budget - The School Committee must adopt a budget 45 days before the first annual member town meeting but not later than March 31 and not earlier than February 1. With the approval of the majority of the member communities, the superintendent may submit the budget following the notification of the annual local aid distribution. (Per DESE letter dated 8-27-2010.)
- IV. The district shall appropriate the sum of the minimum required contributions of its member districts as well as all state school aid received on behalf of member municipalities. The district may choose to spend additional amounts; such decisions shall be made and such amounts charged to members according to the district's required agreement. M.G.L. Ch 70, Section 6.
- V. The school committee in each regional school district shall approve budgets for public education in the district, and shall establish educational goals and policies for the schools in the district consistent with the requirements of law and statewide goals and standards established by the Board of Education. M.G.L. Ch 71, Section 37.
- VI. School choice funds cannot be used to reduce the minimum required local contribution of member communities. (Letter from Department of Education dated December 10, 1997).
- VII. Every contract for the procurement of supplies and services is purchased in accordance with the so-called "Uniform Procurement Act" which is detailed in Chapter 30B of Massachusetts General Laws.
- VIII. It is the policy of the Greater Lowell Regional Vocational Technical School District to invest public funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the entity and conforming to all state statutes governing the investment of funds.
- IX. Each year independent certified public accountants audit the District's general purpose financial statements in accordance with generally accepted auditing standards and Government Auditing Standards issued by the Comptroller General of the United States. The auditors also provide the School Committee with a Schedule of Federal Financial Assistant and Independent Auditors Reports required under the Single Audit Act of 1984. Finally, the auditor's provide comments and recommendations regarding internal control and other matters.
- X. Section 16B ½ of Chapter 71 of the Massachusetts General Laws require that the district submit all information necessary to the Commissioner of Revenue of the Commonwealth of Massachusetts so that he/she may certify the district's general fund balance on an annual basis.
- XI. Each year the district completes the End of Year Financial Report for the Department of Elementary and Secondary Education. All Financial data is reported on a "modified accrual" basis. Revenues are recognized when they become measurable and available. Expenditures are recorded when the liability is incurred.
- XII. Chapter 32B, Section 20 upon acceptance, allows City, Town and Districts to establish an OPEB Liability Trust Fund for the purpose of funding the OPEB obligation per GASB 43 and 45.
- XIII. Chapter 233 of the Acts of 2014, allows Regional School Districts to establish a Regional Transportation Reimbursement Fund that may be carried over to offset the next Fiscal Year Transportation Assessment.

Department of Elementary and Secondary Education

FY25 Chapter 70 and Net School Spending Formula

More about the data

TABLE OF CONTENTS

Index

[Back to the top](#)

Select the district you're interested in from the dropdown list on this sheet.

Foundation Budget

[Back to the top](#)

This report displays the foundation enrollment and foundation budget for a single district. A district's foundation budget is updated each year and it is derived by multiplying the number of pupils in thirteen enrollment categories by cost rates in eleven functional areas.

Key Terms

Foundation Enrollment: A count of the students for whom a school district is financially responsible on October 1st of any given year.

Inflation: Foundation budget rates are adjusted each year by a statutorily defined inflationary factor. It affects all districts in the same way.

Wage Adjustment Factor (WAF): Gives a district credit for having higher school costs if it is located in a geographic area where average wages are higher than in other areas of the state. Calculated using the latest available average wage data supplied by the state's Executive Office of Labor and Workforce Development (EOLWD).

Low-Income Group: Determined based on the relative concentration of low-income students served in the district. Corresponds to a foundation budget rate for low-income students.

Municipal Contribution

[Back to the top](#)

This report displays the required local contribution for a single municipality. Each municipality has a target local share of its foundation budget, based on local ability to pay. The required local contribution for each municipality is based on the previous year's required contribution, and includes some transition factors so that the shift toward the target levels occurs over a period of several years.

Key Terms

Equalized Valuation (EQV): Calculated by DOR every two years. Full and fair cash value of all taxable property for each municipality.

