

Greater Lowell Tech Skills USA students receive in-house awards

TYNGSBORO — **Greater Lowell Technical High School's** chapter of SkillsUSA held its inhouse awards ceremony recently.

More than 200 students were recognized for outstanding achievement in their technical areas, qualifying to compete at the SkillsUSA District Conference in March. SkillsUSA is the largest student organization at GLTHS, and the largest student organization in the country.

The students honored at the award ceremony will compete against students from other local technical schools in a daylong event at **Greater Lowell Tech** on March 10. Gold-medalists and silver-medalists at the District Conference will move on to the State Competition in April.

Students were selected to compete based on a variety of criteria, including shop competitions, daily performance, work ethic, aptitude and enthusiasm for their trade.
