Hey Junior!
Was your TOTAL PSAT 10 score at or above the 50th percentile?
Would you benefit from re-taking the PSAT?

--YES? Then the PSAT/NMSQT is for YOU!—

PSAT/NMSQT Test Day: Wednesday, October 12

The PSAT/NMSQT is highly relevant to your future success because it focuses on the skills and knowledge at the heart of education. It measures:

- What you learned in high school.
- What you need to be successful in college.

If you think the key to a high score is memorizing words and facts you'll never use in the real world, think again. You don't have to discover secret tricks or cram the night before. The best way to prepare for the test is to:

- ✓ Take challenging courses.
- ✓ Do your homework.
- ✓ Prepare for tests and quizzes.
- ✓ Ask and answer lots of questions.

What does NMSQT mean?

NMSQT=**N**ational **M**erit **S**cholarship **Q**ualifying **T**est. Juniors who meet eligibility requirements are automatically entered into scholarship competitions conducted by the National Merit Scholarship Corporation. To learn more about the competition and eligibility requirements, visit nationalmerit.org.

What else makes the PSAT/NMSQT worthwhile?

By taking this test you will be able to sign up for a free, personalized SAT study plan through Official SAT Practice on Khan Academy. Even if you don't end up qualifying as a National Merit Scholar, or win scholarship money, there is no harm in taking the test. You will earn valuable test-taking experiences that will help you with the SAT.

What is the test like?

Find out what kinds of questions you'll see on the PSAT/NMSQT and view each section.