Income: Derived annually by DOR from state income tax returns. Includes all forms of wage, pension, interest, business, investment, and capital gains income.

Combined Effort Yield (CEY): Sum of property and income effort. Based on DESE-calculated property and income percentages, which, when applied to all municipalities in the Commonwealth, yields 59% of statewide foundation coming from local revenue.

Target Local Contribution/Share: Calculated for each municipality as an equitable share of its foundation budget based on property wealth and income.

Municipal Revenue Growth Factor (MRGF): Calculated each year by DOR and quantifies the most recent annual percentage change in each community's local revenues (such as the annual increase in the Proposition 2½ levy limit) that should be available for schools.

Regional Allocation

[Back to the top](#)

This report displays the allocation of a municipality's required local contribution across the districts to which it belongs. The municipality's required contribution is allocated in direct proportion to the district's share of the municipality's foundation budget.

Summary

[Back to the top](#)

This report displays the Chapter 70 aid calculation for a single district. The aid calculation begins with each district's prior year Chapter 70 amount. The difference between each district's foundation budget and its required contribution equals foundation aid. On the right-hand side, there is a comparison to the prior year.

Key Terms

Foundation Aid: The amount of aid needed by a district to reach its foundation budget, after factoring in this year's required local contribution. Foundation budget - Required Local Contribution = Foundation Aid

Minimum Aid: A guaranteed per pupil aid increase over the prior year.

Required Net School Spending (NSS): The sum of this year's required local contribution and Chapter 70 aid. A district must spend this amount to be in compliance.

Regional District Members

[Back to the top](#)

This report displays relevant data for municipal members of a single regional district.

Key Terms

FY25 Chapter 70 and Net School Spending Formula

More about the data

Foundation Enrollment: Foundation enrollment for the selected district, in total and by member.

Required Minimum Contribution: Total required minimum contribution for the selected district, in total and by member.

Comparison to FY24

*The wage adjustment factor is applied to underlying rates in all functions except instructional equipment, benefits and special education tuition.															
14 Low-income percentage	56.22%			English learner foundation budget as % total foundation budget											1.1%
15 Low-income group	10			Low-income foundation budget as % total foundation budget											17.4%

Total foundation enrollment (column 14) does not include incremental costs above the base. The pupils are already counted in columns 1 to 7.

Total foundation enrollment assigns pupils in pre-kindergarten and half-time kindergarten an enrollment count of .5.

Special education in-district enrollment is an assumed percentage, representing 3.93 percent of K-12 non-vocational enrollment and 4.93 percent of vocational enrollment.

Special education tuitioned-out enrollment is also an assumed percentage, representing 1 percent of non-vocational K-12 enrollment.

Low-income enrollment is based on: (1) participation in Supplemental Nutrition Assistance Program (SNAP),

the Transitional Assistance for Families with Dependent Children (TAFDC), MassHealth (Medicaid), or foster care;

(2) homeless designation through the McKinney-Vento Homeless Education Assistance program;

or (3) verification as low income through a supplemental data collection process.

Low-income and English learner foundation budget increments are based on the number of students attending school in the district or district residents who attend charter schools.

The low-income percentage is the ratio of the low-income enrollment to:

the total students attending school in the district and the total resident students attending charter schools.

Each component of the foundation budget represents the enrollment in row 10 multiplied by the appropriate statewide foundation allotment.

Low-income group	Low-income %
Group 1	0-5.99%
Group 2	6-11.99%
Group 3	12-17.99%
Group 4	18-23.99%

FY25 Chapter 70

Regional District Enrollment and Contributions by Member City or Town

The table below presents the minimum required local contribution for each member to the selected regional district.

Note: A city or town might belong to more than one regional district (e.g., a regional district and a vocational district) and therefore be required to contribute to multiple districts. See the *regional allocation* tab for a full list of minimum required contributions for each city or town.

Foundation enrollments are presented as whole numbers. The change column reflects differences prior to rounding.
