

ADMISSION POLICY

I. ADMISSIONS INTRODUCTION

Massachusetts state regulations ([603 CMR 4.00](#)) require all state-funded career/vocational technical education (CVTE) schools and CVTE programs at public high schools to develop and implement admissions policies that comply with state and federal law, as well as relevant guidelines issued by the Massachusetts Department of Elementary and Secondary Education and the U.S. Department of Education.

An admissions process, intended to comply with Massachusetts state regulations is necessary in vocational technical schools where space is a limiting factor. Vocational technical laboratories (shops) are designed and equipped to serve a specific maximum number of students safely. Consequently, a complex of such laboratories lacks both the space and flexibility to accommodate the possible needs and/or interests of all applicants. Therefore, a selection process is necessary. All applicants to grades 9, 10, 11, and 12 at Greater Lowell Technical High School (GLTHS) will be evaluated using the criteria contained in this Admission Policy.

When Greater Lowell Technical High School receives more applications than it has available seats, GLTHS applies selection criteria to determine which students it will admit.

The criteria Greater Lowell Technical High School applies have been approved by the GLTHS School Committee on December 14, 2023, and the School Committee will approve the use of these criteria annually. The Greater Lowell Technical High School admission policy is on file at the Department of Elementary and Secondary Education.

II. EQUAL EDUCATIONAL OPPORTUNITY

Greater Lowell Technical High School does not discriminate on the basis of race, color, religious creed, national origin, limited English proficiency, sex, sexual orientation, age, gender identity, criminal record, disability, veteran status, genetic information, pregnancy or a condition related to said pregnancy, and homelessness in the administration of its educational and employment policies, programs, practices or activities, as defined and required by state and federal law. In addition, Greater Lowell Technical High School is committed to providing a work and learning environment free from sexual harassment and prohibits retaliation against any individual for making a complaint of conduct prohibited under this Notice, or for assisting in the investigation of such a complaint.

If a student's primary home language is not English, Greater Lowell Technical High School will provide them with an application form in their home language. Please contact our Admissions Office at (978) 441-4951, admissions@gltech.org if you have questions or need help filling out the application form.

Neither a student's disability nor the primary language of their home will have any effect on their admission to Greater Lowell Technical High School.

Consistent with Massachusetts [regulations](#), Greater Lowell Technical High School has created a plan with deliberate, specific strategies to promote equal educational opportunities and attract, enroll, and retain a student population that, when compared to students in similar grades in sending districts, has a comparable academic and demographic profile.

In the case of tie scores, the cumulative average of all exploratory grades will be used as the first tiebreaker with attendance being used as the second tiebreaker after adjusting for documented excused absences.

Students who wish to transfer from one technical program (shop) to another during the school year may apply for transfer by contacting their school counselor. Transfer requests will be considered subject to the availability of openings in the requested technical programs (shops). Each transfer applicant will be interviewed and counseled individually to determine the appropriateness of the transfer for the particular student.
